BACKGROUND:

Summary

The Fire Department is requesting approval of the agreement between the County of Riverside and the California Department of Forestry and Fire Protection (CAL FIRE). This agreement will allow CAL FIRE to use the Ben Clark Public Safety Training Center (BCTC) for lodging and classroom facilities.

CAL FIRE will utilize the lodging and classrooms for ongoing sessions of their Firefighter Academy that are held at the Ben Clark Public Safety Training Center (BCTC) during the 2020 Calendar year. Each class requires the housing of up to 48 students and as many as 10 additional instructors. The ongoing need for accommodations is one of the main reasons CAL FIRE has selected BCTC as the site for its academy classes in Southern California. Aside from providing lodging to the students attending the Firefighter Academy, this agreement will also provide all materials, labor, equipment, and tools to the students and instructors attending CAL FIRE courses held at Ben Clark Public Safety Training Center.

The agreement utilizes the rates established for BCTC per Board of Supervisors Policy H-30 Ben Clark Public Safety Training Center Facility Use and rates approved on May 5, 2009, agenda item #3.13.

The Agreement has been reviewed and approved as to form by County Counsel.

Impact on Residents and Businesses

This agreement will allow CAL FIRE the use of BCTC for lodging and classroom. There is no impact on residents or businesses.

Additional Fiscal Information

The Department will receive up to \$848,000 in revenue between FY 19/20 and FY 20/21 contingent on actual use of BCTC facility.

Contract History and Price Reasonableness

The contractual relationship between Riverside County and CAL FIRE dates back to 1921 and has provided the public and the County a successful fire protection system. Those first

STATE OF CALIFORNIA**

contracts were only to augment the level of wildland fire protection provided by the State. The agreement, as we know it today, began in 1946 with the appointment of a County Fire Warden. Today, the County Fire Department is a well-integrated system (County, partner cities & State) that provides municipal fire protection, advanced life support (paramedic) service, technical rescue and hazardous materials response. The previously approved BCTC facility use agreement for lodging was for CAL FIRE'S fuels reductions crews training in new fire technology programs and was approved on December 17, 2019, Item #3.21. Aside from providing lodging to the students attending the Firefighter Academy, like the previously approved agreement, this agreement will also provide all materials, labor, equipment, and tools to the students and instructors attending CAL FIRE courses held at Ben Clark Public Safety Training Center.
