**BACKGROUND:**

**Summary**

Landscaping and Lighting Maintenance Districts (L&LMDs) are formed for the purpose of creating a funding mechanism to pay for the installation and maintenance of landscaping, streetlights, traffic signals, runoff catch basin filters, decorative fencing, and other roadside features within the road right of way. Within an established L&LMD, zones are created for specific developments, a fee structure is developed specific to the features within that zone, and the zone is then assessed through a tax levy on an annual basis for the installation and maintenance of the features within that particular zone.

L&LMD No. 89-1-C was formed in 1994, Resolution No. 94-389, and currently consists of 166 individual zones with different fee structures spread throughout Riverside County. The commercial property owner of Conditional Use Permit No. 180006, as described in the attached Exhibit "A", has petitioned the County to annex their property into L&LMD No. 89-1-C, creating Street Lighting Zone 141. The boundaries of Street Lighting Zone 141 will encompass the entire Conditional Use Permit No. 180006 and will include the maintenance and servicing of streetlights.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

Adoption of Resolution No. 2020-131 appoints the Director of the Transportation Department, or her designee, as the Engineer to prepare a Report regarding the proposed annexation of Street Lighting Zone 141 to Landscaping and Lighting Maintenance District No. 89-1-Consolidated ("L&LMD No. 89-1-C").

Resolution No. 2020-132 declares the Board of Supervisors' intention of ordering the annexation of Street Lighting Zone 141 to L&LMD No. 89-1-C. The annexation of Street Lighting Zone 141 to L&LMD No. 89-1-C will fund the maintenance and servicing of streetlights within public right-of-way located south of State Highway 74 and west of New Chicago Avenue in the Valle Vista area and includes one commercial parcel totalling 1.14 acres.

Consistent with the Board of Supervisors' direction regarding compliance with Article XIID of the California Constitution and the Landscaping and Lighting Act of 1972, the attached resolutions have been prepared and a public hearing scheduled for 9:30 a.m. on August 25, 2020 to receive testimony for and against the proposed assessment. Each property owner within the proposed Street Lighting Zone 141 will receive a notice of the public hearing and mail-in ballot, an impartial analysis, a copy of Resolution No. 2020-132, and an information sheet.

Ballots must be returned prior to the conclusion of the public hearing. If, at the time designated for the tabulation of the ballots, the ballots submitted in favor of the annexation and levy of the assessment exceed the ballots submitted in opposition of said annexation and levy, Street Lighting Zone 141 will be annexed to L&LMD No. 89-1-C.

There is only one individual/entity which owns all of the property within the proposed boundaries of Street Lighting Zone 141 and said property owner has executed a "Waiver and Consent Regarding Date of Assessment Ballot Election" allowing for the election and public hearing to be held on August 25, 2020.

**Impact on Residents and Businesses**

The new assessment is for the purpose of providing the maintenance and servicing of streetlights within public right-of-way.

Only the commercial property owners within the proposed boundaries of Street Lighting Zone 141, which are represented by Conditional Use Permit No. 180006, as described in the attached Exhibit "A" (a two-page exhibit containing a description and diagram) are impacted by the cost of this annexation. By setting up an assessment for the maintenance of certain infrastructure required by the development, the County requires that the development pay for its maintenance impact, rather than the obligation falling upon public funding sources.

**SUPPLEMENTAL:  
Additional Fiscal Information**

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

The proposed budget for fiscal year 2021-22 for Street Lighting Zone 141 is \$344.00. This will result in an assessment for fiscal year 2021-22 within Street Lighting Zone 141 of \$302.00 per acre. The annual assessment may be adjusted annually by the greater of 2% or the cumulative percentage increase in the Consumer Price Index for all Urban Consumers for electricity (CPI-U), if any, as it stands as of March of each year over the base index for March of 2021.

