BACKGROUND:

Summary

The Housing Authority of the County of Riverside (HACR) owns, operates, and maintains the office building known as the HACR Main Office (Property) located at 5555 Arlington Avenue, Riverside, CA 92504. This Property's roof is the original installed roof and now requires re-roofing. The proposed project will completely re-roof the entire building.

The HACR advertised an Invitation for Bids (IFB) No. 2021-001 for the re-roof project at the Property with a closing date of May 10, 2021. The HACR received and opened eight bids. Bishop, Inc. was the lowest bidder that responded to the solicitation that was identified as both responsible and responsive.

HACR staff recommends that the Board of Commissioners approve and award the Construction Contract between the HACR and Bishop, Inc. in the amount of \$115,120 and approve the construction project budget as follows:

Construction Contract	\$115,120
Contingency (10%)	\$11,512
Total:	\$126,332

**SUBMITTAL TO THE BOARD OF COMMISSIONERS HOUSING AUTHORITY
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

A 10% construction contingency in the amount of \$11,512 has been included in the project budget to account for errors and omissions in the construction documents or changes in the scope of the project due to unforeseen repairs or site conditions.

HACR staff reviewed the submitted bid and determined that Bishop, Inc. was the lowest responsive and responsible bidder. County Counsel has reviewed the Construction Contract and has approved it as to form.

California Environmental Quality Act (CEQA) Findings:

This project will replace the existing, leaky roof with a completely new roof on the same site, within the confines of the Property. The project is exempt from CEQA pursuant to Section 15301 Existing Facilities Exemption. This exemption includes the operation, repair, maintenance, leasing, or minor alteration of existing public or private structures or facilities, provided the exemption only involves negligible or no expansion of the previous site's use. The project as proposed is the replacement of the existing roof. There will be no expansion of the existing use of the Property, which is currently commercial use. Additionally, the project is exempt from CEQA pursuant to Section 15061 as there is no possibility the re-roofing project will have a significant impact on the environment. Finally, this project is also categorically excluded activity (subject to Title 24 Code of Federal Regulations (CFR) Section 58.5) and meets the conditions specified for such exemption pursuant to Title 24 CFR Section 58.35(a) and in accordance with the National Environmental Policy Act of 1969.

Impact on Residents and Businesses

Approving this item will have a positive impact on the citizens and businesses of Riverside. The proposed project is expected to generate temporary construction jobs. Additionally, the renovations will protect HACR workers and clients from inclement weather. This improvement will positively impact the overall health of workers and clients and improve the surrounding neighborhood.

SUPPLEMENTAL:

Additional Fiscal Information

No impact upon the County's General Fund; the County's contribution to the project will be fully funded from HACR'S Building Fund.

Contract History and Price Reasonableness

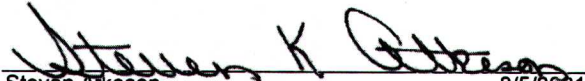

The HACR advertised an Invitation for Bids (IFB) No. 2021-001 with a bid opening date of May 10, 2021. Bishop, Inc. was the lowest bidder and was found to be responsive and responsible. The cost proposed by the lowest bidder at \$115,120 compares well with the other proposed amounts and is deemed to be appropriate, fair, and reasonable. Staff reviewed the submitted bid and determined that Bishop, Inc. was the lowest responsive and responsible bidder.

19 order.

20 4.2 The Contract Sum set forth herein includes the payment by CONTRACTOR of all sales and use
21 taxes required by local codes, or any law existing or which may hereafter be adopted by federal, state or

3 6.3 CONTRACTOR'S obligation hereunder shall be satisfied when CONTRACTOR has provided
4 AUTHORITY the appropriate form of dismissal relieving AUTHORITY from any liability for the action
5 or claim involved.

6 6.4 The specified insurance limits required in this Construction Contract shall in no way limit or

8 third party claims. CONTRACTOR'S indemnification and hold harmless obligations set forth herein shall
9 survive the termination and expiration of this Contract.

10 6.5 In the event there is a conflict between this clause and California Civil Code Section 2782, this
11 clause shall be interpreted to comply with Civil Code 2782. Such interpretation shall not relieve the
12 CONTRACTOR from indemnifying the Indemnitees to the fullest extent allowed by law.

13
14 **ARTICLE 7**

15 **INSURANCE**

12 If vehicles or mobile equipment are used in the performance of the obligations under this Contract, then
13 CONTRACTOR shall maintain liability insurance for all owned, non-owned or hired vehicles so used in

11 shall contain the covenant of the insurance carrier(s) that thirty (30) days written notice shall
12 be given to the AUTHORITY prior to any material modification, cancellation, expiration or
13 reduction in coverage of such insurance. In the event of a material modification, cancellation,

24 for each policy and the Certificate of Insurance.

25 4) It is understood and agreed to by the Parties hereto that the CONTRACTOR'S insurance shall
26 be construed as primary insurance, and the AUTHORITY'S insurance and/or deductibles
27
28

1 and/or self-insured retention's or self-insured programs shall not be construed as
2 contributory.

3 5) If, during the term of this Contract or any extension thereof, there is a material change in the
4 scope of services; or, there is a material change in the equipment to be used in the
5 performance of the Scope of Work; or, the term of this Contract, including any extensions
6 thereof, exceeds five (5) years; the AUTHORITY reserves the right to adjust the types of
7 insurance and the monetary limits of liability required under this Construction Contract, if
8 in the County Risk Manager's reasonable judgment, the amount or type of insurance carried
9 by the CONTRACTOR has become inadequate.

10 6) CONTRACTOR shall pass down the insurance obligations contained herein to all tiers of
11 subcontractors working under this Contract.

12 7) The insurance requirements contained in this Contract may be met with a program(s) of self-
13 insurance acceptable to the AUTHORITY.

14 8) CONTRACTOR agrees to notify AUTHORITY of any claim by a third party or any incident
15 or event that may give rise to a claim arising from this Contract.

9 CONTRACTOR has failed to remove any such items, the AUTHORITY may remove such items, and the
10 CONTRACTOR shall pay the AUTHORITY for all costs incurred in connection with such removal.

11 8.3 After recordation of the Notice of Completion, and expiration of the thirty (30) calendar days period
12 for filing of stop notices, the AUTHORITY shall settle all claims and disputes, notify the CONTRACTOR
13 of final acceptance of the PROJECT and make the final five percent (5%) retention payment, less any

18 United States shall, on the basis of race, color, national origin or sex, be excluded from participation in,
19 denied the benefits of, or subjected to, discrimination under any program or activity which receives federal
20 financial assistance. The AUTHORITY hereby extends this requirement to CONTRACTOR and its

8 indirectly, to employ, award a contract to, or otherwise engage the services of any debarred, suspended or
9 ineligible contractor.

11 this Contract shall, in any way or to any extent, be engaged in conduct of political activities in violation of
12 Title V, Chapter 15, of the United States Code.

13 10.3 The mention herein of any statute or Executive Order is not intended as an indication that such
14 statute or Executive Order is necessarily applicable, nor is the failure to mention any statute or Executive
15 Order intended as an indication that such statute or Executive Order is not applicable. Therefore, each
16 provision of law and each clause, which is required by law to be inserted in this Contract, shall be deemed
17 to have been inserted herein, and this Contract shall be read and enforced as though such provision or clause

26 11.1.1 The work to be performed under this Contract is subject to the requirements of Section 3 of
27 the Housing and Urban Development Act of 1968, as amended 12 U.S.C. 1701u (Section 3). The purpose
28

1 of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance
2 or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and
3 very low-income persons, particularly persons who are recipients of HUD assistance.

4 11.1.2 CONTRACTOR agrees to comply with HUD's regulations in 24 CFR Part 135, which
5 implement Section 3. As evidenced by the execution of this Contract, CONTRACTOR certifies that s/he/it
6 is under no contractual or other impediment that would prevent her/him/it from complying with the Part
7 135 regulations.

8 11.1.3 CONTRACTOR agrees to send to each labor organization or representative of workers with
9 which the CONTRACTOR has a collective bargaining agreement or other understanding, if any, a notice
10 advising the labor organization or workers' representative of the CONTRACTOR'S commitments under
11 this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both
12 employees and applicants for training and employment positions can see the notice. The notice shall
13 describe the Section 3 preference, shall set forth minimum number and job titles for each; and the name
14 and location of the person(s) taking applications for each of the positions; and the anticipated date the work
15 shall being.

16 11.1.4 CONTRACTOR agrees to include this Section 3 clause in every subcontract subject to
17 compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provide in an
18 applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is
19 in violation of the regulations in 24 CFR Part 135. CONTRACTOR will not subcontract with any
20 subcontractor where the CONTRACTOR has notice or knowledge that the subcontractor has been found in
21 violation of the regulations in 24 CFR Part 135.

22 11.1.5 CONTRACTOR certifies that any vacant employment positions, including training
23 positions, that are filled (1) after CONTRACTOR is selected but before the contract is executed, and (2)
24 with persons other than those to whom the regulations of 24 CFR Part 135 require employment
25 opportunities to be directed, were not filled to circumvent the CONTRACTOR'S obligations under 24 CFR
26 Part 135.

1 11.1.6 Noncompliance with HUD's regulations in 24 CFR Part 125 may result in sanctions,
2 termination of this Contract for default, and debarment or suspension from future HUD assisted contracts.

3 11.1.7 With respect work performed in connection with Section 3 covered Indian Housing
4 assistance, section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e)
5 also applies to the work to be performed under this Contract. Section 7(b) requires that to the greatest extent
6 feasible, (i) preference and opportunities for training and employment shall be given to Indians, and (ii)
7 preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-
8 owned Economic Enterprises. Parties to this Contract that are subject to the provisions of Section 3 and
9 section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of
10 compliance with section 7(b).

11 12 **ARTICLE 12**

13 **BREACH AND TERMINATION**

14 12.1 Waiver by AUTHORITY of any breach of this Contract shall not constitute a waiver of any
15 other breach or of any future breach. No payment made hereunder shall be construed to be an acceptance
16 of defective work or improper materials.

17 12.2 AUTHORITY shall have the right to termination this Contract in the event of a default by
18 CONTRACTOR (for cause) or for Convenience (without cause) as set forth in the General Conditions,
19 attached hereto as Exhibit "D" and incorporated herein by this reference.

20 12.3 In addition to any right of termination reserved to AUTHORITY by the General Conditions,
21 the AUTHORITY may terminate this Contract if the CONTRACTOR is adjudged bankrupt, a receiver is
22 appointed because of the CONTRACTOR'S insolvency, or the CONTRACTOR makes a general
23 assignment for the benefit of his/her creditors, fails to make prompt payment to subcontractor(s), or for
24 material or labor, persistently disregards laws, ordinances, rules, regulations or orders of any public
25 authority having jurisdiction, fails to construct the PROJECT in accordance with the Drawings and
26 Specifications, or otherwise substantially violates any provision of the Contract Documents.

1 12.4 The AUTHORITY shall give the CONTRACTOR and his surety five (5) calendar days
2 written notice prior to terminating this Contract pursuant to this section, provided however, that the
3 CONTRACTOR shall, upon receipt of such notice, immediately stop the installation of improvements or
4 other permanent construction work encompassing part of the PROJECT. Upon termination, the
5 AUTHORITY may take possession of the PROJECT and all materials, equipment, tools and construction
6 equipment and machinery owned by the CONTRACTOR and located at the PROJECT site and may finish
7 the PROJECT by whatever method it may deem expedient. In such case, the CONTRACTOR shall not be
8 entitled to receive any further payment under this Contract.

9 12.5 The AUTHORITY shall not be deemed to have waived any of its other rights or remedies
10 against the CONTRACTOR by exercising its right of termination under this section.

