

MINUTES OF THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

PUBLIC COMMENT:

16.4

During the oral communication section of the agenda for Tuesday, June 9, 2020, Jennifer Beach spoke requesting that aquatic centers open for instruction. This would help prevent drownings this summer.

TMEC's COVID-19 Safety Guidelines

Purpose: This is TMEC's plan to work with our swim facilities on being able to use the facility for swim practices while complying with standards for social distancing and safety recommendations. We know, with collaboration between TMEC swimming coaches, public health officials, and facility operators we can create safe plans for using aquatic facilities to promote physical and mental health opportunities that are compliant with public health directives.

To reach the above purpose TMEC will use the following guidelines and procedures when conducting practices at our aquatic facilities:

- Number of swimmers at facility at one time will depend on size of pool, but recommend that only 1-2 swimmers in each lane on each side of the pool (ex: 25 yard 6 lane pool = 18 swimmers). Lanes will be staggered with number of swimmers (ex: all odd lanes will have 2 swimmers on one wall and all even lanes will only have 1 swimmer).
 - Refer to pool diagram on last page provided by USA Swimming.
- No locker room use will be allowed
 - Swimmers are to come to deck ready to enter the water.
 - Swimmers will go home once practice has concluded to change and shower
- Bathroom use will be limited to one person at a time.
 - The person who uses the bathroom facility will wipe down area after use with Clorox wipes and gloves provided by TMEC.
 - They will wash hands for at least 20 sec or longer with soap and then when returning to deck will apply hand sanitizer provided by TMEC.
- Swimmers will do the following when entering facility:
 - Swimmers will come to facility with mask on and wear till they are ready to enter the water.
 - Parents/Guardians will drop off swimmers outside aquatic facility; only the swimmer will be allowed to enter facility.
 - Swimmers will enter facility one at a time.
 - Upon entry swimmers will undergo a temperature check provided by TMEC Staff/Volunteer with a team provided non-contact thermometer. Swimmers who have a temperature will not be able to remain for practice.
 - Swimmers will take all their items with them to behind the lanes to a cone that marks their area. Cones will be established 6 feet apart to maintain social distancing.
 - When practice begins swimmers will enter the water with one swimmer on the far side of one lane and other swimmer on other side; this distance will be maintained when swimmers are on the wall between swim sets.

Submitted by Jan Beech
6/9/2020 (date) Item Public Comment

- Swimmers will do the following when leaving facility:
 - When exiting the water swimmers will maintain 6 feet distance and go to their assigned cone behind the lane.
 - Swimmers will gather their items, put any clothes they want over bathing suit, and put face mask on.
 - Swimmers then will leave facility one at a time maintaining 6 feet distance.
 - Parents/Guardians will pick-up swimmers outside of aquatic facility.
- There shall be no group gatherings outside pool facility or in parking lots by swimmers, coaches, and parents.
- TMEC staff will stagger group practice times so that there will be no overlap on swimmers who are entering/exiting the facility at the same time.
- TMEC staff and volunteers will wear face mask during all practice sessions.
- TMEC staff, swimmers, and volunteers will bring their own water bottles so that use of facility water fountains is not needed.
