

**SUBMITTAL TO THE FLOOD CONTROL AND
WATER CONSERVATION DISTRICT
BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

ITEM: 11.4
(ID # 14462)

MEETING DATE:

Tuesday, March 02, 2021

FROM: FLOOD CONTROL DISTRICT:

SUBJECT: FLOOD CONTROL DISTRICT: Approval of the Specifications and Contract Documents; Authorize to Advertise for Bids for the Romoland MDP Line A-3, Stages 2 and 3, Project No. 4-0-00431, Nothing Further is Required Under CEQA, District 5. [\$0] (CLERK TO ADVERTISE)

RECOMMENDED MOTION: That the Board of Supervisors:

1. Finds that nothing further is required under California Environmental Quality Act ("CEQA") for the approval of the Plans and Specifications and Contract Documents because any potential significant effects have been adequately analyzed in the CEQA Addendum adopted by this Board on November 3, 2020 (Item 11.3);
2. Approve the Romoland MDP Line A-3, Stages 2 and 3 project ("Project") and authorize the Riverside County Flood Control and Water Conservation District ("District") to proceed with the Project;
3. Approve the Plans and Specifications and Contract Documents for the Project;
4. Authorize the Clerk of the Board to advertise the Project for construction contract bids to be received by the District office located at 1995 Market Street, Riverside, CA 92501, up to the hour of 2:00 p.m. on Wednesday, April 7, 2021 at which time bids will be opened; and
5. Direct the Clerk of the Board to return all four (4) copies of the executed Romoland MDP Line A-3, Stages 2 and 3 Specifications and Contract Documents books to the District.

ACTION:

Jason Uhley, GENERAL MGR-CHF FLD CNTRL ENG

1/27/2021

MINUTES OF THE BOARD OF SUPERVISORS

On motion of Supervisor Jeffries, seconded by Supervisor Hewitt and duly carried by unanimous vote, IT WAS ORDERED that the above matter is approved as recommended.

Ayes: Jeffries, Spiegel, Washington, Perez, and Hewitt
Nays: None
Absent: None
Date: March 2, 2021
xc: Flood, COB

Kecia R. Harper

C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

This Project will construct Line A-3, Stages 2 and 3, which is part of the previously approved Romoland Master Drainage Plan (MDP) in which Stage 1 of Line A-3 was already constructed near Case Road in Palomar Road. The Project will ultimately protect existing neighborhoods and properties south of Varela Lane and east of Palomar Road once Stages 4 and 5 are constructed.

On November 3, 2020, Minute Order 11.3 (MT# 13625), the Board of Supervisors for the District approved the CEQA Addendum for the Homeland/Romoland MDP's Final Environmental Impact Report (FEIR) and found the Project does not have a significant effect on the environment and that none of the conditions described in State CEQA Guidelines Section 15162 exist, and the Project is in compliance with the Western Riverside County Multiple Species Habitat Conservation Plan. The Plans and Specifications and Contract Documents being approved today are implementing what was evaluated and are consistent with the Project as approved by the Board, therefore, nothing further is required under CEQA.

Also on November 3, 2020, Minute Order 11.3 (MT# 13625), the Board of Supervisors for the District approved the Cooperative Agreement between the District and the City of Menifee for the Project. The Cooperative Agreement sets forth the terms and conditions by which the District and the City of Menifee have agreed upon on the design, construction, maintenance and funding of the Project.

The contract documents have been approved as to form by County Counsel. A brief project description and location map is attached.

Prev. Agn. Ref.: MT# 13625, 11.3 of 11/03/2020

Impact on Residents and Businesses

Improved flood protection and public safety in the project vicinity.

Additional Fiscal Information

**SUBMITTAL TO THE FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD
OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

The action on this Form 11 merely approves the Plans and Specifications and Contract Documents identifying the proposed work, as well as authorizes the Clerk of the Board to advertise said contract documents. No expenses will be incurred as a result of this action.

Contract History and Price Reasonableness

The Engineer's estimate for this Project is \$4,320,544; the action today, if approved, will authorize the District to pursue competitive bids through the California Public Works Contract Process. The District will then return to the Board of Supervisors to seek approval to award the Contract to the lowest responsive bidder.

Lead Agency (Same as above):

SUBJECT: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

State Clearinghouse Number (if submitted to State Clearinghouse): 2003111131

Project Title:

Romoland MDP Line A-3, Stage 2 (Line A-3 Stages 2 and 3)

Project Location:

Line A-3 Stages 2 and 3 is located within the city of Menifee, Riverside County, California. Stage 2 begins just south of the intersection of Case Road and Palomar Road and proceeds northerly within and adjacent to Palomar Road and ends near the intersection of Palomar Road and Varela Lane. Line A-3 Stages 2 and 3 is located within Township 5 South, Range 3 West, Sections 11 and 14 of the Romoland 7.5 Minute USGS Quadrangle. Refer to enclosed Exhibit 'A'.

