CEO Message

Message from the County Executive Officer

The future of Riverside County is happening now.

Between 2010 and 2020, more people moved to Riverside County than any other county in the state. In 2021, that trend became even more pronounced. According to the United States Census Bureau, 31,000 additional people started calling our county home, which is more than any other county in the *country*, save one. To put that number in context, it is as if we added a city the size of a Banning, a Desert Hot Springs, a Norco, or a Wildomar to our region – in one year. These are our new neighbors, customers, and employees, but they are also our new constituents and all of them will require some level of county services.

If we are to continue to meet the needs of our ever-growing community, we need to be deliberate in setting our goals and intentional in our decisions and in our actions to realize them.

We must achieve fiscal stability to support individuals, families, and businesses and do so without being vulnerable to sharp economic downturns. We must transform our service delivery to take advantage of the interrelated nature of public, private, non-profit, community, and faith-based organizations, evolving from a program-based model to a client-focused model. We must work to improve the quality of life for our residents across the spectrum of their experience, including employment, the environment, physical and mental health, education, recreation and leisure time, social belonging, safety, and security. In so doing, we must seek systemic equity to ensure that everyone has an opportunity to thrive. And, we must continue to respond to and recover from the pandemic.

This budget represents \$7.5 billion in spending, including more than \$1 billion in discretionary general fund expenses, to help us accomplish those goals. These expenditures will ensure that county departments have the resources they need to continue to deliver vital services and move us closer to the future we envision. In the next fiscal year, we are increasing our investment in many of our departments that provide human services, public works and community services, health care, and public safety for our constituents. And, for the first time in more than a decade, our discretionary revenue and our discretionary expenses are structurally balanced.

As part of the general fund expenditure, \$5 million is set aside expressly for investment in the unincorporated areas of our county. This budget also identifies almost \$20 million in one-time funding that could be spent on special priorities or projects important to our constituents, as determined by the Board of Supervisors.

Notably, the budget does not depend on coronavirus relief funds to balance. After Congress enacted the American Rescue Plan Act (ARPA), which resulted in \$240 million coming to the county in Fiscal Year 2021-22 and \$240 million in Fiscal Year 2022-23, the Board of Supervisors made the visionary decision to invest this once-in-a-lifetime revenue stream into the community, ensuring our region not only recovers from the pandemic but

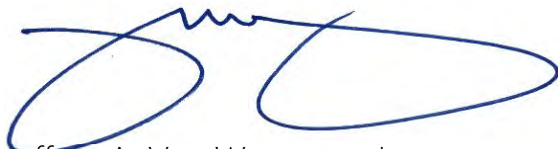

becomes more resilient to future challenges. To date, we have allocated roughly \$200 million of our first federal disbursement to infrastructure improvements, housing and homeless efforts, economic recovery, non-profit assistance, and childcare and early childhood education.

While the current fiscal situation is much improved, as evidenced by the growth in our financial reserves, our upgraded credit rating, and an unemployment rate at pre-pandemic lows, it is important to note that external and internal pressures will continue to build. Rising inflation, interruptions in the supply chain, an uncertain long-term economic forecast, the “Great Resignation” impact on recruitment and retention of high-quality employees, and aging facilities will require us to remain vigilant and steadfast in our forecasting and decision-making.

A former administrator at the University of Notre Dame once said, “Don’t tell me where your priorities are ... Show me where you spend your money and I’ll tell you what they are.” Building on past investments and planning for the future, this spending plan reflects our priorities in serving the residents of Riverside County.

Thank you for your continued leadership, direction, partnership, and support.

Respectfully submitted,

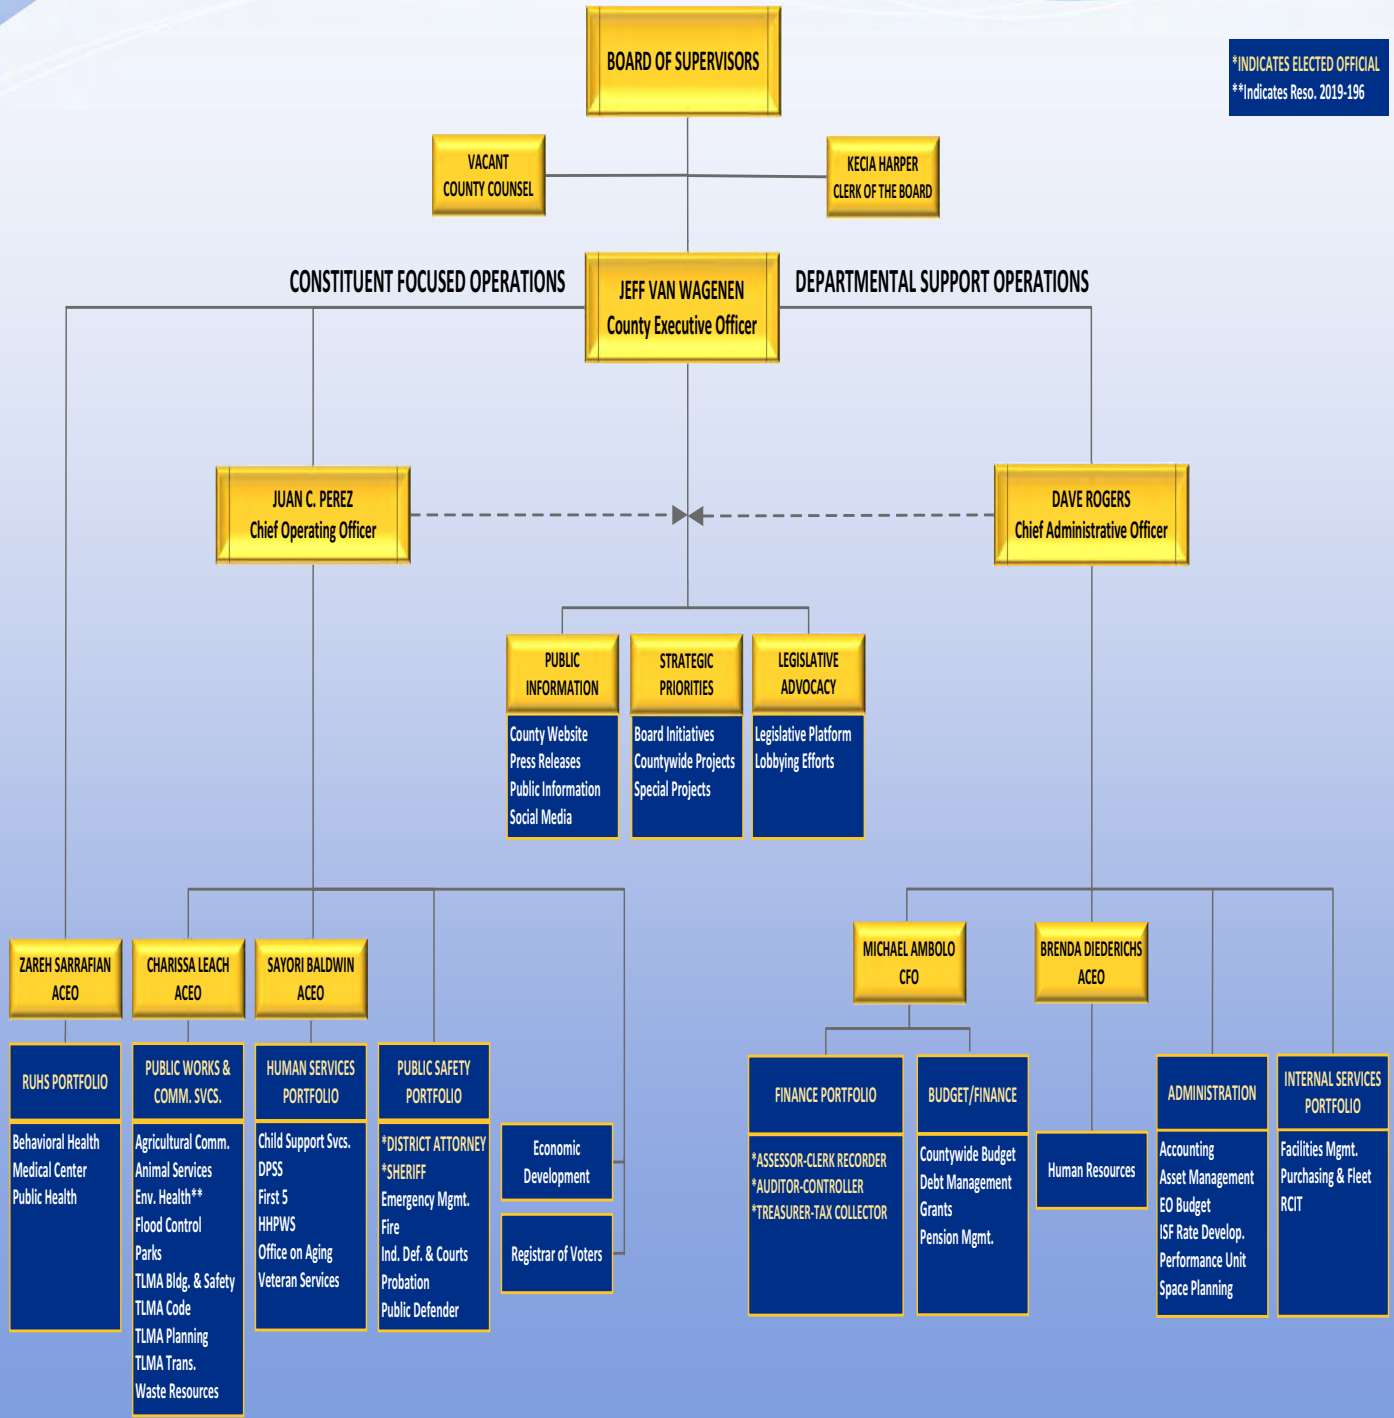

A handwritten signature in blue ink, consisting of a series of loops and a wavy line at the top, representing the name Jeffrey A. Van Wagenen, Jr.

Jeffrey A. Van Wagenen, Jr.
County Executive Officer

COUNTY GOVERNANCE & STRUCTURE

Board of Supervisors

Board Chair
Jeff Hewitt
Fifth District

District5@rivco.org
(951) 955-1050

Represents the cities of Banning, Beaumont, Calimesa, Menifee, Perris, and Moreno Valley, March Air Reserve Base, and the easterly portion of the March Joint Powers Authority. The district also encompasses tribal lands of the Morongo Band of Mission Indians, the Agua Caliente Band of Cahuilla Indians, and the Soboba Band of Luiseno Indians. Unincorporated areas include the Banning Bench, Cabazon, Cherry Valley, Desert Hot Springs, El Nido, Juniper Flats, Lakeview, Mission Lakes, Nuevo, Romoland, North Palm Springs, Painted Hills, Quail Lake, Reche Canyon, San Timoteo, Snow Creek, Twin Pines, West Garnet, Windy Point, and Whitewater.

Kevin Jeffries
First District

District1@rivco.org
(951) 955-1010

Represents the cities of Wildomar, Lake Elsinore, Canyon Lake, and most of the City of Riverside. Unincorporated communities include DeLuz, Gavilan Hills, Good Hope, Lake Hills, Lake Mathews, LaCresta, Mead Valley, Meadowbrook, Spring Hills, Temescal Valley, Tenaja, Warm Springs, and Woodcrest.

Karen Spiegel
Second District

District2@rivco.org
(951) 955-1020

Represents the cities of Corona, Norco, Jurupa Valley, and Eastvale. It also includes approximately 1/3 of the City of Riverside, including the following City of Riverside neighborhoods: Northside, Downtown, Wood Streets, Magnolia Center, Grand, and the northern half of Arlanza and La Sierra Acres. Unincorporated communities include Home Gardens, El Cerrito, Coronita, and Highgrove.

Chuck Washington
Third District

District3@rivco.org
(951) 955-1030

Represents constituents from Idyllwild to Anza Borrego Desert State Park and from Temecula to San Jacinto. Representation includes the cities of Hemet, Murrieta, San Jacinto, and Temecula, and the communities of Aguanga, Anza Valley, Cahuilla, East Hemet, Gilman Hot Springs, Homeland, Idyllwild, Lake Riverside, Mountain Center, Murrieta Hot Springs, Pine Cove, Pine Meadow, the Pinyon Communities, Poppet Flats, Rancho California, Soboba Hot Springs, Valle Vista, and Winchester.

V. Manuel Perez
Fourth District

District4@rivco.org
(760) 863-8211

Represents the cities of Blythe, Cathedral City, Coachella, Desert Hot Springs, Indian Wells, Indio, La Quinta, Palm Desert, Palm Springs, and Rancho Mirage. Unincorporated communities include Bermuda Dunes, Chiriaco Summit, Colorado River communities, Desert Center, Desert Edge, Eagle Mountain, Indio Hills, Lake Tamarisk, Mecca, Mesa Verde, North Shore, Oasis, Ripley, Sky Valley, Sun City, Palm Desert, Thermal, Thousand Palms, and Vista Santa Rosa.

DEMOGRAPHIC & ECONOMIC PROFILE

Geography

Riverside County covers an expansive, varied geography encompassing many diverse, rapidly growing communities with a wide range of public service needs. It stretches nearly 200 miles across, comprising over 7,200 square miles of fertile river valleys, low deserts, mountains, foothills, and rolling plains. Riverside County shares borders with Imperial, Orange, San Diego, and San Bernardino Counties, comprising a region extending from the Pacific Ocean to the Colorado River. Riverside County is the fourth largest county in the state and tenth largest in the nation by population. The

percentage of Riverside County's population residing in its 28 incorporated cities is 84 percent; 16 percent resides in the unincorporated area.

The county is divided into five supervisorial districts encompassing the constituents in both the incorporated and unincorporated areas of each district. Each district is represented by a supervisor elected from within that district. The members of Riverside County's Board of Supervisors are:

- District 1: Kevin Jeffries
- District 2: Karen Spiegel
- District 3: Chuck Washington
- District 4: V. Manuel Perez
- District 5: Jeff Hewitt

The County of Riverside was formally established as the 55th county of the State of California on May 9, 1893, following a vote of the residents. The county was formed by merging a small section of southern San Bernardino County with the northern third of San Diego County. The communities that are now the current cities of Corona, Riverside, Moreno Valley, Beaumont, and the north half of Banning were all founded in San Bernardino County. The communities that are now the current cities of Perris, Elsinore, Murrieta, Temecula, San Jacinto, Palm Springs, Indio, and Blythe were all founded in San Diego County. The county took its name from the City of Riverside, which became the new county seat.

County Population

Riverside County is experiencing rapid population growth; from the period of 1990-2020, the average growth in population per year was 41,592. The County of Riverside is the fourth most populous county in California and the tenth most populous county in the United States. As of 2021, the population of Riverside County was 2.46 million. Since 1990, the county's population has more than doubled.

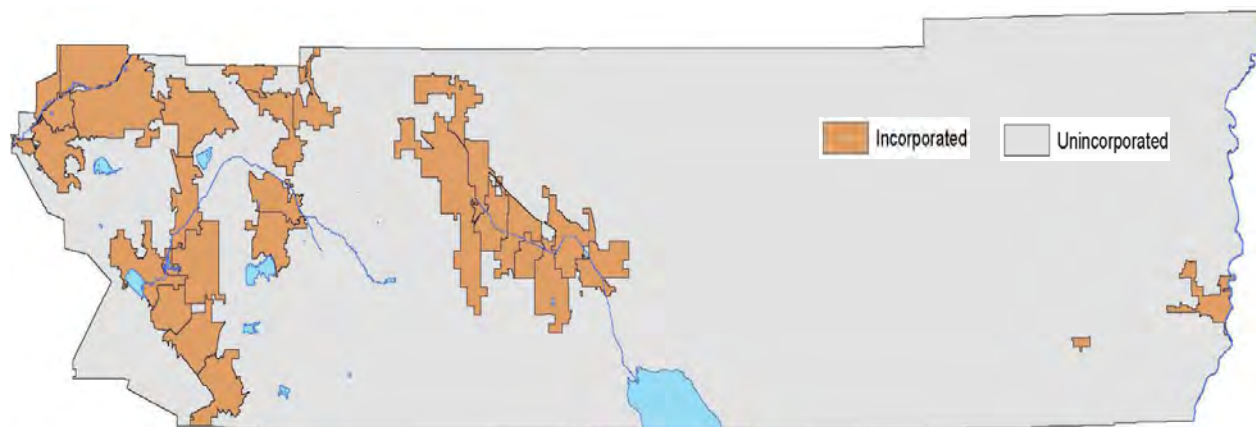

The Hispanic/Latino community in Riverside County is larger than the state average. The Hispanic/Latino population is growing and makes up 50 percent of the county's population followed by 34 percent Caucasian, 7 percent African American, and 7 percent Asian.¹

Population by City

The County of Riverside has 28 incorporated cities and the largest cities by population are Riverside, Moreno Valley, Corona, Murrieta, and Temecula. Indian Wells and Calimesa are the least populated cities⁶. The percentage of the population living in the unincorporated area is 16 percent.

Health

Out of 57 counties ranked in California, the County of Riverside ranks 35th in Quality of Life.² This measure reflects environmental conditions, economic and social factors, health behaviors, and availability and access to health care, all of which contribute to both the length and quality of life of county residents.

RIVERSIDE COUNTY 2021 HEALTHRANKINGS OUT OF 57 CALIFORNIA COUNTIES	
22 nd	Length of Life
35 th	Quality of Life

The County of Riverside is committed to improving the health of its community and seeks to achieve that goal through multiple avenues, including the Riverside University Health System (RUHS). Under this system, Behavioral Health, Ambulatory Care Clinics, the RUHS Medical Center, and Public Health work together to improve the health of county residents.

The unemployment rate for the state and Riverside County experienced a turnaround in 2021 due to the rebound after pandemic lockdowns. Riverside County's unemployment rate was lower than the state average. Unemployment rates have continued to decline in the first quarter of the 2022 calendar year as the economy bounces back. However, inflation and other national and global issues are of concern and could cause an economic slowdown in the first half of FY 22/23.

Riverside County's median family household income continued to rise in 2020 to \$70,732.¹ This was unexpected as experts predicted a decline due to the pandemic. However, federal government subsidies and private-sector ingenuity kept the economy relatively strong through much of the pandemic.

The percent of residents employed and working within Riverside County is 70 percent, while 30 percent travel to a different county for employment.³ Both inland counties have similar numbers of constituents working outside of their county. The coastal counties typically provide higher wages, explaining the high percentage of residents traveling to the coast for employment.

The County of Riverside educational attainment level has gradually increased over the last decade. As of 2020, Riverside County's percent of population with a high school diploma was 83 percent and the percent of the population with a bachelor's degree was 23.2 percent.¹

Ten Largest Employers 2020	
	Employees ⁴
County of Riverside	22,592
Amazon	10,500
March Air Reserve Base	9,600
University California Riverside	8,909
Stater Bros.	8,304
Moreno Valley USD	6,250
Kaiser Medical Center	5,780
Corona-Norco USD	5,478
Hemet USD	4,460
Ross Dress for Less	4,313

The median home price in Riverside County as of January 2022 was \$590,000 a 19.1 percent increase since January 2021.⁵ While increased values bode well for county revenue, and Riverside County homes are more affordable than the statewide average, there is nevertheless concern regarding affordability for households earning the median family income.

BUDGET PROCESS

Timeline

The budget process is year-round, beginning with development of internal service rates and culminating with adoption of the budget. Budget amendment takes place throughout the year by 4/5ths vote. A new budget process was established this year. A Strategic Financial Plan (SFP) was initiated in September and utilized as one of the strategies for developing the FY 22/23 Budget.

September through December

In September, the Executive Office and County Departments begin the SFP process. The SFP provides executive management and departments with a five-year projection of a capital improvement plan, strategic departmental priorities, General fund discretionary revenue as well as a projection of departmental revenues and net county cost. In the first quarter report, the Executive Office presents budget guidelines for the next fiscal year based on economic indicators, revenue forecasts, and Board of Supervisors priorities. Internal service rates are developed based on anticipated operating budgets for the next fiscal year in accordance with Board policy.

January through February

In the midyear report, the Executive Office updates projected budget conditions. Internal service rates are also presented for approval. The Executive Office distributes Board budget policies, priorities, and information about budget targets, deadlines, and rates to departments.

March through April

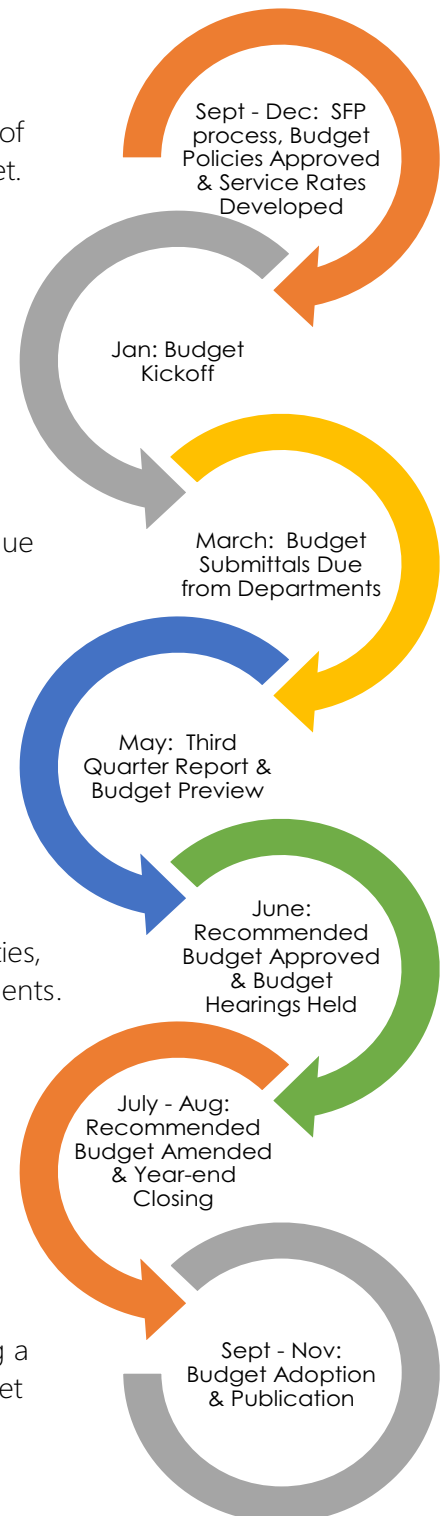

Departments submit budget requests to the Executive Office for consideration in March. If economic conditions allow, departments submit new capital improvement project requests to the Executive Office. Due to financial constraints, new projects are limited.

May

The Executive Office presents the third quarter report in May, including a current year budget status, economic forecasts, and previews budget considerations for the following fiscal year.

June

The Executive Officer presents the recommended budget for Board approval by June 30. The Board holds budget hearings and provides direction on policy decisions. After the conclusion of the hearing on the recommended budget, and not later than June 30, the board shall adopt the budget.

July through August

The Executive Office prepares amendments to the recommended budget addressing the direction given by the Board during budget deliberations. The year-end closing process begins in July, establishing the ending fund balances that roll forward to begin the budget year.

September through November

Following budget hearings, the Board may adopt the budget as amended any time prior to October 2. Once year-end balances are complete and finalized by the Auditor-Controller Office, the Executive Office finalizes the adopted budget for publication, which is submitted to the State Controller before December 1 in accordance with the County Budget Act.

About the Budget Book

The recently revised approach uses more graphics to summarize and communicate budget detail in quick, easily read snapshots. It frames departments' budget narratives within the county's strategic objectives.

The introduction summarizes key information about the county itself to provide context, about the budget process, and about the budgetary and financial policies and procedures that influence it. The budget overview provides a synopsis concisely distilling budget detail into a compact summary and outlining the long-range budget strategy.

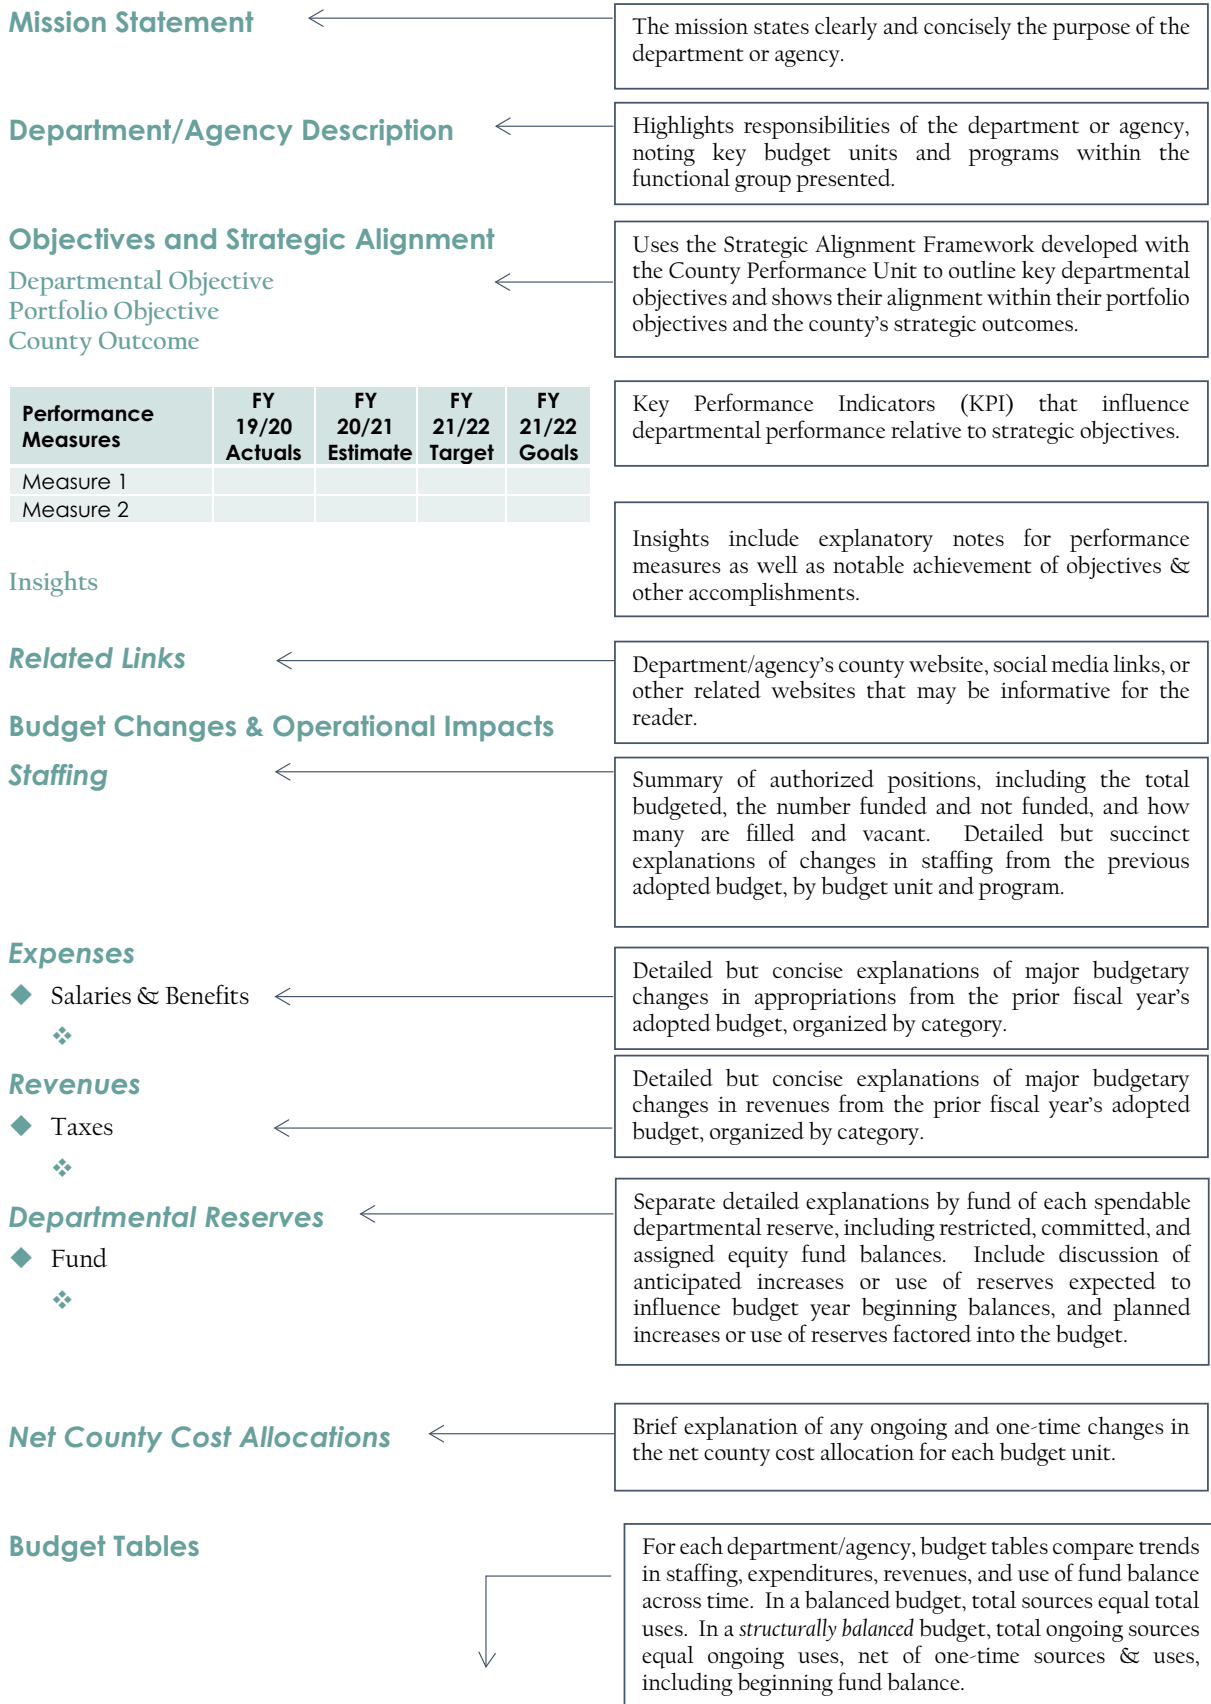

Budget narratives are gathered within a portfolio group, under one heading for each department. Departments with responsibilities spanning multiple functions requiring more than one narrative are grouped together to align with the department structure.

Budget Schedules

Pursuant to the County Budget Act, the State Controller issues the forms and methods with which counties must prepare and submit budget details. Budget Schedules 1 through 15E contained in Volume 2 of this budget document conform to those state requirements. Schedules 1 through 8 summarize the unit-level detail for the governmental funds contained in Schedules 9, and proprietary funds contained in Schedules 10 and 11. Schedules 12, 13 and 14 summarize the unit-level detail for the special district budgets contained in Schedule 15 and 15E. Schedule 10 contains the budgets for the county's internal service funds, while Schedules 11 and 15E contain the budgets for the county and special district enterprise funds, respectively. In addition, Schedule 20 contains unit-level detail of positions authorized by resolution amending Ordinance 440; and Schedules 21, 22, and 23 contain detailed listings of recommended vehicles and other fixed assets. Taken together, these budget schedules comprise the official county budget approved by the Board of Supervisors in accordance with the County Budget Act. The tables and charts contained in the narratives provide snapshots of this information.

Governmental funds account for most of the county's primary operations, the largest of which is the general fund. It is the county's basic operating fund, used to report all operating activity not accounted for in other funds. Special revenue funds account for operations with revenue sources restricted to a particular purpose. Capital project funds account for construction, rehabilitation, and acquisition of major capital assets. Debt service funds account for debt repayment. Internal service funds account for transfers between county departments supported by direct cost recovery. Enterprise funds account for county functions primarily supported by user charges to external parties.

In addition to summarizing budget detail by fund type, the State Controller's budget schedules also identify each budget unit by function, and principal activity within function. This facilitates aggregating myriad budget data across a multitude of budget units to gain a clearer picture of the sources and uses contained in the budget.

Financial Policies and Procedures

Financial policies and procedures ensure fiscal stability and provide guidance for the development and administration of the annual budget.

Budgeting

The County Budget Act contained in Government Code §§29000, et seq. governs the authority of the Board of Supervisors to adopt the annual county budget and specifies the process and deadlines by which certain actions must be achieved. These ensure appropriations authority is in place on July 1 with which to sustain core county operations, while also accommodating year-end processes that determine the budget year's beginning fund balances. This process also provides transparency and accountability in the budget process, allowing open public information and participation when the budget is considered and public hearings are held.

The County Budget Act also empowers the State Controller to prescribe the methods and forms used in presenting the formal budget (29005). Per provisions of the County Budget Act, the Riverside County Board of Supervisors has by past actions designated the County Executive Officer as the officer responsible for administering the county budget.

Preparation of the Budget

The County Executive Officer prescribes the procedures for submitting budget requests (29042).

All county officials are to provide the County Executive Officer budget requests detailing estimated financing sources and uses required on or before June 10 (29040).

The County Executive Officer receives these budget requests (29040), prepares requests when an official responsible for submitting a budget request has not done so (29045), and compiles all the requests (29060).

The County Executive Officer reviews the budget requests, prepares a recommended budget, and submits that recommended budget to the Board of Supervisors on or before June 30.

Approval of the Recommended Budget

The Board of Supervisors may make revisions, reductions, and additions to the recommended budget on or before June 30 (29063), and the County Executive Officer is responsible for revising the recommended budget to reflect those changes made by the Board (29083).

To provide the legal spending authority necessary to sustain county operations when the fiscal year begins on July 1, the Board of Supervisors must formally approve the recommended budget, as revised, on or before June 30 (29064). Approval of the recommended budget requires a majority vote.

Adoption of the Budget

- On or before September 8, the Board of Supervisors must make the recommended budget available to the public (29065) and publish public notice of its availability and announcement of public hearings on it 10 days in advance of the hearings (29080).
- Not fewer than 10 days following publication of the hearing notice, and no later than September 18, the Board of Supervisors must commence public hearings on the recommended budget (29080). The Board of Supervisors may continue those hearings day to day until concluded, not exceeding a total of 14 calendar days (29081). The Board of Supervisors must conclude budget hearings on or before October 2 (29081).
 - Any official whose budget requests have been revised (29063) and any member of the public may appear and be heard at the budget hearings (29080(c)).
 - All proposals for revisions shall be submitted in writing to the Clerk of the Board prior to close of the budget hearings (29080(d)). Increases or additions may not be made after the public hearing, unless the items were proposed in writing and filed with the Clerk of the Board before close of the public hearing or approved by the Board of Supervisors by 4/5ths vote.

- The Board of Supervisors must approve a resolution formally adopting the budget on or before October 2 (29088). Budget adoption requires a majority vote.
- The County Auditor-Controller must file copies of the adopted budget with the Clerk of the Board and the State Controller on or before December 2 (29093).

Actions Following Adoption of the Budget

- Revisions to the adopted appropriations may be made by an action formally adopted by the Board of Supervisors at a regular or special meeting as follows (29125):
 - If between funds, 4/5ths vote is required.
 - If transfers from appropriations for contingencies, 4/5ths vote is required.
 - If between budget units within a fund if overall appropriations are not increased, majority vote is required.
 - The Board of Supervisors has delegated to the County Executive Officer authority to approve transfers of appropriations within a budget unit to the extent overall appropriations of the budget unit are not increased (29125(b)).
- The Board of Supervisors may at any regular or special meeting by 4/5ths vote make available for appropriation any of the following balances over which the Board of Supervisors has authority (29130):
 - Restricted, committed, assigned, and unassigned fund balances, excluding general reserves, and non-spendable fund balance.
 - Amounts either in excess of anticipated amounts or not specifically set forth in the budget derived from any actual or anticipated increases in financing sources.

In the Event of Emergency

- If due to an emergency the Board of Supervisors has not approved a recommended budget by June 30, appropriations of the previous year final

budget shall roll over and be deemed appropriations of the new year, excluding assets and transfers out unless specifically approved by the Board (29124(a)(3)).

- The Board of Supervisors may by 4/5ths vote at any regular or special meeting adopt a resolution declaring an emergency (29127) and approve appropriations and expenditures necessary to meet that emergency, in the following cases:
 - Upon emergency caused by war, fire, failure or imminent failure of the water supply, flood, explosion, storm, earthquake, epidemic, riot, or insurrection;
 - For the immediate preservation of order or public health;
 - For the restoration to a condition of usefulness of any public property destroyed by accident;
 - For the relief of a stricken community overtaken by calamity;
 - For the settlement of approved claims for personal injuries or property damages, except claims arising from operation of public utilities owned by the county; or,
 - For mandatory expenditures required by law.
- Emergency expenditures may be paid from any money in the county treasury in any fund from which the expenditure may be properly paid (29128).

Constraints of Appropriations

- Except as provided by law, the Board of Supervisors and every other county official are limited in incurring or paying obligations to the amounts of appropriations allowed for each budget unit in the adopted budget as revised (29120).
- Except as provided by law, obligations incurred or paid in excess of budget unit appropriations are not a liability of the county, but a personal liability of the official authorizing the obligation (29121). Except on court order, for an emergency, or as provided by law, the Board of Supervisors cannot

approve a claim nor the Auditor issue payment for any obligation that would result in a budget unit exceeding its appropriations (29122).

- Any unencumbered appropriations remaining at the end of the fiscal year shall lapse and revert to the available fund balance from which they were appropriated (29143).

Basis of Budgeting

Government accounting is distinguished from business accounting by use of funds to separate resources of a jurisdiction by type or use. These fund types are defined by the Governmental Accounting Standards Board (GASB) as follows:

- Governmental Funds
 - General fund
 - Special revenue funds
 - Capital project funds
 - Debt service funds
 - Permanent Funds
- Proprietary Funds
 - Enterprise funds
 - Internal service funds
- Fiduciary Funds

Governmental funds account for the primary operations of a jurisdiction. The annual budget for governmental funds is done on the modified accrual basis of accounting. Modified accrual accounting recognizes revenues when the dollar value of the revenue is known and collectible within the current period. Proprietary funds account for the business-type functions of a jurisdiction that provide services almost exclusively on a fee-for-service basis. Because they are intended to operate like businesses, the annual budgets for proprietary funds are done on the full accrual basis of accounting. Full accrual accounting recognizes both revenue and expense when earned. Because they hold assets for other parties, annual budgets are not adopted for fiduciary funds.

Fund Descriptions

For budgetary purposes major funds may differ from major funds reported in the County of Riverside Annual Comprehensive Financial Report (ACFR). In the ACFR, major funds are those whose revenues, expenditures, assets, or liabilities are at least 10 percent of all governmental or enterprise funds and at least 5 percent of the aggregate amount for the same item. In a budget document, any fund whose revenues or expenditures, excluding other financial sources and uses, constitute more than 10 percent of the revenues or expenditures of the appropriated budget should be considered a major fund. The budgetary funds and descriptions are as follows:

Major Funds

The general fund is the county's primary operating fund, comprising 57.7 percent of the overall budget. It is used to account for all revenues and expenditures necessary to carry out the basic governmental activities of the county that are not accounted for through other funds. The county general fund includes such functions as general government, public protection, health and sanitation, public assistance, education, and recreation and culture services.

The Riverside University Health Systems - Medical Center (RUHS-MC) Enterprise Fund accounts for the maintenance of physical plant facilities and providing quality care to all patients in accordance with accreditation standards; the bylaws, rules and regulations of the medical staff; and the RUHS-MC. Total appropriations for this fund comprise 12.7 percent of the overall budget. Revenue for this fund is primarily from charges for services, and secondarily from the County's general fund.

Non-Major Funds, Governmental

A special revenue fund is a governmental fund used to account for and report proceeds of specific revenue sources restricted or committed to expenditures for specified purposes other than debt service or capital projects. Examples include Community Services, County Service Areas, In-Home Support Services and Regional Park and Open-Space.

A capital project fund is a governmental fund used to account and report for financial resources restricted, committed, or assigned for the acquisition or construction of major capital projects. Examples include Developers Impact Fee (DIF) Operations, the County of Riverside Enterprise Solutions for Property Taxation (CREST) Project, and Capital Improvement Project (CIP) funds.

A debt service fund is a governmental fund used to account and report financial resources restricted, committed, or assigned to expenditure for principal and interest. Examples include Pension Obligation Bonds, Teeter Debt Service, and Public Financing Authority.

Non-Major Funds, Proprietary (Business-Type) and Others

An internal service fund accounts for goods or services for which the county charges internal customers. Examples include Human Resources, Information Technology, Fleet Services, Custodial Services, and Maintenance Services funds.

An enterprise fund accounts for goods or services for which the county charges outside customers. Examples include Waste Resources and Housing Authority funds.

Special district and other agency funds are used to account and report financial resources of independent units of local government organized to perform a single government function or a restricted number of related functions. Examples include County Service Areas, Flood Control and Water Conservation District, Perris Valley Cemetery Operations, and the Regional Parks and Open Space District.