11 12.6 Any action at law or in equity brought by either of the parties hereto for the purpose of
12 enforcing a right or rights provided for by this Contract shall be tried in a court of competent jurisdiction in
13 the County of Riverside, State of California, and the parties hereby waive all provisions of law providing
14 for a change of venue in such proceedings to any other county.

15 16 **ARTICLE 13**

17 **CLAIMS RESOLUTION**

18 13.1 This Article 13 is intended to help resolve disputes between the Parties related to this
19 PROJECT. Such disputes shall be brought to the attention of the AUTHORITY at the earliest possible
20 time, so that such disputes may be promptly resolved, if possible, or other appropriate action or investigation
21 may be promptly undertaken. Public works claims which arise between the CONTRACTOR and the
22 AUTHORITY shall be resolved using the following procedure:

23 13.1.1 A "claim" means a separate demand by the CONTRACTOR sent by registered mail
24 or certified mail return receipt requested for one or more of the following: (a) a time extension including,
25 without limitation, for relief from damages or penalties for delay assessed by the AUTHORITY; (b)
26 payment by the AUTHORITY of money or damages arising from Work done by or on behalf of the
27 CONTRACTOR and payment for which is not otherwise expressly provided or to which the
28

1 CONTRACTOR is not otherwise entitled; (c) payment of an amount that is disputed by the AUTHORITY.
2 The CONTRACTOR shall furnish reasonable documentation to support the claim.

3 13.1.2 Upon receipt of a claim, AUTHORITY shall conduct a reasonable review of the
4 claim and within forty-five (45) days, or an extended period as may be set by mutual agreement of the
5 Parties, provide the CONTRACTOR with a written statement identifying what portion of the claim is still
6 disputed and what portion is undisputed. (If consultation with the Board of Commissioners is required, the
7 AUTHORITY may have additional time as stated in CA Public Contract Code Section 9204.) Any payment
8 due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the
9 AUTHORITY issues its written statement.

10 13.1.3 If the AUTHORITY fails to issue a written statement, the claim shall be deemed
11 rejected in its entirety. A claim that is denied by reason of the AUTHORITY's failure to respond to a claim,
12 or its failure to otherwise meet the applicable time requirements, shall not constitute an adverse finding with
13 regard to the merits of the claim or the responsibility or qualifications of the CONTRACTOR.

14 13.1.4 If the CONTRACTOR disputes the AUTHORITY's written response, or if the
15 AUTHORITY fails to respond within the time prescribed, the CONTRACTOR may demand in writing,
16 sent by registered mail or certified mail return receipt requested, an informal meet and confer conference to
17 attempt to reach settlement of the portion of the claim in dispute. Upon receipt of the demand, the
18 AUTHORITY shall schedule a meet and confer conference within thirty (30) days.

19 13.1.5 Within ten (10) business days following the conclusion of the meet and confer
20 conference, if the claim or any portion thereof remains in dispute, the AUTHORITY shall provide the
21 CONTRACTOR a written statement identifying the portion of the claim that remains in dispute and the
22 portion that is undisputed. Any payment due on an undisputed portion shall be processed and made within
23 sixty (60) days after the AUTHORITY issues its written statement.

24 13.1.6 Any disputed portion of the claim, as identified by the CONTRACTOR in writing,
25 shall be submitted to nonbinding mediation, with the AUTHORITY and CONTRACTOR sharing the
26 mediator costs equally. The AUTHORITY and CONTRACTOR shall mutually agree to a mediator within
27 ten (10) business days after the disputed portion of the claim has been identified in writing. If the Parties
28

1 cannot agree upon a mediator, each Party shall select a mediator and those mediators shall select a qualified
2 neutral third party to mediate the disputed portion of the claim. Each Party shall bear the fees and costs
3 charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is
4 unsuccessful to resolve all issues, the parts of the claim remaining in dispute shall be subject to other
5 applicable legal procedures.

6 13.1.7 As used herein, mediation includes any nonbinding process, including but not limited
7 to neutral evaluation or a dispute review board, in which an independent third party or board assists the
8 Parties in dispute with resolution through negotiation or by issuance of an evaluation.

9 13.1.8 Additional applicable requirements, including but not limited to subcontractor
10 claims, may be stated in California Public Contract Code Section 9204.

11 13.1.9 Any legal action related to the performance of the work or the terms of the Contract
12 Documents shall be filed only in the Superior Court of the State of California located in Riverside,
13 California.

14 **ARTICLE 14**

15 **MISCELLANEOUS PROVISIONS**

16
17 14.1 CONTRACTOR shall give all notices and comply with all laws, rules, regulations, ordinances, and
18 orders of any governmental entity relating to the work. Should CONTRACTOR become aware that any
19 provisions of this Contract are at variance with any such rule, law, regulation, ordinance, or order; he/she
20 shall promptly give notice in writing to AUTHORITY of such variance.

21 14.2 The Contracting Officer must be notified in writing by the CONTRACTOR within ten (10) calendar
22 days of any and all backordered materials and/or any incomplete services, and the estimated delivery date.
23 Unless otherwise stipulated in the Contract Documents, any order that will take more than a maximum of
24 ten (10) calendar days past the original agreed upon delivery date, may at the option of AUTHORITY, be
25 canceled and ordered from another source, if, in the opinion of the Contracting Officer, it is in the best
26 interests of AUTHORITY to do so.

1 14.3 It is hereby declared to be the intention of the Parties that the sections, paragraphs, sentences, clauses
2 and phrases of this Contract are severable, and if any phrase, clause, sentence, paragraph or section of this
3 Contract shall be declared unconstitutional, invalid or unenforceable by the valid judgment or decree of a
4 court of competent jurisdiction, such unconstitutionality, invalidity or unenforceability shall not affect any
5 of the remaining clauses, sentences, paragraphs and sections of this Contract.

6 14.4 In the event of a conflict between the General Conditions and the Scope of Work, the General
7 Conditions shall prevail. In the event of a conflict between this Contract and any applicable state or local
8 law or regulation, the state or local law or regulation shall prevail; provided that such state or local law or
9 regulation does not conflict with, or is less restrictive than applicable federal law, regulation, or Executive
10 Order. In the event of such a conflict, applicable federal law, regulation, and Executive Order shall prevail.

11 14.5 The persons executing this Contract on behalf of the Parties warrant and represent that they have
12 the authority to execute this Contract on behalf of each respective Party and further warrant and represent
13 that they have the authority to bind each respective Party to the performance of its obligation hereunder.

3.2 PREPARATION

- A. Clean surfaces thoroughly prior to installation.
- B. Prepare surfaces using the methods recommended by the manufacturer for achieving the best result for the substrate under the project conditions.
- C. Do not commence work until all other work trades have completed jobs that require them to traverse the deck on foot or with equipment.
- D. A vapor retarder / temporary roof (Carlisle VapAir Seal 725 TR Air and Vapor Barrier/Temporary Roof or Carlisle VapAir Seal MD Air and Vapor Barrier) may be applied to protect the inside of the structure prior to the roof system installation.

3.3 INSULATION - SYSTEM DESIGN

- A. Top Layer:
 - 1. Type: Insulbase.
 - 2. Thickness: 1 inches
 - 3. Attachment Method: Adhered Flexible Fast Adhesive 4" O.C. beads.

3.4 INSULATION PLACEMENT

- A. Install insulation or membrane underlayment in multiple layers over the substrate with boards butted tightly together with no joints or gaps greater than 1/4 inch (6 mm). Stagger joints both horizontally and vertically if multiple layers are provided.
- B. Secure insulation to the substrate with the required mechanical fasteners or insulation adhesive in accordance with the manufacturer's current application guidelines.
- C. Do not install wet, damaged or warped insulation boards.
- D. Stagger joints in one direction unless joints are to be taped. Install insulation boards snug. Gaps between board joints shall not exceed 1/4 inch (6 mm). Fill all gaps in excess of 1/4

inch (6 mm) with same insulation material.

- E. Wood nailers must be at least 3 1/2 inches (89 mm) wide or 1 inch (25 mm) wider than adjacent metal flange. Thickness must equal that of insulation but not less than 1 inch (25 mm) thickness.
- F. Miter and fill the edges of the insulation boards at ridges, valleys and other changes in plane to prevent open joints or irregular surfaces. Avoid breaking or crushing of the insulation at the corners.
- G. Do not install any more insulation than will be completely waterproofed each day.

3.5 INSULATION ATTACHMENT

- A. Securely attach insulation to the roof deck for Adhered Roofing Systems. Attachment must have been successfully tested to meet or exceed the calculated uplift pressure required by the International Building Code (ASCE-7) or ANSI/SPRI WD-1.
- B. Install insulation layers, maximum 4 feet by 4 feet (1220 mm by 1220 mm), applied with FAST adhesive, or a maximum 4 feet by 8 feet (1220 mm by 2438 mm), applied with Flexible FAST Adhesive, 4" O.C. coverage rate as necessary to achieve the specified attachment and uplift rating. Press each board firmly into place after adhesive develops strings when touched, typically 1-1/2 to 2 minutes after adhesive was applied, and roll with a weighted roller. Add temporary weight and use relief cuts to ensure boards are well adhered. Stagger the joints of additional layers by a minimum of 6 inches (152 mm).

3.6 MEMBRANE PLACEMENT AND ATTACHMENT (Sure-Weld Fully Adhered)

- A. Position Sure-Weld membrane over the acceptable substrate. Fold membrane sheet back lengthwise so half the underside of the membrane is exposed.
- B. Apply Cav Grip III Adhesive in accordance with the manufacturer's published instructions (10 Sq per cylinder), to the exposed underside of the membrane and the corresponding substrate area. Do not apply Cav Grip along the splice edge of the membrane to be hot air welded over the adjoining sheet
 - 1. Roll the coated membrane into the coated substrate while avoiding wrinkles. Brush down the bonded section of the membrane sheet immediately after rolling the membrane into the adhesive with a soft bristle push broom to achieve maximum contact.
 - 2. Fold back the unbonded half of the sheet lengthwise and repeat the bonding procedures.
- C. Position adjoining sheets to allow a minimum overlap of 2 inches.
- D. Hot-air weld the Sure-Weld membrane sheets using the Automatic Hot Air Welding Machine or Hot Air Hand Welder in accordance with the manufacturer's hot air welding procedures. Carlisle recommends a test weld sample be made from a piece of scrap TPO to eliminate the need to remove a section from a completed seam. At all splice intersections, roll the seam with a silicone roller to ensure a continuous hot air welded seam.
- E. Continue to install adjoining membrane sheets in the same manner, overlapping edges a minimum of 2 inches and complete the bonding procedures as stated previously.

3.7 SEAM WELDING

- A. Hot-air weld membrane using an Automatic Hot Air Welding Machine or Hot Air Hand Welder in accordance with the manufacturer's current guidelines. At all splice intersections, roll the seam with a silicone roller to ensure a continuous hot air welded seam.

- B. When utilizing membrane greater than 45-mil thickness, overlay all splice intersections with Sure-Weld T-Joint Cover.
- C. Probe all seams once the hot air welds have thoroughly cooled (approximately 30 minutes).
- D. Repair all seam deficiencies the same day they are discovered.

3.8 FLASHING

- A. Flashing of parapets, curbs, expansion joints and other parts of the roof must be performed using Sure-Weld reinforced membrane or prefabricated accessories. Sure-Weld non-reinforced membrane may be used for flashing pipe penetrations, Sealant Pockets, and scuppers, as well as inside and outside corners, when the use of pre-molded or prefabricated accessories is not feasible.
- B. Follow manufacturer's typical flashing procedures for all wall, curb, and penetration flashing including metal edging/coping and roof drain applications.

3.9 DAILY SEALS

- A. On phased roofing, when the completion of flashings and terminations is not achieved by the end of the work day, a daily seal must be performed to temporarily close the membrane to prevent water infiltration.
- B. Complete an acceptable membrane seal in accordance with the manufacturer's requirements.

