**BACKGROUND:**

**Summary**

The Development Impact Fee (DIF) Program, which is governed under County Ordinance 659.6, allows for the use of DIF funds for previously identified projects, including flood control facilities identified as Public Facilities in the Elsinore, Mead Valley/Good Hope, and Pass Areas Plans. The funds would enable the Riverside County Flood Control and Water Conservation District to cover cost of flood control improvements within plan areas, as identified in Exhibit A.

**Impact on Residents and Businesses**

The residents and businesses will benefit from the delivery of flood control improvements in the identified unincorporated areas using DIF program funds.