Strategic Financial Plan

The County Executive Officer has identified four strategic initiatives for the county: achieve fiscal stability, transform service delivery, seek systemic equity, and improve quality of life. The FY 22/23 budget was developed with these strategic initiatives in mind. This was the first year creating a Strategic Financial Plan (“The Plan” or “SFP”) with five-year

projections, which was used as an internal tool for building the FY 22/23 Budget. The SFP was developed to identify significant issues that must be addressed to achieve the county’s goals for fiscal stability. The SFP was used as an internal tool to facilitate the budget process and assist with future objectives as listed below:

- The plan was used to gauge the needs and resources to ensure that the county’s financial position is sufficient to support ongoing services and long-term needs.
- The plan was used to solidify departments’ budgetary needs and resource constraints while promoting collaborative discussions to simplify the budget process, primarily related to general fund net county cost targets.
- The plan provided the executive management with a five-year capital improvement plan, five years of strategic department priorities, and a five-year projection of discretionary revenue.
- Independent economists gather economic data from the national, state, and local levels to produce a five-year general-purpose revenue forecast for the county. This five-year outlook is a vital component in the financial planning process, the county uses to develop plans that maintain the financial health and stability of the county.

Governmental Fund Balance and Reserve Policy

Fund balance is the difference between assets and liabilities on a governmental fund balance sheet, and represents the net remainder of resources less expense at year-end. It is a widely used component in government financial statements analysis. Board Policy B-30, Government Fund Balance and Reserve Policy, establishes county guidelines for use of fund balance with restricted purpose versus unrestricted purpose. This policy applies to governmental funds, which includes the general fund, special revenue funds, capital projects funds, debt service funds, and permanent funds. GASB Statement No. 54, which applies to periods beginning after June 15, 2010, governs how fund balance information is reported to enhance its decision-making value.

Governmental Fund Balance Categories

Governmental fund balances are comprised of the following categories:

- Non-spendable fund balance: amounts that cannot be spent because they are not in spendable form or must be maintained intact.
- Restricted fund balance: amounts specified by external parties, such as laws, regulations creditors, or grantors.
- Committed fund balance: unrestricted amounts formally committed by the Board for a specific purpose. Board approval is required to establish, change, or remove a commitment.
- Assigned fund balance: unrestricted, uncommitted amounts set aside for a specific intended purpose.
- Unassigned fund balance: general fund equity not reported in any other category and available for use. The general fund is the only fund that has unassigned fund balance.

Spending Prioritization

Board Policy B-30 intends to ensure that:

- When both restricted and unrestricted fund balances are available, restricted amounts are used first.
- Unrestricted fund balance are used in the following order: committed, assigned, and unassigned.

Minimum Balance Requirements

Guidelines for minimum fund balance for governmental funds are essential to ensuring a prudent equity level is maintained for working capital to cover expenditures pending receipt of revenues, delays in revenue receipt, or revenue shortfalls.

Unassigned Fund Balance – General Fund

The Board's objective is to maintain a general fund unassigned fund balance of at least 25 percent of the fiscal year's estimated discretionary revenue. A

portion of this fund balance may be separately identified for one-time or short-term coverage or budgetary crises. If unassigned fund balance is drawn below 25 percent, the County Executive Office is required to develop a plan to restore it to the minimum level within three years.

Fund Balance – Special Revenue Funds

Special revenue fund balances are to be kept at or above the minimum level dictated by the funding source and should not fall below zero. If the fund balance drops below minimum levels, the department responsible for the fund will develop a plan to restore the balance to established minimum levels within two years.

Pension Management Policy

- The focus of Board Policy B-25, Pension Management And Other-Post Employment Benefits (OPEB) Policy, is to ensure financial stability through proper pension plan management. This policy applies to the county defined benefit pension plans administered by the California Public Employees Retirement System (CalPERS), the Section 115 OPEB Trust, the Temporary and Part-Time Employees' Retirement Plan, and the Section 115 Pension Trust.

Pension Management Policy Overview

- The county's defined benefit pension assets constitute a trust independently administered by CalPERS to satisfy the county's retirement obligations. The county bears the ultimate responsibility to meet pension obligations.
- The county sets contribution rates sufficient to:
 - Pay any amounts due to CalPERS;
 - Capture full cost of annual debt service on any pension obligation bonds outstanding;
 - Collect amounts sufficient to make required deposits to the liability management fund in connection with the issuance of such bonds; and,

- Pay consultants hired to assist the Pension Advisory Review Committee (PARC).
- Withdrawal of a group of employees from participation in the plans does not necessarily trigger a distribution of assets.
- If any employee group or department separates from the county, the associated actuarial liability and pension assets are subject to independent actuarially determined “true value.”
- All contracts or grants include the full estimated pension cost in the contract or grant. Upon termination of such contracts or grants, a termination payment may be negotiated to reflect any unfunded liability associated with such employees.
- Such liability management funds are funded by projected savings from issuance and only used to: retire pension bond debt, or be transferred to CalPERS to reduce any unfunded liability, or deposit in the Section 115 Pension Trust to assist with pension rate stabilization, or potentially share with departments, or, any combination of the above.

PARC evaluates recommendations annually regarding prepayment of pension obligation bonds, or to make additional discretionary payments to CalPERS and evaluate the potential associated savings.

Pension Advisory Review Committee (PARC)

- The PARC is comprised of a representative of the County Executive Office (Chair), the County Treasurer-Tax Collector, the Human Resources Director, the County Auditor-Controller, and a local safety member department representative.
- The PARC meets at least annually or as necessary upon the call of the Chairperson to address county pension plan topics.
- Each year, PARC prepares a public report on the status of the county’s CalPERS pension plans, the Temporary and Part-Time Employees’ Retirement plan, the Other Post-Employment Benefits plan and Section 115 OPEB and Pension Trusts.
- PARC reviews proposed changes to pension benefits or liability amortization schedules, and provides the Board of Supervisors with an analysis of the long-term costs and benefits.

Pension Obligation Financing

Issuance of pension-related debt is reviewed first by PARC.

- The county may establish a liability management fund in connection with the initial debt issuance, and any future issuance.

Investment Policy

Board Policy B-21, County Investment Policy, safeguards public funds by assuring prudent investments, practices and oversight. The policy applies to all funds held in the county treasury, and those held in trust outside of the county treasury. The County Treasurer-Tax Collector’s Statement of Investment Policy is the county standard. Policy updates are reviewed annually by the County Investment Oversight Committee (IOC) and approved by the Board of Supervisors. The Treasurer’s delegation of investment authority is approved annually by the Board of Supervisors, pursuant to state law. All investments are governed by restrictions defining the type of investments authorized, maturity limitations, portfolio diversification, credit quality standards, and applicable purchase restrictions.

Fiduciary Responsibility

The County Treasurer-Tax Collector, or governing body authorized to make investment decisions on behalf of local agencies, is a trustee and therefore a fiduciary subject to the prudent investor standard. Government Code §27000.3 requires that when investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a county treasurer or board of supervisors will act with care, skill, prudence, and diligence to safeguard the principal and maintain the liquidity needs of the county and other depositors.

County Treasurer-Tax Collector's Pooled Investment Fund Portfolio Objectives

The Treasurer actively manages the pooled investment portfolio in a manner responsive to the public trust and consistent with state law with the objectives to:

- Safeguard investment principal.
- Maintain sufficient liquidity to meet daily cash flow requirements.
- Achieve a reasonable rate of return or yield on the portfolio consistent with these objectives.

Investment Oversight Committee (IOC)

The IOC has five members and is chaired by a representative of the County Executive Office. IOC members are nominated by the Treasurer and confirmed by the Board of Supervisors, as openings occur. Members of the IOC are chosen from among the following:

- The County Executive Office (chair)
 - The County Treasurer-Tax Collector
 - The Auditor-Controller
 - The County Superintendent of Schools
 - A representative selected by schools and community college districts
 - A representative of the Board of Supervisors
 - A representative selected by special districts with funds in the County Treasury
 - Up to two members of the public
- IOC duties are specified in Government Code §27133 (review of investment policies), §27134 (compliance audits), and §27137 (prohibits members from making investment decisions), and are limited to funds in the pooled investment fund, and any other funds outside of the county treasury whose investment are under the direct control of the County Treasurer-Tax Collector or Board of Supervisors.
- IOC members are advised of, and subject to, Government Code §§27132.1, 27132.3, and

§27133(d) (conflicts of interest prohibitions), as well as limits on gifts and honoraria set by the Fair Political Practices Commission (FPPC).

Debt Management Policy

Board Policy B-24, Debt Management Policy, was created to ensure the financial stability of the County, reduce the County's cost of borrowing, and protect the County's credit quality through proper debt management. This policy applies to all direct county debt, conduit financing, and land secured financing.

Debt Management Policy Overview

- Long-term debt is not used to finance ongoing operational costs. When possible, the county pursues alternative sources of funding, such as grants, to minimize the level of direct debt.
- The county uses special assessment revenue, or other self-supporting debt instead of general fund debt whenever possible.
- Debt issued shall not have a maturity date beyond the useful life of the asset acquired or constructed.
- Long-term, general fund obligated debt is incurred, when necessary, to acquire land or fixed assets based upon project priority and ability of the county to pay. The project should be integrated with the county's long-term financial plan and capital improvement program.
- The county establishes an affordable debt level to preserve credit quality and ensure sufficient revenue is available to pay annual debt service. Aggregate debt service, excluding self-supporting debt and resources other than the general fund, will not exceed seven percent (7%) of general fund discretionary revenue.
- The county's variable rate debt ratio will not exceed twenty percent (20%) of the total outstanding debt, excluding variable rate debt hedged with cash, cash equivalents, or a fixed-rate swap.
- When it benefits the county's financial or operating position, the county reviews outstanding debt and initiates fixed-rate

refundings. The terms of such refundings do not extend the maturity beyond the original debt, without compelling justification.

- Each county department, agency, district or authority managing debt will observe applicable state and federal regulations and laws regarding disclosure in all financings and file annual reports and material event notices in a timely manner.

Debt Advisory Committee (DAC)

The DAC reviews proposed county-related financings at least once prior to approval by the Board of Supervisors.

The DAC has seven members:

- A representative of the County Executive Office (Chair)
- The County Treasurer-Tax Collector
- The County Auditor-Controller
- County Counsel
- The Director of the Office of Economic Development
- Community Facilities District/Assessment District Administrator
- General Manager Chief Engineer, Flood Control & Water Conservation District

DAC meetings are held monthly or as called by the chairperson. Each financing proposal brought before the DAC includes:

- A detailed description of the type and structure of the financing
- Full disclosure of the specific use of the proceeds
- A description of the public benefit to be provided by the proposal
- The principal parties involved in the financing
- Anticipated sources of repayment
- An estimated statement of sources and uses
- Any credit enhancements proposed

- The anticipated debt rating, if any
- An estimated debt service schedule

The DAC acts on items brought before it with either a “Review and File” or “Review and Recommend” action.

Conduit Financing

Conduit financing is an arrangement involving a government agency using its name in an issuance of fixed income securities for a large capital project. The county uses conduit financing to encourage:

- Development of residential housing intended to provide quality, affordable single-family housing for first time homebuyers, within incorporated and unincorporated areas.
- Development of residential housing that complies with both federal and state requirements for low- and moderate-income multi-family housing within the incorporated and unincorporated areas of the county.
- Commercial, retail, industrial, and other development projects that increase the employment base within the county to create jobs/housing balance and enhance the overall tax base of the county.

Land Secured Financing

Community Facilities Districts (CFDs) or Special Benefits Assessment Districts (ADs) are considered when public facilities of a residential development represent a significant public benefit:

- The county uses CFDs or ADs to develop commercial or industrial properties that increase jobs, property or sales tax revenues, and major public improvements.
- Projects comply with the requirements of the Improvement Act of 1911, the Municipal Improvement Act of 1913, the Improvement Bond Act of 1915, or the Community Facilities Act of 1982, and provisions of Board Policy B-12.

Alternative Financing Products

Alternate financing products are different methods that may be used by the county to reach their financial objectives, such as:

- Achieving greater debt savings by taking advantage of market conditions
- Better managing county assets and liabilities
- Reducing interest rate risk
- Increasing cash flow savings

The county does not use alternative financing products for speculative purposes, and Board of Supervisors approval is required.

Budget Overview

Executive Summary

The FY 22/23 Recommended Budget establishes \$7.5 billion in appropriations, a net increase of 8 percent or \$571 million. The budget increase results primarily from increased labor costs associated with union contracts and increased project cost funded with state and federal revenue increases. Revenue across all funds is projected to increase by \$607 million, or 9.1 percent over the prior fiscal year and is projected at \$7.3 billion. The revenue increase is mostly attributed to an increase in taxes and state and federal revenue, including COVID-19 related grants.

The Executive Office is strategically leveraging departmental reserves, net assets, and reserved funding sources to recommend a FY 22/23 balanced budget.

County General Fund

\$4.3 billion is budgeted in appropriations for the County General Fund, a net increase of \$333 million or 8.4 percent over the prior fiscal year. General Fund revenue is anticipated to increase to \$4.3 billion, or a 9.7 percent increase over prior year. The revenue increase plus use of departmental reserves creates a balanced general fund budget.

County General Fund - Discretionary

For FY 22/23, the county anticipates discretionary revenue of \$1 billion, a net increase of \$92 million or 10 percent from the FY 21/22 Adopted Budget. The increase is primarily attributed to a net increase of \$23 million in property taxes, \$23 million in motor vehicle in-lieu revenue, \$10 million in sales and use tax, and \$9 million in redevelopment residual assets.

General fund discretionary spending, or net county cost (NCC in the Recommended Budget is \$1 billion, a net increase of \$39 million from prior year adopted budget. The budget increase results primarily from increased labor and unanticipated one-time costs. The NCC includes an allocation of \$19.7 million for the augmentation fund to be distributed for one-time projects or services designated by the Board of Supervisors. The Recommended Budget NCC of \$1 billion also includes \$20 million in contingency,

reserved for emergency board action, and \$5 million for community investment as part of the Unincorporated Communities Initiatives (UCI). The Executive Office is recommending a balanced General Fund Discretionary Budget.

Reserves

FY 22/23 reserves balance is projected at \$368 million, with a beginning balance of \$368 million assuming the entirety of the one-time \$20 million contingency is spent. This is \$115 million above the 25 percent of the discretionary requirement based on Board Policy B-30.

General Fund Projected Financial Position Fiscal Year 22/23 (in Millions)	
Beginning FY 22/23 Reserves	\$368
Discretionary Revenue	1,013
Less: Net County Cost	1,013
Net Deficit from Operations	(0)
Projected Ending FY 22/23 Reserves	\$368

American Rescue Plan Act

On March 11, 2021, President Biden signed the American Rescue Plan Act (ARPA) into law. The \$1.9 trillion package is intended to combat the COVID-19 pandemic, including the public health and economic impacts. As part of the \$362 billion in federal fiscal recovery aid for state and local governments, \$65.1 billion is provided in direct aid to counties. The deadline for expenditure of the ARPA funds is December 31, 2026.

Riverside County's share of the ARPA funding is \$479.8 million, split into two installments of \$239.9 million each. The second installment is expected in 2022. For FY 22/23, an initial budget of \$15 million is recommended and additional funds will be budgeted throughout the year based on eligibility and Board approval. The Board has approved an effective and equitable spending plan, with a focus on supporting public health, laying the foundation for a strong economic recovery, investing in infrastructure and housing, and strengthening community resiliency.

Budget at a Glance

Budget Net of Operating Transfers

Use of Fund Balance	189,914,330
Total Sources	7,454,242,123

Budgeted Appropriations

Overall, the budget contains \$7.5 billion in total appropriations across all funds, an 8.3 percent net increase of \$570.9 million from the previously budgeted levels. Broken out by portfolio, the largest of overall county appropriations is \$1.9 billion for the RUHS Health and Hospital Services portfolio at 25.7 percent, reflecting a 12.2 percent increase, followed closely by \$1.8 billion for the Public Safety portfolio at 24.2 percent, reflecting a 7.3 percent

increase, and \$1.6 billion for the Human Services portfolio at 21 percent, reflecting an increase of 6.1 percent. These three portfolios comprise 70.9 percent of total appropriations. Public Works and Community Services portfolio comprises 10.5 percent of all appropriations at \$785 million, a net increase of 9.8 percent. The Internal Services portfolio comprises 9 percent. All other portfolios combined comprise the remaining 9.6 percent.

General Fund Estimated Revenue

The budget projects \$4.3 billion in estimated general fund revenue, or 58.9 percent of the total county budget, a 9.7 percent net increase of \$378 million. By portfolio, the Human Services Portfolio is projected to receive \$1.2 billion, or 27.6 percent of general fund revenue, a net revenue increase of 0.3 percent. The Finance and Government Services Portfolio is projected to collect \$1.1 billion, or 26.9 percent, a net revenue increase of 10.3 percent. The Finance and Government Services Portfolio departments are responsible for collecting the bulk of the county's general-purpose revenue, causing the amount of

revenue attributed to that functional group to be disproportionate to their appropriations. Such revenues include property taxes, sales and use taxes, and interest revenue. The Public Safety Portfolio is projected to collect \$1.1 billion, or 24.7 percent of estimated general fund revenues, a net increase of 13.5 percent. The RUHS Health and Hospital Services Portfolio is projected to collect \$757.7 million, or 17.7 percent of general fund revenue, reflecting a net revenue increase of 17.6 percent. The other portfolios together comprise only 3.1 percent of all estimated general fund revenues.

Discretionary General Fund Estimated Revenue

Overall, county spending is dominated by mandated core functions such as health, welfare, and criminal justice, which are heavily supported by purpose-restricted state and federal subventions. While having fiduciary responsibility for oversight of the entire county budget, the Board of Supervisors has discretionary spending authority over a limited amount of the county's overall financial resources.

The Board alone decides how general fund discretionary revenue will be spent. Only

23.7 percent, or \$1 billion, of the county's estimated general fund revenue is general-purpose, with the remaining 76.3 percent comprised of purpose-restricted sources such as state and federal revenues.

General fund discretionary revenues are estimated in part on internal projections based on revenue history, and on reports from independent economists hired by the county to provide economic forecasts.

(in millions)

Prop 172 Public Safety Sales Tax	\$ 216.8	\$ 233.3	\$ 260.2	\$ 284.1	\$ 50.9	22%
---	-----------------	-----------------	-----------------	-----------------	----------------	------------

Property Taxes

Property tax revenue comprises 45 percent of the county’s general fund discretionary revenue, and is estimated at \$459.4 million, including \$140.6 million in redevelopment tax increment pass-thru revenue. As property values increase, this revenue increases. Property tax estimates assume 5 percent growth in assessed valuation.

Annual Change in Assessed Value

Motor Vehicle In-lieu Fees

Motor vehicle in-lieu revenue is estimated at \$325.2 million and represents about 32 percent of the county’s discretionary revenue. When the state converted this revenue source to property tax revenue, it became tied to changes in assessed valuation. In essence, although tracked separately, it is now just another component of property tax revenue. When combined with traditional property taxes, property-driven revenue equates to 77 percent of the county’s general fund discretionary revenue.

Property Taxes and Motor Vehicle In-lieu

Sales and Use Taxes

Sales and use taxes are estimated at \$42.9 million and represent about four percent of the county’s discretionary revenue. Consumer spending continues to increase. The business-industry sector posted strong receipts, with cost of goods rising due to shortages and high shipping costs. The restaurant and hotel sector are benefiting from the gap between inflation for food purchased for cooking at home versus dining out. Also, the County’s share of the statewide use tax pool is a contributing factor to the higher estimate.

Sales & Use Tax Revenue

Teeter Overflow

The Teeter Plan provides for a tax distribution procedure by which secured roll taxes are distributed to taxing agencies within the County included in the Teeter Plan on the basis of the tax levy, rather than on the basis of actual tax collections. In return, the county retains the actual taxes received, plus penalties and interest on delinquent taxes. The TLRP captures revenues and expenditures associated with the program. Revenue exceeding financing costs and the necessary tax loss reserve is discretionary revenue released to the general fund annually. The annual release is in accordance with the revenue and taxation code, and consistent with prudent risk management. The TLRP revenue has remained at \$18.4 million, the same from the adopted budget projections. Due to key assumptions such as, assessment roll growth, interest and delinquency rates for FY

22/23, Teeter Overflow revenue is estimated at \$20 million.

Interest Earnings

The Treasurer’s estimate includes factors such as: general fund balances in the Treasurer’s Pooled Investment Fund (TPIF), current and projected level of interest rates, and the continuation of accommodative US Federal Reserve monetary policy, impacting interest earned by investors such as the TPIF. The general fund interest earnings for FY 22/23 are estimated at \$11 million. On March 16, 2022, the Federal Open Market Committee (FOMC) voted to increase the FED Funds target rate by 0.25 percent, and again by 0.50 percent on May 4, 2022.

The FED Funds rate target range is now 0.75 to 1.00. The Treasury curve term structure indicates that there will be more hikes. The 1-Year U.S. Treasury Bill has increased from 0.068 percent on September 30, 2021, to 1.953 percent on May 9, 2022, a strong indication that the market expects the FOMC to continue to increase the target FED Funds rate range over the course of a year.

General Fund Interest Earnings
(in millions)

Court Fines and Penalties

Court fines and penalties are estimated at \$15.9 million. Representing two percent of the county’s discretionary revenue. Fines and penalties are tied to funding the county’s obligation to the trial courts, and subject to state maintenance-of-effort requirements. The county continues to shift fines and fees resulting from trial court reform to the state.

Documentary Transfer Tax

Documentary transfer tax revenue is generated by recordation of transfers of real property ownership and is projected at \$19.4 million, an increase of 13 percent.

Franchise Fees

Franchise fee revenue is collected as part of franchise agreements executed between the county and utility, waste, and cable franchisees. Franchise revenues are typically calculated as a percentage of the franchise revenue from services and sales to customers within the county. Franchise revenue is estimated at \$6.9 million. Previously, cable franchise fees were administered by the Clerk of the Board and applied to their budget as departmental revenue. However, since cable franchise fees are declining due to increased obsolescence, this revenue was realigned to discretionary revenue to stabilize the Clerk of the Board’s budget. Franchise revenues tracked here do not include franchise revenue from solar power plant projects, which are deposited to a separate fund per Board policy.

Tobacco Settlement Revenue

In 1998, when the master tobacco litigation settlement was finalized, tobacco companies agreed to pay for causing tobacco-related problems across the nation. California cities and counties entered into an agreement with the state establishing allocation of the proceeds. In 2007, the county sold a portion of its tobacco settlement income to generate a one-time lump-sum amount. This year the annual payment will be \$11.5 million, which the general

fund contributes to the county medical center to use for debt service payments.

Federal, State, and Other Miscellaneous

A small portion of the general fund revenue received from federal and state sources is unrestricted and available for discretionary use. Miscellaneous revenue includes other revenue not readily classified in other categories. Miscellaneous Federal and State is estimated at \$4.9 million. Other Miscellaneous is estimated at \$25.8 million and some of the major sources are transient occupancy tax, El Sobrante landfill fee, landfill lease agreement, and city revenue sharing.

Discretionary General Fund Net County Cost

The discretionary general fund portion of the budget includes \$1 billion in net county cost allocations. The tables below list the net county cost allocations summarized by portfolio and department within the general fund, as well as a breakout of individual contributions to other county funds and outside agencies with which the county has obligations.

Strategic Objectives and Budget Strategies

Budget Strategies

A Strategic Financial Plan (SFP) was initiated in September and utilized as one of the strategies for developing the FY 22/23 Budget.

Financial Objectives

The Executive Office focuses on multi-year fiscal planning for fiscally sustainable operations that support the county's strategic vision. These financial objectives include:

- Reduce Structural Deficit - Achieving a structurally balanced budget where ongoing expenditures do not exceed ongoing revenues. Also, limiting use of one-time resources to only fund one-time expenditures and rebuild reserves.
- Maintain Healthy General Fund Reserves/ Unassigned Fund Balance - Achieving and maintaining prudent General Fund reserves and working capital.
- Maintain Internal Support Flat Cost (some exceptions)
- Establish Greater Employee Position Control
- Achieving Efficiencies - Identifying and adopting operational efficiencies, streamlining countywide processes, especially internal services.
 - Evaluate Budget Processes Countywide

Labor and Pension Costs

Generally, departments absorb labor costs such as annual salary increases, annual leave payouts, pension increases, and internal support costs, including insurance.

Internal Service Costs

- For FY 22/23, Internal Service (ISF) and General Support Service (GSS) departments were directed to provide user departments with predictable costs.

- The departments are expected to continue reducing costs through efficiencies and adjusting user department costs appropriately.
- Departments were instructed to develop an appropriate allocation methodology for countywide core services based on a roll-over budget (not including any pass-through costs). The department rolled over last year's direct rates where an allocation is inappropriate.

Cost Containment & Avoidance

Given limited options to address growing costs while containing discretionary spending overall, the Executive Office advocates an aggressive approach to maintaining structural balance. This budget strategy emphasizes a pragmatic, fiscally disciplined, multi-year approach.

- Tying new position authorization together with appropriations and funding availability.
- Selectively deauthorizing and deleting unfunded vacant positions that serve no current operational purpose.
- Limit hiring to filling mission-critical positions.
- Evaluating historical returns of discretionary allocations to identify and eliminate other forms of over-funding and reallocate where mission-critical.

Full Cost Recovery

- Bringing departmental fee schedules current and keeping them up to date.
- Ensuring contracts with other jurisdictions using county services and facilities are kept current with actual costs.

Multi-Year Forecast

The Executive Office prepares multi-year discretionary funding forecasts to set the context for major policy decisions of an ongoing nature. This multi-year approach enables the long-range planning and fiscal discipline necessary to achieve and maintain a structurally balanced budget with adequate reserves (Board policy sets the reserve request at 25 percent of revenue). The model below depicts a five year forecast assuming an average five percent growth in discretionary revenue with a four percent escalator in net county cost. This also anticipates that one-time revenue will build reserves.

Multi-Year Discretionary Funding Forecast (4% NCC Escalator)
(in millions)

Introduction

The University of California Cooperative Extension (UCCE) Riverside County programs enhance the quality of life and the environmental and economic well-being of the citizens of California through research and education. Programs include agriculture, nutrition, family and consumer sciences, 4-H youth development, and natural and environmental sciences. The UCCE Riverside was established in 1917 via a Memorandum of Understanding (MOU) between the University of California Agriculture and Natural Resources (UC ANR) and the County of Riverside. In this partnership, the university provides funding for researchers and educators and Riverside County provides General Fund support for the division's operational budget.

Total Appropriations

Appropriations by Category

Cooperative Extension

Mission Statement

To enhance the quality of life and the environmental and economic well-being of the constituents of California through research and education.

Description

The University of California Cooperative Extension (UCCE) Riverside County programs enhance quality of life and the environmental and economic well-being of the constituents of California through research and education. Programs include agriculture, nutrition, family and consumer sciences, 4-H youth development, and master gardener. The UCCE Riverside was established in 1917 via a Memorandum of Understanding (MOU) between the University of California Agriculture and Natural Resources (UCANR) and the County of Riverside. In this partnership, the university provides funding for researchers and educators and Riverside County provides General Fund support for the division’s operational budget.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Enhance competitive, sustainable food systems with agricultural production and innovation through research and outreach efforts. Maintain sustainable urban horticulture and natural ecosystem.

Portfolio Objective

Protect agriculture, the environment, and animal welfare.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Attendees at agricultural educational and urban horticulture outreach events	3,054	3,218	3,542	3,427
Number of agricultural research projects	27	35	40	39

Insights

- Crop Production & Entomology: Field trials have focused on alfalfa insect control, biostimulants/ growth enhancement products, and heat mitigation.
- Viticulture: A research project focused on the search for an alternative material to break dormancy in table grapes.
- Small Farm: Organized two workshops to address the needs of our farmers in the inland empire.

OBJECTIVE 2

Department Objective

Promote healthy lifestyles, science literacy, and positive youth development through the Healthy Families and Communities initiative; nutrition education for adults and children; and encouraging youth engagement, especially in underserved communities, through the formation of 4H clubs.

Portfolio Objective

Enhance county attractiveness, vibrancy, and resident engagement.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Financial value of service contribution of Master Gardener and 4-H youth program volunteers (in millions)	\$13.00	\$13.00	\$13.00	\$13.00
Number of education participants in Nutrition/4-H programs	4,753	5,450	6,470	6,470

Insights

- The Nutrition Program builds strong relationships with schools and community partners to educate limited resource youth and families on how to manage food resources, improve diet quality and physical activity, and become more food secure. Our program is in 38 locations countywide including 20 schools in 6 school districts, 9 Head Start/ECE sites, and 3 Supplemental Nutrition Appreciation Program (SNAP) offices.
- Master Gardener: UCCE Master Garden Program provide research based horticulture information to the gardening public in Riverside County. Master Gardener Volunteers reach out to their local communities through hands on demonstrations, public speaking and one on one education.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 staff budget includes five fully funded positions.

Expenses

No net changes

- Salaries & Benefits
 - Net decrease due to a reduction in retirement expenses.
- Services & Supplies
 - Net increase due to ISF insurance property cost increases.

Net County Cost Allocations

The net county cost allocation will remain the same as last year's amount of \$687,896.

Introduction

The Finance and Government Services portfolio provides county governance and administrative oversight. These include legislative, administrative, finance, counsel, elections, property management, plant acquisition, and promotional activities. The Board of Supervisors, supported by the Clerk of the Board, serves as the governing legislative body of the county, while the Executive Office provides administrative oversight under the Board's direction. Finance activities include assessment of property values by the Assessor; enrollment and distribution of the tax levy, depositing revenue collection, processing payments, entering budget adjustments by the Auditor Controller; collection of property taxes and management of the investment pool by the Treasurer-Tax Collector; and, procurement services by the Purchasing Agent. County Counsel performs legal advice and litigation support activities for the Board of Supervisors and county departments.

Total Appropriations

Appropriations by Category

Revenues by Source

Assessor

Mission Statement

Fulfill the legally and locally mandated functions of the Assessor in an accurate, timely, professional, and courteous manner and ensure high quality service.

Description

The Assessor Division is part of the Assessor-County Clerk-Recorder business unit (ACR). The ACR is overseen by the elected Assessor-County Clerk-Recorder.

By law, the Assessor must locate all taxable property in the County of Riverside, identify the owners, and describe the property. The Assessor must determine a value for taxable property and apply legal exemptions and exclusions. The Assessor must also complete an assessment roll showing the assessed values for all taxable property in Riverside County. The Assessor’s Office consists of the following divisions that address and serve the specific needs of the property taxpayers: Agriculture, Business Personal Property, Commercial, Manufactured Homes, and Residential.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Maximize performance while containing cost.

Portfolio Objective

Promote county financial sustainability.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Motor vehicle in lieu revenue generated for every \$1 spend	\$10.67	\$10.68	\$10.70	\$10.70
Property tax generated for every \$1 spend	\$121.85	\$122.11	\$122.32	\$122.32

Insights

- Assessment activity is responsible for the largest portion of the County’s discretionary revenue. Moreover, the Assessor’s accurate and timely roll serves as the basis for property tax revenue for the State, Cities, Schools, and special districts.
- This Key Performance Indicator (KPI) measures the return on every dollar spent on assessment activity. Measuring total operating costs in relationship to the amount of property taxes generated allows the department to analyze how effectively it utilizes its resources to evaluate the increasing amount of owned property within the County.
- By leveraging technology, training, and continuously improving processes, the ACR expects staffing levels will stay consistent as workload continues to increase.

OBJECTIVE 2

Department Objective

Optimize staffing efficiency.

Portfolio Objective

Promote county financial sustainability.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Hours per active assessment	2.00	1.99	1.95	1.95
Hours per assessment	0.23	0.22	0.21	0.21

Insights

- Employees comprise the majority of departmental costs; therefore, measuring the average direct hours of input to produce primary deliverables is critical to benchmark consistency during stable workloads and evaluate efficiency during workload fluctuations.
- “Active assessments” are assessments that are more complicated and labor intensive. “Assessments” reflect all assessment activity, regardless of complexity.

OBJECTIVE 3

Department Objective

Maintain an optimal balance between quantity and quality of services performed.

Portfolio Objective

Increase the quality of services provided to constituents.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Roll assessment error rate	0.11%	0.10%	0.09%	0.09%

Insights

- While there is a great deal of emphasis placed on evaluating output relative to input, the ACR is mindful that a singular focus on production may impact the quality of work performed. As such, the department strives to maintain an optimal balance between increased levels of service and the quality of the services performed.
- Error rates are calculated by the change in value to the roll in relationship to the total roll value.

Budget Changes & Operational Impacts

Staffing

Net decrease of six positions, totaling 205 authorized positions. The decrease is comprised of two positions

from the Assessor division and four CREST project positions returning to their original departments.

Expenditures

Net decrease of \$2.3 million.

- Salaries & Benefits
 - Net increase due to scheduled salary, benefit, and pension increases.
- Services & Supplies
 - Net increase due to building repair, facility maintenance and GIS aerial expenditures.
- Fixed Assets
 - Net decrease due to CREST project milestone and annuity payments.

Revenues

Net decrease of \$829,875.

- Charges for Services

- A projected decline in property tax administration fees.

Departmental Reserves

- Fund 11177 – SCAPAP
 - Sub-fund is used to support SCAPAP grant initiatives in accordance with State guidelines. Use of \$3.2 million is budgeted for FY 22/23.
- Fund 33600 – CREST
 - Fund balance will support the transition into full production.

Net County Cost Allocations

Net County Cost for FY 22/23 will be \$9.9 million, an increase of \$1.5 million over FY 21/22. Increased funding is needed to support current and ongoing Assessor operations due to significant workload growth and expected reductions in funding from the State.

County Clerk-Recorder

Mission Statement

Fulfill the legally and locally mandated functions of the County Clerk-Recorder in an accurate, timely, professional and courteous manner, and to ensure high quality service.

Description

The County Clerk-Recorder Divisions are part of the Assessor - County Clerk - Recorder business unit (ACR). The ACR is run by the elected Assessor -County Clerk - Recorder.

The County Clerk is responsible for a variety of services including issuing marriage licenses, conducting civil marriage ceremonies, and registering notary public commissions/oaths. The Clerk also accepts fictitious business name (FBN) statements and supplemental documents pertaining to FBN filings. Additional responsibilities include registration of process servers, legal document assistance, and unlawful detainers.

The Recorder is charged with the responsibility of examining, recording, imaging, indexing, and archiving all official records that are recorded and filed within the County of Riverside. This includes maintaining custody of permanent records as well as providing public access to information regarding land and land ownership. The Recorder is also the local registrar of public marriages and issues certified copies of birth, death, and marriage records.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Optimize staffing efficiency.

Portfolio Objective

Promote county financial sustainability.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Hours per clerk document	1.42	1.24	1.10	1.10
Hours per recorder document	0.17	0.16	0.15	0.15

Insights

- Employees comprise the majority of departmental costs; therefore, measuring the average direct hours of input to produce the primary deliverables is critical to benchmark consistency during stable workloads and evaluate efficiency during workload fluctuations.

OBJECTIVE 2

Department Objective

Maintain an optimal balance between quantity and quality of services performed.

Portfolio Objective

Increase the quality of services provided to constituents.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Clerk recorder error rates	0.75%	0.74%	0.73%	0.73%

Insights

- While there is a great deal of emphasis placed on evaluating output relative to input, the department is mindful that a singular focus on production may impact the quality of work performed. As such, the ACR strives to maintain an optimal balance between increased levels of service and the quality of the services performed.
- Error rates are derived from quality control measures employed by the department.

OBJECTIVE 3

Department Objective

Increase Customer Satisfaction.

Portfolio Objective

Promote county financial sustainability.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
ACR customer satisfaction rate	100%	100%	100%	100%

Insights

- One of the department’s strategic goals is to improve the customer experience by providing quick, convenient, and accurate service. The ACR endeavors to accomplish this through numerous customer centric projects that are aimed at better understanding the needs of customers and how to serve them in the most convenient and meaningful way.
- This performance indicator, in conjunction with other complimentary measures, is useful in evaluating the overall effectiveness of customer centric initiatives.

Budget Changes & Operational Impacts

Staffing

Net increase of 16 positions from prior fiscal year, totaling 213 authorized positions. The additional positions are needed to accomplish increasing workloads and are funded through associated service fees.

Expenditures

Net increase of \$2.3 million primarily due to building improvements, facility maintenance, and preservation/conversion of official records.

- Salaries & Benefits
 - Net decrease due to anticipated attrition savings.
- Services & Supplies
 - Net increase due to facility maintenance projects and the preservation/conversion of

official records and property ownership records.

- Capital Assets
 - Net increase due to capital outlays for building improvements.
- Intra-fund Transfers
 - Net increase due to reimbursements from other agencies.

Revenues

Net increase of \$1.3 million attributed to the projected increase in document recording services.

Departmental Reserves

The County Clerk-Recorder’s Office maintains five separate reserve funds for various projects. The department has budgeted use of \$6.3 million in FY 22/23 but will use excess revenues before utilizing these reserve funds.

Auditor-Controller

Mission Statement

OVERSIGHT | INTEGRITY | ACCOUNTABILITY

Description

The Office of the Auditor-Controller has many legal mandates. As legislated under the government code, the office provides fiscal oversight countywide for governmental agencies under the control of the Board of Supervisors. The office is responsible for establishing a chart of accounts in accordance with the generally accepted accounting principles for financial transactions. The department is also responsible for financial transactions’ budgetary control, property tax administration, disbursements/ vendor payments, 1099 reporting, capital assets management, biweekly payroll processing for over 23,500 employees, general ledger transactions approvals, cash management including issuance of tax anticipated notes, accounts receivable, long-term debt, rate/fee reviews, annual audit plan, and preparation of financial reports, such as the Annual Comprehensive Financial Report, Popular Annual Financial Report, and State Controller’s Report.

The department’s customers include serving 2.5 million county residents, over 43,500 active vendors, 28 cities, state, federal and 400 taxing agencies, K-12 school districts (421,000 students), community colleges, special districts, redevelopment successor agencies, employee unions, and county department’s fiscal and accounting personnel. The department has over 1 million parcels and it distributes over \$4.6 billion in property taxes annually.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Continue to increase financial integrity, accurate and timely disbursement, fiscal oversight, process improvement, and proactive leadership in communicating fiscal and accounting guidelines.

Portfolio Objective

Reinforce accountability and continuous improvement.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
On-time reporting for ACFR	100%	100%	100%	100%
Turnaround process for ACO payable approval within 72 hours	100%	100%	100%	100%

Insights

- Received the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting for the Annual Comprehensive Financial Report, Popular Annual Financial Report, and State Controller’s Report for FY 20/21.

Insights

- Manage the Accounts Payable software to increase service for vendors and County departments while streamlining the current processes. Provided centralized services that processed 209,939 warrants for the FY 20/21.
- Provide centralized accounting services that included the review, approval and posting of 21,308 journals for the FY 20/21.
- Reviewed, approved and posted 178 Form 11s and 9,086 budget line adjustments for the FY 20/21.

OBJECTIVE 2

Department Objective

Meet audit mandates while issuing objective, innovative, and independent audit reports; review for areas of opportunities for county departments to obtain cost savings.

Portfolio Objective

Reinforce accountability and continuous improvement.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
On-time property tax apportionments	100%	100%	100%	100%
Turnaround time of 48 hours on returning customer phone calls	100%	100%	100%	100%

Insights

- Provide relevant and timely information to the Board of Supervisors and public by issuing 30 various audit reports, quarterly Treasurer Asset Verifications, 24 Internal Service Funds rate reviews, cash coverage and shortage reviews, and innovative overtime monitoring reports.
- Oversee the Fraud, Waste, and Abuse Hotline and submit quarterly reports to the Board of Supervisors.

OBJECTIVE 3

Department Objective

Produce accurate and timely biweekly payroll for over 23,500 county employees and 100 special district employees while increasing innovation in an effort to reduce costs and streamline processes.

Portfolio Objective

Reinforce accountability and continuous improvement.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
On-time processing of on-cycle payroll	100%	100%	100%	100%
Turnaround process for off-cycle payroll within 48 hours	99%	98%	100%	100%

Insights

- A continuing effort from last year to improve the current Human Capital Management system (HCM) to streamline routine payroll processes and allow more functionality within the system. The goal is to provide more flexibility and tools to the end user by taking advantage of enhanced 'Self-Service' tools. Phase 1 of the upgrade has been completed, and HR, ACO and RCIT are moving in Phase 2 improvements focused on Self-Service and 'On-Boarding' tools and reporting improvements. The ACO is taking on a new role in the overall HCM system as the Time and Labor business partner. This is a new joint effort with RCIT, who will handle the technical and programming aspects of the system.
- Disbursed over \$1.89 billion and over 574,000 paychecks annually for FY 20/21. Improved existing ACH processing and addressed a continuing growth in data provided within the CalPERS reporting processes to enhance existing internal controls and external security. This information dovetails into the growing demands for information from CalPERS and its' need for enhanced data.
- Created, processed and distributed 26,424 W2s on time with a new mandated compressed deadline and a significant overhaul of the tax structure and reporting rules.