3.10 CLEAN UP

- A. Perform daily clean-up to collect all wrappings, empty containers, paper, and other debris from the project site. Upon completion, all debris must be disposed of in a legally acceptable manner.
- B. Prior to the manufacturer's inspection for warranty, the applicator must perform a pre-inspection to review all work and to verify all flashing has been completed as well as the application of all caulking.

3.11 PROTECTION

- A. Protect installed products until completion of project.
- B. Touch-up, repair or replace damaged products before Substantial Completion.

 - 3) Identification of material or equipment with specification requirement.
 - 4) Place of origin.
 - 5) Name of manufacturer and brand (if any).
 - 6) Identify by specification section.
- 5.2.3** Samples of finished materials shall have additional markings that will identify them in reference to the finish schedules.
- 5.2.4** The Contractor shall mail a letter in triplicate under separate cover submitting each shipment of samples and containing the information required in paragraph 5.2.2. He shall enclose a copy of this letter with the shipment and send a copy to the HACR representative on the project. Approval of a sample shall be only for the characteristics or use named in such review and shall not be construed to change or modify any Contract requirement. Substitutions will not be permitted unless they are approved under paragraph 5.3.
- 5.2.5** Approved samples not destroyed in testing will be sent to the HACR. Approved samples of hardware in good condition will be marked for identification and may be used in the Work. Materials and equipment incorporated in the Work shall match the approved samples. Other samples not destroyed in testing or not approved will be returned to the Contractor at his expense if so requested at time of submission.

- 5.2.6 Failure of any material to pass the specified tests will be sufficient cause for refusal to consider any further samples of the same brand or make of that material or equipment under this Contract.
- 5.2.7 Samples of various materials or equipment delivered on the site or in place, may be taken by the HACR for testing. Samples failing to meet Contract requirements will automatically void previous approvals of the items tested. The Contractor shall replace such materials or equipment found not to have met Contract requirements, or there shall be a proper adjustment of the Contract price as determined by the HACR.
- 5.2.8 Unless otherwise specified, when tests are required, only one test of each sample proposed for use will be made at the expense of the HACR. Samples which do not meet specification requirements will be rejected. Requests for testing of additional samples by Contractor may be made by the HACR at the expense of the Contractor.

5.3 SUBSTITUTIONS

- 5.3.1 Wherever the name, or brand, or manufacturer of an article is specified in the Contract Documents, it is used as a measure of quality and utility or a standard. Except in those instances where the product is designated to match others presently in use, specifications calling for a designated material, product, thing or service by specific brand or trade name shall be deemed to be followed by the words "or equal" so that bidders may propose any equal material, product, thing or service in their bid. If the Contractor desires to use any other brand or manufacturer of equal quality and utility to that specified, he shall list definite particulars of that which he considers equivalent to the specified item in his bid. The Contractor shall have thirty-five (35) days after the award of the Contract for submission of data substantiating substitution of "equal" items. The HACR will then determine whether or not the proposed name brand or article is equal in quality and utility to that specified in the Contract Documents, and its written decision shall be final.
- 5.3.2 No proposal will be considered unless accompanied by complete information and descriptive data necessary to determine the equality of the offered materials, articles, or equipment. Samples shall be provided when requested by the HACR.
- 5.3.3 The burden of proof as to the comparative quality or suitability of the offered materials, articles, or equipment shall be upon the Contractor. The HACR shall be the sole judge as to such matters. In the event that the HACR rejects the use of such alternative materials, articles, or equipment, then one of the particular products designated by brand name in the specifications shall be furnished.
- 5.3.4 The HACR will examine Contractor's submittals with reasonable promptness. Return of the submittals to the Contractor shall not relieve the Contractor from responsibility for deviations and alternatives from the Contract Documents nor shall it relieve him from responsibility for errors in the submittals. A failure by the Contractor to identify, in his letter of transmittal, material deviations from the Contract Documents shall void the submittal and any action taken thereon by the HACR. When specifically requested by the HACR, the Contractor shall resubmit such shop drawing(s), descriptive data, and samples as may be required.
- 5.3.5 If any mechanical, electrical, structural, or design revisions are required for the proper installation and fit of alternative materials, articles, or equipment, or because of deviations from the Contract Documents, such changes shall not be made without the consent of the HACR's authorized representative, and shall be made without additional cost to the HACR, such costs, including the fees of the Architect, to be borne by the Contractor.

ARTICLE 6 SCHEDULES

6.1 CONSTRUCTION SCHEDULE

- 6.1.1 The Contractor shall prepare and submit to the HACR within five days after work commences on the contract or another period of time determined by the Contracting Officer, three copies of a practicable schedule showing the order in which the Contractor proposes to perform the work, and the dates on which the Contractor

contemplates starting and completing the salient features of the work (including acquiring materials and equipment). The schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of work scheduled for completion by any given date during the period. The scheduled completion date shall be the same as the contractual completion date, for the initial schedule and subsequent updates. Any proposed early completion date shall show the difference between that date and the contract completion date as Float, which shall belong to both the HACR and Contractor. If the Contractor fails to submit a schedule within the time prescribed, the Contracting Officer may withhold approval of progress payments or take other remedies under the contract until the Contractor submits the required schedule.

- 6.1.2 The Contractor shall submit any supplementary schedule or schedules as the Contracting Officer deems necessary to demonstrate how the approved rate of progress will be regained. If, in the opinion of the Contracting Officer, the Contractor falls behind the approved schedule, the Contractor shall take steps necessary to improve its progress, without additional cost to the HACR. In this circumstance, the Contracting Officer may require the Contractor to increase the number of shifts, overtime operations, days of work, and/or the amount of construction plant, and to submit for approval any supplementary schedule or schedules in chart form as the Contracting Officer deems necessary to demonstrate how the approved rate of progress will be regained. Failure of the Contractor to comply with the requirements of the Contracting Officer under this clause shall be grounds for a determination by the Contracting Officer that the Contractor is not prosecuting the work with sufficient diligence to ensure completion within the time specified in the contract, and the Contracting Officer may terminate the Contractor's right to proceed with the work, or any separable part of it, in accordance with the default clause of the contract.
- 6.1.3 All schedule updates must accurately reflect the as-built schedule. There shall be no change to the Critical Path without the HACR's written consent. The Contractor shall enter the actual progress on the chart as required by the Contracting Officer, and immediately deliver three copies of the annotated schedule to the Contracting Officer.

ARTICLE 7 TIME, LIQUIDATED DAMAGES AND EXTENSIONS

7.1 TIME OF WORK

The Contractor shall commence the project upon receipt of the written Notice to Proceed (See: Article 1 for the Definition of the Notice to Proceed) and shall perform the work diligently to completion within the number of calendar days specified in the Contract. Neither site access nor physical work shall be commenced before the Contract is fully executed, and bonds, insurance and the schedule are submitted as required by the Contract Documents. No work shall be done on Saturday, Sunday and holidays and no work shall be performed outside of normal working hours without the prior written consent of the HACR, unless required by these Specifications. See: Working Hours.

7.2 LIQUIDATED DAMAGES

If the Work is not completed within the time required, damage will be sustained by the HACR. It is and will be impracticable and extremely difficult to ascertain and determine actual damage which HACR will sustain by reason of such delay; and it is therefore agreed that Contractor will pay to HACR the sum of \$ 300.00 per day for each and every day's delay in finishing the Work beyond the time prescribed. If the Contractor fails to pay such liquidated damages, the HACR may deduct the amount thereof from any money due or that may become due the Contractor under the Contract.

7.3 UNAVOIDABLE DELAYS

7.3.1 TIME EXTENSION

- a. The Contractor will be granted an extension of time for completion of the Work beyond that

named in the Contract Documents, for delays which may result through causes beyond the control of the Contractor and which he could not have avoided by the exercise of care, prudence, foresight and diligence. The appropriate extension of time shall constitute full compensation. Costs associated with extended overhead will not be considered.

- b. If the Contractor is allowed extensions of time in which to complete the Work equal to the sum of all unavoidable delays, plus any adjustments of contract time due to contract change orders, during such extension of time liquidated damages shall not be charged to the Contractor.
- c. Unavoidable delays within the meaning of this section shall be those caused by Acts of God or of the public enemy, fire, epidemics, or strike. There will be no liquidated damages for delays as described within this paragraph.
- d. Delays in the performance of parts of the work which may in themselves be unavoidable, but do not necessarily prevent or delay the performance of critical activity(s) while the activity(s) is on the Critical Path, will not be considered as unavoidable delays within the meaning of the contract and shall not be the basis of a claim for delay.

7.3.2 WEATHER

Inclement weather shall not be a prima facie reason for granting a time extension. The Contractor shall make every effort to continue work under prevailing conditions. However, if the inclement weather prevents the Contractor from beginning at the usual starting time, or prevents the Contractor from proceeding with seventy-five percent (75%) of the normal labor and equipment force towards completion of the day's current Critical Path activities (shown on the most current, and accepted schedule update) for a period of at least five (5) hours, and the crew is dismissed as a result thereof, the HACR will designate such time as unavoidable delay and grant a one (1) calendar day, non-compensable, time extension.

7.3.3 NOTICE OF DELAYS

- a. Whenever the Contractor foresees any delay in the performance of a Critical Path work activity, and in any event immediately upon the occurrence of any delay which he regards as an unavoidable delay, the Contractor shall notify the HACR in writing of such delay and its cause, in order that the HACR may take immediate steps to prevent, if possible, the occurrence or continuance of the delay, and may determine whether the delay is to be considered avoidable or unavoidable, how long it continues, and to what extent the prosecution and completion of the work are to be delayed thereby.
- b. After the completion of any part or the whole of the Work, the HACR, in calculating the amount due the Contractor, will assume that any and all delays which have occurred have been avoidable delays, except such delays as shall have been called to the attention of the HACR at the time of their occurrence and found by the HACR to have been unavoidable as substantiated by a change order. The Contractor shall make no claims that any delay not called to the attention of the HACR at the time of its occurrence has been an unavoidable delay.

7.4 REQUEST FOR TIME EXTENSION

- 7.4.1 In the event the Contractor requests an extension of contract time for unavoidable delay, justification shall be submitted no later than seven (7) calendar days after the initial occurrence of any such delay. When requesting time for proposed change orders, the request(s) must be submitted with the proposed change order with full justification. If the Contractor fails to submit justification he shall waive his right to a time extension at a later date. Justification must be based on the currently accepted contract schedule as updated at the time of

occurrence of delay or execution of work related to any change(s) in the scope of work. The justification must include a schedule, including, but not limited to, the following information:

- a. The duration to perform the activity relating to the change(s) in the work and the resources (manpower, equipment, material, etc.) required to perform these activities within the stated duration.
- b. Logical activity ties to the contract schedule for the proposed changes and/or delay showing the activity/activities in the schedule whose start or completion dates are affected by the change and/or delay.

7.4.2 The HACR, after receipt of such justification and supporting evidence, shall make its finding of fact. The HACR's decision shall be final and conclusive and the HACR will advise the Contractor in writing of such decision. If the HACR finds that the Contractor is entitled to any extension of Contract time, the HACR's determination as to the total number of days of extension shall be based upon the latest updated version of the approved contract schedule.

7.4.3 In the event the Contractor disagrees with the HACR's decision, the Contractor shall be required to submit a claim pursuant to the DISPUTE article.

ARTICLE 8 PERFORMANCE

8.1 SUPERVISION & CONSTRUCTION PROCEDURES

8.1.1 The Contractor shall supervise and direct the work. The Contractor shall be solely responsible for all construction means, methods, techniques, sequences, procedures, project safety, and shall coordinate all portions of the Work under the Contract, including the relations of the various trades to the progress of the Work, in accordance with the provisions of the Contract Documents.

8.1.2 The Contractor shall be responsible to the HACR for the acts and omissions of the Contractor's employees, subcontractors, and their agents and employees, and any other persons performing any of the work under a contract with the Contractor.

