BACKGROUND:

Summary

The State of California Department of Resources Recycling and Recovery (CalRecycle) administers the Recycling Market Development Zone (RMDZ) Program which combines recycling with economic development to fuel new and existing business growth, create jobs, and divert waste from landfills. The program provides loans, technical assistance, and free product marketing to businesses that use materials from the waste stream in the manufacturing of products and are located in a zone. CalRecycle provides and administers Zone Incentive Funds (ZIFs) to each zone for local outreach and marketing.

The Office of Economic Development recommends that the Board adopt Resolution No. 2022-061, authorizing the Office of Economic Development to submit an application to CalRecycle for Zone Incentive Funds (ZIF) for FY21/22 through FY23/24 in the amount of \$18,000 (\$6,000 per fiscal year); and authorize the Director of the Office of Economic Development, or designee, to execute documents and implement program(s) for approved funding.

Impact on Residents and Businesses

ZIF funds will enable the Office of Economic Development to implement marketing programs that aim to increase awareness of the Recycling Market Development Zone Program which combines recycling with economic development to fuel new businesses, expand existing ones, create jobs, and divert waste from landfills.