Budget Changes & Operational Impacts

Staffing

The Auditor-Controller is increasing six positions from the FY 21/22 budget.

Expenditures

Net increase of \$2.5 million largely due to increased staffing and expected increases in salaries and

benefits. The department also expects a decrease in intra-fund transfers that result in higher expenditures.

- Salaries & Benefits
 - Net increase due to additional staffing, and scheduled salary and benefit increases.
- Services & Supplies
 - Net increase is related to implementation of Government Accounting Standard Board (GASB 87), COWCAP, Treasury Cash count, SB90 and the Single Audit.

Revenues

Net increase of \$1.7 million due to increases in Charges for Current Services.

- Charges for Current Services
 - Net increase in charges for current services to recover internal costs through reimbursements for services provided to other departments.
- Other Revenue
 - Net increase from the electronic payables program due to vendor activity as more vendors were added to the program during the pandemic.

Net County Cost Allocations

The net county cost allocation increased by \$886,353. This increase will allow the department to continue offering the high level of service expected by constituents.

Countywide Cost Allocation Plan/Other

Description

The Countywide Cost Allocation Plan is used to capture indirect costs incurred by internal county departments. Each year, this plan is approved by the state to allow reimbursement of these costs from both the state and federal governments.

The Prop 172 Public Safety Revenue fund is used to fund one-time public safety costs. The funds are a result of revenue that exceeds the current year Prop 172 budget, established at the beginning of the year.

Board of Supervisors and Clerk of the Board

Mission Statement

The mission of the Clerk of the Board of Supervisors is to provide exceptional customer service to the county and its citizens using proven technology while preserving the past, recording the present, and providing accessibility to official county records and information.

Description

The Board of Supervisors is the governing body of the county and Board-governed special districts. The Board of Supervisors’ budget supports its policy-making role and local legislative functions and funds projects that promote health, safety, and quality of life for county residents.

The Clerk of the Board provides administrative support to the Board of Supervisors as well as providing services vital to the public. The Clerk of the Board serves as the clearinghouse for all matters requiring review or executive action of the governing authorities of the County of Riverside and provides processing and dissemination of board directives, policies and laws of the county’s legislative branch.

The Clerk of the Board Assessment Appeals Division receives and processes applications for changed assessments and written findings of fact in accordance with legal requirements. The Assessment Appeals Division provides administrative support to the Assessment Appeals Board Members and Hearing Officers appointed on behalf of the Board of Supervisors to act as the County Board of Equalization.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Increase availability, transparency, and open access to BOS official records by efficient processing and storage of Board Agenda items.

Portfolio Objective

Reinforce accountability and continuous improvement.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Board agenda items processed (calendar year)	2,380	2,005	2,193	2,193
Customer survey forms processed	0	30	30	30

Insights

- The department initiated an automated agenda process using a software program. The department will continue to make improvements and enhancements to the system that will benefit the Board of Supervisors, county staff, and the public. The department will coordinate with the Human Resources Department to add agenda training to the county’s Management, Supervisory, and Professional Assistants Academies. The creation of a training video that will be offered on the COR Learning Center website is also being considered.

Insights

- The department will be working with vendors to convert its stored documents, including paper, media and microfilm, to an electronic format. The electronic file conversion program will allow for easier access when items are requested by both the public and county agencies, ensuring a seamless, transparent process.
- The department continues to improve website accessibility so the public and county agencies can access information more efficiently. An enhanced video streaming service was recently implemented to provide a better viewing experience for users on line.

OBJECTIVE 2

Department Objective

Increase efficiency in the dissemination, collection, review, processing and tracking of Statement of Economic Interest forms.

Portfolio Objective

Embrace continuous improvement to enhance the customer experience, identify efficiencies, and exercise fiscal prudence.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Form 700 (Statement of Economic Interest) filings processed	3,873	5,000	5,000	5,000

Insights

- The department implemented full use of the NetFile E-File system in 2015 to create efficiencies in the collection of Form 700 and to provide greater flexibility in reporting.

OBJECTIVE 3

Department Objective

Ensure efficiency and transparency of the property tax assessment appeal process by managing property tax assessment appeal applications in a timely manner.

Portfolio Objective

Increase the quality of services provided to constituents.

County Outcome

Effective, efficient processing of applications allowing for timely hearings for the taxpayer.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Assessment appeals filings	3,658	3,773	3,541	3,541

Insights

- The department continues to make upgrades to the Assessment Appeals Division system to improve efficiency and provide staff flexibility in the creation of weekly agendas, printing of letters, and providing the ability to access historical assessment data relative to current appeals. The department is also considering an update to the system to allow for electronic signatures on applications filed and the ability for applicants to pay electronically through an online system.

Budget Changes & Operational Impacts

Staffing

There is the addition of one full-time position to current staffing levels. This position was previously budgeted under the Board of Supervisors but is now being budgeted under the Assessment Appeals Division. The FY 22/23 budget will fund 59 full-time positions.

Expenditures

Net increase of \$4 million due primarily to increased Community Improvement Designation Fund expenditures and expected increases in salary and benefits.

- Salaries & Benefits
 - An increase due to organizational changes and changes in retirement benefit rates.
- Services & Supplies
 - An increase to cover the cost of a records digitization project as well as an upgrade to the current board agenda software.
- Other Charges
 - An increase in contributions to non-county agencies, to help support community

improvement efforts in each of the five supervisorial districts.

- Intrafund Transfers
 - Elimination of intra-fund salary and benefit reimbursements for services provided between the Clerk of the Board and the Assessment Appeals Division. Reimbursement will not be requested this fiscal year due to general fund constraints.

Revenues

A net increase of \$1.2 million. \$1 million of the increase is from the federal government in the form of ARPA funding that will be used for the Community Improvement Designation Fund.

Department Reserves

The department has budgeted the use of \$45,000 in reserves for the Board of Supervisors' Youth Protection Program.

Net County Cost Allocations

The net county cost allocation is nearly \$13 million, an increase of almost \$3 million from last fiscal year.

County Council

Mission Statement

The Office of County Counsel provides a broad range of high quality, cost-effective legal services designed to promote the public service objectives of the County of Riverside, while at the same time protecting the county from risk and loss.

Description

The Office of County Counsel handles civil matters for the County of Riverside. The office provides advisory, transaction and litigation support on issues of vital concern to the county and its residents such as health care, public safety, adult and child welfare, land development, environmental protection, real estate, contracts, public finance, taxation, public works and elections. The office is staffed by experienced attorneys who have dedicated their careers to public service. The office’s primary clients are the Board of Supervisors and county agencies, departments, commissions and officers. Legal services are also provided to other public entities within the county, including certain joint powers authorities, school districts, and special districts.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Aggressively represent the county in litigation, maintaining fiscal stability while advancing the overall interests of the County of Riverside and the public it serves.

Portfolio Objective

Successfully resolve matters through effective use of a variety of resources.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of juvenile dependency cases and appeals handled	156	120	138	162

Insights

- Significant effort continues to be made to increase experience and expertise to handle more cases in-house and to reduce the reliance on outside counsel; and thus reduce cost to the county and its departments and districts. The varied nature of the litigation handled by in-house lawyers reflects the diversity of the county’s mission. From taxes and finance to personal injury defense, and everything in between, the County Counsel’s Office helps to safeguard the county and its employees in civil lawsuits and other proceedings as well as helping the county and its agencies acquire property to construct vital infrastructure for an expanding county population.
- The County Counsel’s Office works closely with each client department to understand operations, goals, and objectives to provide better quality and more responsive legal advice and counsel. This effort involves Assistant County Executive Officers and the Risk Management Steering Committee to ensure proactive steps are being taken by county departments, as well as subsequent remedial measures to ensure a significant reduction in settlements, judgments, and defense costs.

OBJECTIVE 2

Department Objective

Provide quality, accurate, effective and timely legal services to all county departments to enable them to fulfill their mission and objectives in accordance with the law.

Portfolio Objective

Provide quality service to support continuous county operations.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of business transactions handled for client departments	5,749	4,713	5,279	5,279
Number of Civil Nuisance Abatement cases handled	143	92	92	92
Number of land use related transactions handled for TLMA	242	268	275	275

Insights

- The County Counsel’s Office continues to improve the quality and responsiveness of its legal services by providing counsel assignments that align with the organizational structure of the county departments and their business operations. Departments are seeking counsel advice and participation early and often. This has resulted in counsel being more actively involved with assisting clients in the creation of various social, loan and grant programs and business transactions for the benefit of the residents and businesses in Riverside County. The County Counsel’s Office continues to experience an increase in the complexity of the assignments and matters presented. The office’s primary challenge is to fully meet the needs of its clients.
- Given the county’s implementation of its regulatory framework for cannabis land uses, comprehensive revision to the zoning ordinance and several high profile development projects, there has been a steady demand on County Counsel in recent years. Additionally, TLMA has sought our advice and counsel early and often on the environmental review and the California environmental quality act (CEQA) documentation for county initiated projects and other high profile projects which has minimized litigation risks, particularly with the steady volume of industrial/warehouse development projects, which are highly controversial. Moreover, the demand for real estate transaction work as it relates to flood and TLMA agreements, coupled with the work related to the assessment appeals board, keep the real estate and land use staff consistently busy.

Insights

- The County Counsel’s Office has worked closely with supervisorial district staff and TLMA/Code Enforcement to identify problem properties and to develop strategies to increase public safety and neighborhood livability. The County Counsel’s Office had partnered with county departments to identify additional strategies and solutions to reduce calls for service, as well as assisting Code Enforcement to implement its flat fee enforcement process. County Counsel’s Office has also partnered with Code Enforcement and the District Attorney’s Cannabis Regulation Task Force to address permanent solutions to unpermitted large-scale cannabis cultivation and unpermitted cannabis dispensaries that negatively impact the residential areas surrounding such unpermitted activities. In FY 22/23 the County Counsel’s Office will diligently work in completing all open cases for Code Enforcement; as Code Enforcement will be seeking Board authority to obtain outside counsel for all future work.

OBJECTIVE 3

Department Objective

Provide quality, accurate, effective and timely legal services to the Department of Public Social Services (DPSS) and the Public Guardian (PG).

Portfolio Objective

Preserve and reinstate safe environments to eliminate abuse and neglect.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of child protective custody warrants issued	959	950	950	950
Number of juvenile dependency cases and appeals handled	2,526	2,600	2,600	2,600
Number of Laura’s Law cases handled	0	1	47	47
Number of LPS/Probate case handled	1,185	1,201	1,190	1,190

Insights

- Protecting children from harm, abuse, and neglect is a key responsibility for the County Counsel’s Office. We continue to increase the scope of our legal services in response to requests from the Child services Division of DPSS. We have expanded our services to include training, training bulletins on key issues and new case law, policy review and development, and general advice on a wide variety of dependency matters. We continue to monitor individual and office caseloads for the trial lawyers as well as for the appellate lawyers to ensure high quality and responsive service. The successful implementation of a child protective custody warrant protocol as well as the passage of AB 1401 (permitting after-hours warrants) has significantly increased safety while minimizing risk to the county.

Insights

- The County Counsel's Office works closely with Public Guardian (PG) to protect dependent adults from abuse or neglect and those with serious mental illness. In an effort to increase safety of those in conservatorships and reduce potential liability risk, the County Counsel's Office continues to carefully evaluate attorney workloads based upon surveys of similarly situated counties for lawyers representing public guardians. The County Counsel's Office continues to partner with the Executive Office, DPSS/Adult Protective Services (APS), and the PG to implement a protocol to expedite the review and investigation of APS referrals to the PG and the filing of conservatorship petitions with the Probate Court, including increase communication and responsiveness.
- At the beginning of FY 21/22, the County Counsel's Office partnered with Riverside University Health System-Behavioral Health, the Public Defender, and the Courts to implement the Laura's Law Program. The program is a Court Ordered Assisted Outpatient Treatment Program which provides an alternative to inpatient treatment for qualified patients suffering from mental illness.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget funds 96 full-time positions, an increase of eight positions from FY 21/22.

Expenditures

A net decrease of \$1.6 million.

- Salaries & Benefits:

- Net increase as a result of annual merit increases, additional costs of new labor agreements, projected employee payoffs and increase pension obligation costs.
- Services & Supplies:
 - Net increase as a result of an increase in costs associated with property insurance, professional services, utility costs, furniture costs and subscriptions.
- Intrafund Transfers:
 - Net increase due to increased client demands and increases in intra-fund revenue from county departments as a result of the department transitioning to a direct-billing model rather than being funded via the Countywide Cost Allocation Plan.

Revenues

Net decrease of \$538,608 mainly due to a decrease in revenue from charges for current services. As vacant positions are filled, revenue is expected to increase as caseloads and client demands continue to grow.

Net County Cost Allocations

Net decrease of just over \$1 million due to client departments being directly billed for legal services. Direct billing will allow the department to collect actual costs of legal services resulting in less need for general fund allocation.

County Executive Office

Mission Statement

In support of the Board of Supervisors, the mission of the County Executive Office is to facilitate administrative excellence in partnership with departments through leadership, vision, stewardship of resources and communication to promote, foster, and enhance the quality of life in Riverside County. The Executive Office's core values include integrity in service, teamwork, competence and perspective, and making a difference.

Description

The Executive Office is responsible to the Board of Supervisors for proper and efficient administration of county departments, agencies, and special districts under the jurisdiction of the Board. The Executive Office administers and enforces policies established by the Board and promulgates rules and regulations as necessary to implement Board policies, subject to prior approval of the Board. The department represents the Board in the county's intergovernmental relationships and activities and coordinates with other local government. The department also recommends employee relations policies and positions (in consultation with the county personnel director), prepares multi-year plans for capital projects, administers debt management, information management needs and financial issues.

The Executive Office oversees the countywide budget and its related activities such as submittal of proposed budget to the Board, approving fund transfers within different budgetary units, providing quarterly budget reports on the status of the budget, and making recommendations to the Board, as well as establishing control systems to ensure departmental compliance with approved budgets. Additionally, it's the department's responsibility to develop countywide programs or recommend cost-saving initiatives that create saving and efficiency in county government.

The Executive Office formed the County Performance Unit (CPU) in April 2021. The unit is charged with

creating countywide data dashboards that are interactive and easy to navigate; with an emphasis on better data, for better discussions, ultimately resulting in better decisions. The CPU is comprised of two analyst and a deputy director provides oversight. Core functions include working closely with departments to compile various county-wide data for ease of reporting department budget, staffing, and workload.

The Executive Office Communications Team is charged with leading and coordinating strategic countywide communications across all county departments and on all available public information platforms. Core functions of the communications team include media relations, community relations, social media outreach, video production, website design and promotion of the RivCo brand. The Executive Office communications team works closely with county departments and designated public information personnel to coordinate and support various public education initiatives and public relations campaigns across departments.

Legislative Administration – The legislative administration is part of the Executive Office budget, and its purpose is to work in conjunction with the Board of Supervisors as a liaison to the county's legislative advocates in Sacramento and Washington D.C. on the Riverside County Legislative Program. The Executive Office acts as a centralized "clearing house" for legislative matters, ensuring that all advocacy efforts are entirely consistent with Board-approved positions. The purpose of the program is to secure legislation, which benefits the county and its residents, and to oppose/amend legislation, which might adversely affect the county.

Contributions to Other Funds – Contributions to other funds is a budget unit organized by the Executive Office and used to contribute discretionary support to operations and programs outside of the general fund. These contributions may include required state "maintenance of effort" payments for certain programs as well as public safety, revenue-

sharing agreements, and debt service-related expenditures that require general fund support.

Court Sub-fund – Fees, fines, and forfeitures collected by the Riverside Superior Court for criminal offenses are placed in a trust fund and distributed to the county to fund adequate court facilities. The funds disbursed to the county are deposited in the general fund and monitored by the Executive Office.

CFD Assessment District Administration – The Community Facilities Districts (CFD) and Assessment Districts Administration falls within the Executive Office’s responsibility. The Mello-Roos Community Facilities Act of 1982 authorized local governments and developers to create CFDs for the purpose of selling tax-exempt bonds to fund public improvements and services. The CFD and Assessment District Administration supports the administrative activities of the county’s land-secured finance districts.

Pass Through Funds – The Executive Office also oversees various “pass through” funds, which include revenue from Teeter overflow activity, as well as administrative activity for development impact fees, pari-mutuel in-lieu of tax, tax loss reserve, dispute resolution, AB2766 air quality, health and juvenile services, solar program, and the Casa Blanca Clinic operations.

National Pollutant Discharge Elimination System (NPDES) – This budget unit administers and coordinates the Municipal Separate Storm Sewer System permit (MS4) compliance program within the unincorporated area to protect public health and safety. The three regional water quality control boards (Santa Ana, San Diego, and Colorado) whose regulatory boundaries are located within the county enforce this federally mandated NPDES program. Renewal of these MS4 permits typically occurs every five to seven years and requires the county to participate in a multitude of program development initiatives in order to help mitigate the effects of urban runoff quality and quantity associated with new development, and in some cases, redevelopment.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Update Board Policies.

Portfolio Objective

Promote county financial sustainability.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of board policies reviewed	1	5	7	7
Number of board policies updated	26	6	5	5

Insights

- A comprehensive review of policies allows the county to determine if a policy is still needed or if it should be combined with another administrative policy. It is also to determine whether the purpose and goal of the policy is still being met, and to determine if changes are required to improve the effectiveness or clarity of the policy.
- Review of Board Policies ensures that policies are relevant to the county’s current organizational structure and are still aligned with the updated or legal stipulation.

OBJECTIVE 2

Department Objective

Legislative Advocacy Effectiveness.

Portfolio Objective

Promote Advocacy Against Unfunded Mandates and Promote Regional Advocacy.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of bills on which positions were taken	21	20	17	17
Number of bills sponsored	5	7	9	9
Percent of county sponsored legislation that was successfully enacted	60%	60%	75%	100%
Percent of legislative bills that were enacted into law that were consistent with county's position	50%	70%	90%	100%

Insights

- The purpose of the Legislative Affairs and Intergovernmental Relations program is to develop policy recommendations and represent the county's policies and interests at the local state and federal levels.

Insights

- A collaborative effort with the Board of Supervisors, county departments, and the Executive Office is taken to create a legislative platform that will enhance and protect county resources and programs, provide administrative flexibility to maximize resources for services, and protect against imposition of additional mandates without adequate reimbursement.

OBJECTIVE 3

Department Objective

Maintain healthy general fund reserves, twenty-five percent of general fund's discretionary revenues.

Portfolio Objective

Promote county financial sustainability.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Reserve percentage of discretionary revenue	40%	37%	36%	25%

Insights

- Building a healthy reserve will remain the foundation for fulfilling county future obligations as well as Board of Supervisors' priorities.
- To sustain healthy reserves, we need a structurally balanced budget, and the ability to hold the net county costs as level as possible for the next few years to close the gap between ongoing expenses and revenues.

Budget Changes & Operational Impacts

Staffing

The Executive Office has 45 authorized positions for FY 22/23. This includes a net increase of six, when comparing to prior fiscal year. This comes as a result of the department's reorganization to increase transparency and services.

Expenditures

A net increase of \$1.8 million.

- Salaries & Benefits
 - Net increase due to step increases, pension increases and an increase of new positions.
- Other Charges
 - Net increase due to the Banning Sales Tax Sharing Agreement which is offset by revenue received from the Desert Hills Factory Center.
- Operating Transfers Out
 - Net increase due to salary and benefit reimbursements related to solar activities which are offset by revenue from solar projects.
- Intrafund Transfers
 - Net increase due to salary and benefit reimbursements and administrative fees.

Revenues

Net decrease of \$2.3 million.

- Fines, Forfeitures & Penalties

- Net decrease mostly due to lower interest projection for the Tax and Revenue Anticipation Notes (TRANS) financing.
- Intergovernmental – State
 - Net increase due to new grant revenue for the Salton Sea.
- Intergovernmental – Federal
 - A net decrease due to a shift in revenue from Coronavirus Aid, Relief, and Economic Security (CARES) Act to American Rescue Plan (ARP) Act revenue.
- Charges for Current Services
 - Net increase is a result of increases in solar agreements, salary and benefit reimbursements, and administrative fees.

Departmental Reserves

An increase in restricted reserves of \$1.2 million from capital project funds.

Net County Cost Allocations

The net county cost allocation for FY 22/23 \$123.8 million, a net increase of \$14.2 million from the previous year. This includes countywide costs such as the Augmentation fund, Contingency, Contributions to Other Funds, Contributions to Health and Mental Health and National Pollutant Discharge Elimination System.

Debt Service

Description

The goal of this budget unit is to facilitate efficiency in its current and future cash flows and ensure the timely servicing of its short-term and long-term debts.

A summary of outstanding county debt obligations can be found on the County of Riverside website: <https://rivco.org/official-statements>

County Capital Improvement Program (CIP)

Description

The Capital Improvement Program (CIP) is the capital planning mechanism for new facilities, major facility expansions, and purchases of large capital assets. The Board of Supervisors adopted Policy B-22 which is used as a guiding strategy to establish funding methods, administration and control, and allowable uses of the CIP Fund. The CIP team, led by the Executive Office, evaluates immediate and long-term capital needs, as well as financing and budget requirements, to best use the county's limited capital funds. This year, the county initiated the compilation of the Strategic Financial Plan (SFP) in which the county departments were requested to submit a five-year projection of all their capital needs. The report was utilized to have a better understanding of the capital project goals for the next five years.

Capital facilities approved under the CIP addressed in this section, are funded through a variety of sources noted below. Capital projects of the Transportation Department, Flood Control and Water Conservation District, Regional Parks and Open Space District, and Waste Management Department are not addressed in this section but are contained under the operating budgets of those departments and districts elsewhere in this budget.

Funding Source

The Capital Improvement Program fund accounts for capital expenditures associated with various projects.

- The CIP fund receives bond proceeds, project-specific resources, and contributions from the general fund, as required.
- In 2007, the Board of Supervisors approved the securitization of future cash flows of tobacco settlement revenue. The action resulted in a one-time payment of cash to be used for qualifying general fund capital projects.
- Reimbursement from the City of Riverside, who partnered with the county for construction of the Riverside Animal Shelter, is deposited to the CIP fund. This agreement will continue through FY 34/35.

Development Impact Fees (DIF)

- DIF are payments required by local governments of new development for the purpose of providing new or expanded public capital facilities required to serve that development. The fees typically require cash payments in advance of the completion of development, are based on a methodology and calculation derived from the cost of the facility and the nature and size of the development, and are used to finance improvements offsite of, but to the benefit of the development.
- In the County of Riverside, DIF pays for projects the Board authorizes. Projects and eligible funding amounts are published within the public facilities needs list, which is updated every ten years. The list is the official public document that identifies facilities eligible to financing in whole or in part, through DIF funds levied on new development within the unincorporated Riverside County. There is no general fund cost associated with this fund.

The Cabazon Community Revitalization Act Infrastructure Fund was established pursuant to Board action taken on December 10, 2013 (Agenda Item No. 3.7b), directing that 25 percent of the growth in sales and use tax from the expansion of the factory outlets in Cabazon be set aside in a separate fund for infrastructure improvements and public safety in that area.

The Wine Country Community Revitalization Act Infrastructure fund was similarly approved to allocate 25 percent of the sales and use tax in the Wine Country area to assist with the development of the wineries.

Capital Improvement Program Process

The CIP process allows the County of Riverside to fully account and plan for capital projects that have a major impact to the county’s annual budget, future staffing levels and service to the public. The CIP will allow the county to anticipate and plan for its future capital needs, as well as prioritize multiple projects to maximize the use of county’s limited capital funds.

CIP projects include professional facilities services and associated capital improvements with a combined project value over \$100,000, including but not limited to: master planning for public facilities, acquisition of land for a county facility, acquisition of buildings, major leases, construction or expansion of county facilities, fixed assets, enhancements to county facilities that will be used, occupied or owned by a county entity; major leases over \$1,000,000 and changes/revisions to current projects on the CIP list; or any county facilities project requiring new net county cost.

The various CIP projects are included in the adopted budget based on current Board-approved project commitments and adjustments made as needed if funding is available. Any appropriations remaining in the fund at the end of the fiscal year will automatically carry forward into the next fiscal year.

Facilities Management has received project lists from departments within each portfolio. The table below reflects the current top CIP projects. The information provided includes the projects’ title, scope, estimated budget and estimated completion date.

Top Projects CIP List

PROJECT NAME	SCOPE	ESTIMATED PROJECT BUDGET	EXPENDED TO DATE	ESTIMATED COMPLETION DATE	APPROVED MINUTE ORDER	FUNDING SOURCE
Sheriff's Department JJBDC Offsite Improvements	FM08110006391 Offsite street improvements associated with the JJBDC and County projects requested by the City of Indio.	\$10,809,737	\$5,753,858	December 2022	M.O. 3-13 of 4/07/15; NOC 3.27 7/23/19 (Ph1); 3.14 of 1/11/22	General Fund/CORAL

The following tables provide funding information and construction status for the previously approved CIP Projects as well as projects anticipated to initiate in FY 22/23.

Major Capital Projects (over \$10,000,000)

The guiding strategy of the CIP is to allow the County of Riverside to fully account and plan for such capital projects that will have a major impact to the county’s annual budget, future staffing levels, and service to the public. The CIP allows the county to anticipate and plan for its future capital needs, as well as prioritize multiple projects to maximize the use of the county’s limited capital funds.

The following table represents the CIP’s Major Capital Projects (over \$10,000,000). The table reflects only projects that have been fully or partially funded. Partially funded projects may not proceed beyond the funding amounts committed by the Board of Supervisors per Board policy.

County Executive Office - Capital Finance Administration

Mission Statement

In support of the Board of Supervisors, the mission of the County Executive Office is to facilitate administrative excellence in partnership with departments, through leadership, vision, stewardship of resources, and communication, to promote, foster and enhance the quality of life in Riverside County. The Executive Office’s core values include: integrity in service, teamwork, competence and perspective, and making a difference.

Description

Capital Finance Administration provides appropriations to fund the annual lease payments due to the County of Riverside Asset Leasing Corporation (CORAL), the Riverside County Public Financing Authority (PFA), and the Riverside County Infrastructure Financing Authority (IFA) on the county’s outstanding Certificates of Participation (COPs) and Lease Revenue Bonds (LRBs).

The CORAL is a non-profit public benefit corporation, authorized under its Articles of Incorporation and under the laws of the State of California, to finance the acquisition, construction, and operation of facilities of benefit to the county.

The PFA is a joint exercise of powers authority, duly organized and existing under and pursuant to that certain amended and restated joint exercise of powers agreement, dated May 15, 1999, by and between the County of Riverside and the Redevelopment Agency of the County.

The IFA is a joint exercise of powers authority, duly organized and existing under and pursuant to that certain joint exercise of powers agreement dated as of September 15, 2015, by and between the County of Riverside and the Riverside County Flood Control and Water Conservation District.

The goal of these budget units is to facilitate efficiency in its current and future cash flows and ensure the timely servicing of its short-term and long-term debts.

Treasurer-Tax Collector

Mission Statement

Our mission and objectives are the sound investment of public funds, fair and efficient tax collection, and exceptional public service.

Description

The Office of the Treasurer-Tax Collector is budgeted as one unit and consists of two major divisions: Treasury and Tax Collection. The Treasury Division manages between \$10 to \$12 billion held in the Treasurer’s Pooled Investment Fund on behalf of the county, school districts, special districts, and other discretionary depositors. With four office locations, the Tax Collection Division is responsible for mailing out more than one million secured, unsecured, and supplemental tax bills, collecting over \$4.07 billion annually in property taxes, which provides 80% of the county’s general-purpose revenue. The Tax Collection Division also enforces collection on tax delinquencies and administers sales of tax-defaulted properties.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

To maintain timely processing of tax payments and improve on the processing time of tax payment exceptions.

Portfolio Objective

Accurately evaluate, calculate, bill, collect, and distribute property tax revenues.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Average days to process all exceptions	17	16	15	15

Insights

- While the bulk of the payment volume is processed daily and smoothly, a small percentage of payment exceptions require more manual and laborious research, handling, and reconciliation, causing delays in processing and posting of payments.

OBJECTIVE 2

Department Objective

Enhance taxpayers’ access to electronic payment options; increasing and optimizing the use of digital transactions.

Portfolio Objective

Increase efficiency, improve security, and enhance customer convenience and ease of use.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of electronic payments completed	352	360	370	375

Insights

- Payments received electronically achieve the most efficiency in processing and provide a secure and convenient alternative to bills and coins.

OBJECTIVE 3

Department Objective

Decrease processing time it takes the Treasury Division to balance the daily activity.

Portfolio Objective

Time management and workplace productivity.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Average time to balance Treasury (Hours)	2	1	1	1

Insights

- The daily balancing in Treasury is a large component of Treasurer-Tax Collector functions. After the enhancement of the Treasury system, we expect to decrease the time it takes to balance through automation.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget will fund 112 positions. There is a net increase of three full time equivalent positions due to an organizational change.

Expenditures

Net increase of \$1.9 million.

- Salaries & Benefits
 - Net increase due to personnel annual merit increases and three additional positions as well as an increase in the retirement benefit rate.
- Services & Supplies
 - Net increase due to anticipated operating expenses and contracted service costs as well as established ISF costs. It is also anticipated the Treasury Division will issue an RFP for a new banking contract.
- Capital Assets
 - Net increase due to anticipated server enhancements for the Palm Desert Disaster Recovery Plan. It is vital the office records are protected in the event of a disaster and has a reliable back-up system.

Revenues

A net increase of \$1.5 million.

- Fines, Forfeitures & Penalties
 - Net increase reflecting an increase in the billing and collection of delinquent taxes.
- Charges for Current Services
 - Net increase in reimbursable Treasury related items and the billing and collection of supplemental and unsecured taxes. In addition, it also includes negative recoverable costs for SB2557 and anticipated decline in tax sale activities.
- Miscellaneous Revenue

- Net increase in reimbursable administrative fees associated with the collection of taxes for Temecula Wine Country and the Tourism Business Improvement District for Coachella Valley.

Net County Cost Allocations

There is an increase of \$400,000 from the previous net county cost allocation. The new allocation is slightly over \$1 million.

Introduction

The Human Services portfolio provides services that help alleviate hardship for constituents and foster a safer, healthier community through financial aid programs and other assistance, care of court wards, and veteran's services. The Department of Public Social Services administers federal and state mandated aid programs intended to stabilize the community and prevent the abuse and neglect of children and fragile adults by assisting families experiencing extreme financial hardships. The Office on Aging coordinates and provides health and wellness programs for older adults, adults with disabilities, and caregivers. Veteran Services provides advocacy and counseling to former military personnel and their families through a wide range of services aimed at assisting them in fully accessing benefits and services for which they are eligible. The Child Support Services Department enforces court orders for the financial and medical support of children and families. Housing and Workforce Solutions provides services to develop a trained workforce, improve existing communities, offer a variety of housing opportunities, and maintain the environment. First 5 Riverside County invests in partnerships that promote, support and enhance the health and early development of children, prenatal through age 5, their families and communities.

Children and Families Commission - First 5

Mission Statement

First 5 Riverside invests in partnerships that promote, support, and enhance the health and early development of children, prenatal through age five, their families, and communities.

Description

The Riverside County Children and Families Commission, First 5 Riverside (F5R) is funded by tobacco taxes generated as a result of Proposition 10 to support our youngest Californians, from prenatal through age five, to get the best start in life. Focus areas established by the Commission include quality early learning, comprehensive health and development, resilient families, and countywide impact. First 5 Riverside provides funding to local agencies to support services creating an integrated and coordinated system for children and families. Beginning in July 2020, in partnership with the Department of Public Social Services, F5R began operational oversight of the Family Resource Centers located throughout the County. Each family resource center has formal service partnerships established with public and private partner agencies to provide on-site and remote services and linkages to a variety of services and supports. The family resource centers serve as a hub for community services aimed at improving outcomes and quality of living for families in these communities, particularly for overburdened and disadvantaged families and children.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Promote programs that improve birth outcomes and family functioning for families with children under age 5.

Portfolio Objective

Provide resources and supports that promote family resiliency.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of families served through home visiting services	968	1,084	975	4,000

Insights

- Early Childhood Home Visiting programs are evidence-based interventions that support children and their families from the prenatal phase through the fifth year of life. These programs have been proven to 1) reduce child maltreatment, 2) improve maternal and child health, 3) promote family well-being and 4) assist families in promoting their child’s optimal development through improved systems navigation, utilization of preventive care, and establishment of developmentally supportive home and social environments.

Insights

- Home Visiting programs exist on a continuum from light-touch to intensive engagement of families. This diversity of options allows for efficient use of resources to build on a family's unique strengths and to meet their unique needs. Riverside County is home to multiple home visiting programs, as well as local, state, and federal-level funding streams to support programming, including CalWORKs funds that seek to increase family economic self-sufficiency by supporting whole family needs. This increase in families served will support the maximization of state CalWORKs funds in the county.

Budget Changes & Operational Impacts

The primary revenue source for First 5 is driven by two factors – Riverside County's share of tobacco tax sales collection based upon statewide births, which are expected to decline approximately two and a half percent annually, according to First 5 California. Negative impacts to the Commission's annual revenue stream is adjusted by backfill revenue received from Prop 56, which is a tobacco tax to support health care for low-income citizens, as well as diversified funding streams (Improve and Maximize Programs so All Children Thrive (IMPACT), Family Resource Centers and Home Visitation grants). In response to the declining revenues, First 5 Riverside continues to meet growing demands through a systems approach, while ensuring sustainability through diversified funding streams, capacity building, and community engagement.

The FY 22/23 budget includes appropriations of approximately \$42.8 million.

Staffing

The number of full-time positions remained unchanged from prior fiscal year at 66.

Expenditures

Net increase of approximately \$9.5 million.

- Services and Supplies
 - Increase due to the American Rescue Plan (ARP) Act of 2021 funding for early care and education.

Revenues

Net increase of approximately \$9.9 million.

- Revenue from the Use of Money & Property
 - Decrease due to lower expectation of interest revenue.
- Intergovernmental Revenue
 - Increase due to higher anticipated Prop. 56 funding from the state and additional federal revenue received for the ARP Act of 2021.
- Miscellaneous Revenue
 - Decrease due to Riverside County Office of Education program sunsetting last fiscal year.

Reserves

Use of Committed Reserves and Assigned Fund Balance Reserves of approximately \$6.3 million.

Department of Child Support Services

Mission Statement

Committed to partnering with both parents to provide essential child support services to families.

Description

The Riverside County Department of Child Support Services (DCSS) works with parents and guardians to ensure children and families receive court-ordered financial and medical support. Services provided include locating, establishing paternity, establishing, modifying and enforcing court orders for child support, and establishing, modifying and enforcing orders for health coverage.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Ensure children are financially supported through timely support order establishment and collections. Increase the total amount of child support collected and distributed.

Portfolio Objective

Enable financial independence to instill economic security, restore self-reliance, and enhance societal contribution.

County Outcome

Thriving, robust, diverse economy.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Cases with a collection in arrears	73%	80%	80%	80%
Cases with support orders established	92%	94%	94%	94%
Collections on current support	62%	64%	64%	64%
Cost effectiveness (in millions)	\$4.84	\$4.62	\$4.08	\$4.08
Paternity establishment percentage	100%	100%	100%	100%
Total collections (in millions)	\$195	\$201	\$201	\$201

Insights

- The Child Support Services Program is the third largest anti-poverty program in the nation. RCDCSS helps children receive the support they are entitled to from both parents, thereby improving the economic stability of the families. This is achieved by establishing parentage and financial and medical support orders for children and families in Riverside County.
- These outcomes can best be measured by the departments key performance indicators including the total amount of monetary support collected and distributed to families, the rate at which paternity is established for children, and the cost effectiveness of the program.
- Total collections which is distributed to families as well as recuperated for the county and state for the public assistance is expected to increase at the rate of three percent from FY 20/21 to FY 21/22. The department expects this trend to continue into FY 22/23 as a positive outlook is forecasted for post pandemic employment along with an increase in casework staff.

Budget Changes & Operational Impacts

Staffing

The budget represents a 46 position increase, from the prior year's budget. This reflects an improved alignment of staffing to case ratios. The increase in staffing will allow the department to create a greater community awareness of the program and improve services to the county's constituents.

Expenditures

Net increase of \$7.8 million.

- Salaries & Benefits
 - Net increase due to additional cost increases related to adding new staff along with other increases for existing staff for negotiated employee merit increases and employee benefit costs.

- Services & Supplies
 - Net increase due to additional costs to account for increases in commodities, and other items that continue to trend upward as the cost of doing business continues to increase.

Revenues

Net increase of \$7.8 million.

- Intergovernmental Revenue
 - Net increase due to additional funding from the California State Department of Child Support Services (CADCSS) which comes primarily from state and federal sources at 34 percent and 66 percent respectively. The receipt of this funding has allowed the department to increase staffing levels and helped to absorb other rising costs of doing business.

Net County Cost Allocations

RCDCSS does not receive a net county cost allocation.

Department of Public Social Services

Mission Statement

The Riverside County Department of Public Social Services is dedicated to supporting and improving the health, safety, independence and well-being of individuals and families.

Description

The Department of Public Social Services (DPSS) includes three major program divisions that provide support and services to county residents who are members of various vulnerable populations. The budget units described here represent the department's general operating fund for all three divisions:

The Adult Services Division (ASD) provides programs to help elder and dependent adults live safely with as much independence as possible. The Adult Protective Services (APS) program receives and responds to reports of abuse and neglect for elder and dependent adults. The In-Home Supportive Services (IHSS) program helps elders, dependent adults, and minors live safely in their own homes or other non-institutional settings by providing in-home assistance to eligible clients in need.

Children's Services Division (CSD) investigates allegations of child abuse and neglect and offers a wide variety of programs that are designed to promote the safety, permanency, and well-being of vulnerable children. The CSD division supports prevention programs by working with internal and external partners including Faith in Motion, First 5 Riverside, Public Health, Behavioral Health, and the Family Resource Centers (FRC). Additionally, as Riverside County's appointed Child Abuse Prevention Council, the HOPE Collaborative established six collaborative councils, one in each of the supervisory districts, and one in the community of Blythe. These councils work on a variety of prevention efforts which include educating the public and mandated reporters on the topic of abuse and neglect. In addition, CSD funds direct services designed to prevent the

occurrence of child abuse and ensure safety and permanency for children who have suffered abuse.

The Self-Sufficiency Division (SSD) serves and supports individuals and families to achieve and sustain their health, well-being, and economic independence. The division's mission is achieved by providing low-income residents with health care coverage (Medi-Cal and Affordable Care Act), Food/Nutritional Benefits (CalFresh Program), Temporary Cash Assistance (California Work Opportunity and Responsibility for Kids (CalWORKs)), and General Assistance). Employment services are also offered to assist individuals to become self-sufficient. With customer service at its forefront, the Self-Sufficiency Division strives to be the leader in an innovative service delivery model that is customer centric, effective, and efficient. The division provides services that are easily accessible through a variety of channels including on-line, in-person, and over the phone. The SSD delivers services respectfully, timely, and accurately in accordance with state and federal regulations.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Develop prevention and intervention strategies that reduce trauma, risk and the multigenerational cycle of abuse and neglect.

Portfolio Objective

Preserve and reinstate safe environments to eliminate abuse and neglect.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percentage of Adult Protective Services (APS) clients with an additional confirmed report of abuse within six months	13.0%	13.0%	13.0%	10.0%
Percentage of children that had a substantiated allegation during the 12-month period and had another substantiated allegation within 12 months.	11.3%	9.1%	9.1%	9.1%

Insights

- In the last fiscal year, the percentage of children that had a substantiated allegation during the 12 month period and had another substantiated allegation within 12 months was 16 percent. Due to specific CQI efforts in the form of data analytics, visual dashboards, and targeted preventative services, the aforementioned outcome improved to 11.3 percent. Early evidence points toward additional improvement in FY 22/23.
- Research conducted by the CSD proved strong positive correlations between a social worker providing specific service referrals and a reduction in the reoccurrence of maltreatment. The CSD is creating, implementing, and staffing an enhanced Prevention Services model designed to address needs with families that come to the attention of the Child Abuse Hotline but do not rise to the legal requirements of an in-person child maltreatment investigation. This model will primarily address needs caused by intergenerational poverty by linking families to natural supports and resources within their own community.

Insights

- In FY 20/21, there was a 2 percent decrease in the APS recidivism rate (15 percent in FY 19/20 vs. 13 percent in FY 20/21). APS cases have increasingly become complex and multi-faceted. To reduce re abuse, ASD has implemented processes and programs to provide additional staffing and community resources as well as increased inter agency collaboration and ongoing case management and support to maintain the safety and well-being of seniors and disabled adults on a long-term basis.

