BACKGROUND:

Summary

The County's recorded and filed documents are permanent records. State of California (Government Code 26205.5) charges the Recorder for maintaining all recordations as permanent records.

The preservation medium of choice for these records is 16mm silver microfilm. For the film to meet the requirement for 500-year life expectancy rating, the Assessor-County Clerk-Recorder (ACR) needs to outsource the microfilm process. Kofile Technologies, Inc. will provide microfilming services for creating 16mm microfilm rolls of the ACR's Official and Vital records from electronic format to microfilm using the Brown Toning process to extend the life of the microfilm and protect the film against contamination. This protection is required to ensure that the microfilm does not deteriorate. In addition, Kofile Technologies, Inc. performs image validation to ensure that all the images being written to microfilm are complete, correct to image size, and have the correct scanning resolution and format. This image verification will save the county from incurring additional costs associated with rewriting the images.

Kofile Technologies, Inc. follows the American National Standards Institute (ANSI) and Association for Information and Image Management (AIIM) Industry standards and they are experts in the field of microfilm/imaging conversion and creation.

Impact on Residents and Businesses

ACR is required by the State of California (Government Code Sections 27230 et. Seq.) to prepare an index of various documents presented for recording of filing in a timely manner. The County utilizes a variety of document conversion and duplication services to support these laws as well as their current and future information management plans.

By subcontracting these services, the County can save on the cost of equipment purchasing, maintenance, and support services. Another advantage is not having to handle and store hazardous materials on-site.

Additional Fiscal Information

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

The Agreement cost is based on the price per image; however, if the recording volume increases, the annual cost may increase. ACR has requested authorization to amend the compensation by up to ten percent of the total compensation amount in the event that recording volume increases. Revenue for these services is generated by fees charged to the public for recording documents.

Contract History and Price Reasonableness

The Purchasing Department on behalf of the ACR issued Request for Proposal (RFP) ASARC-125 for Microfilming Services. The RFP notification was viewed by 48 vendors and a total of 3 proposal were received. The proposals were carefully reviewed by an evaluation team consisting of personnel from the ACR. Each bid response was evaluated based on the criteria set forth in the RFP: bidder's proposal response, bidder's qualifications and experience, bidder's technical capability and project methodology, the quantity and locations of bidder's facilities, overall cost to the County, references with demonstrated success with similar work to the Scope of Services, bidder's financial status, clarifications/exceptions/deviations, credentials/resumes/licenses/certifications, and samples submitted by bidder.

Two of the three bidders were disqualified during the evaluation due to low technical scores. Based on the final bidder's experience, qualifications, and ability to meet the County's requirements, the evaluation team recommends awarding the contract to Kofile Technologies, Inc., the most responsive and responsible bidder.

4.2 Any claim by the CONTRACTOR for additional payment related to this Agreement shall be made in writing by the CONTRACTOR within 30 days of when the CONTRACTOR has or should have notice of any actual or claimed change in the work, which results in additional and unanticipated cost to the CONTRACTOR. If the COUNTY Purchasing Agent decides that the facts provide sufficient justification, he may authorize additional payment to the CONTRACTOR pursuant to the claim. Any legal action related to the performance or interpretation of this Agreement shall be filed only in the Superior Court of the State of California located in Riverside, California, and the parties waive any provision of law providing for a change of venue to another location. In the event any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions will nevertheless continue in full force without being impaired or invalidated in any way.

23.12 This Agreement, including any attachments or exhibits, constitutes the entire Agreement of the parties with respect to its subject matter and supersedes all prior and contemporaneous representations, proposals, discussions and communications, whether oral or in writing.
