

SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

ITEM: 3.27
(ID # 13115)

MEETING DATE:

Tuesday, October 27, 2020

FROM: TLMA-TRANSPORTATION:

SUBJECT: TRANSPORTATION AND LAND MANAGEMENT AGENCY/TRANSPORTATION:
Approval of the FY 2020/2021 Annual Edition, Transportation Improvement
Program with Additional Related Actions. All Districts. [\$0]

RECOMMENDED MOTION: That the Board of Supervisors:

1. Approve and adopt the FY 2020/2021 Annual Edition, Transportation Improvement Program (TIP);
2. Authorize the County of Riverside Transportation Department to submit an amended Measure "A" Local Streets and Roads Program (as reflected by this TIP) to the Riverside County Transportation Commission (RCTC);
3. Direct the Executive Office to transfer DIF funds to the Transportation Fund No. 31692 (Western DIF Signal funds) and Fund No. 31691 (Eastern DIF Signal Funds) pursuant to submitted billings for traffic signal projects as listed on Attachment A; and
4. Authorize the Director of Transportation to take all necessary administrative actions to implement the TIP.

ACTION: Policy

Patricia Romo, Director of Transportation 10/14/2020

MINUTES OF THE BOARD OF SUPERVISORS

On motion of Supervisor Jeffries, seconded by Supervisor Washington and duly carried by unanimous vote, IT WAS ORDERED that the above matter is approved as recommended.

Ayes: Jeffries, Spiegel, Washington, Perez and Hewitt
Nays: None
Absent: None
Date: October 27, 2020
xc: Transp., EO

Kecia R. Harper
Clerk of the Board
By: 
Deputy

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

SOURCE OF FUNDS: Varies by project. There are no General Funds used in this program.				Budget Adjustment: No
				For Fiscal Year: 20/21

C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

The TIP is the County of Riverside's (County's) funding plan for Transportation Capital projects. The Transportation Department (Department) has approximately \$577 million in active projects either under construction or soon to be, including several large bridges and interchanges.

The passing of Senate Bill 1 (SB-1) by the state legislature in April 2017 included the creation of the Road Maintenance and Rehabilitation Program and the Road Maintenance and Rehabilitation Account (RMRA) which has provided a much-needed long term, reliable and stable cash funding source aimed primarily at maintaining our existing paved roads. The County received \$8 million in fiscal year 17/18, \$32 million in fiscal year 18/19, \$29 million in fiscal year 19/20, and is projected to receive \$30 million in fiscal year 20/21. The SB-1/RMRA funds are restricted to pavement rehabilitation and maintenance.

Securing funds for projects to increase traffic capacity continues to be difficult. The very limited availability of Federal funds for road capacity expansion continues to stretch our ability to timely deliver needed projects. We will continue to work closely with our partners at the Riverside County Transportation Commission (RCTC), Coachella Valley Association of Governments (CVAG), Western Riverside Council of Governments (WRCOG), and our cities to assess priorities and shift limited funding to optimize project delivery. The County serves as the lead agency on several projects within cities, on a contract basis. Forty-nine percent of the dollars in this TIP are associated with projects in other jurisdictions that are being funded by those jurisdictions and/or through regional, State, or Federal programs.

The Transportation Department presently sees two significant issues impacting delivery of larger projects. The State's federally funded bridge program is substantially underfunded and is not able to meet the cash flow needs of bridge projects currently in progress. The largest impacts are to bridge projects within cities for which the County is in the role as lead agency. Projects of concern are the Hamner Avenue Bridge, Mission Boulevard Bridge, and the Market Street Bridge.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Also, for the last five years the \$305 billion Fixing America's Surface Transportation (FAST) Act Legislation has provided long-term funding certainty for federal surface transportation programs. This allowed the County the ability to move forward with critical transportation projects with the confidence that we would have a federal funding partner. On September 30, 2020 Congress passed a one-year extension of this legislation that was subsequently signed into law by the President.

While it is important that the current legislation remains in place for another year, the uncertainty caused by not having a long-term bill makes it difficult to plan for and implement the larger more complex projects that rely on federal funding.

