

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

ITEM: 3.43
(ID # 17905)

MEETING DATE:

Tuesday, January 11, 2022

FROM : TLMA-TRANSPORTATION:

SUBJECT: TRANSPORTATION AND LAND MANAGEMENT AGENCY/TRANSPORTATION:
Approve Addenda to the Plans and Specifications, Accept the Low Bid and Award the Contract for the Construction of the Clinton Keith Road Construction Project-Phase 3, Leon Road to State Route 79 including the French Valley Creek Bridge in the City of Murrieta and French Valley Area; and the Max Gilliss Blvd and Leon Road Resurfacing Project, Max Gilliss Blvd: Leon Road to Winchester Road, and Leon Road: Clinton Keith Road to Baxter/Jean Nicholas Road in the Community of French Valley, District 3. [\$23,659,634 Total Cost - Local Funds 100%] (Companion Item to MT No. 17919)

RECOMMENDED MOTION: That the Board of Supervisors:

1. Approve three addenda to the plans and specifications issued prior to the November 10, 2021, bid opening;
2. Waive any and all immaterial irregularities and accept the low bid of Security Paving Company, Inc. of West Lake Village, California in the amount of \$23,659,634;
3. Award the contract to Security Paving Company, Inc. and authorize the Chair of the Board to execute the contract documents; and
4. Approve the project proposed budget as shown on Attachment "A".

ACTION:Policy

Mark Lancaster, Director of Transportation 12/6/2021

MINUTES OF THE BOARD OF SUPERVISORS

On motion of Supervisor Jeffries seconded by Supervisor Spiegel and duly carried by unanimous vote, IT WAS ORDERED that the above matter is approved as recommended.

Ayes: Jeffries, Spiegel, Washington, Perez and Hewitt
Nays: None
Absent: None
Date: January 11, 2022

			For Fiscal Year: 21/22-23/24	

C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

By Minute Order dated October 5, 2021 (Agenda Item 3.17), the County of Riverside (County) Board of Supervisors authorized the Clerk of the Board to advertise for the construction of the Clinton Keith Road Project-Phase 3, including the French Valley Creek Bridge extending from Leon Road to State Route 79 in the City of Murrieta and French Valley Area of Riverside County. The Phase 3 construction of Clinton Keith Road is needed to provide a complete 6-lane east-west urban arterial that connects Interstate 215 (I-215) with Winchester Road / State Route 79 (SR-79).

Construction of the Clinton Keith Road Project between I-215 and SR-79 was separated into four phases to best utilize available funds. The first, second and fourth phase for the construction of Clinton Keith Road have been completed. The County is now ready to construct the third and final phase to complete the much needed 6-lane urban arterial corridor from I-215 to SR-79.

The third phase consists of constructing the extension of Clinton Keith Road from Leon Road to SR-79 including constructing a bridge over French Valley Creek, installation of new traffic signals at the intersections of Clinton Keith Road and Leon Road, and at Clinton Keith Road and Porth Road. The improvements also include a signal modification at SR-79 and Benton Road, and a large double-arch storm drain culvert and retaining wall system to be constructed just south of Leon Road.

During the advertisement, period three addenda were issued to all registered plan holders as a supplement to the plans and specifications. Bidders were required to acknowledge and take into account the issued addenda on their contractor's Bid in order to be considered for award. The addenda are attached herewith and designated as Addendum No. 1, 2 and 3.

Addendum No. 1 was issued to clarify bidders' inquiries and to incorporate additional work designated as Max Gilliss Boulevard and Leon Road Resurfacing Project. In general, this project consists of resurfacing Max Gilliss Boulevard from Leon Road to Winchester Road and

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

resurfacing Leon Road from Clinton Keith Road to Baxter/Jean Nicholas Road. The approximate combined length of the resurfacing project is 7,431 feet (1.4 miles). The resurfacing project will also include reconstruction of curb, gutter, and spandrels, modification of traffic signals for video detection, and reconstruction of curb ramps to comply with American with Disabilities Act (ADA) Standards, utility adjustments, re-stripping of roadway, including pavement markers/reflectors and installation of new roadside signs.

Some of the proposed road work will be done within the City of Murrieta's jurisdiction and is included as Alternative bid Schedule "A" on the bid proposal. The utility adjustment work belonging to Eastern Municipal Water District (EMWD) was also included in the bid proposal as Alternate Bid Schedule "B".

Approval of Addendum No. 1 by the Board shall be considered as approval of plans and specification for the construction of Max Gilliss Boulevard and Leon Road Resurfacing Project specified above.

Addendum No. 2 and 3 were issued to clarify bidders' inquiries.

On April 28, 2017, Senate Bill 1 (SB-1) was passed to improve the state's aging transportation infrastructure, particularly roads and bridges. Because of this, the County is now able to improve the condition of roads in need of resurfacing or reconstruction and has included them in the County Transportation Improvement Program (TIP). The Max Gilliss Boulevard and Leon Road resurfacing project is one of Riverside County's priority projects approved for use with the new Gas Tax/SB-1 funds. Without SB-1 this needed road repair project would have been shelved until funding became available.

The Contract includes following bid schedules of work:

Base Bid Schedule 1:	Clinton Keith Road Improvements
Base Bid Schedule 2:	Murrieta Market Place Improvements
Base Bid Schedule 3:	Max Gilliss Boulevard and Leon Road Resurfacing Project
Alternative Bid Schedule "A":	Roadway Improvements within the City of Murrieta
Alternative Bid Schedule "B":	EMWD Utility adjustments

The City of Murrieta and EMWD have accepted the bid prices proposed by Security Paving Company. The reimbursement agreement between the County and City of Murrieta is being submitted to the Board for approval concurrently as Minute Traq Item 17919. The reimbursement agreement with EMWD has been approved and will be executed by the Director of Transportation under the authority delegated by Board Item No. 3.25 on November 19, 2019.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

The contractor, Security Paving Company, Inc. is qualified to perform the work as outlined in the bid, has executed the contract, and has provided bond documents which meet the requirements of the Contract.

Project No. B2-04723, Clinton Keith Road Phase 3 and Murrieta Market Place Improvements.

D1-0054, Max Gilliss Boulevard and Leon Road resurfacing Project.

Impact on Residents and Businesses

Public outreach to area residents and schools will occur prior to and throughout construction. A traffic management plan will be in place to address access during construction for residents and emergency vehicles.

Constructing the remaining segment of the 6-lane urban arterial Clinton Keith Road will provide the much-needed connection between I-215 and SR-79/Winchester Road enhancing public safety and improving traffic circulation for local residents and businesses.

Construction of phase 3 has been coordinated with the future development projects located south west of the Clinton Keith Road and Leon Road intersection, and at the north west quadrant of Clinton Keith Road and SR-79.

The construction duration is expected to be 18 months with construction anticipated to begin early 2022 completing in Summer of 2023.

SUPPLEMENTAL:

Additional Fiscal Information

Construction of all segments is expected to be completed in FY 2023/24 and will be funded with the following funding sources:

Clinton Keith Road Phase 3 and Murrieta Market Place Improvements:

The project will be funded with Transportation Uniform Mitigation Fee (TUMF) Southwest zone (WRCOG) and Clinton Keith Road Community Facilities District (CFD). Annual traffic signal operation and maintenance costs are estimated at \$5,500 to be funded from gas tax.

Max Gilliss Boulevard and Leon Road Resurfacing Project:

Gas Tax/SB-1 funds, City of Murrieta and EMWD funds.

The proposed budget as shown on Attachment "A" includes Contract award amount and other associated project costs.

There are no General Funds used in this project.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Contract History and Price Reasonableness

Ten (10) bids were received on Wednesday November 10, 2021 ranging from \$23,659,634 to \$33,725,359. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsive and responsible bid was submitted by Security Paving Company, Inc. in the amount of \$23,659,634 which is \$7,481,340 (24%) below the Engineer's Estimate.

The Transportation Department recommends the award of the contract to Security Paving Company, Inc. in the amount of \$23,659,634.

ADDENDUM NUMBER 1

Dated October 28, 2021

to the
Specifications and Contract Documents
for the construction of

Clinton Keith Road Construction Project – Phase 3
Leon Road to State Route 79 Including French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723

Bids Due: (Revised)
Wednesday, November 10, 2021; 2:00 p.m.
14th Street Transportation Annex
3525 14th Street; Riverside, CA 92501
(951) 955-6780

This Addendum is issued pursuant to the Instructions to Bidders, Item No. 8, of the Contract Documents for the reference project. This Addendum is issued as a supplement to the specification and special provisions for the referenced project. The revisions to the specifications shall become a part of the Contract Documents, and each bidder shall acknowledge receipt thereof on the Bid (Proposal). Bidders are directed to sign this addendum as acknowledged and attach the signed addendum to the contractor's submitted proposal.

Note: During the advertisement period of this project, this document and attachments (if any) are available upon request at the office of the Transportation Department, and are available as a free download at the Transportation Department's website:

MODIFICATIONS / CLARIFICATIONS TO SPECIAL PROVISIONS:

Item 1: The new designated date and time for the receipt and opening of bids is revised as follows:

Wednesday, November 10, 2021; 2:00 p.m.
14th Street Transportation Annex
3525 14th Street; Riverside, CA 92501
(951) 955-6780

Item 2: General Conditions, Brand or Trade Name – Substitute of Equals
Refer to section 22, "Brand or Trade Name – Substitute of Equals," on pages GC23 and GC24 of the General Conditions.

Delete the 5th paragraph of section 22, "Brand or Trade Name – Substitute of Equals," on pages GC23 and GC24 of the General Conditions, and replace it with the following paragraph:

3525 14th Street · Riverside, CA 92501 · (951) 955-6800
FAX (951) 955-3164

WHEN DOCUMENT IS FULLY EXECUTED RETURN
CLERK'S COPY
to Riverside County Clerk of the Board, Stop 1010
Post Office Box 1147, Riverside, Ca 92502-1147
Thank you.

JAN 11 2022 3.43

If Bidder requests a substitution, within 21 calendar days after award of the contract, Contractor shall submit to Engineer data substantiating such a request. Engineer shall promptly investigate the request and make a recommendation to County as to equality. The governing body of County shall promptly determine whether **the substitute is equal in every respect to the** item specified, and approve or deny the request accordingly, and shall notify Engineer of the determination made, who shall advise Contractor in writing of the decision. Unless the request is granted, substitution will not be permitted.

Item 3: Revised Proposal.

Refer to "Proposal" pages B2-B9. Delete and replace "Proposal" (pages B2-B9) with "Proposal (Revised)" attached herewith as **Attachment "A"**.

Note: Revisions made to the proposal by Addendum No. 1 are written in red color font.

a. The quantities of following bid items have been revised:

Item 56, 57, 62, 78, 80, 81, 84, 90, 91, 178, 187, 190

b. The following bid items has been deleted:

Item 173, MINOR DRAINAGE STRUCTURE [MANHOLE TYPE 1]

c. Item Description and or Item code of following items have been revised:

Item 66, 75, 85 and 87

d. Following new items have been added:

Base Bid Schedule 1; Item 117A – 117D

Base Bid Schedule 2; 201 - 205

Base Bid Schedule 3 – Max Gilliss and Leon Road (Bid Items 206 - 231)

Alternative Bid Schedule "A" – City of Murrieta (Bid items 232 – 241)

Alternative Bid Schedule "B" – Eastern Municipal Water District (EMWD) (Item 242)

Item 4: 00-1.01 Project Description Access Restriction.

Refer to Section 00-1.01 Project Description, of the Special Provisions, page 1, following additional provision added and made part thereof:

00-1.01A Access Restriction.

The contractor's access will be restricted following two locations until right of way can be secured by the County. See Exhibit attached herewith as Attachment "B".

Locations: Properties at SE corner of Clinton Keith Road and Leon Road (APN 480-150-018) near station 349+00 and west of Clinton Keith near Station 354+50 (APN 480-100-075).

The contractor shall refrain from entering and doing any work on these properties until allowed by Engineer. Access is expected to be available by or before September 2022.

00-1.01B Max Gilliss Blvd and Leon Road Resurfacing, Project No. D1-0054.

The plans and Specifications for Max Gilliss Blvd and Leon Road resurfacing project (Project No. D1-0054) are being issued by this addendum and mad part hereof of the Clinton Keith Road Construction Project. The limits of resurfacing project are:

Max Gilliss Blvd: Leon Road to Winchester Road

Leon Road: Clinton Keith Road to Baxter/Jean Nicholas Road

The approximate length of resurfacing project is 7,431 feet combined (1.4 Miles).

The Max Gilliss Blvd and Leon Road are both classified in the County of Riverside's General Plan as a Secondary Road (100' ROW). Max Gilliss Blvd is a four-lane road and currently ranges from 76 feet to 98 feet wide with curb and gutter throughout the length of the project. Leon Rd is a four-lane road and currently ranges from 76 feet to 98 feet wide with curb and gutter throughout the length of the project. The proposed improvements include the removal of asphalt concrete (AC) surface on the roadway followed by paving back with hot mix asphalt (HMA).

The resurfacing project will also include:

- Reconstruction of curb, gutter, and spandrels
- Reconstruction of curb ramps and modification of traffic signals to comply with American with Disabilities Act (ADA) Standards
- Perform localized excavation to repair deeper, damaged sections of road in addition to the proposed treatment of removal of asphalt concrete.
- Utility adjustments
- Re-striping of roadway, including pavement markers/reflectors.
- Salvage, removal, and installation of new signs
- Some of the proposed road work will be done within the City of Murrieta' jurisdiction and included as an Alternative bid Schedule "A" on bid proposal. The utility adjustment work shown on the plans and belongs to Eastern Municipal Water District (EMWD) is included in bid proposal as an Alternate Bid Schedule "B".
- Install Video Detection on the signals being modified. Installation of Video Detection system shall be the first order of work.

No right-of-way Permits to Enter and Construct (PEC), or Temporary Construction Easements (TCE) for Max Gilliss Blvd and Leon Road Resurfacing will be required to construct the proposed improvements. The project improvements will be within the existing footprint of the roadway.

Item 5: 00-1.03 Time of Completion.

Refer to Section 00-1.03 Time of Completion of the Special Provisions, page 2, Following additional special Provision added to this section and made part thereof.

The Contractor must diligently prosecute the work associated with Max Gilliss Blvd and Leon Road resurfacing project (Project No. D1-0054) to completion before the expiration of **40 working days** from the date stated in the "second Notice to Proceed".

The total working days to complete all the segments of this contract are **360 working days**.

Item 6: 00-1.04 Liquidated Damages.

Refer to Section 00-1.04 Liquidated Damages of the Special Provisions, page 2, Following Liquidated Damages for Max Gilliss Blvd and Leon Road Resurfacing Project add and made part thereof.

The Contractor shall pay to the County the sum of **\$ 2,500 per day**, for each and every calendar day's delay in finishing the work in excess of the number of working days prescribed in Time of Completion Special Provision.

Item 7: 00-1.05 Prosecution and Progress.

Refer to Section 00-1.05 Prosecution and Progress of the Special Provisions, page 3, Following additional special provision is added to this section and made part thereof.

The County will issue three (3) Notices to Proceed (NTP) for construction.

The first NTP (NTP 1) for Clinton Keith Road from Leon Road to State Route 79 including French Valley Creek Bridge will be issued within 5 days immediately after award of contract for the commencement of work related to installation of boundary delineators, as determined by the Project Engineer, and for cutting vegetation and clearing including but not limited to trees, shrubs, bushes, and removal of debris within the clearing and grubbing limits shown on the demolition plans for the project. A SWPPP must be approved prior to this work commencing. No grubbing or disturbance of soil will be permitted until a SWPPP is approved by the County for the next phase." The work associated with NTP 1 must be completed prior to beginning of bird nesting season, February 15th.

The second NTP (NTP 2) will be issued for Max Gillis Blvd and Leon Road Resurfacing Project (Project No. D1-0054). The work associated with Max Gillis Blvd and Leon Road Resurfacing Project shall be completed within **40 working days**.

The third NTP (NTP 3) for Clinton Keith Road from Leon Road to State Route 79 including French Valley Creek Bridge will not be issued until the work covered under NTP 1 and NTP 2 is completed.

The third NTP will be for all remaining construction activities of the Clinton Keith Road from Leon Road to State Route 79 including French Valley Creek Bridge project.

Item 8: Supplemental Project Information. Refer to Section 2-1.06B, Supplemental Project Information on page 17 of the special provisions.

Delete the list of supplemental project information documents in the table and replace it with the following list of supplemental project documents:

1. Geotechnical Design Report, dated January 16, 2014
2. Bridge Foundation Report: French Valley Creek Bridge, Clinton Keith Road Extension Antelope Road to SR 79 Realignment Project, Riverside County, California, dated September 30, 2020.
3. California Department of Fish and Wildlife Streambed Alteration Agreement (1602 permit)
4. California Regional Water Quality Control Board Water Quality Certification (401 permit)
5. United States Army Corps of Engineers Permit (404 permit)
6. Water Quality Management Plan (March 2021)
7. Drainage Report (September 2013)
8. Asbestos and Lead Survey Report, dated March 29, 2021
9. Revised Standard Specifications, dated April 16, 2021

Item 9: Control of Materials.

Refer to Section 6, Control of Materials of Special Provisions, page 24, following Special Provision added at the end of Special Provisions under “The Department furnishes you with”.

All materials associated with Max Gilliss Blvd and Leon Road resurfacing project shall be furnished and installed by the contractor. The County will not supply any material required for this project.

Item 10: Water Pollution Control.

Refer to Section 13, Water Pollution Control of Special Provisions, page 37, following Special Provision added at the end of second paragraph.

The Initial SWPPP shall cover the work associated with first and second NTP, however the amended SWPPP shall include work associated with third NTP.