8.1.3 The Contractor is an independent contractor and nothing in the Contract Documents shall be interpreted to make the Contractor an agent of the HACR.

8.2 SUPERVISION

8.2.1 Within seven (7) days after the Notice to Proceed, the Contractor shall provide to the HACR an organization chart outlining key job personnel. The Contractor will also provide a Letter of Authority or Corporate Resolution for the individual(s) authorized to sign documents on its behalf, i.e., payment requests, change orders, inspection reports, etc.

8.2.2 The Contractor shall employ, during the progress of the Work, a competent Project Superintendent and any necessary assistants, as approved by the HACR. The Project Superintendent shall not be changed except with the consent of the Authorized Representative of HACR, unless the Superintendent proves to be unsatisfactory to the Contractor or ceases to be in his employ. The HACR shall be notified immediately of any new Superintendent appointed to the Work and the Contractor shall submit qualifications for approval. The Superintendent shall represent the Contractor and all directions given to him shall be as binding as if given to the Contractor.

8.2.3 The HACR shall be supplied at all times with the name and telephone number of a person in charge of or responsible for the Work, who can be reached for emergency work twenty-four (24) hours a day, seven (7) days a week.

8.3 CONDUCT OF WORK

- 8.3.1 In connecting one kind of work with another, marring or damaging same will not be permitted and, in the event such occurs, shall be corrected by the Contractor at its cost prior to acceptance by the HACR. Should improper work of any trade be covered by another which results in damage or defects, the whole work affected shall be made good by the Contractor without expense to HACR.

8.4 PROTECTION OF WORK & PROPERTY

- 8.4.1 The Contractor shall continuously maintain adequate protection of the Work from damage and shall protect the HACR's property from injury or loss in connection with this Contract. He shall make good any such damage, injury, or loss, except what may be directly due to errors in the Contract Documents or caused by agents or employees of the HACR. He shall adequately protect adjacent property as provided by law and the Contract Documents.
- 8.4.2 The Contractor shall preserve and protect all structures, equipment, and vegetation (such as trees, shrubs, and grass) on or adjacent to the Work site which are not to be removed and which do not unreasonably interfere with the work required under this Contract.
- 8.4.3 The Contractor shall protect from damage all existing improvements and utilities at or near the Work site and on adjacent property of a third party, the locations of which are made known to or should be known by the Contractor. The Contractor shall repair any damage to those facilities, including those that are the property of a third party, resulting from failure to comply with the requirements of this Contract or failure to exercise reasonable care in performing the Work. If the Contractor fails to repair the damage promptly, the HACR may have the necessary work performed and charge the cost to the Contractor.

8.5 CONTRACTOR'S RESPONSIBILITY FOR WORK

- 8.5.1 Until Acceptance of the Work by the HACR, Contractor shall have the charge and care thereof and shall bear risk of injury or damage to any part of the Work by action of the elements. If a separate Contractor sues the Owner, on account of any loss so sustained, the HACR shall notify the Contractor, who shall indemnify and hold harmless the HACR against any expenses, or judgment arising therefrom.
- 8.5.2 Contractor, at its cost, shall rebuild, repair, restore and make good all damages from the elements to any portion of the Work occasioned by such causes before its Acceptance.
- 8.5.3 No advertising of any description will be permitted in or about the Work, except by order of the HACR.
- 8.5.4 Contractor shall not create or permit the continued existence of any nuisance in or about the Work.

8.6 UTILITIES

- 8.6.1 Unless otherwise provided for under separate sections herein, Contractor will arrange all water, gas, and electricity required for construction purposes until acceptance of the Work. Contractor shall pay for such services unless otherwise specifically noted.
- 8.6.2 Utilities shall not be interrupted except with the approval of the HACR. A two (2) work day written notice is required prior to any and all interruptions. Interruptions shall be scheduled so as to minimize duration and disruption to existing operations.
- 8.6.3 a. The Contractor shall send notices, make all necessary arrangements, and perform all other services required in the care and maintenance of all public utilities.

- b. Enclosing or boxing in, for protection of any public utility equipment, shall be done by the Contractor. Upon completion of the Work, the Contractor shall remove all enclosures, and leave in a finished condition.
- c. All connections to public utilities shall be made and maintained in a manner so as not to interfere with the continuing use of same by the HACR during the entire progress of the Work.

8.7 WORKING HOURS

- 8.7.1 All work shall be performed on a calendar day basis during the customary working hours of the trades involved unless otherwise specified in this Contract. Work performed by the Contractor of his own volition outside such established working hours shall be at no additional expense to the HACR and without HACR approval.
- 8.7.2 It is expressly stipulated that no laborer, workman, or mechanic employed at any time by the Contractor or by any subcontractor(s) under this Contract upon the Work or any part thereof, shall be required or permitted to work thereon more than eight (8) hours during any one calendar day and forty (40) hours during any one calendar week, except, as provided by Section 1815 of the California Labor Code. It is further expressly stipulated that for each and every violation of Sections 1811-1815, inclusive, of the California Labor Code, all the provisions of which are deemed to be incorporated herein, said contractor shall forfeit, as a penalty to HACR, twenty-five dollars (\$25.00) for each laborer, workman, or mechanic employed in the execution of this Contract by contractor for each calendar day during which said laborer, workman, or mechanic is required or permitted to work more than eight hours in any one calendar day and forty hours in any one calendar week in violation of the provisions of said Sections of the Labor Code.
- 8.7.3 The Contractor, and each subcontractor, shall keep an accurate record showing the names of and actual hours worked each calendar day and each calendar week by all laborers, workmen, and mechanics employed by them in connection with the Work contemplated by this Contract, which record shall be open at all reasonable hours to the inspection of the HACR or its officers or agents and to the Division of Labor Standards Enforcement of the Department of Industrial Relations.
- 8.7.4 No construction work shall be done on Saturdays, Sundays or HACR holidays and no work shall be performed outside of normal working hours without the prior written consent of the HACR. In any event, all work shall be subject to approval of the HACR. Prior to start of such work, the Contractor shall arrange with the HACR for the continuous or periodic inspection of the Work and testing of materials, when necessary. If requests are made by the Contractor for permission to work overtime, nights, Saturdays, Sundays or HACR holidays, and such requests are granted, the Contractor shall bear all extra expense to the HACR for inspection and other incidental expenses caused by such overtime work. If contractors are requested, in the interest of the HACR, to work overtime by the HACR, or if overtime work is specifically required by these specifications, all extra expense of inspection will be paid by the HACR.

8.8 MATERIAL & EQUIPMENT

- 8.8.1 Materials, equipment, and articles incorporated into the Work shall be new and of equal quality to the types and grades specified. When not particularly specified, the Contractor shall submit for approval satisfactory evidence as to the kind and quality of material. See SUBSTITUTION provision 5.3 concerning "or equal" requirements and procedure for submitting alternative material, articles, or equipment.
- 8.8.2 All materials shall be delivered so as to insure a speedy and uninterrupted progress of the Work. All materials shall be stored so as to cause no obstruction and so as to prevent overloading of any portion of the structure on the Work site, and the Contractor shall be entirely responsible for damage or loss by weather, theft, vandalism, or other cause.
- 8.8.3 Materials shall be stored to assure the preservation of their quality and fitness for the Work. Stored materials

shall be reasonably accessible for inspection. When considered necessary by the HACR, stored materials shall be placed on wooden platforms or on other hard, clean surfaces and not directly on the ground, and shall be placed under cover when so directed.

8.9 LAYOUT OF WORK

8.9.1 The Contractor shall lay out its work from established base lines and bench marks indicated on the drawings, and shall be responsible for all measurements in connection with the layout. The Contractor shall furnish, at its own expense, all stakes, templates, platforms, equipment, tools, material, and labor required to lay out any part of the Work. The Contractor shall be responsible for executing the Work to the lines and grades that may be established or indicated in the Contract Documents. The Contractor shall also be responsible for maintaining and preserving all stakes and other marks established by the HACR until authorized to remove them. If such marks are destroyed by the Contractor before their removal is authorized, the HACR may replace them and deduct the expense of the replacement from any amounts due or to become due to the Contractor.

8.10 USE OF PREMISES

8.10.1 The Contractor shall maintain the entire premises under his control in an orderly condition. He shall store his apparatus, materials, supplies and equipment in such a manner as will not interfere with the progress of his work or the work of other contractors.

8.11 OPERATIONS & STORAGE

8.11.1 The Contractor shall confine all operations (including storage of materials) on HACR premises to areas authorized or approved by the HACR.

8.11.2 Temporary buildings (e.g., storage sheds, shops, offices) and utilities may be erected by the Contractor only with the approval of the HACR and shall be built with labor and materials furnished by the Contractor without expense to the HACR. The temporary buildings and utilities shall remain the property of the Contractor and shall be removed by the Contractor at his expense upon completion of the work.

8.11.3 The Contractor shall, under regulations prescribed by the authority having jurisdiction, use only established roadways, or use temporary roadways constructed by the Contractor when and as authorized by the authority having jurisdiction. When materials are transported in performance of the Work, vehicles shall not be loaded beyond the loading capacity recommended by the manufacturer of the vehicle or prescribed by any Federal, State, or HACR regulation. When it is necessary to cross curbs or sidewalks, the Contractor shall protect them from damage. The Contractor shall repair, or pay for the repair, of any damaged curbs, sidewalks, or roads.

8.12 HEAT/POWER/LIGHT

8.12.1 Unless otherwise specified or already provided by the HACR, the Contractor shall:

- a. Provide heat, as necessary to protect all work, materials, and equipment against injury from dampness and cold;
- b. Provide heat as necessary in the area where work is to be done to provide the minimum temperature recommended by the supplier or manufacturer of the material;
- c. Provide electric power and light as required for performance of the Work.

8.13 CLEANING UP

8.13.1 The Contractor shall at all times keep the work area, including storage areas, free from accumulations of waste materials. Before completing the Work, the Contractor shall remove from the work and premises any weeds,

rubbish, tools, scaffolding, equipment, and materials that are not the property of the HACR. Upon completing the Work, the Contractor shall leave the work area in a clean, neat, and orderly condition satisfactory to the HACR.

ARTICLE 9 SAFETY & HEALTH

9.1 ACCIDENT PREVENTION

9.1.1 In performing this Contract, the Contractor shall provide for protecting the lives and health of employees and other persons; preventing damage to property, materials, supplies, and equipment; and avoiding work interruptions. For these purposes, the Contractor shall:

- a. Provide a copy of its safety program;
- b. Provide appropriate safety barricades, signs, and signal lights;
- c. Comply with standards issued by the U.S. Government, State, HACR and City, and other governing agencies having jurisdiction;
- d. Ensure that any additional measures the HACR determines to be reasonably necessary for this purpose are taken.

9.1.2 The Contractor shall maintain an accurate record of exposure data on all accidents incident to work performed under this Contract resulting in death, traumatic injury, occupational disease, or damage to property, materials, supplies, or equipment. The Contractor shall report this data in the manner prescribed by the HACR.

9.1.3 Before beginning excavation for a trench 5 feet or more in depth, Contractor shall provide evidence of having obtained a permit from the authority having jurisdiction.

9.1.4 Nothing herein shall be deemed to allow use of shoring, sloping, or protective systems less effective than those required by the Construction Safety Orders of the California Division of Industrial Safety.

9.2 SANITARY FACILITIES

9.2.1 Contractor shall supply and maintain at its expense such toilets and other sanitary facilities including those which are accessible by the disabled as per ADA and Title 24 requirements necessary for use by visitors and workers employed at the job site. Such facilities shall be approved by the HACR.

9.3 RESPONSIBILITY FOR COMPLIANCE WITH CAL-OSHA

9.3.1 All work, materials, work safety procedures and equipment shall be in full accordance with the latest Cal-OSHA rules and regulations.