Transportation Improvement Program Summary

This program includes projects funded by General Highway funds, Special Districts, State and Federal funds, special programs, and other agencies. No County General Funds are included in this program. The TIP is a multi-fund source document, with periodic amendments as needed throughout the year, which the Department uses to more efficiently manage its numerous projects and financial resources.

The TIP total is now at \$771 million. This amount does not include the needs for an additional \$592 million required for all unincorporated area listed projects to be fully funded.

Legislation requires that in order to be eligible for an upcoming fiscal year's SB-1/RMRA allocation, counties must submit to the California Transportation Commission (CTC), by May 1st annually, a Board of Supervisors approved list of projects planned to be funded with the SB-1/RMRA funds. This year the submission deadline was extended to June 30th due to the COVID-19 crisis. The list of projects to be funded with FY 2020/2021 SB-1 funds were approved by resolution 2020-043 under agenda item 3.28 on April 21, 2020. The approved list was submitted to the CTC on June 30, 2020 and the projects are included within the TIP document.

The County is required to submit a five-year Measure "A" Local Streets and Roads Program to RCTC each June in conformance with the Measure "A" Expenditure Plan. This edition of the TIP is consistent with the previously submitted FY 20/21 Measure "A" Program. The County allocation shares of Measure "A" funds for FY 20/21 are forecast down significantly at just \$6 million as opposed to \$8 million for the previous fiscal year.

Impact of State Budget on County Transportation Budget

The receipts of traditional State Gas Tax funds dedicated to operations and maintenance has increased gradually to \$35 million annually over the last 2 years as result of the recent SB-1 legislation. This has helped to offset inflation and traffic growth.

Several large projects funded in part by State funds dedicated by the SB-132 legislation of 2017 are proceeding. Those projects are the I-15/Limonite Avenue Interchange (recently completed), Hamner Avenue Bridge over the Santa Ana River, and the Jurupa Road Grade Separation.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Riverside County is serving as the implementing agency for these projects located in the cities of Norco, Eastvale and Jurupa Valley. The SB-132 funds total \$163 million and the total budget for these projects is \$247 million. No County funds are being used for these projects that are being delivered for cities on a contract basis.

Utility Underground Projects

The County's Underground Utility Conversion Program (Rule 20A), which is funded from California Public Utility Commission (CPUC) funds, is allocated to cities and counties in accordance with a formula developed by the CPUC. Rule 20A funds are collected by the Edison Company from its rate payers and kept in trust by the Edison Company, with oversight and auditing provided by the CPUC. Allocations to the County have been reduced significantly over the past few years. Additionally, current cost estimates for the approved Rule 20A undergrounding districts are much higher than originally estimated. The Department does not intend to propose new undergrounding district projects for a number of years until the current projects are completed and the County's Rule 20A fund balance grows.

Traffic Signal DIF Funds

The list of traffic signal projects on Attachment "A" includes both new and active projects proposed to be funded with DIF funds, specifically the Western Riverside County Traffic Signal funds and Eastern Riverside County Traffic Signal funds. Funds will be transferred from the Executive Office to the Department as costs are incurred. In addition to these projects, the Department and developers are working on other traffic signal projects in each supervisorial district.

Pavement Condition

Funding for pavement rehabilitation in FY 20/21 and 21/22 is greater than prior years due to the increase in gas tax revenue. This increase has improved the pavement condition overall throughout the County and the steady revenue source will provide funds for more costly pavement resurfacing and pavement reconstruction projects, which would otherwise have been shelved.

Impact on Residents and Businesses

The Transportation Department is responsible for planning, designing, funding, building, operating and maintaining over 2,200 centerline miles of County-maintained roadways and 116 bridges within the unincorporated areas. The projects, as identified in the TIP, will improve safety, maintain existing roads and bridges, and enhance roadway capacity needed to accommodate growth.

SUPPLEMENTAL:

Additional Fiscal Information

Budget authority is given by the Board of Supervisors. Funding varies by project. No general funds will be used.