Item 11: Roadway Excavation.

Refer to Section Roadway Excavation of Special Provisions, page 55, add following bullet item at the end of five bullet points shown on this page and made part thereof.

- Existing Stockpile Location

Item 12: Section 19; Embankment Settlement Monitoring Monuments

Following Special provision added to Section 19 and made part thereof:

Installation and Monitoring

The contractor shall furnish all necessary labor, equipment, and materials necessary to perform settlement monitoring and the Engineer shall review and interpret the settlement data. Measurements shall be taken by a Professional Land Surveyor licensed in the State of California.

The surface monuments shall be constructed in accordance with Caltrans Standard Plans Sheet A74 or equivalent. The surface monuments shall be installed upon completion of fill placement. These monuments shall be placed along the abutments closest to the highest portion of the embankment. The monuments shall be monitored at the time of installation, on a weekly basis for 1 month following installation, and then once every 2 weeks thereafter until settlement criteria has been met. Settlement monuments shall be placed at abutment locations of French Valley Creek Bridge.

Settlement Monitoring Period

Settlement period listed in the following table required for the roadway embankments at the bridge structure approaches shall be completed prior to construction of the pavement structural sections in the area involved.

Bridge Structure	Settlement Period, Days
French Valley Creek Bridge	70

The duration of the required settlement period at each location will be determined by the Engineer. The estimated duration of the settlement periods required to achieve 0.5-inch remaining settlement is listed in the table of settlement data. The Engineer may order an increase or decrease in any settlement period based on trends in the settlement monitoring data.

Monitoring Records

All records of instrumentation, either installation, readings or weekly summaries, shall contain the following information:

1. Project Name
2. Contractor Name and number
3. Monument reference number and type
4. Dates if installation, reading or summary
5. Time of installation or reading
6. Station and Offset (or coordinates if appropriate)
7. Personnel responsible for readings.
8. Relevant comments or remarks
9. Provide precise elevations and offsets of all readings in accordance with the accuracy defined or required.

Installation Records and Reports

The Contractor shall prepare an installation record sheet for each monitoring location installed. The format of the sheet shall be prepared by the Contractor and submitted to the Engineer for approval before installation commences.

Protection and Maintenance

The contractor shall operate his equipment in such a manner to ensure that settlement monument assemblies are not damaged or displaced laterally. Each monument location shall be clearly marked, flagged and maintained.

Item 13: Section 73, Concrete Curbs and Sidewalks.

Refer to Section 73, Concrete Curbs and Sidewalks of Special Provisions, page 103, following section and paragraphs of Special Provisions are amended.

Section 73-1.01 General:

First paragraph revised as:

Minor Concrete Items to be constructed are:

Curb and Gutter, Curb Ramps, Cross Gutter and Spandrel, and sidewalk

Third paragraph revised as:

The cementitious material content of concrete must be at least 505 pounds per cubic yard for:

Curb and Gutter, Curb Ramp, Cross Gutter and Spandrel, and sidewalk.

Section Payment:

The first sentence of first paragraph revised as:

The contract unit bid prices paid per linear feet for Minor Concrete (Curb and Gutter) and per square feet for Minor Concrete (Cross Gutter and Spandrel) and sidewalk, and per each for Minor Concrete (Curb Ramp), and ...

Item 14: Section 84-2 Traffic Stripes and Pavement Markings

Following Special Provision added to Section 84-2 Traffic Stripes and Pavement Markings and made part thereof:

PAINT TRAFFIC STRIPE (2 COAT)

Painting traffic stripe shall conform to the provisions in Sections 84-1, "General," and 84-2, "Traffic Stripes and Pavement Markings," of the Standard Specifications and these Special Provisions.

Traffic striping shall be applied in two coats with airless equipment and shall be performed with a roadliner truck mounted striping machine. Where the configuration or location of a traffic stripe is such that the use of a roadliner truck mounted striping

machine is unsuitable, traffic striping and glass spheres may be applied by other methods and equipment approved by the Engineer.

Newly painted pavement markings shall be protected from damage by public traffic or other causes until the paint is thoroughly dry. Any newly painted traffic striping which are damaged as a result of the construction, including wheel markings by public traffic and the construction equipment, shall be repainted by the Contractor and any associated removals shall be performed as called for in these Special Provisions.

Payment

The contract price paid per linear foot for Paint Traffic Stripe (2 Coat) shall include full compensation for furnishing all labor, materials, tools, equipment, incidentals, and for doing all the work involved in painting traffic stripe (regardless of the number, widths, and types of individual stripes involved in each traffic stripe) including any necessary cat tracks, dribble lines any layout work, complete in place as shown on the plans, as specified in the Standard Specifications and these Special Provisions, as directed by the Engineer, and no additional compensation will be allowed therefor.

Item 15: Section 87 General

Following Special Provision added to Section 87, General and made part thereof:

DETECTORS LOOP

Detectors loop shall conform to the Section 87-1.03V, "Detectors", of the Standard Specifications and these Special Provisions.

Delay timers shall delay calls only during display of the associated red or yellow indications. If a vehicle departs the area of detection prior to expiration of the assigned delay period, the timer shall reset and no call shall be placed upon the controller. During display of the associated green indication, detectors shall operate in the present mode and calls shall not be delayed.

Inductive Loops

Detector loops' configuration shall be Type E unless otherwise shown on the construction plan, in the Special Provisions or as directed by the Engineer.

Limit Line detector loop configuration shall be modified Type E with diagonal saw cuts and wire winding conforming to Type D loop configuration.

Detector loops' wire shall be Type 2.

Detector loops' lead-in cable shall be Type B.

Detector loops' curb terminations shall be Type A in accordance with Standard Plans ES-5D. The conduit shall extend 18 inches into the paved roadway.

Loop sealant shall be the Hot-Melt Rubberized Asphalt sealant type, unless otherwise directed by the Engineer. Loop conductors and sealant shall be installed on the same day the loop slots are cut.

All detector loops shall be tested sequentially by the following methods:

- impedance (measured by megaohms)
- resistance (measured by ohms)
- inductance (measured in microhenries)

Payment

The contract unit bid price paid per each for Inductive Loop Detector as specified in the special provisions and as directed by the Engineer shall include full compensation for furnishing all labor, materials, tools, and equipment and no additional compensation will be allowed therefor.

Item 16: Project Information; Questions and Responses

Questions and Responses information list is available as a free download at the following County website:

<http://rctlma.org/trans/Contractors-Corner/Notices-Inviting-Bids>

This (downloadable) file is provided for reference only. For any discrepancy written on the Questions and Responses, the Contractor shall conform to the contract documents.

The Contractor Questions and Responses are included as **Attachment “C”**.

MODIFICATIONS / CLARIFICATIONS TO THE PLANS

Item 17: Plan sheet revisions.

Refer to Plan Sheets for Clinton Keith Road Construction Project – Phase 3. The following Plan sheets for File No. **970-H** (Clinton Keith Road) are revised and issued hereby as **Attachment “D”**.

1. Plan sheet 25 of 108
2. Plan sheet 33 of 108
3. Plan sheet 60 of 108
4. Plan sheet 61 of 108
5. Plan sheet 62 of 108
6. Plan sheet 86 of 108

The following Plan sheets for File No. **970-I** (SR-79 Roadway Widening) are revised and issued hereby as **Attachment “E”**.

1. Plan sheet 8 of 80
2. Plan sheet 9 of 80
3. Plan sheet 34 of 80
4. Plan sheet 35 of 80
5. Plan sheet 38 of 80
6. Plan sheet 39 of 80

Item 18: Added Plan sheets

New Plan Set for Max Gilliss Blvd and Leon Road Resurfacing Project
(File No. **970-KK**) is attached herewith as **Attachment “F”**.

Note: Revised plan sheets are posted on the County website and available for
download during the advertisement period.

Clinton Keith Road Construction Project – Phase 3
Leon Road to State Route 79 Including French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723

CONTRACTOR QUESTIONS AND RESPONSES		
1	Question	Per Spec Page A4 (Arch Culvert Structure Substitution) and associated Arch Culvert Structure Substitution form on B16. The cost difference between the Contech system and an alternate concrete arch system <i>could</i> be substantial. Based on the specifications and form on B16, the contractor could conceivably use an alternative arch culvert price (assuming the price is lower), only to be denied the alternate system after bid closing. We would like to propose either having alternative systems approved prior to bid closing, or adding an alternate bid schedule to be used under consideration <u>IF the alternative culvert system was approved after bid closing</u>
	Response	As for the alternate system. If an alternate system is proposed, the contractor must understand all of the parameters and constraints of the site, the system needs to perform the way the site is designed, and we can't introduce new impacts to jurisdictional waters as it would jeopardize our permits. If an alternate system can match the location of exterior and interior footing widths shown on the plans, then there shouldn't be additional impacts. But the contractor would be responsible for the alternate system and calculations for this new design.
2	Question	Please reference Section 14-6.05 (Invasive Species Control). Due to the amount of imported materials for the project, the site will have hundreds of trucks entering/exiting the site daily. Is it the intent to wash every truck before entering/exiting the site daily?
	Response	Per the CDFW permit, all vehicles and equipment must be washed offsite and before entering the site. It also must be done outside of a location where runoff can be contained and not infiltrate designated CDFW resources. For more information refer to supplemental Project Information for CDFW permit requirements
3	Question	Bid Item # 57 (Structural Concrete, Bridge). And Bid Item # 58 (Structural Concrete Bridge Polymer Fiber). The quantities seems incorrect. Please review.
	Response	The following items are revised by Addendum No.1: 57-STRUCTURAL CONCRETE, BRIDGE, 66-JOINT SEAL ASSEMBLY (MR 2"), Plan Sheet S-1 has been revised by Addendum No. 1
4	Question	Bid Item 56 (F): Str Conc Contech Arch Footing = 1,565 CY. Our take-off is considerably less. We know this is a final pay. Are there any other CIP bridge components we are missing? Please verify.
	Response	See revised proposal issued by Addendum No.1
5	Question	Bid Item 56(F); Str Conc Contech Arch Footing = 1,565 CY. Where and how is the rebar for this paid?
	Response	New bid item added to include rebar for the Concrete Arch Footing. See revised Proposal issued by Addendum No. 1
6	Question	There are no WPC drawings in the Clinton Keith plan set or pay items for water pollution control BMPs in Bid Schedule 1. What is required and where will this work be paid?
	Response	Refer to item 13 and 132 on Proposal. One SWPPP will be prepared and implemented to include all segments of the contract including Max Gillis Blvd and Leon Rd Resurfacing project. The cost shall be splitted between item 13 and 132.
7	Question	The Bridge Foundation Report recommends a settlement period of up to 70 days for the embankment fills placed at the abutments. There is no mention of this in the special provisions. Please Advise

**Clinton Keith Road Construction Project – Phase 3
Leon Road to State Route 79 Including French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723**

CONTRACTOR QUESTIONS AND RESPONSES

	Response	Special Provisions updated to include Embankment Settlement Monitoring. See addendum No. 1
8	Question	Bid Item 39 calls out 7 each Settlement Monitoring Monuments. There are no drawings showing the location or details of these and no specifications for them. Please advise
	Response	Specifications updated to include monitoring monuments and location along the abutments of French Valley Creek bridge. See Addendum No. 1
9	Question	Bid item 129 refers to Temporary Pedestrian Access Route. Please advise as to the location and requirements of this work
	Response	This applies to any existing pedestrian access routes along State R/W, there must be a pedestrian path accessible at all times during construction.
10	Question	Stage Construction sheets for Murrieta Marketplace call out K-Rail with traffic screen. In what bid item is the traffic screen paid?
	Response	Stage Construction plans and estimate were not revised based on the large number of changes to the plans. See response for question 10.
11	Question	Reference Murrieta Marketplace plan sheets D-4 and DP-2. Where is the Stormfilter Vault shown on Drainage Line H to be paid?
	Response	See revised proposal issued by Addendum No. 1, bid item 203 added to Bid Schedule.
12	Question	Reference Murrieta Marketplace plan sheets D-4 and DP-2. Where are the Type G-2 drop inlets and Flow Splitter shown on Drainage Line W to be paid?
	Response	Inlets are covered by "STRUCTURAL CONCRETE, DRAINAGE INLET" and "MISCELLANEOUS IRON AND STEEL", and Bid Item for Flow Splitter has been added. See item 204 on revised proposal issued by Addendum No. 1
13	Question	Reference Bid Item 173. We are unable to locate any Manhole Type 1 to be constructed in the redlined Murrieta Marketplace plan sheets. Please advise.
	Response	There are no manholes, Bid Item 173 has been deleted.
14	Question	Reference Murrieta Marketplace plan sheets D-2 and DP-3. The plan view for Drainage Line X shows the two Drop Inlets redlined but in the profile view, they are still shown to be constructed. Please advise. If they are part of the work, where will they be paid?
	Response	Profile sheet is updated. See revised plan issued by Addendum No. 1
15	Question	Which Bid Item includes the construction of the Pilasters on French Valley Creek Bridge?
	Response	Bid item 57 (Structural Concrete, Bridge) includes the interior pilaster and abutment pilasters
16	Question	BI #62 Minor Concrete (Retaining Wall) : We are not able to find this in the plans. Can you clarify where this/these walls are?
	Response	This is the concrete gutter on RW 364, quantity has been revised to 8 cy.

**Clinton Keith Road Construction Project – Phase 3
Leon Road to State Route 79 Including French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723**

CONTRACTOR QUESTIONS AND RESPONSES		
17	Question	BI #65 Fractured Rib Texture : The Specifications indicate Fractured Basalt with color. Is this the specification for the wing walls and barrier rail and the plans indicating fractured rib is in error? Also how does the color concrete spec relate to the texture, is this paint or stain?
	Response	Detail of fractured basalt has been added to R-1. Fractured basalt is used on the retaining walls. Fractured rib is used on the bridge.
18	Question	BI #66 Joint Seal Assembly (MR 1 ½") : The plans indicate a Type B MR 2" Seal. Which seal is required, Type B or Assembly?
	Response	See Revised Proposal issued by Addendum No.1
19	Question	Plan sheet EC-1 of the SR79 plans indicate an ESA with a note "No construction equipment in this area". When overlaying with the Clinton-Keith plan sheet EC-3, the ESA covers most of the bridge including constructing Abut 2 and the east end approach fills. Will the Contractor be allowed to use equipment including but not limited to excavation, falsework and pile driving within the ESA zone?
	Response	Yes, for location of bridge and restrictions, please follow the Clinton Keith plans for ESA locations.
20	Question	Please confirm that Per the contract documents and Bid Item 4 Course of Construction Insurance (Builder's Risk), the Authority is requesting the Builder's Risk associated with the contract to include Earth Movement and Flood Damage at 100% of the contract value as this is uncommon and will be a large add to the contract value. Please consider removing 100% of the contract value. If the Authority decides to not change the Builder's Risk Coverage, please raise the schedule of value allotment for this bid item by a factor of 10x "A. Course of Construction Insurance" as outlined on page 84/85 of 303 and section 00-1.09 PROGRESS PAYMENT RESTRICTIONS of the Specifications.
	Response	Course of Construction apply as specified in section 00-1.07. The bidders are not restricted to use bid item limits listed in section 00-1.09 Progress Payment Restrictions. The amounts higher than the amounts shown in section 00-1.09 are the basis of progress payments.
21	Question	The provided plans does not illustrate the current site condition. Please provide topo for the existing stockpile with quantities of material available to the contractor.
	Response	A new topography map is not available for the existing stockpile location. The County survey estimated the stockpile quantity to be approximately 35,000 cy. This quantity of material was already taken into account in the bid documents
22	Question	Per section 00-1.07 ADDITIONAL INSURANCE REQUIREMENTS, COURSE OF CONSTRUCTION INSURANCE, second sentence of the second paragraph states " Coverage shall include collapse, faulty workmanship...". Builder's Risk insurance is not a warranty policy and does not cover faulty workmanship. Please revise the language to state "collapse, resultant damage from faulty workmanship..."
	Response	Course of Construction apply as specified in section 00-1.07. No revision made.
23	Question	Please provide an updated Marketplace plan set omitting cross outs and outdated layouts plan sheets.
	Response	Plans without cross out are not available.
24	Question	On the Murietta Marketplace plans, sheet L-2, is there supposed to be a bus turnout on Clinton Keith Rd at approximately Sta 373+50 on the west side of the street?

**Clinton Keith Road Construction Project – Phase 3
Leon Road to State Route 79 Including French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723**

CONTRACTOR QUESTIONS AND RESPONSES

	Response	Yes
25	Question	Is there fractured rib texture outside of the French Valley Creek Bridge? The bridge quantities show 808 SF which differs from the bid item list quantity. If there are other locations, where are they?
	Response	Fractured rib texture is placed on the bridge and fractured basalt texture is placed on the retaining walls. These bid items will be broken out into two separate items and retaining wall plans updated to show location.
26	Question	What scope does bid item 62 cover?
	Response	This covers the minor concrete for the gutter pan on the back of the retaining wall.
27	Question	Does the quantity for the Cut-off wall at the Briggs Rd dip section belong in bid item 62 or bid item 51?
	Response	The quantity for the structural concrete for the retaining wall is covered in Bid Item 59 Structural Concrete, Retaining Wall
28	Question	Which bid item includes the retaining wall gutter at RW 364?
	Response	Bid item 62 – quantity has been revised to 8 cy
29	Question	Which bid item scope includes the raised median on the French valley creek bridge?
	Response	Bid item 57 (Structural Concrete, Bridge) includes the raised median on the bridge
30	Question	Section 73-2.04 states “drainage headwalls, inlets, and catch basins will be as shown on the plans and will be measured and paid for by the cubic yard as minor concrete (miscellaneous construction). Is there a difference in the headwalls charged to bid item 84 “MINOR CONCRETE (MISCELLANEOUS CONSTRUCTION)” versus bid item 85 “STRUCTURAL CONCRETE, HEADWALL”?
	Response	Headwalls will be measured and paid for as “CONCRETE, HEADWALL” and “STRUCTURAL STEEL, HEADWALL”. Estimate updated
31	Question	Where can Caltrans Detail D89B be found, there only appears to be a D89 in the Caltrans 2018 Standard Plans?
	Response	It is REVISED STANDARD PLAN RSP D89B. Will update “D89B” to “RSP D89B” on all sheets.
32	Question	Are the headwalls at Basin 2, Line “F”, and Line “Q” straight headwalls or “L” Headwalls?
	Response	Straight headwalls
33	Question	The Basin 2 Headwall has 36” pipe running through it and the height of the headwall is listed as 5.42’ on the drainage profile. Is the design “H” for this headwall 4’-8” per the table for the 36” pipe or is the design “H” 5’-5” per the height given in the drainage profile?

