BACKGROUND:

Summary

The requested Board action will approve a Memorandum of Understanding (MOU) with Moreno Valley SNF, LLC to use additional bed space within the Rancho Bellagio Skilled Nursing Facility (SNF), located adjacent to the Riverside University Health System (RUHS) Medical Center campus in Moreno Valley, under the "hospitals without walls" policy adopted by the Centers for Medicare and Medicaid Services (CMS).

The global pandemic of COVID-19 disease, also known as "Novel Coronavirus" has affected more than a million individuals worldwide and more than 1,900 individuals in Riverside County, creating an immediate need for more healthcare services to provide them.

RUHS is required to secure additional beds to care for patients afflicted by both COVID-19 disease and other medical conditions. Under the "hospitals without walls" policy adopted by CMS in connection with the public health emergency, and regulatory permission in effect in the state of California, it identified the Rancho Bellagio facility as suitable for handling patients during the expected "surge" of critical cases that will require hospitalization.

Moreno Valley SNF, LLC is the leaseholder of a 99-bed SNF located on land adjacent to the Riverside University Health System Medical Center that was recently relicensed and surveyed by the California Department of Public Health but without patients. Under this MOU, RUHS Medical Center and Clinics would provide staff to give direct care to the patients admitted to all 99 of these beds. In addition to providing access to their facility and use of beds and other equipment in it, under this MOU, Moreno Valley SNF, LLC will also provide ancillary labor that will assist in patient care to such as:

- Registered Dietician at one (1) FTE,
- Dietary Services,
- Laundry Services,
- Housekeeping Services,
- Waste Management Services,
- Maintenance Services, and
- Admissions Support Services

On April 20, 2020, the County of Riverside, on behalf of Riverside University Health System-Medical Center notified Moreno Valley SNF, LLC that the County of Riverside will be terminating the license to use the skilled nursing facility in accordance with Paragraph 1.B of the MOU and the facility will be returned to Moreno Valley SNF, LLC as the immediate services were met. The contract amount for this MOU was budgeted at \$13,365,000. Upon termination of the MOU, the County of Riverside on behalf of Riverside University Health System-Medical Center did not utilize the full amount. Of the \$13,365,000, only \$1,073,600 was expensed for COVID-related services. The contract terminated on May 4, 2020.

Impact on Citizens and Businesses

RUHS is committed to providing its patients and the community with the safest environment of care possible, even in circumstances such as the present pandemic. This MOU provides access to a presently unused facility which is designed for patient care. Being able to move patients into an existing, equipped facility with ancillary support staff also greatly speeds up the process of making the space available and the semi-private rooms are a substantial improvement over other types of temporary "wards" which are being considered to meet this need.

The Rancho Bellagio Skilled Nursing Facility (SNF) has already served as a location for the emergency care of patients that were removed from the Magnolia Rehabilitation and Nursing Center facility in the City of Riverside on April 8, 2020.

Contract History and Price Reasonableness

This Memorandum of Understanding with Moreno Valley SNF, LLC was established in support of efforts towards COVID-19 disease to allow access to a facility to utilize additional beds as the number of patients affected by COVID-19 rises.

The Agreement is effective April 9, 2020 and shall terminate on the date that is 180 days from the effective date or earlier if the need for the beds abates. The MOU contains a two week "no cause" termination provision. Should the County remain in the state of government-declared state of emergency upon reaching the end of the initial 180-day term, the County has the right to extend services for an additional 180 days. The amount for both terms shall not exceed \$13,365,000. The per bed / per day rates have been determined to be fair market by comparison to Medicare and managed care reimbursement rates and are as follows:

- I) Facility rooms (43-beds) piped with oxygen:
 - a. \$750 per day for beds occupied at midnight
 - b. \$400 per day for beds unoccupied at midnight
- II) Facility rooms (56-beds) not piped with oxygen:
 - a. \$500 per day for beds occupied at midnight*
 - b. \$400 per day for beds unoccupied at midnight

**SUBMITTAL TO THE RIVERSIDE UNIVERSITY HEALTH
SYSTEM MEDICAL CENTER GOVERNING BOARD OF DIRECTORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

*County shall reimburse an additional \$250 per day if reimbursement received from payor source.

This expense will be offset by reimbursement received from CARES (Coronavirus Aid, Relief, and Economic Security) Act funds as available.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (this "Agreement"), dated as of the date of the last signature as set forth on the signature page hereof, and effective as of April 9, 2020 (the "Effective Date"), is by and between Moreno Valley SNF, LLC, a California limited liability company ("RB"), and the County of Riverside, a political subdivision of the State of California, on behalf of Riverside University Health System ("RUHS").

