BACKGROUND:

Summary

The annual Riverside County Agricultural Production Report is produced in accordance with Section 2279 of the California Department of Food and Agricultural Code and summarizes the acreage, production and valuation of our county's agricultural commodities. The Agricultural Commissioner is privileged to submit to you all the 2019 Crop Report.

The gross value of all agricultural crops produced during 2019 in Riverside County is 1.3 billion dollars, the report includes more than 120 different commodities grown in the county and represents an increase of 23.5% in nursery production, and 9.1% increase in tree and vine production.

RIVERSIDE COUNTY AGRICULTURAL COMMISSIONER'S OFFICE

RUBEN J. ARROYO
AGRICULTURAL COMMISSIONER
SEALER OF WEIGHTS AND MEASURES

Karen Ross, Secretary
California Department of Food and Agriculture
and

The Honorable Board of Supervisors of Riverside County
Kevin Jeffries, Chairman, District 1
Karen Spiegel, District 2
Chuck Washington, District 3
V. Manuel Perez, District 4
Jeff Hewitt, District 5

It is my privilege to submit the 2019 Riverside County Agricultural Production Report. This report is produced in accordance with Section 2279 of the California Food and Agricultural Code, and summarizes the acreage, production and valuation of our County's agricultural commodities.

The gross value of all agricultural crops produced during 2019 in Riverside County is **\$1,355,756,000** . This total represents an increase of \$35 million (4.4%) from last year's total value. The largest increase (87.5%) was seen in feild and seed production followed by nursery production (23.5%) while citrus crops saw a 28.6% drop in value.

Using historical economic values, the total agricultural contribution to Riverside County's economy is approximately \$3.9 billion.

This report is our yearly opportunity to recognize the growers, shippers, ranchers and other businesses instrumental to and supportive of agriculture in Riverside County. As such, I would like to extend my thanks and appreciation to the industry for their continued efforts in providing the vital information that enables the compilation of this report. Special recognition goes to the Agricultural Commissioner's staff for their efforts in the production of this year's report.

Respectfully submitted,

Ruben J. Arroyo
Agricultural Commissioner
Sealer of Weights and Measures

FIVE YEAR COMPARISON

<i>Bradybaena similaris</i>	Snail	B	2

PEST INTERCEPTIONS - 2018

Pest Rating Designations

"A" is an organism of known economic importance subject to state (or County Agricultural Commissioner) enforcement action.

"B" is an organism of known economic importance subject to enforcement action at the discretion of the County Agricultural Commissioner.

"Q" is an organism suspected to be of economic importance but its status is uncertain because of incomplete or inadequate information.

PEST INTERCEPTION SUMMARY 2015 - 2019
