**C.E.O. RECOMMENDATION:** Approve

**BACKGROUND:**

**Summary**

The Executive Office actively reviews and recommends to the Board proposed revisions to Board Policies on an as-needed basis, in order to reflect current best practices. The recommended changes are intended to modernize the review process by converting from a paper form to an electronic submittal, change the review cycle from annually to when staffing changes occur, and update eligibility categories. The Overnight Vehicle Retention policy was reviewed by Executive Office staff, consulted with County Counsel for consistency of board policies with current laws, regulations, and ordinances; and solicited input on the proposed revisions to policies from County Departments.

This policy sets forth the parameters of how requests submitted by Departments are considered. The Executive Office has the responsibility to review and approve any Overnight Vehicle Retention (OVR) requests. The EO will approve requests only when it is in the overall best interest of the County through improved services and/or reduced costs, and based on meeting one of the 7 criteria contained in the policy. Redline versions showing the proposed changes and proposed versions are attached for reference.

The IRS considers the use of a county-provided vehicle as a fringe benefit that may result in the reporting of the fair market value as taxable income to the employee. Therefore, it is essential and required to properly track the mileage and usage of each county vehicle to avoid unnecessary tax burden on employees.

Upon approval by the Executive Office, the Auditor Controller's Office will receive a notification of the new employee that has been given authorization. The Auditor Controller's office will keep track of all the county employees that have been authorized to take their county vehicles home as they will be receiving monthly vehicle mileage logs for every employee.

A copy of the revised policy was sent to all County Departments for their feedback and comments prior to this agenda item.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

**SUMMARY OF REVISIONS**

1. OVR requests will now be done electronically through the Service Now RCIT portal.
2. Upon approval of the revised policy, departments will submit all their OVR requests simultaneously. Thereafter, departments submit OVR requests on an as-needed basis as staffing changes occur rather than annually.
3. Two eligible categories have been added:
  - a. **HOMELESS & OTHER HUMANITARIAN RESPONSES:** Must be an employee who is required to intervene in housing, homelessness, and other humanitarian cases during off-duty hours as part of his/her job assignment. Authorization for overnight vehicle retention shall be solely for the purpose of better protecting the clients and minimizing liability to the county.
  - b. **OTHER:** Departments will have an opportunity to submit their justification to the Executive Office for review for other circumstances that warrant consideration for job duties requiring employees to respond to an off-duty emergency, or if this request is in the best interest of the county through improved services.

**ATTACHMENTS:**

Redline D-10 Policy

Final D-10 Policy

  
\_\_\_\_\_  
Gregory V. Priamos, Director County Counsel      11/10/2021

**Subject:**

**OVERNIGHT RETENTION OF COUNTY VEHICLES**

**Policy  
Number**      **Page**  
D-10            1 of 3

**PURPOSE:**

As a condition of employment, county employees are responsible for arranging their own transportation to their regular assigned job sites at county facilities by the appointed start time, regardless of how remote or distant from their home, or the travel time required. Authorization of the overnight retention of vehicles is not intended for the convenience, benefit, betterment, or private use of county employees. **Overnight retention of county vehicles may result in federal and state income tax obligations that will be the responsibility of the employee.**

This policy is applicable to all vehicles owned by Riverside County and is not considered part of a Board of Supervisors' approved executive compensation package. Policies regarding the overnight retention of vehicles as part of a Board approved executive compensation package are addressed in the most current management resolution.

**POLICY:**

Allowing employees to retain county vehicles overnight at home reduces availability of the vehicles and generally results in higher operating costs to the county. **Overnight retention of vehicles is appropriate only when it is in the overall best interest of the county through improved services and/or reduced costs.** Authorization shall not be based on the ability of an agency/department to receive non-county reimbursement for vehicle costs. To the fullest extent possible, department heads shall establish procedures to reimburse employees for mileage incurred using their personal vehicles to respond to emergencies while off-duty.

This policy applies to:

1. All county departments/functions; agencies which function similarly to county departments under terms of a contract (e.g., Riverside County Fire); and
2. all districts/authorities governed by the Board of Supervisors in their various governing board capacities.

To safeguard county equipment, employees authorized overnight retention of county vehicles should park those vehicles in garages or off-street locations whenever possible. **County vehicles authorized for overnight retention are not intended for private use, except where such use by an employee cannot be avoided due to the nature of the employee's on-call duties.** This policy strictly prohibits use of a county vehicle authorized for overnight retention by anyone other than a county employee who has authorization from the Executive Office to retain a vehicle overnight. This policy also limits riders to other county employees who have a specific work-related reason to be in the vehicle unless the rider's transport is the purpose of the vehicle assignment (e.g., transporting a foster child).