**Clinton Keith Road Construction Project – Phase 3
Leon Road to State Route 79 Including French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723**

CONTRACTOR QUESTIONS AND RESPONSES		
	Response	H=5'-5"
34	Question	Does the quantity for bid item 56 include the footings, the pedestals, and the CIP walls for the arch culvert? The CIP concrete shown in the Arch Culvert drawings seems to be significantly lower than the quantity in the bid item list.
	Response	See revised proposal issued by Addendum No. 1 (quantities are revised)
35	Question	Bid item 172 is for PCC for Bus turnouts and concrete banding, there does not appear to be any concrete banding in the Murietta Marketplace plans, please confirm if this is accurate.
	Response	Quantities are correct
36	Question	Which bid item covers the Junction Structures in the Murietta Marketplace drawings?
	Response	"MINOR DRAINAGE STRUCTURE (JUNCTION STRUCTURE)" added to bid item
37	Question	Which bid item covers the drop inlets on D-4 of the Murietta Marketplace drawings?
	Response	Drop inlets (G2 DI) are covered by "STRUCTURAL CONCRETE, DRAINAGE INLET" and "MISCELLANIOUS IRON AND STEEL". Will add "STRUCTURAL CONCRETE, DRAINAGE INLET" bid item.
38	Question	Which bid item covers the flow splitters in the Murietta Marketplace drainage drawings?
	Response	Flow splitter added to bid items
39	Question	Which bid item covers the bioswale with check dams in the Murietta Marketplace drainage drawings?
	Response	Bioswale is covered by "DITCH EXCAVATION". "DITCH EXCAVATION" added to bid item. Temporary Check Dams is Bid Item 137
40	Question	The note for B2-4 curb is not crossed out on Sheet L-3 of the Murietta Marketplace drawings, please confirm that there is no B2-4 curb.
	Response	Correct, there is no B2-4 curb.

**Clinton Keith Road Construction Project – Phase 3
Leon Road to State Route 79 Including French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723**

CONTRACTOR QUESTIONS AND RESPONSES		
41	Question	Are the headwalls at Line "I", and Line "X" straight headwalls or "L" Headwalls?
	Response	Straight headwalls, will update to RSP D89B on plans.
42	Question	Bid Item 187 appears to only have enough quantity for 1 headwall, please confirm that there are 2 headwalls to be constructed in the Murietta Marketplace plans.
	Response	Headwall quantity has been updated
43	Question	Which bid item covers the concrete collars?
	Response	Concrete collar is covered in bid item for the pipe
44	Question	Regarding asphalt binder, special provision section 39-2.02B(3) calls out for PG 64-28 M and PG 64-10, both, as shown on the attachment. Please clarify which is correct. This will affect the material price dramatically and it is very critical.
	Response	For HMA within State R/W – grade of asphalt binder for Type A HMA must be PG 64-28M. For HMA outside State R/W – grade for asphalt binder shall be PG-10 for HMA Type A and C, and 64-14 for RHMA Type G
45	Question	Please clarify which item Type D-1 curb STD 203 be paid under?
	Response	D-1 curb is not used, Type D (CRS 204) should be used for both CK and MM plans.
46	Question	Please clarify the intent of Bid Item 62 Minor Concrete (Retaining Wall) as it is not indicated on the plans or specifications.
	Response	This is the concrete gutter on RW 364, quantity has been revised to 8 cy.
47	Question	Please reference Sheet D-3 (M.M. - 35 of 72), Storm Drain Data Table indicates that three (4, 5, 6) storm drain sections are to be constructed. The plan sheet has no call outs for these pipe runs on the layout (reference circle #). Please clarify if this scope was removed.
	Response	Scope was removed.
48	Question	Reference (C.K.) Sheet D-11, Drainage Details, detailing the Modified Corrugated Steel Pipe Riser at Basins 3 and 4, all details indicate pipe risers to be 36" CSP wall thickness 0.08 inch. Please provide a bid item for this scope or indicate which item on the bid schedule they are associated with.
	Response	Bid item 75 updated.
49	Question	The County has specified a patented precast Contech O-Series arch. Any alternate would need to be different enough to avoid patent infringement. Please provide a set of definitive criteria to determine equivalency. Alternatively, please consider an Alternate Bid Schedule for any precast arch alternates as there could be a significant savings to the County.

**Clinton Keith Road Construction Project – Phase 3
Leon Road to State Route 79 Including French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723**

CONTRACTOR QUESTIONS AND RESPONSES		
	Response	the system needs to perform the way the site is designed, and new impacts cannot be introduced to jurisdictional waters as it would jeopardize the project permits. The alternate system must match the location of exterior and interior footing widths shown on the plans. The contractor would be responsible for the alternate system and calculations for this new design.
50	Question	Please indicate how the excavation of the existing stockpile is to be paid.
	Response	Paid as Roadway Excavation
51	Question	Please reference Bid Item #173 (Minor Concrete Structure, Manhole Type 1). Can you confirm that this item is for the proposed G2 and Mod G2 inlets?
	Response	There are no manholes, Bid Item 173 has been deleted. Inlets are covered by "STRUCTURAL CONCRETE, DRAINAGE INLET" and "MISCELLANEOUS IRON AND STEEL"
52	Question	Where is the "Erosion Control Type D" located on the plans? Do you have more details on which product is intended for this bid item 43?
	Response	Located on Sheets EC-2, EC-3 and EC-4. Applies to the inside of the detention basins only. This should comply with Section 21-1.02B of the Special Provisions, and Section 21 "Erosion Control" of the Standard Specifications.

CONSTRUCTION NOTES:

- 40 CONSTRUCT HEADWALL PER CALTRANS DETAIL 089B.
- 45 CONSTRUCT MH1 PER RCFC AND WCD STD WH251, PER PROFILE.
- 48 INSTALL RSP PER DETAIL, SHEETS 32, 33 & 34.
- 51 CONSTRUCT G1 INLET PER CALTRANS STD PLANS 072B. SEE GLD CONNECTION DETAIL "B", SHEET 31.

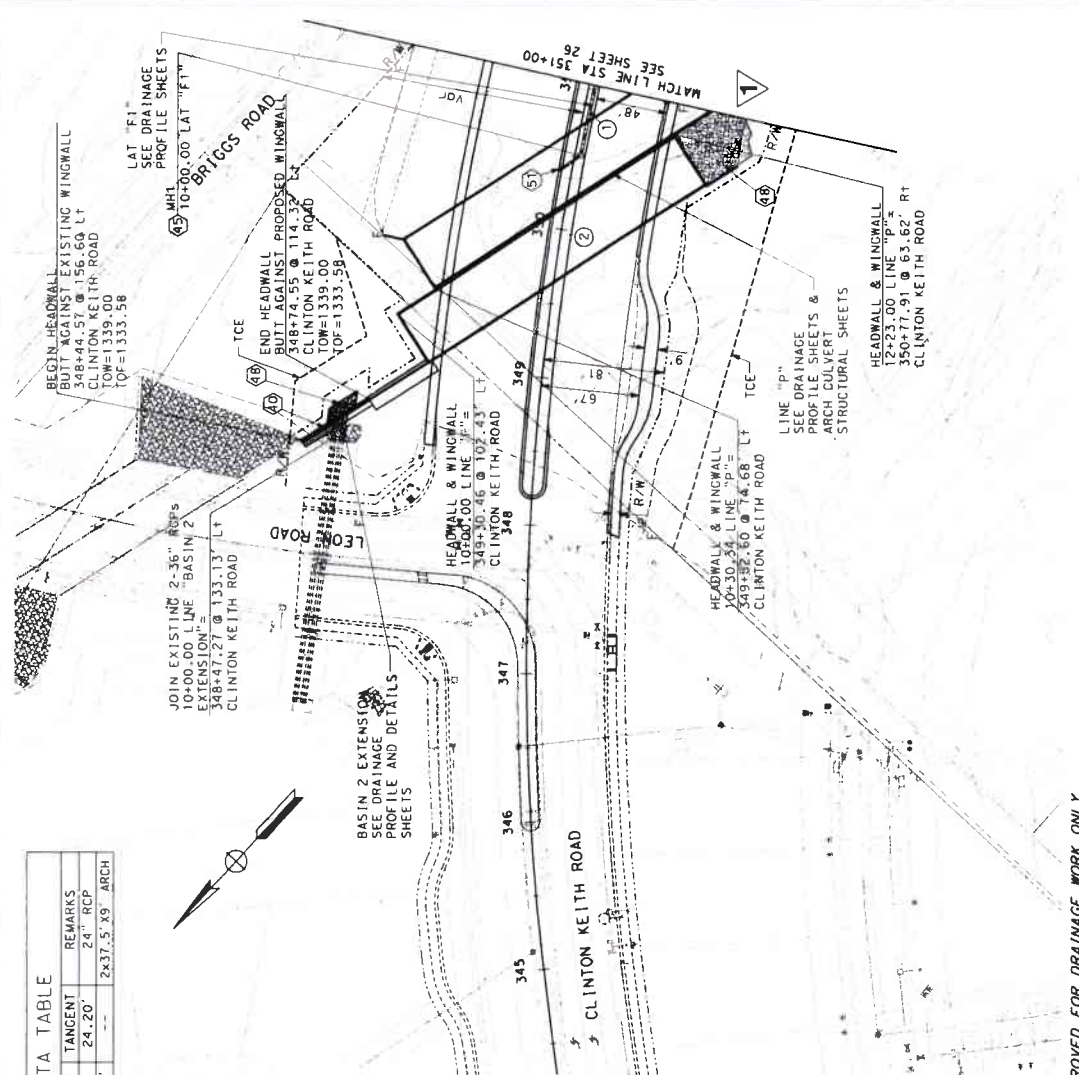

STORM DRAIN DATA TABLE				
NO.	DELTA / BEARING	RADIUS	LENGTH / TANGENT	REMARKS
1	1° 32' 38"	1796.00'	48.39'	24" RCP
2	5 14° 45' 41" W	260.17'	2x37.5' X 9' ARCH	

BIORETENTION/BIOFILTRATION BMPs CONSTRUCTION NOTES:

1. THE ENGINEER SHALL FURNISH TO THE COUNTY A COPY OF THE SOURCE TESTING AND A SIGNED CERTIFICATION THAT THE FULLY BLENDED BIORETENTION/BIOFILTRATION SOIL MEDIA (BSM) MATERIAL MEETS ALL OF THE WOMP REQUIREMENTS BEFORE MATERIAL IS IMPORTED OR IF THE MATERIAL IS MIXED ON-SITE PRIOR TO INSTALLATION.
2. AS BSM MATERIAL IS BEING INSTALLED, QUALITY ASSURANCE (QA) TESTS SHALL BE COMPLETED OR FOR EVERY 1,200 TONS OR 800 CUBIC YARDS MIXED ON-SITE FROM A COMPLETELY MIXED STOCKPILE OR WINDROW, WITH A MINIMUM OF THREE TESTS. FOR IMPORTED MATERIAL FROM A SUPPLIER WITH A QUALITY CONTROL PROGRAM THE QA TESTS SHALL BE CONDUCTED 2,400 TONS OR 1,600 CUBIC YARDS FROM THE SUPPLIER.
3. THE ENGINEER CONDUCTING THE QUALITY CONTROL TESTING SHALL FURNISH TO THE COUNTY A COPY OF THE QA TESTING AND A CERTIFICATION THAT THE BSM FOR THE PROJECT MEETS ALL OF THE FOLLOWING REQUIREMENTS. CERTIFIED MITIGATION PLANS CAN BE USED FOR EXCEEDANCES, AS LONG AS ALL REQUIREMENTS ARE DESIGNED TO BE MET.
 - a. BSM SHALL NOT BE COMPACTED. BSM SHALL CONSIST OF 60-80% CLEAN SAND, UP TO 20% CLEAN TOPSOIL, AND 20% OF A NUTRIENT-STABILIZED ORGANIC AMENDMENT. THE INITIAL INFILTRATION RATE SHALL BE GREATER THAN 8 INCHES PER HOUR PER LABORATORY TEST.
 - b. pH: 6.0 - 8.5; SALINITY: 0.5 TO 3.0 mmol/cm AS ELECTRICAL CONDUCTIVITY; SODIUM ABSORPTION RATIO: < 6.0; CHLORIDE: < 800 ppm IN SATURATED EXTRACT; CATION EXCHANGE CAPACITY (CEC): > 10 meq/100 g; ORGANIC MATTER: 2 TO 5-PERCENT ON A DRY WEIGHT BASIS; CARBON NITROGEN RATIO: 12 TO 40, PREFERABLY 15 TO 40; GRAVEL LARGER THAN 2mm: 0 TO 25-PERCENT OF THE TOTAL SAMPLE; CLAY SMALLER THAN 0.005mm: 0 TO 5 PERCENT OF THE NON-GRAVEL FRACTION.
 - c. BSM SHALL BE TESTED TO LIMIT THE LEACHING OF POTENTIAL INHERENT POLLUTANTS BSM USED IN BIOFILTRATION BMPs SHALL CONFORM TO THE FOLLOWING LIMITS FOR POLLUTANT CONCENTRATIONS IN SATURATED EXTRACT: PHOSPHORUS: 10 mg/L; NITRATE: 10 mg/L; LEAD: 10 mg/L; COPPER: 10 mg/L; ZINC: 10 mg/L; CHROMIUM: 10 mg/L; CADMIUM: 10 mg/L; MERCURY: 10 mg/L; ARSENIC: 10 mg/L; SILICA: 10 mg/L; SILICA: 10 mg/L; SILICA: 10 mg/L. THAT IS LEACHED FROM THE SAMPLE. THESE TESTS SHALL BE PERFORMED AT THE TIME THAT IS LEACHED FROM THE SAMPLE. THESE TESTS SHALL BE PERFORMED AFTER LABORATORY RINSING OF MEDIA WITH UP TO 15 PORE VOLUMES OF WATER. EQUIVALENT TEST RESULTS WILL BE ACCEPTED IF CERTIFIED BY A LABORATORY OR APPROPRIATE TESTING FACILITY.
 - d. LOW NUTRIENT COMPOST USED IN BSM SHALL BE SOURCED FROM A FACILITY PERMITTED THROUGH COLLECTIVE, PREFERABLY THROUGH USCC STA PROGRAM. COMPOST SHALL CONFORM TO THE FOLLOWING REQUIREMENTS: PHYSICAL CONTAMINANTS < 1% BY DRY WEIGHT; CARBON NITROGEN RATIO: 12:1 TO 40:1; MATURITY/STABILITY SHALL CONFORM TO EITHER: SOLVITA BIODEGRADATION INDEX: < 3.5; COPPER 9 mg/100g; CHROMIUM 9 mg/100g; ARSENIC 9 mg/100g; MERCURY 9 mg/100g; CADMIUM 9 mg/100g; SILICA 9 mg/100g; SILICA 9 mg/100g; SILICA 9 mg/100g. METALS SHALL PASS USEPA CLASS 2 STANDARD TESTING. TESTING SHALL BE NO MORE THAN 6 MONTHS OLD AND REPRESENTATIVE OF CURRENT STOCKPILES.
 - e. COCONUT COIR PITH USED IN BSM SHALL BE THOROUGHLY RINSED WITH FRESHWATER AND SCREENED TO REMOVE COARSE FIBERS AS PART OF PRODUCTION AND AGED > 6 MONTHS. PEAT USED IN BSM SHALL BE SPHAGNUM PEAT.

ADDENDUM NUMBER 2

Dated November 2, 2021

to the
Specifications and Contract Documents
for the construction of

Clinton Keith Road Construction Project – Phase 3
Leon Road to State Route 79 Including French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723

and
Max Gilliss Blvd and Leon Road Resurfacing Project
Max Gilliss Blvd: Leon Road to Winchester Road
Leon Road: Clinton Keith Road to Baxter/Jean Nicholas Road
Community of French Valley
Project No. D1-0054

Bids Due: Wednesday, November 10, 2021; 2:00 p.m.
14th Street Transportation Annex
3525 14th Street; Riverside, CA 92501
(951) 955-6780

This Addendum is issued pursuant to the Instructions to Bidders, Item No. 8, of the Contract Documents for the reference project. This Addendum is issued as a supplement to the specification and special provisions for the referenced project. The revisions to the specifications shall become a part of the Contract Documents, and each bidder shall acknowledge receipt thereof on the Bid (Proposal). Bidders are directed to sign this addendum as acknowledged and attach the signed addendum to the contractor's submitted proposal.

Note: During the advertisement period of this project, this document and attachments (if any) are available upon request at the office of the Transportation Department, and are available as a free download at the Transportation Department's website:

<http://rctlma.org/trans/Contractors-Corner/Notices-Inviting-Bids>

MODIFICATIONS / CLARIFICATIONS TO SPECIAL PROVISIONS:

Item 1: Bid Bond Form Update.

