BACKGROUND:

Summary

The Sheriff's Department and LSC Destruction, LLC have agreed upon terms for certified on-site firearm destruction services at the Riverside County Sheriff Patrol Stations: Cabazon Station, Colorado River Station, Hemet Station, Jurupa Valley Station, Lake Elsinore Station, Moreno Valley Station, Palm Desert Station, Perris Station, Southwest Station and Thermal Station. LSC Destruction, LLC will eliminate the need for the Sheriff's Department to transport firearms to a facility saving the Department both time and money. All supplies and equipment will be provided by the contractor and destruction will be completed under standard operating procedures and in compliance with all government regulations and workplace safety guidelines. The Sheriff Department anticipates receiving approximately \$10,000 in annual revenue and this figure may increase or decrease depending on the various types, condition and quantity of firearms processed by the contractor.

Contract History and Price Reasonableness

LSC Destruction, LLC is the single source vendor for on-site firearm destruction services. LSC Destruction, LLC will provide certified on-site firearm destruction services and pay the Department at the completion of each destruction and transfer payment within 15 days. A list of firearms (manifest) is created by the Sheriff's department and sent to LSC. Once LSC receives the manifest, they will provide an amount that will be paid to the Department. The condition of each firearm will be a factor when calculating the payment amount. The greater number of firearms to be destroyed will increase the payment amount. There is no set price per firearm or a market index to follow. Miscellaneous parts of the firearm(s) are removed and resold by LSC to distributors and not to the civilian population.

County Counsel has approved the attached Agreement as to form.
