C.E.O. RECOMMENDATION: Approve

BACKGROUND:

The Human Resources Department (HR) recognizes the value of a highly qualified and talented workforce and superior support services. In FY 2021/22, HR will continue to focus on improving service efficiency and cost effectiveness, the application of LEAN methods for process improvement, metrics for decision making, marketing and communication, onboarding and orientation, and improved collaboration with stakeholders. HR will also continue to monitor the changing healthcare landscape and adjust as needed.

The proposed FY 2021/22 HR General Support Services (GSS) Rate has decreased slightly from the current FY20/21 GSS Rate, from a total cost of \$27,264,452 to \$27,174,881. A summary of services that are included in this cost pool is presented in Attachment A.

HR's GSS Rate is calculated to recover costs associated with the provision of core human resources services as specified in Attachment A. HR operates as a General Support Service and must recover its operating costs through charges to customers that are in line with industry benchmarks while maintaining high quality services. HR compared its proposed rates to industry benchmarks for both government agencies and private industry and confirmed the proposed FY21/22 GSS Rate is consistently priced lower than market benchmarks in all areas.

The GSS cost pool is allocated to Departments based on three measures of service: number of filled permanent positions as of October 2020, number of recruiting services performed in FY19-20, and number of temporary full-time equivalent (FTE) staff in FY19-20. Although the overall GSS cost pool has decreased slightly, Departments will experience changes in their specific allocation based on year-to-year changes in their staffing and HR service levels.

Impact on Residents and Businesses

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

There is no direct impact on residents and businesses as these rates are internal to County departments.

SUPPLEMENTAL:

Additional Fiscal Information

In 2020, Human Resources (HR) proactively undertook a major effort to implement substantial improvements to its General Support Services (GSS) rate methodology in order to ensure fair and equitable allocation of costs in a manner that more accurately reflected the actual level of services provided to each department.

In October 2020 the Board of Supervisors approved the revision of HR's GSS rate for FY2020/21 using this new methodology, with the understanding that additional refinements would be implemented in future years as HR was able to accumulate previously unavailable cost data and service activity statistics

During their review of HR's proposed FY2021/22 GSS rate, the ACO noted an opportunity to further improve the allocation methodology with respect to the distribution of the administrative overhead and recruiting cost pools to fully ensure fair allocations to all departments. HR and ACO will work together to implement these improvements using available cost data and service usage statistics beginning with the FY2022/23 HR GSS rate.

Departmental HR GSS Rate allocations, plus a comparison to the prior year's rate and allocations, is presented in Attachment B.
