BACKGROUND:

Summary

The County of Riverside (County) is proposing to apply microsurfacing seal to approximately 780 feet of Grand Avenue as one of the roads in the Slurry Seal Project for 1st District. This segment of Grand Avenue is within the City of Wildomar (City) jurisdiction. The City has requested this segment of Grand Avenue be included in the County's Slurry Seal Project.

This Service Agreement between the County and the City outlines each agency's responsibilities for the completion of the Slurry Seal Improvements and obligates the City to fund 100% of the microsurfacing improvements within the jurisdictional boundaries of the City.

The City will deposit \$14,877.40 prior to the start of the construction contract. The County is providing the services and has no obligation to fund any portion of the project within the City's jurisdiction.

By Minute Order dated September 28, 2021 (Agenda Item 3.21), the Board of Supervisors authorized the Clerk of the Board to advertise for the construction of the Slurry Seal Project for Fiscal Year 2021/22 at various locations in the 1st Supervisorial District. Bids were opened on October 27, 2021 and the contract award is a companion item on this same board agenda.

The Service Agreement was approved by the Wildomar City Council on December 15, 2021.

County Counsel has approved the agreement as to legal form.

Project Number: D2-0006

Impact on Residents and Businesses

The proposed improvements will improve safety and enhance operational efficiency for traffic on Grand Avenue. The microsurfacing treatment will also preserve and extend the life of the road thereby reducing the need for resurfacing, which is ten times more costly.

Additional Fiscal Information

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