9.3.2 Contractor warrants that he and each of his subcontractors shall, in performance of this Contract, comply with each and every compliance order issued pursuant to Cal-OSHA. The Contractor assumes full and total responsibility for compliance with Cal-OSHA standards by his subcontractors as well as himself. The cost of complying with any order and/or payment of any penalty assessed pursuant to Cal-OSHA shall be borne by the Contractor. Nothing contained therein shall be deemed to prevent the Contractor and his subcontractors from otherwise allocating between themselves responsibility for compliance with Cal-OSHA requirements; provided, however, that the Contractor shall not thereby, in any manner whatsoever, be relieved of his responsibility to the HACR as herein set forth.

9.4 TOXIC AND HAZARDOUS MATERIALS AND WASTE

9.4.1 ASBESTOS

Operations which may cause release of asbestos fibers into the atmosphere shall meet the requirements of Title 8 CCR General Industrial Safety Orders, Section 5208 and California law. Some operations which may cause such concentrations include sanding, grinding, abrasive blasting, sawing, drilling, shoveling, or otherwise handling materials containing asbestos so that dust will be raised.

9.4.2 TOXIC MATERIALS

Operations which release toxic materials into the atmosphere shall meet the requirements of Title 8 CCR, General Industrial Safety Orders. Some operations which may release such materials include use of adhesives, sealants, paint, and other coatings.

9.4.3 LEAD-BASED PAINT

Lead-based paint is prohibited. Lead-based paint is defined as:

- a. Any paint containing more than five-tenths of one percentum lead by weight (calculated as lead metal in the total non-volatile content of the paint) or the equivalent measure of lead in the dried film of paint applied or both; or
- b. For paint manufactured after June 22, 1977, any paint containing more than six one-hundredths of one percentum lead by weight (calculated as lead metal) in the total content of the paint or the equivalent measure of lead in the dried film or paint already applied.

9.4.4 HAULING AND DISPOSAL

All hauling and disposal shall meet requirements of Title 22 CCR, Division 4, Chapter 30, "Minimum Standards for Management of Hazardous and Extremely Hazardous Wastes."

9.4.5 ASBESTOS PROHIBITED

No products or materials containing asbestos shall be incorporated into the Work without the prior written approval of the HACR.

ARTICLE 10 HACR-FURNISHED PROPERTY

10.1 HACR-FURNISHED PROPERTY

10.1.1 The HACR may furnish to the Contractor property as identified in the specification(s) to be incorporated or installed into the Work or used in performing the Contract. The listed property will be furnished f.o.b. railroad cars at the place specified in the Contract or f.o.b. truck at the project site. The Contractor is required to accept delivery. When the property is delivered, the Contractor shall verify its quantity and condition and acknowledge receipt in writing to the HACR within twenty-four (24) hours of delivery, also specifying any damage to or shortage of the property as received. All such property shall be installed or incorporated into the Work at the expense of the Contractor, unless otherwise indicated in this Contract.

10.1.2 Each item of property to be furnished under this clause shall be identified by the Contractor in a schedule by quantity, item, and description. Schedule form will be provided by the HACR.

10.1.3 The Contractor shall be held responsible for all material delivered to him and deductions will be made from any moneys due him to make good any shortages and deficiencies, from any cause whatsoever, which may occur after such delivery.

- 10.1.4 The Contractor shall set up accounting records and establish an inspection procedure as approved by the HACR.

ARTICLE 11 BENEFICIAL OCCUPANCY

11.1 BENEFICIAL OCCUPANCY

- 11.1.1 The HACR shall have the right to take possession of or use any completed or partially completed portion of the Work. The HACR's possession or use shall not be deemed an acceptance of any Work under the Contract. The Contractor will continue to pay for any portion of the utilities which he is using.
- 11.1.2 While the HACR has such possession or use, the Contractor shall be relieved of the responsibility for the loss of or damage to that portion of the Work resulting from the HACR's possession or use. If Contractor believes the partial possession or use by the HACR will delay the progress of the Work or will cause additional expense to the Contractor, Contractor shall immediately submit a written request for an equitable adjustment in the Contract price or the time of completion. HACR will then consider such request and, if in its judgment it is justified, the HACR will modify the contract in writing accordingly. In the event the Contractor disagrees with the HACR's decision, the Contractor shall be required to submit a claim pursuant to the DISPUTE article.

ARTICLE 12 INSPECTION AND TESTING

12.1 INSPECTION AND TESTING

- 12.1.1 The Contractor shall maintain an adequate inspection system and perform such inspections as will ensure that the work called for by this Contract conforms to contract requirements. The Contractor shall maintain complete inspection records and make them available to the HACR. The HACR shall at all times have access to the Work, and the Contractor shall provide proper facilities for such access and for inspection.
- 12.1.2 HACR inspections and tests are for the sole benefit of the HACR and do not:
- a. Relieve the Contractor of responsibility for providing adequate quality control measures;
 - b. Relieve the Contractor of responsibility for damage to or loss of the material before Acceptance;
 - c. Constitute or imply Acceptance; or
 - d. Affect the continuing rights of the HACR after Acceptance regarding latent defects, gross mistakes, fraud or the HACR's rights under any warranty or guarantee.
- 12.1.3 The presence or absence of a HACR inspector does not relieve the Contractor from any Contract requirement, nor is the inspector authorized to change any term or condition of the specifications without the HACR's written authorization.
- 12.1.4 The Contractor shall promptly furnish, without additional charge, all facilities, labor, and material reasonably needed for performing such safe and convenient inspections and tests as may be required by the HACR. The HACR may charge to the Contractor any additional cost of inspection or test when work is not ready at the time specified by the Contractor for inspection or test, or when prior rejection makes reinspection or retest necessary. Special, full size, and performance tests shall be performed as described in the Contract.
- 12.1.5 The Contractor shall, without charge, replace or correct work found by the HACR not to conform to contract requirements, unless in the public interest the HACR consents to accept the work with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the

premises.

- 12.1.6** If, before Acceptance of the Work, the HACR decides to examine already completed work by removing it or tearing it out, the Contractor, on request, shall promptly furnish all necessary facilities, labor, and material. If the work is found to be defective or nonconforming in any material respect due to the fault of the Contractor or its subcontractors, the Contractor shall defray the expenses of the examination and of satisfactory reconstruction. However, if the work is found to meet Contract requirements, the HACR shall issue a Change Order for such removal and reinstallation.
- 12.1.7** The Contractor shall at all times maintain proper facilities and provide safe access for inspection by the HACR to all parts of the work, and to the shops wherein the work is in preparation. Where the specifications require work to be specially tested or approved, it shall not be tested or covered up without timely notice to the HACR of its readiness for inspection and without the approval or consent of HACR. Should any such work be covered up without such notice, approval, or consent, it must, if required by HACR, be uncovered for examination at the Contractor's expense.
- 12.1.8** The Contractor shall notify the HACR at least one (1) work day in advance of the time scheduled for the inspection. Should the Contractor fail to notify the HACR and proceed with work requiring inspection, all such work is rejected, and no further work shall be done on that portion of the project until the rejected work is accepted by the HACR. Should the Contractor request acceptance of such rejected work the HACR shall, at the Contractor's expense, secure the services of private material testing laboratories, consulting engineers or licensed land surveyors, who shall certify that said work does in fact conform to the requirements of the Contract Documents. The work previously rejected shall be accepted by the HACR after receipt of such certification if the HACR approves of such certification.
- 12.1.9** If the Contractor does not promptly replace or correct rejected work, the HACR may (1) by contract or otherwise, replace or correct the work and charge the cost to the Contractor or (2) terminate for default the Contractor's right to proceed.

- 12.1.11** The HACR will pay for initial testing services specified to be performed by the HACR. When initial tests indicate non-compliance with the Contract Documents, subsequent retesting occasioned by the non-compliance shall be performed by the same testing agency, and costs thereof will be deducted by the HACR from the Contract sum.

12.2 INSPECTION BY OTHER JURISDICTIONS

Whenever any part of the Work to be performed is under the jurisdiction or control of another public entity, including but not limited to: The United States Government, State of California, or City, such work shall be subject to inspection by the officials of such entities and it must pass inspection, in addition to HACR inspection, and such other inspections as may otherwise be provided for in the Contract Documents.

12.3 FINAL INSPECTION AND TESTS

The Contractor shall give the HACR at least ten (10) calendar days advance written notice of the date the Work will be fully completed and ready for final inspection and tests. - 13.1.4 HACR shall be given adequate opportunity to make any necessary arrangements for fire insurance and extended coverage.

15.1 DUST CONTROL

15.1.1 The Contractor shall provide any and all dust control required.

15.1.2 Whenever the Contractor is negligent in providing dust control, the HACR shall order the Contractor to provide such dust control. 15.2 EXCESSIVE NOISE

15.2.1 The Contractor shall use only such equipment on the Work and in such state of repair that the emission of sound therefrom is within the noise tolerance level of that equipment as established by CAL-OSHA.

15.2.2 Should the HACR determine that the muffling device on any equipment used on the Work is ineffective or defective so that the noise tolerance of such equipment is exceeded, such equipment shall not, after such determination by the HACR, be used on the Work until its muffling device is repaired or replaced so as to bring the noise tolerance level of such equipment within such standards.

ARTICLE 16 EMPLOYMENT PRACTICES

16.1 QUALIFICATIONS FOR EMPLOYMENT AND APPRENTICESHIP STANDARDS

16.1.1 In accordance with Section 1735 of the California Labor Code, no person under the age of 16 years and no person currently serving sentence in a penal or correctional institution shall be employed to perform any Work

under this Contract. No person whose age or physical condition is such as to make his employment dangerous to his health or safety or to the health or safety of others shall be employed to perform Work under this Contract; provided that this requirement shall not operate against any physically handicapped persons otherwise employable where such persons may be safely assigned to Work which they ably perform.

- 16.1.2 This contract is subject to the provisions of Sections 1777.5 and 1777.6 of the California Labor Code concerning the employment of apprentices by the Contractor or any subcontractor under him. Section 1777.5 as amended, requires the Contractor or subcontractor employing tradesmen in any apprenticeable occupation to apply to the Joint Apprenticeship Committee nearest the site of this project and which administers the apprenticeship program in that trade for a certificate of approval. The certificate will also fix the ratio of apprentices to journeymen that will be used in the performance of the Contract.
- 16.1.3 The Contractor is required to make contributions to funds established for the administration of apprenticeship programs if he employs registered apprentices or journeymen in any apprenticeable trade on such contracts and if other contractors on the public works site are making contributions.
- 16.1.4 All employees engaged in work on the project under this Contract shall have the right to organize and bargain collectively through representatives of their own choosing, and such employees shall be free from interference, restraint, and coercion of employers in the designation of such employees for the purpose of collective bargaining or other mutual aid or protection, and no person seeking employment under this Contract shall be required as a condition of initial or continued employment to join any company, union, or to refrain from joining, organizing, or assisting a labor organization of such person's own choosing. No person in the employment of the HACR shall be employed by this contractor.

16.2 WAGES & RECORDS

16.2.1 WAGE RATES

- a. Pursuant to Section 1770 and 1773 et seq. of the Labor Code of the State of California, the Director of Industrial Relations has ascertained the general prevailing rate of per diem wages and the rates for overtime and holiday work in the locality in which the work is to be performed for each craft, classification, or type of workman needed to execute the contract which will be awarded to the successful bidder, copies of which are on file and available upon request at the Clerk of the Board, Board of Supervisors, 4080 Lemon St., 14th Floor, Riverside, CA 92501-3655, and shall be posted at the job site.

- c. In case it becomes necessary for the Contractor or any sub-contractor to employ on the project under this Contract any person in a trade or occupation (except executives, supervisory, administrative, clerical, or other non-manual workers as such) for which no minimum wage rate is herein specified, the Contractor shall immediately notify the HACR who will promptly thereafter determine the prevailing rate for such additional trade or occupation and shall furnish the Contractor with the minimum rate based thereon. The minimum rate thus furnished shall be applicable as a minimum for such trade or occupation from the time of the initial employment of the person affected and during the continuance of such employment.

