			For Fiscal Year: 21/22-23/24	

C.E.O. RECOMMENDATION: Approved

BACKGROUND:

Summary

The Sheriff Department Field Operations requires law enforcement products including vehicle disabling equipment to assist with ending automotive pursuits safely.

Stop Stick, Ltd. is the sole distributor and sole manufacturer for Stop Stick products. Stop Stick, Ltd. vehicle disabling equipment is the only tire-deflation device that:

- Provides collapsible housing to protect the user from spikes during deployment.
- Features trunk lid mounting.
- Deploys in less than ten (10) seconds.
- Provides a no-cost replacement guaranty.
- Warranty on defective parts for five (5) years.
- Features a cord reel with an 80-foot cord that allows the Deputy to stand a safe distance from the road during deployment.
- Has multi-directional spikes to ensure correct deployment and it does not matter which way it lands on the roadway.
- Has tip and quill assembly that is 2 5/8 inches in length from tip to tip.
- Has thirty-six (36) Teflon-coated steel quills and seventy-two (72) Teflon-coated tips in each 3-foot section.

Stop Stick tire deflation devices are engineered to deflate tires without blowout. By using hollow Teflon-coated quills as valves, the device releases air at a safe, controlled rate. Debris does not left in the roadway after the device is deployed. Stop Stick products can deflate the tires of any vehicle, from small cars to tractor-trailers.

County Purchasing approved the use of General Services Administration (GSA) contract #47QSWA19D0035, which allows all state and local agencies to purchase off the GSA schedule through the cooperative purchasing agreement. The GSA agreement is consistent with the County's purchasing regulation. A sole source justification is required and was submitted (attached) since the GSA was not secured via a competitive bid process.

Impact on Residents and Businesses

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

The use of Stop Stick tire deflation devices will help end automotive pursuits safely and securely, prevent property damage, reduce liability, and save lives. The deployment of these tire deflation devices will aid Deputies to terminate a pursuit with fewer injuries to the suspects, Deputies, and the public.

Additional Fiscal Information

There will be no additional impact to the general fund as funding is on the Sheriff's Department's 2021/2022 fiscal year budget.

Contract History and Price Reasonableness

This item (Purchasing Approved SSJ # 150737209) before the Board for approval is based on the terms and pricing from the General Services Administration (GSA) contract #47QSWA19D0035. A sole source justification is required and was submitted (attached) since the GSA was not secured via a competitive bid process.

Stop Stick, Ltd. provides a 3% government discount for their tire deflation products. Stop Stick, Ltd. has confirmed that they will continue to offer the following quantity discounts for all 9' and 12' Stop Stick rack kits, Barracuda, and Barracuda kits.

- 2% discount on the purchase of 24 to 49 units
- 4% discount on the purchase of 50 to 99 units
- 7% discount on the purchase of 100 to 249 units
- 9% discount on the purchase of 250 to 499 units
- 11% discount on the purchase of 500 or more units

Gregory V. Priamos, Director County Counsel

12/15/2021

Use this form to submit a single or sole source requisition for review by your Buyer and/or Procurement Contract Specialist. All procurements valued \$5,000 or more must seek competitive bids from a minimum of three suppliers, or the expectation that three or more suppliers will respond, or be justified by a Single/Sole Source. All purchases exceeding \$50,000 require a formal public bid. Procurement's may not be artificially segregated to lesser dollar amounts for the purpose of bypassing this requirement.

Sole/Single Source service requests that are greater than \$50,000 require additional Board of Supervisors approval.

If selected "yes", was the request approved for a different project?

Purchase Details

1. Supply/Service being requested:

The Field Operations Fiscal Unit is requesting Stop Stick law enforcement products, including vehicle disabling equipment.

2. Unique features of the supply/service being requested from this supplier, which no alternative supplier can provide:

Current Year Cost

6. Identify all costs for this requested purchase.

You do not need to include previous fiscal year amounts. If approval is for multiple years, ongoing costs must be identified below. If annual increases apply to ongoing costs such as CPI or other contract increases, provide the estimated annual cost for each consecutive year. If the annual increase may exceed the Purchasing Agent's authority, Board approval must be obtained.

Stop Stick, Ltd. is the sole distributor and sole manufacturer for Stop Stick products. Stop Stick, Ltd. vehicle disabling equipment is the only tire-deflation device with the technology to offer the following:

- Provides a collapsible housing to protect the user from the spikes during deployment.
- Features trunk lid mounting.
- Deploys in less than ten (10) seconds.
- Provides a no-cost replacement guaranty.
- Warranty on defective parts for five (5) years.
- Features a cord reel with an 80-foot cord that allows the Deputy to stand a safe distance from the road during deployment.
- Multi-directional spikes to ensure correct deployment
- Includes tip and quill assembly that is 2 5/8 inches in length from tip to tip.
- Contains thirty-six (36) Teflon-coated steel quills and seventy-two (72) Teflon-coated tips in each 3-foot section.

3. Reasons why my department requires these unique features and what benefit will accrue to the county:

County Purchasing approved the use of General Services Administration (GSA) contract #47QSWA19D0035, which allows all state and local agencies to purchase off the GSA schedule through the cooperative purchasing agreement. The GSA agreement is consistent with the County's purchasing regulation. A sole source justification is required since the GSA did not secure a competitive bid process.

The use of Stop Stick tire deflation devices will help end automotive pursuits safely and securely, prevent property damage, reduce liability, and save lives. Additionally, deploying these tire deflation devices will aid Deputies to terminate a pursuit with fewer injuries to the suspects, Deputies, and the public. Stop Stick tire deflation devices are engineered to deflate tires without blowout. The technology uses hollow Teflon-coated quills as valves. As a result, the device releases air safely, controlled, without debris in the roadway after deployment. Stop Stick products can deflate the tires of any vehicle, from small cars to tractor-trailers.

4. Period of Performance From: 11/1/2021
Period of Performance To: 1/31/2024

Is this an annually renewable contract or is it fixed term?
 Annually Renewable

5. Price Reasonableness:

Stop Stick, Ltd. offers a 3% government discount for their tire deflation products. In addition, stop Stick, Ltd. confirms that they will continue to offer the following quantity discounts for all 9' and 12' Stop Stick rack kits, Barracuda, and Barracuda kits.

- 2% discount on the purchase of 24 to 49 units
- 4% discount on the purchase of 50 to 99 units