Refer to Instructions to Bidders Section 3, "Bid Bond," on page A3 of the Specifications and Contract Documents book. The Bid Bond Amount is **10%** of the total bid amount. Contractors are reminded that the basis of the selection of the bid will be the lowest responsive and responsible bid for the sum of all Bid Schedules.

Refer to "Bid Bond" template on page B17 of the bidding documents. Delete page B17 and replace with revised page B17 attached herewith as **Attachment "A"**.

Addendum No. 2

Clinton Keith Rd Construction Project – Phase 3
Leon Rd to State Route 79 Including
French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723

and;

Max Gilliss Blvd and Leon Rd Resurfacing Project
Max Gilliss Blvd: Leon Rd to Winchester Rd
Leon Rd: Clinton Keith Rd to Baxter/Jean Nicholas Rd
Community of French Valley
Project No. D1-0054

November 2, 2021

Page 2 of 5

Item 2: Incorporation of Additional Project Name.

The Bid Bond templates updated to incorporate Max Gilliss Blvd and Leon Road Resurfacing Project as stated above.

Refer to Addendum No.1, item No. 4, for additional information regarding Max Gilliss Blvd and Leon Road Resurfacing Project.

Refer to all Bidding Documents / Contract Documents. Whenever and wherever in the Contract Documents the project name is used, it shall be understood to mean and refer to:

**Clinton Keith Road Construction Project
– Phase 3
Leon Road to State Route 79 Including
French Valley Creek Bridge
In the City of Murrieta and French Valley
Area, Project No. B2-04723; and**

**Max Gilliss Blvd and Leon Road Resurfacing Project
Max Gilliss Blvd: Leon Road to Winchester Road
Leon Road: Clinton Keith Road to Baxter/Jean Nicholas
Road, Community of French Valley
Project No. D1-0054**

Item 3: 00-1.05 Prosecution and Progress.

Refer to Addendum 1, item 7, 3rd paragraph; delete the word "demolition" from the sixth row of first sentence.

Refer to Addendum 1, item 7, 4th paragraph; delete and replace the 4th paragraph with the following:

The second NTP (NTP 2) will be issued for Max Gilliss Blvd and Leon Road Resurfacing Project (Project No. D1-0054). The work associated with Max Gilliss Blvd and Leon Road Resurfacing Project shall be completed within **40 working days**. These 40 working days are concurrent with 360 working days listed on Notice to Bidders and **shall not** be considered as additional working days. The Contractor must order all equipment and materials for Traffic Signal modification including pedestrian push buttons and video detection equipment within five (5) working days of award of the contract. NTP 2 will not be issued until all equipment are received.

Item 4: Water Pollution Control.

Refer to Addendum1, Item 10, regarding Water Pollution Control of Special Provisions, following Special Provision added and made part thereof.

The full compensation to prepare Initial SWPPP for the work associated with first and second NTP and thereafter SWPPP amendment to include work associated with third NTP shall be considered as included in the contract bid price paid for Prepare Storm Water Pollution Prevention Plan (Item 13 and 132) and no additional compensation will be allowed.

Item 5: Section 19; Embankment Settlement Monitoring Monuments

Refer to Addendum1, Item 12, regarding Embankment Settlement Monitoring Monuments add following pay clause added and made part thereof.

Addendum No. 2
Clinton Keith Rd Construction Project – Phase 3
Leon Rd to State Route 79 Including
French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723

and;
Max Gilliss Blvd and Leon Rd Resurfacing Project
Max Gilliss Blvd: Leon Rd to Winchester Rd
Leon Rd: Clinton Keith Rd to Baxter/Jean Nicholas Rd
Community of French Valley
Project No. D1-0054

November 2, 2021
Page 3 of 5

Payment

The contract bid price paid per each to furnish and install Embankment Settlement Monitoring Monuments and shall also include full compensation for furnishing all labor, materials, tools, equipment, and incidentals, for doing all the work involved and no additional compensation will be allowed therefor.

Item 6: Order of Work. Refer to Section Order of Work, subsection "Resurfacing of Leon Rd/Max Gilliss, page 32 of the special provisions. Following additional Special Provision added and made part thereof.

Spelling correction: Max Gillis corrected as Max Gilliss.

It shall be noted that Resurfacing of Max Gilliss Blvd and Leon Road will not commence until permanent video detection system has been installed.

Submittal of this acknowledgement page is adequate for Bid reception. Bidders are reminded to list addendum number(s) received on the first page of the Bid form (Proposal).

Bid Bond

Recitals:

1. _____ "Contractor", has submitted his/her Contractor's Proposal to County of Riverside, "County", for the construction of public work for Clinton Keith Road Construction Project-Phase 3, Leon Road to State Route 79 Including French Valley Creek Bridge, In the City of Murrieta and French Valley Area, Project No. B2-04723; and Max Gilliss Blvd and Leon Road Resurfacing Project, Max Gilliss Blvd: Leon Road to Winchester Road, Leon Road: Clinton Keith Road to Baxter/Jean Nicholas Road, Community of French Valley, Project No. D1-0054 in accordance with a Notice Inviting Bids from the County.
2. _____ a _____ corporation, hereafter called "Surety", is the surety of this bond.

Agreement:

We, Contractor as Principal and Surety as Surety, jointly and severally agree and state as follows:

1. The amount of the obligation of this bond is 10% of the amount of the Contractor's Proposal, including bid alternates, and inures to the benefit of County.
2. This Bond is exonerated by (1) County rejecting said Proposal or, in the alternate, (2) if said Proposal is accepted, Contractor executes the Contract and furnishes the Bonds as agreed to in its Proposal, otherwise it remains in full force and effect for the recovery of loss, damage and expense of County resulting from failure of Contractor to act as agreed to in its Proposal. Some types of possible loss, damage and expense are specified in the Contractor's Proposal.
3. Surety, for value received, stipulates and agrees that its obligations hereunder shall in no way be impaired or affected by any extension of time within which County may accept the Proposal and waives notice of any such extension.
4. This Bond is binding on our heirs, executors, administrators, successors and assigns.

November 4, 2021
Page 3 of 6

Item 4: Supplemental Project Information.

Refer to Addendum 1, Item 8, regarding Supplemental Project Information. Item 1 Geotechnical Design Report and item 3, California Department of Fish and Wildlife Streambed Alteration Agreement have been replaced and the following additional item (item 10) is added to the list and made part thereof.

10. ClintonKeithRd.Phs.3.LID-BMP Design Handbook

Supplemental items 1(updated), 3(updated) and 10 (added) are posted to Transportation Department website address shown below:

<http://rctlma.org/trans/Contractors-Corner/Notices-Inviting-Bids>

Item 5: Video Camera Detection System

Refer to bid item 229, Video Camera Detection System. The Video Camera Detection System shall conform to applicable Special Provision specified in Specification Book section Division X, Electrical Work, section 86 and plans (Attachment "F") issued by Addendum 1.

Payment

Full compensation for Video Camera Detection System will be paid per Lump Sum, and shall include full compensation for the work as shown on the plan sheet 11 – 15 (Attachment "F" issued by Addendum 1) as specified in the Standard Specifications, these Special Provisions, and as directed by the Engineer and no additional compensation will be allowed therefor

Item 6: Project Information; Questions and Responses

Questions and Responses information list is available as a free download at the following County website:

<http://rctlma.org/trans/Contractors-Corner/Notices-Inviting-Bids>

This (downloadable) file is provided for reference only. For any discrepancy written on the Questions and Responses, the Contractor shall conform to the contract documents.

The Contractor Questions and Responses are included as **Attachment "B"**.

Item 7: Order of Work

Refer to Section Order of Work, subsection "School Traffic" on page 31 of the Special Provisions. Delete Mecca Elementary School and replace with Lisa J Mails Elementary School.

Addendum No. 3
Clinton Keith Rd Construction Project – Phase 3

Item 8: Environmental Stewardship

Refer to Section 14 Environmental Stewardship of the Special Provisions starting at page 42, following additional provisions are added and made part thereof:
Page 45; Add the following at the end of first paragraph:
The County will provide and pay for the archeologist and tribal monitors services.

Item 9: Asphalt Concrete.

Refer to Section 39 Asphalt Concrete of the Special Provisions starting at page 75, the first paragraph under **Payment** (page 91) revised as shown below to include Prime Coat.

The contract bid price paid per ton for Hot Mix Asphalt (HMA) Type A, C and for RHMA-G as shown in bid proposal shall include full compensation for furnishing all labor, tools, materials (including Prime Coat where needed), equipment, and incidentals, and for doing all the work involved including the sampling and testing of HMA quality characteristics, sampling and testing of density cores, and furnishing and applying asphaltic emulsion (paint binder/tack coat).

MODIFICATIONS / CLARIFICATIONS TO THE PLANS

Item 10: Plan sheet revisions.

Refer to Plan Sheets for Clinton Keith Road Construction Project – Phase 3.
The following Plan sheets for File No. **970-H** (Clinton Keith Road) are revised and issued hereby as **Attachment “C”**.

1. Plan sheet 17 of 108
2. Plan sheet 25 of 108
3. Plan sheet 43 of 108

The following Plan sheets for File No. **970-I** (SR-79 Roadway Widening) are revised and issued hereby as **Attachment “D”**.

1. Plan sheet 45 of 72
2. Plan sheet 71 of 72
3. Plan sheet 72 of 72

Note: Revised plan sheets are posted on the County website and available for download during the advertisement period.

 FOR QUESTIONS AND RESPONSES 1 THROUGH 52**

CONTRACTOR QUESTIONS AND RESPONSES		
53	Question	Bid item quantities for Temp K-Rail and Temp Crash Cushions in Bid Schedule 2 are incorrect because of the redline changes in the drawings. Please revise.
	Response	Stage Construction plans and estimate were not revised based on the large number of changes to the plans. Contractor will have ability to revise staging during construction with proposed submittal and approval by the Engineer/RE.
54	Question	The County has specified a patented precast Contech O-Series arch. Any alternate would need to be different enough to avoid patent infringement. Please provide a set of definitive criteria to determine equivalency. Alternatively, please consider an Alternate Bid Schedule for any precast arch alternates as there could be a significant savings to the County.
	Response	There is no new Alternate bid schedule included nor proposed for substitute design.
55	Question	Per the Geotechnical Foundation Report (January 2014) section 8.6 and 11.1, it states that the creek channel should be temporarily diverted and dewatered to accommodate construction of the Arch Culvert foundations. Under which item is this work to be paid?
	Response	There is potential for diversion or dewatering, but compliance with all permits must be implemented, this includes compliance with NPDES Order No. R9-2015-0013, and notification and approval by CDFW of the diversion plan. A bid item has been added. See revised proposal issued by addendum 3.
56	Question	Base Bid Schedule 2 has a number of SWPPP Items. Bid Schedule 1 does not. Please indicate where the SWPPP work is to be paid in Bid Schedule 1, or is the intent that the items in Schedule 2 will be used for both 1 and 2?
	Response	Refer to items 13 and 132 on Proposal. One SWPPP will be prepared and implemented to include all segments of the contract including Max Gillis Blvd and Leon Rd Resurfacing project. The cost shall be distributed between items 13 and 132.
57	Question	On page 44 of the specifications, it states: “Contractor is advised that ground-disturbing activities within the project limits listed in the above identified AMA areas shall not be undertaken without the presence of an archaeological monitor.” Please confirm that this archeological monitor will be provided and paid for by the County.
	Response	The County will provide and pay for the archeologist and tribal monitors services.
58	Question	On page 92 of the specifications under the section titled TEMPORARY STRUCTURES, it states: “No work will be conducted within the Environmentally Sensitive Areas designated on the plans.” Drawing G-1, Sheet 29, of the Murrieta Marketplace plans designate an ESA area that includes most of Abutment 2 and the southern approach of the French Valley Creek Bridge. Please confirm that this is not a designated ESA for the bridge project and provide a plan which does show the correct limits of the non-disturbance area within French Valley Creek.
	Response	If the MM (Murrieta Market Place Improvements) project was constructed independent of the Clinton Keith Road bridge construction, this area would've been protected with ESA fence. With construction of Clinton Keith Road bridge and roadway, sheet F-3 should be followed for the ESA protected areas at the bridge location.

CONTRACTOR QUESTIONS AND RESPONSES

59	Question	Section 51-1.03G(1) of the specifications references Fractured Basalt texture however the only texture shown on the plans is fractured rib on the bridge wingwalls and barrier rail. Please clarify.
	Response	Response provided in Addendum No. 1
60	Question	The quantity of Bid Item 65-Fractured Rib Texture appears overstated as the only texture shown on the plans is on the bridge wingwalls and barrier rail. Please clarify.
	Response	Response provided in Addendum No. 1
61	Question	Section 51-1.03G(1) of the specifications references colored concrete test panels, however the plans do not indicate any locations requiring colored concrete surfaces. Please clarify.
	Response	Colored concrete test panels are used for all fractured basalt textures on the retaining walls
62	Question	Section 73-2.04 states in part:” Drainage headwalls, inlets and catch basins will be as shown on the plans and will be measured and paid for by the cubic yard as Minor Concrete (Miscellaneous Construction)[Drainage].” Please confirm that this refers to Bid Item 84-MINOR CONCRETE (MISCELLANEOUS CONSTRUCTION). Also, please clarify that Drainage Headwalls are paid in Bid Item 85-STRUCTURAL CONCRETE, HEADWALL and not in item 84.
	Response	Response provided in Addendum No. 1
63	Question	The bid quantity for Item 85-STRUCTURAL CONCRETE, HEADWALL is 11 CY. The Headwall for Basin 2 Extension has 27 CY alone and there are two additional walls as well. Please revise.
	Response	Please refer to table on RSP D89B for concrete calculations per height. This is multiplied by the LF to get amount of CY. Quantity is correct.
64	Question	The bid quantity for Item 187-STRUCTURAL CONCRETE, HEADWALL is 4 CY. Our take-off is nearly triple the bid quantity. There are two headwalls: A 36” dia. pipe at Line “X” and 24” Dia. at Line “I”. Please revise.
	Response	Please refer to table on RSP D89B for concrete calculations per height. This is multiplied by the LF to get amount of CY. Quantity is correct.
65	Question	We are unable to locate a callout in the drawings corresponding to Bid Item 91-STRUCTURAL STEEL (DRAINAGE HEADWALL). Please clarify.
	Response	Please refer to table on RSP D89B for amount of steel based on the height. This is multiplied by the LF to get amount of LB. Quantity is correct. Headwall has two pay items, concrete and steel.
66	Question	Bid Item 75 calls out 24” CSP Risers however Drawing D-11 identifies them as 36” diameter. Please clarify.
	Response	Response provided in Addendum No. 1
67	Question	In Section 10-1.02, page 32, it states that (5) PCMS boards are to be provided 2 weeks prior to the start of work. Will all (5) PCMS boards be needed for the duration of the project or as shown on the traffic control plans?
	Response	As shown on the traffic control plans and in coordination with the Engineer

Clinton Keith Rd Construction Project – Phase 3
 Leon Rd to State Route 79 Including

 Max Gilliss Blvd: Leon Rd to Winchester Rd
 Leon Rd: Clinton Keith Rd to Baxter/Jean Nicholas Rd
 Community of French Valley
 Project No. D1-0054

CONTRACTOR QUESTIONS AND RESPONSES

68	Question	For the resurfacing of Leon Rd/Max Gillis per Section 10-1.02, page 32, please provide plans with the limits of work and the resurfacing structural section. What items will this work be paid in?
	Response	See Attachment "F" issued by Addendum No. 1
69	Question	Section 12-5.02 states that the Contractor is to prepare staging and traffic control plans for the project. The project plans include staging and traffic control plans. Please verify if the Contractor is to prepare TC plans or use the provided plans.
	Response	Project plans can be used as reference, with all of the changes in the MM plans, this may require a different staging approach which will be determined by contractor.
70	Question	Per Section 39-2.01(3)(c) the Contractor is to apply a prime coat to AB areas designated by the Engineer. Please clarify the work area to receive the Prime Coat per Bid Item 169.
	Response	This applies to all areas within State R/W, see revised payment clause issued by addendum 3.
71	Question	On Page 76 of the Special Provisions, Section 39-2.02B(3) states the asphalt binder must be PG 64-28M for Type A HMA. Then on Page 77, for HMA outside State ROW, the binder shall be PG 64-10 for HMA Type A and Type C. Please clarify if the asphalt binder is to be different depending on where the HMA material is located.
	Response	Response provided in Addendum No. 1
72	Question	Can the over excavated bridge embankment for the French Valley Creek bridge be reused as fill for the project?
	Response	Yes, if soil is deemed to be of suitable material. The Geotechnical Report identifies this area as having a soft clay material which would not be suitable and must be removed to mitigate for settlement.
73	Question	On Plan L-1, near the new Leon Rd intersection, it calls for the exiting trees to be topped within the limits of the new street extension and arch culvert. Please clarify the intent of this note within the limits of the new street.
	Response	Within limits of the Clinton Keith Road improvements and the new culvert. Clinton Keith Road is being extended at this location and the trees must be topped off/cut back to lower height below road elevation and inside the culvert before arch culvert and road improvements can be constructed.
74	Question	There is temp chain link fence along existing Briggs Rd and the south side of the French Valley Creek and temp power poles in the same area that are not shown on the plans. Is the Contractor responsible for removing these? If so, where will the work be paid?
	Response	Bid Item quantity for removal of fence has been updated (See Addendum No. 3). Power Plus to remove poles prior to construction.
75	Question	Please clarify if the structural excavation and backfill for the Arch Culvert is included in Items 33 & 35, respectfully?
	Response	No, bid item 33 and 35 is for French Valley Creek bridge only. New bid items are included for excavation and backfill of the Arch Culvert.