- d. The HACR will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth as provided herein. The possibility of wage increases is one of the elements to be considered by the Contractor in determining his bid, and will not under any circumstances be considered as the basis of a claim against the HACR on the Contract.

16.2.2 WAGE RECORDS

- a. The Contractor and each subcontractor shall keep or cause to be kept an accurate record (certified payroll) showing the names and occupations of all laborers, workers, and mechanics employed by him in connection with the execution of this Contract or any subcontract thereunder. The record shall show the actual per diem wages paid to each of said workers, which records shall be provided to the HACR, and to the Division of Labor Standards Enforcement upon its request. Copies provided will include one which has the name and social security numbers marked out.

16.3 NOTICE OF LABOR DISPUTES

16.3.1 If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this Contract, the Contractor shall immediately give notice, including all relevant information, to the HACR.

16.3.2 The Contractor agrees to insert the substance of this clause, including this paragraph into any subcontract in which a labor dispute may delay the timely performance of this Contract; except that each subcontract shall provide that in the event its timely performance is delayed or threatened by delay by any actual or potential labor dispute, the subcontractor shall immediately notify the next higher tier subcontractor or the prime Contractor, as the case may be, of all relevant information concerning the dispute.

16.4.3 FAIR EMPLOYMENT AND HOUSING ACT ADDENDUM

In the performance of this Contract, the Contractor will not discriminate against any employee or Applicant for employment because of race, sex, color, religion, ancestry, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, sex, color, religion, ancestry, or national origin. 16.4.5 REMEDIES FOR WILLFUL VIOLATION

The State or local agency may determine a willful violation of the Fair Employment and Housing provision to have occurred upon receipt of a final judgment having that effect from a court in an action to which Contractor was a party, or upon receipt of a written notice from the Fair Employment and Housing Commission that it has investigated and determined that the Contractor has violated the Fair Employment and Housing Act and has issued an order or obtained an injunction under Government Code Sections 12900, et seq.

ARTICLE 17 SUBCONTRACTING

17.1 SUBCONTRACTORS

- 17.1.1 A subcontractor is an individual, firm or corporation having a direct contract with the Contractor or with any other subcontractor for the performance of a part of the Work. In accordance with Section 4104 of the Public Contract Code, each Contractor, in his bid, shall include the name and location of each subcontractor who will

perform work or labor, or render services to the Contractor in or about the Work in an amount in excess of one half of 1% of the Contractor's total bid.

17.1.2 The HACR reserves the right to approve all subcontractors. Such approval shall be a consideration to the awarding of the Contract and unless notification to the contrary is given to the Contractor prior to the signing of the Contract, the list of subcontractors which is submitted with his proposal will be deemed to be acceptable.

17.1.3 The Contractor shall be as fully responsible to the HACR for the acts and omissions of his subcontractors and of persons either directly or indirectly employed by them, as he is for the acts and omissions of persons directly employed by him.

17.1.4 Nothing contained in the Contract Documents shall create any contractual relationship between any subcontractor and the HACR.

17.1.5 The divisions or sections of the specifications are not intended to control the Contractor in dividing the Work among subcontractors or to limit the work performed by any trade.

17.2 RELATIONS OF CONTRACTOR AND SUBCONTRACTOR

17.2.1 The Contractor agrees to bind every subcontractor by the terms of the Contract with the HACR, the General Conditions, Supplementary Conditions, and the drawings and specifications as far as applicable to his work, unless specifically noted to the contrary in a subcontract approved in writing as adequate by the HACR.

17.3 SUBCONTRACTS

17.3.1 Pursuant to the provisions of Sections 4100 to 4114 of the California Public Contract Code, inclusive, the Contractor shall not, without the consent of the HACR, either:

- a. Substitute any persons as subcontractors in place of the subcontractors designated in his original bid without the consent of HACR. (The HACR's consent can only be given in cases permitted by Public Contract Code Section 4107.)
- b. Permit any subcontract to be assigned or transferred or allow any work to be performed by anyone other than the original subcontractor listed in his bid.
- c. Sublet or subcontract any portion of the work in excess of one-half of one percent of his bid to which his original bid did not designate a subcontractor.

Should the Contractor violate any of the provisions of Sections 4100 to 4114, inclusive, of the Public Contract Code, his so doing shall be deemed a violation of this Contract, and the HACR may either cancel the contract, or assess the Contractor a penalty in the amount of not more than ten (10) percent of the amount of the subcontract involved, or both.

ARTICLE 18 TAXES

18.1 SALES AND PAYROLL TAXES

18.1.1 Each Contractor, subcontractor, and material dealer shall include in their bid all applicable taxes including but not limited to sales tax and payroll taxes required by law.

ARTICLE 19 CHANGES

19.1 CHANGE ORDER WORK

- 19.1.1** The HACR reserves the right to make changes in the work without impairing the validity of the Contract. The HACR may make changes to the work, or suspend the work, and all such changes or suspension are within the contemplation of the parties and will not be a basis for compensable delay. Such changes may be made in accordance with any of the following methods:
- a. By written change order to the Contract ordered by the Board of Commissioners.
 - b. By written change order, signed by the Contracting Officer, in the manner and amounts specified by HACR procurement and procedure manual.
 - c. By written authorization, issued by the Contracting Officer, for items of work done under unit prices. The cost or credit for such added or omitted work shall be determined by multiplying the number of units added to or omitted from the work by the applicable unit price.
- 19.1.2** Upon receipt of a proposed Change Order from HACR, the Contractor shall submit a proposal in accordance with the requirements and limitations set forth in this "Change Orders" article, for work involved in the contemplated change.
- 19.1.3** The Contractor must submit a cost proposal within fifteen (15) calendar days after receipt of the proposed change order. The Contractor must submit cost proposals in less than fifteen (15) calendar days if requested by the HACR or if required by schedule limitations.
- 19.1.4** If the Contractor fails to submit the cost proposal within the 15-day period (or as requested), the HACR has the right to order the Contractor in writing to commence the work immediately on a force account basis and/or issue a lump sum change to the contract price in accordance with the HACR's estimate of cost. If the change is issued based on the HACR estimate, the Contractor will waive his right to dispute the action unless within fifteen (15) calendar days following completion of the added/deleted work, the Contractor presents proof that the HACR's estimate was in error.
- 19.1.5** If the HACR disagrees with the proposal submitted by Contractor, it will notify the Contractor in writing and the Contractor may elect to proceed under the DISPUTE article of this Contract, or, in the event either party contests the price or time extension of Change work, or time is of the essence, the HACR may issue a Construction Change Directive and the contractor shall proceed with the work. The HACR will provide its opinion of the appropriate price and/or time extension in a "Response to Change Order Request." If the contractor agrees with the HACR's estimate, a change order will be issued by the HACR. If no agreement can be reached, the HACR shall have the right to issue the Change Order Directive setting forth its unilateral determination of the reasonable additions or savings in costs and time attributable to the extra or deleted work. Such determination shall become final and binding if the Contractor fails to submit a Claim in writing to the HACR, within twenty-one (21) days of the Change Order Directive, disputing the terms of such Directive. No dispute, disagreement or failure of the parties to reach agreement regarding the amount, if any, of any adjustment to the contract sum or contract time shall relieve the Contractor from the obligation to proceed with performance of the work, including extra work, promptly and expeditiously."
- 19.1.6** The Contractor will give notice of a requested change on his letterhead within seven (7) calendar days of discovery and, if the HACR agrees, a proposed change order will be issued on the HACR's standard change order form.
- 19.1.7** If any change involves an increase or decrease in the cost of the Contractor's work, a change order shall state the amount to be added or deducted from the Contract amount, and the additional time, if any, needed for the performance of such work.
- 19.1.8** Any changes to the Contract amount shall be in a lump sum mutually agreed to by the Contractor and the HACR, except that when, in the opinion of the HACR, such basis is not feasible the change to the Contract

amount shall be determined upon a cost-plus-percentage basis with a guaranteed maximum lump sum cost within the limitations provided by law.

19.1.9 Each lump sum quotation from the Contractor shall be accompanied by sufficiently detailed estimates to permit verification of totals in accordance with (a) through (d) in 19.1.11 below.

19.1.10 When the work is to be done on a cost-plus-percentage basis, the Contractor shall submit statements as required by the HACR showing all labor, material, and equipment costs incurred, and upon completion of the work, a summary of costs, including overhead and profit, and in accordance with Item (a) through (d) in 19.1.11 below.

19.1.11 Estimates for lump sum quotations and accounting for cost-plus-percentage work shall be limited to direct expenditures necessitated specifically by the subject extra work, and shall be segregated as follows:

- a. Labor. The costs of labor will be the actual cost for wages prevailing locally for each craft or type of worker at the time the extra work is done, plus employer payments of payroll taxes and insurance, health and welfare, pension, vacation, apprenticeship funds, and other direct costs resulting from Federal, State or local laws, as well as assessment or benefits required by lawful collective bargaining agreements. The use of a labor classification which would increase the extra work cost will not be permitted unless the contractor establishes the necessity for such additional costs. Labor costs for equipment operators and helpers shall be reported only when such costs are not included in the invoice for equipment rental.
- b. Materials. The cost of materials reported shall be at invoice or lowest current price at which such materials are locally available in the quantities involved, plus sales tax, freight and delivery.
- c. Tool and Equipment Use. No payment will be made for the use of tools which have a replacement value of \$100 or less. Regardless of ownership, the rates to be used in determining equipment use costs shall not exceed listed rates prevailing locally at equipment rental agencies, or distributors, at the time the work is performed.
- d. Overhead, Profit and Other Charges. The mark-up for overhead and profit on work added to the Contract shall be according to the following Schedule.
 - (1) For work performed by the Contractor's forces the added cost for overhead and profit shall not exceed fifteen (15%) percent of the net cost of the work, equipment, labor and materials.
 - (2) For work performed by a subcontractor, the added cost for overhead and profit shall not exceed fifteen (15%) percent of the net cost of the work, equipment, labor and materials, to which the Contractor may add five (5) percent of the subcontractor's price of the work.
 - (3) For work performed by a sub-subcontractor the added cost for overhead and profit shall not exceed fifteen (15 %) percent of the net cost for work, equipment, labor and materials to which sub-contractor and general contractor may each add an additional five (5 %) percent of the total price from the lower tier subcontractor.
 - (4) "Net Cost" is defined as consisting of costs of labor, materials and equipment use and/or rental only. The costs of applicable insurance and bond premium will be reimbursed to the Contractor and subcontractors at cost only, without mark-up.
 - (5) The cost of direct supervision, except when provided by working foreman whose

time is included above, of change order work when done exclusively, and not in conjunction or at the same time as, other work performed on the job and when approved in advance by the HACR's authorized representative, including only payroll taxes, insurance, pension and direct costs for the labor of supervision may be charged to the change order. The cost of transportation, use of vehicle and other costs incurred by supervision will not be allowed.

