BACKGROUND:

Summary

To receive Community Planning and Development (CPD) funds, the County of Riverside, as an Urban County grantee, must develop a One-Year Action Plan (OYAP) for housing and community development activities and submit applications for Federal Assistance (SF-424) and related Federal certifications for CDBG, HOME, and ESG programs to the U.S. Department of Housing and Urban Development (HUD). The Department of Housing, Homelessness Prevention and Workforce Solutions, as lead agency, prepares the OYAP pursuant to the Citizen Participation Plan, subject to approval by County Counsel.

The OYAP details the activities to be undertaken by the County using funds received during the 2020-2021 program year from the Community Development Block Grant (CDBG) Program, HOME Investment Partnerships (HOME) Program and Emergency Solutions Grant (ESG) Program, plus anticipated program income.

HUD has announced the final FY 2020 CPD funding allocations for CDBG, ESG, and HOME. The County will receive: \$8,059,621 CDBG (including Lake Elsinore Metro City); \$641,710 ESG; and \$2,531,648 for HOME. These are regular entitlement CDBG, ESG, and HOME funds. These FY 2020 CDP funds are not part of the CARES Act "stimulus" funding.

As a planning document, the program goals and objectives identified in the OYAP focus on local housing and community development needs with an emphasis on lower-income residents and provides strategies for addressing the identified needs. A copy of the proposed 2020-2021 One-Year Action Plan is attached.

HOME funds are used to fund the County's First Time Home Buyer (FTHB) Program, as further described in the OYAP. The County regularly conducts training for mortgage lenders applying for certification to participate in the County's FTHB Program. Lenders that participate in the County's program are also required to enter into a Participation Agreement with the County. Staff desires to streamline the process for assisting households in obtaining loans through the

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

FTHB Program, and for assisting lenders who desire to participate in the program, without increasing administrative costs.

To facilitate implementation and administration of the FTHB Program, increase program efficiency, and save administrative costs, staff recommends that the Board delegate to the Director of Housing, Homelessness Prevention and Workforce Solutions, or designee, the authority to: (i)

approve, issue, and modify loans to qualified households in an amount not exceeding \$75,000, in accordance with the FTHB Program guidelines, and (ii) draft, negotiate, approve and execute essential and relevant documents, including but not limited to Lender Participation Agreements and FTHB Program loan documents for qualified borrowers such as loan applications, loan agreements, promissory notes, deeds of trust, security agreements, and other agreements, subject to the satisfaction of certain conditions precedent for the benefit of the County, and further subject to approval by County Counsel. The aforementioned will result in increased access to much needed affordable housing within the County.

On February 11, 2020, a public hearing was held before the County Board of Supervisors (BOS) to hear public comments regarding the proposed uses for the 2020-2021 HUD- funded CPD Programs and which would best address the identified community development needs in the 2019-2024 Five-Year Consolidated Plan. Representatives from nineteen organizations made presentations seeking CDBG and/or ESG funds. Three other organizations submitted their presentations in writing and one organization submitted a project summary after the hearing.

The 2020-2021 final draft One-Year Action Plan was made available for public review and comment beginning April 17, 2020. Interested persons were able to submit written, oral, or electronically sent comments until 12:00 pm on May 18, 2020. Comments, if any, will be included in the final 2020-2021 One-Year Action Plan. A copy of the Public Notice is attached.

Pursuant to the California Environmental Quality Act (CEQA), the approval and adoption of the 2020-2021 One-Year Action Plan and submittal of the applications to HUD for funding under the three entitlement programs and related activities were reviewed and determined to be categorically exempt for CEQA under State CEQA Guidelines Section 15061(b)(3), General Rule or "Common Sense" exemption. It can be seen with certainty that there is no possibility that the proposed project may have a significant effect on the environment as it will only have administrative effects and will not lead to any direct or indirect physical environmental impacts. The individual activities and projects identified in the 2020-2021 One-Year Action Plan will be subject to a separate CEQA environmental review prior to taking any choice limiting action or discretionary action on those specific projects. A Notice of Exemption will be filed by County staff with the County Clerk within five days of the approval and adoption of the 2020-2021 One-Year Action Plan.

Furthermore, the approval and adoption of the 2020-2021 One-Year Action Plan and submittal of the applications to HUD for funding under the three entitlement programs and related

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

activities were reviewed and determined to be exempt from the provisions of the National Environmental Policy Act (NEPA) pursuant to Title 24 Code of Federal Regulations Sections (a)(1) and (a)(3) since the proposed project is an administrative and planning/strategy activity. The individual activities and projects identified in the 2020-2021 One-Year Action Plan will be subject to separate NEPA environmental review prior to taking any choice limiting action or discretionary action on those specific projects.

The attached 2020-2021 One-Year Action Plan, Application for Federal Assistance (SF-424), and Federal Certifications have been approved as to form by County Counsel.