OBJECTIVE 2

Department Objective

Develop and maintain safe, healthy and thriving environments to improve the well-being of vulnerable residents.

Portfolio Objective

Connect people to health resources to improve wellness.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Increase in CalFresh underserved, low income Riverside County residents enrolled in public assistance.	20.0%	-17.0%	10.0%	10.0%
Increase in Medi-Cal underserved, low income Riverside County residents enrolled in public assistance.	3.0%	15.0%	10.0%	10.0%
Percentage of children in foster care that exit to permanent placements within 12 month period.	33.0%	40.5%	40.5%	40.5%

Insights

- Research shows that poverty, the lack of health insurance, food insecurity, and poor nutrition have serious consequences for the health and well-being of children, adults, and older adults, including a greater risk for chronic disease and poor mental health.
- Research indicates that a safe, stable, family environment is important for a child’s well-being. Supporting children through reunification with their families, adoption, or guardianship promotes resilience. Last year approximately 360 adoptions were finalized.
- The Self-Sufficiency Division (SSD) will continue to expand its outreach and collaborative efforts to increase the number of residents receiving CalFresh by geocoding target populations in areas which residents are eligible but not receiving benefits. The SSD will then focus department efforts in these areas of low program enrollment (unincorporated and high poverty areas) and set an outcome performance measure of 10 percent new CalFresh and Medi-Cal enrollment for this population by the end of FY 22/23.

OBJECTIVE 3

Department Objective

Increase self-sufficiency among low-income families through employment with a sustainable livable wage.

Portfolio Objective

Enable financial independence to instill economic security, restore self-reliance, and enhance societal contribution.

County Outcome

Thriving, robust, diverse economy.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
CalWORKs Work Participation Rate (WPR)	58.0%	46.0%	51.0%	60.0%

Insights

- SSD continues to plan around the uncertainty of the Public Health Emergency and its impact on mandated welfare-to-work participation, which is currently suspended and has resulted in a decrease in the WPR. To help mitigate this issue, SSD will continue to seek out ways to engage with, and market to, customers regarding the benefits of the program through video content, flyers, and technology which was procured in order for the department to engage with customers in a virtual environment. This is in addition to collaborative efforts with county and community partners to expand and enhance services.

Budget Changes & Operational Impacts

In FY 21/22, programmatic changes adopted on July 16, 2021 lowered the eligible age to meet the statutory definition of “elder” for purposes of APS from 65 to 60, this resulted in increased APS caseload and expenditure levels.

The department is establishing a Continuum of Care (CoC) for Child Welfare Services (CWS) to provide additional placement options to address the increasing complex care needs of children and youth in foster care.

Staffing

Due to estimated allocation increases in Medi-Cal, IHSS, and APS, DPSS has increased staffing needs by 54 positions.

Expenditures

Net increase of \$11.7 million for all DPSS budget units combined due to increases in administrative related contracted services and salaries and benefits, the CoC establishment for CWS, and decreasing caseloads in CalWORKs Assistance, Foster Care, Emergency Assistance, and Adoptions Assistance.

- Salaries & Benefits
 - Net increase due to staffing, payroll, and retirement plan account increases.

- Services & Supplies
 - Net increase due to facility related costs, equipment purchases, and increases in contracted services.
- Other Charges
 - There is a net decrease overall. The growth in Adoption Assistance program expenditures continue to grow resulting in a budget increase. Foster Care, County Funded Foster Care, and Emergency Assistance caseload is decreasing resulting in an decrease over the prior year. CalWORKs caseload is declining resulting in a decrease as well.
- Capital Assets
 - Increase due to county-owned facility project costs that were previously budgeted under “other charges.”

Revenues

Net decrease of \$4.4 million as compared to FY 21/22 adopted budget due to changes in program expenditures.

- Intergovernmental Revenue
 - Federal revenue net increase for changes in Child Welfare Services, APS, and Medi-Cal.
 - State revenue net decrease due to changes in program expenditures in CalWORKs, WTW, CalFresh, and CalWORKs Assistance.
 - Net increase in Realignment revenue, which partially funds Child Welfare Services, Adult Protective Services, IHSS, Foster Care and Adoptions Assistance.
- Charges for Current Services
 - Increase due to the anticipated extension of the ESG-CV grant.
- Miscellaneous Revenue
 - Decrease due to the completion of a few grants and an anticipated decline in child support recoupments.

Departmental Reserves

- Reserve Balances
 - The general fund reflects a net increase of \$237,000 which is the result of reclassification of entries to properly reflect balances related to advances in the department. The California Department of Social Service (CDSS) provides advance funding to the department to support anticipated expenditures. The actual expenditures for a period are reconciled against the advances to record revenue in the period earned and to adjust the next state advance from CDSS.
 - The Realignment 2011 Local Revenue Fund reflects a net decrease of \$18 million due to

projected use of deferred revenue balances in FY 22/23.

- Projected use of the AB85 realignment 1991 deferred revenue balances to support anticipated CalWORKs expenditures results in a net increase of \$23.3 million.

Net County Cost Allocations

Net increase of \$16 million in net county cost (NCC) due to increases in CWS and APS to increase retention and investing in social workers of \$3.8 million, CWS Continuum of Care program of \$5.9 million, IHSS Maintenance of Effort (MOE) 4 percent annual inflator of \$2.6 million, and CalFresh allocation match requirement of \$3.7 million due to the waiver expiration.

HWS Administration

Mission Statement

Enhance the economic position of the county and its residents, improve the quality of life, encourage business growth, build a positive business climate, develop a trained workforce, improve existing communities, offer a variety of housing opportunities, and maintain the environment.

Description

Administration provides management and oversight of the Housing and Workforce Solutions divisions including finance, personnel management, and general administration.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 staff budget includes eight funded positions, which reflects an increase of four full-time positions from FY 21/22.

Expenditures

Net increase in expenditures of \$41.8 million anticipated for FY 22/23.

- Salaries & Benefits
 - Net increase is primarily due to an increase of four full-time positions.
- Services & Supplies
 - Net increase due to operating costs related to the additional four full-time positions, including office leasing, computer services, and travel.
- Other Charges
 - Net increase is due to operating costs related to the additional four full-time positions, including administrative and payroll services, as well as additional expenses related to the Rental Relief Program.

Revenues

Net increase of \$41.8 million.

- Intergovernmental Revenue
 - Net increase due to additional state funding for the Rental Relief Program.
- Charges for Current Services
 - Net increase due to increase of positions to assist other divisions within HWS.

Net County Cost Allocations

For FY 22/23 the department is receiving a Contribution to Other Funds allocation of \$250,000 to fund Government Affairs and Community Engagement initiatives. This new funding will facilitate intergovernmental relations, legislative advocacy and regional coordination as the county works to address homelessness and the affordable housing crisis in partnership with local cities, tribes and chambers of commerce. The funding will be used for salary, travel, training and supplies.

Continuum of Care

Mission Statement

The Continuum of Care (CoC) will prevent and end homelessness for persons experiencing housing crises in Riverside County by serving as coordinated, collaborative, community stakeholders who provide housing, services and planning solutions.

Description

The CoC is responsible for implementing and supporting an effective countywide continuum for homeless citizens throughout Riverside County. The CoC coordinates housing services funding for homeless families and individuals. Riverside County CoC has a network of more than 140 private and public sector organizations and homeless service providers designed to promote community-wide planning and the strategic use of resources to address homelessness. The CoC strives to improve coordination and integration with mainstream resources and other community programs for people who are experiencing or are at-risk of becoming homeless and to move homeless people toward stable housing and maximum self-sufficiency.

The CoC serves as the collaborative applicant for the County of Riverside and is directly responsible for administering annual funding received by U.S. Department of Housing and Urban Development (HUD). The CoC is also the administrative entity responsible for overseeing the following state programs: Emergency Solutions Grant, Homeless Emergency Aid Program (HEAP), Homeless Housing, Assistance and Prevention (HHAP), and California Emergency Solutions Housing (CESH) programs to eligible service providers within the CoC Service Area(s).

As the collaborative applicant and administrative entity, the CoC administers over \$43.6 million in annual funding. This designation requires that the CoC:

- Complete an annual Consolidated Application for new and renewal permanent housing projects;

- Support a Coordinated Entry System (CES);
- Maintain the Homeless Management Information System (HMIS), a homeless database that tracks valuable data;
- Manage the Emergency Food and Shelter Program (EFSP) Notice of Funding Availability;
- Conduct the annual Point in Time Count and Survey of homeless individuals in the county;
- Coordinate the annual enumeration of emergency systems, permanent and transitional housing units, and beds that make up the homeless assistance systems.

These counts provide an overview of the state of homelessness in a CoC, and offer the information necessary to redirect services, funding, and resources as necessary.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Provide permanent housing, emergency shelter, and other homeless services.

Portfolio Objective

Improve access to permanent and emergency services.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of households assisted with emergency shelter.	6,143	3,900	3,900	4,500
Number of households assisted with permanent supportive housing.	1,070	1,100	2,000	2,000

Insights

- It is a primary goal of the department to help the most vulnerable population secure housing. The department monitors its progress in meeting this goal through the number of placements in various housing programs.

OBJECTIVE 2

Department Objective

Assist people to achieve permanent housing stability.

Portfolio Objective

Create and maintain long-term housing.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percentage of households assisted through emergency shelter, transitional housing, and rapid rehousing will exit or retain permanent housing.	33%	40%	50%	50%
Percentage of households assisted through permanent supportive housing will exit or retain permanent housing.	90%	90%	90%	90%

Insights

- The Continuum of Care seeks to support the reduction of homelessness in Riverside County by linking people to supportive housing opportunities. Success is measured by the number of people who successfully access supportive housing opportunities and can successfully transition into independent permanent housing.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 staff budget includes 23 funded positions, which reflects a decrease of two full-time positions from FY 21/22.

Expenditures

Net decrease in expenditures of \$18.4 million anticipated for FY 22/23.

- Salaries & Benefits

- Net decrease is primarily due to decreases in staffing for permanent and temporary personnel staff.
- Services & Supplies
 - Net decrease is primarily due to one-time costs budgeted for FY 21/22 related to the CoC's move from DPSS to HWS, as well as supplies purchased in FY 21/22 for the Point-in-Time Count covered under the one-time Emergency Solutions Grant-Coronavirus (ESG-CV) program.
- Other Charges
 - Net decrease is primarily due to a decrease in contracts related to the ESG-CV program, expiring in early FY 22/23.
- Fixed Assets
 - Net decrease is due to the purchase of a van that was budgeted in FY 21/22. No fixed assets are needed for FY 22/23.

Revenues

There is a net decrease in revenue of \$18.4 million, primarily due to the expiration of a one-time award for the ESG-CV program, expiring in early FY 22/23.

- Federal Revenue
 - Net decrease due to the expiration of one-time funding from the Federal Government for the ESG-CV program, expiring in early FY 22/23.
- State Revenue
 - Net increase due to expansion of the Homeless Housing, Assistance and Prevention (HHAP) grant.
- Miscellaneous Revenue
 - Net increase due to revenue received from other HWS divisions for reimbursements for staff time.

Net County Cost Allocations

No change in FY 22/23 net county cost contribution of \$2.1 million.

Workforce Development and Community Programs

Mission Statement

Enhance the economic position of the county and its residents, improve the quality of life, encourage business growth, build a positive business climate, develop a trained workforce and improve existing communities.

Description

The Workforce Development Department is responsible for building and strengthening Riverside County’s workforce. The department’s primary responsibilities include providing job services, training, and employment assistance to people looking for work. The department also works with employers to find the necessary workers to fill current job openings.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Provide career coaching and job training to assist unemployed residents with accessing high quality jobs.

Portfolio Objective

Create and maintain opportunities for businesses and employees.

County Outcome

Thriving, robust, diverse economy.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percent of enrolled adult jobseekers obtaining employment within 12 months of exit	73%	76%	71%	71%
Percent of enrolled youth obtaining employment or education within 12 months of exit	59%	52%	60%	60%

Insights

- The Workforce Development Division (WDD) strives to ensure a healthy workforce ecosystem by supporting a labor force that is skilled and prepared along with employers that are strong and resilient. Towards that end, WDD assists Riverside County employers with recruitments, reimbursement for training/onboarding of new hires, and provision of labor market and human resources information. WDD also assists unemployed and underemployed job-seekers with job placement, career coaching, job preparation services, assessments, and vocational training that leads to industry-recognized credential/certificate attainment.
- Examples of industry recognized credentials include educational diplomas, certificates and degrees, registered apprenticeship certificates, occupational licenses (typically awarded by State government agencies), and/or personnel certifications from industry or professional associations. Career-enhancing credentials are industry-recognized; stackable; portable; issued by an accredited body; and have labor market value. The division also provides approximately \$4 million in annual funding to train jobseekers in high-demand occupations and industries.

Insights

- The division operates four America’s Job Center of California (AJCC’s) within Riverside County that serve as one-stop shops, providing a comprehensive range of no-cost employment and training services for employers and job seekers. The Riverside County AJCCs had almost 52,000 customer inquiries including 25,956 visits to our Career Resource Areas in Fiscal Year 20/21 serving over 4,633 unique individuals with access to computers, internet, and general assistance for self-guided job search. Approximately 1,600 new participants are enrolled in comprehensive career coaching and/or job training services each year.

OBJECTIVE 2

Department Objective

Engage local industry and business leaders to develop career pathways and talent pipelines that ensure economic success for businesses and employees across the county.

Portfolio Objective

Create and maintain opportunities for businesses and employees.

County Outcome

Thriving, robust, diverse economy.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Amount of cash flow assistance provided to employers through the On-the-Job Training program (in millions)	\$1.78	\$1.50	\$1.50	\$1.50
Hiring fairs conducted annually on behalf of local employers	75	18	75	75
Number of business visits annually	350	492	750	750

Insights

- Engaging employers is an important strategy for workforce development programs; it can help align programs with employer needs so participants can secure jobs. The public workforce system has sought to engage employers for several decades, and the Workforce Innovation and Opportunity Act of 2014 emphasizes the importance of partnering with employers. The division provides \$1.5 million in funding annually to support “on the job training” with local businesses.
- WIOA Employer Services activities have the objective of ensuring employers are strong and resilient through provision of myriad resources and supports. Related activities include business visits and engagement, recruitment assistance, reimbursement (i.e. cash flow assistance) for the cost to hire and train new employees, and provision of related resources and information.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 staff budget includes 106 funded positions, which reflects a net increase of four positions. Workforce Development has an increase of two positions and CDBG has an increase of two positions from FY 21/22.

Expenditures

Net increase in expenditures of \$29.1 million anticipated for FY 22/23.

- Salaries & Benefits
 - Net increase is primarily due to annual compensation increases for current positions and an increase in the number of full-time positions.

- Services & Supplies
 - Net increase is primarily due to the addition of a State grant to relocate residents for the Oasis Mobile Home Park efforts.
- Other Charges
 - Net increase is primarily due to the addition of a State grant to relocate residents for the Oasis Mobile Home Park efforts.
- Capital Assets
 - Net decrease is because no capital asset purchases are planned for FY 22/23.

Revenues

Net increase in revenues of \$29.1 million anticipated for FY 22/23.

- State Revenue
 - The Workforce Innovation and Opportunity Act (WIOA) funding will increase due to estimated increases in project activities.
 - The Permanent Local Housing Allocation (PLHA) budget will increase due to the addition of a State grant to relocate residents of the Oasis Mobile Home Park.
- Federal Revenue
 - The Workforce Innovation and Opportunity Act (WIOA) funding will increase due to carrying forward training contracts from FY21/22 to FY22/23. The estimated revenue reflects actual funded services.
 - The HUD CDBG services budget will increase due to estimated increases in project activities funded by CDBG-Coronavirus and ESG-Coronavirus.
 - The HOME Investment Partnership Act results in a net decrease due to estimated decreases in project activities.
 - The Neighborhood Stabilization Program budget will increase due to estimated increases in project activities anticipated for FY 22/23.

- Charges for Current Services
 - Net increase to the HUD CDBG services budget due to salary reimbursement by other divisions.
- Miscellaneous Revenue
 - Net increase to the Workforce Innovation and Opportunity Act (WIOA) budget due to estimated increases in miscellaneous revenue sources.
 - Net increase to the HOME Investment Partnership Act budget due to estimated increases in program income revenue.

Departmental Reserves

- Fund 21550 – Workforce Development
 - Nonspendable for Imprest Cash \$10,000. This revolving fund was established to provide urgently needed supportive services for WIOA enrolled customers to remove barriers for participation in authorized WIOA activities. These services included but are not limited to mileage reimbursement, child services, and job search activities.
 - Restricted Program Money \$1.4 million. The WIOA funding is restricted use for the federal program and represents a timing variance between the revenue draw down and expenditures.
 - Assigned Fund Balance for Program Money \$576,206. Fund balance is required for the day to day operations and to ensure cash needs are met for all program related expenditures.

Net County Cost Allocations

Net county cost is not allocated to this department.

Housing Authority

Mission Statement

The mission of the Housing Authority of the County of Riverside (HACR) is to transform and promote healthy, thriving communities, re-ignite hope and restore human dignity through the creation and preservation of high quality and innovative housing and community development programs which enhance the quality of life and revitalize neighborhoods to foster self-sufficiency.

Description

The HACR's strategic objectives are to finance, acquire, develop, rehabilitate, own, manage, and sell affordable housing in Riverside County for the benefit of persons of extremely low, low and moderate-income families.

The Housing Authority is responsible for administering the county's federally funded Housing Choice Voucher Program (Section 8), which includes both tenant based vouchers and project based vouchers, Moderate Rehabilitation Program, and Veteran Affairs Supportive Housing Program, and is also the housing successor to the former Redevelopment Agencies for the County of Riverside and City of Coachella. The purpose of these programs are to combat homelessness, provide decent and safe housing, expand the supply of affordable housing, increase homeownership opportunities for low-moderate income households and to oversee the wind down of the Former Redevelopment Agencies for the County of Riverside and City of Coachella.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Preserve, manage, and increase the supply of safe and affordable housing within Riverside County.

Portfolio Objective

Create and preserve housing options to enhance and revitalize communities.

County Outcome

Housing choices.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
New affordable housing units earmarked for households at 30 percent or less of Area Median Income	0%	30%	33%	100%
Section 8 funding utilization rate	99%	99%	100%	100%

Insights

- The Housing Authority works to address the demand for affordable housing by financing, acquiring, developing, owning, managing, and selling affordable housing for the benefit of persons of extremely low, low, and moderate-income families. Cuts in federal and state funding, including the elimination of the state redevelopment program, have reduced investment in affordable housing production and preservation by nearly \$159 million per year since 2008, an 86 percent reduction. The department’s goal is to produce at least 100 new units of affordable housing annually with at least seven percent of the units earmarked for extremely low-income households.
- Section 8 vouchers can be awarded to developments as “project based vouchers” which are permanently tied to an affordable housing development for up to 20 years. The leveraging of project-based vouchers is made possible by combining the project-based rental subsidy with the syndication of Low-Income Housing Tax Credits and other housing funds managed by the State. Combining these resources together has the potential to finance the construction of at least 100 additional affordable rental apartments annually.
- Median rent in Riverside County has increased 32 percent since 2000, while median renter household income has decreased three percent when adjusted for inflation. As a result, demand for affordable housing units has significantly increased. With project-based vouchers the department is able to target a deeper affordability and make more units for extremely low-income households, which are defined as having incomes at or below 30 percent of the Area Median Income. The department began tracking this data in FY21/22.

OBJECTIVE 2

Department Objective

Provide housing opportunities for homeless individuals and families.

Portfolio Objective

Create and preserve housing options to enhance and revitalize communities.

County Outcome

Housing choices.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Homeless households provided rapid re-housing services annually	196	275	100	100
Homeless households provided with permanent supportive housing annually	173	242	200	200

Insights

- Rapid re-housing is an intervention designed to help individuals and families quickly exit homelessness and return to permanent housing. Rapid re-housing services combine time-limited subsidized housing with customized supportive services to promote housing stability and wellness.

Insights

- Permanent Supportive Housing (PSH) is a model that combines low-barrier affordable housing, health care, and supportive services to help individuals and families lead more stable lives. PSH typically targets people who are homeless, experience multiple barriers to housing, and/or are unable to maintain housing stability without supportive services. PSH has proven to reduce homelessness while delivering cost savings for the county through the reduction of other services including health care.
- Section 8 vouchers, also known as Housing Choice Vouchers, are the most common form of rental assistance in the nation, serving approximately 2.2 million households. The Housing Authority will use the recently adopted Riverside County Homeless Plan to guide and direct programming aimed at ending chronic homelessness in Riverside County. The County's plan emphasizes cross-system and inter-departmental collaboration to align investments in homeless services.

OBJECTIVE 3

Department Objective

Increase earned income and self-sufficiency of program participants.

Portfolio Objective

Create economic opportunities for businesses and employees.

County Outcome

Thriving, robust, diverse economy.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of FSS Participants who completed the FSS Program and become self-sufficient.	14	10	12	10
Percent of Housing Authority program participants that obtain employment within the fiscal year (July 1 – June 30th)	20%	40%	50%	50%

Insights

- The Family Self-Sufficiency (FSS) program enables Section 8 families to increase their earned income and reduce their dependency on welfare assistance and rental subsidies. Some of the services coordinated through the program include childcare, transportation, education, job training, employment counseling, financial literacy, and homeownership counseling, among others. Services are generally not provided by the Housing Authority, but rather outsourced to service providers in the community.
- In addition to increasing the earned income of program participants, the aim of the program is also to position unemployed participants for employment.
- The Housing Authority receives an annual grant from HUD to fund seven Self-Sufficiency Case Managers. These case managers provide direct career coaching and connections with training/educational providers.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 staff budget includes 147 funded positions, which reflects a net increase of 23 full-time positions from FY 21/22.

Expenditures

Net increase in expenditures of \$3.5 million is anticipated for FY 22/23.

- Services & Supplies

- Net increase due to an increase in Internal Service rates and for Rapid Re-Housing services offered to CalWorks customers and reimbursed by DPSS.

Revenues

Net increase of \$3.5 million.

- Intergovernmental Revenue
 - Net increase due to reimbursement services received by DPSS for the Rapid Re-Housing services offered to CalWorks customers.

Community Action Partnership

Mission Statement

Facilitate opportunities to achieve self-sufficiency through education, wealth building, energy assistance, and advocacy.

Description

The Community Action Partnership of Riverside County (CAP) is a division of the Housing and Workforce Solutions (HWS) department. In collaboration with other HWS divisions, CAP works to reduce poverty through creating strong local partnerships that leverage its programs and services for low-income residents. CAP's Energy and Community Services Departments provide stability and growth to low-income individuals promoting efficient use of energy, as well as creating programs that address communities' priorities as evidenced in the annual Needs Assessment report.

In order to provide these essential programs and services to the community, CAP relies on hundreds of volunteers and partners throughout Riverside County. In collaboration with the Community Action Commission, emerging issues are identified to advance residents' needs across Riverside County. The Community Action Commission participates in the development, planning, implementation, and evaluation of programs that serve the low-income community in Riverside County.

CAP contributes to a healthier Riverside County and promotes energy efficiency through programs that help residents better manage their energy consumption. The organization provides direct utility assistance for low-income families facing financial difficulties and provides weatherization services that enhance the quality of life of residents providing a healthier, more energy efficient home; low-income senior citizens are among the most benefited by this program.

CAP believes in empowering residents to reach their full potential. The organization offers community services programs designed to improve individuals'

financial wellbeing. Through the Volunteer Income Tax Assistance (VITA) program, CAP facilitates free tax-preparation services by IRS-certified volunteers for low-income individuals and families; resulting in millions of dollars back to Riverside County's residents annually. CAP's Saving for Success program provides matching funds that give low-income individuals an incentive to build assets such as starting a business or purchasing a first home. The youth programs provide workplace mentoring opportunities for high school juniors and seniors by partnering with local small businesses and non-profits throughout the county. Youth are provided with opportunities to learn marketable job skills and make a community impact while still attending high school.

CAP supports residents facing legal and financial challenges. CAP's dispute resolution program certifies and trains volunteers to mediate court and community cases, providing an alternative to costly litigation for low-income individuals. Additionally, CAP facilitates more than 70 cool and warm centers that provide a place for residents to shelter from extreme weather conditions while saving on their utility bills.

The organization supports other regional efforts in order to leverage funding and build capacity. CAP Riverside received Coronavirus Aid, Relief, and Economic Security (CARES) Act supplemental funding from the federal government. The funds have been deployed to provide Riverside County residents with utility assistance for electric, gas, water, trash, sewer, propane, and internet. The remaining CARES allocation will be used to provide security deposits for low-income renters, youth programs in low-income areas, employment training programs and laptops for low-income participants to help bridge the digital divide. Additionally, CARES Act funding will be utilized to market CAP programs and services and augment existing programs and services.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Reduce health disparities and improve the health of all Riverside County residents.

Portfolio Objective

Improve the health and well-being of patients and the community by delivering quality and compassionate care, education, and research.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Total tax refund clients via VITA Program	2,202	3,500	6,000	6,000

Insights

- VITA is free tax preparation program that helps low to moderate income filers who file 1040, 1040A, and 1040EZ.

OBJECTIVE 2

Department Objective

Create safe physical and social environments that promote healthy lifestyles.

Portfolio Objective

Improve the health and well-being of patients and the community by delivering quality and compassionate care, education, and research.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Cool and Warm Center Visitors	39,840	42,000	45,000	45,000
Individuals receiving utility assistance	16,855	5,639	14,000	14,000

Insights

- Utility assistance is provided to low income individuals to prevent disconnection of service, which can lead to other problems, such as housing insecurity, as well as give them the ability to distribute their finances to cover other bills.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 staff budget includes 59 funded positions, which reflects a net decrease of one full-time position.

Expenditures

There is a net decrease in expenditures of \$871,943 anticipated for FY 22/23.

- Salaries & Benefits
 - Net decrease is primarily due to deleting three full-time positions previously budgeted and reducing staffing costs for temporary personnel staff.
- Services & Supplies

- Net decrease is spread among several expenses such as computer equipment, maintenance and building improvement, printing and binding, subscriptions, and security guard services for after-hour community events.
- Other Charges
 - Net decrease is primarily due to reduction in contracts for the CARES Act funding, and Administrative Support for indirect and direct costs.
- Intrafund Transfers
 - Net increase for CAP administrative support allocation among CAP programs. Basis for allocation is reflected on percentages based on CAP program positions supported.

22/23 due to completing the grants timely and exhausting CARES Act funding in the current FY 21/22.

- Federal Revenue
 - Net decrease due to CARES funding being fully expended in FY 21/22.

Departmental Reserves

- Fund Number 21050- Community Action Agency
 - Community Action Partnership reserves represent advances received from various federal programs. Program advances are recorded in deferred revenue. As program expenses are incurred and approved by the grantor, funds are recognized from deferred revenue.

Revenues

There is a net decrease in revenue of \$871,943 for CSBG and energy/CARES programs anticipated for FY

Net County Cost Allocations

No change in FY 22/23 net county cost contribution of \$58,492.

IHSS Public Authority

Mission Statement

The IHSS Public Authority’s mission is to strive to assist the elderly and people with disabilities to remain safely in their homes.

Description

The Department of Public Social Services is responsible for administering the County’s In-Home Supportive Services (IHSS) program and provides oversight for the IHSS Public Authority. The Riverside County Board of Supervisors, via Ordinance 819, established the IHSS Public Authority to act as employer of record for Riverside County’s IHSS care providers. The IHSS Public Authority achieves this goal by recruiting, training, maintaining and mobilizing a registry of viable in-home care providers to assist vulnerable elderly and people with disabilities to remain in their homes. This service is available at no cost to the eligible IHSS consumers.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Develop and maintain safe, healthy and thriving environments to improve the well-being of vulnerable residents.

Portfolio Objective

Connect people to health resources to improve wellness.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Growth rate for active IHSS providers	3%	6%	6%	10%

Insights

- California Employment Development Department projects that an additional 185,000 caregiver positions will be needed by 2028 in California of which 17,600 will be needed in the Inland Empire region. It is one of the fastest growing occupations with a 31% growth rate. These statistics underscore the need for continued inter-agency and community collaboration for the recruitment and retention of in-home providers to meet the needs of the growing target population.
- In the second quarter of FY 21/22, the Public Authority (PA) implemented self-registration for the caregiver orientation automated system. This change allowed caregivers to begin the enrollment process immediately, eliminating the wait time for staff to manually enroll them. The PA continues to participate in virtual job fairs and presentations and pursue social media and other interviews to inform the public of the continued caregiver need; and continues to partner with stakeholders to implement and enhance low-cost and technology-based strategies for engaging new caregivers.

Budget Changes & Operational Impacts

The Governor’s January FY 22/23 budget included \$27.6 million for Public Authorities. Riverside anticipates that the PA Administrative allocation will slightly increase by \$1,398 compared to FY 21/22, totaling \$2.6 million for FY 22/23.

Staffing

The proposed budget supports a staffing level of 75 positions, which is higher by six positions from FY 21/22.

Expenditures

Net increase of \$635,665.

- Salaries & Benefits
 - Net increase due to increased staffing levels.
- Services & Supplies
 - Net decrease due to facility costs reduction.

- Other Charges
 - Net decrease due to indirect cost rate reduction.

Revenues

Net increase of \$556,935.

- Intergovernmental Revenue
 - Net increase due to additional State and Federal funding.
- Charges for Current Services
 - Net increase due to additional funding from provider partners.

Departmental Reserves

- Fund 22800
 - Planned utilization of \$682,596 from the Public Authority fund balance reserve in FY 22/23.

Net County Cost Allocations

The department does not receive a net county cost allocation.

Office On Aging

Mission Statement

Serves to promote and support a life of dignity, well-being and independence for older adults and persons with disabilities.

Description

The Riverside County Office on Aging (RCOoA) provides over 27 different programs and services, either directly or through contracted providers, which allow older adults and persons with disabilities to live independently in their homes and communities. All RCOoA programs and services are free to those who meet the minimum qualifications for each program. These services include care coordination, options counseling and decision support, healthy lifestyle and wellness programs, social engagement and community activation, advocacy, coordination and outreach, and community education.

Riverside County is projected to experience a 248 percent increase in the population over age 60, and a 711 percent increase in adults over age 85 between 2010 and 2060. This growth is more than the state average and places Riverside County amongst the top five counties with the largest older adult population projections in California. The Riverside County Office on Aging's 2020-2024 Area Plan on Aging, "The Path Ahead" highlights the challenges and needs of the growing older adult population and how communities can respond to the opportunities for change presented by the increase. Aging Americans are living longer, achieving higher levels of education, and striving to remain physically and socially active as they age, making it necessary to alter the approach to service provision across the nation.

The ongoing impact of the COVID-19 pandemic continues to have an outsized impact on older adults and adults with disabilities as the most vulnerable and, often, the most socially isolated. Even two years into the pandemic, the existing support system for older adults continues to be negatively impacted and dramatically reduced from pre-COVID capacity. Only one in four senior centers have fully re-opened to all

services, with many citing continued challenges in recruiting and retaining enough volunteers to support full operations. Many other services, benefits, and resources have shifted to web-based, which has highlighted the disproportionate impact of the digital divide on older adults, many of whom are less comfortable with current technology. When vaccines became available during the last year, older adults were prioritized, but had significant challenges in access to vaccines, finding and registering for appointments, and understanding the often-complex information around securing testing and vaccines. For many, the last year has served to further increase social isolation, resulting in increased need for assistance in securing basic necessities in their local communities.

The Riverside County Office on Aging has continued to respond to the evolving community needs by transforming program design and delivery, and working with providers to support and adjust modes of service:

- Congregate meals have maintained the "Grab and Go" delivery process to prioritize client safety
- Home delivered meals have continued to see greatly increased requests for services, with providers adding additional infrastructure and routes to accommodate increased referrals
- Training front-line and call center staff that nutrition is a gateway to other services and to assess clients for frequently needed supportive services, including utility assistance, transportation, and caregiver needs
- Increasing case management support capacity for short- and moderate-term case management to provide improved support for clients who can benefit from more coordinated services

As direct services and those delivered through the partner network continue to adjust to the pandemic and vaccination efforts, the department will continue to plan and deliver service strategies that consider immediate and long-term preventative measures.

RCOoA is committed to working with the aging network to develop safe alternate modes of service, reduce the digital divide, and mitigate impacts of loneliness and isolation through technology and nontraditional interventions.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Support senior healthy lifestyles through promotion of socialization and healthy balanced meals.

Portfolio Objective

Foster healthy and safe environments through prevention and early intervention.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percent of seniors who feel that congregate meals allow opportunities to socialize with friends	77%	85%	100%	100%
Percent of seniors who feel that services received through the meals program help them eat healthier foods	92%	96%	100%	100%
Percent of seniors who feel that services received through the meals program help them feel better	90%	95%	100%	100%

Insights

- Senior nutrition programs can mean the difference between remaining in one’s home and institutionalization. A nutritious meal, visiting with friends at the meal site, or a friendly visit and safety check at their door help older adults cope with three of the biggest threats of aging: hunger, isolation, and loss of independence.
- Research during the pandemic showed that 61% of older adults were not comfortable using the internet, 64% needed help picking up groceries, and 1 in 6 adults over 65 described their lives as lonely.
- During FY 20/21, RCOoA assisted these socially isolated older adults by providing more than 1.1 million meals to over 11,500 seniors who live at, or below the federal poverty level. On average, callers to the RCOoA call center request an average of three (3) different service types, highlighting the increased need for case management services and a comprehensive assessment process.

OBJECTIVE 2

Department Objective

Support senior healthy lifestyles through family caregiver education and reduced stress.

Portfolio Objective

Foster healthy and safe environments through prevention and early intervention.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percent of caregivers who feel that the education program offered methods to help solve problems related with caregiving	97%	100%	100%	100%
Percent of caregivers who feel that the service helped to reduce some of the stress associated with being a caregiver	94%	100%	100%	100%
Percent of caregivers who feel that the services allowed them to cope more effectively with their role as a caregiver	100%	100%	100%	100%

Insights

- According to the National Alliance for Caregiving, approximately 41.8 million Americans provided unpaid care to an adult age 50 or older in 2020.
- The caregiving experience is perceived by many caregivers as a condition of ongoing stress, which has negative psychological and behavioral effects on the caregiver. Caregivers who lack effective coping skills are less able to care for their care recipient and are more prone to depression, compromised health, and premature death.
- The pandemic resulted in significant impacts to family and non-family caregivers, including caregivers who were unable to utilize respite care options due to concerns of COVID exposure, and generalized stress and anxiety from a pandemic that impacted those in greatest need of care.

Budget Changes & Operational Impacts

Riverside County Office on Aging (RCOoA) will operate with an annual budget of approximately \$24.8 million in federal, state, county contributions, and local funds for FY 22/23. The department relies heavily on funding through the Older Americans Act (OAA) and the Older Californians Act to provide supportive services to the county’s most frail and vulnerable seniors and persons with disabilities over the age of 18. In recent years, OAA programs have required increased resources to maintain service levels due to the pronounced population increase in persons over the age of 60, which make up approximately 20 percent of the county’s total residents. The continued growth of older adults in communities requires the department to adjust and transform traditional service delivery systems to address the needs of aging seniors, which continue to evolve and grow more complex later in life, and in the context of the COVID-19 pandemic.

The California Department of Aging (CDA) administers the funds allocated under the federal OAA and the Older Californians Act through the network of Area Agencies on Aging (AAA); RCOoA is the established AAA for Riverside County. In March 2021, the American Rescue Plan Act (ARPA) was signed into law by President Biden. Section 2921 of the law appropriated a total of \$1.4 billion to increase OAA services. To expand these services locally, CDA allocated \$7.7 million in ARPA funds to RCOoA through September 30, 2024. The department plans to utilize approximately half of the allocation (\$3.9 million) in FY 22/23 and the remainder in FY 23/24.

Staffing

Net increase of 12 full-time positions, raising the total number of funded positions to 104. The increase in total positions is due to new funding and increases of local grants in FY 22/23 to fulfill contractual agreements.

Expenditures

Net increase of \$5.2 million.

- Salaries & Benefits

- Net increase due to organizational changes and additional permanent positions added during FY 22/23 to support enhanced social service programs.
- Services & Supplies
 - Net increase due to general increases in the level of client need and corresponding services provided, as well as an increase in several ISF accounts.
- Other Charges
 - Net increase due to additional allocation to senior service providers, coinciding with increased federal revenue.
- Net increase due to the increase in allocation of Federal grants.
- State
 - Net decrease due to the decrease in allocation of State grants.
- Miscellaneous Revenue
 - Net increase due to available funding from local partners.

Net County Cost Allocations

RCOoA received an increase of \$220,691 to the baseline net county contribution. This increase will result in a total net county contribution allocation of \$1.6 million. These additional funds will be used primarily to meet matching requirements for ARPA and baseline OAA funds, with \$100,000 of the NCC target used for computer equipment and leasing vehicles from County Fleet.

Revenues

Net increase of \$5.2 million.

- Federal

Veterans Services

Mission Statement

To promote and honor all veterans and enhance their quality of life, and that of their dependents and survivors through counseling, claims assistance, education, advocacy and special projects.

Description

Riverside County is home to over 118,351 veterans that comprise 4.7 percent of the total county population; this is the third largest veteran population in the state. Further, the total veteran, dependent and surviving spouse population is over 414,229 or 16.3 percent of the county’s population. The Department of Veterans’ Services assists veterans, their dependents and survivors in obtaining veteran’s benefits from local, state and federal agencies. The department’s focus is on enhancing the lives of veterans, their dependents and survivors through providing customer-centric, high quality service and promoting healthy communities. This includes encouraging businesses to participate in the County’s Veteran-Friendly Business program. The department partners with other county departments, all levels of government, and community organizations to connect veterans to programs, services and resources, to achieve the best possible quality of life.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Connect with veterans, their dependents, and survivors throughout the county to educate them about available benefits and services.

Portfolio Objective

Provide educational opportunities to promote early development and boost employability; enable financial independence to instill economic security, restore self-reliance and enhance societal contribution; foster healthy and safe environments through prevention and early intervention.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Clients reached and served	93,262	75,000	95,000	100,000
Number of annual outreach events	7	35	50	60

OBJECTIVE 2

Department Objective

Enhance the quality of life of veterans, their dependents and survivors by providing comprehensive benefits counseling, advocacy, education, and claims assistance.

Portfolio Objective

Provide educational opportunities to promote early development and boost employability; enable financial independence to instill economic security, restore self-reliance and enhance societal contribution; foster healthy and safe environments through prevention and early intervention.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
New awards generated contribute to the total federal expenditures for awards paid annually (in millions)	923	975	1,000	1,250
New federal monetary benefits generated from claims annually (in millions)	\$32	\$34	\$38	\$45

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget represents 26 positions, which is a net increase of six positions.

Expenditures

Net increase in expenditures for FY 22/23 of \$310,951 due to the need to expand services to veterans and their families in the southern county region with the highest density of veterans.

- Salaries & Benefits
 - Net increase due to additional staffing in order for the department to expand services and outreach to underserved areas.
- Services & Supplies
 - Net increase due to additional expenses for equipment, office furniture for six additional employees, workspace, computers, phones, licenses, memberships and supplies.

Revenues

Net increase in revenue for FY 22/23 of \$5,285.

- Intergovernmental - State
 - Net increase due to additional claims work performed in FY 21/22. Once new Veterans Services Representatives (VSR's) and vacant positions are filled with training/accreditation completed, then anticipated revenues should increase significantly more in FY 23/24 and FY 24/25.

Net County Cost Allocations

Net increase of \$622,381 due to increased staffing, salaries and benefits and operational expenses to expand services.

Introduction

The county's Internal Services portfolio provides an essential method by which to deliver general services internally to other departments within the county on a fee for service basis through Board-approved rate structures. This enables the county to distribute overhead costs on the basis of goods and services used. The county is thereby able to recover partial costs from state and federal programs, and other jurisdictions that contract with the county for municipal services. Internal services include records management, custodial and maintenance services, real estate and project management services, dental, life, property, disability, and unemployment insurance, information technology, central mail, purchasing, and supply services. Internal service funds are proprietary funds that operate and budget on a full accrual basis.

Facilities Management

Mission Statement

Facilities Management (FM) is committed to providing safe, comfortable, efficiently operated and aesthetically pleasing facilities for all county employees and the general public.

Description

FM is an organization comprised of ten separate divisions that support county departments and agencies occupying approximately 16 million square feet of county-owned and leased space. In accordance with Board Policy H-9, Management of Building Space, the Director of Facilities Management is the designated building official for county owned buildings and responsible for administering the countywide facilities management program and ensuring that county facilities are designed, constructed, operated, and maintained to standards established by the Board and in compliance with building code requirements and laws and statutes. The FM portfolio of professional services includes property acquisition, disposition, design and development of new construction, tenant improvements, space planning, energy management, custodial and maintenance services and the management and oversight of community centers, active parks, and the Desert Expo Center. Funding sources include internal service funds, general funds, and special revenue funds.