 Max Gilliss Blvd: Leon Rd to Winchester Rd
 Leon Rd: Clinton Keith Rd to Baxter/Jean Nicholas Rd
 Community of French Valley
 Project No. D1-0054

CONTRACTOR QUESTIONS AND RESPONSES

76	Question	Please provide the structural section for the concrete slope to be removed per Sheet L-1 at the end of Clinton Keith Rd.
	Response	Developer plans call this out to be 0.25' thick gunite slope lining w/0.5'x0.5'-1.4x1.4 WWM
77	Question	The Geotechnical/Foundation Report(s) mention work that is not described or accounted for in the Plans and Specifications please address the following comments: a. Is a settlement period required at the French Valley Creek Abutments (40 days)? b. Is 5' subexcavation required at the Abutments? c. Is 3' subexcavation required at Retaining Wall 359? d. "See Geotechnical Report for Footing Subgrade Improvement Requirements" is shown on Sheet 71. The Geotechnical Report refers you to the Bridge Foundation Report which does not include any information about the Arch Culvert. Where can the Subgrade Improvement Requirements be found?
	Response	a. Per Geotechnical/Foundation Report, settlement period is 70 days b. Yes. c. Yes. d. Overexcavation recommendations for culverts in the 2015 report can be used for the Arch Culvert. Subgrade Stabilization is shown in Section 8.9.3 of the 2015 Geotechnical Report. This report will be included in the addendum.
78	Question	Mecca Elementary School is mentioned on page 31 of the Specifications as a location requiring attention. Please comment on the address of this elementary school.
	Response	It should have been Lisa J Mails Elementary School
79	Question	The elevations shown on page 94 of the Specifications for predrilling the Abutments is higher than the bottom of footing. Is predrilling required?
	Response	The predrilling is required thru the fill placed for the new bridge per Section 49 of the Caltrans Standard Specifications. The predrilling is designed to stop at the native ground elevation starting from the bottom of pile cap elevation.
80	Question	Several of the quantities appear to be considerably overstated (Item 33, Structure Excavation (Bridge), Item 56, Structural Concrete, Contech Culvert Footing and Item 57, Structure Concrete, Bridge). Please comment/revise.
	Response	See response in Addendum No. 1
81	Question	Is the Raised Median shown on Sheet 99 paid with Structure Concrete, Bridge, Structure Concrete, Bridge (Polymer Fiber) or some other item?
	Response	See response in Addendum No. 1
82	Question	Drawings D-9 & D-10 show the details of Basin 3 & 4 typical sections. Do these sections, extending 3.75' below the basin invert with the drainage rock and 6" dia. underdrain pipe, apply to the entire basin area or only at the CSP pipe riser locations? In which item is payment for this work included?
	Response	Extends under entire basin area. New bid items are added for this additional work. See revised proposal issued by Addendum 3.

CONTRACTOR QUESTIONS AND RESPONSES

83	Question	The bid quantity for Item 74-24" CSP appears to include the outlet pipe from Basin 4 which is called out in the drawings as RCP since it is under Briggs Road. Please revise.
	Response	Bid item quantity has been updated per addendum No 3.
84	Question	Please confirm that the concrete for the base and apron at the CSP risers in Basins 3 & 4 is paid in Item 84-MINOR CONCRETE (MISCELLANEOUS CONSTRUCTION).
	Response	Yes, this is correct.
85	Question	The specs does not specify for the type of Anti-Graffiti coating to be used. (1) Please advise whether to use a Sacrificial or Non-Sacrificial type of coating, and (2) What specification standards to use as reference for its product type and performance characteristics.
	Response	Anti-Graffiti Coating needs to comply with Section 78 "INCIDENTAL CONSTRUCTION" of the Caltrans Standard Specifications.
86	Question	Spec section 19-7.02A States "Material has been stockpiled in the area between French Valley Creek and SR 79." What is the quantity of material in this stockpile?
	Response	County estimated this to be approximately 35,000 cy. See revised proposal issued by Addendum 3.
87	Question	Please advise as to what work will be paid under bid item 118 Miscellaneous Construction Site BMP's. Please provide an allowance.
	Response	BMP's are distributed into separate Bid items, this bid item 118 removed per Addendum No. 3.
88	Question	Please advise where the G2 and G2-modified inlets (construction note 70, M.M. plan sheets DP-2 and DP-3) will be paid in the bid schedule.
	Response	Bid Items 90 and 117D
89	Question	Due to the unknown conditions of the existing "Yellow House" to be removed from the project site, which includes potential haz mat material & utility abandonment, please consider adding as allowance for the removal of this structure.
	Response	Refer to Specs, Supplemental item of work (Item#8 posted on Transportation website) and bid item No.1. No additional allowance added.
90	Question	Will the contractor be able to add fill material to the bottom of soffit under the proposed bridge structure per the 404 and 408 permit.
	Response	Temporary fill can be placed as long as the area is restored back to original conditions once construction is complete. This project does not require a 408 permit.

 Community of French Valley
 Project No. D1-0054

CONTRACTOR QUESTIONS AND RESPONSES

91	Question	Please clarify if the contractor will be allowed to dewater under the proposed bridge structure per the 404 and 408 permit.
	Response	No, we are not permitted to dewater this area, however, the project can maintain temporary culverts during construction to be restored back to original condition once construction is complete. There is no 408 permit.
92	Question	Are there any know protected species under the proposed bridge structure that will limit the contractor to utilizing conventional bridge construction methods to construct the new bridge structure.
	Response	There are protected species, however, the County mitigated the impacts so it will not limit the contractor from utilizing conventional bridge construction methods.
93	Question	Please clarify if the bridge abutments will require architecture treatment under the soffit as the documents do not provide the finish surface of the abutment stem.
	Response	No, architectural treatment is provided on wingwalls and barriers only, please refer to sheets 101 and 102 for locations.
94	Question	Clarify if the steel casing under the bridge approach slabs require epoxy and/or any special coating.
	Response	Steel casing must follow Caltrans standard B7-10 as shown on sheet 100.
95	Question	Will the project provide an oil index for the hot mix asphalt provide on the project.
	Response	Refer to Section 39, page 91 of Special Provisions and Bid page B15.
96	Question	Please consider increasing the allowable compensation for the Engineer's Office on the Schedule of values. This value is considerable less that what will be required to provide the items outlined in the contract documents.
	Response	Bidders can bid whatever they determine is an appropriate cost. County did not cap the bid amount. The cap amount is for progress payment purposes. Note Special Provision payment provision within section 00-1.09 PROGRESS PAYMENT RESTRICTIONS page 5 paragraph after the two bid schedule lists.
97	Question	Clarify the elevation for top of overex required in the area that has existing fill material. Will this be require to over excavation and recompaction?
	Response	Elevation at top of stockpile is approximately 1361.5 and will require removal and recompaction to be used as fill material for the project.
98	Question	Clarify the areas that will require anti-graffiti coating.
	Response	Refer to sheet 93 for location of anti-graffiti coating.

Clinton Keith Rd Construction Project – Phase 3

 Project No. B2-04723

and; Max Gilliss Blvd and Leon Rd Resurfacing Project
 Max Gilliss Blvd: Leon Rd to Winchester Rd
 Leon Rd: Clinton Keith Rd to Baxter/Jean Nicholas Rd
 Community of French Valley
 Project No. D1-0054

CONTRACTOR QUESTIONS AND RESPONSES

99	Question	In-order to limit unknow risk and additional cost associated with graffiti removal, consider providing an allowance for anti-graffiti removal as this can not be quantified for accurate pricing.
	Response	Please bid based on your best judgement.
100	Question	There is existing k-rail along Briggs Rd and east of Briggs Rd on Los Alamos Rd. Will the Contractor need to salvage and haul to a County yard or will it become the property of the Contractor? What bid item is the removal of this k-rail paid in?
	Response	Existing K-rail will be removed by others. County will coordinate this k-rail removal.
101	Question	Per Sheet G-3 and the geotechnical report there is a 5 foot over excavation for the French Valley Creek Bridge embankment fill. Based on the area shown on Sheet G-3, the quantity for the over excavation would be approximately 13,000 CY. What bid item is the structural over excavation to be paid in?
	Response	Bid items updated by Addendum to include over excavation for French Valley Creek Bridge
102	Question	Does the Contractor need to maintain access on Briggs Rd during construction? With the Clinton Keith Rd plans (970-H) Briggs is closed from Leon Rd to Los Alamos Rd and the red line changes to the Murrieta Marketplace plans (970-I) deleting the driveway to Briggs Rd from Winchester Rd, it appears Briggs can be shut down from both sides.
	Response	Briggs Road will be closed at Leon Road at the start of construction and regrading of the realigned Briggs Road will need to be constructed so that local traffic can be maintained on Briggs Rd to Winchester Rd during construction. The connection of Briggs Rd at Winchester Rd cannot be closed until the final improvements at Porth Road are constructed.
103	Question	Please provide the removal limits for the existing parking lot on the east side of the new Clinton Keith Rd and the access road to the parking lot.
	Response	This project ties into the existing parking lot with a driveway entrance, and project scope is not anticipating to remove the existing parking lot.
104	Question	Please clarify the different work to be included in Bid Items 28 & 29. Is Item 29 only for the concrete slope to be removed on Sheet L-1 and Item 28 for the island removal and any other sidewalk, driveway, curbs, etc. to be removed?
	Response	Bid item 28 is for removal of the raised concrete island along Clinton Keith Road and Leon Road. Bid Item 29 is for removal of the slope protection at the end of Clinton Keith Road.
105	Question	The quantity for Structural Concrete, Bridge on plan sheet 86 of 108 is 2,671 CY, yet the quantity for the same on bid item 57 is 3,378 CY, please clarify which quantity is correct?
	Response	See response in Addendum No. 1
106	Question	Our quantity for Structural Concrete, Contech Culvert Footing is 1,073 CY and your quantity is 1,565 CY, please verify which is correct?
	Response	See response in Addendum No. 1

Clinton Keith Rd Construction Project – Phase 3
 Leon Rd to State Route 79 Including
 French Valley Creek Bridge
 In the City of Murrieta and French Valley Area
 Project No. B2-04723

Max Gilliss Blvd and Leon Rd Resurfacing Project
 Max Gilliss Blvd; Leon Rd to Winchester Rd
 Leon Rd: Clinton Keith Rd to Baxter/Jean Nicholas Rd
 Community of French Valley
 Project No. D1-0054

CONTRACTOR QUESTIONS AND RESPONSES

107	Question	Please provide the location of the temporary pedestrian access route, bid item 129?
	Response	This applies to all pedestrian access locations along Winchester Road, within State R/W.
108	Question	Does the City or County have a possible borrow site for the import required on this project?
	Response	No. Contractor needs to determine borrow site(s).
109	Question	How do we get paid, which bid item(s), for the traffic signal work at Leon Road and for the Resurfacing of Leon Rd/Max Gillis described in the Special Provisions page 32, Order of Work?
	Response	Traffic signal work paid in Bid Item 114
110	Question	Can you provide the limits, thickness, coldplaning, striping etc., for the resurfacing work on Leon Rd/Max Gillis?
	Response	Refer to Addendum 1, Attachment "F", plans for Max Gilliss Blvd and Leon Rd Resurfacing.
111	Question	Refer to Section 86 of the special provisions. It states the construction of the traffic signal intersection of Clinton Keith Rd. and Leon Rd. shall be the first order of work. Please confirm the agency knows and anticipates the signal may not be operational given the long procurement time for the materials required for this scope, in particular the Poles assemblies. Will the agency allow other work to continue while this is being constructed?
	Response	Yes, other work can continue until material is available.
112	Question	Refer to Section 86 of the special provisions. Please clarify the discrepancy. The provision under "additional liquidated damages" is not congruent with the submittals process for the materials as noted in the "submittals" requirement, as noted in the "Issuance of Notice to Proceed" process and other relevant specifications.
	Response	There is no conflict, the section 86 is for traffic signals associated with Clinton Keith Road, however NTP2 is referring to signal modification to install video detection on locations associated with Max Gilliss Blvd and Leon Road Resurfacing. See Addendum 3 for signal locations.
113	Question	Refer to Section 87-1.03B(3)(a) of the special provisions and Note #8 on plan sheet 72 of 72 (as a typical example). Please clarify the type to be used when in conflict.
	Response	Since Caltrans has jurisdiction at this location, Type 1 will be used as specified in Section 87-1.03B(3)(a) of the special provisions.
114	Question	Refer to Section 6-1.02 of the special provisions. Please confirm all materials will be furnished at no cost to the contractor.
	Response	The list of State Furnished Materials in section 6-1.02 apply to traffic Signal on Winchester Road will be no cost to the contractor, but the contractor is responsible for obtaining all of the other signal equipment listed in section 86.

 Project No. B2-04723

and; Max Gilliss Blvd and Leon Rd Resurfacing Project
 Max Gilliss Blvd: Leon Rd to Winchester Rd
 Leon Rd: Clinton Keith Rd to Baxter/Jean Nicholas Rd
 Community of French Valley
 Project No. D1-0054

CONTRACTOR QUESTIONS AND RESPONSES

115	Question	Refer to plan sheet 72 of 72 and Construction Note #1. Please confirm this note is subject to Section 6-1.02 of the special provisions that this material will be furnished by the State to the contractor.
	Response	Yes, see response 114 above
116	Question	Refer to plan sheet 70 and 71. Please confirm which plan sheet is correct as the interconnect to be installed between the both intersections as they reference different types of cables.
	Response	Plan Sheet 71 updated, by Addendum, to reference same interconnect cable as shown on sheet 70
117	Question	Refer to plan sheet 64 of 108. Please confirm the pole types and fixture mounting details.
	Response	Refer to Section 78-3 Solar Lighting in Special Provisions
118	Question	Does the owner (County) have a specific vendor or manufacturer that meets the solar array requirements listed in Section 78-3. If so, please provide the name and contact.
	Response	Contractor to provide vendor.
119	Question	Please confirm the meaning of note #8 on plan sheet 66 of 108. Is 2" the only PVC to be installed?
	Response	2" PVC is not the only size being installed. This note is used unless the plans specify another size. Refer to plans for additional PVC size.
120	Question	In the specifications and contract documents, section 19-2.03C. It is mentioned that "Native soils underlying the proposed pavement section shall have a minimum R-Value of 40. If materials with lower R-values are encountered, material underlying proposed pavement section should be treated or replaced to a depth of 4 feet below the finished grade with material that has an R-value equal to or greater than 40". Please confirm that native soils require testing and excavation, under the proposed paving section where the R-Value is not met.
	Response	Contractor must confirm the native soil under the pavement section has an R-value equal to or greater than 40 before it can be used.
121	Question	Reference Questions 21 and 50 from Addendum 1. You state that the existing stockpile is approx. 35,000 cy and that the excavation will be paid in the Roadway Excavation bid item, however, the quantities for Road Excavation have not changed?
	Response	Bid item 205A added to include roadway excavation (stockpile)
122	Question	Question 1 (Addendum No. 1 Q&R Attachment C) response indicates that the contractor should understand all constraints on the site. Please provide the engineering design constraints necessary to be considered equivalent. Further, the response states the alternate structure cannot introduce new impacts to jurisdictional waters. The 401 indicates the current permit allows for 0.16 acres of impact, which correlates with the footprint of the Contech foundation design. If the alternate meets or exceeds the arch span AND the foundation footprint is equal to or less than the Contech foundation footprint, would this satisfy the impact avoidance criteria?