Staff recommends the following: (i) approval and adoption of the 2020-2021 One-Year Action Plan and authorization to formally submit the plan to HUD, (ii) delegation of authority to the Director of Housing, Homelessness Prevention and Workforce Solutions, or designee, to take all necessary steps to implement the First Time Home Buyer Program, and (iii) authorization to formally submit the Applications for Federal Assistance (Standard Form 424) together with the required certifications and project descriptions to HUD. If approved and adopted, the 2020-2021 One-Year Action Plan will be available for viewing online at www.rivcoeda.org and www.harivco.org and at various locations throughout the County.

Impact on Residents and Businesses

CPD funds, together with other resources, will be used to provide County residents with a more suitable living environment through safer, livable neighborhoods; increased housing opportunities; homelessness prevention and shelter; reinvestment in deteriorating neighborhoods; and expanded economic opportunities through more jobs paying self-sufficiency wages.

Additional Fiscal Information

The CDBG, ESG, and HOME programs are 100% federally funded through HUD's CPD Programs. Portions of these grants include funding for administrative costs. No County General Funds will be used to administer these federal grants.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2020, 2021, and 2022 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

In order to receive an allocation of HUD - Community Planning and Development (CPD) funds, an Urban County Grantee must develop a One Year Action Plan (OYAP) for housing and community development activities. The County of Riverside Housing, Homelessness Prevention and Workforce Solutions (HHPWS), as lead agency for the County of Riverside, prepares the OYAP pursuant to the goals outlined in the 2019 - 2024 Five-Year Consolidated Plan (CP). The OYAP details the activities to be undertaken by the County using funds received during the 2020-2021 program year from the Community Development Block Grant (CDBG) program, HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) program funds and anticipated program income.

The County of Riverside is the fourth most populated county in the State, consisting of urbanized neighborhoods, suburban cities, and remote rural communities. The County encompasses approximately 7,300 square miles, and it is bounded by San Bernardino on the north, Orange County on the west, San Diego and Imperial Counties on the south, and the Colorado River and the State of Arizona on the east. Riverside County includes twenty-eight (28) incorporated cities as well as numerous unincorporated neighborhoods and communities. According to the Department of Finance (2018) population estimates, the County has a population of over two million residents, of which, more than one million live in the Urban County area.

As a planning document, the program goals and objectives identified in the Five-Year CP and OYAP focus on local housing and community development needs with an emphasis on lower-income residents. The OYAP also provides strategies for addressing the identified needs.

The 2020-2021 OYAP of the 2019-2024 Five-Year CP is guided by the three major commitments and priorities:

- To provide a suitable living environment through safer, more livable neighborhoods; greater incorporation of lower-income residents throughout Riverside County communities; increased housing opportunities; and reinvestment in deteriorating neighborhoods.
- To provide decent housing by preserving the affordable housing stock; increasing the availability of affordable housing; reducing discriminatory barriers; increasing the supply of supportive housing for those with special needs; and transitioning homeless persons and families into housing.
- To expand economic opportunities through employment opportunities that pay self-sufficiency wages; homeownership opportunities; development activities that promote long-term community sustainability; and the empowerment of lower-income persons to achieve self-sufficiency.

As part of the OYAP development process, and pursuant to applicable Federal regulations, the County consulted and coordinated with various departments, housing and community service providers, cities and special districts, and other entities with a potential interest in, or knowledge of, the County's housing and non-housing community development needs, issues, and challenges. The following sections discuss the methods by which the County coordinated and consulted with these interested stakeholders, and how the County utilized its citizen participation process that encourages, supports, and facilitates the participation of persons of extremely low and very low-income households (30% AMI and 50% AMI).

PARTICIPATING COMMUNITIES. The 2020-2021 One Year Action Plan of the 2019-2024 Consolidated Plan will include the unincorporated areas of the County, the City of Lake Elsinore (Metro City), and the following Cooperating Cities: Banning, Beaumont, Blythe, Coachella, Canyon Lake, Desert Hot Springs, Eastvale, Indian Wells, La Quinta, Murrieta, Norco, San Jacinto, and Wildomar. As a metro city, Lake Elsinore is not part of the County's Urban County HOME program.

The 2020-21 OYAP encompasses the second year of the 2019-2024 CP. The OYAP identify anticipated levels of funding, describe the geographic areas in which assistance will be directed, and provide the rationale used.

PARTICIPATING COMMUNITIES. The 2020-2021 One Year Action Plan of the 2019-2024 Consolidated Plan will include the unincorporated areas of the County, the City of Lake Elsinore (Metro City), and the following Cooperating Cities: Banning, Beaumont, Blythe, Coachella, Canyon Lake, Desert Hot Springs, Eastvale, Indian Wells, La Quinta, Murrieta, Norco, San Jacinto, and Wildomar. As a metro city, Lake Elsinore is not part of the County's Urban County HOME program.

