To the Riverside County Board of Supervisors,

It has come to my knowledge that there is a group of individuals who are trying to boot out our wonderful Sheriff of Riverside County, Chad Bianco, and are ignorantly requesting in their words, "a responsible release of people incarcerated in RIV County Jails". This is an outrage! There is nothing responsible about releasing criminals! People requesting such actions are seriously sick, demented, and evil. They have no basis in their request to boot out our Sheriff Chad Bianco, who has only taken necessary steps to protect the citizens of our county. As you can see in these past week's he's done an outstanding job in protecting our county to the best of his and his team's ability during these riots.

If you listen and give in to these ignorant & demented people's request, then you will be responsible for the lawlessness of our county and for the increased crimes that will incur. Also, don't think that you won't fall victim to these crimes, you are not invincible.

I hope and pray that God would give you wisdom and convict your souls so that you would make the right decisions that we the people voted you in to do so.

Thank you for your time.

Nancy S.
