**BACKGROUND:**

**Summary**

In response to the COVID-19 pandemic, the Emergency Service Director authorized the temporary lifting of procurement guidelines that require obtaining three quotes for purchases over \$5,000 that are directly related to providing a safe and secure environment for the protection of the public and employee health. Under the guidelines, COVID-19 emergency procurements were defined as materials, supplies, equipment, or services that are directly related to activities in response to the COVID-19 pandemic.

Riverside University Health System–Behavioral Health (RUHS-BH) Mental Health Rehabilitation Center (MHRC) located at 3933 Harrison Street, Riverside, CA 92503, which was opened during the pandemic, needed professional laundering services for consumer care. Since Medico Professional Linen Services was providing linen delivery and pick up services at the Medical Center and ITF it was determined they would also be able to provide these linen and laundering services at the newly established MHRC facility.

**Impact on Citizens and Businesses**

These services are a component of the Department’s system of care aimed at improving the health and safety of consumers and the community.

**Additional Fiscal Information**

Funding for the agreement is budgeted annually and therefore there are sufficient funds in RUHS-BH budget for the fiscal year. No additional County funds are required.

**Contract History and Price Reasonableness**

Medico’s previous contract for these services at the Medical Center and ITF locations was established under the COVID-19 emergency procurement guidelines by RUHS on 4/10/2020. RUHS-BH subsequently piggybacked off that agreement to provided linens and laundering services at MHARC facility. On 1/28/22 the Purchasing Department approved Sole Source Justification #22-068. Under this agreement RUHS-BH is receiving the same rate that the vendor is currently providing to the RUHS-Medical Center. The reimbursement rates remain unchanged from the prior year.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

A formal bid for these services will be released during FY22/23. Therefore, RUHS-BH is requesting that the Board of Supervisors approve the Agreement with Medico Professional Linen Service for \$300,000 for the term July 1, 2021 through June 30, 2022, with the option to renew for one (1) additional year through June 30, 2023 to ensure continuity of care, and to avoid service interruption until a new contract is awarded.

2) The CONTRACTOR must declare its insurance self-insured retention for each coverage required herein. If any such self-insured retention exceeds \$500,000 per occurrence each such retention shall have the prior written consent of the County Risk Manager before the commencement of operations under this Agreement. Upon notification of self-insured retention unacceptable to the COUNTY, and at the election of the County's Risk Manager, CONTRACTOR'S carriers shall either; 1) reduce or eliminate such self-insured retention as respects this Agreement with the COUNTY, or 2) procure a bond which guarantees payment of losses and related investigations, claims administration, and defense costs and expenses.

3) CONTRACTOR shall cause CONTRACTOR'S insurance carrier(s) to furnish the County of Riverside with either 1) a properly executed original Certificate(s) of Insurance and certified original copies of Endorsements effecting coverage as required herein, and 2) if requested to do so orally or in writing by the County Risk Manager, provide original Certified copies of policies including all Endorsements and all attachments thereto, showing such insurance is in full force and effect. Further, said Certificate(s) and policies of insurance shall contain the covenant of the insurance carrier(s) that thirty (30) days written notice shall be given to the County of Riverside prior to any material modification, cancellation, expiration or reduction in coverage of such insurance. In the event of a material modification, cancellation, expiration, or

reduction in coverage, this Agreement shall terminate forthwith, unless the County of Riverside receives, prior to such effective date, another properly executed original Certificate of Insurance and original copies of endorsements or certified original policies, including all endorsements and attachments thereto evidencing coverage's set forth herein and the insurance required herein is in full force and effect. 6) CONTRACTOR shall pass down the insurance obligations contained herein to all tiers of subcontractors working under this Agreement.

7) The insurance requirements contained in this Agreement may be met with a program(s) of self-insurance acceptable to the COUNTY.

8) CONTRACTOR agrees to notify COUNTY of any claim by a third party or any incident or event that may give rise to a claim arising from the performance of this Agreement.

**23. General**

**23.1** CONTRACTOR shall not delegate or assign any interest in this Agreement, whether by operation of law or otherwise, without the prior written consent of COUNTY. Any attempt to delegate or assign any interest herein shall be deemed void and of no force or effect.

**23.2** Any waiver by COUNTY of any breach of any one or more of the terms of this Agreement shall not be construed to be a waiver of any subsequent or other breach of the same or of any other term of this Agreement. Failure on the part of COUNTY to require exact, full, and complete compliance with any

terms of this Agreement shall not be construed as in any manner changing the terms or preventing COUNTY from enforcement of the terms of this Agreement.