2. *Summarize the objectives and outcomes identified in the Plan*

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The range of issues that currently confront the County are as diverse as its residents and communities, which is accompanied by very differing needs that help to identify personal, educational, employment, recreational, housing, & other goals. The County continues to balance resources to meet the goals by addressing critical issues in the communities such as: homelessness; failing infrastructure and community facilities; lack of services including child care & health care; affordable housing; chronic unemployment & under-employment; disaster preparedness, & broadband access.

Adhering to Federal Guidelines, the County developed a performance measurement system that identifies performance objectives & outcomes for the planned activities. In order to aggregate accomplishments at a national level, HUD recommends that grantees utilize standardized objectives and outcomes for reporting achievements.

The primary objective of the CDBG program is to develop viable urban communities to determine which of the following three objectives best describe the purpose of an

activity: Provide decent housing (DH); Provide a suitable living environment (SL); and/or Expand economic opportunities, principally for lower income persons (EO).

Activities must also meet specific performance outcomes that are related to at least one of the following: Availability/Accessibility (1);Affordability (2); or Sustainability - Promoting Livable or Viable Communities (3).

The CPD funding sources that will be used to implement the objectives and outcomes of the 2019-2024 CP are as follows:

1. Community Development Block Grant (CDBG): The primary objective of this program is to develop viable urban communities by providing decent and affordable housing, a suitable living environment, and economic opportunities, principally for persons of LMI. The CP proposes that public facility and infrastructure funds be focused on projects in LMI neighborhoods. There is also a need for services across most categories of special need. Including seniors, at-risk youth, working parents, persons with disabilities, individuals with chronic illness, and persons with other conditions affecting their ability to function independently & productively. Activities may include construction or rehabilitation of public facilities and infrastructure, removal of architectural barriers, housing rehabilitation, code enforcement, economic development, and public services.

2. HOME Investment Partnerships Program (HOME): HOME funds are allocated for the development and rehabilitation of affordable rental and ownership housing for low-income households. Funding is used for activities that promote a suitable living environment, decent and affordable rental housing and homeownership by low-income (80% AMI) households including tenant-based rental assistance, homebuyer assistance, acquisition, rehabilitation, & new housing construction. The program allows for flexibility with respect to the types of projects to be assisted (new construction or rehabilitation), the form and amount of financing, the types of housing, and the households assisted.

3. Emergency Solutions Grant (ESG): The ESG program places greater emphasis on helping people quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. This is accomplished by providing homeless persons with

basic shelter and essential supportive services to promote decent and affordable housing, a suitable living environment, and economic opportunities. ESG funds will be used for a variety of activities, including rapid re-housing, emergency shelter, operations and maintenance of facilities, essential supportive services, and street outreach.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

On an annual basis, HUD reviews the performance of entitlement recipients to determine whether they are carrying out CDBG assisted activities in a timely manner. If, at sixty days prior to the end of the grantee's current program year, the amount of entitlement grant funds available to the recipient, under grant agreements but undistributed by the U.S. Treasury, is more than 1.5 times the entitlement grant amount for its current program year, the grantee is considered to be non-compliant with HUD's timeliness requirements. In an effort to make sure the County's CDBG program is compliant, all subrecipients and cooperating cities, as well as the County, are encouraged to expend their funds in a timely manner. In the event that they have not complied or adhered to their agreement terms, the County reserves the right to rescind their funding allocation.

A Consolidated Annual Performance and Evaluation Report (CAPER) is prepared annually to capture progress toward meeting identified needs and achieving strategies. The County has been successful in implementing its public improvement and community service projects and programs as well as meeting the established objectives and foresees continued progress through the new 2019-2024 Consolidated Plan. Key data related to each of the Consolidated Plan goals are summarized in the Housing, Homeless, Non-Homeless, and Community Needs Tables. These tables are generated to project and measure outputs and outcomes for CDBG, HOME, and ESG. HUD implemented this ongoing performance process to assess efficiency, cost-effectiveness, and the impact of projects and programs in County neighborhoods. As a result of monitoring, performance measures, operational improvements, and resource allocation issues policy questions can be identified and addressed. The County strongly supports and encourages community-wide participation,

input, cooperation, and feedback from all residents of the County in the administration of its CPD-funded programs. The County has continued its commitment to meeting priority goals outlined in the 2019-2024 Five Year CP and 2020-2021 OYAP.

