**BACKGROUND:**

**Summary**

On August 4, 2020 (Agenda Item 3.20), the Board of Supervisors authorized the Riverside County EMD to apply for up to \$660,000 in EMPG funding on behalf of the Riverside Operational Area, per Board Policy A-30. As defined in Riverside County Ordinance No. 533 (as amended through 533.7), “Operational Area Level’ means an intermediate level of the state emergency services organization, consisting of a county and all political subdivisions within the county area.” The purpose of the EMPG program is to support comprehensive emergency management at the State, Tribal and local levels, and to encourage the improvement of mitigation, preparedness, response, and recovery capabilities for all hazards. Funding from this grant is available to all jurisdictions through the Operational Area. The FY 2020 EMPG Program’s allowable costs support efforts to build and sustain core capabilities across the Prevention, Protection, Mitigation, Response, and Recovery mission areas. All projects enhance and sustain Emergency Management Operations through the provision of equipment, personnel for the cities’ emergency response operations and emergency operation centers, and also provide training for emergency management personnel. All matching funds are the responsibility of the awarded agency or jurisdiction.

**Impact on Residents and Businesses**

These funds are used to sustain emergency preparedness capabilities for the Riverside County EMD and cities within the OA. The Riverside County EMD participates in many of the citizen/business groups in the capacity of providing these groups with emergency management information and training. One such training is the Community Emergency Response Team (CERT) training program which teaches citizens of the county to be self-sustaining and have the ability to help their neighbor during a catastrophic incident.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

The awarded amount of the grant is \$615,968 which is already included in the FY20/21 County budget.

Riverside County EMD will retain \$306,285 of this grant. The dollar-for-dollar match portion of funding dedicated to the Riverside County EMD will be derived from Emergency Services

Coordinators' regular salaries that come from net county cost (\$306,285). Each agency that is awarded funding is responsible for providing the dollar-for-dollar cash or in-kind match requirement.

\$309,683 will be passed through to fourteen cities within the Riverside County Operational Area. The match for this pass-through amount will come from 100% City funds. Riverside County EMD tracks all expenses and matches. Cities provide all back-up to County EMD accounting for the expenses and match. The Riverside County EMD provides the state all of this information on a state provided expense workbook which is an excel document and shows accounting and tracking for each budgeted item. The following represents the breakdown for each city.