Project Description:

Line A-3 Stages 2 and 3 is a part of the previously approved Romoland Master Drainage Plan (MDP). The District proposes to construct approximately 3,174 lineal feet of underground reinforced concrete box (12' wide by 6.5' high) and a sediment basin ("Line A-3 Stages 2 and 3"). The Stage 3 crossing of State Route 74 (SR 74) will be constructed separately by Caltrans as part of their SR 74 widening project. At its downstream terminus, Line A-3 Stage 2 will connect to the District's existing Romoland MDP Line A-3, Stage 1 facility.

In addition, a sediment catchment area is proposed at the downstream end of an ephemeral wash traversing properties to the east of Palomar Road. The sediment catchment area will be located just outside of the easterly Palomar Road right of way, within currently private property APN 331-220-035. The catchment will be constructed within approximately 0.28 acre of disturbed wash. The length of the sediment catchment facility is approximately 280 feet along the existing wash and approximately 60 feet wide with a total acreage of approximately 0.39 acre. Portions of the bottom and the sideslopes of the facility will be lined with concrete and riprap.

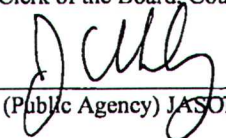

The project consists of the construction, right of way acquisitions, utility relocations and maintenance of Line A-3 Stages 2 and 3. This project is part of a larger Master Drainage Plan (MDP) system, which were then known as Proposed Phase 1 Facilities, that received project-specific analysis in the previously certified *Homeland Master Drainage Plan (Revision No. 1)*, *Romoland Master Drainage Plan (Revision No. 1)*, *Homeland/Romoland Area Drainage Plan (Amendment No. 1) Final EIR*.

An April 2020 Addendum to the Final EIR was prepared to address the Line A-3 Stages 2 and 3 modifications to the Proposed Phase 1 Facilities analyzed in the Final EIR. After evaluation of Line A-3 Stages 2 and 3, it was determined that none of the conditions described in Section 15162 of the CEQA Guidelines calling for the preparation of a subsequent MND or EIR have occurred, and further CEQA review is not required.

This is to advise that the Riverside County Flood Control and Water Conservation District has considered the Addendum and has (Lead Agency or Responsible Agency) approved the above described project on April 27, 2020 and has made the following determinations regarding the above described project:

1. An Addendum to the certified Final EIR was prepared for this project pursuant to the provisions of CEQA.
2. The project was previously found to have a significant impact on the environment.
3. Mitigation measures were made a condition of the previous approval of the project.
4. A statement of overriding considerations was previously adopted for the project.
5. Findings were previously made pursuant to the provisions of CEQA.

This is to certify that the Addendum, supporting documentation, and record of approval are available to the General Public at: Office of Clerk of the Board, County Administrative Center, 4080 Lemon Street, Riverside, CA 92501

NOTICE INVITING BIDS TO CONTRACTORS

Riverside County Flood Control and Water Conservation District hereinafter called "District", invites sealed proposals for construction of:

**Romoland MDP Line A-3, Stages 2 and 3
Project No. 4-0-00431
located in the city of Menifee
Riverside County, California**

On or after **March 2, 2021**, the Specifications and Contract Documents may be examined and obtained through www.ebidboard.com. The Specifications and Contract Documents may also be viewed at the District's office at 1995 Market Street, Riverside, California, and purchased from the District for **\$60.00** per set if picking up and **\$65.00** per set if requesting to be mailed. The Specifications and Contract Documents are also offered on CD-ROM for \$10.00 if picking up and \$15.00 if requesting to be mailed. No refunds.

Each proposal must be accompanied by a bid security in the form of a certified check, cashier's check or bid bond equal to ten percent (10%) of the amount bid, payable to the Riverside County Flood Control and Water Conservation District as a guarantee that the Contractor will, if awarded the contract, execute a satisfactory contract and furnish the required bonds and proof of insurance.

Bid Proposals must be placed in a sealed envelope clearly marked "Bid Proposal". Bid Proposals must be in accordance with the instructions and other Contract Documents and filed with the District by **2:00 p.m. on Wednesday, April 7, 2021** at 1995 Market Street, Riverside, California, which time and place are fixed for the public opening of bids.

Any questions, requests for information and requests for clarification or interpretation of the Specifications must be submitted in writing to the District attention:

Entcho Anguelov
Email: eanguelo@rivco.org
OR

Hard Copy: Riverside County Flood Control and Water Conservation District
1995 Market Street, Riverside, CA 92501
Attn: Entcho Anguelov

Questions or requests must be received **no later than 5:00 p.m. on Monday, March 29, 2021**.

Pursuant to Labor Code Section 1771.1, any Contractor bidding and subcontractors to be listed on a Bid Proposal are subject to Public Contract Code Section 4104 and shall not be eligible to bid unless currently registered with the Department of Industrial Relations and qualified to perform public works pursuant to Labor Code Section 1725.5. No Contractor or subcontractor may be awarded a public works project or enter into a Contract without proof of current registration to perform public works.