Preface

INTRODUCTION

The Riverside County Transportation Department is responsible for planning, designing, funding, building, operating and maintaining roads, bridges, and transportation facilities within the unincorporated territory. The County covers an area of approximately 7,300 square miles, which is about the size of the state of New Jersey. The County-Maintained Road System is over 2,200 miles. The Transportation Department is also responsible for the maintenance of 116 bridges in the unincorporated area and 616 traffic signals (160 within the unincorporated area and 456 within contracted cities). There are 10 Transportation maintenance yards located throughout the County. This puts in context the diverse challenges that the Transportation Department faces in providing service to over 2.5 million residents (and growing) in Riverside County. We focus on the priorities of improving safety, maintaining existing roads and bridges, and enhancing roadway capacity to keep up with our population growth.

The Transportation Department receives revenue from a variety of funds. At present, the Department has approximately 70 active fund sources. The capital expenditure of these funds is defined and programmed in this document named the “Transportation Improvement Program” or “TIP,” which provides a multi-year projection of revenues and expenditures for the Department. It is updated and approved by the County Board of Supervisors annually, with periodic amendments throughout the year. The Department uses the TIP to help manage its numerous projects and financial resources.

The multi-year budget outlined by the TIP includes \$771 million in total improvements, with \$266 million scheduled for fiscal year 2020/2021 and \$203 million for fiscal year 2021/2022. This represents the capital budget for the Transportation Department. The operating budget numbers are not included in this document. This program includes projects funded by General Highway Funds, Special Districts, State and Federal Funds, special programs and other agencies. No County General Funds are included.

The Department has approximately \$577 million in projects either under or close to construction, including several large bridge and interchange projects as well as State Highway projects within cities where the County is the lead agency. The Department has taken advantage of Federal and State Funds to boost project deliveries.

The State’s SB-1 transportation funding program is expected to provide \$62 million over two fiscal years, 20/21 and 21/22, that will be used for road maintenance and rehabilitation. Projects proposed for delivery with SB-1 funds are contained within this document. Additionally, the SB-1 legislation continues the Gas Tax/HUTA revenues which are forecast to provide \$12 million over two fiscal years, 20/21 and 21/22. The current Federal Transportation Bill brings limited stability given that federally funded projects take years to deliver and significant changes to established funding programs have new administrative guidelines and policies for implementation. The Department will continue to work closely with its regional partners at RCTC, CVAG, WRCOG, and our cities to assess priorities and shift funding.

The accompanying graphs, charts and tables provide a detailed look at the proposed projects, programmed funds, revenue allocations, and various components that make up the Transportation Improvement Program. An electronic copy of this year’s TIP document, as well as previous years’ TIP documents, can be found on the Transportation Department website at:

FUNDING ALLOCATION "GROUND RULES"

GUIDELINES FOR ALLOCATING GENERAL HIGHWAY FUNDS
FOR SUPERVISORIAL DISTRICTS

GAS TAX & SB-1

- County Wide:
 - 2/3 Maintained Lane Miles
 - 1/3 Road Condition

LOCAL TRANSPORTATION FUNDS

- Return to Sub-Region of the County

MEASURE A

- Return to Sub-Region of the County (Western, Coachella Valley and Palo Verde)
- In Western & Coachella Valley Regions:
 - 2/3 Maintained Lane Miles
 - 1/3 Road Condition

FEDERAL STP "FORMULA" FUNDS

- Rural Area:
 - 1/3 Federal-Aid System Miles
 - 1/3 Area
 - 1/3 Population
- Urbanized Area and Urban Place Area:
 - Population

General Notes:

- Reconcile and recalculate each year to account for actual vs. estimated costs.
- Allow staff to interchange general highway fund sources on any given year to provide maximum flexibility on project delivery to overall targets for each supervisorial district over time.
- Discretionary Federal funds (STP Discretionary, CMAQ, HBRR and HSIP) are received on a competitive basis and are not subject to these "Ground Rules."

Underground Utility Program

UNDERGROUND UTILITY CONVERSION PROGRAM (RULE 20-A)

An underground utility conversion program established by the California Public Utilities Commission (CPUC) for the conversion of existing overhead distribution lines to an underground location. Funds for the conversion of electrical facilities are kept in trust by the owning utility and apportioned to local agencies by an established formula. Other overhead utilities are required by similar CPUC Rules to fund their own conversions, when ordered by the Board of Supervisors by establishment of an Underground Utility District.

