BACKGROUND:

Summary

The Department of Public Health has been participating in and administrating the California Children's Services (CCS) Program and Child Health and Disability Prevention (CHDP) Program on behalf of the County of Riverside for several decades.

CCS Program:

The Riverside County CCS Program currently serves over 15,000 cases for children age birth to 21 years who have significant medical conditions (also known as physically handicapping conditions) requiring complex medical care from approved specialists. Children eligible for the program have cancer, cerebral palsy, heart defects, hemophilia, need organ transplants, or have other catastrophic health conditions. The CCS Program receives referrals from medical facilities, health plans and providers and determines the child/family financial, residential and medical eligibility for the program. Cases are managed by Public Health Nurses. The CCS Program also authorizes and provides payment to health care providers, medical facilities and medical suppliers for services including diagnoses and treatment.

The State requires Riverside County to certify that our county's California Children's Services program is compliant with all State and Federal policies and guidelines by signing the Certification Statement referred to as Attachment A of this Form 11.

CHDP Program:

The Child Health and Disability Prevention (CHDP) program is a preventive program that delivers periodic health assessments and services to low-income children and youth in California. CHDP provides care coordination to assist families with medical appointment scheduling, transportation, and access to diagnostic and treatment services. Health assessments are provided by enrolled private physicians, local health departments and community clinics to children with Medi-Cal from birth through age 20 and for children without Medi-Cal, who meet financial requirements, from birth through age 18.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

The state requires Riverside County to certify that our county's Child Health and Disability Prevention Program is compliant with all State and Federal policies and guidelines by signing the Certification Statement referred to as Attachment B of this Form 11.

Impact on Residents and Businesses

The CCS and CHDP programs promote early detection and prevention of disease and disability and treat children with certain physical limitations and chronic health conditions or diseases, thus allowing the children of Riverside County to live healthier lives.

Contract History

Every fiscal year, the state requires the County to certify that it will administer the CCS Program and the CHDP Program in compliance with all state and federal statutes, rules, regulations policies and /or guidelines by signing the CCS Program Certification of Statement and the CHDP Program Certification of Statement.
