C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

Every four (4) years, Riverside County Office on Aging, in coordination with the Advisory Council on Aging and the community, is mandated by the Older Americans Act and the Older California Act to develop an Area Plan, which is updated on an annual basis to reflect any changes in the consecutive years. FY 20/21 is the first year of the 2020-2024 Area Plan on Aging, titled, "The Path Ahead". The Area Plan was developed based on needs assessment activities conducted throughout Riverside County in order to identify the critical issues that impact older adults. The process included an in-depth analysis of the U.S. Censes data, and other data sources related to population projections, scholarly research, current and trending policy information, focus groups with key stakeholders and service providers, surveys (in-person, via telephone, and by mail), two (2) public hearings in both West and East county, and a thorough review of current reports and assessments from sources available within the county.

The 2020-2024 Area Plan included four (4) priority goals:

- Goal I: Supporting the Development of Age-Friendly Communities
- Goal II: Developing Engaging Programs and Environments for Older Adults
- Goal III: Increased Access to Supportive Services
- Goal IV: Educate, Report, and Reduce Elder Abuse and Neglect

The goals identified in the Area Plan serve as a roadmap for ensuring that Riverside County Office on Aging is initiating and participating in the critical conversations that are part of integrating and improving the services older adults will need in the future.

Impact on Residents and Businesses:

The 2020-2024 Area Plan on Aging outlines the four (4) year goals and objectives of the Riverside County Office on Aging, establishes a rationale for the development, expansion, and delivery of community based services for older adults in Riverside County, and ensures compliance with the Older Americans Act and the Older Californians Act. As mandated by the Older Americans Act, the Area Plan focuses on specific adult populations, which include frail elderly, people with disabilities, low income individuals, rural or isolated residents, homeless seniors, caregivers, and grandparents raising grandchildren. Additional specific populations
