

**SUBMITTAL TO THE BOARD OF SUPERVISORS  
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

**ITEM: 3.34  
(ID # 12180)**

**MEETING DATE:**

Tuesday, May 05, 2020

**FROM:** TLMA-TRANSPORTATION:

**SUBJECT:** TRANSPORTATION AND LAND MANAGEMENT AGENCY/TRANSPORTATION:

Reject all bids received for the construction of Rubberized Emulsion Aggregate Slurry Seal Project for Fiscal Year 2019/20; approval of the Plans and Specifications and Authorization to Advertise for bid for the Slurry Seal and Curb Ramp Accessibility Project for Fiscal Year 2020/21 at various locations, and Knabe Road High Friction Surface Treatment Project in Temescal Valley; CEQA Exempt, Districts 1, 4, and 5. [\$2,337,526 - Local Funds 100%] (Clerk to Advertise)

**RECOMMENDED MOTION:** That the Board of Supervisors:

1. Reject all bids received by the Director of Transportation on January 15, 2020 for the construction of Rubberized Emulsion Aggregate Slurry Seal Projects for Fiscal Year 2019/20 at various locations in 3<sup>rd</sup> and 5<sup>th</sup> Districts;
2. Find that the Project is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Section 15301 (c) - Existing Facilities;

**ACTION:** Policy

  
Patricia Romo, Director of Transportation 4/2/2020

---

**MINUTES OF THE BOARD OF SUPERVISORS**

On motion of Supervisor Perez, seconded by Supervisor Spiegel and duly carried by unanimous vote, IT WAS ORDERED that the above matter is approved as recommended.

Ayes: Jeffries, Spiegel, Washington, Perez and Hewitt  
Nays: None  
Absent: None  
Date: May 5, 2020  
xc: Transp.

Kecia R. Harper  
Clerk of the Board

By:   
Deputy

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

3. Approve the plans and specifications for the Slurry Seal and Curb Ramp Accessibility Project for Fiscal Year 2020/21 at various locations in 4<sup>th</sup> and 5<sup>th</sup> Districts; and Knabe Road High Friction Surface Treatment Project in Temescal Valley in 1<sup>st</sup> District;
  
4. Authorize the Clerk of the Board to advertise for bids to be received by the office of the Director of Transportation and Land Management at the Transportation Annex located at 3525 14<sup>th</sup> Street, Riverside, California 92501. All bids must be received up to the hour of 2:00 p.m., Wednesday, May 27, 2020 at which time bids will be opened; and
  
5. Direct the Clerk of the Board of Supervisors to file the Notice of Exemption with the County Clerk for posting within five (5) working days.

**C.E.O. RECOMMENDATION:** Approve

**BACKGROUND:**

**Summary**

**Reject all Bids Received for the Rubberized Emulsion Aggregate Slurry (REAS) project:**

By Minute Order dated December 17, 2019 (agenda item 3.50) the Board of Supervisors authorized the Clerk of the Board to advertise, for public bids, the Rubberized Emulsion Aggregate Slurry (REAS) project for Fiscal Year 2019/2020 in 3rd and 5th Districts. Bids for the REAS project were received in the office of the Director of Transportation at 2:00 PM, Wednesday, January 15, 2020. Two bids were received, ranging from \$513,331 to \$596,967. Bids received were higher than expected. The Engineer's estimate prepared by the Transportation Department for this project was \$283,207. The lowest bid received was from All American Asphalt in the amount of \$513,331 and was \$230,124 (81.3%) above the Engineer's estimate. Transportation Department expressly reserved the right, within the approved bid documents, to reject all bids if it is in the best interests of the County. Therefore, Transportation Department recommends the Board to reject all received bids for the REAS Project.

- The group of streets originally included in the REAS project will receive a different type of seal treatment. The streets in the Cherry Valley community are now part of this slurry seal project, and the remaining streets in the Valle Vista community will be included in a future project.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

Slurry Seal and Curb Ramp Accessibility Project for Fiscal Year 2020/2021, 4th and 5th Districts:

The slurry seal treatment is provided as preventative maintenance to extend the life of the pavement and postpone more costly pavement rehabilitation. The slurry seal treatment seals small cracks, restores lost flexibility to the pavement surface, and helps preserve the underlying pavement structure. This project includes various roads located within the communities of Nuevo / Romoland area, Cherry Valley, Thousand Palms, and the unincorporated areas of Rancho Mirage and Palm Desert. The specific roads are listed in "Attachment 1".