1 with the Clerk of the Board of Supervisors in accordance with Sections 22608 and 22585 et. seq. of the  
2 Streets and Highways Code and Section 4 of Article XIID; and

3 **WHEREAS**, said Engineer has filed the Report with the Clerk of the Board of Supervisors and the  
4 Report has been presented to and considered by the Board of Supervisors; and

5 **WHEREAS**, the Applicant has executed a "Waiver and Consent Regarding Date of Assessment  
6 Ballot Election" allowing for the election to be held on August 25, 2020; and

7 **WHEREAS**, it is necessary that the Board of Supervisors adopt a resolution of intention pursuant  
8 to Section 22587 of the Streets and Highways Code, which fixes and gives notice, pursuant to Section  
9 22588 of the Streets and Highways Code, of the time and place of a public hearing on said Report, the  
10 annexation of Street Lighting Zone 141, and the assessments to be levied on parcels within Street  
11 Lighting Zone 141 beginning in fiscal year 2021-22;

12 **NOW, THEREFORE, BE IT RESOLVED, FOUND, DETERMINED AND ORDERED** by the Board  
13 of Supervisors in regular session assembled on June 30, 2020 as follows:

14 **Section 1. Findings.** The Board of Supervisors, after reviewing the Report, finds that:

- 15 (a) The foregoing recitals are true and correct;
- 16 (b) The Report contains all matters required by Sections 22565 through 22574 of the Streets  
17 and Highways Code and Section 4 of Article XIID and may, therefore, be approved by the  
18 Board of Supervisors;
- 19 (c) The annual assessment for fiscal year 2021-22 on all parcels within Street Lighting  
20 Zone 141 will be \$302.00 per acre.

21 **Section 2. Intent.** The Board of Supervisors hereby declares its intention to order the  
22 annexation of Street Lighting Zone 141, as described and shown in Exhibit "A", to L&LMD No. 89-1-C,  
23 and to levy and collect an annual assessment on all assessable lots and parcels of property within Street  
24 Lighting Zone 141 commencing with the fiscal year 2021-22 as set forth in the Report. The Report  
25 expressly states that there are no parcels or lots within Street Lighting Zone 141 that are owned by a  
26 federal, state or other local governmental agency that will benefit from the services to be financed by the

1 annual assessments. The annual assessments will be collected at the same time and in the same manner  
2 as property taxes are collected, and all laws providing for the collection and enforcement of property  
3 taxes shall apply to the collection and enforcement of said assessments.

4 **Section 3. Boundaries.** All the property within the boundaries of Street Lighting Zone 141 is  
5 proposed to be annexed to L&LMD No. 89-1-C and shall include that property in the unincorporated area  
6 of the County as described and shown in Exhibit "A".

7 **Section 4. Description of Services to be Provided .** The services authorized for Street  
8 Lighting Zone 141 of L&LMD No. 89-1-C are:

- 9 (a) Providing electricity to and the maintenance and servicing of streetlights within the public  
10 right-of-way including incidental costs and expenses.

11 **Section 5. Amount to be Levied.** The assessment to be levied upon each parcel that benefits  
12 from the annexation of Street Lighting Zone 141 to L&LMD No. 89-1-C will be \$302.00 per acre for fiscal  
13 year 2021-22. As stated in the Report, the total budget for Street Lighting Zone 141 for the fiscal year  
14 2021-22 is \$344.00; there is 1 parcel that is to be assessed that aggregates to 1.14 acres. Each  
15 succeeding fiscal year the special assessment may be subject to an annual adjustment that is the greater  
16 of two percent (2%) or the cumulative percentage increase, if any, in the Consumer Price Index for all  
17 Urban Consumers for electricity ("CPI-U-Electricity") for the Riverside-San Bernardino-Ontario California  
18 Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United  
19 States Department of Labor. The annual CPI-U-Electricity adjustment will be based on the cumulative  
20 increase, if any, in the Index as it stands on March of each year over the base Index for March of 2021.  
21 Any increase larger than the greater of 2% or the CPI-U-Electricity annual adjustment requires a majority  
22 approval of all the property owners in Street Lighting Zone 141. The Board of Supervisors will levy the  
23 assessment in each subsequent fiscal year until the Board of Supervisors undertakes proceedings for  
24 the dissolution of Street Lighting Zone 141 of L&LMD No. 89-1-C. The annual assessment will fund the  
25 services described in Section 4 of this Resolution. For further particulars, reference is to be made to the  
26 Report on file in the Office of the Clerk of the Board of Supervisors.