**23.3** In the event the CONTRACTOR receives payment under this Agreement, which is later disallowed by COUNTY for nonconformance with the terms of the Agreement, the CONTRACTOR shall promptly refund the disallowed amount to the COUNTY on request; or at its option the COUNTY may offset the amount disallowed from any payment due to the CONTRACTOR.

**23.4** CONTRACTOR shall not provide partial delivery or shipment of services or products unless specifically stated in the Agreement.

**23.5** CONTRACTOR shall not provide any services or products subject to any chattel mortgage or under a conditional sales contract or other agreement by which an interest is retained by a third party. The CONTRACTOR warrants that it has good title to all materials or products used by CONTRACTOR or provided to COUNTY pursuant to this Agreement, free from all liens, claims, or encumbrances.

The COUNTY reserves the right to purchase more or less than the quantities specified in this Agreement.

**23.7** The COUNTY agrees to cooperate with the CONTRACTOR in the CONTRACTOR's performance under this Agreement, including, if stated in the Agreement, providing the CONTRACTOR with reasonable facilities and timely access to COUNTY data, information, and personnel.

**23.8** CONTRACTOR shall comply with all applicable Federal, State and local laws and regulations. CONTRACTOR will comply with all applicable COUNTY policies and procedures. In the event that there is a conflict between the various laws or regulations that may apply, the CONTRACTOR shall comply with the more restrictive law or regulation.

**23.9** CONTRACTOR shall comply with all air pollution control, water pollution, safety and health ordinances, statutes, or regulations, which apply to performance under this Agreement.

**23.10** CONTRACTOR shall comply with all requirements of the Occupational Safety and Health Administration (OSHA) standards and codes as set forth by the U.S. Department of Labor and the State of California (Cal/OSHA).

**23.11** This Agreement shall be governed by the laws of the State of California. Any legal action related to the performance or interpretation of this Agreement shall be filed only in the Superior Court of the State of California located in Riverside, California, and the parties waive any provision of law providing for a change of venue to another location. In the event any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions will nevertheless continue in full force without being impaired or invalidated in any way.

23.12 This Agreement, including any attachments or exhibits, constitutes the entire Agreement of the parties with respect to its subject matter and supersedes all prior and contemporaneous representations, proposals, discussions and communications, whether oral or in writing. - A. **Discovery and notification.** Following the discovery of a breach of unsecured PHI, Contractor shall notify County in writing of such breach without unreasonable delay and in no case later than 60 calendar days after discovery of a breach, except as provided in 45 CFR §164.412.

- 1) **Breaches treated as discovered.** A breach is treated as discovered by Contractor as of the first day on which such breach is known to Contractor or, by exercising reasonable diligence, would have been known to Contractor, which includes any person, other than the person committing the breach, who is an employee, officer, or other agent of Contractor (determined in accordance with the federal common law of agency).
- 2) **Content of notification.** The written notification to County relating to breach of unsecured PHI shall include, to the extent possible, the following information if known (or can be reasonably obtained) by Contractor:

  - f) Contact procedures for individuals to ask questions or learn additional information, which shall include a toll-free telephone number, an e-mail address, web site, or postal address.
- B. **Cooperation.** With respect to any breach of unsecured PHI reported by Contractor, Contractor shall cooperate with County and shall provide County with any information requested by County to enable County to fulfill in a timely manner its own reporting and notification obligations, including but not limited to providing notice to individuals, prominent media outlets and the Secretary in accordance with 42 USC §17932 and 45 CFR §164.404, §164.406 and §164.408.
- C. **Breach log.** To the extent breach of unsecured PHI involves less than 500 individuals, Contractor shall maintain a log or other documentation of such breaches and provide such log or other documentation on an annual basis to County not later than fifteen (15) days after the end of each calendar year for submission to the Secretary.
- D. **Delay of notification authorized by law enforcement.** If Contractor delays notification of breach of unsecured PHI pursuant to a law enforcement official's statement that required notification, notice or posting would impede a criminal investigation or cause damage to national security, Contractor shall maintain documentation sufficient to demonstrate its compliance with the requirements of 45 CFR §164.412.
- E. **Payment of costs.** With respect to any breach of unsecured PHI caused solely by the Contractor's failure to comply with one or more of its obligations under this Addendum and/or the provisions of HITECH, HIPAA, the Privacy Rule or the Security Rule, Contractor agrees to pay any and all costs associated with providing all legally required notifications to individuals, media outlets, and the Secretary. This provision shall not be construed to limit or diminish Contractor's obligations to indemnify, defend and hold harmless County under Section 9 of this Addendum.
- F. **Documentation.** Pursuant to 45 CFR §164.414(b), in the event Contractor's use or disclosure of PHI and/or ePHI violates the Privacy Rule, Contractor shall maintain documentation sufficient to demonstrate that all notifications were made by Contractor as required by 45 CFR Part 164, Subpart D, or that such use or disclosure did not constitute a breach, including Contractor's completed risk assessment and investigation documentation.