Supporting the overall administrative needs of FM is the Administration Division which is responsible for budget planning and analysis, rate development, invoice processing, revenue recovery, project costing, personnel management, procurement, inventory and asset management, space planning, and customer service.

The Custodial Services Division (CSD) provides services to 4.8 million square feet of County occupied space and is committed to providing professional, comprehensive, and responsive custodial services to all county customers. The primary goal of Custodial Services is to provide a clean, safe, and sanitary

environment for county employees and partner agencies, customers, visitors, and the public. CSD performs general custodial services and specialized cleaning such as window cleaning, carpet cleaning, floor stripping and waxing, and specialized COVID-19 disinfecting.

Maintenance Services Division (MSD) is responsible for maintaining 9 million square feet of county-owned facilities and responds to facility emergencies 24 hours a day, 365 days a year. MSD performs approximately 40,000 Preventive, Predictive and Corrective maintenance activities annually in 300 diverse buildings spanning the county's 7,200 square miles. The division successfully completes approximately 100 non-capital tenant improvement projects annually. The MSD portfolio is diverse, requiring broad regulatory-compliance knowledge and implementation. The team proactively enhances the health and safety environment within county buildings through indoor air quality best practices and high standards of care.

The Real Estate Division (RE) pursues a wide variety of full-service real estate transactions including acquisitions, sales, leases, and public private partnership development on behalf of the county, its various departments, and partner public agencies. The RE Division oversees a portfolio of over 11 million square feet of county-owned space and approximately 4.9 million square feet of county-leased space and manages over 400 lease agreements which include providing lease management and property management services.

The Project Management Office (PMO) is responsible for overseeing the design, development, permitting, environmental compliance, and construction of new facilities and tenant improvements to fulfill the needs of county departments in support of their mission. PMO oversees all phases of capital projects, from inception to completion, and ensures that all services are provided within Board of Supervisors approved scope, schedule and budget, and in accordance with Board policies, code requirements, applicable laws and statutes.

The Energy Division is responsible for promoting and delivering smart, cost-effective renewable, sustainable, energy-efficient solutions in utilities such as water, natural gas, and electrical power resources for Riverside County departments. The Energy Division, utilizes technology, industry innovations, best-practices, energy conservation and opportunity measures, with renewable energy systems to reduce energy costs and usage. The division analyzes, manages, and processes all utility accounts for over 40 county departments. The division also manages over 12.5 megawatts of solar-array, 70 EV charging stations and works at developing energy-efficiency projects within the county.

The Parking Services Division is responsible for the operation and patrol of County-owned and leased parking structures and surface lots county-wide. The Division’s goal is to streamline its operations and is in the process of pursuing automated parking systems and methods that would provide greater efficiency and substantially reduce operating costs.

FM began managing the Fairgrounds in Indio July 2021 which has successfully hosted special events such as Thrillville, Macklin Markets, and California Careforce. FM also manages several community centers including Mead Valley, Moses Schaffer, James Venable, Norton Younglove, Roy Wilson and Lakeland Village centers. In addition, FM works with private operators to run and manage several active parks and properties including the Cove Waterpark, DropZone Waterpark, and Big League Dreams Perris and Big League Dreams Jurupa Valley which are multi-field ballparks. These vibrant community centers and active parks are located throughout the county and provide services and recreational activities that benefit the residents, businesses, and the communities served. Several of these community assets are run through a direct partnership with private sector operators and non-profits. The programming and services provided to the community and residents of this county are delivered through this public/private partnership approach and reflect the active engagement by the county to partner with the community and the private sector to provide quality services, programs, and activities for

the benefit of families and residents of Riverside County.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Reduce county cost by encouraging general fund departments to occupy county-owned space vs. leased space. Maximize revenue and minimize costs by maintaining a low county-owned vacancy.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Annual vacancy rate	3.0%	3.0%	3.0%	3.0%
Percent of NCC departments located in County-owned space	0.91	0.91	0.93	0.93

Insights

- Moving general fund departments from private leased space and into county-owned space helps the county avoid private market-rate lease costs.
- Reducing county vacant/owned space through leasing and surplus sale efforts generates revenue. County long-term purposeful ownership is preferred over leasing as it provides useable assets that gain equity and can be pledged to pursue the needs of the county.

OBJECTIVE 2

Department Objective

Make effective use of county resources by completing public works projects in an efficient manner. Remain responsive to county customers and to deliver high quality service.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Customer satisfaction rate	92%	95%	100%	100%
Percent of projects completed on schedule and within approved budget	82%	94%	94%	90%

Insights

- The Project Management Office’s ability to deliver projects on schedule and within budget saves money for county departments. Factors influencing delivery vary widely, and the goal is to steadily improve by continuous management of project scope, development of reasonable budgets, and enforcement of contracts to successfully complete the project.
- Facilities Management will enhance service levels and increase customer satisfaction by providing consistent and responsive services to all customers. The frequency of customer surveys will increase this fiscal year and the implementation of new software will give customers an opportunity to provide feedback at the completion of all projects and work tasks.

OBJECTIVE 3

Department Objective

Reduce Riverside County’s Green House Gas (GHG) emissions through the use of renewable solar energy. Promote healthy environmental building conditions.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percent of indoor air quality assessments within Cal-OSHA/ASHRAE health standards	100%	100%	100%	100%
Reduction of Green House Gas emissions in metric kilotons	12	13	15	15

Insights

- In the past year, Riverside County’s owned solar systems have generated over 16,637,140 kilowatt hours (kWh) of electricity, an increase in production of approximately 25% from the previous year. This removed 12.7 metric kilotons of greenhouse gas emissions from the atmosphere, a reduction equivalent to removing the carbon dioxide emissions from 1,420 homes or 2,564 cars for a single year.

Insights

- In line with the reduction of GHG's the energy team is currently developing an energy conservation strategy working with MSD and utilizing Building Automation System (BAS) Management to enhance and optimize building systems schedules, duty-cycles, energy load-shifting, and other industry best practices to reduce building energy consumption by 13% through technology and digital control systems within buildings utilizing BAS. This strategy and implementation have been delayed due to COVID-19. During COVID-19, county buildings required an abundant amount of added outside air, with increased air-exchanges to provide additional health benefits for all building occupants. This health and safety measure mandated more heating and cooling energy to offset the higher volume and rate exchange of air within the facilities.
- Indoor Air Quality (IAQ) is a well-recognized best-practice and industry standard to measure, monitor and confirm the environmental health of a building. The MSD outsources IAQ testing and reporting throughout the county to ensure appropriate fresh-air exchange and measure air component levels to confirm compliance with regulatory health standards.
- This best practice metric validates that air conditioning and ventilation systems are functioning properly and validates positive operation within the building envelope and other systems to provide optimal environmentally friendly buildings for all occupants.
- The division utilizes the highest MERV rated filter possible within county Heating Ventilation Air Conditioning systems and sets the maximum amount of fresh-air possible in effort to promote healthy environmental building conditions for people. During COVID-19 and currently, MSD installed MERV 11-13 filters within all county owned facilities, in effort to combat the spread of disease within buildings.

Budget Changes & Operational Impacts

Staffing

FM's authorized positions decreased by four positions for FY 22/23 for a new total of 437, primarily due to the reduction of fairgrounds staff. FM will continue to partner with outside vendors as needed to supplement the workforce and will delete vacant positions as necessary during the year.

Expenditures

Net increase in expenditures of \$3.2 million, which is offset by a net increase in revenue of approximately \$3.2 million. The primary driver is an increase in utility costs of \$3 million.

- Salaries and Benefits
 - A net decrease due to reduction of staff by four positions.
- Services and Supplies
 - A net increase due to an increase in gas and electric utility costs and an increase in the ISF departments due to new contracts and smaller projects which are a pass-through cost to county departments. FM continues to limit discretionary training and travel, as well as reduced equipment and vehicle purchases in order to minimize expenditures.
- Other Charges
 - A net decrease due to a decrease in labor costs on capital projects and debt service payments for the Riverside County Information Center (RCIC). Other decreases include a reduction in utility expenses at the fairgrounds due to the transition of costs to the operator of the fairgrounds.
- Capital Assets

- A net increase due to anticipated capital projects including the Shalimar Building, RUHS Parking Lot Improvements and Facility Trailer, Animal Services Generator, and the Probation A/C Replacement.
- Other Financing Uses
 - A slight increase from Big League Dreams rent revenue which will be used to offset the Lakeland Village Recreational Center and Perret Park operational costs.
- Intrafund Transfers
 - A net increase due to an increase in utility reimbursements from general fund departments and change in the allocation of administration cost reimbursement from FM general fund departments.

Revenues

Net increase of approximately \$3.2 million in overall revenue for FM.

- Charges for Current Services
 - FM is anticipating an increase directly attributable to an increase in utility costs reimbursement and additional capital projects including the Shalimar Building, RUHS Parking Lot Improvements and Facility Trailer, Animal Services Generator, and the Probation A/C Replacement. In addition, Custodial Services will experience an increase due to new outside service contracts. Utilities, Capital Project costs, and service contracts are a pass-through.

In keeping with the directive to provide departments with predictable costs, FM developed an allocation methodology for core custodial and maintenance services based on a roll over budget (not including pass-through costs). All labor increased have been absorbed by the PMO, Real Estate, Custodial and Maintenance Divisions. The direct costs for the CSD and MSD services will be billed monthly as 1/12 of the annual cost. FM has kept its rates flat for its ISF Real Estate and Project Management services.

Departmental Reserves

Unrestricted Net Assets continues to appear in an unfavorable position due to constrained cost recovery efforts that have resulted in reduced impacts to other county operational budgets. Revenue has not been sufficiently increased to improve the overall financial position of the ISF funds to aid county departments with austerity measures.

Net County Cost Allocations

The Energy Management Division carries an on-going cost of approximately \$7.4 million mainly to fund commodity costs such as electric, gas, water, etc. for certain county-owned buildings not directly billed by FM, administrative costs, solar debt service, and the EnergyCAP Utility Bill Management System.

The Parking Services Division receives \$695,000 to assist in offsetting on-going maintenance, repairs, and other increases in operating costs.

In addition, Community and Recreational Centers receive \$1.7 million from the general fund. These funds are used to contract with operators that provide programming at each community center, operational costs, and facility improvements.

The Desert Expo – Fair receives a general fund contribution through Contribution to Other Funds in the amount of \$1.4 million as well.

Human Resources

Mission Statement

To effectively serve and partner with our community, departments, and employees by leveraging best practices and innovation to foster a thriving county.

Description

The Human Resources Department is responsible for supporting the life cycle of the employee. From interviewing, hiring, and on-boarding; to negotiating union contracts, planning retirements, or investigating issues in the work environment, staff members give assurance to management and the public that HR is in full compliance with federal, state, and local laws and regulations. Additionally, HR reviews overall compensation through cyclical classification and compensation studies. HR also strives to create a growth mindset by promoting professional development and offering numerous educational opportunities for employees at all levels, empowering them to take their careers to the next level and beyond.

Human Resources accounts for all its core activities within the general fund, which are subsequently charged to all other County departments on a fair and equitable basis that reflects the actual level of services used annually. These service activities are organized into four major programs: Business Services, Recruiting, Benefits, and Departmental Services.

- Business Services: This program includes the following activities related to general administration: Executive, Asset Management, Business Administration, Business Systems Solutions, Finance, and Marketing.
- Recruiting: This program includes the following activities related to employee hiring: Recruiting, Assessment & Background, Psychological Assessments, Temporary Assistance Program, and Testing.
- Benefits: This program includes the following activities related to employee benefits: Benefits,

Culture of Health, Employee Assistance Program, Retirement, and Rideshare.

- Departmental Services: This program includes the following activities related to department service and support: Business Partners, Class & Compensation, Employee Relations, Employee Services, Labor Relations, Learning & Organizational Development, and On-boarding/Community Events/College Relations.

Human Resources also provides additional services to specific departments as requested on a contracted basis for needs that exceed the core service levels.

In addition to its Core Services operating within the general fund, Human Resources maintains 13 internal service funds which are organized into three major programs: Risk Management, Insurance, and Benefits Maintenance.

- Risk Management: There are five divisions within the Risk Management program – Disability Access, Leave Management, Occupational Health, Safety/Loss Control, and Workers Compensation.

The Disability Access division coordinates compliance efforts to ensure that there is no discrimination in any terms, conditions, or privileges of employment within the County of Riverside.

The Leave Management division ensures county compliance with state and federal leave laws and has established family and medical leave practices that enable employees to be away from work while maintaining their employment status.

The Occupational Health division provides pre-employment physicals to all potential county employees, as well as yearly health screenings for many classifications based on the needs of the departments.

The Safety/Loss Control division promotes full compliance with federal and California Occupational Safety and Health Agency (Cal OSHA) rules and regulations for the workplace.

This division provides training, on-site safety, and ergonomic evaluations, conducts accident investigations, reviews or assists in the creation of department-required written safety programs, and acts as the county’s liaison with outside regulatory agencies on matters pertaining to occupational health and safety.

The Workers Compensation division ensures that employees who are injured or become ill on the job receive appropriate medical attention and treatment. The division also works to return employees who have disabling injuries to full or modified work as soon as their medical conditions permit.

- Insurance: To protect the resources of the county, HR maintains actuarially defined reserves for general and auto liability, and medical malpractice to self-insure against accidents and disasters. Additional insurance is purchased to pay claims beyond specified high dollar amounts and for certain other insurances, including but not limited to property, watercraft, and cyber liability.
- Benefits Maintenance: Human Resources manages several benefit programs and self-insured medical and dental providers for county employees: Deferred Compensation, Delta Dental, Exclusive Care Employer Provider Option (EPO) medical health plan, Local Advantage Dental (Blythe and Plus), and Short Term and Long Term Disability insurance.

The self-insured medical dental plans are high quality, low cost solutions that reduce out-of-pocket expenses for employees. Exclusive Care EPO is a full-service health plan offering health and pharmacy benefits to county employees and their dependents with its own on-site center for optimum health and pharmacy that employees can choose for their medical care needs.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Expedite time to hire for all positions and deliver tailored responses to critical priorities, to ensure continuity of county operations.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Average days to fill	93	90	90	90
Average time to Offer	52	50	52	52
Percent of hours spent in instructor-led mandated training	4%	2%	1%	1%
Promotion Ratio	13%	11%	11%	11%
Voluntary turnover rate	10%	11%	11%	11%

Insights

- Average number of calendar days from when the requisition is issued to when a candidate is hired.
- Average number of calendar days from when the requisition is issued to when a candidate receives an Offer.
- Percentage of hours spent in County Mandated Training in synchronous (live instructor facilitated) training Courses.
- Percentage of employees who promoted in the county during the fiscal year.
- Percentage of employees that left the county during the fiscal year.

OBJECTIVE 2

Department Objective

Promote employee health, safety, and expert claims management.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Injury and illness rate **	8.40	11.30	11.30	11.30
Liability Claims Closing Ratio (General & Auto)	144%	154%	100%	100%
Percentage of employees working an alternative work schedule	80%	79%	79%	79%
Workers Compensation cost per FTE	\$1,846	\$1,852	\$1,852	\$1,852

Insights

- Number of injuries or illnesses per 100 FTE
- Ratio of new claims reported during the Fiscal Year compared to the claims closed during the same Fiscal Year (closed claims during Fiscal Year / New Claims during Fiscal Year)
- Percentage of employees working a 9/80, 4/10, 3/12 or other alternative work schedule than that of a 5/8 and therefore having less drivers on the road five days a week.
- Total cost of Workers Compensation divided by total FTE

OBJECTIVE 3

Department Objective

Coordinate high quality, affordable benefits and competitive compensation through a total rewards program.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Average Compensation per FTE	36	37	37	37
Average days to close employee relations cases	71	70	70	70
Healthcare Costs per employee	\$7,971	\$8,539	\$8,539	\$8,539

Insights

- Total compensation divided by total FTE count
- Average days to close employee relations cases
- Total cost of employee health premiums per employee (medical, dental, vision)

Budget Changes & Operational Impacts**Staffing**

A net increase of 29 positions from FY 21/22.

Excluding Temporary Assignment Program positions, the Human Resources Department staffing level increased by 29 positions from 352 to 381.

Expenditures

Net increase of \$13.4 million

- Salaries & Benefits
 - General Support Services, General Fund – Increase due to annual salary and benefit cost increases and 10 additional positions.
 - RideShare Special Revenue Fund – Increase due to annual salary and benefit cost increases.
 - Exclusive Care – Increase due to annual salary and benefit cost increases and 10 additional positions.
 - Risk Management ISF Funds – Increase due to annual salary and benefit cost increases and addition of 4 positions.
- Services & Supplies
 - General Support Services, General Fund – Increase due to increase in variable volume-based recruiting expenses, and increases in internal service charges and utility costs.
 - RideShare Special Revenue Fund – Decrease due to reduced internal service charges for Fleet Services.
 - Exclusive Care – Decrease due to no longer paying rent for office space by moving into the County Administrative Center, and general reduced spending and internal service charges due to reduced plan membership.
 - Risk Management ISF Funds – Increase due to increased costs for insurance product premiums for property, workers compensation, and general/auto liability coverage.
- Interfund
 - Exclusive Care – Decrease due to closure of the Exclusive Care clinic and pharmacy, as well as reduced membership in the plan resulting in lower expected cost of claims.
- Transfers & Contributions

- Risk Management ISF Funds – Decrease due to reduced cost of operations for Safety/Loss Control program, which is funded through Workers Compensation.

Revenues

Net increase of \$26.6 million

- General Support Services, General Fund – Increase due to the reclassification of a portion of GSS Rate budget as revenue rather than intrafund transfer as previously budgeted.
- Rideshare – Increase due to increased subsidization revenue from AQMD to cover the cost of annual salary and benefit cost increases.
- Exclusive Care – Decrease due to reduced plan membership and the closure of the Exclusive Care pharmacy.
- Risk Management ISF Funds – Increase due to increase in ISF rates to cover the cost of increased insurance policy premiums, Decrease for Short Term Disability program due to the discontinuation of that in-house administered program and conversion to the State of California SDI program.

Departmental Reserves

- 11320 Exclusive Care is projected to utilize \$1,645,188 of Fund Balance to sustain operations due to increasing claims costs.
- 11312 Short Term Disability Insurance is projected to utilize \$151,884 of Fund Balance due to program discontinuation and the closure of remaining cases and claims.
- 11310 Liability Insurance is projected to utilize \$700,000 of fund Balance due to unexpected increases in the cost of Property Insurance product premiums.
- 11309 Medical Malpractice Insurance is projected to utilize \$640,758 of Fund Balance in order to reduce reserves to actuarial confirmed requirements.

Net County Cost Allocations

Human Resources' restructured general support services rate is designed to ensure full cost recovery for core HR services without the need for net county cost support. Any future requests for net county

cost will be related to the up-front cost related to the procurement and implementation of systems and software for modernization of HR business processes serving all County departments.

Information Technology Department (RCIT)

Mission Statement

The employees of Riverside County Information Technology (RCIT) are committed to excellence and ensuring the business of government remains efficient by providing an information technology infrastructure with systems that are secure, reliable, and financially viable. RCIT continuously strives to improve the dissemination of public service information through the expanded use of communications, computing technology and effective management oversight.

Description

RCIT is an umbrella organization responsible for planning, designing, implementing, operating, and coordinating the county’s information and communications technology. Included Services are: Countywide Cyber Security, Geographic Information Services (GIS), RivCoTV, Network, Wireless, Managed Technology Services, Digital Equity Program, and RivcoPRO. The department fully manages 27 separate county departments under the Board’s shared services approach. RCIT provides a variety of county technologies including applications development, Office 365, operations support services, help desk services, field support, data center server and storage services, project management, and additional support services all designed to meet the ever-changing demands of the county.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Deliver an effective "utility-like" end-user experience.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percent of customer survey scores of "Good" or better	96%	95%	95%	95%
Percent of end-user uptime that is 99.99% or better	99.99%	99.99%	99.99%	99.99%
Percent of RCIT supported devices are fully managed	100%	100%	100%	100%

Insights

- RCIT is effectively managing the end user experience for 27 departments including over 15,000 desktops, laptops, tablets, and over 1,400 servers. In the departments that RCIT manages, all productivity and operating system software are now maintained up to date in an automated fashion, rather than the manual process that existed prior to optimization.
- Customer survey scores represent post help desk survey responses; RCIT is implementing a general customer satisfaction survey to understand further how the department is performing across all its services.
- A metric of 99.99 percent represents only 4.3 minutes per month, or 53 minutes per year, of unplanned downtime (excluding personal computer hardware failure). End-user uptime is also dependent on non-RCIT managed infrastructure.

OBJECTIVE 2

Department Objective

Provide a secure technology infrastructure to protect county data and minimizing risk.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percent compliance with regulatory requirements (HIPAA, PII, etc.)	100%	100%	100%	100%
Percent of enterprise infrastructure actively monitored 24x7x365	100%	100%	100%	100%
Percent of RCIT managed systems backed up to offsite secure facility	100%	100%	100%	100%

Insights

- A future goal is to optimize the efficiency of data back-ups by using direct replication to an offsite data center rather than rely on the more manual process of using physical tapes.
- To reach the goal of 100 percent active monitoring of the enterprise infrastructure, RCIT will need to work with departments currently managing their internal infrastructure collaboratively to ensure the entire infrastructure is monitored and protected from malicious activity and county data is secure.

Insights

- RCIT has a security team that monitors the county network for intrusions 24x7x365 and employs advanced security tools that block an average of 650,000 cyberattacks per day. This team also monitors compliance with state and federal regulatory requirements, responds to internal and external audits, and is actively working with all county departments to ensure county data is protected.

OBJECTIVE 3

Department Objective

Provide the opportunity for departments to leverage technology to increase efficiencies.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
IT spend as a percentage of county expenditures	3.0%	3.0%	3.0%	5.0%
Number of enterprise-wide process improvements initiatives per year	3	5	5	4
Percent departments leverage one or more Enterprise Investments*	100%	100%	100%	100%

Insights

- RCIT has identified the departments with major information technology (IT) spending but only manages 27 of these departments. The departments that are RCIT managed utilize centralized IT assets such as the Enterprise Data center, Enterprise Backup services, Enterprise Email/Collaborations services, desktop software management, server/application management services, and Enterprise Identity Management and Security services. The county’s goal is to find opportunities for non-RCIT managed departments to leverage one or more of these enterprise investments while still maintaining their management autonomy.
- RCIT is at the center of technology optimization and the demands on enterprise infrastructure continue to grow as departments transform their operations using technology. It is important to note that while these demands grow RCIT’s budget has remained flat at 1.6 percent of the entire county budget. To support ongoing innovation and transformation, RCIT intends to advocate for increasing IT investment to 3 percent of the county budget in future years (industry standards are 5 to 7 percent of county budget).
- RCIT strives to deliver leading, innovative IT solutions that provide departments the opportunity to improve business processes and achieve cost avoidance/savings when implemented. RCIT’s goal is to continue to identify and deliver improvements as follows:
 - Hardware Upgrade for Virtual Environment at RC3 (FY 21/22 - FY 22/23) – next generation hardware to support a larger virtual environment and potential expansion to the public cloud (Amazon, Google, Microsoft).
 - New Web Content Management System (WCMS) (FY 21/22 - FY22/23) – migrate and centralize all RCIT managed websites into a single standardized environment.

Insights

- End of Life Network Equipment replacement (FY 21/22 – FY 22/23) – to replace all end of life Cisco switches and routers, provide improved security, future growth, and support additional bandwidth on our network.
- New Enterprise Wireless Network (FY 22/23 – FY 23/24) – to replace the existing Cisco wireless network with the next generation of WiFi that will provide added security, greater efficiency, and increased speeds.
- PeopleSoft Financials Upgrade (FY 21/22 – FY 22/23) – Upgrade of the current PeopleSoft Financial System (FIN) 9.1, to the new version 9.2. The new version will provide simpler, more intuitive use with WorkCenters, Pivot Grids, and Global Search, a simple method for implementing future upgrades, and over 1,000 functional enhancements.

OBJECTIVE 4

Department Objective

Increase access to GIS data and services provided by the county to its residence and stakeholders.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Solutions in production	33	40	40	40

Insights

- ArcGIS is used for creating and using maps; compiling geographic data; analyzing mapped information; sharing and discovering geographic information; using maps and geographic information in a range of applications.
- As part of the County’s effort to improve parcel boundary accuracy, we are working to align all spatial data layers to newly improved parcel boundaries.
- Review and redesign our GIS Enterprise Architecture to streamline operations and improve performance, resiliency, and scalability.

OBJECTIVE 5

Department Objective

Expand customer base for RIVCOTV through Service Agreements with both internal and external customers to assist with increasing visibility and transparency for the customers/constituents using the many delivery options offered.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of customer MOU’s executed	0	5	5	5
Number of Department Service Contracts executed	0	5	5	5

Insights

- High-quality video messages and events delivered through social media platforms, websites, and broadcast television (including closed captioning and Spanish translation) - provides the customer the opportunity to reach a much broader audience compared to written format alone.
- Continue to nourish relationships with county departments and local agencies and enter into MOU’s or Service Contracts. Research the need and feasibility to implement ASL (American Sign Language) into the workflow and production for every Board of Supervisors meeting produced. (FY 22/23) Continue to work with county departments, board committees and commission who are required to provide translation services for customers during live events-and bring those services to customers in the board chambers. (FY 22/23) Continue with upgrade projects in the board chambers to bring better visibility for live audience presentations and upgrade “listening devices” for hard of hearing residents. Continue to make cosmetic changes to modernize aging furniture.

Budget Changes & Operational Impacts

Staffing

RCIT’s authorized positions total 396 which represents a decrease of one position over prior year. In FY 21/22, RCIT added five new positions for DPSS. Also, for FY 22/23, RCIT unfunded six positions that were vacated due to retirements and/or resignations.

Expenditures

RCIT’s Internal Service Funds (ISF) reflects a \$4.2 million increase and RCIT’s Special Revenue Funds reflects a \$317,000 increase resulting in an overall \$4.6 million net increase.

- Salaries & Benefits
 - A net increase due to the addition of five new DPSS positions, step increases, pension increases, and MOU increases.
- Services & Supplies
 - A net increase due to an increase in liability insurance, shifting RivcoPRO from Purchasing to RCIT and adding Aerial Imagery services for GIS.
- Other Charges
 - A net increase due to adding the end-of-life network switches lease.

- Fixed Assets – no change.

Revenues

Net increase of \$4.6 million in the overall revenue budget.

- Charges for Current Services
 - A net increase due to increasing RCIT revenue to be in line with RCIT's expense budget and increasing GIS revenue to be in line with GIS's expense budget.

Net County Cost

Information Technology does not receive net county cost.

Purchasing and Fleet Services Department

Mission Statement

To provide materials, vehicles and services to county departments and agencies in the most effective and efficient manner and to serve our customers with integrity, professionalism, reliability, and strive for excellence in performance.

Description

The Purchasing and Fleet Services Department manages the divisions of Purchasing, Central Mail, Fleet Services, and Surplus Operations. The Purchasing Division is led by the Purchasing Agent, who is authorized as such by law and by the Board of Supervisors (Ord. 459). The department establishes procurement policies and procedures to comply with state regulations and implements best practices to provide services with fairness and integrity. Dedicated staff provide procurement services, manage countywide contract implementation, contract compliance, procurement training, management of the procurement card system, have oversight of the county’s eProcurement/contract management system (RivcoPRO), and the county’s travel program.

Fleet Services provides a comprehensive fleet management program for all vehicles in the central county fleet. This includes vehicle acquisition, maintenance, repair, modification, fuel sales, motor pool, car wash, and vehicle disposal. The department operates two garages throughout the county, two motor pool locations, and twelve fuel sites. Fleet Services manages approximately 2,650 vehicles after the transfer of 1,904 vehicles to the Sheriff to manage.

Central Mail processes all county incoming and outgoing U.S. Postal Service mail, certified and registered mail, packages, and interoffice mail. The department sorts all interoffice mail for 408 mail stops at 240 locations throughout the county, excluding Blythe.

Surplus Services provides liquidation of non-technical assets that are no longer needed by county departments.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Promote the continuity of county business operations through ongoing improvement to the timeliness and efficiency of procurement processes.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of annual countywide contracts to achieve cost or efficiency improvements	134	134	136	136

Insights

- Purchasing has assisted County departments with 134 countywide contracts to negotiate a lower price for all departments for saving opportunities throughout the County. The department continues to look for opportunities to aggregate spend to achieve additional cost savings. Spend data continues to exist in two systems, PeopleSoft and RivcoPRO, which creates a challenge to collect and analyze data to determine a target for our efforts. In the next reporting period, Purchasing will be working with partners at RCIT and ACO to evaluate the two systems to determine the best solution for the County as a whole.

OBJECTIVE 2

Department Objective

Achieve cost savings for county departments through strategic contract management.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Negotiated contract cost savings achieved (in millions)	0.90	5.90	5.50	6.00

Insights

- The 20/21 Actuals were updated as the numbers were based on partial year data. FY 21/22 Actuals are based on partial year data (analysis of trend), as submittal is done prior to year-end. Any updates will be reflected in FY 22/23 budget submittal.

Insights

- The metrics for FY 20/21 were drastically affected by the declaration of emergency due to COVID19 pandemic which resulted in an order to suspend the competitive bidding process. This led to numerous direct-buy orders that under normal circumstances, would have been negotiated. FY 21/22 has shown rapid recovery as competitive solicitation has resumed. As a result, Purchasing has exceeded the previous conservative estimate.
- Cost savings and cost avoidance are the two methods used to calculate negotiated cost savings. An example of cost savings is a negotiated lower cost than previously paid for a service or commodity. An example of cost avoidance is the difference between the lowest bid and the average of all of the other bids submitted.

OBJECTIVE 3

Department Objective

Remain responsive to our county customers and to deliver high quality service.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Internal customer satisfaction score (Purchasing)	4.04	4.10	4.30	4.50

Insights

- The Purchasing and Fleet Services Department is in a state of transition and transformation. The Department has completed a strategic planning effort focused on increasing customer service and satisfaction as well as innovative and efficient service. A global survey has been distributed regarding all divisions with the intent to measure the success of department efforts. Additionally, department leadership plans to visit all client departments to identify opportunities that could require specific focus or targeted initiatives.

OBJECTIVE 4

Department Objective

Ensure county vehicles are available to county employees when needed to fulfill their core responsibilities to serve the public.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Fleet vehicle uptime	98%	98%	98%	98%

Insights

- Vehicle uptime is defined as the availability of vehicles during the user’s required worktime. The actual calculation is based on open work orders (vehicle is not available) during the department’s defined work hours. Uptime is only measured for vehicles that Fleet controls which include motor pool daily rentals and motor pool assigned vehicles that qualify for cost per mile (CPM) Motor Pool rates.

OBJECTIVE 5

Department Objective

Promote the cost-effective management of the county fleet.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Average cost per mile for county vehicles	\$0.36	\$0.34	\$0.32	\$0.35

Insights

- Vehicle cost per mile (CPM) is defined as the average (all vehicle types) maintenance & repair cost to operate vehicles. CPM is only measured for vehicles that Fleet controls which includes Motor Pool daily rentals and Motor Pool assigned vehicles that qualify for cost per mile (CPM) Motor Pool rates.
- The department continues to seek efficiencies to manage expenses and reduce the cost of operating the county fleet of vehicles.

Budget Changes & Operational Impacts

Staffing

A net decrease of four positions.

- Purchasing Staffing
 - The Purchasing Department staffing level is 42, which is four more than the approved

amount in FY 21/22. Office on Aging and Public Health submitted midyear requests for dedicated resources and RUHS, Executive Office, and EMD requested new dedicated Procurement Contract Specialists for FY 22/23.

- Fleet Services Staffing
 - There are 36 positions funded within the Fleet Services Division in FY 22/23, which is a reduction of eight from FY 21/22. Twenty-eight positions are dedicated to the Fleet Services Division. The remaining eight positions are administrative staff positions which support the four Purchasing and Fleet Services divisions. Costs for these administrative staff positions support are allocated between the four divisions.
- Central Mail and Surplus Services Staffing
 - Central Mail staffing has nine positions. Surplus Services has one position for surplus operations.

Expenditures

A net decrease of \$3.3 million.

- Salaries & Benefits
 - A net increase in Purchasing division salaries and benefits due to an increase in costs associated with retirement contributions, step increases, and the addition of two procurement contract specialists (PCS's). All costs for PCS's that are assigned to specific departments are reimbursed by the department.
 - A net decrease in Fleet Services division salaries and benefits due to staff reductions that occurred in FY 20/21. There are some offsets by retirement contributions and step increases.
 - A net increase in Central Mail and the Surplus Services divisions in salaries and benefits due to the increase in retirement contributions and step increases.

- Services & Supplies
 - A net decrease in Purchasing division services and supplies due primarily to the transfer of RivcoPRO support to RCIT in FY 22/23.
 - A net decrease in Fleet Services division services and supplies due to a reduction in garage sites and the transfer of vehicles to the Sheriff.
 - There are no significant changes to the budgets in the Central Mail or Surplus Services Divisions.
- Other Charges
 - A net decrease in Purchasing division due to the ending of the financed portion of the eProcurement countywide system (RivcoPRO).
 - A net decrease in Fleet Services division due to decreased vehicle depreciation expense due to the transfer of Sheriff vehicles to their department.
- Capital Assets
 - Central Mail's budget includes the purchase of two replacement vehicles to be funded by net assets.
 - Fleet Services has an increase from FY 21/22 as the department requires appropriations to purchase new vehicle requests along with prior approved vehicle requests that have been delayed due to the pandemic disruption of the vehicle supply chain.
- Intrafund Transfers
 - Purchasing expects a lower amount of general fund department payments due to the transfer of RivcoPRO administration to RCIT.

Revenues

A net increase of \$2.9 million.

- Revenue from Use of Assets
 - The use of net assets for Central Mail is for two new vehicles as part of the Division's vehicle replacement plan.

- Charges for Current Services
 - Purchasing's budget reflects a slight decrease in revenue primarily due to the transfer of RivcoPRO support to RCIT. This is offset by a slight increase due to additional MOU staff assigned to departments.
 - Fleet Services reflects an increase in fuel sales due to higher gasoline and diesel prices.

replacement program, the Division budgeted the use of \$1.9 million net assets to purchase vehicles for the motor pool. The FY 22/23 budget includes 26 vehicles with a budgeted cost of \$954,789 and 28 vehicles that were approved in FY 21/22 with a budgeted cost of \$815,590.

Departmental Reserves

- Fund number 45300-ISF Automotive Maintenance
 - As part of the Fleet Services Motor Pool

Net County Cost Allocations

Purchasing Services Division receives \$1.6 million to fund administrative costs, operational expenses, and procurement contract specialist staffing for countywide procurement efforts and departments without dedicated support.

Introduction

The Office of Economic Development consists of Economic Development, the Riverside County Library System, the Edward Dean Museum, Special Districts, and various grant and administrative budget units that support operations. These departments play a vital role in the economic position of the county and its residents. They also improve quality of life by providing cultural and entertainment activities. The services provided by this portfolio of departments are offered county-wide and each department takes a great deal of pride in providing non-traditional assistance when called upon for special projects such as developing and implementing strategies to support the county's post-pandemic tourism industry, and distributing funds to County businesses as part of the California Microbusiness COVID-19 Relief Grant Program.

Total Appropriations

Appropriations by Category

Revenues by Source

County Library System and Edward-Dean Museum

Mission Statement

Elevate the economic position of the county and foster economic vitality, encourage business growth, build a positive business climate, preserve and enhance neighborhoods, improve the quality of life, provide and promote cultural and learning opportunities for all.

Description

The Riverside County Library System (RCLS) is a network of 36 libraries, resource vans, and a city museum. In 2023, an additional library is being built and another is being relocated.

The Edward-Dean Museum (EDM) is located in Cherry Valley, and hosts numerous weddings, receptions, banquets, retirements, concerts and other special events. The museum presents three rotating exhibits throughout the year and is committed to providing culturally enriching experiences to all attendees.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Increase patron engagement with libraries and the roles within communities.

Portfolio Objective

Enhance county attractiveness, vibrancy, and resident engagement.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Annual Collections (in millions)	2.89	2.95	3.00	2.98
Annual visitor counts (in millions)	1.50	3.43	4.00	3.50
New Library Cards Issued Annually (in thousands)	15	48	50	49

Insights

- The goal is to increase visitor counts each year, but scheduled construction and renovation projects may prevent the goal of physical in-person visits. To maintain a high level of service during renovation projects, RCLS is offering an increased collection available for online order and pick-up at any RCLS branch or on the bookmobiles.
- Participation in community outreach events utilizing two new Library Connect resource vans and vendor booths to provide awareness of RCLS programs and services including the issuance of new library cards to patrons.

OBJECTIVE 2

Department Objective

Provide educational resources to library patrons and a place that provides education, programming, and museum tours

Portfolio Objective

Enhance county attractiveness, vibrancy, and resident engagement.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of Educational Program Participants Annually (in thousands)	100	170	175	175
Number of Students for Museum School Tours Conducted Annually	0	800	1,017	1,037

Insights

- Educational participants include students and the general public. Together, RCLS and EDM receive almost 200,000 program participants annually, and the goal is to increase participation by 2 percent each year. Coordination with local schools will help increase program participation at all Riverside County libraries and the museum.
- Increased marketing and outreach to schools will provide more exposure to the museum and complement educational learning through the exhibition displays, increasing likelihood that families will return to visit. COVID-19 resulted in the cancellation of school tours in FY 20/21, and the increase planned for FY 21/22 was hindered by continued COVID-19 protocols. An increase is anticipated for FY 22/23.

OBJECTIVE 3

Department Objective

Provide a positive business climate for overall professional achievement

Portfolio Objective

Enhance county attractiveness, vibrancy, and resident engagement.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of business partnerships established annually	0	5	15	15
Number of Events at EDM Annually	8	39	45	45

Insights

- As general fund revenues decreased, the EDM began to host weddings and events as a way to increase revenue and provide for cultural enhancement. The department has steadily increased the number of weddings and events hosted and aims to increase the annual number by 10 percent. EDM has accomplished these increases by offering a broader variety of wedding packages with a comprehensive list of options, including on-site catering vendor, on-site bartending vendor, and a wedding coordinator. In the coming year, EDM is working toward leaving the General fund and updating the rate structure, marketing pieces, website, and social media sites for a progressive look and new brand. COVID-19 resulted in the cancellation of weddings and special events in FY 20/21. The easing of restrictions for outdoor gatherings resulted in an increase in FY 21/22, and a larger increase is anticipated for FY 22/23.
- EDM will collaborate with outside businesses to increase awareness, attendance, and business functions. EDM will continue to provide businesses a place to hold meetings and special events, as these partnerships are a primary source of revenue.

Budget Changes & Operational Impacts

Staffing

Edward Dean Museum proposes deletion of one Museum Assistant position, and addition of one Grounds Worker position, resulting in no net change to staffing from FY 21/22, and a total staffing need of four positions, three full time and one part time. The County Free Library proposes an increase of staffing by one position, reflecting a total proposed staffing need of five positions.

Expenditures

Net increase of \$9.3 million, primarily due to refresh projects at three library branches.

- Services & Supplies
 - Edward Dean Museum - Net decrease primarily due to a one-time refresh project completed in FY 21/22.
 - County Free Library - Net increase primarily due to increased property insurance and start up book costs for the new library projects in Lakeland and Calimesa planned to open in FY 22/23.
- Other Charges
 - Edward Dean Museum increased primarily due to inter-fund reimbursements for administrative staff. This budget is in alignment with the current year actual expenses.
 - County Free Library - Net increase due to refresh projects for the Lakeland, Calimesa,

and Indio Library branches as well as increased operational costs related to the expanded branches.

- Contributions to other Funds
 - Edward Dean Museum reduction is due to removing the budget from sub-fund 11081 which should be closed in FY 21/22.

Revenues

Net increase of \$7.9 million primarily due to reimbursements for library expansion and refresh projects.

- Taxes
 - County Free Library tax revenue will increase based on a 4 percent increase of FY 21/22 expected revenue and increases in Redevelopment taxes received.

Revenue from Use of Assets

- Edward Dean Museum - Net increase in event revenues based on increased rates expected to be in effect in FY 22/23.
- County Free Library - Net decrease primarily due to Interest-Invested funds at a lower rate based on current Fair Market Value.
- Fines & Penalties
 - County Free Library - Decrease due to changes in book returning policies and fees.
- Other Financing Sources
 - Edward Dean Museum – Decrease due to a one-time Contribution from other County funds to pay for the refresh project in FY 21/22.
 - County Free Library – Net increase due to one-time revenue from City of Calimesa DIF, Calimesa Library Operating Fund, and Calimesa donations.
- Charges for Current Services
 - Edward Dean Museum – Increase primarily due to salary and operational reimbursement

from the County Free Library division for operations of the Edward Dean Museum Reference Library Branch.

