**C.E.O. RECOMMENDATION:**

**BACKGROUND:**

**Summary**

The Moreno Valley College has offered to donate one (1) Bauer SCBA Air Compressor to Riverside County Fire Department. A self-contained breathing apparatus (SCBA) is used to protect the wearer from breathing in dangerous chemicals, smoke, and toxins that might contaminate the air. The SCBA Air Compressor is used to fill the SCBA bottles used for firefighting or entering enclosed spaces. Having cylinders full of quality air is crucial for fire fighters. The SCBA Air Compressor will be placed in the Southern Coachella Valley to better support our desert operations.

Donated Asset:

Bauer SCBA Air Compressor  
 Manufacture date 02/2010  
 Model# U325-3-208-60  
 Serial #110220

The Riverside County Fire Department greatly benefits in the utilization of this Bauer compressor. The cost of purchasing a new compressor is approximately \$50,000.

**Impact on Residents and Businesses**

There is no impact to the citizens or businesses. The transfer is beneficial for the Riverside County Fire Department as well as the surrounding Cities and Unincorporated areas.

**Contract History and Price Reasonableness**

The Moreno Valley College partners with Riverside County Fire Department and operates a Fire Academy at Ben Clark Public Safety Training Center. They educate and train men and women to enter the field of fire service using the most up to date training platforms and equipment. Riverside Community College District and the County of Riverside entered into an agreement in 1988 and most recently approved their agreement on August 29, 2017 Item 3-68.
