NET COUNTY COST	\$ 0	\$ 0	\$ 0	\$ 0
SOURCE OF FUNDS: CREST Budget			Budget Adjustment:	No
			For Fiscal Year:	19/20

C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

The Assessor-County Clerk-Recorder utilizes Dell SAN units, which host all server storage for production systems used by the Assessor-County Clerk-Recorder (ACR) and the County of Riverside Enterprise Solution for Property Taxation (CREST). The renewal of the Dell Compellent Series 24/7 Support Services will ensure support is available for the maintenance of these systems that are critical to the Department's daily operations.

Impact on Residents and Businesses

ACR requires timely repair and support of the Department's systems to ensure that the operational goals and objectives of serving the citizens of Riverside County are met in a timely manner.

SUPPLEMENTAL:

Additional Fiscal Information

The total amount is not to exceed \$153,062.

Contract History and Price Reasonableness

On May 22, 2020, County Purchasing, on behalf of the Assessor-County Clerk-Recorder, released a Request for Quote (RFQ) RIVCO-2020-RFQ-0000116 with two bids received. Bid responses were reviewed by Purchasing and the Assessor-County Clerk-Recorder to ensure the specifications of the County were met, such as Bidder must be an authorized reseller of Dell support for the Compellent Systems and that such support shall be provided directly by Dell. Dell Marketing L.P. was determined to be the lowest and most responsive and responsible bidder. In compliance with Board Policy H-11 (Acquisition and Management of Information Systems and Services), the Riverside County Technology Standards & Oversight Committee (TSOC) reviewed and recommended the approval (PR2020-10205) of this proposed acquisition on May 12, 2020.
