**C.E.O. RECOMMENDATION:** Approve

**BACKGROUND:**

**Summary**

By Minute Order dated March 30, 2021 (Agenda Item 3.18), the Board of Supervisors authorized the Clerk of the Board to advertise for the construction of Washington Street and Saddleback Road Pavement Widening and Traffic Signal Project in the Woodcrest Community of Riverside County within the Supervisorial District 1.

At this T-intersection, Washington Street is a two lane facility that travels in the north-south directions and Saddleback Road is also a two lane local road that travels in the east-west directions.

The project includes installing new traffic signal, safety lights, traffic signal cabinets, battery backup system, radar/video detection system, wireless radio communication system, new signage and striping, pavement widening at intersection, concrete retaining wall, erosion control, ADA compliant curb returns, curb and gutter, replacing existing traffic striping and traffic signs, and other associated work as directed by the Engineer.

During the advertisement period, one addendum was issued to all registered plan holders as a supplement to the plans and specifications. Bidders were required to acknowledge and take into account the issued addendum on their contractor's Bid in order to be considered for award. The Addendum is included and attached herewith as Addendum No.1.

The Bid received from LC Paving has minor bid irregularities in the Subcontractors List. Construction items were specifically listed for each subcontract; however, a word description of the items of work was not provided. The proposal and contract identify the description of the specific items of work. The Transportation Department requests the Board of Supervisors waive these minor bid irregularities.

The contractor, LC Paving is qualified to perform the work as outlined in the bid. They have executed the Contract and have provided bonds and insurance documents that meet the requirements of the Contract.

STATE OF CALIFORNIA**

Project Number        D0-0093

**Impact on Residents and Businesses**

The proposed traffic signal will improve traffic safety by providing controlled traffic movements. The work is anticipated to begin in the Summer of this current year (2021) and will take approximately two months to complete. The work will be phased to keep the road open during construction as much as possible.

**Additional Fiscal Information**

The Contract is recommended to be awarded to LC Paving for the total amount of \$792,282. The construction contract is funded with Western County DIF Signal Mitigation Funds. The Development Impact Fee (DIF) program, which is governed under Ordinance 659, allows for the use of DIF funds for traffic signal facilities.

Annual traffic signal operation and maintenance costs are estimated at \$5,500 to be funded from gas tax.

There are no General Funds used in this project. The proposed budgets as shown on Attachment "A" includes the contract award amount and other associated costs.

**Contract History and Price Reasonableness**

Four bids were received on Wednesday April 21, 2021, ranging from \$792,282 to \$898,933. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsive and responsible bid was submitted by LC Paving in the amount of \$792,282 which is \$28,333 (-3.45%) below the Engineer's Estimate.

With respect to SECTION II – LIABILITY COVERAGE only, Who is An Insured is amended to include as an Additional Insured any person(s) or organization(s) whom you are required to add to this policy as an Additional Insured under a written agreement in effect or becoming effective during the policy period. 2. The limits of insurance applicable to the insurance afforded hereby are those specified in the written agreement or in the Declarations or Schedules of this policy, whichever is less. The limits of insurance applicable to the insurance afforded hereby are inclusive and not in addition to the limits of insurance shown in the Declarations or Schedules of this policy.

All other terms and conditions of the policy remain unchanged.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

## BLANKET ADDITIONAL INSURED – PRIMARY AND NON-CONTRIBUTORY WITH OTHER INSURANCE – CONTRACTORS

### PROVISIONS

1. The following is added to Paragraph c. in A.1., **Who Is An Insured**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

This includes any person or organization who you are required under a written contract or agreement, that is signed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to name as an additional insured for Covered Autos Liability Coverage, but only for damages to which this insurance applies and only to the extent of that person's or organization's liability for the conduct of another "insured".

2. The following is added to Paragraph B.5., **Other Insurance** of SECTION IV – BUSINESS AUTO CONDITIONS:

Regardless of the provisions of paragraph a. and paragraph d. of this part 5. **Other Insurance**, this insurance is primary to and non-contributory with applicable other insurance under which an additional insured person or organization is a named insured when a written contract or agreement with you, that is signed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, requires this insurance to be primary and non-contributory.

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

**BLANKET ADDITIONAL INSURED**  
**(Includes Products-Completed Operations If Required By Contract)**

This endorsement modifies insurance provided under the following:  
 COMMERCIAL GENERAL LIABILITY COVERAGE PART

**PROVISIONS**

The following is added to **SECTION II – WHO IS AN INSURED**:

Any person or organization that you agree in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only:

- a. With respect to liability for "bodily injury" or "property damage" that occurs, or for "personal injury" caused by an offense that is committed, subsequent to the signing of that contract or agreement and while that part of the contract or agreement is in effect; and
- b. If, and only to the extent that, such injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the written contract or agreement applies. Such person or organization does not qualify as an additional insured with respect to the independent acts or omissions of such person or organization.