Based on the needs established through the CP, the County intends to fund activities associated with essential services, housing, community development, economic development, and capital improvement projects. Most of the funding will be used to fund projects targeting extremely low and low-income households (30% AMI and 50% AMI) individuals and their families throughout the County, including those in special needs categories such as abused children, battered spouses, elderly persons, severely disabled adults, homeless persons, illiterate adults, and persons living with HIV/AIDS.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The County of Riverside, as the entity responsible for the administration of the County's CDBG, HOME, and ESG programs, is also the lead agency responsible for the development of the Five-Year Consolidated Plan and Annual Action Plans that outline the proposed activities and expenditures under these programs.

The County of Riverside sought and encouraged community-wide participation in the development of the 2020-2021 OYAP through a community and resident outreach and participation process. To foster consultation and community outreach, the County of Riverside utilized its Citizen Participation Plan which establishes policies and protocols for comprehensive community outreach and citizen involvement for the use of CPD funds. The CPP encourages and assists efforts to actively involve and include communities with a broad representation of LMI residents, members of minority groups, agencies involved in the provision of services to these populations, and others who are directly impacted by the programs and projects to be undertaken in the 2020-2021 OYAP.

It was determined that the most appropriate and effective methods to obtain input from a wide range of agencies, groups, organizations, residents, and other interested persons in the process of developing the 2020-2021 OYAP of the Five-Year CP would include:

1. Citizen participation meetings, public notices, public hearings, consultation feedback/ memorandum of participation, and internet outreach
2. Comprehensive Community Needs Assessment Survey (Incorporated into the Consolidated Plan development process)
3. Urban County Participating Cities

A *Notification of Funding Availability* was published in **August 2019**, for the 2020-2021 CDBG, ESG, and HOME programs. From September 2019 through December 2019, the County initiated its Citizen Participation (CP) process by notifying cooperating cities, community members, and public/private sector agencies of the 2020-2021 CPD Program Year.

The principal stakeholders in the Citizen Participation process are:

1. Residents;
2. Community Councils and Municipal Advisory Councils (act as the forum for communication between the County and the citizens);
3. The County Board of Supervisors (who must approve the Federal Grant application and all substantial reprogramming decisions);
4. County of Riverside staff; and
5. Activity Sponsors (non-profit and public agency service providers).

During the preparation of the 2019-2024 Five-Year CP, the County developed and distributed a Housing and Community Development Needs Assessment Survey to the stakeholders listed above to solicit community opinions and concerns. The survey was distributed throughout the County and was made available in English and Spanish. The survey and was also available on-line. The survey incorporated eight general needs categories: Housing, Infrastructure Improvements, Community Centers, Safety/Recreation/Other, Other Neighborhood Facilities, Public Service Needs, Accessibility Needs, and Economic

Development Needs. Within each category, various subcategories were defined such as Senior Citizen Centers under the Community Facilities category and Health Services under the Community Services category. Respondents were asked to rate each using high, medium, low, or no-need. The survey provided residents the opportunity to identify community needs that could be addressed through CPD programs, assign priority among these needs, as well as participate in the development of affordable housing, and/or provision of services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons.

Based on citizen participation results, the prioritization and investment decisions in the Five-Year CP serve to identify immediate and long-range needs and objectives which are more specifically addressed in the current OYAP.

In the development of the 2020-2021 OYAP, County staff conducted CP Meetings throughout the County's CPD program area. Prior to the CP Meetings, county-wide notices, in English and Spanish, were published in newspapers of general circulation and made available on the Housing and Homelessness Department's website announcing the purpose, date, time, and location of the meetings. In addition, non-profit social service providers, special districts, and other County departments and agencies were contacted to publicize the community meetings. Citizens were invited to attend the meetings to discuss the anticipated CPD allocations; learn about the programs and services available to them; express their views on their community's housing and community development needs; prioritize community needs; and comment on prior program performance. These meetings are an essential part of the planning process for the use of CPD funds. The meetings held are summarized in the Appendix.

The communities selected were representative of the unincorporated communities in the County with concentrations of low/moderate income households, minority households, excessive poverty rates, and other community development needs.

The County also sought assistance from the thirteen (13) cities participating in the Urban County Program as well as the City of Lake Elsinore – a Joint Metro City. Each city was strongly encouraged to facilitate and support the participation of all residents in the

assessment of community development needs by conducting public meetings and public hearings within their cities.