3 unincorporated area of the County and are described and shown in the Report and Exhibit "A".

4           **Section 7.    Report.** The Report, which is on file with the Clerk of the Board of Supervisors and  
5 which has been presented to the Board of Supervisors, is hereby approved. Reference is made to the  
6 Report for a full and detailed description of the services, the boundaries of Street Lighting Zone 141, and  
7 the annual assessment to be levied upon assessable lots and parcels within Street Lighting Zone 141  
8 proposed to be annexed to L&LMD No. 89-1-C.

9           **Section 8.    Public Hearing.** The question of whether Street Lighting Zone 141 shall be  
10 annexed to L&LMD No. 89-1-C and an annual assessment levied beginning with fiscal year 2021-22 shall  
11 be considered at a public hearing (hereinafter the "Public Hearing") to be held on August 25, 2020, at  
12 9:30 a.m. at the meeting room of the Board of Supervisors of the County at 4080 Lemon Street, 1<sup>st</sup> Floor,

15 is to receive by mail an assessment ballot that shall conform to the requirements of Section 4 of Article  
16 XIID and Section 4000 of the California Elections Code. The assessment ballots are to be returned prior  
17 to the Public Hearing. The agency shall not impose an assessment if there is a majority protest. A majority  
18 protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment  
19 exceed the ballots submitted in favor of the assessment. In tabulating the ballots, the ballots shall be  
20 weighted according to the proportional financial obligation of the affected property.

21           **Section 10. Information.** Any property owner desiring additional information regarding Street  
22 Lighting Zone 141 of L&LMD No. 89-1-C, the Report, or the proposed assessment is to contact

## **ENGINEER'S REPORT**

Pursuant to the provisions of Section 22565 through 22574 of the Landscaping and Lighting Act of 1972 (“1972 Act”), said Act being Part 2 of Division 15 of the Streets and Highways Code of the State of California, Section 4 of Article XIII D of the California Constitution, and direction from the Board of Supervisors of Riverside County, California, I submit herewith the following Engineer's Report (“Report”), consisting of five parts.

This Report provides for the annexation of Conditional Use Permit 180006 (CUP 180006) to L&LMD No. 89-1-C as Street Lighting Zone 141 (STL Zone 141) and establishes the Maximum Assessment to be levied in the Fiscal Year commencing on July 1, 2021 and ending on June 30, 2022 (2021-2022) and continuing in all subsequent Fiscal Years, for this area to be known and designated as:

## **B. Description of Street Lighting Assessment Zone**

The services to be provided by L&LMD No. 89-1-C STL Zone 141 include public street lighting which provides a special benefit to the parcel(s) to be assessed. The annexation of CUP 180006 to L&LMD No. 89-1-C as STL Zone 141 will provide the financial mechanism (annual assessments) by which the ongoing operation and maintenance of these improvements and services will be funded. STL Zone 141's structure, proposed improvements, method of apportionment and assessments described in this Report are based on the Plans provided to Harris & Associates as of the date of this Report, including all estimated direct expenditures, incidental expenses, and reserves associated with the energizing, maintenance and servicing of the proposed improvements.

## **PART I – PLANS AND SPECIFICATIONS**

### **A. Description of Improvements and Services for L&LMD No. 89-1-C**

The following services were authorized pursuant to the County of Riverside Board of Supervisors approved Resolution No. 94-389 for L&LMD No. 89-1-C:

- L&LMD No. 89-1-C will annually levy an assessment on property within its boundaries to pay the cost of the following services and improvements in proportion to the special benefit provided to the parcels to be assessed:
  - The installation and planting of landscaping, including trees, shrubs, grass and other ornamental vegetation;
  - The installation or construction of statuary, fountains and other ornamental structures and facilities;
  - The installation or construction of public lighting facilities including but not limited to, traffic signals;
  - The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks or paving, water irrigation, drainage or electrical facilities; and,
  - The maintenance and/or servicing of any of the foregoing.
  