The slurry seal work proposes slurry seal and micro-surfacing treatments based on the existing pavement conditions. The slurry seal treatment consists of an application of a mixture of asphalt emulsion, aggregates, water and other additives placed over the existing asphalt pavement surface. This work includes road cleaning, crack repairs, application of seal coat treatment, installation of new thermoplastic crosswalks, replacement of striping, pavement markings and raised pavement markers. All roads will be swept several times, at specified intervals, after the slurry has been applied.

The micro-surfacing treatment is similar to the slurry seal except it uses polymer modified and fast setting asphalt emulsion allowing thicker layers to be placed. The thick layer application allows to fill in ruts commonly found on roadways with light to moderate truck traffic.

This project also proposes to reconstruct or upgrade thirty (30) existing concrete curb ramps at various locations within 4th and 5th Districts as part of the Transportation Department goal to provide safe and usable pedestrian facilities for all pedestrians and to comply with the Title II of the Americans with Disabilities Act (ADA) requirements. As part of the ADA requirement, curb ramps must be upgraded when adjoining roads are altered through resurfacing or placement of a thick layer of seal coat. The specific curb ramps locations are listed in "Attachment 2."

The proposed curb ramp accessibility work will consist of modifying or removing existing concrete curb ramps and placing back ADA compliant concrete curb ramps. Certain curb ramps will be upgraded by installing yellow detectable warning devices (series of small bumps or truncated domes) and making repairs to street landing slopes to meet ADA compliance. Detectable warning devices are used to alert pedestrians who are blind or visually impaired that there is vehicle traffic nearby.

Knabe Road – High Friction Surface Treatment Project:

This project consists of applying High Friction Surface Treatment (HFST) on approximately 400-feet of Knabe Road in the Temescal Valley area of Riverside County. HFST involves the application of very high-quality aggregate (calcined bauxite aggregate) to the pavement using a resin binder to restore and/or maintain pavement friction. The higher pavement friction helps motorists maintain better control in both dry and wet driving conditions. The work also involves removing and replacing traffic stripes, thermoplastic pavement markings, pavement markers and other work as may be required.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

The bid documents include the following bid schedules of work:

Base Bid Schedule 1:	Slurry Seal and associated work
Alternative Bid Schedule 1:	Curb Ramp and associated work
Base Bid Schedule 2:	Knabe Road HSFT and associated work

The Transportation Department will select the contractor based upon the lowest responsive and responsible bid of the sum of all bid schedules.

The submitted plans and specifications have been approved as to form by County Counsel.

Project Numbers:   D1-0009 and D1-0010 (Slurry Seal)  
                          D1-0014 and D1-0015 (Curb Ramp)  
                          D1-0016 (Knabe Road HSFT)

**Environmental Findings**

The proposed project is exempt from CEQA under Section 15301 (c) because the slurry seal treatment and the reconstruction or modification of curb ramps, and the high friction surface treatment to a segment of Knabe Road does not create additional traffic lanes and involves negligible or no expansion of existing or former use of the existing roadways and associated facilities.

**Impact on Citizens and Businesses**

The Slurry Seal treatment will extend the life of the pavement thereby reducing the need for more extensive types of resurfacing that can be up to ten times more costly.

The reconstruction of curb ramps is expected to improve the access and safety of disabled persons using the pedestrian facilities along the roadways. In addition, bringing the curb ramps up to current accessibility standards contributes toward fulfilling the County Transportation Department's goals as stated in its ADA Self-Evaluation and Transition Plan as required by Title II of the Americans with Disabilities Act (ADA).

**SUPPLEMENTAL:**

**Additional Fiscal Information**

The construction contract is estimated to cost approximately \$2,337,526 and construction is anticipated to be completed in FY 2020/2021. The Slurry Seal, Curb Ramp work, and the Knabe Road surface treatment work will be funded with Measure A/ Western and Measure A/ Coachella Valley funds.

There are no General Funds used in this project.

Director of Transportation

### Transportation Department NOTICE OF EXEMPTION

Mojahed Salama, P.E.  
Deputy for Transportation/Capital Project  
Richard Lantis, P.L.S.  
Deputy for Transportation/Planning and  
Development

March 19, 2020

**PROJECT TITLE:** FY 2020/21 Slurry Seal Project – Districts 4 & 5 and Knabe Road  
Work Order # D10009, D10010, D10014, D10015, & D10016 Task Code #Z1530

**PROJECT SPONSOR:** Riverside County Transportation Department

**PROJECT LOCATION:** Various Locations

**SUPERVISORIAL DISTRICT:** 1<sup>st</sup>, 4<sup>th</sup> & 5<sup>th</sup>

**PROJECT DESCRIPTION:** The Riverside County Transportation Department (RCTD) proposes to provide slurry seal treatment to existing pavement surfaces on various roads and upgrading ADA ramps located in the communities of Romoland, Thousand Palms, Indio Hills and areas near Rancho Mirage of Riverside County.