The County strongly supports and encourages community-wide participation, input, cooperation, and feedback from all residents of the County in the administration of its CPD-funded programs. The Citizen Participation process is necessary to ensure adequate citizen involvement in the determination of Riverside County's community needs and investment in housing, homelessness, community development, and economic development for the five-year Consolidated Plan period. The prioritization and investment decisions are a result of collective efforts and serve to identify immediate and long-range needs and objectives. The County has continued its commitment to meeting priority goals outlined in the 2019-2024 Five-Year CP and more currently in the 2020-2021 OYAP.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

On February 11, 2020, a Public Hearing was held before the County Board of Supervisors (BOS) to receive public comments regarding the community, social, and economic needs in the County's Urban County area as well as the proposed uses of the 2020-2021 HUD-CPD funding. The purpose was to assist the Board of Supervisors in determining which of the proposed uses of the CPD funds would best address the identified community development needs in the 2019-2024 Five-Year CP. Representatives from twelve (12) organizations made presentations seeking CDBG and/or ESG funds. Two (2) representatives submitted informational brochures and one (1) organization that could not attend submitted their proposed project summary in writing prior to February 11, 2020, Public Hearing, all of which were entered into the record. One (1) additional organization submitted a project summary that was received on February 11, 2020. The 2020-2021 final draft One Year Action Plan is available for public review and comment beginning April 17, 2020. Interested persons are invited to submit written, oral, or electronically sent comments until 12:00 PM on May 18, 2020. The Board of Supervisors will consider approval the County's 2020-2021 One Year Action Plan at the May 19, 2020 meeting.

6. *Summary of comments or views not accepted and the reasons for not accepting them*

Pursuant to 24 CFR Part 91.220 (b), it is the policy of the County to accept and record all public comments pertaining to the 2020-2021 OYAP that are received during the posted public comment period or submitted during the public hearings. As noted in Summary of Public Comments above, all comments received for the OYAP February 11, 2020 Public Hearing and May 19, 2020 board approval are incorporated into the record during the public comment period. All comments are accepted.

7. *Summary*

The County is committed to the effective and equitable allocation of funds that serve the needs of the lowest- income and most disadvantaged residents. Households with incomes less than 50 percent of the area median income, particularly those with extremely low-income (less than 30 percent of area median income), are particular priorities. These priorities can be addressed through a combination of 1) decent and affordable housing; 2) investment in community development activities in lower-income and deteriorating neighborhoods; 3) investment in programs and facilities that serve lower-income populations; and 4) supportive services to maintain independence.

By focusing on these overall priorities, the County seeks to address community needs and concerns such as:

- The need for additional decent, safe, and affordable housing, and mitigate rent burdens, homelessness, and deteriorating housing stock;
- Programs that improve community facilities and services in low-income areas;
- A network of shelters, housing, and services that prevent homelessness, including rapid re- housing, homelessness prevention, permanent housing, all which coordinate with the 10-Year Plan to end chronic homelessness;
- Programs that promote economic development, create jobs, and increase the job skills level of potential employees; and

- Supportive services that increase the ability of seniors, persons with disabilities, and others with special needs to live independently.

Narrative (optional)

The lead unit responsible for the development of this Five-Year Consolidated Plan and OYAP is County of Riverside's Community Solutions (COUNTY OF RIVERSIDE) Grants Unit. Staff members from various agencies such as Housing, Economic Development, Public Social Services, Mental Health, Housing Authority, Workforce Development Center, and the Fiscal Department, participated in the research and development of the Plan. In Addition, the County consults with the Riverside County Continuum of Care (CoC) on an on-going basis. Most of the agencies represented in the Con Plan are responsible for administering HUD funds, operating HUD-funded programs, and/or overseeing a range of activities.

In developing the OYAP the needs assessment, which was conducted for the 2019-2024 Five-Year CP is used to identify levels of relative need regarding affordable housing, homelessness, special needs, and community development. This information was gathered through consultation with local agencies, public outreach, community meetings, and housing market analysis.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The OYAP serves as a component of the County's application to HUD for entitlement funds under three entitlement programs as well as a housing and community development policy and planning document. The three HUD entitlement programs are: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG), formerly the Emergency Shelter Grant.

As part of the OYAP development process, the County consulted and coordinated with various departments, housing and community service providers, other jurisdictions, various entities with a potential interest in, or knowledge of, the County's housing and non-housing community development issues. The following sections discuss the methods by which the County consulted, in addition to how staff that developed and followed this citizen participation process emphasized the participation of persons of low- and moderate-income.

To foster consultation and community outreach, the County utilized the Citizen Participation Plan which establishes policies and protocols for comprehensive community outreach and citizen involvement for the use of CPD funds. It was determined that the most appropriate and effective methods to obtain input from residents, service providers, and other interested persons concerning community development needs, issues, and opportunities are through:

1. Citizen Participation Meetings, including participation at public hearings
2. Memorandum of request for Participation (email/US postal mail)
3. Comprehensive Community Needs Assessment Survey (Incorporated into the Consolidated Plan development process)
4. Urban County Participating Cities

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The County compiled an outreach list consisting of various public agencies/entities and service providers that the County consulted with including the following:

- Nonprofit service providers that cater to the needs of low- and moderate-income households and persons with special needs, including persons with disabilities;
- Affordable housing providers;
- A Homeless Service Providers;
- Other units of local government;
- Public agencies (such as school districts, health services, public works); and
- Economic development and employment organizations; and Community groups.

