**Comments:** Because I have worked with title companies and recorders for 24 years and my wife works the night shift as an RN caring for patients with COVID and other ICU issues. We are finding our simple request for recordings of quit claim deeds are not being processed by the Recorders office in a manner that is understandable and does not appear rational. We keeping going back and forth with them wasting valuable time. We have been on the phone several times, we have dropped the documents off only to have them sent back with vague instructions, there is no follow up, because my wife works the night shift we cannot schedule an appointment, and even if we could schedule an appointment, the appointments for Temecula and Palm Springs are several months out. We need your help.
