BACKGROUND:

Summary

Gartner, Inc. is a leading IT research and advisory company that provides access to technology research across a variety of IT disciplines that help organizations keep up with technology and build the organizations of tomorrow. Gartner has provided RCIT and other County departments with indispensable business insights, advice, and tools that have been leveraged to achieve their mission-critical priorities. In fiscal year 20/21, RCIT and ACR utilized Gartner's core research services for independent analysis on new technology and technology directions, such as Data Backup, Hyper-Converged Infrastructure, Web Content Management Solutions, and other emerging technologies.

Gartner's assistance in these areas has benefitted both RCIT and ACR with the development of technology strategies, standards, and guidelines. In utilizing Gartner insights and services, the County can make informed decisions that are more cost effective, provide the greatest efficiencies, and provide solutions with the most value in a market where technology continues to be volatile. One example of this assistance was RCIT working with Gartner to vet our data backup solution from a technical perspective and provide a comparison of other similar technologies. RCIT has also worked with Gartner in developing our next generation hyper-converged virtual infrastructure that will run the majority of our IT systems and services at the Riverside County Collaboration Center (RC3). Additionally, Gartner helps to ensure that RCIT is acquiring state-of-the-art technology that is cost effective and provides the best total cost of ownership to the County.

Another benefit to Riverside County is having access to Gartner's database of other government sector customers which assists RCIT in ensuring that our contracts and pricing is in-line with other government agencies and whether there is an opportunity to negotiate a better pricing. In previous fiscal years, Gartner has assisted RCIT in negotiating better pricing with a cost savings of \$280,000 on the Smartnet agreement with Cisco.

The request before the Board is for the approval of Amendment No. 4 for the renewal of Gartner, Inc., to provide Information Technology Research Subscription Services for RCIT, ACR, and DPSS.

Impact on Residents and Businesses

There is no negative impact on residents or businesses within the County of Riverside. Gartner's service will improve the quality of RCIT's technical support.

Additional Fiscal Information

The ability to sign amendments to increase the compensation provisions for future purchases of Gartner, Inc. services up to \$105,670 will enable the County to purchase services for departments wishing to add or increase their participation in this agreement to fit their specific business needs and to add users if needed or changes to access level. This renewal will be handled directly with Gartner, saving a 2.5% administrative fee previously paid to the County of Ventura who administered the prior contract. The County department usage of this agreement is:

County Department	FY 21/22 Cost	FY 22/23 Cost	FY 23/24 Cost	Total Cost
Riverside County Information Technology (RCIT)	\$219,700	\$225,300	\$232,506	\$677,506
Assessor County Clerk Recorder (ACR)	\$90,500	\$93,300	\$96,000	\$279,800
Dept. of Public Social Services (DPSS)	\$32,100	\$33,100	\$34,200	\$99,400
Additional future purchases from July 1, 2021 through June 30, 2024				\$105,670
Total	\$342,300	\$351,700	\$362,706	\$1,162,376

Contract History and Price Reasonableness

Previously, the County of Ventura administered renewals on behalf of participating counties and local government entities for Gartner's services. In 2018 (Board agenda item no. 3.48), the Board of Supervisors approved an agreement directly with Gartner, Inc. for core research services for Riverside County Information Technology (RCIT), Assessor-County Clerk-Recorder (ACR), Department of Public Social Services (DPSS), and Riverside University Health System (RUHS). Therefore, invoicing and payments will be handled directly through Gartner, saving the 2.5% administrative fee that was previously paid to Ventura County. On June 25, 2019 (Board agenda item 3.31), the Board approved Amendment No. 2 for service renewal effective July 1, 2019 through June 30, 2020. On June 30, 2020, (Board agenda item 3.31) the Board approved Amendment No. 3 for service renewal effective July 1, 2020 through June 30, 2021.
