BACKGROUND:

Summary

Enhanced Infrastructure Financing Districts (EIFDs) were introduced by the California Legislature from 2014-2015, enabling a new model for financing infrastructure and economic development in California. Government Code Sections 53398.50 through 53398.88 (EIFD law) authorizes EIFDs to issue bonds to finance public capital facilities. The available revenue for bonding is the increment of property tax and vehicle license fees within the established boundary, starting from the Fiscal Year after the ordinance to form the EIFD is passed. An EIFD is not a new tax imposed on property owners. School districts and community college district incremental tax revenues are not available for use; however, all other affected taxing entities may participate upon completion of a tax sharing agreement. The PFA will seek all available contributions from entities such as flood, fire protection, library, and vehicle license fees. A proposed tax sharing agreement between the PFA and library is scheduled for the Board of Supervisors of the County of Riverside, State of California in regular session assembling on May 11, 2021, at 9:30 am or soon thereafter in the meeting room of the Board of Supervisors, located on the first floor of the County Administrative Center, 4080 Lemon Street, Riverside, California. The resolution of intention sets the boundary of the EIFD. (Exhibit A)

The EIFD law provides that each EIFD shall be governed by a public financing authority (PFA) established by resolution. The PFA consists of three members of the Board of Supervisors and two public members. If there is more than one taxing agency participating in the EIFD, all taxing agencies mutually select the three public agency representatives and two public members. The terms of the PFA members are four years. The Director of Business and Community Services, or their designee, will serve as the Executive Director of the PFA.

Upon creation of the PFA, a date is to be set for the first meeting of the PFA. The PFA then directs the preparation of an EIFD infrastructure financing plan. Once formed, the PFA will be a separate legal entity and their meeting and other actions are subject to the Brown Act, Public Records Act, and Political Reform Act. If the EIFD is formed, the PFA Board, not the Board of Supervisors, will determine future decisions pertaining to the EIFD. The EIFD will be directed by its own distinct PFA Board.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

By passing the attached Resolution Nos. 2021-056 and 2021-057, the County Board of Supervisors begins the process of creating an EIFD. The following steps outline the process:

1. The first phase is the preparation of a draft infrastructure financing plan (IFP). The infrastructure financing plan outlines the estimated tax revenue of the district as well as the use of the monies (project description). Regional or communitywide benefits such as infrastructure, parking facilities, signage and beautification will be considered within the EIFD boundary.
2. The County Finance team distributes the Draft IFP to all EIFD property owners and holds a public meeting with property owners to present the EIFD.
3. The PFA conducts its first public hearing and hears all written and oral comments but takes no action.
4. The PFA conducts its second public hearing and hears all written and oral comments, agreeing to revise the draft IFP, if it deems necessary.
5. The PFA conducts its third public hearing, approves the IFP, if appropriate and adopts the Resolution of Formation. No election of the public is required unless at least 25% of the combined number of property owners and resident in the EIFD have signed a written protest.
6. The legislative bodies of the participating agencies adopt separate resolutions approving the IFP.
7. The County Assessor's Office creates a new Tax Rate Area(s) and files a Request for Jurisdictional Boundary Change with the State Board of Equalization by December 1, 2021.

If all these steps are completed by December 1, 2021, Fiscal Year 2022-23 will be the base year for the EIFD, and all increases in assessed valuation starting in Fiscal Year 2022-23 will be included in the *ad valorem* property tax increment and the motor vehicle license fee increment. If the County is unable to meet the December 1, 2021 deadline and instead makes the December 1, 2022 deadline, then the base year for the EIFD will be Fiscal Year 2023-24.

Temecula Valley Wine Country History

Temecula Valley Wine Country encompasses one of the most important agricultural lands in the County. Temecula Valley Wine Country is officially recognized as an American Viticultural Area (AVA) comprising approximately 33,000 acres. Within this area, 2,460 acres are currently dedicated to wine grape cultivation. More than 45 wineries offer wine tasting and at least a dozen or more are in various stages of construction or planning.

Temecula Valley Wine Country provides for significant tourism to the region, with a continual economic benefit to surrounding communities and businesses. In addition, the Temecula Valley Wine Country area is an important part of the character of the Temecula Valley; it is rooted in the culture of the surrounding communities. The Temecula Valley is a major tourism destination, supported by three pillars: Wine Country, Pechanga Resort and Casino, and the historic and vibrant Old Town Temecula. The Temecula Valley had only about 200 inhabitants in 1970, and grew to about 4,100 in 1980, 30,617 in 2000, and now is home to more than 114,000.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

The County established Policy Areas to ensure long-term viability of the wine industry while protecting the community's rural lifestyle. The overarching policies for this region promote a strong identity for the Temecula Valley Wine Country. Three districts have been established for this Policy Area – Winery, Equestrian, and Residential. Additional policies within each district provide for complimentary uses distinct to the delineated areas. These policies encourage agricultural cultivation, vineyards, wineries, equestrian uses, preservation of the wine-making atmosphere, estate living, equestrian life-style, and strive to protect this area and its residents from incompatible uses which could result in reduced agricultural productivity and increased urbanization within the policy area.

Impact on Residents and Businesses

The establishment of the EIFD will not result in any new taxes or fees to the property owners. Increase in property value from resale and development of properties will be used for future infrastructure projects with community-wide and economic benefits.