General prevailing rate of per diem wages and general prevailing rate of per diem wages for holiday and overtime work, including employer payments for health and welfare, pension, vacation, apprentices and similar purposes for each craft, classification or type of workman needed for execution of

contracts under the jurisdiction of District have been obtained by the Board of Supervisors of the District from the Director of Industrial Relations of the State of California for the area where the work is to be done. The said determinations are on file in the principal office of the District, and will be made available to any interested person upon request.

THIS PROJECT IS SUBJECT TO COMPLIANCE MONITORING AND ENFORCEMENT BY THE DEPARTMENT OF INDUSTRIAL RELATIONS. The awarded prime Contractor shall post job site notices, including a copy of the prevailing rate of per diem wages determinations made by the Director for the Department of Industrial Relations and other notices prescribed by regulations and comply with the provisions of the California Labor Code, including, without limitation, Sections 1771.4, 1773.1, 1773.2, 1774, 1775, 1776, and 1777.5.

Contractor shall furnish the records specified in Labor Code Section 1776, including but limited to the certified payroll records, directly to the Labor Commissioner for the Department of Industrial Relations.

Substitution of securities for any moneys withheld by District shall be permitted as provided for by Section 22300 of the California Public Contract Code.

Contractors submitting proposals for this project shall have an active and in good standing Class "A" Contractor's license from the State of California in order to be considered eligible for the contract award. The license(s) shall remain active and in good standing throughout the entire duration of the project.

With the submittal of the Bid Proposal and other Contract Documents, the Contractor shall submit for approval by the District documented evidence of satisfaction of all of the Bidder Qualifications listed above and in accordance with Articles 1 through 4 of the Instructions to Bidders.

SUBJECT: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

State Clearinghouse Number (if submitted to State Clearinghouse): 2003111131

Project Title:

Romoland MDP Line A-3, Stage 2 (Line A-3 Stages 2 and 3)

Project Location:

Line A-3 Stages 2 and 3 is located within the city of Menifee, Riverside County, California. Stage 2 begins just south of the intersection of Case Road and Palomar Road and proceeds northerly within and adjacent to Palomar Road and ends near the intersection of Palomar Road and Varela Lane. Line A-3 Stages 2 and 3 is located within Township 5 South, Range 3 West, Sections 11 and 14 of the Romoland 7.5 Minute USGS Quadrangle. Refer to enclosed Exhibit 'A'.

Project Description:

Line A-3 Stages 2 and 3 is a part of the previously approved Romoland Master Drainage Plan (MDP). The District proposes to construct approximately 3,174 lineal feet of underground reinforced concrete box (12' wide by 6.5' high) and a sediment basin ("Line A-3 Stages 2 and 3"). The Stage 3 crossing of State Route 74 (SR 74) will be constructed separately by Caltrans as part of their SR 74 widening project. At its downstream terminus, Line A-3 Stage 2 will connect to the District's existing Romoland MDP Line A-3, Stage 1 facility.

In addition, a sediment catchment area is proposed at the downstream end of an ephemeral wash traversing properties to the east of Palomar Road. The sediment catchment area will be located just outside of the easterly Palomar Road right of way, within currently private property APN 331-220-035. The catchment will be constructed within approximately 0.28 acre of disturbed wash. The length of the sediment catchment facility is approximately 280 feet along the existing wash and approximately 60 feet wide with a total acreage of approximately 0.39 acre. Portions of the bottom and the sideslopes of the facility will be lined with concrete and riprap.

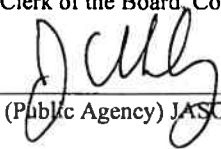

The project consists of the construction, right of way acquisitions, utility relocations and maintenance of Line A-3 Stages 2 and 3. This project is part of a larger Master Drainage Plan (MDP) system, which were then known as Proposed Phase 1 Facilities, that received project-specific analysis in the previously certified *Homeland Master Drainage Plan (Revision No. 1)*, *Romoland Master Drainage Plan (Revision No. 1)*, *Homeland/Romoland Area Drainage Plan (Amendment No. 1) Final EIR*.

An April 2020 Addendum to the Final EIR was prepared to address the Line A-3 Stages 2 and 3 modifications to the Proposed Phase 1 Facilities analyzed in the Final EIR. After evaluation of Line A-3 Stages 2 and 3, it was determined that none of the conditions described in Section 15162 of the CEQA Guidelines calling for the preparation of a subsequent MND or EIR have occurred, and further CEQA review is not required.

This is to advise that the Riverside County Flood Control and Water Conservation District has considered the Addendum and has (Lead Agency or Responsible Agency) approved the above described project on April 27, 2020 and has made the following determinations regarding the above described project:

1. An Addendum to the certified Final EIR was prepared for this project pursuant to the provisions of CEQA.
2. The project was previously found to have a significant impact on the environment.
3. Mitigation measures were made a condition of the previous approval of the project.
4. A statement of overriding considerations was previously adopted for the project.
5. Findings were previously made pursuant to the provisions of CEQA.

This is to certify that the Addendum, supporting documentation, and record of approval are available to the General Public at: Office of Clerk of the Board, County Administrative Center, 4080 Lemon Street, Riverside, CA 92501