By minute order dated April 27, 1999 (agenda item 3.35), the Board of Supervisors adopted a project selection method whereby technically sound and cost effective candidate districts are identified by the Transportation Department and the Southern California Edison Company for each Supervisorial District. Projects for funding are to be identified after consultation with Supervisors, and relative equity is to be maintained over time based on the proportion of road mileage in the Edison Company service area in each Supervisorial District.

Rule 20A District	Location	Supr. Dist.	Status
45	Stetson Avenue Dartmouth St to Hemet CL (W of San Jacinto Street)	3	<p>District adopted by the Board 7/31/07 (9.15).</p> <p>Design has not begun due to Edison workload and shortage of County allocations.</p> <p>Project may be phased in order to enable earliest start.</p>

Note:

Funding is currently not available for the completion of Stetson Avenue, due to increased project costs since the adoption of that District. Additionally, other utility undergrounding projects are desired.

Due to limited Rule 20A funding, and escalating utility undergrounding costs, the Transportation Department is exploring the concept of the following course of action, with consideration for anticipated allocations and Supervisorial equity:

Phasing the Stetson Avenue project, so that a first phase can commence design in the near future, and allow for the initiation of either or both of the following proposed projects:

Van Buren Boulevard, between Washington Street and Dauchy Street
(or a portion thereof)
Supervisorial District 1

Rancho California Road, east and west of Anza Road
Supervisorial District 3

UNDERGROUND UTILITY CONVERSION PROGRAM (RULE 20-A)

FY 2020-2021

Program Funding Summary

Recent Allocations:

2020 Allocation 390,098

Funding (Allocation) Balance as of 5/27/2020 \$11,368,493

Remaining Encumbrances:

Stetson Avenue (Rule 20A District 45, Estimated Cost) 14,400,000

Total Remaining Encumbrances: \$14,400,000

Summary:

Estimated Unencumbered Allocation -\$3,031,507
Balance:(as of 5/27/2020)

Projected Allocation Balance vs Estimated Cost:

Estimated future annual Allocations: \$390,100

(Based on SCE reports that allocations are diminished)

Year	Estimated Allocation Balance
2021	-2,641,407
2022	-2,251,307
2023	-1,861,207
2024	-1,471,107
2025	-1,081,007
2026	-690,907
2027	-300,807
2028	89,293
2029	479,393
2030	869,493
2031	\$1,259,593

Notes:

Costs and allocation balances are based on information provided by the Southern California Edison Company. Rule 20A funds are managed by the Edison Company in accordance with CPUC requirements and procedures.

SUPERVISORIAL EQUITY DISTRIBUTION

Riverside County Underground Conversion Program (RULE 20-A)

As approved by the Board of Supervisors 4/27/1999 (3.35)

Supervisorial District	Rule 20-A Project Totals To Date *	
District 1	\$6,368,000	14.3%
District 2	\$6,244,649	14.0%
District 3	\$14,986,861	33.6%
District 4	\$9,616,455	21.6%
District 5	\$7,407,130	16.6%
Total:	\$44,623,095	100.0%

* Includes approved projects in development

EXPENDITURES TO DATE

SUMMARY OF COMPLETED AND PROGRAMMED PROJECTS

Total:												\$136,376,080

- Notes:
- (1) Project was previously approved by the former Underground Utility Advisory Committee.
 - (2) Prioritization Points formula: [(# of 3 criteria met) X (traffic volume) / (cost/foot ratio)] ("BENEFIT" / COST RATIO)
 - (3) Proposed project limits should be considered as preliminary only and subject to change based on eligibility and project feasibility.
 - (4) All cost estimates are preliminary, and subject to verification by SCE. Estimates represent Rule 20A costs only, and do not include costs to underground communication conductors.

Selection of candidate projects for funding shall be in accordance with Board Of Supervisors Minute Order dated 4/27/1999 (3.35)