RECITALS

WHEREAS, as of the date hereof the United States, including the State of California, are under a public health emergency related to the COVID-19 ongoing pandemic.

WHEREAS, RUHS desires to secure the right to utilize additional beds to care for its patients under the "hospitals without walls" policy adopted by the Centers for Medicare and Medicaid Services ("CMS") in connection with the public health emergency, and similar regulatory permissions in effect in the State of California.

WHEREAS, RB is the leaseholder of a 99-bed skilled nursing facility (the "Facility") located at 26940 Hospital Dr., Moreno Valley, CA 92555, which is commonly known as "Rancho Bellagio Post Acute" and is located on land adjacent to the general acute care hospital owned and operated by the County of Riverside (the "Hospital"), and RB desires to facilitate RUHS's access to additional beds on the terms and conditions set forth herein.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing, and for other good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, the parties hereto hereby agree as follows:

1. Term of Agreement.

- a. This Agreement is effective as of the Effective Date and shall terminate on the date that is one hundred eighty (180) days from the Effective Date unless it is earlier terminated, or extended, as set forth herein. The period from the Effective Date through the date of termination of this Agreement (the "Termination Date") is referred to herein as the "Term." Notwithstanding the foregoing, if the County of Riverside remains in a government-declared state of emergency as of the date that is one hundred eighty (180) days from the Effective Date, and RUHS has not previously terminated this Agreement as provided herein, RUHS shall have the right, on written notice delivered to RB, to extend the term of this Agreement for any period up to one (1) year from the Effective Date.

- b. Notwithstanding anything in this Agreement to the contrary, but subject to the condition set forth in section 1(d) below, RUHS shall have the right to terminate this Agreement at any time upon delivery of ten (10) business days written notice to RB.
- c. Notwithstanding anything in this Agreement to the contrary, RB may terminate this Agreement on written notice to RUHS in the event of a material violation of this Agreement by RUHS which is not cured to the reasonable satisfaction of RB within ten (10) business days of delivery of written notice thereof.
- d. Upon termination of this Agreement, RUHS shall safely relocate all patients in the Facility either to the Hospital or to another care setting designated by RUHS (in consultation with its medical staff and the applicable patients).
- e. Notwithstanding anything herein to the contrary, the Term shall not end, and this Agreement shall remain in effect, until RUHS has (i) relocated all patients as provided in section 1(d) hereof, (ii) has caused the Facility to be disinfected (at RUHS's expense), consistent with applicable CDC or other governmental guidance, following the relocation of such patients, and (iii) has returned possession of the Facility to RB in good and operable condition for use as a skilled nursing facility, ordinary wear and tear excepted; provided, however, that with respect to the foregoing clause (i) specific patients (as mutually identified by RB and RUHS) may be permitted to stay at the Facility (so long as such patients consent thereto, and enter into standard admission agreements and related customary paperwork with RB so that RB may care for them, under RB's license, following the completion of the Term), and if such arrangements are made then the parties shall cooperate in good faith to accomplish the disinfection of the facility as contemplated in clause (ii) above in a mutually satisfactory manner.
- f. Notwithstanding anything in this Agreement to the contrary, RB acknowledges that it has received informal written assurance from the California Department of Public Health ("CDPH") that the use of the Facility by RUHS as contemplated herein will not jeopardize RB's ability to resume operation of the Facility as a skilled nursing facility under RB's current licenses, certifications and enrollments, and without the need to undergo inspection, certification or change of ownership, following the completion of the Term. However, if RB is subsequently informed by CDPH that the foregoing informal assurance is no longer valid, or if the foregoing informal assurance is subsequently revoked or otherwise materially called into question by actions or announcements of applicable government authorities, then RB shall have the right to end the Term on ten (10) business days written notice to RUHS; provided, however, that RUHS shall be permitted, at its option and expense, to seek to obtain the reinstatement or reaffirmation of such assurance (or the substance thereof, as applicable) by

applicable government authorities, and if it is able to obtain the foregoing then the Term shall continue, subject to the other terms and conditions of this Agreement, so long as such assurance remains in effect.