- 19.1.12** For added or deducted work by subcontractors, the Contractor shall furnish to the HACR the subcontractor's signed detailed estimate of the cost of labor, material and equipment, including the markup by such subcontractor for overhead and profit. The same requirement shall apply to sub-subcontractors.
- 19.1.13** For added or deducted work furnished by a vendor or supplier, the Contractor shall furnish to the HACR a detailed estimate or quotation of the cost to the Contractor for such work, signed by such vendor or supplier.
- 19.1.14** Any change in the work involving both extras and credits shall show a new total cost, including subcontracts. Allowance for overhead and profit, as specified therein, shall be applied if the net total cost is an extra; overhead and profit allowances shall not be applied if the net total cost is a credit. The estimated cost of deductions shall be based on labor and material prices on the date the Contract was executed.
- 19.1.15** The Contractor shall identify any adjustment in time of the final completion of the Work as a whole which is directly attributable to the changed work within fifteen (15) calendar days of receipt of the proposed change order. The Contractor's request for a change in time will be supported by a detailed schedule analysis including a schedule indicating the activities which have been affected and the additional time being requested.
- a. For a change in time for the Work, the Contractor shall be entitled only to such adjustments where completion of the entire Work (critical path) is delayed due to the performance of the changed work. Failure to request extra time when submitting such estimate shall constitute waiver of the right to subsequently claim adjustment in time for final completion based upon such changed work.
 - b. If the HACR and the Contractor fail to arrive at an agreement on the amount of extra cost, credit or time extension for a proposed change, a change order will be processed in the amount believed by the HACR to be reasonable, and the Contractor shall proceed with the work. If the Contractor believes that the amount or time stipulated in the change order is not reasonable for the work required, he may elect to issue a notification in accordance with the DISPUTES article for review by the HACR, stating therein the basis for his dispute with such change order.
- 19.1.16** Any change in the Work shall conform to the original Contract Documents insofar as they may apply without conflict to the conditions involved in the change.
- 19.1.17** Payment for additional work or extras, if any, shall become due and payable in accordance with the provisions for payment in the Contract.
- 19.1.18** Contractor shall not reserve a right to assess impact cost, extended job site costs, extended overhead, and/or constructive acceleration at a later date as related to any and all changes. All costs or estimated costs must be supported with full schedule and cost documentation with each proposed change within the prescribed submission times. If a request for a change is denied and the Contractor disputes the denial, the Contractor must supply the aforementioned documentation to support his claim under the DISPUTES article of this Contract. No claims shall be allowed for impact, extended overhead costs, and/or construction acceleration due to the multiplicity of changes and/or clarifications. Any attempt by Contractor to change or modify the change order form (sample included herein) shall void the form, including any letters the Contractor may issue in conjunction therewith.

19.1.19 All alterations, extensions of time, extra and additional work and other changes authorized by these specifications or any part of the Contract may be made without securing consent of the surety or sureties on the contract bonds.

19.2 CHANGE ORDERS AND LABOR RATES GUIDELINES

19.2.1 The following are guidelines for preparing change orders:

a. Labor Rates:

- (1) To establish the labor rate for each classification and trade, a breakdown shall be submitted to the HACR.
- (2) Labor rates are based on current prevailing state and federal wages. Only those benefits mandated by law or a valid labor contract are paid by the HACR.
- (3) Payroll taxes shall be paid as mandated by law. Labor related insurances shall be paid according to industry standard average.
- (4) No other costs related to labor shall be paid by HACR.

b. Change Orders:

- (1) Change orders shall be prepared in accordance with the project contract.
- (2) No insurance costs are paid by HACR, except for labor insurances specified in this guideline under section 1 titled "LABOR RATES".
- (3) Material cost shall be broken down on a separate sheet, and for those jobs designated as time and material shall be supported by valid invoices from suppliers.
- (4) Hours for non-productive labor, such as non-working foremen or general foremen, shall be paid only when justified in the opinion of the HACR, and approved by the HACR. The total number of nonproductive labor hours shall be limited to a maximum of 15% of the total number of productive labor hours.
- (5) Cost of use of special equipment shall be paid when justified in the opinion of the HACR, and approved by the HACR. Equipment refers to special equipment that is needed to perform that specific job, and does not include the usual tools customarily required for that trade. Small tools costs are not paid by HACR.
- (6) Material transportation costs are paid by HACR when justified in the opinion of the HACR, and approved by the HACR's authorized representative.
- (7) Overhead, profit and fees on subcontracts, are paid according to the contract.
- (8) No costs other than those designated above shall be paid by HACR. The percentages of overhead and fee allowed with change orders have been established to account for any other direct or indirect costs that might be incurred due to the change order.

19.3 AUDIT

19.3.1 The HACR shall have the right to examine and audit all books, estimates, records, contracts, documents, bid

documents, subcontracts, and other data of the Contractor (including computations and projections) related to negotiating, pricing, or performing the modification in order to evaluate the accuracy and completeness of the cost or pricing data at no additional cost to the HACR.

19.3.2 The Contractor shall make available at its office at all reasonable times the materials described in paragraph 19.3.1 above, for examination, audit, or reproduction, until 4 years after final payment under this Contract.

19.3.3 The Contractor shall insert a clause containing all the provisions of this 19.3, including this paragraph, in all subcontracts over \$10,000 under this contract.

ARTICLE 20 PAYMENT

20.1 PROGRESS PAYMENTS

20.1.1 The HACR shall pay the Contractor the price as provided in this Contract.

20.1.2 The HACR shall make progress payments monthly as the Work proceeds, on estimates approved by the HACR. The Contractor shall furnish a breakdown of the total contract price, in a format provided by the HACR, showing the amount included therein for each principal category of the work, in such detail as requested, to provide a basis for determining progress payments.

20.1.3 Contractor shall submit to the HACR vouchers, schedule activities, or other satisfactory proof of the value of any work for which he claims payment on such account, and receipts showing that progress payments have been duly made on such contracts, and for materials furnished.

20.1.4 In the preparation of estimates, the HACR may authorize 75% of the value of material delivered and satisfactorily stored on the site, and preparatory work done to be taken into consideration for major equipment if:

- a. Consideration is specifically authorized by this Contract; and
- b. The Contractor furnishes certified receipt that it has acquired title and paid invoices for such material and that the material will be used to perform this Contract.

20.1.5 On the 25th of each month the Contractor will submit his request for payment. Prior to that submittal the HACR will review the requested percentage of completion for each activity. The payment request will be in the format as provided by the HACR and will refer to the schedule.

20.1.6 Upon receipt of a payment request, the HACR shall:

- a. Review that request as soon as practicable after receipt for the purpose of determining that the payment request is a proper payment request; and
- b. Any payment request determined not to be a proper request suitable for payment shall be returned to the Contractor as soon as practicable, but not later than seven (7) calendar days after receipt. The returned request for payment shall be accompanied by a document setting forth in writing the reasons why the payment request is not proper.

20.1.7 Any progress payment which is undisputed and properly submitted and remains unpaid for thirty (30) calendar days after receipt by HACR shall accrue interest to the Contractor equivalent to the legal rate set forth in subdivision (a) of Section 685.010 of the California Code of Civil Procedure. The number of days available to the HACR to make a payment without incurring interest pursuant to this section shall be reduced by the number of days by which the HACR exceeds the seven-day return requirement set forth in 20.1.6 above.

- 20.1.8** In making these progress payments, there shall be retained five percent (5%) from the amount of each progress payment until the work is complete.
- 20.1.9** Except as otherwise prohibited by law, the Contractor may elect to receive all payments due under the contract pursuant to this section without any retention, by posting securities in accordance with Public Contract Code Section 22300.
- 20.1.10** Contractor and each subcontractor shall pay each of its employees engaged in work under this Contract in full (less deductions made mandatory by law) in accordance with California law.
- 20.1.11** The HACR may withhold (in excess of retentions) or, on account of subsequently discovered evidence, nullify the whole or a part of any certificate to such extent as may be necessary to protect the HACR from loss on account of:
- a. Defective work not remedied.
 - b. Claims filed or reasonable evidence indicating probable filing of claims.
 - c. Failure of the Contractor to make payments properly to subcontractors or for material or labor.
 - d. Damage to another Contractor.
 - e. Delays in progress toward completion of the work, with the stipulated amount of liquidated damages being withheld for each day of delay for which no extension is granted.
 - f. Default of the Contractor in the performance of the terms of the Contract.
- 20.1.12** Should stop notices be filed with the HACR, HACR shall withhold the amount required plus 25% from certificates until such claims shall have been resolved pursuant to applicable law. California Civil Code Section 9000 et seq.
- 20.1.13** Contractor shall provide (1) forms of conditional releases of stop notice and bond rights upon progress payment, complying with California Civil Code Section 8132, for all work performed during the time period covered by the current Application for Payment, signed by the Contractor and the subcontractors of every tier; and (2) forms of unconditional release of stop notice and bond rights upon progress payment, complying with Civil Code Section 8134 for all work performed during the time period covered by previous Application for Payment, signed by Contractor and the subcontractors of every tier.
- 20.1.14** All material and work covered by progress payments made shall, at the time of payment, become the sole property of the HACR, but this shall not be construed as:
- a. An acceptance of any work not in accordance with the Contract Documents; or
 - b. Waiving the right of the HACR to require the fulfillment of all of the terms of the contract.

20.2 FINAL PAYMENT

20.2.1 GENERAL

- a. The HACR shall pay the amount due the Contractor under this Contract after:
 - 1.) The Acceptance of all work and Notice of Completion per the terms of this Contract;

- 2.) Presentation of a properly executed voucher;
 - 3.) Submission of conditional releases and waivers of stop notice and bond rights upon final payment in the form required by California Civil Code Section 8136 executed by Contractor and by all the subcontractors of every Tier.
 - 4.) Presentation of release of all claims against the HACR arising by virtue of this Contract, other than claims and disputes in stated amounts that the Contractor has specifically excepted from the operation of the release.
- b. The Contractor may, if any subcontractor refuses to furnish a release or receipt in full, furnish a bond satisfactory to the HACR, to indemnify him against any lien.

20.2.2 FINAL CERTIFICATE FOR PAYMENT

- a. When the work is ready for acceptance by the HACR, they will certify a Notice of Completion. Upon approval of the Notice of Completion, a copy will be sent to the Contractor.
- b. Notice of Completion will be recorded by the HACR upon completion and Acceptance of the Work. Providing no stop notices have been filed, thirty-five (35) calendar days after filing of such Notice of Completion, payment due under the contract will become due to the Contractor and the HACR shall so certify authorizing the final payment.

20.2.3 FINAL PAYMENT

- a. After Acceptance of Work, the HACR will submit to Contractor a statement of the sum due Contractor under this contract, together with HACR payment in the amount thereof. Said statement shall take into account the contract price, as adjusted by any change orders; amounts already paid; sums to be withheld for incomplete work; liquidated damages; and for any other cause under the Contract.
- b. The Contractor shall, from the effective date of Acceptance until the expiration of four years after final settlement under this Contract, preserve and make available to the HACR, all its books, records, documents, and other evidence bearing on the costs and expenses of the Contractor under this Contract.

ARTICLE 21 SUSPENSION OF WORK/TERMINATION

21.1 NON-COMPLIANCE WITH CONTRACT REQUIREMENTS

21.1.1 In the event the Contractor, after receiving written notice from the HACR of non-compliance with any requirement of this Contract, fails to promptly initiate appropriate action to comply with the specified requirement, the HACR shall have the right to withhold payment for work completed under the Contract until the Contractor has complied with the notice or has initiated such action as may be appropriate to comply, within a reasonable period of time. The Contractor shall not be entitled to any extension of contract time or payment for any costs incurred for work under this article.

21.1.2 Should the Contractor abandon the Work called for under the Contract, or assign his Contract, or unnecessarily and unreasonably delay the work, or willfully violate or perform the work in bad faith, the HACR shall have the power to notify the Contractor to discontinue all work or any part thereof under this Contract, and thereupon the Contractor shall cease to continue said work or such part thereof as the HACR may designate, and the HACR shall have the power to employ such persons as it may consider desirable, and to

obtain by contract, purchase, hire or otherwise, such implements, tools, material or materials as the HACR may deem advisable to work at and be used to complete the work herein described, or such part thereof as shall have not been completed, and to use such material as it may find upon the site of the work, and to charge the expense of such labor and material, implements and tools to the Contractor, and the expense so charged shall be deducted and paid by the HACR out of such monies as may either be due, or may at any time thereafter become due to the Contractor under the Contract.