- County Free Library – Increase primarily due to reimbursement from County Library DIF for the Lakeland, Calimesa, and Mecca refresh projects.
- Intergovernmental – Other
 - County Free Library - Increase primarily from the City of Calimesa for the expansion project and increased Redevelopment funds being received.
- Intergovernmental - State

- County Free Library - Increase due to the Library Connect grant received in FY 22/23.

Departmental Reserves

- Fund 21200 – County Free Library
 - The budgeted usage of reserve balance in FY 22/23 is \$6.5 million.

Net County Cost Allocations

The Edward Dean Museum fund will be moved from the general fund to a new Special Revenue Fund budget unit, effective FY 22/23. Going forward, there will be no net county cost allocation for Edward Dean Museum, and the fund is not budgeted to use any reserve balance for FY 22/23.

Economic Development – Special Districts

Mission Statement

Elevate the economic position of the county and foster economic vitality, encourage business growth, build a positive business climate, preserve and enhance neighborhoods, improve the quality of life, provide and promote cultural and learning opportunities for all.

Description

Through its County Service Areas (CSAs), Community Facilities Districts (CFDs), and Perris Valley Cemetery District (PVCD), the Office of Economic Development provides municipal services for sustainable neighborhoods within unincorporated communities in Riverside County, and affordable public access for respectful and compassionate burial services.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Increase space for internments by adding usable acres of land and niche spaces.

Portfolio Objective

Protect agriculture, the environment, and animal welfare.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of added burial spaces	500	50	300	300
Number of added niche spaces	0	70	200	200

Insights

- State water restrictions may slow the increase in available turf area, hindering growth in usable plot land for burial spaces.
- Perris Valley Cemetery District aims to continue to add crematory niche spaces, as they are more cost efficient and environmentally friendly than in-ground burials.

OBJECTIVE 2

Department Objective

Enhance the quality of CSA maintained roads through regular improvement activities and timely storm damage repairs.

Portfolio Objective

Enhance county attractiveness, vibrancy, and resident engagement.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Improved and stabilized dirt roads (linear feet in thousands)	5	10	12	12
Permanent Paving Improvements (in miles)	0.00	1.00	1.00	1.00

Insights

- Proactively improving the quality of roads reduces the demand for more costly annual maintenance costs, leaving more funding for future improvements.
- The savings realized by improvement projects that stabilize existing dirt roads allows the district to build a fund reserve that will be utilized on major capital improvement paving projects.

OBJECTIVE 3

Department Objective

Provide timely services to residents and developers engaging responsible and efficient development

Portfolio Objective

Create and maintain opportunities for businesses and employees.

County Outcome

Thriving, robust, diverse economy.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Community Facilities District (CFD) Formation Time (in months)	2	2	2	2
Development process time reduction (in months)	3.00	4.00	3.00	4.50

Insights

- Multiple county departments are involved in the process to complete a development project. On behalf of the CSAs, the Office of Economic Development department aims to strengthen inter-departmental agreements and coordination to provide a faster turnaround time for completing the process.
- The County has a variety of options when determining how to best fund and deliver municipal services to future residents of Riverside County. The Office of Economic Development works with the development community to select the option that fits best with each individual project. One option is a Community Facilities District (CFD); a quick and efficient CFD formation process improves the overall development experience. The Office of Economic Development targets a two month formation process for CFDs.

Budget Changes & Operational Impacts

Staffing

Together, the County Service Area (CSA) budget units represent 42 total full-time equivalents (FTEs). CSA 152 proposes addition of seven promotional positions, and CSA Administration proposes deletion of two positions for a net increase of five positions. A

total of six vacated positions will be deleted during the year as promotional positions are recruited, which will leave a net decrease of one position to the overall CSA budgets from FY 21/22. The Community Facilities District (CFD), Perris Valley Cemetery (PVC), and the Perris Valley Cemetery Endowment budget units utilize staffing resources from the CSA budget unit.

Expenditures

Net increase of \$2.5 million, primarily due to increase in expenditures associated with various park projects and service area expansion.

- Services & Supplies
 - CSA Administration - Net increase primarily due to a proposal for a new tax system and outsourcing of tax roll calculations.
 - CSA 62 Ripley - Net increase primarily due to the design phase cost of the Ripley/Mesa Verde interconnection pipeline project.
 - Lighting CSAs 69, 84, 97, and 103 will have a combined net increase due to increased utility expenses.
 - CSA 105 Happy Valley Road – Net decrease due to a decrease in road projects expected.
 - CSA 122 Mesa Verde – Net increase primarily due to the repair of a 350,000 gallon water reservoir.
 - CSA 126 Highgrove/Spring Mountain Ranch – Net increase primarily due to increased landscaping needs for expanded community area.
 - CSA 134 Temescal Canyon – Net increase primarily due to increase water costs for park maintenance and for additional events added for the community.
 - CSA 152B Quimby – Net increase primarily due to a Deleo Park expansion project.
 - CSA 152 Cajalco Quimby – Net increase primarily due to the Woodcrest Park project.
 - CFDs - Minimal increase for operational increases.
- PVC - Net decrease primarily due to completion of a one time project to increase the grounds for plot expansion in FY 21/22.
- Other Charges
 - CSA Administration - Net increase primarily due to miscellaneous projects with Facilities Management, and interfund expenses related to Office of Economic Development overhead.
 - CSA 60 Pinyon Fire – Net decrease as the CSA is planning to dissolve and remaining fund balance is projected to be used in FY 22/23.
 - CSA 104 Santa Ana – Net decrease primarily due to completion of one-time road projects budgeted in FY 21/22.
 - CSA 108 Road Improvement Maintenance – Net decrease due to a decrease in fund balance available for road projects in FY 22/23.
 - CSA 124 Lake Elsinore – Net decrease primarily due to a decrease in road work budgeted with TLMA.
 - CSA 126 Spring Mountain Ranch – Net increase primarily due an increase in Admin fees, additional maintenance staffing added to the parks, and for miscellaneous projects.
 - CSA 152 NPDES – Net increase primarily due to additional staffing allocated to the CSA as well as a budget for miscellaneous expenses for potential basin clearing.
 - CSA 152 SF – Net decrease due to a reduction in staffing allocations.
 - CSA 152B Quimby – Net decrease primarily due to completion of inter-fund capital projects budgeted in FY 21/22.
 - CFDs - Net increase primarily due to increased operational staffing charges billed to CFDs 17-4M Promontroy, CFD 17-5M French Valley, and CFD 18-1M Tramonte as service needs grow.
 - PVC - Net increase primarily due to an increase in operational and administrative staff reimbursed through inter-fund.

- Capital Assets
 - CSA 38 Pine Cove Fire - Net increase due to purchase of a portable water tank for helicopter emergencies.
 - CSA 51 Desert Center - Net increase due to water system renovation to be reimbursed by Solar Funds.
 - PVC - Net decrease due to one-time equipment ordered in FY 21/22.
- CSAs - Net increase related to a new project for the CSA 51 Water Treatment Plant with Solar Payment Fund reimbursements.
- Miscellaneous Revenue
 - CSAs - Net increase related to increased RDA pass through taxes.
 - CFDs – Net increase due to an increase of districts that will pay engineering fees.
 - PVC – Net increase related to increased RDA pass through taxes.

Revenues

Net increase of \$1.6 million, primarily due to increase in assessments due to growth and expanded service areas.

- Taxes
 - CSAs – Net increase due to current tax assessments and new year projections of 4 percent for FY 22/23.
 - PVC – Net increase due to current tax assessments and new year projections of 4 percent for FY 22/23.
- Revenue from Use of Assets
 - CSAs - Net decrease primarily due to actual interest assessments being decreased.
 - CFDs - Net decrease primarily due to actual interest assessments being decreased.
 - PVC – Net decrease primarily due actual interest assessments being decreased.
- Charges for Current Services
 - CSAs - Net increase primarily due to increase in Special Assessment Tax for new development in CSA 126 - Highgrove, CSA 134 – Temescal Canyon, and CSA 143 - Murrieta.
 - CFDs – Net increase primarily due to increased special assessment taxes for new districts.
 - PVC – Net increase estimated due to funeral service trends.
- Other Financing Sources

Departmental Reserves

- Fund 22900 – Perris Valley Cemetery District
 - \$289,231 budgeted use of reserve balance for FY 22/23.
- Fund 39810 – Perris Valley Cemetery Endowment
 - Budgeted increase in reserve balance is \$166,534 in FY 22/23. Funds are restricted for use until the Cemetery has sold all plots.
- Various – County Service Areas
 - Budgeted usage of reserve balance is \$5.7 million for FY 22/23.

Economic Development

Mission Statement

The Office of Economic Development's mission is to elevate the economic position of the county and foster economic vitality, encourage business growth, build a positive business climate, preserve and enhance neighborhoods, improve the quality of life, provide and promote cultural and learning opportunities for all.

Description

The Office of Economic Development has several units that aggressively promote Riverside County and its business opportunities, including the Economic Development, International Business Office, Libraries and Special Districts.

The overarching goal of the department is to facilitate regional economic development efforts that promote job growth, investment, entrepreneurship, and innovation; the office also creates a business-friendly climate that supports the efforts of the private sector.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Support small business entrepreneurship, innovation and investment in Riverside County

Portfolio Objective

Create economic opportunities for businesses and employees.

County Outcome

Unleash the power of the private sector.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Businesses attending virtual support workshops	816	532	900	1,000
Number of businesses provided one-on-one technical assistance annually	711	248	500	1,200
Number of consulting hours provided	2,709	532	1,500	5,000

Insights

- Small Business Development Centers (SBDC) provide assistance to small businesses and aspiring entrepreneurs throughout the country. SBDCs help entrepreneurs realize the dream of business ownership and help existing businesses remain competitive in a complex, ever-changing global marketplace. SBDCs are hosted by leading universities and local economic development agencies and funded in part through a partnership with U.S. Small Business Administration. Riverside County currently hosts one SBDC: the Coachella Valley Small Business Development Center which is directly administered by department staff and located at the Indio Workforce Development Center. SBDC services include business plan development, manufacturing assistance, financial packaging and lending assistance, exporting and importing support, disaster recovery assistance, procurement and contracting aid, market research help and healthcare guidance. Department staff and SBDC consultants provide confidential, one-on-one business counseling at no charge to local small businesses. Counseling is provided in a variety of areas and is customized to meet the specific needs of each business. Counseling areas include Pre-Venture, Startup Process, Early-Growth Stage, Exit Strategy and Disaster Recovery.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
(Virtual/In-person) Business Assistance NOW and Business Ambassador Program visits to new & existing businesses	503	330	400	500
Sharing of Foreign Trade Zone benefits with businesses including individualized assessments	7	12	24	36
Site selection and technical assistance for business retention and expansion projects	58	58	70	200

OBJECTIVE 2

Department Objective

Support business retention and expansion in Riverside County by providing direct support to all types of businesses

Portfolio Objective

Create economic opportunities for businesses and employees.

County Outcome

Unleash the power of the private sector.

Insights

- A key priority in economic development is the retention and expansion of existing companies. Of all new jobs, 65 to 80 percent are created by existing companies. Businesses that stay competitive are more likely to remain in the county and possibly expand. A critical component of a county-led business retention and attraction program is business visitation. The Business Ambassador Program launched in 2020 to assist businesses with Covid-19 resources to help navigate the pandemic. The Business Assistance NOW Program launched in 2021 to assist new and existing businesses with permitting, financial resources, site selection, hiring and training and incentives. The department’s goal is to visit at least 500 businesses annually throughout the county to obtain comprehensive information regarding the opportunities and challenges that exist for local business owners. The International Business Office will offer a no cost analysis to assist prospective businesses within the Foreign Trade Zone boundaries by gathering information on their potential financial savings and logistics benefits on our County’s three Foreign Trade Zones. This information will allow the department to assist businesses obtain financing, navigate permitting processes, find employees, and providing one-one-one technical assistance.

OBJECTIVE 3

Department Objective

Enhance and bolster business attraction and outreach efforts

Portfolio Objective

Create economic opportunities for businesses and employees.

County Outcome

Unleash the power of the private sector.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Broker/Site Selector Advertising Placement	0	10	10	10
Direct Broker/Site Selector Outreach	160	530	700	700
Trade Show/Conference Attendance	3	4	6	30

Insights

- As part of business attraction efforts, direct outreach to corporate site selectors and real estate executives is important to attract new businesses and retain existing businesses. Many corporate entities utilize these professionals to help determine the best locations for business location decisions.
- Strategic advertising placement will help drive individuals to the Office of Economic Development website. This advertising will include the development and placement of advertorial content and include web advertising using targeted approaches such as Pay-Per-Click and electronic banner advertising.
- An efficient way to reach businesses and corporate site selectors is trade show and conference attendance where networking and direct interaction is facilitated between the economic development community and targeted industry sectors.

Budget Changes & Operational Impacts

Staffing

Net increase of three full time positions.

- The Office of Economic Development Business Services budget represents a total of 19 positions, reflecting no net change from the FY 21/22 budget.
- The Agency Administration budget represents a total of 23 positions, reflecting a net increase of three. The department requests addition of four new positions; one unnecessary position is proposed for deletion, three positions are intended for promotion, and one is for addition of an analyst to provide service across department divisions.

Expenditures

Net increase of \$4.5 million, primarily due to expenditures associated with the funding agreement with the City of Riverside for the Van Buren Boulevard sewer improvement project, and the California Microbusiness Grant program.

Services & Supplies

Agency Administration - Net decrease due to renegotiation of the leased office space at 3403 10 th Street Suite 400, and USED A Grant Program projections for federal approval of revolving loans to qualified business entities.

- Business Services - Net increase due to funding agreement for the Van Buren Boulevard sewer improvement project, and grant funding from the State of California for the Microbusiness Grant Program which will result in provision of funding in amounts up to

\$2,500 for eligible small businesses within the county.

- Single Family Revenue Bond – Net increase due to the inclusion of a reserve for the anticipation of unexpected project(s).
- Other Charges
 - Agency Administration - Net decrease largely due to elimination of County Counsel costs and decreased COWCAP expense.
 - Business Services - Net increase which is reflective of interfund salary reimbursement for staff and operating costs associated with analysis and potential establishment of enhanced infrastructure finance districts (EIFDs).
- Other Financing Uses
 - Single Family Revenue Bond – Net decrease due to reduction in contribution to the Edward Dean Museum.
- Intrafund Transfers
 - Agency Administration – Net decrease due to reduction in Admin costs and support to the Business Services budget.

Revenues

Net increase of \$5 million, primarily due to receipt of funding from Riverside County Flood Control & Water Conservation District for the Van Buren Boulevard sewer project, and grant from the state of California for the Microbusiness Grant program.

- Intergovernmental Revenue
 - Agency Administration – Net decrease due to USED A Grant Program projections for federal approval of revolving loans to qualified business entities.
 - Business Services - Net increase due to reimbursement from the State of California for the Microbusiness Grant program.
- Charges for Current Services

- Agency Administration – Net decrease due to overall decrease of this budget, which receives revenues through reimbursement for services from other department divisions.
- Business Services - Net decrease due to the elimination of the Marketing unit. Marketing services will no longer be provided to other County departments through this department.
- Miscellaneous Revenue
 - Business Services - Net increase due to revenue associated with sponsorships for the ICSC Conference and the CVBC Conference
 - Single Family Revenue Bond – Net increase due to projected increase in revenues received from revenue sharing agreement.
- Other Financing Sources
 - Business Services - Net increase due to receipt of funding from Riverside County Flood Control & Water Conservation District for the Van Buren Boulevard sewer project
- Fund AFB for Program Money - \$372,404. Running fund account for day to day operations of the Office of Economic Development Administration budget to meet all administrative related expenditures.
- 21100 –Business Services
 - Fund AFB for Program Money had a FY 21/22 beginning balance of \$1.9 million. The department projects use of approximately \$534,537 during FY 21/22, leaving an estimated fund balance of \$1.1 million for FY 22/23.
- 21100 – Single Family Revenue Bond
 - Fund 21101 Restricted Program Money - \$28,080 reserved for San Gorgonio Water Task Force.
 - Fund 21107 Restricted Program Money - \$26,651 reserved for marketing events.
 - Fund 21109 Committed Fund Balance - \$374,054 reserve necessary for disallowed grant costs in the event of an audit finding.

Departmental Reserves

- 21150 - Agency Administration
 - \$225,499 Restricted Program Money fund balance represents a 20 percent non-Federal match and loan funds that will be disbursed to qualified borrowers

Net County Cost Allocations

The Office of Economic Development Business Services budget is targeted to receive \$4.1 million in net county cost allocation; this reflects an increase of \$435,711 from FY 21/22. The increase in funding is necessary for tasks associated with EIFD analysis, development and maintenance.

Introduction

Under the California Constitution, public safety is the first responsibility of local government (Article XIII, Section 35). Generally speaking, public safety refers to the protection and welfare of the whole community. More specifically, the Public Safety portfolio is focused on carrying out programs involving, directly or indirectly, the protection, safety, law enforcement activities, and criminal justice system of Riverside County. As a group, they are committed to:

- Being ready by having the right people, in the right place, with the right tools.
- Responding at the right time, in the right manner, with the right resources.
- Resolving matters through the effective use of a variety of resources.
- Restoring residents and communities to a position of safety, stability, and resilience.

The Sheriff's Department is dedicated to suppressing and preventing crime. They have the responsibility for upholding both the United States and California constitutions, and the reasonable enforcement of all federal and state laws or ordinances. They also serve the courts and maintain our county jails.

The Probation Department serves the courts, protects the community and changes lives by working in a collaborative manner with law enforcement, public and private social services agencies, mental health, schools, and other county departments. The department conducts investigations on adult and juvenile criminal offenders, provides intensive supervision, early intervention and treatment services in the community, participates on task force assignments, and delivers juvenile institutional detention and treatment programs throughout the county.

The District Attorney's Office is the public prosecutor acting on behalf of the community and vigorously enforces the law, pursues the truth, and safeguards the rights of individuals to ensure that justice is done. They work with every component of the criminal justice system to protect the innocent, to convict and appropriately punish the guilty, and to protect the rights of victims. They also work within the community to prevent and deter crime, now and for future generations.

The Law Offices of the Public Defender provides legal representation to those individuals who are charged with a crime or involved in certain civil matters. While maintaining the highest level of professional integrity, they are diligent and conscientious advocates and seek to honor and protect the rights of all members of the community by providing vigorous defense from fully competent attorneys.

The Fire Department, in cooperation with Cal Fire, is committed to cooperative, regional and integrated fire protection and emergency services. They are an all-risk department devoted to protecting and serving our residents and visitors.

The Emergency Management Department enhances the safety and security of the whole community by leading the efforts to mitigate, prepare for, respond to, and recover from emergencies and disasters. They work diligently to implement a novel, all-hazards approach to emergency management with integrated programs for our area's stakeholders.

District Attorney

Mission Statement

The District Attorney of Riverside County, as the public prosecutor acting on behalf of the People, vigorously enforces the law, pursues the truth, and safeguards the rights of all to ensure that justice is done on behalf of our community. The District Attorney works with every component of the criminal justice system to protect the innocent, to convict and appropriately punish the guilty, and to protect the rights of victims. The District Attorney also works within our community to prevent and deter crime and to promote public safety, now and for future generations. The District Attorney fulfills these critical responsibilities through the efforts of the employees of the District Attorney's Office, and each employee is integral to achieving this mission. To that end, the employees of the Riverside County District Attorney's Office, will adopt the highest standards of ethical behavior and professionalism and proudly commit to the following core values in the performance of the department's duties: Integrity, Respect, Quality, Loyalty, Teamwork, Partnership, Innovation, Fairness, and Service.

Description

The District Attorney's Office is comprised of approximately 700 attorneys, investigators, and support staff who serve more than 2.5 million residents across the vast 7,200 square miles that make up Riverside County - the tenth largest county in the United States by population. The department handles, on average, more than 53,000 criminal cases each year and is one of the largest District Attorney offices in the state.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Achieve justice for the community through quality, efficient, and ethical prosecution of criminal and civil cases, while adapting to a rapidly-changing criminal justice landscape and ever-increasing constitutional and legal mandates.

Portfolio Objective

Resolve/Respond/Innovate.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Average Days to Disposition for General Felony and Misdemeanor Cases	195	177	135	135
Average Felony/Misdemeanor Caseload Per Attorney	84	95	55	55

Insights

- New Legal Mandates: Building on the new mandates during the 2017 through 2019 legislative sessions including retroactively invalidating murder convictions potentially obtained under certain theories (SB 1437), rendering firearm enhancements discretionary in non-final cases (SB 620), reducing sex-offender registration periods (SB 384), and reducing sentences for serious and violent felonies (SB 1393).

Insights

- The latest 2020 and 2021 legislative sessions resulted in additional or expanded mandates including retroactively invalidating manslaughter and attempted murder convictions under SB 1437 principles (SB 775), retroactively invalidating prior prison term and drug enhancements and requiring full resentencing proceedings in affected cases (SB 483), invalidating all non-final criminal street gang convictions and enhancements and requiring retrials with additional evidentiary requirements (AB 333), invalidating aggravated prison terms in non-final cases and requiring additional facts to be proved at resentencing proceedings (SB 567, AB 124), increased scrutiny on the jury selection process that will further burden courts and lengthen trials (AB 3070), motions to vacate convictions based on potential misunderstandings of consequences filed in more cases and even after the resulting sentence is completed (AB 1259), successive resentencing proceedings based on CDCR requests and additional presumptions in favor of resentencing (AP 1540), and due to the combined effect of a number of recent bills, it is now possible that a single case could involve separate trials on competency, guilt, gang benefit, factors in aggravation, and for a penalty determination in capital cases – all of which mean that a single case going to trial may now take much longer to reach disposition. These new laws build on the legislative requirements to re-evaluate and/or re-litigate tens of thousands of post-conviction cases in addition to the more than 53,000 felony and misdemeanor cases the office normally reviews each year, straining the already limited public safety resources.

Insights

- Average Felony and Misdemeanor Caseload Per Attorney: Manageable caseloads allow attorneys to focus on efficiently meeting their legal obligations. These legal obligations require providing timely discovery to defense attorneys, diligent case preparation, and management of overall caseloads to effectuate disposition by early plea agreements or the commencement of trial. As a result of the COVID-19 pandemic local criminal courts continue to operate minimally, not affording the opportunity to resolve cases through normal disposition processes, such as conducting trials. This has caused a backlog of cases and substantial increase in felony and misdemeanor caseloads.
- Disposition for General Felony and Misdemeanor Cases: Focus on an advanced case disposition process to resolve general felony and misdemeanor cases earlier in the criminal justice process, preventing the unnecessary expenditure of agency and court resources.

OBJECTIVE 2

Department Objective

Prevent future crime through early intervention, education, and prevention efforts in collaboration with educators, parents, youth, and recent offenders.

Portfolio Objective

Resolve/Respond/Innovate.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of crime prevention Deputy DA contacts with youth/families	25,594	59,159	22,000	22,000
Number of juvenile court filings * As Needed	740	559	600	600
Number of SARB Deputy DA contacts with school staff, parents and students	2,325	3,415	250	250

Insights

- The Crime Prevention Unit (CPU): CPU focuses on early intervention, education, and prevention programs for youth and at-risk populations to prevent minors from entering the criminal justice system. These programs include the School Attendance Review Board (SARB) and the Gang Awareness Mentoring and Education program (GAME).
- School Attendance Review Board (SARB): Education is a key factor in crime prevention. In our U.S. prison population, 82 percent of incarcerated individuals are high school dropouts. The SARB program works to mitigate truancy and increase high school graduation rates by providing families with the guidance, support, and resources needed to stop truancy.
- Gang Awareness Mentoring and Education program (GAME): GAME is a proactive and cost-effective gang awareness and suppression program for youth, parents, and educators in our communities. In 2021, the department made 178 presentations to over 10,000 participants, including elementary school students, to deter gang participation.

OBJECTIVE 3

Department Objective

The District Attorney Bureau of Investigations protects the community through innovative and rigorous high level investigations of criminal and civil law violations.

Portfolio Objective

Resolve/Respond/Innovate.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
CRTF Cannabis Regulation Task Force investigation closed (Formed July 2018) * As Needed	81	92	95	95
CRTF Cannabis Regulation Task Force investigation opened * As Needed	157	174	175	175
GIT Gang Impact Team Investigations Closed (Closed cases indicate arrests, filings and /or case clearances) * As Needed	475	136	235	235
GIT Gang Impact Team Investigations Opened * As Needed	502	173	180	180

Insights

- The Bureau of Investigations: In addition to providing all required investigative support for active criminal prosecution and post-conviction case reviews and investigations, a key component of the Bureau’s law enforcement mission is to pursue a proactive approach to combating criminal activity within the county. The Bureau leads or actively participates in diverse multi-agency task forces, combating a wide range of problems from gangs, narcotics, and firearms trafficking, to black market cannabis sales. The Bureau is uniquely equipped to combat this type of complex criminal activity in cooperation with deputy district attorneys while sharing investigative expertise and resources with allied agencies.

OBJECTIVE 4

Department Objective

Provide support and safeguard rights of crime victims and witnesses throughout the criminal justice process through advocacy and the facilitation of critical care and financial services.

Portfolio Objective

Resolve/Respond/Innovate.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Ensuring a professionally trained, countywide mass victimization response team (training hours)	1,731	856	1,000	1,000
Number of special victims unit cases per advocate	132	155	65	65
Services provided to special victims unit *As Needed	168,815	149,206	150,000	150,000

Insights

- To be the victim of any crime, but especially a violent one, not only devastates the individual and their family, but often leaves long term trauma on those involved. This is where the Division of Victim Services (DVS) steps in to help. The department’s Victim Service Specialists not only facilitate the delivery of immediate crisis services, but also serve as a critical member of the prosecution team providing needed guidance and support throughout the criminal justice process. While the advocates faithfully serve all victims of crime, certain types of cases demand specialized training and attention to particularly vulnerable victims.

Insights

- Crisis Response Team: DVS established a crisis response team in FY16/17. To properly respond and advocate in mass casualty events, specialists require specialized training on mass victimization and coordinated response strategies. Over the last several years, the DVS team has engaged in significant professional training and is poised to be one of the most effective and organized crisis response teams in future deployments. The team's deployment to the Las Vegas Route 91 mass shooting response proved our team's operational readiness and advanced skill sets. Since that tragedy, the team has continued to receive cutting-edge training and development, ensuring Riverside County has an elite team of specialists to respond to the next tragedy.
- Special Victims Unit: The Special Victims Unit (SVU) prosecutes some of the most emotionally challenging offenses within the District Attorney's Office. Sexual assault, child and elder abuse, and extreme neglect have a long-lasting impact upon the victims, leaving them feeling helpless and afraid. The SVU Specialists provide support and guidance to these vulnerable victims through a complicated and oftentimes lengthy criminal justice process. Caseloads in SVU are extremely high and require significantly more attention and resources than other types of crimes prosecuted by the DA's office. Providing these victims with comprehensive resources and services not only helps victims prepare for the stress of trial, but also for the long-term healing that continues well after the case is resolved. These highly trained specialists ensure victims are provided with the support they need to reduce stress and prevent or address poly victimization (having experienced multiple victimizations such as sexual abuse, physical abuse, bullying, and exposure to family violence).

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget represents 825 full-time positions, which is a net increase of 32 positions.

Expenditures

Net increase in expenditures for FY 22/23 of \$8.7 million due to increased salary costs, filling critical vacancies and to address the post COVID backlog in significant cases.

- Salaries & Benefits
 - Net increase to meet critical staffing needs.
- Services & Supplies
 - Increase due to additional office equipment and workspace for increased staffing.
- Capital Assets
 - The increase is to accommodate the significant capital technological upgrades and equipment.
- Intrafund Transfers
 - The decrease is primarily due to the decreased activity anticipated by the Juvenile Justice Coordinating Council revenues compared to the current year which was significantly impacted by COVID-19 school closures.

Revenues

Net increase of \$8.7 million.

- Intergovernmental – State
 - The increase is primarily due to an increase in Prop 172 sales tax allocation to the department.

Departmental Reserves

The department use of reserves remains consistent from the prior years. The District Attorney's Office projects to spend \$4.85 million in reserves for FY 22/23:

- \$1.3 million in asset forfeiture funds restricted to support law enforcement training and equipment; and

- \$3.6 million in restricted funding for salaries and benefits of designated staff in Consumer, Environmental Fraud, and new Cannabis Regulation Task Force

Net County Cost Allocations

Net county cost remains at \$86.3 million, unchanged from FY 21/22.

Emergency Management

Mission Statement

Enhance the safety and security of the whole community by leading the efforts to mitigate, prepare for, respond to, and recover from emergencies and disasters.

Description

The County of Riverside Emergency Management Department (EMD) was established in July 2015 and has four divisions: Business and Finance, Operations, Preparedness, and Riverside County Emergency Medical Services Agency (REMSA). These divisions function together to provide coordination and oversight of emergency management and disaster response services for the residents of Riverside County. EMD also supports the Riverside County Operational Area and the Regional Disaster Medical Health Coordination for California Region VI.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Optimize community resiliency by preparing residents and businesses to participate in all phases of disasters and emergencies.

Portfolio Objective

Be ready by having the right people, in the right place, with the right tools.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
New individuals trained for Community Emergency Response Team (CERT)	0	600	600	600

OBJECTIVE 2

Department Objective

Prepare county departments to integrate into the county emergency management structure and maintain critical departmental functions during and after emergencies.

Portfolio Objective

Be ready by having the right people, in the right place, with the right tools.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
County Personnel identified as Emergency Field Responders and/or EOC Personnel trained on Standardized Emergency Management System (SEMS) and IS 100 Introduction to Incident Command System (ICS).	0	200	200	200
Trained county Emergency Operations Center (EOC) responders	0	50	50	50

OBJECTIVE 3**Department Objective**

Assure the Emergency Medical Services (EMS) system operates effectively through excellent clinical practices, and rapid response times to critical 9-1-1 calls.

Portfolio Objective

Appropriately respond in the right manner and with the right resources.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percentage of 9-1-1 emergency ground ambulance response times meeting or exceeding contract response times	92%	92%	92%	92%
STEMI survival rate	90%	90%	90%	90%

Budget Changes & Operational Impacts**Staffing**

Net increase of 13 positions from the prior fiscal year, totaling 87 authorized positions.

Expenditures

Net increase of \$74,921.

- Salaries & Benefits
 - A net increase of \$1.5 million due to scheduled pay increases and to account for 13 new positions.
- Capital Assets
 - A net increase of \$1.2 million in planned capital assets purchases.
- Intra-fund Transfers
 - A net decrease of \$1.2 million due to decreases in intra-fund grants including PH-ELC and Fire-EMS MOU's.

Revenues

Net increase of \$74,921.

- Intergovernmental - Federal
 - A net decrease of \$1.1 million due to projected decrease in COVID-19 pandemic response operations and funding.
- Charges for Current Services
 - A net increase of \$148,910 due to estimated projected revenues collected through the EMS Maddy Fund.

Departmental Reserves

EMD began FY 21/22 with a balance of \$8.7 million. For FY 22/23, EMD projects spending \$3.4 million. These departmental reserves are restricted by state and federal regulations as outlined below. The department's reserves are currently used to maintain the existing level of services, and to fund the implementation of the emergency medical services.

- Fund 11038 - EMS Restricted Revenue Balances
 - The EMS Deferred Revenue balance is \$5.6 million. Of that, \$3.3 million is encumbered for FY 22/23. This balance represents the combined restricted revenue from the ambulance contract and the MADDY/Richie fine money. EMD is continuing the multi-year implementation of the REMSA EMS Strategic plan. The EMS Strategic Plan includes system wide enhancements that are budgeted to be funded out of this account. The estimated cost for this fiscal year is \$2.4 million.
- Fund 21800 - Public Health Emergency Preparedness (PHEP) Equity
 - The PHEP Equity account balance \$45,760 which is encumbered for FY 22/23. This is a

result of restricted, interest bearing funds from federal grants funding passed through the California Department of Public Health. Reserves must be spent on improvements to the health/medical emergency management system. The PHEP Equity fund is used to update equipment in the Medical/Health Branch of the EOC, Medical/Health DOC and to support professional services contracts for EOC/DOC policy development and exercises. The fund is projected to be expended by FY 23/24.

Net County Cost Allocations

The department does not receive a net county cost allocation.

County Executive Office - Courts

Mission Statement

In support of the Board of Supervisors, the mission of the County Executive Office is to facilitate administrative excellence in partnership with departments, through leadership, vision, stewardship of resources, and communication, to promote, foster and enhance the quality of life in Riverside County. The Executive Office's core values include: integrity in service, teamwork, competence and perspective, and making a difference.

Description

The Executive Office oversees the administration of various budget units within the Public Protection functional area. These budget units receive revenue and make payments that are required by the state based on legislation or court orders and are considered "pass-through funds." County departments and agencies receiving the funds execute the operational activities related to each budget unit.

- **Contribution to Trial Court Funding:** In FY 97/98, AB233 became effective, which provides state responsibility for funding of trial court operations. Each county is responsible for contributing to trial court operations, which is permanently capped at the same dollar amount as that county provided to court operations in FY 94/95. The Contribution to Trial Court Funding budget unit receives revenues from trial courts and distributes a portion back to the state based on this legislation.
- **Confidential Court Orders:** This budget unit reimburses the Superior Court for defense expenses related to Penal Code 987.9. All expenses must be requested by counsel and approved by a judicial panel. Services covered include expert witnesses, experts assisting in preparation of demonstrative evidence for trial, medical and lab support, legal research and investigative services.
- **Court Facilities Payments:** The county makes required quarterly facilities payments for all courts transferred to the state as of December 31, 2009. Under terms of joint occupancy agreements between the county and the state, quarterly payments are made for operations, maintenance, and utilities at four shared facilities: Larson, Banning, Southwest, and Riverside Juvenile Court. The budget also provides property and liability insurance, custodial service and building maintenance for the historic courthouse and law libraries. Juror parking and a juror trolley service is also paid from this budget.
- **Court Reporter Transcripts:** Judges in Superior Courts may make motions directing the county to pay for creating a verbatim record in criminal matters, appeals, juvenile proceedings, proceedings to declare a minor free from custody, probate proceedings and some civil matters. Pursuant to these orders, court reporters must submit an invoice along with a minute order for each case to the County Executive Office. Requests for transcripts by the prosecutor or defense attorney are charged to the requestor's office.
- **Grand Jury:** The Executive Office oversees the Grand Jury budget, which funds stipend and mileage reimbursements for the 19 Grand Jury members, as well as for the Criminal Grand Jury, which is empaneled and requested at the request of the District Attorney. The Grand Jury is selected by the court following an application, interview, and then random selection of those interviewed. The impaneled jury is charged and sworn to investigate or inquire into county matters of civil concern. Penal Code 888-892 and 914.5 require the county to pay all costs associated with civil and criminal grand juries. This budget unit, along with the District Attorney, shares the cost of one administrative staff member to oversee the day-to-day operation.

- Indigent Defense: This budget unit provides legal defense services to the impoverished, as directed by the court, in criminal, juvenile and probate matters. Services also are provided in some family

law cases including termination of parental rights. Four private firms under contract with the county provide assistance when the Public Defender declares a representation conflict.

Fire

Mission Statement

The department is a public safety agency dedicated to protecting life, property, and the environment through professionalism, integrity, and efficiency.

Description

The Riverside County Fire Department (RCFD) is an integrated, cooperative, regional fire protection system that provides fire, emergency medical services, technical rescue and hazardous materials response to approximately 1.6 million residents in the unincorporated area, in 20 partner fire cities and one community services district. The County of Riverside contracts with the California Department of Forestry and Fire Protection (CALFIRE) to serve as the RCFD for emergency. All hazards emergency response services are provided from 95 fire stations using about 1,050 firefighters (CALFIRE), 276 administrative and support personnel, and about 150 reserve volunteer firefighters. CALFIRE is responsible to protect the State Responsibility Area (SRA) or watershed as part of the cooperative agreement and Public Resources Code §§4125-4127. The RCFD is one of the largest regional fire service organizations in California.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Minimize the frequency and severity of fires through preventive services.

Portfolio Objective

Be ready by having the right people, in the right place, with the right tools.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Construction permit plan reviews completed within established timeframes	92%	87%	90%	90%
Fire hazard reduction violation compliance rate	100%	100%	100%	100%
Training Compliance	82%	96%	96%	100%

Insights

- To ensure responders are best equipped for emergency response, RCFD employs a mix of academic and manipulative (i.e., hands-on, simulative) training, the latter of which to be resource-intensive but very effective. The goal is an average of 80 hours per employee per year.
- RCFD conducts construction permit plan reviews for compliance with fire and life safety codes, standards, and regulations and typically aims to have them completed within 14-21 calendar days of submittal depending on office location and respective partner city goals.
- The Riverside County Hazard Reduction Office enforces the abatement of hazardous vegetation on vacant parcels within pre-defined unincorporated areas of Riverside County, in support of various State and County Ordinances. This inspection activity is critical to the prevention and spread of fire throughout Riverside County.

OBJECTIVE 2

Department Objective

Quickly and safely respond to all emergency services requests.

Portfolio Objective

Appropriately respond in the right manner and with the right resources.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Turnout timeliness	85%	89%	90%	100%

Insights

- Turnout Time is measured from the time the dispatcher hits the dispatch button in CAD to when the resource is placed in CAD as going enroute. The turnout time target is established by the department based on training and our internal data analysis and is currently 90 seconds.

OBJECTIVE 3

Department Objective

Pursue the best possible outcomes for fire and emergency victims through delivery of competent fire suppression and emergency medical care.

Portfolio Objective

Successfully resolve matters through effective use of a variety of resources.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Customer satisfaction response rate	2%	2%	50%	90%
Return of spontaneous circulation	16%	20%	24%	36%

Insights

- RCFD will be measuring Customer Satisfaction via the new external website and intend to institute procedures to ensure this data is more regularly captured in a way that proves valuable to residents and the department, alike. The website was recently updated to provide better accessibility.
- Return of spontaneous circulation (ROSC) is when a patient’s heart returns to function. The national average for field ROSC is 8%-11% and through training and staffing the Department can exceed this average. The Department is on track to meet or exceed this goal through continuous training.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget represents 309 positions, which is a net increase of 10 positions from FY 21/22. Several City Partners requested additional personnel in their contracts for Fire Marshal services; resulting in an increase in positions. There are also positions being added to the Emergency Medical Service Bureau, Cost Recovery, Grant Administration, Fleet Bureau and Facility Maintenance.

Expenditures

A net increase of \$61.1 million.

- Salaries & Benefits
 - Increase in salaries and benefits as a result of 10 additional positions, raises, merit increases and benefits.
- Services & Supplies
 - The CalFire cooperative agreement increased from the FY 21/22 adopted budget. The increase in the CalFire contract is due to an increase in the CalFire staff benefit rate of 30% and personnel raises of 5% from the FY 21/22 adopted budget. The increase is also attributed to additional personnel or changes in staffing levels. The Department is converting three fire stations to municipal staffing and adding additional relief positions.
 - The field equipment budget has increased. The department has received several requests to purchase fire apparatus for city partners. The department is also upgrading the hoses and nozzles.
 - The remaining budget increase is due to increases in property insurance, fuel,

software licenses, county support services, utilities and computer equipment.

- Other Charges
 - The transfer expense from the Structural Fire Tax fund increased. This increase is to transfer the estimated increase in revenue from the fund for the County and city partner pass through amounts.
 - The estimated principal and interest associated with our fire apparatus purchases increased. The department will receive 21 fire engines during the fiscal year and all will be financed.
- Capital Assets
 - The Department is purchasing a tractor drawn aerial (TDA) for the eastern county area for \$1.6 million. This asset is funded by a developer agreement. In addition, the department is expanding/remodeling two fire stations for \$5 million.

Revenues

A net increase of 59.2 million.

- Taxes
 - The increase is from structural fire taxes and redevelopment property tax trust fund distributions for the county unincorporated areas and six city partners
- Intergovernmental Revenue
 - The increase is from additional California Public Safety Sales tax (Prop. 172) funding and federal grant funding.
- Charges for Current Services

The increase of our CalFire contract costs increases the amount of revenue received from city partners. In addition the department is transferring an additional funds from the tax fund for the six city partners pass through and the County revenue.

Departmental Reserves

- 21000 - Structural Fire Tax Fund
 - Fire Department structural fire tax and redevelopment funds for the county and six city partners under contract with the county for fire services. The fund balance is due to the timing of deposits after year end cut off dates in FY 21/22.
- 30300 - Construction & Land Acquisition Fund

- The fund balance is from previous mitigation fees and solar impact capital funds. The restricted fund balance is expected to be \$3.6 million. These funds must be utilized for construction and land acquisition for future fire stations, training facilities and capital purchases for the Fire Department.

Net County Cost Allocations

The total net county cost allocation for FY 22/23 is \$54.7 million.

