Board of Supervisors Riverside County

Ms. Miller Oct. 26, 2021

We have had a Blessing because Petaluma California has placed a ban on permitting the building of any more gas stations. That is progress and a new fuel is being tested that of Green ammonia somewhat different from Hydrogen fuel cells. Some progress away from Fossil Fuels.

Once again a majority of Riverside County has chosen to study the eerie and perverse influence of Negative Spirits and litter the County and stores with hideous decorations and distribute potential tooth decay and diabetes by giving out candy on Oct. 31, 2021. This of course delights a health care system that depends on massive amounts of sick people because we do not have Single Payer Universal Health Care, there in, Doctors and Nurses are paid no matter if they are needed or not. Due to the lack of training in Early Childhood to eat fresh fruits and vegetables, people gain weight and downsize their immune systems, a major player in the spread of viruses. So I ask that you reconsider your participation in a demonic oriented Holiday disdained by The Creator.

The costumes are sprayed with Fire retardant and continue to gas off cognitive damaging fumes even when hanging in the closet where they stay for several years. To take a healthy child and expose them to such atrocities is a crying shame. And you say well, I will find some used cotton costumes. That still depicts some very unspiritual images upon the child's memory. With today's failing overall Planetary Ecosystem's health with increased heat from removing more open space for development, polluting with more fossil fuels, increased boat and jet travel, we need to find as much oxygen as possible for student studies and out door after school activity when school is not in session.

The condition of the mental health due to etherically scarring children's minds thru frightening them has increased youthful mental illness We barely lived thru 4 surges of Covid and Delta and because of people addicted to holidays, we will once again face holiday parties that will surge these viruses with break thrus. So why in your right mind did you ever try to participate in Holidays that have done so much damage to the Earth.

The Forests that must go thru extra logging to produce disposables to clean up after eating unhealthful sugar and wheat and diary are decreased everyday. Most people should be glad of fresh vegetables from the Local Farmer's Market or Discount Grocery Store. Even that supply Chain has fallen. Oh, well, you say you will wipe up spills with a towel. It won't work. You can't conjure the Devil and please Jehovah. It doesn't work.

Then, there is how sugar cane is harvested. Many South Americans don't live pass 50 if they work in the cane fields because 1. They aren't given breaks or water to take to the fields and spend many sick days due to dehydration 2. They are paid so poorly, they hardly have enough to eat.

10/26/21 16

3. They have no protective gear when they handle the Insecticide brew of 5 different chemicals that they use on the Sugar cane. That is how the so called treats that your children line up for is made.

If you want to go door to door, then get some petitions and pamphlets and meet your neighbors with candidates that will replace those who support more development in Riverside. The immaturity of the populace to Blame Joe Biden. You can't put this on him. Put it on those who would waste our resources ordering more disposable, single use Holiday trash. These people are trying to turn Oct 31st into X mas with horrible scenes in their yard. You just can't get over the reward system of the Public School of " If you do your homework, we will have a Halloween or Christmas Day Party. There should be no holidays in School. The reward is the amazing vibration of progressing thru the difficult material in the Grade levels and keeping up with the entire class and not who is wearing the scariest gassing off costumes.

I thank those powers that be for attempting to put America in a much more compatible and less consuming lifestyle by their packages not arriving for Holidays. Get a grip! The state of our weather should be a major concern. The outrageous response of trying to spray rain away in Southern California or point lasers at weather fronts is something of serious concern not what is going on a a Covid spreading party. We are far from out of this virus. It is wait and see while wearing masks and social distancing.