Clinton Keith Rd Construction Project – Phase 3
 Leon Rd to State Route 79 Including
 French Valley Creek Bridge
 In the City of Murrieta and French Valley Area
 Project No. B2-04723

and; Max Gilliss Blvd and Leon Rd Resurfacing Project
 Max Gilliss Blvd: Leon Rd to Winchester Rd
 Leon Rd: Clinton Keith Rd to Baxter/Jean Nicholas Rd
 Community of French Valley
 Project No. D1-0054

CONTRACTOR QUESTIONS AND RESPONSES

	Response	Impacts to CDFW and USACE, as shown in permit applications cannot be increased, natural bottom needs to be maintained, wingwall at north end must connect with existing structure, height of structure needs to account for profile of CK and pavement structural section, structure must meet AASHTO requirement of 2xP15 trucks (side by side)
123	Question	Reference Question 6 (Addendum No. 1 Q&R Attachment C). It states that there are no water pollution control BMP Items of work present, meaning there are no pay items for the necessary requirements (i.e. Silt Fence, Fiber Roll, Construction Ingress/Egress). Are contractors to include these requirements in the Prepare SWPPP Bid Item (Item 13/132), as there is no other method of payment?
	Response	Yes
124	Question	The Special Provisions have been updated to include the 70 day embankment settlement period. Additionally, the County has added an additional Bid Schedule for the work at Max Gilliss and Leon Road, yet the overall time of completion for all schedules remains unchanged at 360 working days? Please confirm.
	Response	Refer to Addendum No. 2. No change to 360 working days.
125	Question	Reference question 18 of Addendum 1 Q&R Attachment C and Specification Section 51-1.03G(1). The test panels indicate colored concrete, yet there is no reference to color for the retaining walls. Are the retaining walls supposed to be colored concrete?
	Response	The fractured basalt surface is used for all retaining walls, and the color in Section 51-1.03G(1) applies to the fractured basalt surface. All retaining walls will have colored fracture basalt surfacing.
126	Question	Reference Questions 37 and 51 (Addendum No. 1 Q&R Attachment C). The answers state that a new item, Structural Concrete, Drainage Inlet, will be added. Based on the revised proposal, it is still missing.
	Response	It is in Addendum No. 1 as Bid Item 117D
127	Question	Reference Question 17. The bid item description for item 65 is fractured rib texture, which is indicated on the bridge plans. The retaining walls will receive fractured basalt texture, per the answer to this question and Addendum 1. Please confirm that the basalt texture on the retaining walls is paid in Bid Item 65.
	Response	Bid items will be divided into two separate pay items. Addendum No. 3
128	Question	What is the height of the Wrought Iron Fence (Item #96)? Also, please provide detailed drawing for the Wrought Iron Fence.
	Response	Wrought iron fence needs to match existing wrought iron fencing being removed. Detail will not be provided.
129	Question	There are two Chain Link Gates (24' DBL & 34 DBL) at Detention Basin. Under which item will this be paid for?
	Response	Chain link gate is paid for in Bid item 98

 Project No. D1-0054

CONTRACTOR QUESTIONS AND RESPONSES

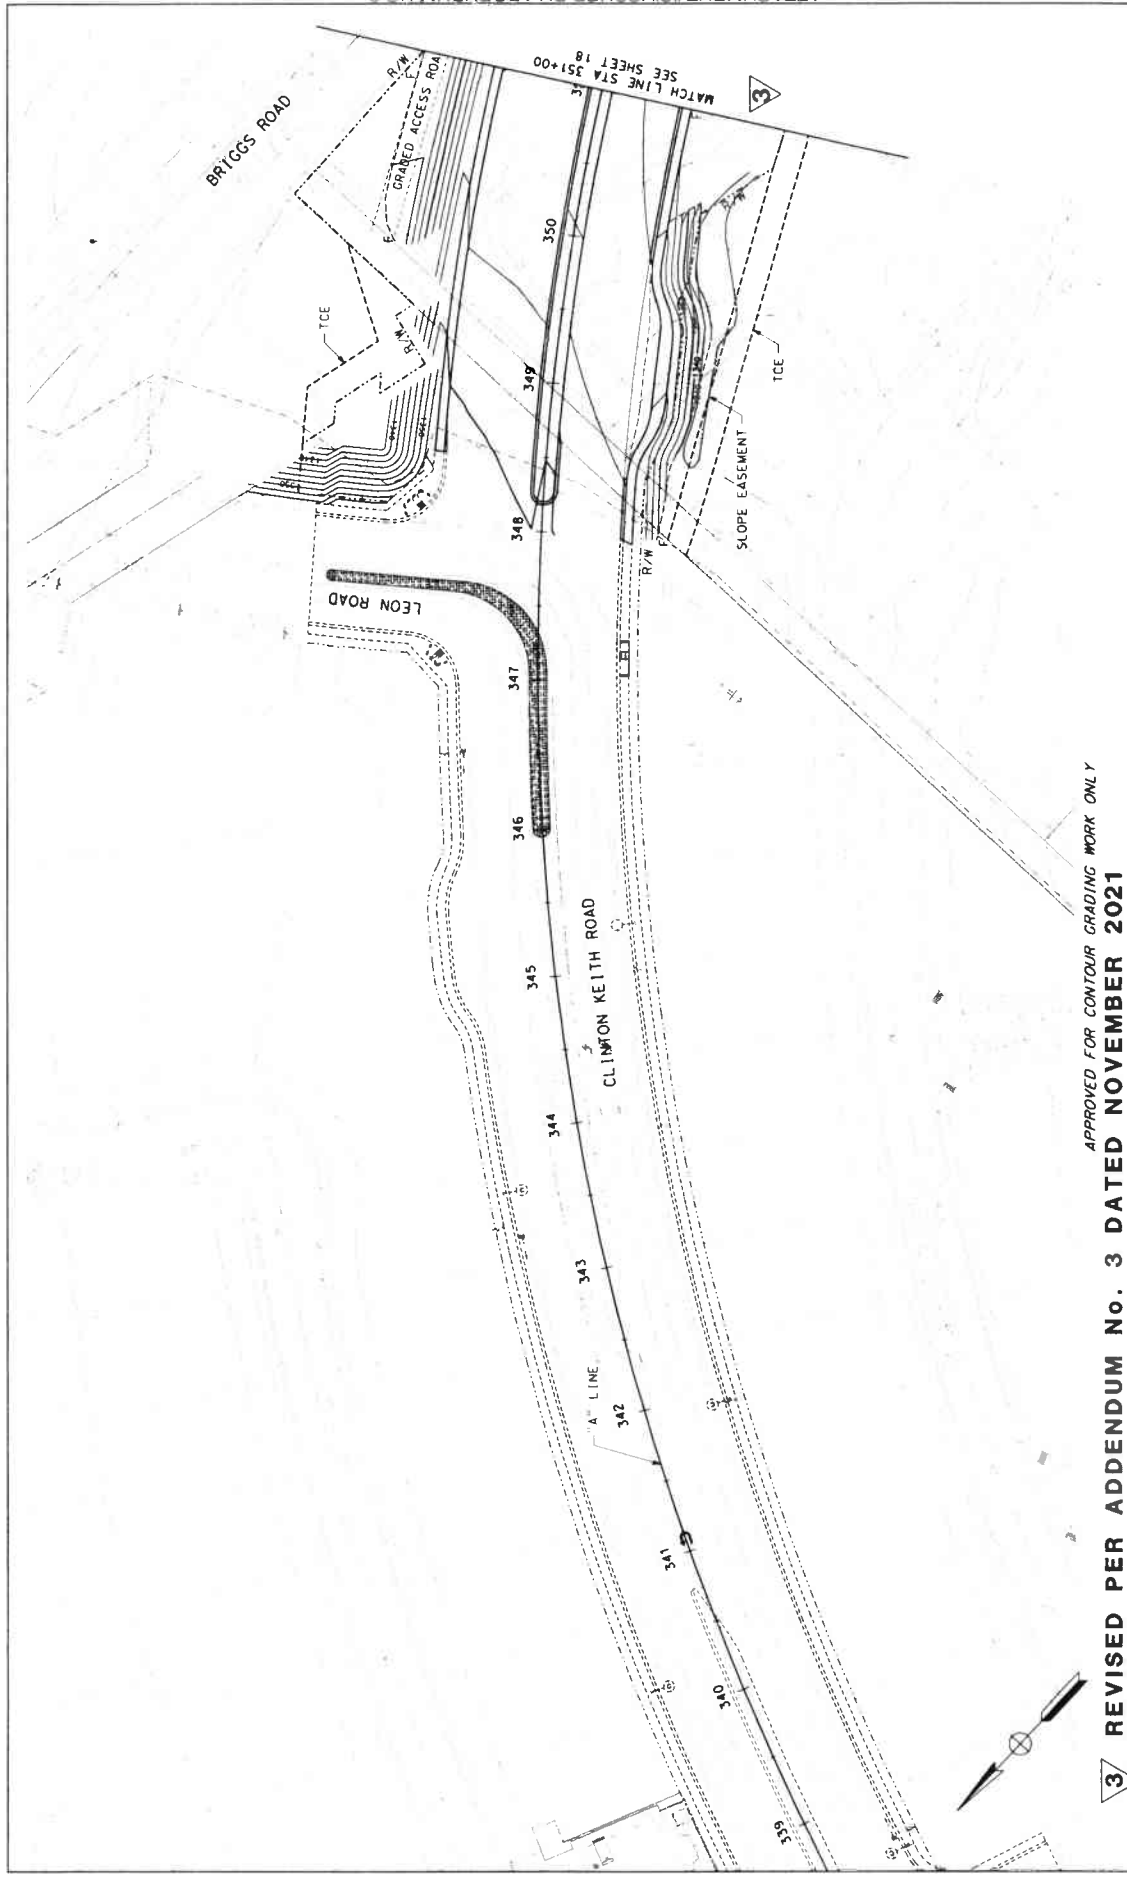

130	Question	In reference to Q&A #21 and #50 from Addendum No. 1, the existing stockpile of approximately 35,000 CY is to be paid as Roadway Excavation. It does not appear that the quantity was taken into account as the total quantity for Items 32 & 160 only adds up to 3,410 CY. Since the stockpile is within the Murrieta Marketplace plans, please adjust the final pay quantity for Item 160 accordingly.
	Response	Bid item added, by Addendum No. 3, to include roadway excavation (stockpile)
131	Question	For Bid Schedule 3, Item 213 – Roadway Excavation is a final pay item. Please confirm that the localized excavation of AC and removals for minor concrete improvements are included in this bid item. If so, due to the possible increase or decrease in quantity of the localized removals, please remove the final pay designation from this item.
	Response	Roadway excavation does not cover the curbs and gutters, that work is covered by the minor concrete item. Fix Final has removed by Addendum No. 3.
132	Question	Please remove the “Like Bid Item” designations for the Items in Bid Schedule 3 that are tied with Bid Schedules 1 & 2 as the scope of the work is significantly different and will be completed in a separate Stage due to the NTP’s.
	Response	See revised Proposal issued by Addendum No. 3. Like bid items for schedule 1 and 2 are separated from Schedule 3. The Base Bid schedule 3 and Alternate Bid schedule will have their own like bid items. Refer to addendum 3 for further clarification.
133	Question	Refer to Addendum 1 in Attachment ‘F’ within plan sheet 15 of 15. Please confirm bid item payment for the work shown.
	Response	Refer to Addendum 3 for clarification.
134	Question	Refer to bid item 230. Please confirm the plan sheet where this work is shown.
	Response	Refer to plans attachment “F” issued by Addendum No. 1.
135	Question	Could you please provide plans/ information regarding location for Alternative Bid - Bid Item 232 Rubberized Hot Mix Asphalt (Gap Graded) 495 TON and Bid Item 233 Cold Plane Asphalt Concrete Pavement 3,740 SY.
	Response	Work related to Max Gilliss: These are on the separate plan sheet issued by addendum 1. Refer to Attachment “F” issued by Addendum 1.
136	Question	What are the Traffic Signal Locations associated with Max Gilliss and Leon Rd Resurfacing project
	Response	1).Leon Rd and Baxter Rd/Jean Nicholas Rd; 2). Leon Rd and Penny Cress Ln 3). Leon Rd and Lantana Way/Bush Clover Wy; 4). Leon Rd and Briggs Way/Max Gilliss Blvd And bid item 229
137	Question	Reference Responses to Contractor Questions #12, #37 and #51: Addendum 1 added item 117D which will cover the drop inlets in the Clinton Keith plan set however, there is still no item in Bid Schedule 2 to pay for the drop inlets shown on sheet D-4 in the Murrieta Marketplace plans. Please advise
	Response	Structural concrete, drainage inlet included with Addendum 3

Clinton Keith Rd Construction Project – Phase 3
 Leon Rd to State Route 79 Including
 French Valley Creek Bridge
 In the City of Murrieta and French Valley Area
 Project No. B2-04723

and; Max Gilliss Blvd and Leon Rd Resurfacing Project
 Max Gilliss Blvd: Leon Rd to Winchester Rd
 Leon Rd: Clinton Keith Rd to Baxter/Jean Nicholas Rd
 Community of French Valley
 Project No. D1-0054

CONTRACTOR QUESTIONS AND RESPONSES

138	Question	Please confirm that bid items 91 and 205 are meant to cover the bar reinforcing steel for the headwalls per Section 52 and there is not any structural steel per Section 55 required
	Response	Headwall paid through structural concrete only, a separate bid item for structural steel, headwall has been removed.
139	Question	Reference Question #18 (Addendum No 1 Q&R Attachment C), there is still a discrepancy between the description for Bid Item 66 and the bridge plans. Plans reference Standard Detail B6-21 which is a Type B Joint Seal not a Joint Seal Assembly as called out in the item list. Please clarify
	Response	Bid item number is correct, the word "Assembly" removed by Addendum No. 3.
140	Question	Response #25 indicates that the quantity for Fractured Basalt Texture as now shown on the retaining walls would be given a new bid item broken out from Bid Item 65. This revision has not been done. Please advise.
	Response	This is included in Addendum 3
141	Question	Response #25 indicates that Fractured Basalt Texture would be given a new bid item broken out from Bid Item 65. This revision has not been done. Please advise
	Response	This is included in Addendum 3
142	Question	Do all three colors mentioned in the specification pertain to the Basalt Texture?
	Response	Yes
143	Question	Are these colors to be paint, stain, or integrally colored in the readymix concrete?
	Response	Integrally colored concrete
144	Question	Where Fractured Basalt Texture work paid?
	Response	See Revised proposal issued by Addendum 3
145	Question	Please provide clarification on Builder's Risk (Course of Construction) insurance requirements listed under 00-01.07 Additional Insurance Requirements, Course of Construction Insurance. 1. Earthquake Coverage is required- Please confirm that this project is subject to California code 7105 limiting damage proximately caused by an act of God to 5% of the Contract Amount.
	Response	Section 00-1.07 Additional Insurance Requirements, Course of Construction Insurance specify all the requirements of the provision. Course of construction shall cover full project cost. the provision. Course of construction shall cover full project cost. California code 7105 does not apply on Course of Construction Insurance.
146	Question	Please provide clarification on Builder's Risk (Course of Construction) insurance requirements listed under 00-01.07 Additional Insurance Requirements, Course of Construction Insurance. 2. Business Interruption coverage is required. Please advise exposure and loss of income limit required in order to obtain quotation for coverage.
	Response	Please bid the project per contract documents provided.

2	S 14°45'41" W	--	260.17'	--	2x37.5" X9" ARCH

BIORETENTION/BIOFILTRATION BMPs CONSTRUCTION NOTES:

1. THE ENGINEER SHALL FURNISH TO THE COUNTY A COPY OF THE SOURCE TESTING AND A SIGNED CERTIFICATION THAT THE FULLY BLENDED BIORETENTION/BIOFILTRATION SOIL MEDIA (BSM) MATERIAL MEETS ALL OF THE WOMP REQUIREMENTS BEFORE MATERIAL IS IMPORTED OR IF THE MATERIAL IS MIXED ONSITE PRIOR TO INSTALLATION.
2. AS BSM MATERIAL IS BEING INSTALLED, QUALITY ASSURANCE (QA) TESTS SHALL BE CONDUCTED ON EVERY 1,200 TONS OR 800 CUBIC YARDS OF FILL FROM A MINIMUM OF THREE SITES. THE TESTS SHALL BE CONDUCTED BY A QUALITY CONTROL PROGRAM THE FOR IMPORTED MATERIAL FROM THE SUPPLIER WITH A QUALITY CONTROL PROGRAM THE QA TESTS SHALL BE CONDUCTED 2,400 TONS OR 1,600 CUBIC YARDS FROM THE SUPPLIER.
3. THE ENGINEER CONDUCTING THE QUALITY CONTROL TESTING SHALL FURNISH TO THE COUNTY A COPY OF THE QA TESTING AND A CERTIFICATION THAT THE BSM FOR THE PROJECT MEETS ALL OF THE FOLLOWING REQUIREMENTS. CERTIFIED MITIGATION PLANS CAN BE USED FOR EXCEEDANCES, AS LONG AS ALL REQUIREMENTS ARE DESIGNED TO MEET.
 - a. BSM SHALL NOT BE COMPACTED. BSM SHALL CONSIST OF 60-BOX CLEAN SAND, UP TO 20% CLEAN TOPSOIL, AND 20% OF A NUTRIENT-STABILIZED ORGANIC AMENDMENT. THE INITIAL INFILTRATION RATE SHALL BE GREATER THAN 6 INCHES PER HOUR PER LABORATORY TEST.
 - b. PH: 6.0 - 8.5; SALINITY: 0.5 TO 3.0 mmho/cm AS ELECTRICAL CONDUCTIVITY; SODIUM ABSORPTION RATIO: < 6.0; CHLORIDE: < 800 ppm IN SATURATED EXTRACT; CATION EXCHANGE CAPACITY (CEC): > 10 meq/100 g; ORGANIC MATTER: 2 TO 5-PERCENT ON A DRY WEIGHT BASIS; CARBON NITROGEN RATIO: 12 TO 40, PREFERABLY 15 TO 40; GRAVEL LARGER THAN 2mm: 0 TO 25-PERCENT OF THE TOTAL SAMPLE; CLAY SMALLER THAN 0.005mm: 0 TO 5 PERCENT OF THE NON-GRAVEL FRACTION.
 - c. BSM SHALL BE TESTED TO LIMIT THE LEACHING OF POTENTIAL INHERENT POLLUTANTS USING 100% DISSOLVABLE NUTRIENT AND HEAVY METAL LIMITS FOR NITRATE < 3 mg/L; COPPER < 0.025 mg/L; THESE POLLUTANT LIMITS ARE FOR THE AMOUNT THAT IS LEACHED FROM THE SAMPLE, NOT FROM THE SOIL SAMPLE ITSELF. TESTING MAY BE PERFORMED AFTER LABORATORY RINSING OF MEDIA WITH UP TO 15 PORE VOLUMES OF WATER. EQUIVALENT TEST RESULTS WILL BE ACCEPTED IF CERTIFIED BY A LABORATORY OR APPROPRIATE TESTING FACILITY.
 - d. LOW NUTRIENT COMPOST USED IN BSM SHALL BE SOURCED FROM A FACILITY PERMITTED THROUGH COMPOSTING, PREFERABLY THROUGH USCC STA PROGRAM. COMPOST SHALL CONFORM TO THE FOLLOWING REQUIREMENTS: PHYSICAL CONTAMINANTS < 12.8 mg/kg; HEAVY METAL TOXICITY INDEX: 1.5 TO 5.0; CO2 EVOLUTION: < 2.5 mg CO2-C PER COMPOST ORGANIC MATTER PER DAY, OR < 5 mg CO2-C PER G COMPOST, C PER DAY; SELECT PATHOGENS AND TRACE METALS SHALL PASS US EPA CLASS A STANDARD. TESTING SHALL BE NO MORE THAN 6 MONTHS OLD AND REPRESENTATIVE OF CURRENT STOCKPILES.
 - e. COCONUT COIR PITH USED IN BSM SHALL BE THOROUGHLY RINSED WITH FRESHWATER AND SCREENED TO REMOVE COARSE FIBERS AS PART OF PRODUCTION AND AGED > 6 MONTHS. PEAT USED IN BSM SHALL BE SPHAGNUM PEAT.