**Subject:**  
**OVERNIGHT RETENTION OF COUNTY VEHICLES**

**Policy**  
**Number**  
D-10

**Page**  
2 of 3

**CRITERIA:**

To qualify for overnight vehicle retention, the employee must have job duties that regularly require an off-duty emergency response to an event where there is imminent danger to life, health, or property. Authorization shall not be made based on rank or job title. The funding source to support the vehicle costs has no bearing on this policy. Overnight retention of county vehicles shall not be authorized by the Executive Office unless the requesting employee meets one of the 6 criteria below:

1. **SWORN LAW ENFORCEMENT:** Must be a sworn (vs. administrative), law enforcement employee assigned job responsibilities that routinely require him/her to respond immediately to emergency public safety situations (vs. administrative or public relations tasks) during off-duty hours with law enforcement equipment mounted on or contained in his/her specific vehicles;
2. **ABUSE OR ABDUCTION CASES:** Must be an employee who is required to intervene in abuse or abduction cases during off-duty hours as part of his/her job assignment. Authorization for overnight vehicle retention shall be solely for the purpose of better protecting the clients and minimizing liability to the county;
3. **NATURAL OR CHEMICAL DISASTER:** Must be uniquely qualified to respond to a natural or chemical disaster due to a certification or license issued by a national or state agency or be an immediate responder to weather emergencies or traffic control calls from the California Highway Patrol dispatch unit;
4. **ANIMAL CONTROL:** Must be uniquely qualified to respond to off-duty hour animal emergencies;
5. **OFF-DUTY EMERGENCY:** Must be uniquely qualified to respond to off-duty hour emergencies in support of public safety, transportation and public health communication systems and technologies;
6. **HOMELESS & OTHER HUMANITARIAN RESPONSES:** Must be an employee who is required to intervene in housing, homelessness and other humanitarian cases during off-duty hours as part of his/her job assignment. Authorization for overnight vehicle retention shall be solely for the purpose of better protecting the clients and minimizing liability to the county.
7. **OTHER:** Departments will have the ability to submit an OVR request for an employee that does not meet any of the criteria above. This criteria will be made available for Departments to submit their justification in an empty field provided in the system. This request must be for an employee whose job duty requires them to respond to an off-duty emergency, or if this request is in the best interest of the county through improved services.

**Subject:**  
**OVERNIGHT RETENTION OF COUNTY VEHICLES**

**Policy  
Number**      **Page**  
D-10              3 of 3

**PROCEDURE:**

Departments may submit overnight vehicle retention requests on an as-needed basis. Departments will also be responsible for maintaining employee information in the system current. The overnight vehicle retention process will be done electronically within the RIVCOHelp – Employee Overnight Vehicle Retention Authorization Form.

1. The employee for the requesting department shall submit their overnight vehicle retention requests for authorization. Each request will require personal and vehicle information to be provided. Once completed, they will submit the form to the next stage.
2. Each Department has designated an employee to review each overnight vehicle retention request. The employee designee will be responsible for ensuring all the information is accurate within the system before submitting it to the Executive Office for final approval.
3. The Executive Office will review each request and ensure that it is appropriate and in the overall best interest of the county through improved services.
4. Upon approval by the Executive Office, the Auditor Controller's Office will receive a notification of the new employee that has been given authorization. The Auditor Controller's office will keep track of all the county employees that have been authorized to take their county vehicles home as they will be receiving monthly vehicle mileage logs for every employee.

The Executive Office, Auditor Controller's Office, and/or Fleet Services Division may periodically review a sample of vehicle utilization data to verify that employees use their authorization to retain vehicles overnight as intended. Low utilization may be grounds for suspension or revocation of overnight retention privileges. If a review of the sample from any department shows that assignments are not consistent with this policy, there will be a formal audit of the department's vehicle usage and the report forwarded to the Board of Supervisors for action.

**RECORDKEEPING**

**Every employee that has been authorized must submit monthly vehicle mileage logs. Failure to submit monthly logs will result in the reporting of vehicle use as a taxable employee benefit which may have state and federal tax implications for the employee.** Each department head will also be responsible for establishing a method for tracking overnight retention of county vehicles and maintaining the appropriate records. Records shall include the name of employee retaining the vehicle overnight, the date(s) the vehicle was retained by the employee, and the starting and

ending mileage of the personal and business use of the vehicle.

**Subject:**  
**OVERNIGHT RETENTION OF COUNTY VEHICLES**

<u>Policy</u> <u>Number</u>	<u>Page</u>
D-10	4 of 4

Records shall be maintained pursuant to Board of Supervisors' Policy A-43, *County Records Management and Archives Policy*. All documentation is subject to audit and/or review. Departments/agencies are responsible for ensuring documentation is maintained to comply with the provisions of this policy. **Failure to maintain mileage records for county vehicle use will result in the reporting of the fair market value of the use of the vehicle as taxable income to the employee.**

Commuting between home and the worksite is categorized as personal use by the IRS and may be a taxable benefit even when job assignments require the overnight retention of vehicles. Department heads are responsible for ensuring an accurate report of personal use of vehicles, as defined by IRS regulations, is reported to the Auditor-Controller's Office on a regular basis. The procedures for submitting this information shall be coordinated with the Auditor-Controller's Office. The Auditor-Controller's Office is responsible for ensuring payroll reporting of vehicle benefits is consistent with IRS regulations.