The insurance provided to such additional insured is subject to the following provisions:

- a. If the Limits of Insurance of this Coverage Part shown in the Declarations exceed the minimum limits required by the written contract or agreement, the insurance provided to the additional insured will be limited to such minimum required limits. For the purposes of determining whether this limitation applies, the minimum limits required by the written contract or agreement will be considered to include the minimum limits of any Umbrella or Excess liability coverage required for the additional insured by that written contract or agreement. This provision will not increase the limits of insurance described in Section III – Limits Of Insurance.
- b. The insurance provided to such additional insured does not apply to:

- (1) Any "bodily injury", "property damage" or "personal injury" arising out of the providing, or failure to provide, any professional architectural, engineering or surveying services, including:

- (a) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders or change orders, or the preparing, approving, or failing to prepare or approve, drawings and specifications; and

- (b) Supervisory, inspection, architectural or engineering activities.

- (2) Any "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the written contract or agreement specifically requires you to provide such coverage for that additional insured during the policy period.

- c. The additional insured must comply with the following duties:

- (1) Give us written notice as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, such notice should include:

- (a) How, when and where the "occurrence" or offense took place;

- (b) The names and addresses of any injured persons and witnesses; and

- (c) The nature and location of any injury or damage arising out of the "occurrence" or offense.

- (2) If a claim is made or "suit" is brought against the additional insured:

## COMMERCIAL GENERAL LIABILITY

- (a) Immediately record the specifics of the claim or "suit" and the date received; and
  - (b) Notify us as soon as practicable and see to it that we receive written notice of the claim or "suit" as soon as practicable.
- (3) Immediately send us copies of all legal papers received in connection with the claim or "suit", cooperate with us in the investigation or settlement of the claim or defense against the "suit", and otherwise comply with all policy conditions.
- (4) Tender the defense and indemnity of any claim or "suit" to any provider of other insurance which would cover such additional insured for a loss we cover. However, this condition does not affect whether the insurance provided to such additional insured is primary to other insurance available to such additional insured which covers that person or organization as a named insured as described in Paragraph 4., Other Insurance, of Section IV – Commercial General Liability Conditions.

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

##### **a. The quantities of following bid items are revised:**

Items# 12; Roadway Excavation  
Items# 13; Class 2 Aggregate Base  
Items# 14; Hot Mix Asphalt (Type A)

##### **b. The following bid items has been added:**

Items# 35; Minor Concrete (Driveway Approach) (CRS 207)

##### **Item 2: Section 73 Concrete Curbs and Sidewalks**

Refer to section 73 Concrete Curbs and Sidewalks on page 47 of the Special Provisions. Delete Section 73-1.01 GENERAL and replace entire section from page 47 through 48 with the following:

### **73-1.01 GENERAL**

Minor Concrete Items to be constructed are:

Curb Ramps, Curb (Type D) and Driveway approach

These minor concrete structures shall be constructed in accordance with the County Road Improvement Standards and Specifications or as directed by the Engineer and in conformance with Section 51, 73 and 90 of Standard Specifications, except as modified.

The cementitious material content of concrete must be at least 590 pounds per cubic yard for:

Curb Ramps, Curb (Type D) and Driveway approach.

Refer to section 73-1.03 and 73-1.04 on page 48 and 49 of the Special Provisions. Delete Section 73-1.03 and 73-1.04 and replace entire section with the followings:

### **73-1.03 CONSTRUCTION**

#### **Add to Section 73-1.03B Subgrade Preparation:**

Preparation of subgrade for the concrete structures shall be done in conformance with the requirements of Section 73-1.03B Subgrade Preparation of the Standard Specifications.

Excess material resulting from the excavation of the subgrade shall be disposed of as provided in Section 00-1.14, 'Disposal Of Excess Excavation Or Materials', of these Special Provisions.

Full compensation for the removal of existing minor concrete structures (Curb Ramps, Curb (Type D), and Driveway approach shall be considered as included in the contract bid prices for such minor concrete items of work.

The Contractor is responsible for meeting requirements of American with Disabilities Act (ADA), the current edition of the California Building Code, and the draft and final versions of the Accessibility Guidelines for Pedestrian Facilities within the Public Right of Way as published by the United States Access Board.