839	Eastern Municipal Water District (EMWD)		21,000
Totals		35,623,000	37,939,000

Comments

Environmental Estimate includes \$2,998,000 in environmental on-and-offsite mitigation & monitoring, including estimated funds to complete the Warm Springs Creek Integrated Mitigation Project (IMP), and an endowment to the RCA/CDFW for perpetual habitat maintenance and monitoring. The endowment cost is estimated to be \$400,000. A \$500,000 contingency is included to account for unknown mitigation and endowment costs.

Habitat restoration planting and maintenance will be bid under a separate contract near the end of construction. Current cost estimate is \$135,445 (\$100,330 construction + \$35,115 in administration and inspection).

\$1,140,000 in projected ROW costs are based on settlement amounts and projected admin/OVH.

Attachment A is a combination of both the B2-04723 Clinton Keith Road - Phase 3 Extension Project and the D1-0054 Max Gilliss Boulevard and Leon Road Resurfacing Project.

Original Proposal
w/ copy of Bond

Bid

Date: NOVEMBER 5, 2021

To: County of Riverside, hereafter called "County";

Bidder: SECURITY PAVING COMPANY, INC.
(hereafter called "Contractor")

The undersigned, Contractor, having carefully examined the site and the Contract Documents for the construction of Clinton Keith Road Construction Project-Phase 3, Leon Road to State Route 79 Including French Valley Creek Bridge, In the City of Murrieta and French Valley Area, Project No. B2-04723 hereby proposes to construct the work in accordance with the Contract Documents, including Addenda Number(s) 1, 2, 3 (Fill in addenda numbers if addenda have been issued.) for the amount stated in this Bid.

By submitting this Bid, Contractor agrees with County:

1. That unless withdrawn in person by Contractor or some person authorized in writing by Contractor (not by telephone or facsimile) before the time specified in the Notice Inviting Bids for the public opening of bids, this Bid constitutes an irrevocable offer for 90 calendar days after that date.
2. County has the right to reject any or all Bids and to waive any irregularities or informalities contained in a Bid.
3. To execute the Contract and deliver the Performance Bond, Payment Bond and Insurance Certificate with endorsements, that comply with the requirements set forth in the Instruction to Bidders and General Conditions, within ten (10) business days of the date of the Notice of Acceptance of Bid and Intent to Award as issued by the County.
4. That the contract shall be awarded upon a resolution or minute order to that effect duly adopted by the governing body of County; and that execution of the Contract shall constitute a written memorial thereof.
5. To submit to the County such information as County may require determining whether a particular Bid is the lowest responsible bid submitted.
6. That the accompanying Bid Bond, certified check or cashier's check is in an amount not less than 10% of the total bid submitted and constitutes a guarantee that if awarded the contract, Contractor will execute the Contract and deliver the required bonds within ten (10) business days after notice of award. If Contractor fails to execute and deliver said documents, the bond or check is to be charged with the costs of the resultant damages to the County, including but not limited to: publication costs, the difference in money between the amount bid and the amount in excess of the bid which it costs County to do or cause to be done for the work involved, lease and rental costs, additional salaries and overhead, increased interest and costs of funding the project, attorney expense, additional engineering and architectural expense and cost of maintaining or constructing alternate facilities occasioned by the failure to execute and deliver said documents.
7. By signing this Bid the Contractor certifies that the representations made therein are made under penalty of perjury.

Non-Collusion Declaration

To be executed by bidder and submitted with bid.
(Title 23 United States Code Section 112 and Public Contract Code Section 7106)

The undersigned declares:

I am the VICE PRESIDENT (Title) of SECURITY PAVING COMPANY, INC. (Company),
the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or that anyone shall refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder.

All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price of any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

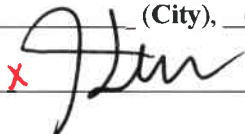

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the applicable laws that the foregoing is true and correct and that this declaration is executed on

NOVEMBER (Month) 3RD (Day) of 2021 (Year),

at WESTLAKE VILLAGE (City), CALIFORNIA (State).

Iran Contracting Act
(Public Contract Code sections 2200-2208)

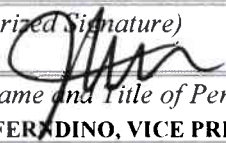

Prior to bidding on, submitting a proposal or executing a contract or renewal for a County of Riverside contract for goods or services of **\$1,000,000 or more**, a Contractor must either:

- a) Certify it is not on the current list of persons engaged in investment activities in Iran created by the California Department of General Services ("DGS") pursuant to Public Contract Code section 2203(b) and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS; or
- b) Demonstrate it has been exempted from the certification requirement for that solicitation or contract pursuant to Public Contract Code section 2203(c) or (d).

To comply with this requirement, please insert your Contractor or financial institution name and Federal ID Number (if available) and complete one of the options below. Please note: California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts. (Public Contract Code section 2205.)

Option #1 – Certification

I, the official named below, certify I am duly authorized to execute this certification on behalf of the vendor/financial institution identified below, and the vendor/financial institution identified below is **not** on the current list of persons engaged in investment activities in Iran created by DGS and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person/vendor, for 45 days or more, if that other person/vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS.

Arch Culvert Structure Substitution

**Clinton Keith Road Construction Project - Phase 3
Leon Road to State Route 79 Including French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723**

To inform the County of Riverside whether your company intends to submit an Arch Culvert Structure substitution request for the Contech Con/Span® O-Series® Arch Culvert Structure as specified in the project plans and Special Provisions Section 51-1.01A "Concrete Arch Culvert (Contech Design or Equal)" completely fill in, date, sign, and submit this form with the Bid documents.

By marking "yes" and by signing and submitting this form, our company intends to propose a substitute for the Arch Culvert Structure in accordance with the project hydraulic requirements, design data, plans, and specifications. We acknowledge and agree that a full set of design plans and specifications stamped and signed by a qualified professional civil engineer registered in the State of California will be submitted to County for review within twenty-one (21) Calendar days of the Contract award.

We acknowledge and agree that County, in its sole discretion, will determine the acceptability of the proposed substitution. We acknowledge and agree that County's decision shall be final. If the proposed substitution is not accepted, we acknowledge and agree that the Contech Con/Span® O-Series® Arch Culvert Structure specified in the project plans and Special Provisions will be constructed.

Bid Bond

Recitals:

1. Security Paving Company, Inc. "Contractor", has submitted his/her Contractor's Proposal to County of Riverside, "County", for the construction of public work for Clinton Keith Road Construction Project-Phase 3, Leon Road to State Route 79 Including French Valley Creek Bridge, In the City of Murrieta and French Valley Area, Project No. B2-04723; and Max Gilliss Blvd and Leon Road Resurfacing Project, Max Gilliss Blvd: Leon Road to Winchester Road, Leon Road: Clinton Keith Road to Baxter/Jean Nicholas Road, Community of French Valley, Project No. D1-0054; Bid Date: November 10, 2021 in accordance with a Notice Inviting Bids from the County.
2. Western Surety Company a South Dakota corporation, hereafter called "Surety", is the surety of this bond.

Agreement:

We, Contractor as Principal and Surety as Surety, jointly and severally agree and state as follows:

1. The amount of the obligation of this bond is 10% of the amount of the Contractor's Proposal, including bid alternates, and inures to the benefit of County.
2. This Bond is exonerated by (1) County rejecting said Proposal or, in the alternate, (2) if said Proposal is accepted, Contractor executes the Contract and furnishes the Bonds as agreed to in its Proposal, otherwise it remains in full force and effect for the recovery of loss, damage and expense of County resulting from failure of Contractor to act as agreed to in its Proposal. Some types of possible loss, damage and expense are specified in the Contractor's Proposal.
3. Surety, for value received, stipulates and agrees that its obligations hereunder shall in no way be impaired or affected by any extension of time within which County may accept the Proposal and waives notice of any such extension.
4. This Bond is binding on our heirs, executors, administrators, successors and assigns.

INSTRUCTIONS FOR COMPLETING THIS FORM

This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknowledgments from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary law.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. he/she/they, is /are) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
 - ❖ Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
 - ❖ Indicate title or type of attached document, number of pages and date.
 - ❖ Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document with a staple.

County of Minnehaha } ss

On this 21st day of June, 2021, before me personally came Paul T. Bruffat, to me known, who, being by me duly sworn, did depose and say: that he resides in the City of Sioux Falls, State of South Dakota, that he is the Vice President of WESTERN SURETY COMPANY described in and which executed the above instrument, that he knows the seal of said corporation, that the seal affixed to the said instrument is such corporate seal; that it was so affixed pursuant to authority given by the Board of Directors of said corporation and that he signed his name thereto pursuant to like authority, and acknowledges same to be the act and deed of said corporation

My commission expires

March 2, 2026

M. Bent

M. Bent, Notary Public

CERTIFICATE

I, L. Nelson, Assistant Secretary of WESTERN SURETY COMPANY do hereby certify that the Power of Attorney hereinabove set forth is still in force, and further certify that the By-Law of the corporation printed on the reverse hereof is still in force. In testimony whereof I have hereunto subscribed my name and affixed the seal of the said corporation this 3rd day of November, 2021.

WESTERN SURETY COMPANY

L. Nelson

L. Nelson, Assistant Secretary

Go to www.wnsurety.com > Owner / Oblige Services > Validate Bond Coverage, if you want to verify bond authenticity.

Authorizing By-Law

ADOPTED BY THE SHAREHOLDERS OF WESTERN SURETY COMPANY

This Power of Attorney is made and executed pursuant to and by authority of the following By-Law duly adopted by the shareholders of the Company.

Section 7. All bonds, policies, undertakings, Powers of Attorney, or other obligations of the corporation shall be executed in the corporate name of the Company by the President, Secretary, and Assistant Secretary, Treasurer, or any Vice President, or by such other officers as the Board of Directors may authorize. The President, any Vice President, Secretary, any Assistant Secretary, or the Treasurer may appoint Attorneys in Fact or agents who shall have authority to issue bonds, policies, or undertakings in the name of the Company. The corporate seal is not necessary for the validity of any bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation. The signature of any such officer and the corporate seal may be printed by facsimile.

ADDENDUM NUMBER 1

Dated October 28, 2021

to the
Specifications and Contract Documents
for the construction of

Clinton Keith Road Construction Project – Phase 3
Leon Road to State Route 79 Including French Valley Creek Bridge
In the City of Murrieta and French Valley Area
Project No. B2-04723

Bids Due: (Revised)
Wednesday, November 10, 2021; 2:00 p.m.
14th Street Transportation Annex
3525 14th Street; Riverside, CA 92501
(951) 955-6780

This Addendum is issued pursuant to the Instructions to Bidders, Item No. 8, of the Contract Documents for the reference project. This Addendum is issued as a supplement to the specification and special provisions for the referenced project. The revisions to the specifications shall become a part of the Contract Documents, and each bidder shall acknowledge receipt thereof on the Bid (Proposal). Bidders are directed to sign this addendum as acknowledged and attach the signed addendum to the contractor's submitted proposal.

Note: During the advertisement period of this project, this document and attachments (if any) are available upon request at the office of the Transportation Department, and are available as a free download at the Transportation Department's website:

<http://rctlma.org/trans/Contractors-Corner/Notices-Inviting-Bids>

MODIFICATIONS / CLARIFICATIONS TO SPECIAL PROVISIONS:

item 1: The new designated date and time for the receipt and opening of bids is revised as follows:

Wednesday, November 10, 2021; 2:00 p.m.
14th Street Transportation Annex
3525 14th Street; Riverside, CA 92501
(951) 955-6780

Item 2: **General Conditions, Brand or Trade Name – Substitute of Equals**
Refer to section 22, "Brand or Trade Name – Substitute of Equals," on pages GC23 and GC24 of the General Conditions.

Delete the 5th paragraph of section 22, "Brand or Trade Name – Substitute of Equals," on pages GC23 and GC24 of the General Conditions, and replace it with the following paragraph:

Recommended by:

Contract

THIS CONTRACT is entered into at Riverside, California as of the date set forth below is between County of Riverside hereafter called "County" and **Security Paving Company, Inc.**, hereafter called "Contractor".

W I T N E S S E T H

Recitals:

1. Contractor has submitted to County his Contractor's Proposal for the construction of County Project, **Clinton Keith Road Construction Project-Phase 3, Leon Road to State Route 79 Including French Valley Creek Bridge, In the City of Murrieta and French Valley Area, Project No. B2-04723; and Max Gilliss Blvd and Leon Road Resurfacing Project, Max Gilliss Blvd: Leon Road to Winchester Road, Leon Road: Clinton Keith Road to Baxter/Jean Nicholas Road, Community of French Valley, Project No. D1-0054**, in strict accordance with the Contract Documents identified below and County has accepted said Proposal.
2. Contractor states that he has reexamined his Contractor's Proposal and found it to be correct, has ascertained that his subcontractors are properly licensed and possess the requisite skill and forces, has reexamined the site and Contract Documents and is of the opinion that he can presently do the work in accordance with the Contract Documents for the money set forth in his Proposal to be paid as provided in the Contract Documents.

Agreement:

It is agreed by the parties as follows:

1. Contract Documents

The entire Contract consists of the following: (a) The Construction Contract, (b) The Notice to Bidders, (c) The Instruction to Bidders, (d) The Bid, (e) The Bid Bond, (f) The Payment Bond, (g) The Performance Bond, (h) The General Conditions, (i) The Special Provisions, (j) The Standard Specifications of the State of California Department of Transportation edition of 2018 as modified in other portions of the Contract Documents and as amended by the State of California Department of Transportation, (k) The Standard Plans of the Department of Transportation identified on the plans or in the Special Provisions, (l) The Plans, (m) Addenda (Three), (n) The Determination of Prevailing Wage Rates for Public Works, (o) Any Change Orders issued, and (p) Any additional or supplemental specifications, notice, instructions and drawings issued in accordance with the provisions of the Contract Documents. All of said Documents presently in existence are by this reference incorporated herein with like effect as if here set forth in full and upon the proper issuance of other documents they shall likewise be deemed incorporated. The Bid Bond is exonerated upon execution of this Contract and the Payment Bond and Performance Bond.

2. The Work

Contractor shall do all tasks necessary to construct the work generally described in Recital No. 1 in accordance with the Contract Documents.

3. Prosecution, Progress and Liquidated Damages

Attention is directed to the provisions in Section 8-1.04, "Start of Job Site Activities", Section 8-1.05, "Time", and in Section 8-1.10 "Liquidated Damages" of the Standard Specifications and these Special Provisions.

Standard Specification Section 8-1.04B, "Standard Start" is modified to read as follows:

The Contractor shall begin work within fifteen (15) calendar days, or as revised in the Special Provisions, of the date stated within the written "Notice to Proceed".

The Contractor shall notify the Engineer, in writing, of the Contractor's intent to begin work at least 72 hours before work is begun. If the project has more than one (1) location of work, Contractor shall submit a separate notice for each location. The notice shall be delivered to the Transportation Department's Construction Engineer and shall specify the date the Contractor intends to start at said location.

Should the Contractor begin work in advance of receiving a written "Notice to Proceed", any work performed by the Contractor in advance of the date stated in the "Notice to Proceed" shall be considered as having been done by the Contractor at his own risk and as a volunteer and subject to the following:

- A. The Contractor shall, on commencing operations, take all precautions required for public safety and shall observe all the provisions in the Specifications and the Special Provisions.
- B. All work done according to the Contract, prior to the issuance of the "Notice to Proceed", will be considered authorized work and will be paid for as provided in the contract.
- C. The Contractor shall not be entitled to any additional compensation or an extension of time for any delay, hindrance or interference caused by or attributable to commencement of work prior to the issuance of the "Notice to Proceed".

4. Compensation

Contractor shall be paid in the manner set forth in the Contract Documents the amount of his Proposal as accepted by County, the above rates, subject to additions and deductions as provided in the Contract Documents. Said Proposal is on file in the Office of the Clerk of the Board of Supervisors of County.

ACTION BY UNANIMOUS WRITTEN CONSENT
OF THE BOARD OF DIRECTORS OF
SECURITY PAVING COMPANY, INC.

ANNUAL MEETING

This Action by Unanimous Written Consent of the Board of Directors of Security Paving Company, Inc., a California corporation (the "Corporation"), is adopted by the undersigned, constituting all of the directors of the Corporation as of February 1, 2021, and is effective as of the 1st day of February 2021.

WHEREAS, pursuant to the California Corporations Code and the Bylaws of the Corporation, it is deemed desirable and in the best interests of the Corporation that the following actions be taken at the annual meeting of the Board of Directors scheduled for February 1, 2021 pursuant to this unanimous written consent.

NOW, THEREFORE, BE IT RESOLVED as follows:

RESOLVED, that the President/CEO offer a position to, and enter into an agreement with, James H. Roberts to serve as a non-executive, independent member of the Board to fill the currently vacant director position.

RESOLVED, that the following persons are hereby elected to serve as Officers of the Corporation for the ensuing year or until their successors shall be duly elected and qualified:

Michael L. Mattivi – President/CEO
Joseph J. Ferndino – Vice President
Anthony J. Mattivi – Vice President
David S. Corsello – CFO/Treasurer
Robert H. Shaffer -- Secretary

RESOLVED, that the services of all of the Officers are vital to the continuing progress and growth of the Corporation; that the salaries paid to the Officers shall remain in effect until the next annual meeting of this Board, or as this Board may from time to time determine; and that the salaries paid to the Officers of this Corporation are comparable to the pay similar jobs would yield in the current job market.

