BACKGROUND:

Summary

This Project will replace approximately 1,800 lineal feet of the existing interim earthen channel with a concrete lined trapezoidal and rectangular channel with varying base width and height, as well as two separate reaches of reinforced concrete box. The primary objective is to provide 100-year flood protection to the community near the channel between Valley View Avenue and Sierra Avenue by collecting flows from the existing improved portion of the Line NB system east of Valley View Avenue and safely conveying the flows westerly into the existing North Norco Channel just east of Interstate 15. The Project also includes installation of a permeable paver lined invert at the downstream end of the Project to promote infiltration of low flows. See attached Project description and location map.

On December 5, 2017, Minute Order 11.2 (MT#4999), the District's Board of Supervisors ("Board") adopted an Initial Study/Mitigated Negative Declaration for the Project and determined that the impacts would be less than significant with mitigation. The Board also adopted a Mitigation Monitoring and Reporting Plan. Therefore, nothing further is required under CEQA.

On May 8, 2018, Minute Order 11.1 (MT#6018), the Board approved the Cooperative Agreement between the District and the City of Norco ("City") for the Project. The Cooperative Agreement set forth the terms and conditions by which the District and the City agreed upon on the design, construction, maintenance and funding of the Project.

The contract documents have been approved as to form by County Counsel. A brief Project description and location map is attached.

Impact on Residents and Businesses

Residents and businesses may experience general construction noise or dust from heavy equipment. Improved flood protection and public safety in the project vicinity.

Additional Fiscal Information

The action on this Form 11 merely approves the Plans and Specifications and Contract Documents identifying the proposed work, as well as authorizes the Clerk of the Board to advertise said contract documents. No expenses will be incurred as a result of this action.

Contract History and Price Reasonableness

The Engineer's estimate for this Project is \$1,747,014 and the action today, if approved, will authorize the District to pursue competitive bids through the California Public Works Contract Process. The District will then return to the Board to seek approval to award the Contract to the lowest responsive bidder.

Questions or requests must be received **no later than 5:00 p.m. on Tuesday, June 28, 2022.**

Pursuant to Labor Code Section 1771.1, any Contractor bidding and subcontractors to be listed on a Bid Proposal are subject to Public Contract Code Section 4104 and shall not be eligible to bid unless currently registered with the Department of Industrial Relations and qualified to perform public works pursuant to Labor Code Section 1725.5. No Contractor or subcontractor may be awarded a public works project or enter into a Contract without proof of current registration to perform public works.

General prevailing rate of per diem wages and general prevailing rate of per diem wages for holiday and overtime work, including employer payments for health and welfare, pension, vacation, apprentices and similar purposes for each craft, classification or type of workman needed for execution of contracts under the jurisdiction of District have been obtained by the Board of Supervisors of the District from the Director of Industrial Relations of the State of California for the area where the work is to be done. The said determinations are on file in the principal office of the District, and will be made available to any interested person upon request.

THIS PROJECT IS SUBJECT TO COMPLIANCE MONITORING AND ENFORCEMENT BY THE DEPARTMENT OF INDUSTRIAL RELATIONS. The awarded prime Contractor shall post job site notices, including a copy of the prevailing rate of per diem wages determinations made by the Director for the Department of Industrial Relations and other notices prescribed by regulations and comply with the provisions of the California Labor Code, including, without limitation, Sections 1771.4, 1773.1, 1773.2, 1774, 1775, 1776, and 1777.5.

Contractor shall furnish the records specified in Labor Code Section 1776, including but limited to the certified payroll records, directly to the Labor Commissioner for the Department of Industrial Relations.

Substitution of securities for any moneys withheld by District shall be permitted as provided for by Section 22300 of the California Public Contract Code.

Contractors submitting proposals for this project shall have an active and in good standing Class "A" Contractor's license from the State of California in order to be considered eligible for the contract award. The license(s) shall remain active and in good standing throughout the entire duration of the project.

With the submittal of the Bid Proposal and other Contract Documents, the Contractor shall submit for approval by the District documented evidence of satisfaction of all of the Bidder Qualifications listed above and in accordance with Articles 1 through 4 of the Instructions to Bidders.