Probation

Mission Statement

Serving Courts, Protecting Our Community, Changing Lives

Description

The Probation Department is one of the most diversified criminal justice agencies in the county and enjoys an excellent reputation for working in a collaborative manner with other county agencies and various organizations in the community. The department’s four distinct services are:

- Field Services is responsible for the investigation and supervision of adult and juvenile offenders through 13 office locations countywide. Services include state-mandated services to the courts, performing intake and investigation functions, and preparing court reports, providing community supervision to approximately 9,200 adult clients, including Post Release Community Supervision and Mandatory Supervision, and approximately 675 juvenile clients.
- Institution Services is responsible for the operation of two juvenile detention facilities: Indio Juvenile Hall (IJH), and Southwest Juvenile Hall (SJH), and the Alan M. Crogan Youth Treatment and Education Center (AMC YTEC), a secure treatment program.
- Administrative and Business Services is responsible for providing the infrastructure by which the department can achieve its mission. The division provides research and evaluation, fiscal, and human resources services.
- Juvenile Court Placement is responsible for the out-of-home care for minors who are wards of the Juvenile Court, funds all psychological services ordered by the Juvenile Court and pays for minors sent to the California Department of Corrections and Rehabilitation, Division of Juvenile Justice (DJJ) under the Welfare and Institutions Code (WIC) Sections 601-827.e.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Community and Court Value.

Portfolio Objective

Restore our residents and communities to a position of safety, stability, and resilience.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percentage of adult clients successfully completing probation	79%	76%	76%	78%
Percentage of juvenile clients successfully completing probation	75%	74%	74%	76%

Insights

- Adult Clients Successfully Completing Probation: This metric illustrates the success rate of the Probation Department in guiding adults with the completion of their court mandated terms and conditions. In addition to the Probation Department’s work with the clients, there are many other factors that affect the success rate. An increase in success rate results in a better outcome for the client and the community.

Insights

- Juvenile Clients Successfully Completing Probation: This metric illustrates the success rate of the Probation Department in guiding youth with the completion of their court mandated terms and conditions. In addition to the Probation Department’s work with the clients, there are many other factors that affect the success rate. An increase in success rate results in a better outcome for the client and the community.

OBJECTIVE 2

Department Objective

Promote Client Safety

Portfolio Objective

Appropriately respond in the right manner and with the right resources.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Use of Force Incidents	11.60%	16.30%	16.30%	14.00%

Insights

- This is a new performance measure for FY 22/23 due to the continued improvement processes through the LEAN maturity score. This measures the number of uses of force incidents by department staff.
- There are many variables that impact this metric which include legislative changes.

OBJECTIVE 3

Department Objective

Promote Staff Safety

Portfolio Objective

Successfully resolve matters through effective use of a variety of resources.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Workers Compensation Incidents	1.50%	1.00%	1.00%	1.00%

Insights

- Workers Compensation Incidents: This measures the number of workers compensation incidents filed by department staff.
- Total number of Worker’s Compensation incidents divided by total number of staff. There are many variables that may impact this metric which include recent COVID-19 exposure related incidents.

Budget Changes & Operational Impacts

Staffing

Net increase of 103 positions. The increase is due to new and/or expanded programs.

Expenditures

A projected net increase of \$11.3 million when compared to the FY 21/22 adopted budget.

- Salaries & Benefits
 - Increase due to the annual merit increases, and an increase in pension obligations.
- Services & Supplies
 - Increase is due to the addition of new and/or expanded programs because of legislative changes such as SB823 –Juvenile Justice Realignment Block Grant and SB129 – Pretrial Services. The department also included expenses related to new grant funding to mitigate COVID-19 exposure within the department’s juvenile facilities. There are also increases in facility management request and professional service expenses.
- Other Charges
 - Increase in contracted services with other agencies. These services are funded primarily through the Pathways to Success (SB823 Juvenile Justice Realignment) and Judicial Council Pretrial (SB129).
- Capital Assets
 - Increase due to the replacement of aging equipment and expenses related to new grant funding to mitigate COVID-19 exposure within the department’s juvenile facilities.
- Intrafund Transfers
 - Increase in programs funded through partnerships with other county agencies. These increases in funding will mitigate labor cost increases.

Revenues

Projected net increase of \$11.5 million when compared to the FY 21/22 adopted budget.

- Intergovernmental Revenue

- Decrease in Court Collections of Probation Adult and Juvenile Fees due to the passage of SB190, AB1869 and SB177.
- Increase in Youthful Offender Block Grant and estimated FY 21/22 growth allocation (YOBG).
- Increase in Judicial Council Pretrial (SB129) funds. This revenue will be used to fund the expanded Pretrial Services as required by SB36.
- Increase in Juvenile Justice Realignment allocation to county (SB823). This revenue will be used to fund the department’s Pathways To Success program which services youth as a result of the closure of Division Juvenile Justice (DJJ).

Departmental Reserves

The below reserves are restricted by state and federal regulations. To maintain current service levels, these funds and projected rollover balances from FY 21/22 will be recognized based on anticipated expenditures within FY 22/23.

- Fund Number 11047 – Title IV-E Advances
 - Funds are used to support youth at imminent risk of removal from their homes.
- Fund Number 11164 – SB678 Community Corrections Performance Incentives Act
 - Budget year ending balances are budgeted in FY 22/23 to provide treatment and intervention services for adult offenders.
- Fund Number 11167 – Local Revenue Fund 2011
 - Centers Community Corrections Partnership (CCP) Training Grants: These funds are received by the Community Corrections Partnership Executive Committee (CCPEC) for the training and evaluation of the county’s CCP implementation plans. Funds are approved and distributed by the CCPEC. CCP Grant funds are included in the FY 22/23 budget for contracted services.

- Juvenile Justice Crime Prevention Act (JJCPA) funds: These funds are administered through the Juvenile Justice Coordinating Council to support the juvenile preventive programs with a goal of preventing, intervening, and suppressing juvenile delinquency. The JJCPA reserved funds are budgeted in FY 22/23 to maintain services provided to at risk youth throughout Riverside County.
- Youthful Offender Block Grant (YOBG): These funds are used for the ongoing operational needs of the Alan M. Crogan Youth and Treatment Center.

Net County Cost Allocations

The department has a net county cost allocation of \$41.8 million, a reduction of \$200,000 from last year.

Public Defender

Mission Statement

Provide the highest quality of legal representation to any indigent person unable to afford such representation in criminal, juvenile or certain civil proceedings upon the request of the client or appointment of the court.

Description

Since 1948, The Law Offices of the Public Defender has continued to deliver highly skilled legal representation to the indigent population in Riverside County. The office consists of lawyers, investigators, paralegals, social workers, and clerical staff. The office represents approximately 85 percent of all criminal cases filed within the County of Riverside.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Acquire and retain high-performing personnel through effective recruitment and training.

Portfolio Objective

Be ready by having the right people, in the right place, with the right tools.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of law clerks hired as attorneys	1	1	1	1
Percentage of new hires who remain with the office for at least 5 years	93%	93%	95%	95%

Insights

- Retaining new hires past the five-year mark not only reduces the cost of hiring, but increases quality of service through retention of institutional knowledge.
- The Office Law Clerk Program is an innovative state wide model. By hiring law clerks who have participated in the volunteer program the Office reduces the amount of time, expense and energy in recruitment and training of new attorneys. The trend is to continue to hire motivated and committed law students from the law clerk program as attorneys.
- Newly hired attorneys undergo an 18-month performance-based probation period. This indicates on-target hiring practices, which ensures a stable work environment, continuity of counsel for our clients, and retention of legal experience.
- The Office is authorized by the State Bar of California to provide Minimum Continuing Legal Education (MCLE) to the attorneys in the Office and the legal community at large. The Office provides over 24 trainings per year at no expense to the Office or to attendees. Due to the Office’s efforts, all of our attorneys exceed the minimum State Bar training requirements.

OBJECTIVE 2

Department Objective

To competently, and efficiently attempt to resolve cases to the satisfaction of clients in a timely manner and without going to trial.

Portfolio Objective

Appropriately respond in the right manner and with the right resources.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percentage of felonies resolved prior to preliminary hearing	99%	99%	99%	99%
Percentage of felony cases resolved between preliminary hearing and trial	90%	90%	90%	90%
Percentage of misdemeanors resolved prior to trial	99%	99%	99%	99%

Insights

- It is to the benefit of most misdemeanor and felony clients that their case be resolved to their satisfaction without a trial. The office works hard to bring their cases to a successful conclusion.
- Resolving matters at an early stage in the proceedings is beneficial to clients. Staffing the many courts throughout the county to accomplish early case resolutions directly results in time and money savings to the Office.

OBJECTIVE 3

Department Objective

Prepare and conduct trials to achieve the best possible results for clients in a competent manner.

Portfolio Objective

Successfully resolve matters through effective use of a variety of resources.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percentage of cases that go to jury trials	1%	1%	1%	1%

Insights

- Case resolution at an early stage of the criminal proceedings is clearly beneficial to clients. By having the necessary staff to properly and efficiently prepare each case, the Office is able to keep the number of jury trials it conducts low.
- Whenever a case must go to trial and it is necessary to have a well-trained attorney that has the necessary time to competently prepare for the challenges of a jury trial. Competent counsel benefits the client in receiving a fair and just sentence, and saves the Office and the county money by avoiding the sentence being overturned based on the granting of a motion for new trial based on ineffective assistance of counsel or reversed on appeal for ineffective assistance of counsel.

OBJECTIVE 4**Department Objective**

Ensure that members of the community are able to minimize the consequences of criminal convictions by providing post conviction relief services that allow them to maintain professional licenses and apply for work.

Portfolio Objective

Restore our residents and communities to a position of safety, stability, and resilience.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percentage of filed 1203.4 petitions that are granted	90%	90%	90%	90%

Insights

- A petition pursuant to Penal Code section 1203.4 is a request to the court to withdraw a plea of guilty and enter a plea of not guilty. The court shall thereupon dismiss the accusations against a defendant and the defendant will be released from all penalties and disabilities resulting from the conviction of the offense. Clients who benefit from PC 1203.4 are able to keep professional licenses, seek and maintain jobs, take care of their families and in general succeed.

Insights

- In 2014, California voters passed Proposition 47, which reclassified non-serious and nonviolent felonies such as personal use of drugs or certain types of thefts to misdemeanors. The direct effect of the law change was that many people were and are able to have their prior felony convictions reduced to misdemeanors allowing them to maintain professional licenses and apply for and get jobs.
- Penal Code section 17(b) allows our Office to petition the court on behalf of our client to reduce a charge filed as a felony to a misdemeanor (or a felony conviction to a misdemeanor conviction). The direct effect of the granting of a 17(b) motion is that the harsh consequence of a felony conviction are minimized when the charge is reduced. This makes it easier for our clients to seek and maintain employment, receive federal school loans, and maintain certain professional licenses.

Budget Changes & Operational Impacts**Staffing**

The FY 22/23 budget represents 317 authorized positions, a net increase of 40 positions compared to the FY 21/22 adopted budget.

Expenditures

There is a net increase in expenditures of \$6 million.

- Salaries and Benefits
 - Salaries and Benefits increased compared to FY 21/22 due to additional positions and increasing cost of benefits.

Revenues

Net increase of \$5.3 million.

- Intergovernmental Revenue
 - State revenue has increased due to funding from Prop 172 for operations and Homeless Court.
 - The purpose is to reimburse the department for AB109 casework. All money is posted to the budget each fiscal year as revenue. Normally there are more expenditures in AB109 casework than there is revenue available.

Departmental Reserves

- 11123 – Indian Gaming Spc. Distribution
 - The purpose is to reimburse the department for staff time associated with Indian Gaming cases.
- 11167 – Local Revenue Fund 2011

Net County Cost Allocations

In FY 21/22, the Board of Supervisors approved six new positions. The FY 22/23 cost for these positions is \$694,937, increasing the net county cost allocation to \$42.5 million.

Sheriff

Mission Statement

In partnership with the public we serve, we are dedicated to suppress and prevent crime through the reduction of criminal recidivism; we have the responsibility for upholding both the United States and California constitutions, the reasonable enforcement of all federal and state laws or ordinances, and all required mandates of the elected Sheriff; we serve our superior courts by providing court security, service of civil processes, and the execution of lawful orders of the court; we maintain our county jails and committed inmates in accordance with state guidelines and regulations in a fair and humane manner; and we perform the legal functions of the Coroner-Public Administrator with dignity and respect for those in need of our services.

Description

The core services of the Sheriff's Department are to provide a 24/7 uniformed response to calls for service from the public in the unincorporated county areas, to operate a countywide jail system that serves all local agencies, to provide court security and service of court processes and orders, and to perform Coroner – Public Administrator functions pursuant to California law.

- The Field Operations Division provides much of the county's law enforcement via ten Sheriff patrol stations, several support bureaus, and specialty teams spread across the county's different regions. In addition, the department provides police services for seventeen incorporated cities, one tribal reservation, and one community college district.
- The Corrections Division operates five correctional facilities, an alternative sentencing program, and several in-custody treatment programs.
- The Courts Services Division provides court security by maintaining public safety, execution of orders issued by the court, service, and enforcement of civil processes, and serving civil

and criminal arrest warrants. The Court Services Division also provides enhanced security at the County Administration Center.

- The Coroner's Bureau investigates and reports on all the violent, sudden, or unusual deaths of persons within the county as established by California law. The Public Administrator investigates and administers the estates of Riverside County residents who die without someone available or willing to handle their affairs.
- The department supports internal operations through the Administration Division, Support Services Bureau, and the Ben Clark Training Center.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Maintain high-performing employees and organizational agility through proficiency in best practices and efficient hiring processes.

Portfolio Objective

Be ready by having the right people, in the right place, with the right tools.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Average number of days from application to employment offer	90	90	90	90
Percentage of eligible staff completing de-escalation training	100%	100%	100%	100%

Insights

- Tracking the time from application to employment offer is critical in meeting anticipated demand. It typically takes 160 days from the date of application for Sheriff applicants to complete all steps in the hiring process (background check, medical and physiological screening, and polygraph test). Hiring new employees at a rate greater than the department's actual attrition rate in sworn, corrections, and classified categories is needed to stabilize workforce levels.
- Equipping members of the department with the right skills is integral to providing quality service to the public. Over 90 percent of uniformed staff meet the Peace Officer Standards and Training (POST) and Standards and Training in Corrections (STC) requirements, as confirmed via external audits. Additionally, to respond to evolving demands in society, the department aims to have 90% of eligible staff complete formal de-escalation training. De-escalation training helps uniformed personnel resolve highly emotional situations using less force and with fewer injuries to themselves and others.

Budget Changes & Operational Impacts

Staffing

Net decrease of 121 positions. The FY 22/23 requested budget funds 4,849 positions. The positions are related to existing operations, the continued phased in opening of JBDC and critical staffing plan, unincorporated patrol staffing expressed in the Unincorporated Communities Initiative Outreach Report and the addition of Lake Mathew's Patrol Station as well as the addition of East End Aviation Unit.

Expenditures

A net increase in expenditures of \$34 million is requested for FY 22/23.

- Salaries & Benefits
 - A net increase is due to annual merit and pension cost increases. The increase is also related to critical staffing plans throughout the different divisions in the department, as well as the need to meet the public's request for an increase to unincorporated patrol, expressed in the Unincorporated Communities Initiative Outreach Report (BOS 3.5 5/25/21) and the staffing for Lake Mathew's Patrol station and East End Aviation Unit.
- Services & Supplies
 - A net increase is primarily due to County property insurance rate increases, and operational need increases in the following accounts: cellular phones and communications equipment, protective gear, building maintenance and maintenance - other, pre-employment services and Academy food, professional and consultant services for PMO unit, and increases to utilities expense.

Revenues

A net increase of \$38 million is requested for FY 22/23. This is due to an increase in Prop 172 Sales Tax

revenues to fund a portion of the Department's increased labor costs.

Departmental Reserves

- 11026 – Federal Asset Forfeiture
 - \$3 million
- 11167 – Local Revenue Fund 2011
 - \$2.9 million

- 11013 – Auto Theft Interdiction (RAID)
 - \$1.8 million
- 11085 – Booking Recovery Fund
 - \$1.5 million

Net County Cost Allocations

The department has a net county cost allocation of \$377.9 million.

Introduction

The Public Works and Community Services portfolio consists of the Agricultural Commissioner's Office, the Department of Animal Services, the Department of Environmental Health, the Department of Waste Resources, the Flood Control and Water Conservation District, the Regional Parks & Open Space District, and the Transportation and Land Management Agency. The portfolio's departments are focused on infrastructure, facilities, and critical services, which are essential to the quality of life, safety, well-being, and public health of Riverside County residents.

Total Appropriations

Appropriations by Category

Revenues by Source

Agricultural Commissioner and Sealer Of Weights and Measures

Mission Statement

Promote and protect the agricultural industry of the county and its environment, ensure the health and safety of the county’s citizens, and foster confidence and equity in the marketplace through education and the fair and uniform enforcement of laws, regulations, and ordinances enacted by the people of the State of California and the County of Riverside.

Description

The Agricultural Commissioner’s Office protects the environment, public health and Riverside County’s \$1.3 billion agricultural industry and ensures a fair and equitable marketplace for businesses and consumers. This is accomplished through a combination of public outreach, industry education and appropriate regulatory action. The department is comprised of five key programs:

Pest Prevention – Protect the environment and agricultural businesses by preventing the introduction, establishment and spread of invasive agricultural pests.

Environmental Protection – Protect public health and the environment from adverse effects of pesticides through the administration of regulatory requirements aimed at ensuring the safe and legal use of pesticides, as well as investigating and reporting on pesticide-related illnesses and injuries.

Weights and Measures – Protect businesses and consumers by testing the accuracy of commercial weighing and measuring devices and point-of-sale systems while ensuring product packaging and labeling meets all regulatory requirements.

Consumer Protection – Promote healthy communities and sustainable agriculture through the administration of direct marketing, organic farming and egg quality control programs, and the inspection of agricultural commodities for compliance with California quality and maturity standards.

Administration – Oversee the department budget, personnel, contract procurement, invoicing and publishing of the annual Riverside County Agricultural Production Report quantifying the production and value of Riverside County agriculture.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Ensure equity in the marketplace through uniform enforcement of weights and measures regulations.

Portfolio Objective

Protect agriculture, the environment, and animal welfare.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of registered weighing and measuring devices inspected	42,510	58,000	60,000	60,000

Insights

- Ensure equity in the marketplace through uniform enforcement of weights and measures regulations.

OBJECTIVE 2

Department Objective

Protect agriculture and the environment by promoting safe use of pesticides through outreach, education and inspection.

Portfolio Objective

Protect agriculture, the environment, and animal welfare.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of assigned pesticide use monitoring inspections completed	2,223	2,302	2,400	2,400
Number of pesticide handlers who received safety training	950	1,467	1,500	1,500

Insights

- Ensuring that pesticide handlers are properly trained helps reduce human exposure, environmental contamination and unsafe pesticide residue on agricultural commodities. Training events include proper use of safety equipment, emergency decontamination and the safe and effective use of pesticides.
- Uniform inspection of pesticide applications provides information on where additional outreach and education may be needed.

OBJECTIVE 3

Department Objective

Ensure responsible stewardship of public funds by developing untapped revenue, maximizing efficiencies and increasing staff output.

Portfolio Objective

Protect agriculture, the environment, and animal welfare.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Annual state and federal funding (in millions)	\$4	\$4	\$4	\$4
Percent of staff fully licensed	75%	72%	100%	100%

Insights

- Maximizing state and federal funding provides a sustainable revenue stream without undue burden on the county general fund.
- Fully licensed staff are more versatile and provide greater scheduling flexibility for supervisors. The department's goal is to have 100 percent of staff fully licensed.
- Increasing staff productivity will result in lowered costs and help reduce the regulatory workload on county businesses by minimizing the number and duration of disruptions for inspection purposes.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget represents 60 positions. This is a net increase of five positions from prior year's budget and reflects the proposed staffing needs.

Expenditures

A net increase of \$395,380 from FY 21/22 adopted budget in overall expenses.

- Salaries & Benefits
 - Net increase due to the requested addition of three investigator positions, promotions within ranks, and addition of one Enforcement & Training Supervisory position.
- Services & Supplies
 - Net increase due to the purchase of needed vehicles and equipment.

Revenues

Net increase of \$185,560 in FY 22/23 over prior year projections.

- Intergovernmental Revenue
 - State revenue will increase due to Gas Tax and Mill Fee increases. The revenues are contingent on the agriculture programs and pesticide use enforcement activities in the County.
- Fines, Forfeitures & Penalties
 - There is a decrease due to the closure of business and other restrictions imposed as a result of the COVID-19 pandemic as well as a change in staffing.
- Charges for Current Services
 - The decrease is due to a reduction in industry calls for service. Calls for service include, but are not limited to, exports, sampling of industrial hemp, certified producer's certificates, farmers' markets, and witnessing destruction of infested plant material.

Net County Cost Allocations

Increase in net county cost by \$224,190 for a total of \$904,457.

Animal Services

Mission Statement

Working together to improve Riverside County for people and animals.

Description

Department of Animal Services (RCDAS) provides animal care and control for unincorporated Riverside County areas and 16 contract cities. Three divisions (Operations, Administration, and Programs) encompass the activities performed by the department including sheltering of stray or lost impounded animals, rabies control, public safety, emergency response, animal law enforcement, veterinary care, and programs that support the community while strengthening the human-animal bond.

The county's state-of-the-art animal shelters provide a haven for animals and function as community resources for animal care and service programs. Animals sheltered at the facilities include dogs, cats, horses, livestock, and rabbits, along with other small animals, such as guinea pigs, hamsters, and reptiles. In addition to caring for the animals, RCDAS shelters offer services such as adoptions, placing animals in need with rescue partner organizations or in foster, reuniting lost pets with owners, and volunteer opportunities.

The Field Services team (Operations Division) members are skilled animal control officers equipped to ensure public health and safety, enforcement of state and local animal welfare laws and ordinances, educational outreach, emergency response, animal rescue, and animal cruelty investigations. These officers are request driven, responding when asked by the public and other first responders (police, fire, EMS), to assist with lost-and-found stray pets, rabies control, animal bites, emergencies including wildfires, protecting the public from potentially dangerous animals, and more. Riverside County animal control officers respond to approximately 70,000 calls for service per year.

The Veterinary Services team (Operations Division) is responsible for the health of the thousands of animals entering Riverside County shelters each year. All animals impounded are examined and receive prompt and necessary care immediately upon arrival. In addition, Veterinary Services typically performs more than 10,000 spay/neuter surgeries per year for the public and adopted or rescued shelter pets. The Veterinary Services team plays an integral role in community public health encompassing: rabies control efforts (animal bite reporting and prevention); zoonotic disease surveillance activities; and reporting of suspected disease outbreaks in the animal population.

The Programs Division encompasses education and outreach in Riverside County communities. These programs specifically focus on bringing needed services to at risk, vulnerable, and underserved regions. The services offered include spay/neuter for the public, vaccinations, and microchips. These services are available on the mobile unit in communities or at shelter locations. Veterinary wellness, medical care, pet food assistance, temporary pet boarding for people experiencing homelessness and persons in crisis, along with pet behavior support, are services that can be accessed.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Increase live release rates for impounded dogs and cats.

Portfolio Objective

Restore our residents and communities to a position of safety, stability, and resilience.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Live cat release rate	0.70%	0.68%	0.65%	0.70%
Live dog release rate	0.97%	0.95%	0.90%	0.90%

Insights

- RCDAS aims to reduce the need for euthanasia by improving the live release rate outcomes through a variety of means, including adoptions, placing animals in need with rescue partner organizations or in foster, reuniting lost pets with owners, and education on responsible pet ownership.
- During COVID 19 pandemic due to owners being in the home more often, shelter adoptions increased, and animal impounds decreased, resulting in higher percentage of live releases than anticipated.
- The community cat program continues to provide spay/neuter, vaccination, microchipping, and ear tipping services for impounded cats, followed by return of cats to the community. This program improves the overall live release rate for cats.

OBJECTIVE 2

Department Objective

Enhance community safety for animals and people by increasing the number of dog licenses issued.

Portfolio Objective

Successfully resolve matters through effective use of a variety of resources.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Licenses in effect in the unincorporated area (per 1,000 residents)	68.00	68.00	75.00	80.00

Insights

- Animal licensing, mandated by the state of California, protects the public from rabies by ensuring animals are properly vaccinated against the disease to prevent infection. Licensing also helps with owner identification/reunification in the case of lost pets. Licensing fees support sheltered animals and provide spay/neuter services.
- Overall licensing rates were impacted by a reduction of in-person hours at the shelter. During the COVID-19 pandemic the shelter had reduced hours and even closed to visitors, forcing all license owners to schedule appointments or make renewals online. In addition, the team devoted to canvassing communities to seek licensing compliance was eliminated in the previous fiscal year. These changes impacted a reduction in the overall licenses issued.
- Pet owners were unable to obtain vaccines for licensing in the COVID-19 pandemic due to availability of vaccines, reduction in overall veterinary services seen nationwide, and access to key services. This lack of services resulted in a reduction in licenses able to be obtained.

OBJECTIVE 3

Department Objective

Provide the best care possible to injured or sick animals by improving response times to priority one calls.

Portfolio Objective

Appropriately respond in the right manner and with the right resources.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Average Response Time in Priority 1 Calls (In Minutes)	14.40	14.40	15.00	15.00

Insights

- Priority 1 calls involve an animal incident in which a person’s safety is at risk. Call wait times are one metric used to gage service efficiency. Other metrics, such as call volume, lost calls, call types, etc. are also collected to determine efficiency.
- Priority 1 call wait times improved during the COVID-19 pandemic and during the last fiscal year significantly. Previous reporting methods for FY 21/22 did not capture accurate data. This methodology was corrected and new calculations for priority 1 calls are included herein.
- New mobile technology employed by RCDAS has improved call response time outcomes because field officers accept priority 1 calls in real time reducing the overall wait time.

OBJECTIVE 4

Department Objective

Reduce stray pet populations in unincorporated areas and contracted cities by providing low-cost spay and neuter services.

Portfolio Objective

Successfully resolve matters through effective use of a variety of resources.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Spay and neuter surgeries by calendar year	8,657	8,500	10,000	10,000

Insights

- Spay/neuter surgeries are mandated by the state of California for all animal releases by animal service agencies. Spay/neuter surgeries are funded by adoption fees and financial support of grants and partner agencies in order to assist underserved communities.
- Spay/neuter surgeries were down in FY 20/21 and are projected to remain reduced in FY 21/22. Reduction in veterinarian staff through attrition and lack of veterinarians for contract services has impacted these outcomes and will remain of concern in the coming FY due to nationwide trends showing a difficulty in recruiting veterinarians overall. Additional reductions in projections for spay/neuter outcomes in this budget are a result of the San Jacinto campus closure. The San Jacinto shelter clinic accounted for 33 percent of spay/neuter surgeries in the pre-pandemic FY 18/19.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget represents 177 positions. This is a net increase of six positions from prior year's adopted budget.

Expenditures

A net increase of \$4.4 million from FY 21/22 adopted budget in overall expenses.

- Salaries & Benefits
 - The increase is due to negotiated pay increases, along with benefit increases, for the new authorized positions, including the veterinarian surgeon.
- Supplies and Services
 - The increase is due to cover the required services and supplies for increased operations including ISF and insurance costs.
- Other Charges
 - The increase is due to the rising cost of fuel as well as other costs associated with travel between shelters.

Revenues

A net increase of \$4.8 million from FY 21/22 adopted budget in overall revenue.

- Licenses, Permits & Franchises
 - The decrease is due to the removal of licensing inspectors from previous fiscal years, therefore RCDAS is not able to identify new animals in the communities.
- Charges for Current Services
 - An increase to contract city rates are in process to achieve full cost recovery, and are included in RCDAS estimated revenue.

Currently, RCDAS manages 16 city contracts in Riverside and San Bernardino counties.

- Impounds reached record lows during the COVID-19 pandemic. Increased impounds, back to pre-pandemic levels, also increased the number of days kenneled, which currently drives sheltering rate revenues. During the COVID-19 pandemic RCDAS housed approximately 100 animals at any given time. Current animals housed at any given time are approximately 700.
- Miscellaneous Revenue
 - The increase is due to the projected use of RCDAS's spay and neuter bus. Last fiscal year, the spay and neuter bus was not operable for half of the year.

Departmental Reserves

RCDAS currently has two sub-funds of the general fund that are being used and have a balance.

Sub-fund 11102 is currently being used to track state mandated fine funds. As of February 28, 2022, the current balance is approximately \$280,758. Some of the funds are held in fiduciary responsibility until the pet owner comes in compliance. If compliance is not met in a timely manner the funds may revert to use for supplement of spay/neuter education and application.

Sub-fund 11109 is currently set up to track monetary donations coming into RCDAS. Current balance is approximately \$375,310. Each donation is assigned one of four project codes that help to identify what the donor wishes to happen with the funds.

Net County Cost Allocations

DAS net county cost allocation decreased from \$15.1 million in FY 21/22 to \$14.7 million in FY 22/23.

Environmental Health

Mission Statement

The mission of the Department of Environmental Health is to enhance the quality of life in Riverside County through implementation of efficient and effective programs that protect public health and safety as well as the environment.

Description

The Department of Environmental Health (DEH) consists of three divisions. The District Environmental Services Division consists of professional, technical, and support staff located in seven area offices throughout the county. The major programs within the division include retail food safety, recreational water safety, vector control, mobile home parks, organized camps, and retail tobacco. Second is that of Environmental Protection and Oversight (EPO), which is responsible for compliance relating to hazardous materials handling and disposal, liquid/solid waste collection/disposal, medical waste storage/disposal, body art, land use and water system programs. Lastly, the Business Operations and Finance Division (BOF) provides administrative support for the entire department. Support functions provided include accounting, revenue tracking and analysis, purchasing, special projects, and budget preparation and monitoring. In addition to the Mission Statement mentioned above, the overall goal of the department is to gain compliance with the law by educating applicable businesses. The department provides these critical services with its talented and dedicated staff of 195 and an annual budget of approximately \$37 million.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Ensure the efficient and effective review of new and remodeled food and public pool facilities by approving such plans in a timely manner.

Portfolio Objective

Encourage a positive climate for business development.

County Outcome

Empower and unleash the private sector.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Plan approval cycle time, in days	11	12	11	11

Insights

- Providing timely plan review and approval is important for the business community. This creates value to businesses by ensuring they begin operating as soon as possible. Department staff complete more than 1,300 annual plan reviews for these facility types.
- The department currently tracks average plan approval time and continually refines this process to ensure the data is as accurate as possible. Consequently, this will provide a better understanding of the work efforts and required plan approval processes, allowing the department to identify opportunities for improvement.

Insights

- Increasing the online review of digital plans is expediting plan review. The department currently is receiving more than fifty percent of plans submitted electronically. As the department continues external outreach efforts on this capability, this number is expected to continue growing year-over-year.

OBJECTIVE 2

Department Objective

Maintain positive Customer Feedback Rating of 99 percent or greater by ensuring that customers have access to the surveys and are treated fairly and equitably by Environmental Health staff.

Portfolio Objective

Encourage a positive climate for business development.

County Outcome

Empower and unleash the private sector.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Customer feedback rating	98%	98%	99%	100%

Insights

- The department aims to provide a high level of customer satisfaction through the delivery of professional, accurate, and effective services. Customers are encouraged, but not forced, to take satisfaction surveys. This survey data is collected and reviewed as it is provided. The department immediately addresses all unfavorable responses no matter how minor they are. This valuable customer feedback is also used to recognize employees that have received favorable responses.

Insights

- The department conducts field evaluations of over one hundred inspection staff, including two ride a longs with a supervisor and two telephone audits per year with the regulated businesses or stakeholders encountered in the field. This feedback provides an excellent source of data to assist the department with ensuring staff knowledge, leadership, and development are in line with the department’s mission, portfolio objectives, and aligned county outcomes.

OBJECTIVE 3

Department Objective

Ensure the consistent and predictable delivery of safe and adequate supply of drinking water to all residents being served by small water systems.

Portfolio Objective

Foster environmental sustainability and community safety.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percent inspected	104%	100%	100%	100%

Insights

- Environmental Health is the Local Primacy Agency (LPA) program for Riverside County, under delegation of authority from the Water Quality Control Board, Drinking Water Program. As such, a workplan is prepared annually to set goals for public water system permitting and surveillance activities, water sampling and monitoring, data management and reporting, electronic annual reporting, and planned enforcement actions.
- To ensure delivery of safe drinking water to all residents served by small public water systems, the LPA program monitors drinking water quality sampling. LPA staff monitor and review water quality results daily to ensure drinking water standards are met and that water systems are sampling in accordance with the sampling schedule. Drinking water advisories and corrective actions are issued when necessary.
- The LPA programs work with multiple stakeholders to identify and prioritize water systems with water quality violations to provide funding and technical assistance to install treatment or consolidate with a larger public water system. During FY 21/22, thirteen small water systems were turned over to the EPA, and in turn, one to the LPA program.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget represents 195 positions. This is a net decrease of one position from prior year's adopted budget.

Expenditures

Net increase of \$1.9 million from previous fiscal year.

- Salaries & Benefits
 - Net increase due to step increases and MOU contracts with SEIU and LIUNA. This is also inclusive of increased pension obligations for all DEH employees.
- Services & Supplies, Other Chargers
 - Net increase mostly due to the CAC 10th floor redesign and construction. This is a joint project between DEH and the Fire Department. Project costs are budgeted this year at \$2.6 million for DEHs share or 47 percent of this project. DEH will utilize equity and other sub-funds in order to pay for this project.
- Fixed Assets
 - Net increase due to the purchase of two capital assets this fiscal year. For the HAZMAT program, a hazardous materials analyzer will be acquired through an EMD CHOG grant like previous years. This purchase is largely covered by a grant, benefiting our region as DEH is the primary coordinator for regional training exercises to include our area Fire Department partners. In addition, DEH is also proposing to purchase a hand held analyzer for the Childhood Lead Prevention Program. DEH operates this program in partnership with and funding provided by the county Public Health Department.

Revenues

Net increase of approximately \$1.9 million from previous the fiscal year. DEH derives its revenue primarily from permit fees. While some sectors of the economy applicable to DEH have shown great resiliency during the COVID-19 pandemic, others, such as restaurants, have not been able to function in a normal capacity due to various emergency shutdown orders issued by the state. Thus, last fiscal year DEH did not pursue any CPI increase, but still

incurred increases in costs, managing those increases through efficiencies realized. This fiscal year, however, DEH will be requesting an increase of its permit fees by four percent CPI to cover future obligations. This increase is included within this recommended budget; however, and if adopted in April 2022, will become effective upon final budget adoption. It should be noted that not every permit category will include this potential increase. Additional details will be provided in the April 2022 staff report to the Board of Supervisors as part of the regular agenda requesting this CPI increase.

- Licenses, Permits & Franchises
 - Net increase due to business, construction, hazardous materials, underground storage tank, sewage, medical waste and unpackaged food cart permits and administering the waste hauler agreements.
- Charges for Current Services
 - Net increase due to issuance of business licenses, solid waste tipping fees, refuse, food facility, and swimming pool permits.

Departmental Reserves

DEH reserves consist of deferred, restricted, and committed funds that range from legal mandates, solid waste efforts, vector control issues and grants. Restrictions are placed on these reserves for uses relative to state mandates, stipulated judgments, and/or other Board policy commitments. These funds are budgeted this fiscal year and consist of the following.

- 11053 – CalRecycle Local Enforcement Grant
 - Annual grant from CalRecycle to support the LEA’s solid waste facilities permit, inspection and enforcement program as specified in the Enforcement Program Plan. Includes organics compliance activities as required by SB 1383.
- 11059 – Hazardous Waste Generators Fines and Penalties
 - Restricted by court or administrative enforcement order for fine and penalty

assessments levied against certain hazardous waste generators.

- 11089 – Local Enforcement Agency Fees
 - Coachella Valley illegal dumping fees collected until 2008. The fund supports illegal dumping cleanup and other activities in this area. No further revenue is anticipated to be received by this fund.
- 11114 – Temescal Valley, Synagro Fund
 - Fund restricted for 1st District use in and around the area of the Temescal Valley concurrent with Board approval. No further revenue is anticipated to be received by this fund.
- 11116 – Mosquito Control – Vector-Borne Diseases Surveillance (VBDS)
 - DEH will begin utilizing this fund more actively during FY 22/23 to process some operational revenue and expenses.

Net County Cost Allocations

DEH does not receive net county cost allocations.

Flood Control and Water Conservation District

Mission Statement

The mission of the Riverside County Flood Control and Water Conservation District is to responsibly manage stormwater in service of safe, sustainable and livable communities. Our vision is to be a leader in the field of stormwater management, achieve extraordinary results for our customers, be the home of high-quality teams and return value to our community.

Description

The Riverside County Flood Control and Water Conservation District is a special district formed in 1945 by the State Legislature to serve the regional stormwater management needs of western Riverside County and its citizens. The County Board of Supervisors serves as the District's legislative body.

The District's 2,700-mile service area covers the western third of the county, with its eastern limits reaching Desert Hot Springs, most of Palm Springs and parts of Cathedral City. Stormwater management for the balance of the county is provided by Coachella Valley Water District or directly by the county. Local cities and the county also maintain local drainage infrastructure that connect to larger regional District facilities.

The District performs the following broad services:

- Plans, designs, constructs and operates regional storm drains, channels, levees and dams;
- Partners with local water agencies to conserve stormwater and other local water supplies;
- Works with cities and the county to protect the environmental integrity of local lakes, rivers, and streams;
- Partners with cities and local agencies to fund the design and construction of storm water management systems;
- Provides flood hazard related development review, floodplain management and public

education support to city and county departments;

- Works with local agencies to find opportunities to incorporate multi-use functions into District facilities, including parks, trails, and habitat; and
- Maintains and operates flood warning and early detection systems.

The District currently maintains nearly \$1 billion in assets, including over 600 miles of channels, storm drains and levees and 55 dams and debris basins. An additional 400 miles of regional channels and another 48 dams and debris basins are proposed in the District's Master Drainage Plans as part of our comprehensive plan to protect county residents.

The District's functions are supported by ad valorem property tax revenues, contributions from other local, state and federal agencies, grants and special assessments.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Maximize the community benefits of flood control infrastructure.

Portfolio Objective

Increase the quality and safety of county infrastructure.

County Outcome

Promote modern infrastructure that supports and enables communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Complete and maintain state dam and federal levee certification processes	95%	97%	97%	97%
Maintain a FEMA Community Rating System (CRS) score of 6 or better to secure a 20% flood insurance discount	7	7	6	6

Insights

- The district, in partnership with the Building and Safety Department, implements effective floodplain management programs rated by the Federal Emergency Management Agency (FEMA) Community Rating System (CRS) program. The CRS program provides FEMA Communities an opportunity to secure a flood insurance discount for its residents when the Community exceeds FEMA’s minimum floodplain management standards. Since 2019, Riverside County residents have been entitled to a 15 percent discount on flood insurance. However, for FY 22/23, residents are entitled to a 20 percent discount because the County has reached a level 6 CRS score. On average, the FEMA program discount is expected to reduce flood insurance premiums for unincorporated residents an average of \$142 per year.
- The United States Army Corps of Engineers and FEMA developed and/or enhanced levee inspection and certification programs in the wake of Hurricane Katrina. The District is currently in the process of having its levees certified against these new programs.

OBJECTIVE 2

Department Objective

Promote outstanding outcomes for customers.

Portfolio Objective

Encourage a positive climate for business development.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Maintain a 90% positive customer feedback score	100%	100%	100%	100%
Percent of Plan Checks completed within 21 working days.	49%	83%	85%	85%

Insights

- The district is committed to providing outstanding service to its customers by focusing on both timely and solutions-oriented service. Solutions-oriented service is a philosophy that centers helping customers achieve their goals. This includes asking the questions necessary to understand their needs, helping them find the information that they may actually need (as opposed to simply responding to a flawed initial inquiry), and identifying alternative approaches to achieve their goals if their initial proposal is not acceptable.

Insights

- The district strives to provide outstanding service to customers by providing timely development related services. The 21-working day turn-around target on District facility plan checks provides a representative performance measure for this objective. The District saw a decrease in this metric for FY 20/21 due to significant increase in plan check submittal volume. However, the district reviewed its processes and throughput and managed to restore the trajectory towards an 85 percent 21-working day plan check goal.
- The district strives to help customers find solutions in a timely and courteous manner. This dedication to outstanding service to a broader customer base is demonstrated by achieving a score of four of five points or better on each customer service feedback form submitted.

OBJECTIVE 3

Department Objective

Ensure flood control projects support multi-benefit outcomes for communities.