RESOLVED, that the Officers of the Corporation are hereby authorized to do and perform any and all acts, as such Officers shall deem necessary or advisable, to carry out the business of the Corporation. Michael L. Mattivi as President/CEO, Joseph J. Ferndino as Vice President, and David S. Corsello as CFO/Treasurer are authorized, individually, to execute any and all documents, contracts, agreements, and certificates on behalf of the Corporation.

RESOLVED FURTHER, that all of the acts of the Officers and Directors of the Corporation taken on behalf of the Corporation during the preceding year be and they hereby are in all respects ratified and confirmed, with the same effect as though set forth in detail in formal minutes of meetings of the Shareholders and Directors.

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the undersigned, constituting all of the directors of the Corporation, have consented to, approved, and adopted this Action by Written Consent effective as of the date first above written. This Action by Written Consent shall be filed in the Minute Book of the Corporation and become a part of the records of the Corporation.

Michael L. Mattivi - Director

Performance Bond

Recitals:

1. **Security Paving Company, Inc.** (Contractor) has entered into a Contract with COUNTY OF RIVERSIDE (County) for construction of public work known as **Clinton Keith Road Construction Project-Phase 3, Leon Road to State Route 79 Including French Valley Creek Bridge, In the City of Murrieta and French Valley Area, Project No. B2-04723; and, Max Gilliss Blvd and Leon Road Resurfacing Project, Max Gilliss Blvd: Leon Road to Winchester Road, Leon Road: Clinton Keith Road to Baxter/Jean Nicholas Road, Community of French Valley, Project No. D1-0054.**
Western Surety Company, a South Dakota corporation (Surety) AND
2. **Berkshire Hathaway Specialty Insurance Company, a** Nebraska corporation (Surety), are the Sureties under this Bond.

Agreement:

We, Contractor as Principal and Sureties as Surety, jointly and severally agree, state, and are bound unto County, as obligee, as follows:

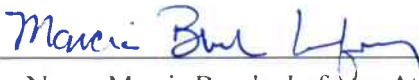

1. The amount of the obligation of this Bond is 100% of the estimated contract price for the Project of **\$23,659,633.76 (Twenty-three million, six hundred fifty-nine thousand, six hundred thirty-three dollars and seventy-six cents)** and inures to the benefit of County.
2. This Bond is exonerated by Contractor doing all things to be kept and performed by it in strict conformance with the Contract Documents for this project, otherwise it remains in full force and effect for the recovery of loss, damage and expense of County resulting from failure of Contractor to so act. All of said Contract Documents are incorporated herein.
3. This obligation is binding on our successors and assigns.
4. For value received, Surety stipulates and agrees that no change, time extension, prepayment to Contractor, alteration or addition to the terms and requirements of the Contract Documents or the work to be performed thereunder shall affect its obligations hereunder and waives notice as to such matters, except the total contract price cannot be increased by more than 10% without approval of Surety.

THIS BOND is executed as of November 18, 2021

INSTRUCTIONS FOR COMPLETING THIS FORM

This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknowledgments from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary law.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. he/she/~~they~~, is /are) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
 - ❖ Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
 - ❖ Indicate title or type of attached document, number of pages and date.
 - ❖ Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document with a staple.

Western Surety Company

POWER OF ATTORNEY APPOINTING INDIVIDUAL ATTORNEY-IN-FACT

Know All Men By These Presents, That WESTERN SURETY COMPANY, a South Dakota corporation, is a duly organized and existing corporation having its principal office in the City of Sioux Falls, and State of South Dakota, and that it does by virtue of the signature and seal herein affixed hereby make, constitute and appoint

Marcia Brooke Lafrenz, Larry Dale Cogdill, Michael W Thomas, Audrey Rodriguez, Individually

of San Diego, CA, its true and lawful Attorney(s)-in-Fact with full power and authority hereby conferred to sign, seal and execute for and on its behalf bonds, undertakings and other obligatory instruments of similar nature

- In Unlimited Amounts -

and to bind it thereby as fully and to the same extent as if such instruments were signed by a duly authorized officer of the corporation and all the acts of said Attorney, pursuant to the authority hereby given, are hereby ratified and confirmed.

This Power of Attorney is made and executed pursuant to and by authority of the By-Law printed on the reverse hereof, duly adopted, as indicated, by the shareholders of the corporation.

In Witness Whereof, WESTERN SURETY COMPANY has caused these presents to be signed by its Vice President and its corporate seal to be hereto affixed on this 21st day of June, 2021.

WESTERN SURETY COMPANY

Paul T. Bruflat

Paul T. Bruflat, Vice President

State of South Dakota }
County of Minnehaha } ss

On this 21st day of June, 2021, before me personally came Paul T. Bruflat, to me known, who, being by me duly sworn, did depose and say: that he resides in the City of Sioux Falls, State of South Dakota; that he is the Vice President of WESTERN SURETY COMPANY described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to the said instrument is such corporate seal; that it was so affixed pursuant to authority given by the Board of Directors of said corporation and that he signed his name thereto pursuant to like authority, and acknowledges same to be the act and deed of said corporation.

My commission expires

Authorizing By-Law

ADOPTED BY THE SHAREHOLDERS OF WESTERN SURETY COMPANY

This Power of Attorney is made and executed pursuant to and by authority of the following By-Law duly adopted by the shareholders of the Company.

Section 7. All bonds, policies, undertakings, Powers of Attorney, or other obligations of the corporation shall be executed in the corporate name of the Company by the President, Secretary, and Assistant Secretary, Treasurer, or any Vice President, or by such other officers as the Board of Directors may authorize. The President, any Vice President, Secretary, any Assistant Secretary, or the Treasurer may appoint Attorneys in Fact or agents who shall have authority to issue bonds, policies, or undertakings in the name of the Company. The corporate seal is not necessary for the validity of any bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation. The signature of any such officer and the corporate seal may be printed by facsimile.

ALL- PURPOSE CERTIFICATE OF ACKNOWLEDGMENT

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

INSTRUCTIONS FOR COMPLETING THIS FORM

This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknowledgments from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary law.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. he/she/they, is /are) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
 - ❖ Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
 - ❖ Indicate title or type of attached document, number of pages and date.
 - ❖ Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document with a staple.

Western Surety Company

POWER OF ATTORNEY APPOINTING INDIVIDUAL ATTORNEY-IN-FACT

Know All Men By These Presents, That WESTERN SURETY COMPANY, a South Dakota corporation, is a duly organized and existing corporation having its principal office in the City of Sioux Falls, and State of South Dakota, and that it does by virtue of the signature and seal herein affixed hereby make, constitute and appoint

Marcia Brooke Lafrenz, Larry Dale Cogdill, Michael W Thomas, Audrey Rodriguez, Individually

of San Diego, CA, its true and lawful Attorney(s)-in-Fact with full power and authority hereby conferred to sign, seal and execute for and on its behalf bonds, undertakings and other obligatory instruments of similar nature

- In Unlimited Amounts -

and to bind it thereby as fully and to the same extent as if such instruments were signed by a duly authorized officer of the corporation and all the acts of said Attorney, pursuant to the authority hereby given, are hereby ratified and confirmed.

This Power of Attorney is made and executed pursuant to and by authority of the By-Law printed on the reverse hereof, duly adopted, as indicated, by the shareholders of the corporation.

In Witness Whereof, WESTERN SURETY COMPANY has caused these presents to be signed by its Vice President and its corporate seal to be hereto affixed on this 21st day of June, 2021.

WESTERN SURETY COMPANY

Paul T. Bruflat

Paul T. Bruflat, Vice President

State of South Dakota }
County of Minnehaha } ss

On this 21st day of June, 2021, before me personally came Paul T. Bruflat, to me known, who, being by me duly sworn, did depose and say: that he resides in the City of Sioux Falls, State of South Dakota; that he is the Vice President of WESTERN SURETY COMPANY described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to the said instrument is such corporate seal; that it was so affixed pursuant to authority given by the Board of Directors of said corporation and that he signed his name thereto pursuant to like authority, and acknowledges same to be the act and deed of said corporation.

Authorizing By-Law

ADOPTED BY THE SHAREHOLDERS OF WESTERN SURETY COMPANY

This Power of Attorney is made and executed pursuant to and by authority of the following By-Law duly adopted by the shareholders of the Company.

Section 7. All bonds, policies, undertakings, Powers of Attorney, or other obligations of the corporation shall be executed in the corporate name of the Company by the President, Secretary, and Assistant Secretary, Treasurer, or any Vice President, or by such other officers as the Board of Directors may authorize. The President, any Vice President, Secretary, any Assistant Secretary, or the Treasurer may appoint Attorneys in Fact or agents who shall have authority to issue bonds, policies, or undertakings in the name of the Company. The corporate seal is not necessary for the validity of any bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation. The signature of any such officer and the corporate seal may be printed by facsimile.

ALL-PURPOSE CERTIFICATE OF ACKNOWLEDGMENT

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
The County of Riverside, its Agencies, Special Districts and Departments, their respective director, officers, Board of Supervisors, elected and appointed officials, employees, agents, and representatives. The City of Murrieta, its elected and appointed officials, employees, agents, and representatives. The Riverside County Transportation Commission, its supervisors and appointed officials, employees, agents, and representatives. Caltrans, its elected and appointed officials, employees, agents, and representatives. Eastern Municipal Water District (EMWD) its elected and appointed officials, employees, agents, and representatives.	Clinton Keith Road Construction Project- Phase 3 Leon Road to State Route 79 Including French Valley Creek Bridge In the City of Murrieta and French Valley Area Project No. B2-04723; and (combined with) Max Gilliss Blvd and Leon Road Resurfacing Project Max Gilliss Blvd. Leon Road to Winchester Road Leon Road: Clinton Keith Road to Baxter/Jean Nicholas Road Community of French Valley Project No. D1-0054
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable limits of insurance;
whichever is less.

This endorsement shall not increase the applicable limits of insurance.

PRIMARY INSURANCE FOR SCHEDULED ADDITIONAL INSURED

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Additional Insured:

Location Of Covered Operations:

WHERE REQUIRED BY WRITTEN CONTRACT

ALL LOCATIONS

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

With respect only to the Additional Insured and at the Location Of Covered Operations shown in the Schedule, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS, Paragraph 4. Other Insurance** and supersedes any provision to the contrary:

Primary And Noncontributory Insurance

This insurance is primary to and will not seek contribution from any other insurance available to the Additional Insured with respect to the Location Of Covered Operations shown in the Schedule under this policy provided that:

- (1) The Additional Insured is a named insured under such other insurance; and
- (2) You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the Additional Insured.

**DESIGNATED CONSTRUCTION PROJECT(S)
GENERAL AGGREGATE LIMIT**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

<p>Designated Construction Project(s):</p> <p style="text-align: center;">AS REQUIRED BY WRITTEN CONTRACT</p>
<p>Information required to complete this Schedule, if not shown above, will be shown in the Declarations.</p>

- A.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section **I** – Coverage **A**, and for all medical expenses caused by accidents under Section **I** – Coverage **C**, which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
 2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage **A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage **C** regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
 3. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expenses shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the Schedule above.
 4. The limits shown in the Declarations for Each Occurrence, Damage To Premises Rented To You and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit.

- B.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section **I** – Coverage **A**, and for all medical expenses caused by accidents under Section **I** – Coverage **C**, which cannot be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-completed Operations Aggregate Limit whichever is applicable, and
 2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit.
- C.** When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit.
- D.** If the applicable designated construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.
- E.** The provisions of Section **III** – Limits Of Insurance not otherwise modified by this endorsement shall continue to apply as stipulated.

**TRANSFER OR WAIVER OF RIGHTS OF RECOVERY
AGAINST OTHERS TO US – SCHEDULED PERSON(S) OR
ORGANIZATION(S)**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

SCHEDULE

Name Of Person(s) or Organization(s):

WHERE REQUIRED BY WRITTEN CONTRACT.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The policy is amended at **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS, Condition 8. Transfer Or Waiver Of Rights Of Recovery Against Other To Us** by deleting the first paragraph and replacing it with the following:

We waive any right of recovery against the person(s) or organization(s) shown in the Schedule above because of payments we make under this Coverage Part. Such waiver by us applies only to the extent that the insured has waived its right of recovery against such person(s) or organization(s) prior to loss. This endorsement applies only to the person(s) or organization(s) shown in the Schedule above.

**ESCROW AGREEMENT FOR
SECURITY DEPOSITS IN LIEU OF RETENTION**

ESCROW # 1991

This Escrow Agreement is made and entered into on the 11th of January 2022, by and between County of Riverside Transportation Department, whose address is 3525 14th Street, Riverside, CA 92501, hereinafter called "Owner"; Security Paving Company, Inc., whose address is 3075 Townsgate Rd., Ste. 200, Westlake Village, CA 91361 hereinafter called "Contractor", and Banner Bank, a State chartered bank, whose address is 5901 Priestly Drive Suite 160, Carlsbad CA 92008, hereinafter called "Escrow Agent".

For the consideration hereinafter set forth, the Owner, Contractor, and Escrow Agent agree as follows:

- (1) Pursuant to Section 22300 of the Public Contract Code of the State of California, Contractor has the option to deposit securities with Escrow Agent as a substitute for retention earnings required to be withheld by Owner pursuant to the Construction Contract entered into between the Owner and Contractor for the Clinton Keith Rd. Const. Proj. - Phase 3, Leon Rd to State Route 79 Including French Valley Creek Bridge, In the City of Murrieta & French Valley Area, Proj. No B2-04723; & Max Gilliss Blvd & Leon Rd Resurfacing Proj., Max Gilliss Blvd: Leon Rd. to Winchester Rd., Leon Rd.: Clinton Keith Rd. to Baxter/Jean Nicholas Rd., Community of French Valley, Proj. No. D1-0054 in the amount of ***Twenty Three Million Six Hundred Fifty Nine Thousand Six Hundred Thirty Three Dollars and Seventy Six Cents*** (\$23,659,633.76) dated January 11, 2022 (hereinafter referred to as "Contract"). Alternatively, on written request of the Contractor, the Owner shall make payments of the retention earnings directly to the Escrow Agent. When the Contractor deposits the securities as a substitute for Contract earnings, the Escrow Agent shall notify the Owner within 10 days of the deposit. The market value of the securities at the time of the substitution shall be at least equal to the cash amount then required to be withheld as retention under the terms of the Contract between the Owner and Contractor. Securities shall be held in the name of County of Riverside Transportation Department, and shall designate the Contractor as the beneficial owner.
- (2) The Owner shall make progress payments to the Contractor for those funds which otherwise would be withheld from progress payments pursuant to the Contract provisions, provided that the Escrow Agent holds securities in the form and amount specified above.
- (3) When the Owner makes payment of retentions earned directly to the Escrow Agent, the Escrow Agent shall hold them for the benefit of the Contractor until the time that the escrow created under this Contract is terminated. The Contractor may direct the investment of the payments into securities. All terms and conditions of this agreement and the rights and responsibilities of the parties shall be equally applicable and binding when the Owner pays the Escrow Agent directly.
- (4) Contractor shall be responsible for paying all fees for the expenses incurred by the Escrow Agent in administering the Escrow Account and all expenses of the Owner. These expenses and payment terms shall be determined by the Owner, Contractor and Escrow Agent.
- (5) The interest earned on the securities or the money market accounts held in escrow and all interest earned on that interest shall be for the sole account of Contractor and shall be subject to withdrawal by Contractor at any time and from time to time without notice to the Owner.

- (6) Contractor shall have the right to withdraw all or any part of the principal in the Escrow Account only by written notice to Escrow Agent accompanied by written authorization from the Owner to the Escrow Agent that Owner consents to the withdrawal of the amount sought to be withdrawn by Contractor.

- (7) The Owner shall have a right to draw upon the securities in the event of default by the Contractor. Upon seven days' written notice to the Escrow Agent from the Owner of the default, the Escrow Agent shall immediately convert the securities to cash and shall distribute the cash as instructed by Owner.

- (8) Upon receipt of written notification from the Owner certifying that the Contract is final and complete, and that the Contractor has complied with all requirements and procedures applicable to the Contract, Escrow Agent shall release to Contractor all securities and interest on deposit less escrow fees and charges of the Escrow Account. The escrow shall be closed immediately upon disbursement of all moneys and securities on deposit and payments of fees and charges.

- (9) Escrow Agent shall rely upon the written notification from the Owner and the Contractor pursuant to Sections (5) to (8), inclusive, of this Agreement and the Owner and Contractor shall hold Escrow Agent harmless from Escrow Agent's release and disbursement of the securities and interest as set forth above.

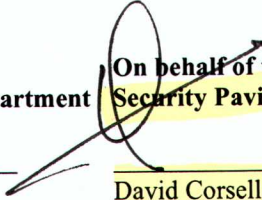

- (10) The names of the persons who are authorized to give written notice or to receive written notice on behalf of the Owner and on behalf of the Contractor in connection with the foregoing, and exemplars of their respective signatures are as follows:

On behalf of the Owner:
County of Riverside Transportation Department

Mark Lancaster
Director of Transportation Dept
3525 14th Street
Riverside, CA 92501

On behalf of the Contractor:
Security Paving Company, Inc.

David Corsello, CFO
3075 Townsgate Rd., Ste. 200
Westlake Village, CA 91361

On behalf of the Escrow Agent:
Banner Bank

Francisca Pardo
Contractor Escrow Administrator
5901 Priestly Drive Suite 160
Carlsbad, CA 92008

At the time the escrow account is opened, the Owner and Contractor shall deliver to the Escrow Agent a fully executed counterpart of this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement by their proper officer on the date first set forth above.
