

SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

ITEM: 3.59
(ID # 12836)

MEETING DATE:
Tuesday, August 04, 2020

FROM: TLMA-TRANSPORTATION:

SUBJECT: TRANSPORTATION AND LAND MANAGEMENT AGENCY/TRANSPORTATION:
Approval of the Plans and Specifications and Authorization to Advertise for bid for the Slurry Seal and Curb Ramp Accessibility Project for Fiscal Year 2020/21 at various locations; CEQA Exempt, Districts 1 and 2. [\$2,640,670 - Local Funds 100%] (Clerk to Advertise)

RECOMMENDED MOTION: That the Board of Supervisors:

1. Find that the Project is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Section 15301 (c) - Existing Facilities;
2. Approve the plans and specifications for the Slurry Seal and Curb Ramp Accessibility Project for Fiscal Year 2020/21 at various locations in 1st and 2nd Districts;
3. Authorize the Clerk of the Board to advertise for bids to be received by the office of the Director of Transportation and Land Management at the Transportation Annex located at 3525 14th Street, Riverside, California 92501. All bids must be received up to the hour of 2:00 p.m., Wednesday, August 26, 2020 at which time bids will be opened; and
4. Direct the Clerk of the Board of Supervisors to file the Notice of Exemption with the County Clerk for posting within five (5) working days.

ACTION: Policy

Patricia Romo, Director of Transportation 8/29/2020

MINUTES OF THE BOARD OF SUPERVISORS

On motion of Supervisor Jeffries, seconded by Supervisor Spiegel and duly carried by unanimous vote, IT WAS ORDERED that the above matter is approved as recommended.

Ayes: Jeffries, Spiegel, Washington, Perez and Hewitt
Nays: None
Absent: None
Date: August 4, 2020
xc: Transp.

Kecia R. Harper
Clerk of the Board

			For Fiscal Year: 20/21	

C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

The slurry seal treatment is provided as preventative maintenance to extend the life of the pavement and postpone more costly pavement rehabilitation. The slurry seal treatment seals small cracks, restores lost flexibility to the pavement surface and helps preserve the underlying pavement structure. This project includes various roads located within the communities of Lake Hills, Mockingbird Canyon, Temescal Valley, Horsethief Canyon and Gavilan Hills. The specific roads with their respective limits are listed in "Attachment 1".

The slurry seal work proposes slurry seal and micro-surfacing treatments based on the existing pavement conditions. The slurry seal treatment consists of an application of a mixture of asphalt emulsion, aggregates, water and other additives placed over the existing asphalt pavement surface. This work includes road cleaning, crack repairs, application of seal coat treatment, installation of new thermoplastic crosswalks, replacement of striping, pavement markings and raised pavement markers. All roads will be swept several times, at specified intervals, after the slurry has been applied.

The micro-surfacing treatment is similar to the slurry seal except it uses polymer modified and fast setting asphalt emulsion allowing thicker layers to be placed. The thick layer application allows to fill in ruts commonly found on roadways with light to moderate truck traffic.

This project also proposes to reconstruct or upgrade thirty-two (32) existing concrete curb ramps at various locations within 1st and 2nd Districts as part of the Transportation Department goal to provide safe and usable pedestrian facilities for all pedestrians and to comply with the Title II of the Americans with Disabilities Act (ADA) requirements. As part of the ADA requirement, curb ramps must be upgraded when adjoining roads are altered through resurfacing or placement of a thick layer of seal coat. The specific curb ramps locations are listed in "Attachment 2."

The proposed curb ramp accessibility work will consist of modifying or removing existing concrete curb ramps and placing back ADA compliant concrete curb ramps. Certain curb ramps will be upgraded by installing yellow detectable warning devices (series of small bumps or truncated domes) and making repairs to street landing slopes to meet ADA compliance. Detectable

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

warning devices are used to alert pedestrians who are blind or visually impaired that there is vehicle traffic nearby.

The bid documents include the following bid schedules of work:

Base Bid Schedule 1:	Slurry Seal and associated work
Alternative Bid Schedule 1:	Curb Ramp and associated work

The Transportation Department will select the contractor based upon the lowest responsive and responsible bid of the sum of all bid schedules.

The submitted plans and specifications have been approved as to form by County Counsel.

Project Numbers: D1-0006 and D1-0007 (Slurry Seal)
 D1-0011 (Curb Ramp)

Environmental Findings

The project proposes to slurry seal various road locations within Districts 1 and 2. These minor improvements to the existing roadways are exempt from CEQA under Section 15301 (c) because the activity does not create additional automobile lanes and involves no expansion of use of the existing roadway and associated facilities.

Impact on Citizens and Businesses

The Slurry Seal treatment will extend the life of the pavement thereby reducing the need for more extensive types of resurfacing that can be up to ten times more costly.