2. Facility Use and Use Fees.

- a. During the Term, RUHS shall have the right to access and use the Facility to care for its patients and to conduct other activities in connection therewith, as determined in its professional judgment and subject to applicable law.
- b. All patient care provided by RUHS at the Facility shall be carried out by employees or contractors of RUHS, and shall be the exclusive responsibility of RUHS (i.e., RB shall have no responsibility or liability therefor, except as expressly provided for under this Agreement). All patients treated by RUHS at the Facility shall be treated under RUHS's applicable healthcare license(s) and not RB's license(s), pursuant to terms and conditions between the applicable patients and RUHS. RUHS shall comply with, and shall be solely responsible for complying with, all applicable laws, regulations, hospital conditions of participation and contractual requirements (or waivers thereof) in connection with the provision of patient care in the Facility.
- c. During the Term, RUHS shall pay to RB the following fees (the "Use Fees"):
 - i. For the "A Wing" of the Facility (i.e., the wing of the Facility with the 43 total beds currently piped with oxygen):
 - 1. Seven Hundred Fifty Dollars (\$750) per day per occupied bed at midnight; and
 - 2. Four Hundred Dollars (\$400) per day per unoccupied bed at midnight;
 - ii. For the "B Wing" and "C Wing" of the Facility (i.e., the wings of the Facility with the 56 total beds currently not piped with oxygen):
 - 1. Five Hundred Dollars (\$500) per day per occupied bed at midnight, subject to potential additional payment as provided in section 2(c)(ii)(3) below;
 - 2. Four Hundred Dollars (\$400) per day per unoccupied bed at midnight;
 - 3. RUHS will use its commercially reasonable efforts to bill applicable payer sources for the services it renders to each patient that

occupies a bed in the "B Wing" and "C Wing" of the Facility, to the extent permitted by applicable law, rule, regulation, emergency governmental decree or declaration, and other payer source guidance. If RUHS bills for such a patient and receives more than \$500 per day in reimbursement (regardless of how much more than \$500 per day), RUHS will pay an additional two hundred fifty dollars (\$250) to RB for each day the bed was used by that reimbursed patient for a total reimbursement of \$750 per reimbursed day. RUHS will pay such additional reimbursement within ten (10) business days of receiving reimbursement from a payor. The parties shall work in good faith to resolve any logistical or other differences that may arise with respect to giving effect to this provision.

- iii. A bed shall be deemed to be occupied if it is occupied at midnight by a patient of RUHS.
- d. To the extent permitted by applicable law, RUHS may increase the number of beds in the Facility beyond the ninety-nine (99) beds that the Facility is presently licensed to operate as a skilled nursing facility. If RUHS increases the number of beds, however, it shall provide prompt written notice thereof to RB, and the Use Fees provided for hereunder shall be calculated on such increased number of beds. If RUHS increases the number of beds beyond ninety-nine (99), and then subsequently reduces the number of beds, RUHS shall provide RB with prompt written notice thereof, and the Use Fees provided for hereunder shall be calculated on such reduced number of beds; provided, however, that no such reduction shall reduce the number of beds below ninety-nine (99).
- e. RUHS shall pay the applicable Use Fees to RB each month during the Term, on a semi-monthly basis. Use Fee payments shall be due and payable in full on the fifth (5th) business day after the 15th of the month for days one (1) through fifteen (15) of that month, and on the fifth (5th) business day of the next month for days sixteen (16) through the remainder of the prior month. Fee payments shall be accompanied by, or preceded by, an accounting by RUHS of the occupied/unoccupied bed breakdown for the particular pay period, which, upon written request by RB, shall be certified by an officer of RUHS.
- f. Use Fees not paid in full within three (3) business days after the date on which such Use Fees become due and payable hereunder shall accrue interest at the rate of five percent (5%) per annum, compounded daily, until the outstanding amount owed is paid in full.