These groups and other specific agencies were invited to participate in the Urban County's consultation process. A Needs Assessment questionnaire was used to help confirm priorities set in the Five-Year 2019-2024 CP. In the development of the 2020-2021 OYAP, citizen participation included public hearings, a memorandum of request for participation, and public meetings held throughout the County in diverse communities, where participants were asked to discuss and prioritize the needs in their neighborhoods.

The County continues to work in consultation and coordination with a wide range of public and private agencies, local jurisdictions, housing developers and providers, social service agencies, and community residents in the development and implementation of strategies identified in this Plan. In particular, staff regularly attends regional planning meetings and works on a continual basis with the County of Riverside Department of Mental Health and Department of Public Social Services, the Housing Authority of the County of Riverside, the Riverside Homeless Care Network, housing partners networks, and many others to coordinate joint efforts relating to homeless issues, affordable housing needs and conditions, special need populations, and community development activities.

The Housing Authority and Homeless Services Division will do the following activities in FY 2020/21:

- Participate in the Riverside County Continuum of Care and its subcommittees and Riverside Homeless Plan subcommittees to identify solutions to ending homelessness in the County by improving and increasing availability of services for homeless individuals or individuals that are at-risk of becoming homeless.
- Continue to work with housing developers/sponsors to create affordable housing that meets the needs of the community.
- Continue to attend the Riverside County Housing and Homeless Coalition meetings to evaluate our community needs and set priorities to ending homelessness. Monitor pending legislation at the federal and state level and work with local housing service providers and developers to ensure the needs of Riverside County are met.
- Continue to leverage local resources with state and federal resources that create affordable housing for specific sub-populations.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The 10-year strategy developed by the CoC, a network of private and public sector homeless service providers, and the County's one-year action plan (OYAP) both recommend courses of action to end homelessness. The County of Riverside Housing, Homelessness Prevention and Workforce Solutions (HHPWS) serves as the Collaborative Applicant and grantee for the county's HUD Continuum of Care (CoC) program. The County of Riverside Continuum of Care Program is implemented as a mandate of the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH, designed to promote community-wide planning & the strategic use of resources to address homelessness; improve coordination & integration with mainstream resources, and other programs targeted to people experiencing homelessness; improve data collection and

performance measurement; and allow each community to design programs to the particular strengths and challenges within the community. Cross-program coordination is required to plan for and provide, as necessary, a system of strategies to address the various needs of homeless persons and persons at-risk of homelessness. The objective of reducing homelessness is promoted throughout the County by encouraging support from a wide-range of community stakeholders including businesses, community service groups, formerly homeless individuals, local government, law-enforcement, education sector, neighborhood groups, non-profit organizations, and private foundations. The CoC is made up of a Board of Governance, a CoC membership committee, and about six standing committees that meet on a regular basis to share information about services among participating agencies and setting funding priorities and policies. The CoC has established a countywide Coordinated Entry System (CES) to provide an effective entry process that standardizes the way individuals and families experiencing homelessness access services needed for housing stability. The goal of the CES is to coordinate program participant intake, assessment, and provision of housing referrals to ensure that individuals and families with the longest lengths of homelessness and most severe service needs are prioritized for housing and homeless assistance that include the following: Chronic homeless individuals and families; families with children; veterans and unaccompanied youth. Through the annual CoC ranking and review process for the HUD CoC Program Consolidated Application, projects were reallocated to better serve the overall need of additional housing in Riverside County by increasing the number of permanent housing beds. As per the 2019 Riverside County Continuum of Care Housing Inventory Chart, the CoC has decreased permanent supportive housing beds from 1,766 to 1,703 (3.57% decrease); and increased rapid rehousing beds from 181 to 235 (29.83% increase). The CoC will continue to monitor the action steps noted above throughout the annual CoC ranking and review process where project performance measures outcomes will be evaluated. The County of Riverside Housing, Homelessness Prevention and Workforce Solutions (HHPWS) can effectively leverage additional federal and state funds and in-kind support, including mainstream public assistance programs. These resources are also leveraged through each of the twenty (20) projects under the HUD CoC Program. The HUD CoC Consolidated Application for CoC Programs 2019-20 was awarded a total amount of \$10,106,803.00. The resources leveraged are committed through the CoC sub recipient collaborations and

partnerships and include mainstream resources that homeless clients are linked to, such as supportive services, case management, employment, life skills training, education, etc. These partnerships have been established through the annual CoC Consolidated Application and CoC network program activities.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The ESG program requires coordination among participating agencies and the CoC. All ESG funded subrecipients of the County are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to the homeless. ESG funded agencies must participate in the CoC. The CoC has over 100 members including homelessness assistance providers, veteran service representatives, victim service providers, Public Housing Agency, Mental Health Agency, formerly homeless individuals, and government organizations. The CoC meets on a regular basis, sharing information about services among participating agencies and setting funding priorities and policies for the homeless.

