**BACKGROUND:**

**Summary**

Woodside 05S, LP (Developer) has acquired certain real property from Roripaugh Valley Restoration, LLC (Assignor) within the Temecula Public Financing Authority Community Facilities District No. 03-02 (Roripaugh Ranch). Assignor unconditionally conveys to Developer all rights, title, interests, benefits, duties, liabilities, obligations and responsibilities related to CFD 03-02 (Roripaugh) pursuant to the Joint Community Facilities Agreement (JCFA) dated January 4, 2005, [District's Board Agenda Item No. 11.6] entered into by and among the District, County, City, Authority and Ashby USA, LLC (Previous Developer).

Additionally, the Developer agrees to perform all remaining duties, liabilities, obligations and responsibilities of the Assignor with respect to CFD 03-02 (Roripaugh Ranch) as provided in the JCFA and pursuant to that certain Assignment of Contracts dated September 13, 2011, [District's Board Agenda Item No. 11.1] entered into by and among the District, County, City, Authority, Temecula Community Services District and Assignor.

The Second Assignment, Assumption and Amendment to Joint Community Facilities Agreement is necessary to transfer the rights and responsibilities as established by Assignor to Developer. Once executed, the Developer will complete the construction of the proposed Santa Gertrudis Creek Channel and associated underground storm drains.

Pursuant to Section 6.3 of the JCFA, the District, County, City, Authority and the CFD must give written consent to the assignment of duties and obligation of the Assignor. It is recommended that the assignment of this agreement be given to Woodside 05S, LP.

County Counsel has approved the Second Assignment, Assumption and Amendment JCFA (Agreement) as to legal form. The City, Authority, CFD, Assignor and Developer have executed the Second Assignment, Assumption and Amendment JCFA. A companion item appears on the Riverside County Transportation Department's Board agenda this same date.

**Environmental Findings**

Pursuant to Section 15096 of the State CEQA Guidelines, the final environmental impact report for the Roripaugh Ranch Specific Plan was prepared by the Lead Agency, the City of Temecula.

The District, in its limited capacity, evaluated the impacts and found that project will have a significant unavoidable impact to agricultural resources. The District prepared a Statement of Overriding Considerations and Notice of Determination adopted by this Board on January 4, 2005 [District's Board Agenda Item No. 11.6]. The District found that there are no feasible mitigation measures or alternatives available to avoid or reduce potential impacts to agricultural resources. The District also found that the project's benefits outweigh the significant unavoidable impacts to agricultural resources. The project will provide for needed flood control improvements and long-term maintenance along critical reaches of Santa Gertrudis Creek and Long Valley Wash. The Agreement is the transfer of rights and responsibilities established by the previous Flood Control Improvements JCFA to the new developer. The Agreement is an action in furtherance of the project, and nothing further is required for CEQA because this proposed action was adequately analyzed in the earlier filed Statement of Overriding Considerations and Notice of Determination by this Board.

**Impact on Residents and Businesses**

Local residents will benefit from the flood control improvements that are financed and acquired by means of this Second Assignment, Assumption and Amendment to Joint Community Facilities Agreement.

**Prev. Agn. Ref.:** 11.6 of 01/04/05