21.2 TERMINATION

21.2.1 TERMINATION FOR BREACH

If the Contractor should be adjudged bankrupt or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on account of his insolvency, or if he or any of his subcontractors should violate any of the provisions of the Contract, the HACR may serve written notice upon him and his surety of its intention to terminate Contractor's performance hereunder, said notice shall contain the reasons for such intention to terminate Contractor's performance, and, unless within ten (10) calendar days after serving of said notice, such violation shall cease and satisfactory arrangements for correction thereof be made, Contractor's performance shall, upon the expiration of said ten (10) calendar days, cease and terminate. In the event of any such termination, the HACR shall immediately serve written notice thereof upon the surety and the Contractor, and the HACR may take over the Contractor's work and prosecute the same to completion by contract or by any other method it may deem advisable, for the account and at the expense of the Contractor, and the Contractor and his surety shall be liable to the HACR for any excess cost occasioned the HACR thereby, and in such event the HACR may without liability for so doing take possession of and utilize in completing the work, such materials, appliances, plants, and other property belonging to the Contractor as may be on the site of the work and necessary therefore.

21.2.2 TERMINATION FOR CONVENIENCE

- a. If the construction of the project herein is damaged, which damage is determined to have been proximately caused by an Act of God, in excess of 5% of the contract amount, provided that the work damaged is built in accordance with applicable building standards and the plans and specifications, then the HACR may, without prejudice to any other right or remedy, terminate the Contract.
- b. The HACR may terminate performance of work under this Contract in whole or in part, if the HACR determines that a termination is in the HACR's interest. The HACR shall terminate by delivering to the Contractor a Notice to Terminate specifying the extent of termination and the effective date.
- c. After receipt of such Notice, and except as directed by the HACR, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:
 - (1) Stop work as specified in the notice.
 - (2) Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete any continued portion of the Contract.
 - (3) To terminate all subcontracts to the extent they relate to the work terminated.
 - (4) With approval or ratification to the extent required by the HACR, settle all outstanding liabilities and termination settlement proposals arising from termination of subcontracts; the approval or ratification will be final for purposes of

this clause.

- (5) As directed by the HACR, transfer title and deliver to the HACR (1) the fabricated or unfabricated parts; work in progress, completed work, supplies, and other material produced or acquired for the work terminated; and (2) the completed or partially completed plans, drawings, information, and other property that, if the contract had been completed, would be required to be furnished to the HACR.
 - (6) Complete performance of work not terminated.
 - (7) Take any action that may be necessary, or that the HACR may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the HACR has or may acquire an interest.
 - (8) Use its best efforts to sell, as directed or authorized by the HACR, any property of the types referred to in subparagraphs above; provided, however, that the Contractor (1) is not required to extend credit to any purchaser and (2) may acquire the property under the conditions prescribed by, and at prices approved by the HACR. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by the HACR under this contract, credited to the price or cost of the work, or paid in any other manner directed by the HACR.
- d. After termination, the Contractor shall submit a final termination settlement proposal to the HACR in the form and with the certification prescribed by the HACR. The Contractor shall submit the proposal promptly, but no later than thirty (30) days from the effective date of termination. If the Contractor fails to submit the proposal within the time allowed, the HACR may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.
- e. Subject to subparagraph (2) above, the Contractor and the HACR may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, may not exceed the total contract price as reduced by:
- (1) the amount of payments previously made and;
 - (2) the contract price of work not terminated. The contract shall be amended with a Change Order, and the Contractor paid the agreed amount.
- f. If the Contractor and HACR fail to agree on the whole amount to be paid the Contractor because of the termination of work, the HACR shall pay the Contractor the amounts determined as follows:
- (1) For contract work performed before the effective date of termination, the total (without duplication of any terms) of:
 - (i) The cost of this work;
 - (ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (i) above; and
 - (iii) A sum, as profit on (i) above, determined by the HACR to be fair and

reasonable; however, if it appears that the Contractor would have sustained a loss on the entire contract had it been completed, the HACR shall allow no profit under this subdivision (iii).

- (2) The reasonable costs of settlement of the work terminated including:
 - (i) Accounting, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data; and
 - (ii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.
- g. Except for normal spoilage, the HACR shall exclude from the amounts payable to the Contractor the fair value, as determined by the HACR, of defective work, and of property that is destroyed, lost, stolen, or damaged so as to become undeliverable.
- h. The Contractor shall have the right to make a claim under the DISPUTES article, from any determination made by the HACR.
- i. In arriving at the amount due the Contractor, there shall be deducted:
 - (1) All unliquidated advance or other payments to the Contractor under the terminated portion of this Contract;
 - (2) Any claim which the HACR has against the Contractor under this Contract; and
 - (3) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Contractor or sold under the provisions of this clause and not recovered by or credited to the HACR.
- j. If the termination is partial, the Contractor may file a proposal with the HACR for a Change Order of the price(s) of the continued portion of the Contract. The HACR shall process any Change Order agreed upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within thirty (30) days from the effective date of termination unless extended in writing by the HACR.
- k. The HACR may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Contractor for the terminated portion of the Contract, if the HACR believes the total of these payments will not exceed the amount to which the Contractor will be entitled. If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to the HACR upon demand, together with interest.
 - l. Unless otherwise provided in this Contract or by statute, the Contractor will maintain all records and documents relating to the terminated portion of this Contract for 4 years after final settlement. This includes all books and other evidence bearing on the Contractor's costs and expenses under this Contract. The Contractor shall make these records and documents available to the HACR, State and/or the U.S. Government or their representatives' at all reasonable times, without any direct charge.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

PAYMENT BOND

(Public Work - Civil Code Sections 9550 et seq.)

WHEREAS, the Housing Authority of the County of Riverside ("Authority") on May 10th, 2021, has awarded Construction Contract Number: IFB 2021-001 ("Contract") to the undersigned Bishop, Inc., as Principal ("Principal") to perform the work ("Work") for the following project; (Roof Replacement Project at HACR Main Office).

WHEREAS, said Principal is required by the Contract and/or by the California Civil Code Section 9550 et seq. to furnish a payment bond in connection with the Contract;

NOW THEREFORE, we, the Principal and Nationwide Mutual Insurance Company ("Surety"), an admitted surety insurer pursuant to Code of Civil Procedure, Section 995.120, are held and firmly bound unto Authority in the penal sum of One Hundred Fifteen Thousand One Hundred Twenty and 00/100----- Dollars (\$115,120.00-----), this amount being not less than one hundred percent (100%) of the total sum payable by Authority under the Contract at the time the Contract is awarded by Authority to the Principal, lawful money of the United States of America, for the payment of which sum well and truly to be made, we, Principal and Surety, bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if Principal, its heirs, executors, administrators, successors, or assigns approved by Authority, or its subcontractors, of any contracting tier, shall fail to pay any person or persons named in California Civil Code, Section 9554, then Surety will pay for the same, in or to an amount not exceeding the penal amount hereinabove set forth, and also will pay to the prevailing party if suit is brought upon this bond, reasonable attorney's fees as provided in California Civil Code, Section 9564.

Surety, for value received, agrees that no change, extension of time, alteration or addition to the terms of the Contract, or to the Work to be performed thereunder, nor any rescission or attempted rescission of the Contract or this bond, nor any conditions precedent or subsequent in the bond or Contract attempting to limit the right of recovery of any claimant otherwise entitled to recover under the Contract or this bond shall in any way impair or affect Surety's obligation under this bond, and Surety does hereby waive notice of any such changes, extensions of time, alterations or additions.

Surety is not released from liability to those for whose benefit this bond has been given, by reason of any breach of the Contract by Authority or Principal.

PAYMENT BOND

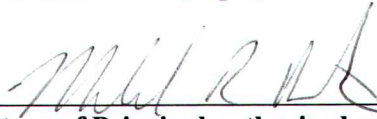

Surety's obligations hereunder are independent of the obligations of any other surety for the performance of the Contract, and suit may be brought against Surety and such other sureties, joint and severally, or against any one or more of them or against less than all of them, without impairing Authority's rights against the others.

PERFORMANCE BOND

(Public Work – Public Contract Code Section 20129 (b))

WHEREAS, the Housing Authority of the County of Riverside (“Authority”) on May 10th, 2021, has awarded Construction Contract Number: IFB 2021-001 (“Contract”) to the undersigned Bishop, Inc., as Principal (“Principal”) to perform the work (“Work”) for the following project; (Roof Replacement Project at HACR Main Office), which Contract is by this reference hereby incorporated herein and made a part hereof;

WHEREAS, said Principal is required by the Contract and/or by California Public Contract Code, Section 20129 (b) to furnish a performance bond for the faithful performance of the Contract;

NOW THEREFORE, we, the Principal and Nationwide Mutual Insurance Company (“Surety”), an admitted surety insurer pursuant to Code of Civil Procedure, Section 995.120, are held and firmly bound unto Authority in the penal sum of One Hundred Fifteen Thousand One Hundred Twenty and 00/100----- Dollars (\$ 115,120.00-----), this amount being not less than one hundred percent (100%) of the total sum payable by Authority under the Contract at the time the Contract is awarded by Authority to the Principal, lawful money of the United States of America, for the payment of which sum well and truly to be made, we, Principal and Surety, bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if Principal, its heirs, executors, administrators, successors or assigns approved by Authority, shall in all things stand to and abide by and well and truly keep and perform all the undertakings, terms, covenants, conditions and agreements in the Contract, including, without limitation, all obligations during the original term and any extensions thereof as may be granted by Authority, with or without notice to Surety thereof (including, without limitation, the obligation for Principal to pay liquidated damages), all obligations during the period of any warranties and guarantees required under the Contract and all other obligations otherwise arising under the terms of the Contract (such as, but not limited to, obligations of indemnification), all within the time and in the manner therein designated in all respects according to their true intent and meaning, then this obligation shall become null and void; otherwise, it shall be and remain in full force and effect.

PERFORMANCE BOND

Whenever Principal shall be, and is declared by Authority to be, in default under the Contract, the Surety shall promptly either remedy the default, or, if the Contract is terminated by Authority or the Principal's performance of the Work is discontinued, Surety shall promptly complete the Contract through its agents or independent contractors, subject to acceptance of such agents or independent contractors by Authority as hereinafter set forth, in accordance with its terms and conditions and to pay and perform all obligations of Principal under the Contract (including, without limitation, all obligations with respect to payment of liquidated damages) less the "Balance of the Contract Price" (as hereinafter defined); subject to the penal amount of this bond as set forth above. The term "Balance of the Contract Price," as used in this paragraph, shall mean the total amount payable to Principal by Authority under the Contract and any modifications thereto, less the amount previously paid by Authority to the Principal and less amounts that Authority is authorized to withhold under the terms of the Contract.

If Authority determines that completion of the Contract by Surety or its agents or independent contractors must be performed by a lowest responsible bidder selected pursuant to a competitive bidding process, then Surety shall comply with such processes in accordance with the requirements of Authority and applicable laws. Unless otherwise approved by Authority, in the exercise of its sole and absolute discretion, Surety shall not utilize Principal in completing performance of the Work.

No right of action shall accrue on this bond to or for the use of any person or entity other than Authority or its successors or assigns.

In the event any legal proceeding or arbitration is brought upon this bond by Authority and judgment or award is entered in favor of Authority as the prevailing party, Surety shall pay all costs and attorney's fees incurred by the Authority.

Correspondence or claims relating to this bond shall be sent to Surety at the address set forth below.

Surety, for value received, agrees that no change, extension of time, alteration or addition to the terms of the Contract, or to the work to be performed thereunder, shall in any way impair or affect Surety's obligation under this bond, and Surety does hereby waive notice of any such changes, extensions of time, alterations or additions.

PERFORMANCE BOND

Surety's obligations hereunder are independent of the obligations of any other surety for the performance of the Contract, and suit may be brought against Surety and such other sureties, joint and severally, or against any one or more of them or against less than all of them, without impairing Authority's rights against the others.