Slurry seal treatments consist of an application of a mixture of asphalt emulsion, aggregate (very small crushed rock), water, and other additives over the existing asphalt pavement surface. The treatments are provided as preventative maintenance to extend the life of the pavement.

The RCTD also proposes to provide high friction surface treatment to existing pavement surfaces on Knabe Road from approximately 475 feet north of Claystone Avenue to 875 feet north of Claystone Avenue. High friction surface treatments consist of an application of resin binder and calcined bauxite aggregate on the existing asphalt concrete surface.

The work also involves replacing non-compliant curb ramps, removing and replacing thermoplastic crosswalk and pavement markings/paint traffic stripes, utility relocation, and other work as may be required.

#### **ENVIRONMENTAL ANALYSIS:**

The proposed project will be constructed within existing county right of way. Temporary construction easements may be required for the proposed improvements.

This project is subject to compliance with the Western Riverside County and Coachella Valley Multi-Species Habitat Conservation Plan (MSHCP). In accordance with Section 7 of the Western Riverside County and Coachella Valley MSHCP, necessary operation and maintenance along existing roadways are considered a covered activity within and outside of cell criteria areas. The project consists of maintenance and repair of existing public roads. The project is considered to be a safety improvement project under operation and maintenance and therefore is a covered activity.

**The Riverside County Transportation Department has found that the above-described project is exempt from the provisions of the California Environmental Quality Act (CEQA), based on the following:**

**Section 15301 (c) – Existing Facilities** – The project proposes to slurry seal various road locations within Districts 4 & 5 and provide high friction surface treatment to a section of Knabe Road. The proposed project is exempt from CEQA under Section 15301 (c) because the slurry seal of various roads and surface treatment of Knabe Road does not create additional automobile lanes and involves negligible or no expansion of existing or former use of the existing roadways and associated facilities.

**COUNTY OF RIVERSIDE  
TRANSPORTATION DEPARTMENT  
SLURRY SEAL PROJECT**

**SUPERVISOR DISTRICT 4 - D1-0009  
SUPERVISOR DISTRICT 5 - D1-0010**

**FISCAL YEAR 2020/2021**

**VICINITY MAP**

## Notice to Bidders

County of Riverside, herein called Owner, invites sealed proposals for:

### Slurry Seal and Curb Ramp Accessibility Project

For Fiscal Year 2020 - 2021

District 4, Project No. D1-0009, D1-0014

District 5, Project No. D1-0010, D1-0015

and

### Knabe Road

High Friction Surface Treatment Project

Wildrose Community in the Temescal Valley

Project No. D1-0016

Bid shall be delivered to the County of Riverside Transportation Department, 14<sup>th</sup> Street Annex, 3525 14<sup>th</sup> Street, Riverside, California 92501, telephone (951) 955-6780 not later than 2:00 p.m., on Wednesday, **May 27, 2020** to be promptly opened in public at said address. Each bid shall be in accordance with plans, specifications and other contract documents, dated **March 2020**, and prepared by County of Riverside, whose address is same as the above, from whom they may be obtained upon deposit of **\$25.00** per set with 11" x 17" plans, plus mailing costs. No refund. Prospective bidders may preview the plans, specifications and other contract documents at no charge prior to purchase at the above noted location.

Pursuant to Labor Code section 1771.1, any Contractor bidding, or subcontractor to be listed on a bid proposal subject to Public Contract Code section 4104, shall not be qualified to bid after March 1, 2015, unless currently registered and qualified to perform public works pursuant to Labor Code section 1725.5. No Contractor or subcontractor may be awarded a contract or perform work on any contract for public work, after April 1, 2015, without proof of current registration with the Department of Industrial Relations pursuant to Labor Code section 1725.5 to perform public works.

The County of Riverside, in accordance with Title VI of the Civil Rights Act of 1964 (78 Stat. 252) and the Regulations of the Department of Commerce (15 C.F.R., Part 8) and related statutes, issued pursuant to such Act, hereby notifies all bidders that minority businesses will be afforded full opportunity to submit bids, and it will affirmatively insure that the contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the grounds of race, color, sex, national origin, religion, age, or disability.

The Contractor is required to have a Class "A" license at the time of bid submission.

Engineering Estimate:	\$ 1,900,000 - \$ 2,220,000	(Base Bid Schedule 1)
	\$ 114,500 - \$ 133,000	(Alt. Bid Schedule 1)
	\$ 85,500 - \$ 100,000	(Base Bid Schedule 2)

Bid Bond	10 %
Performance Bond	100 %
Payment Bond	100 %
Working Days	50