The reconstruction of curb ramps is expected to improve the access and safety of disabled persons using the pedestrian facilities along the roadways. In addition, bringing the curb ramps up to current accessibility standards contributes toward fulfilling the County Transportation Department's goals as stated in its ADA Self-Evaluation and Transition Plan as required by Title II of the Americans with Disabilities Act (ADA).

SUPPLEMENTAL:

Additional Fiscal Information

The construction contract is estimated to cost approximately \$2,640,670 and construction is anticipated to be completed in FY 2020/21. The Slurry Seal and Curb Ramp work surface treatment work will be funded with Measure A/Western and Gas Tax/SB-1 funds.

There are no General Funds used in this project.

June 24, 2020

PROJECT TITLE: Slurry Seal & Curb Ramp Accessibility Project for
FY 2020/21- Districts 1 & 2

Work Order #ZD10006, ZD10007& ZD10011, Task Code #Z1530

Original Negative Declaration/Notice of
Determination was routed to County
Clerks for posting on.

PROJECT SPONSOR: Riverside County Transportation Department

8/6/20
Date

Initial

PROJECT LOCATION: Various Locations in Unincorporated areas within Supervisorial
Districts 1 & 2

SUPERVISORIAL DISTRICTS: 1st & 2nd

PROJECT DESCRIPTION: The Riverside County Transportation Department (RCTD) proposes to provide slurry seal treatment to existing pavement surfaces on various roads located within Districts 1 & 2 of Riverside County.

Slurry seal treatments consist of an application of a mixture of asphalt emulsion, aggregate (very small crushed rock), water, and other additives over the existing asphalt pavement surface. The treatments are provided as preventative maintenance to extend the life of the pavement and postpone more costly pavement rehabilitation. Slurry seal treatments seal cracks, restore lost flexibility to the pavement surface, provide a new black pavement surface color, and help preserve the underlying pavement structure. The work also involves replacing non-compliant curb ramps, removing and replacing thermoplastic crosswalk and pavement markings/paint traffic stripes and other work as may be required.

ENVIRONMENTAL ANALYSIS:

The proposed project does not require additional right-of-way. Temporary construction easements and utility relocations may be required. The project will extend the life of the pavement of the treated roads, which is a benefit to the traveling public. The project consists of maintenance and repair of an existing public road. There is no expansion of use of the road as a result of the project.

This project is subject to compliance with the Western Riverside and Coachella Valley MSHCPs. In accordance with Section 7 of both MSHCPs, necessary operation and maintenance along existing roadways are considered a covered activity outside cell criteria and conservation areas. This project is considered to be a safety improvement project under operation and maintenance and therefore is a covered activity.

The Riverside County Transportation Department has found that the above-described project is exempt from the provisions of the California Environmental Quality Act (CEQA), based on the following:

Section 15301 (c) – Existing Facilities – The project proposes to slurry seal various road locations and replace curb ramps within Districts 1 & 2. These minor improvements to the existing roadways are exempt from CEQA under Section 15301 (c) because the activity does not create additional automobile lanes and involves no expansion of use of the existing roadway and associated facilities.

District 2, Project No. D1-0007

Bid shall be delivered to the County of Riverside Transportation Department, 14th Street Annex, 3525 14th Street, Riverside, California 92501, telephone (951) 955-6780 not later than 2:00 p.m., on Wednesday, August 26, 2020 to be promptly opened in public at said address. Each bid shall be in accordance with plans, specifications and other contract documents, dated June 2020, and prepared by County of Riverside, whose address is same as the above, from whom they may be obtained upon deposit of \$20.00 per set with 11" x 17" plans, plus mailing costs. No refund. Prospective bidders may preview the plans, specifications and other contract documents at no charge prior to purchase at the above noted location.

Pursuant to Labor Code section 1771.1, any Contractor bidding, or subcontractor to be listed on a bid proposal subject to Public Contract Code section 4104, shall not be qualified to bid after March 1, 2015, unless currently registered and qualified to perform public works pursuant to Labor Code section 1725.5. No Contractor or subcontractor may be awarded a contract or perform work on any contract for public work, after April 1, 2015, without proof of current registration with the Department of Industrial Relations pursuant to Labor Code section 1725.5 to perform public works.

The County of Riverside, in accordance with Title VI of the Civil Rights Act of 1964 (78 Stat. 252) and the Regulations of the Department of Commerce (15 C.F.R., Part 8) and related statutes, issued pursuant to such Act, hereby notifies all bidders that minority businesses will be afforded full opportunity to submit bids, and it will affirmatively insure that the contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the grounds of race, color, sex, national origin, religion, age, or disability.

The Contractor is required to have a Class "A" license at the time of bid submission.

Engineering Estimate: \$ 2,260,000 - \$ 2,600,000 (Base Bid Schedule 1)
\$ 114,000 - \$ 133,000 (Alt. Bid Schedule 1)

Bid Bond	10 %
Performance Bond	100 %
Payment Bond	100 %
Working Days	65
