BACKGROUND:

Summary

Based on state-mandated price reasonableness, the Sheriff's Department would like to utilize DOJ for blood, breath and urine sample testing to determine the presence of alcohol and drugs pursuant to traffic stops that the California Highway Patrol (CHP) makes in the County.

As part of the same services, DOJ provides breath alcohol testing equipment and equipment repairs. DOJ also trains certified breath test operators to establish and maintain operator proficiency as required by Title 17, California Code of Regulations. Dating before 2000, the Sheriff's Department has paid a uniform fee of \$35 per subject tested. The proposed Agreement continues with these fees through June 30, 2025.

The estimated annual cost for these services is \$160,000, the County of Riverside is not liable for charges in excess of \$160,000 per fiscal year. The Sheriff's Department has included these expenditures in its FY2020-21 budget. Per the state Penal Code Section 1463.14, the County is authorized to deposit \$50 from fines collected for each DUI conviction to a special account to pay for alcohol testing. The Sheriff's Department can recover testing costs with the annual account allocation administered by the County District Attorney's Office.

County Counsel has approved the Agreement as to form.

Impact on Residents and Businesses

These services are to pay for alcohol analysis of driver's suspected of driving while under the influence. This information helps law enforcement in prosecution of offenders and reduces traffic injuries, deaths, and creates safer roads for residents of Riverside County.