- g. Use Fees payable hereunder shall be paid by wire or other electronic transfer of immediately available funds to a bank account designated in writing by RB to RUHS.
- h. If RUHS employees or contractors, pursuant to section 5(d) below, provide services that RB is to provide under this Agreement then RUHS may offset set RUHS employee salary and benefit expense costs against any Use Fees provided it simultaneously provides a detailed accounting of those costs and identifies both the person providing services and dates and times of service. RUHS will provide RB with advance written notice before assigning any such person to duties that will be subject to offset as provided in this paragraph, and RUHS shall at its option be permitted to replace such person's provision of services hereunder with RB Supplied Personnel (as defined below) at any time.
- i. Access to and use of the Facility, and all other aspects of the Facility that are subject to the terms of this Agreement (including any equipment provided by RB in the Facility), are provided by RB to RUHS on an "as is, where is" basis (with each party recognizing that the Facility is a newly-built facility and has not, prior to the Effective Date, been operational other than on a limited basis in connection with RB obtaining a skilled nursing facility license for the Facility), and RB makes no representations or warranties with respect thereto, including as to their fitness for any particular purpose. RUHS shall not make any modifications to the Facility or the equipment provided by RB without the prior written consent of RB, which RB may give or withhold in its discretion. RUHS has determined, on or prior to the Effective Date, that the Facility satisfies RUHS's environment of care standards, and, aside from construction defects or other physical defects in the physical plant of the Facility and its essential systems (plumbing, electrical, HVAC, roof, etc.), RUHS shall be responsible for maintaining the Facility (including conducting repairs of any issue that arises with respect to the Facility on or after the Effective Date aside from construction defects or other physical defects as described above) that causes the Facility to no longer satisfy RUHS's environment of care standards. For the avoidance of doubt, and notwithstanding anything to the contrary in this Agreement: (i) RUHS shall only be responsible for bearing the cost of any physical plant repairs and replacements that RUHS is obligated to make under this Agreement, and RB will be responsible for arranging the repair or replacement itself; and (ii), with respect to the foregoing clause (i), the parties will work together in good faith to determine mutually acceptable reasonable payment logistics as and when the need arises.
- j. Upon the conclusion of the Term, RUHS shall return the Facility to RB in good, sanitary and operable condition for use as a skilled nursing facility, ordinary wear and tear excepted. RUHS shall be responsible for repairing or replacing any damage caused to the Facility during the Term, excepting ordinary wear and

tear, and for removing all equipment and supplies brought into the Facility. RUHS has made its own investigation of the condition of the Facility on or before the Effective Date, and has determined that the facility is in good, sanitary and operable condition for use in the manner that RUHS will use it pursuant to the terms of this Agreement.

- k. RB will bear the cost of utility services (gas, water, electricity, sewage, phone, Internet, trash pickup) at the Facility during the Term. RB will also arrange and bear the cost of oxygen used at the Facility through the piped oxygen system currently installed at the Facility, and will use its reasonable best efforts to ensure that such piped oxygen system, as well as the suction regulation system currently installed at the Facility, remain functional in each room that those systems service throughout the Term. RB will also bear the cost of maintenance on such piped oxygen system and suction regulation system to keep them functional during the Term. RB will provide and maintain oxygen flowmeters and suction regulators at each of the 43 current beds in the "A Wing" where oxygen is ordered for a patient. If RUHS has any concerns about the utilities being delivered to the Facility, or about the piped oxygen system or the suction regulation system, it will promptly raise those concerns with RB and the parties will cooperate in good faith to promptly address them to each party's satisfaction.
3. Training. RUHS shall be responsible for providing training to all RUHS employees and contractors, and RB employees and contractors who provide services to RUHS and its patients pursuant to this Agreement, with respect to infection control and other COVID-19 safety protocols recommended by the CDC and other applicable governmental authorities, consistent with such trainings provided or required to be provided to RUHS employees at the Hospital.
4. Supplies and Equipment.
- a. RUHS shall be responsible for providing, at its expense, all supplies, including without limitation personal protective equipment ("PPE"), required by RUHS's use of the Facility, including without limitation such supplies and PPE as the employees and contractors of RB who provide services to RUHS and its patients hereunder, may need in order to provide such services hereunder.
 - b. Subject to section 4(c) below, RUHS shall be responsible for providing any equipment, including without limitation ventilators, cardiac monitors and other medical equipment, as RUHS may need or desire in connection with its use of the Facility. RUHS shall retain title (vis a vis RB) to any and all such equipment at the conclusion of the Term, and shall make arrangements to have all such equipment removed from the Facility by the conclusion of the Term.

- c. RUHS shall be permitted to use, without any additional fee, any equipment, including without limitation beds, that are on-site at the Facility as of the Effective Date (title to which shall retained by RB); provided, however, that RUHS shall return such equipment to RB in good and operable condition, ordinary wear and tear excepted, at the conclusion of the Term, and shall promptly replace any such equipment that is damaged, lost or stolen during the Term. The parties agree that the inventory attached hereto as Exhibit A is an accurate and complete listing of the equipment present at the beginning of the term.