- The street lighting improvements to be funded by L&LMD No. 89-1-C STL Zone 141 generally includes the maintenance and servicing of:
  - Streetlights within the public right-of-way which were required to be installed as a condition of approval necessary for development of properties within the Street Lighting Assessment Zone.

### **B. Improvements and Services for L&LMD No. 89-1-C STL Zone 141**

The services to be funded by L&LMD No. 89-1-C STL Zone 141 include the maintenance and servicing of one public streetlight adjacent to the parcel within the public right-of-way known as:

- New Chicago Avenue.

The proposed improvements described in this Report are based on current development and improvement plans provided to Harris & Associates as of the date of this Report. Improvement plans include the (1) Conditional Use Permit 180006 Exhibit 'A' dated 09/26/18 prepared by Core States Group for Red Valle Vista, LLC, and (2) unsigned CUP 180006 I.P. No. 190011 Street Improvement Plans for Florida (State Route 74) at new Chicago Avenue STA 7+-- to 10+00 prepared by Core States Group dated 12/11/2019 ("Plans").

### **C. Location of Street Lighting Assessment Zone**

STL Zone 141 is located within the unincorporated area of the County of Riverside, State of California and is comprised of CUP 180006. The area for STL Zone 141 is generally located north of Putters Lane, south of East Florida Avenue, east of San Felipe Drive and west of New Chicago Avenue. At full development, STL Zone 141 is projected to include one (1) assessable commercial lot/unit and zero (0) non-assessable lots/units. STL Zone 141 currently consists of the lot(s)/unit(s), parcel(s) and subdivisions of land located in the following development area:

- CUP 180006 – Assessor Parcel Number(s) as of the date of this Report:

551-240-046

## **PART II – METHOD OF APPORTIONMENT**

### **A. Benefit Analysis**

The proposed improvements, the associated costs, and assessments have been carefully reviewed, identified, and allocated based on special benefit.

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of public lights, landscaping, dedicated easements for landscape use, and appurtenant facilities. The 1972 Act further provides that assessments may be apportioned upon all assessable lots or parcels of land within an assessment district in proportion to the estimated benefits to be received by each lot or parcel from the improvements rather than by assessed value.

Section 22573 of the 1972 Act gives the following instructions for apportioning assessments to the parcels within the district:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In addition, Article XIII D of the California Constitution (“Article”) requires that a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel. The Article provides that only special benefits are assessable, and the County must separate the general benefits from the special benefits conferred on a parcel. A special benefit is a particular and distinct benefit over and above general benefits conferred on the public at large, including real property within the district. The general enhancement of property value does not constitute a special benefit.

The proposed improvements, the associated costs, and assessments have been carefully reviewed, and allocated based on the special benefit received by the parcels to be assessed as required by the 1972 Act and Article XIII D as described in the following section.

## **Special Benefit**

The street lighting improvements within STL Zone 141 provide direct and special benefit to the lots or parcels within STL Zone 141. Therefore, the maintenance of these improvements also provides direct and special benefit by maintaining the functionality of the improvements and allowing the improvements to operate in a proper manner.

Public streetlights confer particular and distinct special benefits upon developable parcels within the District because of the nature of the improvements. The servicing of streetlights, and appurtenant facilities, specially benefit parcels within the District by allowing for the development of the parcel(s) and the economic benefit which results from development. Installation and ongoing maintenance of the streetlights will provide safety for employees and customers, reduced property-related crimes (especially vandalism), and increased traffic safety for ingress and egress to the parcel(s) by improving visibility. Streetlights also help to define public rights-of-way for the safety of pedestrians and motorists by defining a specific path during all hours of the day.

The installation and maintenance of streetlights within the public right-of-way adjacent to STL Zone 141 provide a safer street environment for owners of the parcels served. Therefore, the installation of streetlights is for the express, special benefit of the parcel(s) within STL Zone 141.

Finally, the proper maintenance of public streetlights, and appurtenant structures, provides an enhanced quality of life and sense of well-being for owner(s) of properties within STL Zone 141.

