ADD THIS APOLOGY TO TOMORROW'S AGENDA!

The public needs an apology from each of the Board members for the increased deaths caused by lifting the mask requirement in Riverside County.

And an apology for the increased deaths caused by the Sheriff's Department employees refusal to wear masks while on duty and interacting with the public. This lack of concern for the lives and safety of others is a form of police brutality.

In addition, this callousness toward the safety of all the residents of Riverside County has endangered the lives of all people who contract COVID-19. This disease which does not go away like the seasonal flu, but stays in the body and inflicts long-term permanent damage, like HIV.

And in any inside space it stays in the air for a long time and is extremely contagious. Which you figured out and are therefore no longer going to go the the Board chambers with non-mask-wearing people all around you—telling you its a hoax and infecting you. How many people attending Board meetings the last months have contracted the virus? If you are actually doing contact tracing, you know the answer to this question.

Anyone who does not apologize to the public for your failures to protect our health and safety should immediately resign!

Peace, Sue Nash