Riverside County, the ESG recipient, consulted with the CoC to discuss the allocation of ESG funds in ways that:

- Coordinate across regional entitlement jurisdictions by developing and utilizing standardized eligibility and assessment tools;
- Support federal and local goals for priority populations;
- Allow for variations in the program design that responds to the needs and resources of the jurisdiction; and
- Comply with eligibility and verification requirements (HMIS, housing status, homeless definitions, etc.)

Written standards were developed in conjunction with ESG grantees (Riverside County), City of Riverside, and the City of Moreno Valley) and service providers to allow for input on the standards and the process of full implementation. The County continues to participate as an active member of the CoC Standards and Evaluation Committee in order to stay current with the ongoing efforts in updating the ESG guidelines and standards for the program.

Policies and procedures for the administration of HMIS are as follows:

- The HEARTH Act makes HMIS participation a statutory requirement for ESG grantees and sub-recipients. Riverside County and its sub-recipients work with the CoC to ensure the screening, assessment, and referral of Program participants are consistent with the written standards.
- Designate one or more representatives to serve on the HMIS Administrators Council, the Council is responsible for overseeing the coordinated implementation of HMIS in Riverside County. The Council meets to evaluate the progress of implementation, identify and resolve problems, update policies and procedures, and to review HMIS data quality and compliance with HUD reporting requirements.
- Ensure participating agencies and users receive collaborative-approved training and maintain a process to gather and address issues from users.
- Verify that accurate data on all persons served and all activities assisted under ESG are entered into the community-wide HMIS in the area in which persons and activities are located.
- Establish a process to review, analyze, and report key performance outcome measures on a regular basis.
- Access HUD required reports directly from HMIS.
- Compare HMIS reports to provider data and confirm all providers have corrected inaccurate data before the reporting deadline.
- Using HMIS data, review preventing, and ending homelessness results to evaluate the performance toward achieving outcomes in the plan.

Community Health Improvement Plan 2016-2021	Riverside University Health System (RUHS) - Public Health	Strong partnerships and a common goal of improving the health for all Riverside County, led to the formation of the Riverside County Health Coalition in 2009 and the Healthy Riverside County Initiative in 2012. This created a foundation for a broader community health improvement movement known as SHAPE Riverside County. The Strategic Health Alliance Pursuing Equity (SHAPE) was formed in January 2015 to address health and social issues that impact the daily lives of Riverside County residents. Building on the strength of existing relationships, the SHAPE movement aims to leverage local resources and work with new and non-traditional partners. Together, this community partnership works to identify key health priorities and address them in innovative ways by aligning public and private interests. These goals are aligned with the County's CPD program objectives which seek to promote viable/suitable communities through partnerships, policies, systems, and initiatives. http://www.rivcoph.org/Portals/0/CHIP_Final_revised.pdf?ver=2016-11-14-110853-790

Approximately 58% of the total population who are without broadband reside in rural, unincorporated, and tribal communities. These Riverside County residents, numbering almost 100,000 in total, are the individuals most at risk of falling behind in the 21st Century world of information, the 21st Century economy, and occupy the have-not-side of the Digital Divide. RIVCOconnect is a Riverside County initiative, supported by the Riverside County Board of Supervisors and Executive Office, and led by Riverside County Information Technology (RCIT), that seeks to remove the barriers that today obstruct service providers from building out an improved communications infrastructure to 21st century capabilities.</p> <p>https://data.countyofriverside.us/RIVCOconnect-Broadband/Broadband-Master-Plan-For-Riverside-County/gyry-nit5/data?pane=manage</p>

General Plan - Safety Element	County of Riverside TLMA	<p>General Plan Safety Element: The Riverside County Emergency Services establishes the responsibilities of the various Riverside County agencies in times of a disaster. Disaster preparedness and response planning include identifying short-term actions to reduce the scope of an emergency and managing necessary resources in the event of a disaster. After any disaster, particularly an earthquake, short-term disaster recovery requires many operations that are less urgent than fire suppression or medical attention but are equally important. The intent of these policies is to build Riverside County into a sustainable, disaster-resistant community by accommodating natural hazards through planning, zoning, and mitigation, while preparing to respond to disasters until this goal is achieved.</p> <p>https://planning.rctlma.org/Portals/14/genplan/2019/elements/Ch06_Safety_080619.pdf</p>

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

The County attempted to invite and consult with many agency types involved in housing, homelessness, community development, and economic development. Participation and Assistance Memorandum Requests were sent to other County agencies/departments and to previous CPD applicants and non-profit agencies via email seeking input regarding the services and programs they provide. The expected outcome was to identify and evaluate other resources, opportunities, strategies, and efforts that also address the needs and challenges impacting low-to-moderate-income population groups within the County. The County also reviewed several organizations current plans to assess how other goals overlap, complement, and/or address the needs of the County's CPD program targeted populations.