STL Zone 141 does not include government-owned parcels or easements, utility easements, and flood channel parcels.

### **Special Benefits of Landscaping and Lighting Maintenance District No. 89-1-C STL Zone 141 Authorized Improvements and Services:**

The special benefits of street lighting are the provision of energy, convenience, safety, security of property, improvements and goods, specifically:

- Increased nighttime safety on roads and streets.
- Improved ability of pedestrians and motorists to see during the hours of darkness.
- Improved ingress to and egress from property.
- Reduced vandalism and other criminal acts and damage to improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.

## General Benefit

The total benefit from the works of improvement is a combination of the special benefits to the parcels within the STL Zone 141 and the general benefits to the public at large and to adjacent property owners. A portion of the total maintenance costs for the public street lighting, if any, associated with general benefits cannot not be assessed to the parcels in the STL Zone 141, but would be paid from other Riverside County Transportation Department funds. Because the public streetlight improvements are located immediately adjacent to properties within the STL Zone 141 and were required as a condition of approval for the development of the property, and are maintained solely for the benefit of the properties within the STL Zone 141, any benefit received by properties outside of the STL Zone 141 is nominal. Therefore, the general benefit portion of the benefit received from the improvements for the STL Zone 141 is zero.

## Summary

In summary, no property is assessed in excess of the reasonable cost of the proportional special benefit conferred on that property. Additionally, benefits received by each parcel within STL Zone 141 are proportional to the lot size. Therefore, the proportionate share of the costs and expenses for the maintenance and servicing of the streetlights are apportioned on a per acre basis for all benefiting parcels within STL Zone 141.

## B. Maximum Assessment Methodology

The following methodology for establishing the Maximum Annual Assessment was adopted by Riverside County Board of Supervisors in the annual Report approved on November 29, 1994. Such methodology has been maintained in preparation of this Report. The purpose of establishing a Maximum Assessment formula is to provide for reasonable increases and inflationary adjustments to annual assessments without requiring costly noticing and mailing procedures, which would add to STL Zone 141 costs and assessments.

The Maximum Assessment formula shall be applied to all assessable parcels of land within STL Zone 141. For STL Zone 141, the initial Maximum Assessment for Fiscal Year 2021-2022 is as follows:

- The initial Maximum Assessment established within STL Zone 141 (CUP 180006) shall be \$344.
- The initial Maximum Assessment per acre established within STL Zone 141 (CUP 180006) shall be \$302 per acre.

The initial Maximum Assessment shall be adjusted by the greater of two percent (2%) or the cumulative percentage increase in the Consumer Price Index for all Urban Consumers for Electricity ("CPI-U-E") for Riverside-San Bernardino-Ontario California Standard Metropolitan Statistical Area

("Index") published by the Bureau of Labor Statistics of the United States Department of Labor (BLS). The annual CPI-U-E adjustment will be based on the cumulative increase, if any, in the Index as it stands in March of each year over the base Index of 2021, starting in Fiscal Year 2022-2023.

The Maximum Assessment is adjusted annually and is calculated independent of the STL Zone 141's annual budget and proposed annual assessment. The proposed annual assessment (rate per acre) applied in any fiscal year is not considered to be an increased assessment if less than or equal to the Maximum Assessment amount. In no case shall the annual assessment exceed the Maximum Assessment.

Although the Maximum Assessment will increase each year, the actual STL Zone 141 assessments may remain virtually unchanged. The Maximum Assessment adjustment is designed to establish a reasonable limit on STL Zone 141 assessments. The Maximum Assessment calculated each year does not require or facilitate an increase to the annual assessment and neither does it restrict assessments to the adjusted maximum amount. If the budget and assessments for the fiscal year require an increase and the increase is more than the adjusted Maximum Assessment, it is considered an increased assessment.

To impose an increased assessment, the County of Riverside must comply with the provisions of the California Constitution Article XIII D Section 4c, that requires a public hearing and certain protest procedures including mailed notice of the public hearing and property owner protest balloting. Property owners, through the balloting process, must approve the proposed assessment increase. If the proposed assessment is approved, then a new Maximum Assessment is established for STL Zone 141. If the proposed assessment is not approved, the County may not levy an assessment greater than the adjusted Maximum Assessment previously established for STL Zone 141.

