BACKGROUND:

Summary

The County of Riverside Transportation Department (Transportation Department) requests the services of an On-Call Assessment Engineer to prepare new LMD annexations and annual reports for the Landscaping and Lighting Maintenance District 89-1-Consolidated (L&LMD 89-1-C). The L&LMD 89-1-C will continue to be administered on a daily basis by Transportation Department Staff. The On-Call Assessment Engineer will be specifically called upon to prepare L&LMD 89-1-C Engineer's Reports for new LMD annexations into the L&LMD 89-1-C for the development community and for the preparation of Annual Engineer's Reports to the County of Riverside Board of Supervisors.

The Transportation Department issued a Request for Proposal (RFP) and three (3) firms submitted proposals. The top two (2) firms, based upon an evaluation of the proposals, were invited to interview. The written proposals and interviews were evaluated by representatives of the Transportation Department.

Harris & Associates and their Municipal Finance group was selected as the top ranked firm to provide on-call assessment engineering services on an "as-needed" basis, estimated at a not to exceed annual amount of \$200,000 per a year for a period of three (3) years. The terms of the contract provide the County with the option to extend the contract for two (2) additional one (1) year periods following the close of the initial three (3) year period. The contract and rates for services were developed through negotiations between Harris & Associates and the Transportation Department.

Impact on Residents and Businesses

This on-call contract provides the flexibility needed to respond to the development community in a timely fashion to satisfy L&LMD conditions of approval related to entitled development projects. The on-call contract also assists existing Transportation Department Staff with the seasonal preparation of the annual L&LMD 89-1- C Engineer's Reports. Harris & Associates is familiar with the 1972 Streetlight Act, Prop 218 requirements, and municipal financing regulations to help insure all L&LMD requirements are met.