5. RB Provision of Ancillary Labor.

- a. RB shall use its reasonable best efforts to provide employees, or independent contractors, of RB to provide reasonable and customary services (in both manager and line staff roles, as applicable) in the following functional areas at the Facility during the Term, to assist RUHS in its provision of services to its patients as contemplated herein (collectively, the “RB Supplied Personnel”):
 - i. Registered Dietitian (1 FTE)
 - ii. Dietary Services
 - iii. Laundry Services
 - iv. Housekeeping Services
 - v. Waste Management Services
 - vi. Maintenance Services
 - vii. Admission Support Services
- b. The number of full time equivalents (“FTEs”) serving as RB Supplied Personnel in each of the foregoing roles shall be determined by the good faith agreement of the parties from time to time, taking into account the occupancy level and overall acuity level and needs of the RUHS patients at the Facility at any given time. The number may fluctuate based on the foregoing and other considerations the parties may mutually deem relevant.
- c. Compensation and benefits, as applicable, of all RB Supplied Personnel shall be the sole responsibility of RB and RUHS shall have no liability therefor. RB shall remain the sole statutory employer for all employees of RB, and RUHS shall not be deemed to be a joint employer therefor. RB shall retain control over RB Supplied Personnel, as well as the right to hire and fire any such individuals. RB shall not terminate or replace any such RB Supplied Personnel without first consulting with RUHS.
- d. If RB is unable, despite its reasonable best efforts, to hire or retain any particular RB Supplied Personnel, and such role(s) remain unfilled for any particular period of time, RB shall have no liability to RUHS for such role(s) being unfilled, and RUHS shall be responsible for locating and referring to RB individuals to fill such

role(s). If RUHS chooses to have that individual be hired by RB, then the cost of such individual's wages and benefits shall be borne by RB, but if the individual is an RUHS employee, their wages and benefits shall remain the responsibility of RUHS subject to offset as set forth in section 2(h) above. Except as provided in this section 5(d), the costs of wages and benefits of all RB Supplied Personnel shall be borne solely by RB.

- e. If RUHS is dissatisfied with any particular RB Supplied Personnel for any lawful reason, it shall notify RB thereof in writing, and RB shall use its reasonable best efforts to replace the applicable individual(s) with other individual(s) as soon as practicable.
- f. Personnel of RB may enter the Facility at any time without restriction for any purpose that RB deems necessary in order to fulfill its obligations or protect its interests under this Agreement, provided that such RB personnel comply with all infection control practices in place at the Facility at the time of their entrance.
- g. In addition to RB providing the RB Supplied Personnel as provided herein, RB will also provide RUHS with administrative guidance and advice regarding skilled nursing facility operations from time to time as requested by RUHS, at no extra charge to RUHS.

6. Indemnification; Insurance.

- a. RUHS shall indemnify, defend and hold harmless RB, as well as RB's officers, directors, employees, owners, subsidiaries and affiliates, from and against any and all claims, costs, liabilities and damages whatsoever arising or accruing as a result of or in connection with acts and/or omissions of RUHS (including without limitation RUHS's employees, agents and contractors) in connection with RUHS's operations at the Facility or the termination of such operations, as a result of claims by patients, employees, contractors or vendors of RUHS, or otherwise, including claims of employees and contractors of RB who provide services to RUHS and its patients at the Facility pursuant to the terms of this Agreement (excluding any claims for alleged wage and hour violations, which shall remain the responsibility of RB).
- b. RB shall indemnify, defend and hold harmless RUHS, as well as RUHS's officers, directors, employees, owners, subsidiaries and affiliates, from and against any and all claims, costs, liabilities and damages whatsoever arising or accruing as a result of or in connection with the gross negligence, intentional misconduct or willful misconduct of RB (including without limitation RB's employees, agents and contractors) and for any claim by an RB employee or contractor that RUHS is his or her employer during the term of this Agreement.