### C. Annual Assessment

The Method of Apportionment of the Assessment is based upon the relative special benefit derived from the improvements and conferred upon the assessable real property within STL Zone 141 over and above general benefit conferred upon the assessable real property within STL Zone 141 or to the public at large. The benefits received by each parcel within STL Zone 141 would be in proportion to the lot size. Therefore, the proportionate share of the costs and expenses for the maintenance and servicing of the streetlights are apportioned on a per acre basis for all benefiting parcels within STL Zone 141. Any Exempt Property within STL Zone 141 is specifically excluded from the apportionment calculation and is exempt from assessment.

The Assessment Rate per Acre within STL Zone 141 is calculated by dividing the total Annual Balance to Levy by the total Net Assessable Acres. The Assessment Rate per Acre is multiplied times the Net Assessable Acres of each parcel that is not Exempt. Total STL Zone 141 acres less Exempt Property acres, if any, equals total Net Assessable Acres. The Annual Balance to Levy is the Total Annual Street Lighting Costs as seen in Part III – Cost Estimate.

The Assessment Rate per Acre is calculated as follows:

Total Zone 141 Acres	1.14
Less: Exempt Property Acres	0
Net Assessable Acres	1.14

Annual Balance to Levy	\$344	= \$302	Assessment Rate per Acre
Total Net Assessable Acres	1.14		

The Assessment for each Assessable Parcel for FY 2021-2022 is calculated as follows:

**Assessment Rate per Acre × Acreage of each parcel that is not Exempt = Annual Assessment for each Assessable Parcel.**

## **PART IV – ASSESSMENT DIAGRAM/BOUNDARY MAP**

### **Part IV – Assessment Diagram/Boundary Map**

#### **Fiscal Year 2021-2022 L&LMD NO. 89-1-C STL ZONE 141**

The Assessment Diagram/Boundary Map for STL Zone 141 by this reference is incorporated and made a part of this Report. Only the parcels identified within STL Zone 141 Assessment Diagram are within said boundary.

If any parcel submitted for collection is identified by the County Auditor Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel number will be identified and resubmitted to the County Auditor Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

Information identified on this Assessment Diagram/Boundary Map was provided by the Riverside County Transportation Department.

**WHEREAS**, the Board of Supervisors by Resolution No. 2020-131 directed the Director of the Transportation Department, or her designee (hereinafter the "Engineer"), to prepare and file the Report with the Clerk of the Board of Supervisors in accordance with Sections 22608 and 22585 et. seq. of the Streets and Highways Code and Section 4 of Article XIID; and

**WHEREAS**, said Engineer has filed the Report with the Clerk of the Board of Supervisors and the Report has been presented to and considered by the Board of Supervisors; and

**WHEREAS**, the Applicant has executed a "Waiver and Consent Regarding Date of Assessment Ballot Election" allowing for the election to be held on August 25, 2020; and

**WHEREAS**, it is necessary that the Board of Supervisors adopt a resolution of intention pursuant to Section 22587 of the Streets and Highways Code, which fixes and gives notice, pursuant to Section 22588 of the Streets and Highways Code, of the time and place of a public hearing on said Report, the annexation of Street Lighting Zone 141, and the assessments to be levied on parcels within Street Lighting Zone 141 beginning in fiscal year 2021-22;

**NOW, THEREFORE, BE IT RESOLVED, FOUND, DETERMINED AND ORDERED** by the Board of Supervisors in regular session assembled on June 30, 2020 as follows:

**Section 1. Findings.** The Board of Supervisors, after reviewing the Report, finds that:

- (a) The foregoing recitals are true and correct;
- (b) The Report contains all matters required by Sections 22565 through 22574 of the Streets and Highways Code and Section 4 of Article XIID and may, therefore, be approved by the Board of Supervisors;
- (c) The annual assessment for fiscal year 2021-22 on all parcels within Street Lighting Zone 141 will be \$302.00 per acre.