- ~~2.~~ Each Department has designated an employee to review each overnight vehicle retention request. The employee designee will be responsible for ensuring all the information is accurate within the system before submitting it to the Executive Office for final approval.
- ~~4.3.~~ The Executive Office will~~shall~~ review each request and ensure that it is appropriate and in the overall best interest of the county through improved services.~~notify the department of approval or denial.~~
- ~~4.~~ Upon approval by the Executive Office, the Auditor Controller's Office will receive a notification of the new employee that has been given authorization. The Auditor Controller's office will keep track of all the county employees that have been authorized to take their county vehicles home as they will be receiving monthly vehicle mileage logs for every employee.

The Executive Office, Auditor Controller's Office, and/or Fleet Services Division may periodically review a sample of vehicle utilization data to verify that employees use their authorization to retain vehicles overnight as intended. Low utilization may be grounds for suspension or revocation of overnight retention privileges. If a review of the sample from any department shows that assignments are not consistent with this policy, there will be a formal audit of the department's vehicle usage and the report forwarded to the Board of Supervisors for action.

**COUNTY OF RIVERSIDE, CALIFORNIA**  
**BOARD OF SUPERVISORS POLICY**

While all authorization requests must be resubmitted annually, department heads must immediately inform the Executive Office of any changes that result in an employee becoming ineligible for overnight vehicle retention authorization or changes to vehicles retained by employees overnight.

Any denial or revocation of authorization of overnight retention of a county vehicle may be appealed to the Executive Officer or designee on a case-by-case basis.

**~~Criteria 1 -- Each department head shall submit a written request for the department's use of overnight vehicles each fiscal year.~~**

~~Each department head will be responsible for submitting written requests for overnight retention of county vehicles annually. The written request must include the following:~~

- ~~• The number of county vehicles that need to be authorized for overnight retention during the year. The number of vehicles requested should be consistent with the maximum number of off-duty emergency responses received during any consecutive 24-hour period during the last fiscal year. Off-duty emergency responses are sudden, unexpected events between the hours of 5:00 p.m. and 7:00 a.m. that pose a clear and imminent danger requiring action within 30 minutes to prevent or mitigate the loss or impairment of life, health, or property. Some examples include:
  - ~~— Officer-involved shootings;~~
  - ~~— Hazardous materials incidents;~~
  - ~~— Child abuse or abduction interventions and/or investigations;~~
  
  - ~~— Disasters and civil defense; or~~
  - ~~— Animal control.~~~~
- ~~• The documentation to support the number of off-duty emergency responses that took place during the period used to justify the number of vehicles requested. The documentation should confirm the type of event, the number of off-duty *immediate* responders, and the time the event took place.~~
- ~~• The information about the vehicles that will be authorized for overnight retention, including make, model, vehicle's county identification number, and a detailed description of the special equipment that requires the vehicle to be retained overnight. The number of vehicles included in this detail shall not exceed the number of vehicles requested for overnight retention.

Within the context of this policy, the term special equipment refers to equipment that must be mounted on or contained in the county vehicle and must be absolutely essential to an employee's performance of his/her duties responding to emergencies while off-duty. This equipment cannot be readily transferred to an employee's private vehicle.~~
- ~~• The department head's signature to confirm the request is accurate and reflects cost efficient use of county vehicles.~~

**Every employee that has been authorized must submit monthly vehicle mileage logs. Failure to submit monthly logs will result in the reporting of vehicle use as a taxable**

**COUNTY OF RIVERSIDE, CALIFORNIA**

REQUEST FOR AUTHORIZATION OF OVERNIGHT VEHICLE  
RETENTION

DEPARTMENT AUTHORIZATION

(One per Department)

Number of vehicles authorized for overnight retention: \_\_\_\_\_

Date used to justify the number of vehicles: \_\_\_\_\_

You must also attach the following documents:

- Documentation to support number of vehicles requested. An example of appropriate documentation would be incident reports for the date used to justify the number of vehicles requested. Any documentation submitted must confirm after-hour incidents that required an immediate response (within 30 minutes) by employees who were on-call.
- A list of the vehicles to be authorized for overnight retention. Please include the vehicle's county identification number, make, model, and description of the special equipment that requires the vehicle be authorized for overnight retention. An electronic copy of this list must be submitted to the Executive Office.
- A list of employees to be authorized to retain vehicles overnight. For each employee, the "Employee Overnight Vehicle Authorization Form" must be attached and signed by the employee. An electronic copy of this list must be submitted to the Executive Office.

---

*The department submits this request for authorization of overnight vehicle retention in accordance with Board Policy D-10, which specifies the conditions under which the Executive Officer may authorize employees other than department and agency heads to retain county vehicles overnight. The undersigned department head confirms the information contained herein is accurate and acknowledges his/her responsibility to inform the Executive Office of any changes to employee or vehicle eligibility for overnight retention authorization and to notify the Auditor-Controller of any personal use of vehicles on a regular basis. In signing this request, the undersigned department head confirms the request reflects the most cost efficient use of county vehicles.*