- c. As used in this section 7, the term “County” refers to the County of Riverside, its Agencies, Districts, Special Districts, and Departments, their respective directors, officers, Board of Supervisors, employees, elected or appointed officials, agents or representatives as additional insureds. For the avoidance of doubt, by its signature below, RUHS is also binding County to the provisions of this section 7 that are applicable to County.
- d. County shall maintain usual and customary general and professional liability insurance, employment practices liability insurance, and workers compensation insurance (collectively, the “Insurance”) during the Term. The Insurance shall duly cover County’s activities at the Facility during the Term, shall have coverage amounts that are equal to or greater than the coverage amounts with respect to County’s activities at the Hospital, and shall include that it is the intent of the Hospital to treat RB as an additional insured under the Hospital self-insured program. County shall provide RB with a certificate of insurance, reflecting the intent to treat RB as an additional insured for general liability, upon written request by RB. If the Insurance (or the relevant portion thereof) is on a “claims made” basis, then if County terminates such insurance at any point, and does not purchase replacement insurance that would otherwise satisfy the terms of this paragraph and provide coverage to RB with respect to County’s acts or omissions during the Term, then County shall purchase a tail insurance policy that covers the period from the end of the Term through at least three years thereafter. County may meet these insurance requirements through its program of self-insurance.
- e. RB shall maintain usual and customary general and professional liability insurance, employment practices liability insurance, and workers compensation insurance (collectively, the “RB Insurance”) during the Term. The RB Insurance shall duly cover RB’s activities at the Facility during the Term and shall name County as (or state the intent to treat County as) an additional insured for general liability and provide a waiver of subrogation for workers’ compensation. RB shall provide County with a certificate of insurance, reflecting County as (or state the intent to treat County as) an additional insured, upon written request by County. If the RB Insurance (or the relevant portion thereof) is on a “claims made” basis, then if RB terminates such insurance at any point, and does not purchase replacement insurance that would otherwise satisfy the terms of this paragraph and provide coverage to County with respect to RB’s acts or omissions during the Term, then RB shall purchase a tail insurance policy that covers the period from the end of the Term through at least three years thereafter. RB may meet these insurance requirements through a program of self-insurance
- f. The parties recognize that, during the term of this Agreement and for a period thereafter, certain risk management issues, legal issues, claims or causes of action may arise that involve or could potentially involve the Parties and their respective

employees and agents. The parties further recognize the importance of cooperating with each other when such issues, claims or causes of action arise, to the extent such cooperation does not violate any applicable laws, cause the breach of any duties created by any policies of insurance or programs of self-insurance, or otherwise compromise the confidentiality of communications or information regarding the issues, claims or causes of action. The parties shall, therefore, use reasonable efforts to address such risk management claims or causes of action in a cooperative manner.

- g. Each party hereto hereby represents and warrants to the other party that the first party has all necessary power and authority to enter into the agreements set forth in this section 6, and that such agreements are binding on and enforceable against such first party.
7. Notices. Any notice required to be provided under this Agreement shall be provided via nationally recognized overnight courier service or email, to the following addresses, and in each case shall be deemed to have been delivered to the recipient on the date such delivery is confirmed by the applicable courier service, or duly sent to the applicable email address noted below. Either party may change or update its notice addresses at any time by written notice to the other party as provided herein.

Exhibit B
FEDERAL CONTRACT PROVISIONS

To the extent applicable, the following federal contract provisions required under 2 C.F.R § 200.326 and 2 C.F.R. Part 200, Appendix II are hereby fully incorporated herein and made a part of the Agreement, and all references to this Agreement shall include the following provisions. In the event of any inconsistency or redundancy between the Agreement and these provisions, these provisions shall control. As used in these provisions, "the contractor" is Moreno Valley SNF, LLC, a California limited liability company, the "County" is the County of Riverside, a political subdivision of the state of California, and "the contract" is the Agreement. All capitalized terms used herein without definition shall have the same meaning as set forth in 41 C.F.R. Part 60.

1. REMEDIES

If any services performed or products provided by contractor are not in conformance with the terms of this Agreement, the County shall have the right to require the contractor to perform the services or provide the products in conformance with the terms of the Agreement at no additional cost to the County. When the services to be performed or the products to be provided are of such nature that the difference cannot be corrected; the County shall have the right to: (1) require the contractor immediately to take all necessary steps to ensure future performance in conformity with the terms of the Agreement; and/or (2) reduce the Agreement price to reflect the reduced value of the services performed or products provided. The County may also terminate this Agreement for default and charge to contractor any costs incurred by the COUNTY because of the contractor's failure to perform. The rights and remedies of County provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or this Agreement.

2. TERMINATION FOR CAUSE AND CONVENIENCE

- (a) County may terminate this Agreement without cause upon fourteen (14) days written notice served upon the contractor stating the extent and effective date of termination.
- (b) County's obligation for payment of this Agreement beyond the current fiscal year end, June 30th, is contingent upon and limited by the availability of County funding from which payment can be made. No legal liability on the part of County shall arise for payment beyond June 30th of each calendar year unless funds are made available for such payment. In the event such funds are not forth coming for any reason, County shall immediately notify the contractor in writing and this Agreement shall be deemed terminated, having no further force or effect.

3. EQUAL EMPLOYMENT OPPORTUNITY

During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- (3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
- (4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

- (6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information

as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.