**Section 2. Intent.** The Board of Supervisors hereby declares its intention to order the annexation of Street Lighting Zone 141, as described and shown in Exhibit "A", to L&LMD No. 89-1-C, and to levy and collect an annual assessment on all assessable lots and parcels of property within Street Lighting Zone 141 commencing with the fiscal year 2021-22 as set forth in the Report. The Report expressly states that there are no parcels or lots within Street Lighting Zone 141 that are owned by a federal, state or other local governmental agency that will benefit from the services to be financed by the annual assessments. The annual assessments will be collected at the same time and in the same manner as property taxes are collected, and all laws providing for the collection and enforcement of property taxes shall apply to the collection and enforcement of said assessments.

**Section 3. Boundaries.** All the property within the bounda-

ries of Street Lighting Zone 141 is proposed to be annexed to L&LMD No. 89-1-C and shall include that property in the unincorporated area of the County as described and shown in Exhibit "A".

**Section 4. Description of Services to be Provided.** The services authorized for Street Lighting Zone 141 of L&LMD No. 89-1-C are:

(a) Providing electricity to and the maintenance and servicing of streetlights within the public right-of-way including incidental costs and expenses.

**Section 5. Amount to be Levied.** The assessment to be levied upon each parcel that benefits from the annexation of Street Lighting Zone 141 to L&LMD No. 891C will be \$302.00 per acre for fiscal year 2021-22. As stated in the Report, the total budget for Street Lighting Zone 141 for the fiscal year 2021-22 is \$344.00; there is 1 parcel that is to be assessed that aggregates to 1.14 acres. Each succeeding fiscal year the special assessment may be subject to an annual adjustment that is the greater of two percent (2%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers for electricity ("CPIU-Electricity") for the Riverside-San Bernardino-Ontario California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United States Department of Labor. The annual CPIU-Electricity adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base index for March of 2021. Any increase larger than the greater of 2% or the CPIU-Electricity annual adjustment requires a majority approval of all the property owners in Street Lighting Zone 141. The Board of Supervisors will levy the assessment in each subsequent fiscal year until the Board of Supervisors undertakes proceedings for the dissolution of Street Lighting Zone 141 of L&LMD No. 891C. The annual assessment will fund the services described in Section 4 of this Resolution. For further particulars, reference is to be made to the Report on file in the Office of the Clerk of the Board of Supervisors.

**Section 6. The Property to be Annexed.** The property to be annexed to L&LMD No. 891C is Street Lighting Zone 141. The boundaries of Street Lighting Zone 141 are located within the unincorporated area of the County and are described and shown in the Report and Exhibit "A".

**Section 7. Report.** The Report, which is on file with the Clerk of the Board of Supervisors and which has been presented to the Board of Supervisors, is hereby approved. Reference is made to the Report for a full and detailed description of the services, the boundaries of Street Lighting Zone 141, and the annual assessment to be levied upon assessable lots and parcels within Street Lighting Zone 141 proposed to be annexed to L&LMD No. 89-1-C.

**Section 8. Public Hearing.** The question of whether Street Lighting Zone 141 shall be annexed to L&LMD No. 89-1-C and an annual assessment levied beginning with fiscal year 2021-22 shall be considered at a public hearing (hereinafter the "Public Hearing") to be held on August 25, 2020, at 9:30 a.m. at the meeting room of the Board of Supervisors of the County at 4080 Lemon Street, 1st Floor, Riverside, California.

**Section 9. Majority Protest.** Each owner of record of property within Street Lighting Zone 141 is to receive by mail an assessment ballot that shall conform to the requirements of Section 4 of Article XIID and Section 4000 of the California Elections Code. The assessment ballots are to be returned prior to the Public Hearing. The agency shall not impose an assessment if there is a majority protest. A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. In tabulating the ballots, the ballots shall be weighted according to the proportional financial obligation of the affected property.

Mailing is to be made by the Engineer and deposited with the U. S. Post Office at least forty-five (45) days prior to the Public Hearing on August 25, 2020.