The County's program covers the unincorporated areas, participating cities, and one Joint/Metropolitan City. The County initiated its Citizen Participation (CP) process by notifying cities, community members, public/private sector agencies and departments, and

those that may have an interest in the CDBG/ESG programs, to participate in the OYAP process through the Notice of Funding Availability (NOFA) process. In an effort to broaden public participation, the agency conducted Citizen Participation Public Meetings throughout the County's CPD program area. These communities are representative of the unincorporated communities in the County with concentrations of LMI households, minority households, excessive poverty rates, and other community development needs.

Organizations were consulted on an individual and group basis, as well as part of public meetings and through written correspondence.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

As required by HUD, regulation 24 CFR 91.105, the County complies with the Citizen Participation process to ensure adequate citizen involvement in the determination of community needs and investment in housing, homelessness, community development, and economic development. The County's approved Citizen Participation Plan (CPP) outlines the policies and procedures that were followed to encourage community outreach and community-wide participation in the development of the 2020-2021 OYAP. The CP process is explicitly designed to accommodate and encourage participation from LMI persons, residents of slums/blighted areas, LMI areas, minority groups, non-English speaking persons, persons with disabilities, and public housing residents. The County is committed to providing equal access for all persons. For example, assistance such as accommodations for bilingual interpretation and other assistance services for those with disabilities are available upon request. For this reason, many of our public notices, including notifications of CPD funding cycles, public hearings, and community meetings, are published in both English and Spanish.

It was determined that the most appropriate and effective methods to obtain input from residents, service providers, and other interested persons concerning community development needs, issues, and opportunities is through internet outreach, community meetings, public notices, public hearings, consultation feedback requests, memorandum of participation, and through the Urban County Participating Cities. Persons unable to participate in any aspect of the citizen participation process were invited to provide input and/or submit comments directly to the County.

The County also conducted extensive outreach by informing prior subrecipients, local agencies, and other potential applicants of the opportunity to apply for 2020-2021 funding by using the online application system available on the County's website. Outreach included a Notice of Funding Availability (NOFA) with application instructions, an informational postcard sent to prior and interested applicants, and instructions to all cities participating in the County's Urban County Program on how to conduct their citizen participation process. Technical assistance was available and provided on August 5, 2019, through November 1, 2019, online application acceptance period.

In order to broaden public participation even further, Riverside County contacted non-profit social service providers, special districts, and other County departments and agencies to respond to a consultation feedback and/or memorandum of participation request. Also, to solicit community opinions and concerns during the preparation of the Five-Year CP, the County developed and distributed, in English and Spanish, a comprehensive Housing and Community Development Needs Assessment survey to residents, service providers, and other stakeholders. The survey incorporated general need categories and various subcategories including, the need of providing services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons. Respondents were asked to rate each using high, medium, low, or no-need. The survey provided residents the opportunity to identify community needs that could be addressed through CPD programs over the next five years as well as assign priority among these needs. Priority needs that were established as a result of this survey continue to be addressed in the current OYAP.

The prioritization and investment decisions are a result of these collective efforts and served to identify immediate and long-range needs and objectives.

Introduction

In order to receive CPD funding, the County must develop and submit a Consolidated Plan every five years and One Year Action Plan for each of the five years to the U.S. Department of Housing and Urban Development (HUD). The County of Riverside anticipates receiving an annual allocation of CDBG, HOME, and ESG funds from HUD over the next five years for activities that provide decent housing, suitable living environments, and expanded economic opportunities for its residents.

These funds are intended to help meet priority needs identified throughout the County. Detailed information on the resources the County expects to receive and the activities to be undertaken to meet the priority needs are identified in the OYAP. The County anticipates receiving approximately \$11,232,979 in CPD funding for the 2020-2021 program year. The anticipated HUD-CPD appropriations are: \$8,059,621 CDBG program funds, including Lake Elsinore (Metro-City); \$2,531,648 HOME program funds, including the Community Housing Development Organizations (CHDO); and \$641,710 ESG program funds. Included in the County allocation is a separate CDBG allocation of \$596,653 for the City of Lake Elsinore, a Joint Metro City/Urban County participant, which is received from HUD on an annual basis.

A continuing challenge of the County and our Participating Cities is securing funding and resources adequate to effectively address the community, economic, and social needs of residents and communities in the Urban County area. As with most of the priority goals, the needs far outweigh the County's available resources. Current CPD funding and other community development resources are insufficient to address all of the needs of low- and moderate-income persons or special needs residents in the County's CPD program area. It is anticipated that funding for affordable housing and community development programs will remain limited. Given these circumstances, the County will strive to make progress in implementing its public