### **Textile Replacement Loss Worksheet**

All soiled linen containers unloaded from the trucks are identified with a customer account ticket; each container has a bar code on it. Every container is weighed, and the account number and tare weight of the container is scanned in with a hand held bar code scanner. The system then marries the gross weight, tare weight and customer number into a log file entry on the computer, one entry per container.

The purpose of these systems is to provide a basis to compare the weight of the incoming soiled linen from an account to the clean product delivered. This data will then be used to generate a textile cost profile.

For the system to be used as a tool to identify lost linen, it is important to know the average soiled weight of any item for any account. You must have a soiled linen sort station installed to accomplish this. The main components of the system are a floor scale, table, and control panel.

The sampling procedure to develop the soil weights of individual items is as follows:

1. In order to establish a representative soil unit weight, ten percent of the weekly usage of each item is counted during this process.
2. During the sampling period, soiled linen for the specific customer being counted, is segregated from the rest of the soil linen and directed to the test station.
3. An employee places an empty container on the scale and sets the tare weight to zero
4. Each item being sampled is counted separately. An employee throws each item separately into the container on the scale
5. At the completion of the counting for each item, we will have a total weight and total piece count. This data will be used to calculate the average soil unit weight of each item.
6. During the sampling period, the weight of all garbage returned with the soiled linen is captured on a daily basis.

### **Creation and explanation of the baseline data**

Once we have the average soil unit weight for the items, the next step is to generate a theoretical soil return for the clean deliveries for the same period. The Replacement Cost Worksheet is used to develop two figures

1. The average cost per pound of replacement merchandise for the account based on their specific product mix.
2. The overall soil/clean ratio (soil factor) of the specific account.

The elements of the report are as follows:

- Total Pieces – Total number of pieces of each product delivered for the period.
- Total Weight – Total clean pounds served during test period.

- Replacement Price – Cost of new product.
- Extended Replacement Cost – Total cost of pieces served times unit price.
- Average Soil Weight – The average soil weight per piece as determined by the soiled linen test sampling
- Extended Soil Weight – The total expected soil weight determined by multiplying the soil unit weight times the pieces served.
- The average replacement cost per pound is calculated by dividing the Extended Replacement Cost by the Total Weight
- The Soil Factor is calculated by subtracting the Total Weight from the Extended Soil Weight and then dividing this number by the Total Weight.

#### Weekly tracking of actual outcome

The actual loss calculations are performed on the Loss Calculation Worksheet. This worksheet simply calculates an expected soil return volume based on the sales volume and the soil unit weights of the pieces. This is listed as the Total Expected Soil Pounds. The rest of the elements:

- Gross Weighed Soil Pounds – This is the total weight of the soil in the containers returned to the plant.
- Clean COG Lbs. Delivered – This is the clean weight of any Customer owned goods (COG) returned to the customer in a specific week
- COG Soil lbs. – Projected soil weight of the clean COG lbs. based on the established soil factor for the account.
- Scrubs – Soil weight of scrubs returned in the white linen.
- Garbage– Weight of weekly garbage based on data compiled during the sampling period.
- Net Soil Pounds – The Gross Weighed Soil Pounds minus the COG Soil lbs., the Scrubs soil pounds, and the Garbage pounds.
- Soil Pounds Variance – The difference between the Expected Soil Pounds and the Net Soil Pounds.
- Soil Factor – The Soil/Clean ratio developed from the Replacement Cost Worksheet
- Clean Pounds Variance – The amount of clean pounds not returned based on the Soil Pounds Variance and the Soil Factor.
- Cost/Lb. – The composite cost of replacement product from the Replacement Cost Worksheet
- Net Loss Charge – The Clean Pounds Variance times the Cost/Lb.