Portfolio Objective

Encourage a positive climate for business development.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Ensure all Flood Control administered construction contracts allow for inclusion of partner-funded betterments.	100%	100%	100%	100%
Ensure all Flood Control led projects assess opportunities for multiple-benefit opportunities prior to design.	100%	100%	100%	100%

Insights

- The district wishes to promote safe and sustainable communities through agreements with partner agencies (cities, county, etc.) that allow them to add betterments, such as street repairs and additional paving, into district construction projects at their cost.
- In many cases, partners discover issues that they would like addressed during the construction phase of district facilities. Addressing those issues using the district’s contractor saves the partner money and reduces inconveniences to the public. Standard contract provisions often preclude these cost-saving opportunities. The district has modified standard contract terms to allow the district flexibility to help its partners and assist the communities.
- The district promotes sustainability by working with local partner agencies to include multiple-benefit features, such as parks, trails, water quality treatment, and stormwater capture features, into new district facilities where feasible to reduce the total cost of infrastructure and lead to more sustainable communities overall. It is the goal of the district to ensure that 100 percent of new Design Division projects proactively evaluate opportunities for multiple-benefit improvements.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget represents 320 positions. This is a net increase of 22 positions from prior year's adopted budget.

Expenditures

A net increase of \$15.2 million from FY 21/22 adopted budget in overall expenses.

- Salaries & Benefits
 - Net increase as a result of net increase of 22 full-time equivalent positions and negotiated labor agreements.
- Services & Supplies
 - Net increase as a result of increase in current inflation costs as it relates to construction projects.
- Other Charges
 - Net decrease as a result of a decrease in the total amount of District's contribution to non-county agencies for construction project costs.
- Fixed Assets
 - Net increase as a result of an increase in construction projects and infrastructure mainly due to an increase in inflation costs.
- Operating Transfers Out
 - Net decrease as a result of changes to District overhead allocation methodologies.
- Intrafund Transfers

- Net increase as a result of an increase in transfers to District's Capital Project Fund.

Revenues

Net revenue is expected to decrease by \$865,448 in FY 22/23 over prior year projections.

- Taxes
 - Net increase due to the current increase in the housing market prices and to a reduction in cost share for the co-permittees.
- Intergovernmental Revenue
 - Net decrease due to a reduction in contribution from other agencies.
- Charges for Current Services
 - Net decrease due to a reduction in engineering services revenue in hydrology and a net decrease in reimbursement for services.
- Revenue from the Use of Money & Property
 - Net decrease due to the drastic decrease in interest rates by the federal government.

Departmental Reserves

- Fund 15000 – Special Accounting
 - These funds are unassigned and are primarily from recovering costs associated with inspection of developer-constructed facilities to be accepted into the District's maintained system. Anticipated decrease in revenue due to decreased construction inspection activity.
- Fund 15100 – Administration
 - This fund accounts for revenue and expenditures related to the general administration of the District. Services provided include accounting, personnel, payroll and benefits, budgeting, purchasing, agreement preparation, grant application and administration, and secretarial services. This fund also finances the operation costs of the District's office complex in Riverside. These

services are primarily financed by ad valorem property taxes designated for this purpose, supplemented by appropriate contributions from all the other District funds benefiting from the provided services. There is an anticipated increase in salaries and benefits due to an increase in pension cost. Pension cost varies from year to year.

- Fund 15105 – Funded Leave Balance
 - The allocation to fund the District’s compensated absence leave balances is increasing by five percent.
 - Fund 25110 – Zone 1 Construction/Maintenance/Miscellaneous
 - Revenue collected in this fund must be used for projects located either within or for the benefit of that zone. The fund will experience a decrease in fund balance as the demand for infrastructure is projected to outpace revenue.
 - Fund 25120 – Zone 2 Construction/Maintenance/Miscellaneous
 - Revenue collected in this fund must be used for projects located either within or for the benefit of that zone. The fund will experience a decrease in fund balance as the demand for infrastructure is projected to outpace revenue.
 - Fund 25130 – Zone 3 Construction/Maintenance/Miscellaneous
 - Revenue collected in this fund must be used for projects located either within or for the benefit of that zone. The fund will experience a decrease in fund balance as the demand for infrastructure is projected to outpace revenue.
 - Fund 25140 – Zone 4 Construction/Maintenance/Miscellaneous
 - Revenue collected in this fund must be used for projects located either within or for the benefit of that zone. The fund will experience a decrease in fund balance as the demand for infrastructure is projected to outpace revenue.
- Fund 25150 – Zone 5 Construction/Maintenance/Miscellaneous
 - Revenue collected in this fund must be used for projects located either within or for the benefit of that zone. The fund will experience a decrease in fund balance as the demand for infrastructure is projected to outpace revenue.
- Fund 25160 – Zone 6 Construction/Maintenance/Miscellaneous
 - Revenue collected in this fund must be used for projects either located within or for the benefit of that zone. The fund will experience a decrease in fund balance as the demand for infrastructure is projected to outpace revenue.
- Fund 25170 – Zone 7 Construction/Maintenance/Miscellaneous
 - Revenue collected in this fund must be used for projects located either within or for the benefit of that zone. The fund will experience a decrease in fund balance as the demand for infrastructure is projected to outpace revenue.
- Fund 25180 – NPDES Whitewater
 - Revenue collected in this fund must be used for programs within or for the benefit of the watershed. The fund may experience a slight decrease in fund balance due to an increase in program cost.
- Fund 25190 – NPDES Santa Ana
 - Revenue collected in this fund must be used for programs within or for the benefit of the watershed. The fund will experience an increase in fund balance due to an increase in cost share revenue.
- Fund 25200 – NPDES Santa Margarita
 - Revenue collected in this fund must be used for projects located either within or for the benefit of that zone. The fund may experience a slight decrease in fund balance due to an increase in program cost.

- Fund 33000 – Flood Control (FC) Capital Project Fund
 - The fund is used by the District to account for financial resources for capital outlays related to acquisition of capital facilities other than flood control and drainage infrastructure. The fund will experience a slight increase in fund balance due to the interest earned on available cash.
- Fund 38530 – Zone 4 Debt Service
 - The fund is used by the District to account for accumulation of resources for the principal and interest payment on its Zone 4 Promissory Notes issued to pay for the construction of Romoland MDP, Line A infrastructure. The fund is financed by Zone 4 (25140) contributions. The fund will experience a slight increase in fund balance due to the interest earned on available cash.
- Fund 40650 – Photogrammetry
 - The fund was established to account for revenue and expenditures related to survey control and topographic mapping services. The fund receives revenue from the agencies requiring the services. The charges for services revenue are Board approved fees. Revenue receipts will vary from year to year since these types of services are contingent upon the growth in the local economy. Anticipated decrease in fund balance due to increase in salaries and benefits because of the demand for topographic mapping.
- Fund 40660 – Subdivision
 - The fund was established to account for revenue and expenditures related to various development review services required by developers for construction of their projects within the County. Revenue receipts will vary from year to year since these types of services are contingent upon the growth in the local economy. The fund will maintain the negative fund balance due to its unfunded pension liability.
- Fund 40670 – Encroachment Permits
 - The fund was established to account for revenue and expenditures related to issuing Encroachment Permits to various agencies, developers, and individuals allowing temporary access/use of District property to complete their projects. Revenue receipts will vary from year to year since these types of services are contingent upon the growth in the local economy. Revenues are primarily from charges for the cost of issuing the permits and monitoring/inspecting the work. The fund is projected to have a decrease in fund balance due to increase in salaries and benefits because of the demand for encroachment permits.
- Fund 48000 – Hydrology Services
 - This fund was established to account for revenue and expenditures related to providing hydrologic data collection and analysis services beneficial to the District's seven zones funds. The fund is financed by the District's seven zone funds. The fund is projected to have a slight increase in fund balance due to interest earned on available cash.
- Fund 48020 – Garage / Fleet Operations
 - The fund was established to account for revenue and expenditures related to the operation and maintenance of the District's heavy equipment and light vehicles. The fund is financed from hourly and mileage charges to all the District funds for use of heavy equipment and light vehicles. This fund will experience a decrease in fund balance due to increases in anticipated purchases of heavy equipment.
- Fund 48040 – Project/Maintenance Operation
 - The fund was established to account for revenue and expenditures related to the operation and maintenance of the District's heavy equipment and light vehicles. The fund is financed from hourly and mileage

charges to all the District funds for use of heavy equipment and light vehicles. This fund will experience a decrease in fund balance due to increases in anticipated purchases of heavy equipment.

- Fund 48080 – Data Processing
 - The fund was established to account for revenue and expenditures related to the operations of the District’s Watershed Analytics Division. The fund is financed by revenue from equipment usage charges to

the District funds. The fund is projected to experience a decrease in fund balance due to an increase in computer software expenditures and purchase of new copiers.

Net County Cost Allocations

As a special district, the Riverside County Flood Control and Water Conservation District does not receive net county cost or other support from the county general fund.

Regional Parks and Open Space District

Mission Statement

To acquire, protect, develop, manage, and interpret for the inspiration, use and enjoyment of all people, a well-balanced system of park related places of outstanding scenic, recreational, and historic importance.

Description

The county’s award-winning park and open-space system, RivCoParks, features more than 100,000 acres and includes camping parks, historic sites, nature centers, ecological reserves and trails. The district is accredited by the National Recreation and Park Association for demonstrating the highest standards of ethical and professional practices in the delivery of park and recreation programs. RivCoParks provides community members and visitors to Riverside County access to outdoor spaces for camping, fishing, hiking, cycling, horseback riding, bird watching, picnicking, playing, special events, learning about the natural environment, and learning about historical and cultural resources.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Maintain superior customer satisfaction by offering exciting programs and amenities, cultivating positive experiences, and delivering excellent value for the price.

Portfolio Objective

Enhance county attractiveness, vibrancy, and resident engagement.

County Outcome

Exciting and useful destination for the community and its residents.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percentage of surveys with a positive experience (4-5 out of 5 is above satisfactory)	97%	95%	95%	95%
Total number of customer surveys collected	482	70	2,000	2,000

Insights

- The Park District seeks to increase the number of surveys year over year to demonstrate increased reach. Overall, the District maintains 90 percent or higher positive rating which is above industry standards that range between 70 percent and 80 percent positive response
- Surveys were limited this year due to the on-going pandemic restrictions. Although restrictions have eased up, Events and educational tours are still limited.

OBJECTIVE 2

Department Objective

Promote positive park use with ranger patrol and a park reservation system that makes parks accessible to all through camping, events and day use.

Portfolio Objective

Enhance county attractiveness, vibrancy, and resident engagement.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of Park rangers per 10,000 acres of land managed	2.63	2.60	2.85	2.85
Percent of sites reserved nightly based on total number of campsites (occupancy rate)	22.06%	23.00%	30.00%	30.00%

Insights

- Reservations directly impact revenues of RivCoParks. An increase in percentage from year to year will reflect how many visitors invest in fees utilizing RivCoParks campgrounds and related amenities.
- Reservations directly translates to engagement of the camping community which differs from other park usage, such as day use and events. While overall reservation numbers were less than anticipated, camping became a popular pandemic activity that resulted in substantial buoyancy in the percentage of sites reserved nightly.
- Safety, patrol, and engagement with RivCoParks users is important across all open-space, park and facilities managed. Due to the financial impact of the pandemic, additional positions for rangers were not filled this year which impacted the overall number. The goal remains, as this measure aims to create a standard for RivCoParks going forward.

OBJECTIVE 3

Department Objective

Protect natural and cultural resources through conservation and community education.

Portfolio Objective

Protect agriculture, the environment, and animal welfare.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Education program participants annually.	18,600	21,000	25,000	25,000
Value of Park volunteers (in millions)	\$3	\$3	\$3	\$3

Insights

- Volunteers are an essential part of the RivCoParks workforce and help meet critical operational objectives. The value of volunteer hours is directly linked to reduced cost of service to RivCoParks guests. Reduced volunteer opportunities as well as public engagement restrictions for social distancing due to the pandemic drastically impacted the volunteer hours for FY 19/20 and FY 20/21 thereby reducing the value of Park volunteers overall.

Insights

- Interpretation that connects children to nature is provided at four nature centers and three historic museums. The benefits of connecting nature and history are well-documented and research shows that children's social, psychological, academic, and physical health is positively impacted when they have regular contact with nature. The Nature Centers and Historic Museums have been closed for most of the pandemic similarly to other indoor activity open to the public.
- Education is a core part of RivCoParks' mission, engaging an underserved portion of the population outside of RivCoParks' traditional user group in a meaningful way. No in-person education programming occurred during FY 20/21 due to the pandemic, however, educational programming was done virtually through Facebook videos specifically geared towards education programming. The virtual programming allowed RivCoParks to continue connecting with learners while sites were closed to indoor learning. FY21/22 is slightly higher as pandemic restrictions eases up. School tours have resumed but is still in limited numbers. FY 22/23 projects a normalized in-person participation from schools and visitors.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget represents 110 positions. This is a net increase of 15 positions from prior year's adopted budget.

Expenditures

Net increase of \$10.4 million.

- Salaries & Benefits

- Net increase due to additional positions, increase in benefit costs, and increase in CalPERS Unfunded Liability (UAL) payments.
- Services & Supplies
 - Net increase due to internal service costs, maintenance supplies, contracted maintenance services, utilities, fleet maintenance, and vehicle replacements.
- Capital Assets
 - Net increase due to repayment of \$2 million loan to Wildlands Conservancy for the funding of the Santa Ana River Trail project and upcoming grant and DIF projects slated to begin.
- Intrafund Transfers
 - Operating transfers from Fund 25400 to Fund 25430 is to support the Habitat and Open-Space Unit, which continues to patrol and clean-up homeless encampments along the Santa Ana River Trail.

Revenues

Net increase of \$10.9 million.

- Taxes
 - Property tax revenues are expected to increase by five percent from prior year.
- Revenue from the Use of Money & Property
 - Net increase due to steady surge in park visits and increase events reservations at the Crestmore Manor facility.
- Intergovernmental-State
 - Net increase due to upcoming grant projects such as the Gilman Stagecoach Park project and also continued progress of the Santa Ana River Trail project.
- Charges for Current Services
 - Net increase due to projected growth in camping, fishing, and day use activities at county regional parks and increased

revenues in contract services with Western Riverside County Regional Conservation Authority and Metropolitan Water District (MWD).

- Other Financing Sources
 - A total of \$417,468 using ARP Act funds for the Fee Waiver Program for businesses and residents impacted by the pandemic to encourage use and enjoyment of park facilities and reinstitute special events hosted by the District.
 - Operating Transfers from Fund 25400 to Fund 25430 is to support the Habitat and Open-Space Unit, which continues to patrol and clean-up homeless encampments along the Santa Ana River Trail.

Departmental Reserves

- 25400 – Regional Park and Open-Space District Operating Fund
 - The District’s fiscal policy states minimum reserves for its operating fund is 30 percent of current annual operating expenditures: 25 percent of which as a general reserve, three percent as a reserve for accrued leave liabilities, and two percent as a reserve for emergency disaster relief. The District projects fund 25400 to end FY 21/22 with a fund balance of \$9 million, representing 76.5 percent of FY 21/22 operating expenditures.
 - The District remained cautious in FY 21/22 as the effects of the pandemic continue to linger in the interpretive and recreation programs. Educational tours and venue rentals have started to resume but revenues are still lagging to budget targets. Regional Parks has continued to prosper as camping, fishing, and day use revenues are expected to surpass budget targets this year.
 - The projected ending reserve in 25400 for FY 21/22 is \$21.1 million, which is an increase of \$689,000 from prior year. Any excess reserves

will be utilized to bolster the CIP reserves which are currently below target.

- 33100 – Park Acquisition and Development, District
 - The District has budgeted to use \$600,000 to start the Mayflower Sewer project and complete much-needed maintenance projects on aging infrastructure in FY 22/23.
 - The expected ending reserve in 33100 for FY 21/22 is \$996,419 which represents just 8.4 percent of FY 21/22 operating expenditures, and is currently \$899,000 underfunded.
- 33110 – Park Acquisition and Development, Grants
 - The District has budgeted to use \$800,000 to start multiple grant projects that will be funded through the Parks and Water Bond Act (Proposition 68) which includes the \$6.1 million award to Gilman Ranch Stagecoach Stop Park.
 - The Wildlife Conservancy Board grant (\$550,000) for the Hidden Valley Restoration project is also underway and is expected to be completed in FY 22/23.
 - Santa Ana River Trail project continues to progress and the District budgeted \$500,000 for FY 22/23 and the project is partially funded by the California Coastal Conservancy.
- 33120 – Park Acquisition and Development, DIF
 - The District has budgeted \$3.5 million for projects funded through Development Impact Fees (DIF) in the Western Trails and Parks Fund.

Net County Cost Allocations

The department received a general fund contribution through Contribution from Other Funds of \$82,532 to fund a Parks Facility Coordinator to manage and organize District-sponsored events such as the Healthy Living Extravaganza in Jurupa Valley and the regular fishing clinics.

TLMA - General Government Public Ways and Facilities

Mission Statement

Integrate transportation and land use functions in order to enhance the quality of life in existing communities, properly plan new communities to accommodate growth in a balanced way, be good stewards of the environment and natural resources, and serve the public through excellent customer service.

Description

The Transportation and Land Management Agency (TLMA) consists of the Transportation, Planning, Building and Safety, Code Enforcement Departments, the Riverside County Airport Land Use Commission (ALUC) and the Aviation Division.

The Transportation Department oversees the design, operation, and maintenance of 2,248 miles of county-maintained roads and 108 bridges. The department protects the health and safety of residents and improves quality of life through a variety of critical activities. These include engineering design, construction, and maintenance of county roads; review of plans and construction of transportation facilities by private land development; and land surveying and map processing.

Survey is a major division in the Transportation Department responsible for all land surveying functions, supporting the delivery of the Transportation Department's Transportation Improvement Program (TIP), reviewing and processing land development cases, and assisting the public and other agencies with research relating to land records. The division also provides public information and keeps land surveying and public right-of-way records, performs office analysis of all field surveys, processes public right-of-way documents for transportation projects and private developments, reviews Local Agency Formation Commission (LAFCO) documents, approves street name changes, performs reviews on tract and parcel maps, records of survey, corner record reviews, lot line

adjustments, parcel mergers, and certificates of compliance.

TLMA Administration provides executive management, purchasing facilities support services, human resources, fee administration, special projects, records, information management, and fiscal business services to support the TLMA departments.

The Counter Services group, also a division of TLMA Administration, provides permit counter staffing, property research information, ombudsman services and public outreach services.

The Airport Land Use Commission (ALUC) is an appointed seven-member commission, with staff support provided by TLMA. The commission undertakes local jurisdiction project reviews within Airport Influence Areas (AIAs), updates airport land use compatibility plans, and cooperates with the State Department of Transportation (Caltrans) on regional aviation issues.

The Aviation Division manages five airports: Blythe, Hemet Ryan, French Valley, Jacqueline Cochran, and Chiriaco Summit encompassing over 5,000 acres of land and provide aviation facilities and services to private and corporate tenants, aircraft users, and businesses. Each airport is unique and offers a variety of services. The Aviation Division applies received grants from the Federal Aviation Administration (FAA) and Caltrans for capital improvement projects for each airport.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Provide a safe and reliable roadway infrastructure to the community.

Portfolio Objective

Sustain the integrity of county infrastructure.

County Outcome

Modern infrastructure that supports and enables communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Pavement Condition Index (PCI)	74	75	75	80

Insights

- Roadway condition is rated on a scale of zero (failed) to 100 (excellent). A Pavement Condition Index (PCI) value less than 70 is at risk of failing. California’s statewide average PCI is 66. To reach the PCI goal of 80, \$387 million in funding would be needed over a five-year period. The passage of Senate Bill 1, the Road Repair and Accountability Act of 2017 (SB1), is critically important in helping the Transportation Department move towards its goal to improve the conditions of pavement throughout the county.

OBJECTIVE 2

Department Objective

Continually serve and support customers through timely plan check services.

Portfolio Objective

Encourage a positive climate for business development.

County Outcome

Empower and unleash the private sector.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Encroachment permits issued within 15 days	75%	80%	80%	90%

Insights

- Encroachment permits are issued to individuals, public utilities, and contractors for permission to enter the county road right-of-way to perform work. Work performed under an encroachment permit can include tree planting and removal, driveway installations, placement of any structures, construction of street improvements, and drainage facilities.
- The Transportation Department issued 1,094 Encroachment permits between July 1, 2020, and June 30, 2021. During this timeframe 75% of the Encroachment permits were issued within 15 days and the average number of days to issue a permit was 11.6.

OBJECTIVE 3

Department Objective

Provide a consistently high level of customer service to the community through all TLMA activities and through timely permitting counter services.

Portfolio Objective

Encourage a positive climate for business development.

County Outcome

Empower and unleash the private sector.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Average front counter wait times in minutes	15	15	15	15
Customer service score	91%	94%	94%	95%

Insights

- The customer service score is represented as an average of department results based on a 1–5 point scale. This customer service score reflects the activities of all TLMA budget units, including those represented in the Public Protection and General Government sections of this document. TLMA leadership and staff review customer service scores regularly to identify trends, successes, and opportunities for improvement. The customer service score is also posted on all TLMA floors in county offices to provide full transparency and to promote the continued use of the comment cards by all customers.

OBJECTIVE 4

Department Objective

Increase responsiveness to public inquiries.

Portfolio Objective

Sustain the integrity of county infrastructure.

County Outcome

Modern infrastructure that supports and enables communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of views to our online land records site	57	58	60	65
Respond to public inquiries from our research counter within 24 hours	100%	100%	100%	100%

Insights

- The Survey Research Team manages all the land records and engineering plans for the county, and receives phone, email, and walk-in requests for research at the public counter. The goal of this team is to provide excellent customer service and respond to these requests within 24 hours.
- The Survey Division has been a leader in using Geographic Information System (GIS) technology and has full access to ESRI’s global mapping tools. This GIS technology allows the user to use the search tools to find their parcel and retrieve their land records online.

Insights

- The Research Counter Team places land records and documents into an online retrieval database named Laserfiche. This system allows the public and private sector professionals to conduct property research without having to visit county offices and is available 24/7. This team will continue this effort of expanding the online records database during the next fiscal year.

OBJECTIVE 5

Department Objective

Provide a timely and customer friendly service by reducing iteration cycles on project reviews.

Portfolio Objective

Encourage a positive climate for business development.

County Outcome

Empower and unleash the private sector.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percent of maps approved within 3 plan check cycles	45%	50%	35%	50%
Percent of subdivision map comments returned within 20 working days	65%	59%	70%	80%

Insights

- To increase accountability and transparency, the Survey Division strives to return final maps back to the applicant in a timely manner. Offering to meet the applicant and surveyor after the first check print and having additional working meetings to resolve issues will help reduce turnaround time and get projects completed.

Insights

- Returning map comments within 20 working days will help reduce overall review and approval time to get projects completed and built. The Survey Division reviews and records hundreds of cases per year. These cases help customers subdivide land, obtain permits, and establish land boundaries. By reducing iterations, the applicant will realize cost savings, and see their projects move forward faster towards documentation and permitting.
- The Survey Division will improve the efficiency of the map plan check review and approval process by implementing an in-person meeting with the applicant prior to the second plan check submittal to approve maps timely and save the applicant money.

OBJECTIVE 6

Department Objective

Maximize revenue through lease and development opportunities.

Portfolio Objective

Create and maintain opportunities for businesses and employees.

County Outcome

Thriving, robust, diverse economy.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percent increase in annual lease revenue	18%	5%	5%	5%

Insights

- The County's annual lease revenue at the airports is derived from leases with private and corporate tenants and users of the airports

OBJECTIVE 7

Department Objective

Capital improvement undertaken with federal and state grant funding.

Portfolio Objective

Maintain airport infrastructure for users.

County Outcome

Thriving, robust, diverse economy.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Federal funding towards airport improvement projects (in millions)	\$0.65	\$0.63	\$0.72	\$0.72
State funding towards airport improvement projects (thousands)	\$50	\$50	\$50	\$50

Insights

- The TLMA Aviation division received FAA Cares Act grants totaling \$290,000 in FY 20/21 and \$261,000 in FY 21/22.
- Grant applications for Jacqueline Cochran Regional Airport include the following projects; New Runway 35 and Runway 17 PAPI and Runway Lighting – Design Services. Project Total \$250,000. Federal share is 90% of project.

Insights

- Grant application for French Valley Apron Pavement Rehabilitation (North and Middle Apron) Design. Project Total \$551,100. Federal share is 90% of project.
- Contract Tower Grant applications for Jacqueline Cochran Regional Airport and French Valley Airport submitted to the FAA September 25, 2019. An executed MOU between Riverside County and the FAA was submitted January 24, 2020. Preliminary projected tower cost is \$8-10 million with an Environmental Assessment at \$167,000.

Budget Changes & Operational Impacts**Staffing**

The FY 22/23 budget for the TLMA's Public Ways and Facilities group represents 544 positions. This is a net increase of 20 positions from prior year's adopted budget.

Expenditures

Net increase of \$25.6 million.

- Salaries & Benefits

- TLMA's Public Ways and Facilities group has a net increase as a result of absorbing an additional 1.8 percent CalPERS costs in FY 22/23, totaling over one million. This group has contributed \$4 million or 11.4 percent in the past five years for the discretionary payment to CalPERS for unfunded liabilities.
- Services & Supplies
 - TLMA's Public Ways and Facilities group has a net increase in the Transportation department's Liability Insurance and an increase in the Transportation and Aviation Departments' Property Insurance. The Transportation Garage division will see an increase in fuel costs and parts for maintenance of equipment.
 - TLMA's Public Ways and Facilities has a net increase due to an increase in the Transportation departments Capital budget. The Capital budget includes a budget for a few very large Transportation Improvement Projects such as the Jurupa Road & Cidar Street, Hamner Avenue bridge, Market Street bridge projects, as well as a few right of way projects.
- Other Charges
 - The Counter Services division is projecting an increase for County Administrative Center (CAC) tenant improvements.
 - TLMA's Aviation division has been converted to an Enterprise Fund from Special Revenue Fund. A fixed asset depreciation expenditure is reported in the Other Charges category with an offset to Accumulated Depreciation in the Balance Sheet. The depreciation expense of \$168,000 has no impact on the cash balance.
- Capital Assets
 - TLMA's Public Ways and Facilities group has an increase as the Transportation Department is anticipating \$500,000 for the Thermal Yard improvement and \$500,000 for the implementation of the Traffic Management Center for Traffic Engineering Division. Also,

the Transportation Garage and Aviation divisions will have a cash equipment purchase increase to meet emission standards and replace end of life equipment.

Revenues

Net decrease of 1.4 million.

- All groups under this category aside from Transportation-Capital are expected to have an increase in revenue. Transportation Capital's revenue will decrease due to the number of large projects scheduled for FY 22/23 compared to the previous fiscal year.
- The Transportation department Operations division is expecting the Gas Tax revenues to increase based on current CSAC projections and current trends.
- TLMA's Counter Services division will have a revenue increase as the cost of four additional positions will be spread among all departments. New positions are needed to support the increased workload, and provide prompt and effective customer service.

Departmental Reserves

- TLMA Administration Services is anticipating a draw of \$718,000 from its fund balance.
- TLMA's Counter Services is anticipating a draw of \$1.8 million from its fund balance due to tenant improvements at the CAC.
- TLMA's Aviation division will have a draw of \$297,608 from its fund balance due to incurring costs of much needed building improvements, installing cameras at all airports, and replacing over 16 year old heavy equipment.
- The Transportation Garage division will have a draw of \$3.5 million from its fund balance to replace end of life equipment and to comply with emission standards.
- Transportation Operations, LMD and CBS cost centers will have a draw of \$284,000, \$411,000

and \$260,000 respectively from their fund balance.

- Transportation Survey cost center will have a draw of \$716,000 from its fund balance.

Net County Cost

The department does not receive net county cost.

TLMA - Public Protection

Mission Statement

In partnership with our diverse communities, we strive to maintain, improve, and preserve Riverside County's infrastructure and environment. We will promote a high quality of life by consistently and fairly enforcing regulations to preserve existing neighborhoods, properly planning new communities to accommodate growth in a balanced way and serving the public through excellent customer service.

Description

The Transportation and Land Management Agency's Public Protection group includes the TLMA Planning, Building and Safety, and Code Enforcement departments.

The Planning Department reviews and processes land use applications and makes recommendations to the Planning Commission and Board of Supervisors on entitlement applications. Applications include tract and parcel maps for residential, commercial, and industrial projects, land use and zoning changes; plot plans, and conditional use permits for business operations. The Planning Department also fulfills advanced planning functions mandated by state law, including management of the county's General Plan. Advanced planning functions also includes the preparation of community plans for unincorporated areas where the county is looking to proactively foster orderly growth and economic development in conjunction with community stakeholders.

The Building and Safety Department provides construction permit related services, including grading, building plan check, counter assistance, and field inspections. Development fees fund department activities. The department also assists the Emergency Management Department with post-disaster assessments, CALFIRE with emergency fire damage assessments, as well as the Riverside County Flood Control and Water Conservation District and Coachella Valley Water District as the Flood Plain Administrator.

Riverside County Code Enforcement strives to improve the quality of life for all residents and businesses while providing a mechanism to encourage pathways to responsible and safe community development. Common compliance matters include accumulated rubbish, excessive outside storage, inoperative or abandoned vehicles, substandard or unpermitted structures, unsafe and unpermitted excavations/grading, zoning violations, unlawful cannabis dispensaries and cultivation as well as state and federal water quality acts. Code Enforcement is funded through a net cost allocation from the general fund, as well as cost recovery efforts including the flat fee program, court ordered settlement agreements and grant programs.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Ensure adequate cost recovery to sustain operations, while providing fair and transparent services.

Provide efficient services by maintaining timely case and permit processing.

Portfolio Objective

Encourage a positive climate for business development.

County Outcome

Empower and unleash the private sector.

Thriving, robust, diverse economy.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Average number of working days to process initial building and safety plan check	10	10	15	10
Percentage of non-general fund Code Enforcement revenue	35%	35%	45%	50%
Percentage of reviews by development team within 45 days of submittal	100%	100%	100%	100%

Insights

- As part of the Agency's efforts to become more customer friendly, the Planning Department has simplified the application process by using standardized applications. Both the Building and Safety and Planning departments are successfully using contract services to assist with peaks in development activity.
- In an effort to continue to recover County costs from violators, while reducing the burden on the Taxpayers and the General Fund, Code Enforcement uses three methods of cost recovery: 1) Flat Fee – Charged to a Property owner 30 days after a Notice of Violation is issued and voluntary compliance is not achieved; 2) Summary of Abatement Costs – Charged to the Property owner after a ruling by an Independent Hearing Officer; 3) Litigation/Settlement Agreements – Negotiated through Legal Services Team.
- Building and Safety has made great strides in customer service by providing more online services, such as allowing for appointments and creating a virtual inspection process for some permit types.
- These methods encourage voluntary compliance first, then seek financial remuneration for actual fees and costs if corrections are not made.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget represents 141 positions. This is a net increase of 15 positions from prior year's adopted budget and reflects the proposed staffing needs.

Expenditures

Net increase of \$1.7 million.

- Salaries & Benefits
 - TLMA's Public Protection group has a net increase in salaries and benefits. The Planning and Code Enforcement Departments' salaries and benefits will increase to fund all vacancies. TLMA's Public Protection group will be absorbing an additional 1.8 percent CalPERS costs and an Memorandum Of Understanding increase in FY 22/23. This group has contributed \$949,000 or 11.4 percent in the past five years for the discretionary payment to CalPERS for unfunded liabilities.
- Services & Supplies
 - TLMA's Public Protection group has a net decrease in services and supplies. The Building and Safety department and Code Enforcement department has an increase in consultant costs while the Planning department will have a reduction.
- Other Charges
 - TLMA's Public Protection group will have a net increase in other charges. The Planning

department will have a decrease due to not allocating Planning net county cost to support permitting counters activity. The Building and Safety department will have an increase to support the salaries and benefit increases in their permitting counters, as 75 percent of staff time is directly spent on Building & Safety projects. The staffing increase in both of their Permitting Centers warranted due to increased workload.

Revenues

Net increase of \$646,542.

- The Code Enforcement department is expecting a \$773,000 in short term rental revenue in FY 22/23. This program will be managed by the departments Special Enforcement Team (SET). Based on current fiscal year trends, the department is expecting a decrease of \$461,542 in cannabis litigation settlements revenue. The department is budgeting \$312,979 for potential cannabis development agreements baseline public benefit payments which is an increase of \$133,000 from FY 21/22. The department will draw \$258,604 from the abatement fund for FY 22/23.
- The Planning Department is anticipating a decrease of \$497,052 in revenue, as Hwy 74 and

Local Early Action Planning (LEAP) grants to incur majority of the cost in the current fiscal year. The reduction in revenue will offset with the corresponding professional services costs that are decreasing.

- The Building and Safety Department is anticipating an overall revenue increase of \$711,792 mainly due to increased deposit based fee revenue.

Departmental Reserves

TLMA's Public Protection group is anticipating a draw of \$365,029 from its fund balance.

Net County Cost Allocations

Overall the net county cost allocation increased by \$1.3 million from previous fiscal year adopted budget. The recommended net county cost allocated to the Planning Department has remained flat since FY 20/21 in the amount of \$3.2 million.

The recommended net county cost allocated to the Code Enforcement Department has increased by \$1.3 million, of which \$500,000 is to support the Code Enforcement's Special Enforcement Team's evening and weekend operations. The total net county cost for the Code Enforcement Department is \$8 million.

Waste Resources

Mission Statement

Protect the general public’s health and welfare by efficiently managing Riverside County’s solid waste system through: the provision of facilities and programs, which meet or exceed all applicable local, State, Federal and land use regulations; the utilization of up-to-date technological improvements; the development and maintenance of a system that is balanced economically, socially and politically; and the economically feasible recovery of waste materials.

Description

The Department of Waste Resources (DWR) is responsible for the efficient and effective landfilling of non-hazardous waste. DWR operates five active landfills, 33 inactive landfills, has a contract agreement for waste disposal with an additional private landfill, and administers several transfer stations and collection center leases. The department believes that much of what our society throws away today actually has residual value and should be repurposed for a better use; therefore, every effort is made to recycle and reuse appropriate items with scrupulous attention to public health and safety.

As required by statute, DWR ensures that Riverside County has a minimum of 15 years of capacity, at any time, for future landfill disposal. DWR is organized so that nearly all functions of designing, permitting, operating, maintaining, and supporting the landfill system are performed by in-house staff. In addition to landfill management, DWR provides a variety of community services including household hazardous waste collection, recycling, composting, illegal dumping clean up, community clean-ups, and graffiti abatement.

Although the Waste Resources Management District (District) was dissolved in 1993, active employees at the time of dissolution have retained their District status. This budget unit is solely for District employee salaries, benefits, and mileage reimbursement costs.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Effectively manage landfill airspace and capacity by efficient site design, material reduction, effective compaction, minimal use of daily cover material and annual measuring and monitoring of the Airspace Utilization Factor.

Portfolio Objective

Foster community and environmental sustainability.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Airspace Utilization Factor	0.52	0.60	0.60	0.60

Insights

- Disposal system remaining capacity is calculated based on the current permitted landfill capacities of the six remaining active landfills in the county and is estimated to meet in county disposal needs through 2038. Significant expansion potential exists beyond current permitted refuse disposal footprints.
- Without any changes in policy, the county’s growing population is projected to lead to higher amounts of overall disposal, despite the positive influence of current recycling policies (e.g., 75 percent statewide recycling goal).

Insights

- RCDWR continues to implement innovative solutions to ensure long-term disposal capacity and success in managing the county’s solid waste. For example, tarps continue to be utilized to cover the daily trash cell to conserve airspace that would have otherwise been consumed by traditional cover materials such as dirt or processed green waste.
- Traditional outlet markets for recyclables, such as China, have become more restrictive and could further hamper current diversion efforts and negatively impact disposal system capacity. The Department continues to explore alternatives and continues to pilot a reuse store that allows landfill users to purchase usable items that would otherwise be landfilled or which the Department may incur costs to recycle.

OBJECTIVE 2

Department Objective

Enhance the vitality of communities through cleanup, graffiti abatement, and outreach efforts.

Portfolio Objective

Foster community and environmental sustainability.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percent of graffiti abated within 24 hours	93%	94%	90%	90%

Insights

- Properties repeatedly targeted by graffiti vandals and in need of cost-effective solutions benefit from RCDWR’s graffiti abatement program. Our staff uses paint collected during household hazardous waste collection events to remove graffiti in a cost-effective manner.
- Quickly abating negative impacts on the quality of life of residents, such as graffiti, helps to promulgate a more positive community experience, as suggested by the “broken window” theory.
- As additional resources are devoted to abate graffiti blight, prevention efforts include developing private/public partnerships to promote education and heighten awareness and sensitivity to graffiti, the Department encourages innovative solutions from the community to deter graffiti through the development of art programs, landscaping and/or the design and construction of graffiti resistant structures.

OBJECTIVE 3

Department Objective

Increase recycling/waste diversion to meet or exceed state mandated organics diversion goals.

Portfolio Objective

Foster community and environmental sustainability.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of phone calls/email to RIVCO business/Multifamily complexes	3,306	4,500	4,500	4,500
Number of site visits to RIVCO businesses	241	0	0	0

Insights

- Local governments and private industries continue to work jointly to create an extensive material collection infrastructure and have implemented effective programs to achieve a statewide diversion rate of greater than 50 percent.
- RCDWR responded proactively to legislation and started a pilot compost program at the Lamb Canyon Landfill. Organic food waste material comes from the Larry D. Smith Correctional Facility. RCDWR is also currently working with Morongo Band of Mission Indians and other organizations to obtain additional food waste for the program.
- Through the use of technology, staff has better visibility into waste stream data, and has increased productivity in tracking outreach and education for Mandatory Commercial Recycling (MCR) and Mandatory Organics Recycling (MORE) accounts.
- In October 2014, Governor Brown signed AB1826, requiring businesses to recycle a specified portion of organic waste. This law also requires that local jurisdictions implement an organic waste recycling program to divert organic waste generated by businesses, including multifamily residential dwellings. The law phases in the requirements for businesses over time, with full implementation realized in 2019.

Insights

- In September 2016, Governor Brown signed SB1383 establishing methane emissions reduction targets in a statewide effort to reduce emissions of short-lived climate pollutants (SLCP), such as methane emissions from landfills. SB 1383 sets ambitious targets to reduce the disposal of organics (green waste, food waste, paper, etc.), requiring jurisdictions to divert 50 percent by 2020 and 75 percent by 2025. The legislation requires, with few exceptions, that all residents and businesses arrange for organics separation and collection.
- In March 2020, due to COVID-19, site visits ceased. Staff focused on phone calls, compliance forms and emails as outreach activities. Going forward the Department of Environmental Health will assume responsibility for in person outreach.

Budget Changes & Operational Impacts

Staffing

- The FY 22/23 budget represents 319 positions. This is a net increase of 28 positions from the prior year adopted budget.

Expenditures

Net increase of \$10.6 million from FY 21/22 adopted budget in overall expenses.

- Salaries & Benefits

- Net decrease due to projected vacancies. Although the Department's position count is projected to increase in FY 22/23, the Department anticipates a decrease in cost. As District employees retire or leave the department, the positions are being eliminated and refilled as County positions. While the number of employees has decreased by two positions, those that remain are all at top pay and therefore subject to the two percent increase in the current fiscal year and the 2.5 percent increase in the budget fiscal year.
- Services & Supplies
 - Net increase due to inflation factors driving up the cost of consumables, increased grounds maintenance costs due to closed landfill repair projects, and increased property insurance costs. The only costs in the category for the District are directly related to employee cost. As District positions decrease, this cost will decrease as well. In the past, the ISF charges for personnel services related to District positions were budgeted and recorded to the Waste Resources Enterprise Fund. For FY 22/23 the ISF Department budgeted these costs directly to the District Fund.
- Other Charges
 - A large portion of other charges includes depreciation expense, but it also includes taxes and assessments for payments made to the Board of Equalization (BOE). An increase is projected for FY 22/23 primarily due to a change in the methodology used to calculate estimated BOE payments, so as to present a more accurate projection.
- Fixed Assets
 - Net increase mostly due to expansion of the Badlands landfill and for drainage improvements at both the Badlands and Lamb Canyon landfills in compliance with NPDES requirements.
- Intrafund Transfers
 - This negative cost offsets budgeted depreciation expense.
- Operating Transfers Out

RCDWR is expected to provide approximately \$15.2 million to the General Fund and other agencies in FY 22/23.

 - Distribution of in-county tonnage revenue includes, \$2.4 million to Habitat Conservation, \$1.1 million to Environmental Health for regulatory oversight, \$865,000 to Code Enforcement/Cities in support of the Abandoned Vehicle Abatement program. Revenue distribution for out-of-county tonnage includes \$3.4 million to Habitat Conservation, \$2.9 million to the General fund, \$448,970 to Environmental Health (vector control), \$178,284 to TLMA and \$2 million to the Executive Office for import tonnage.
 - Other funds provided to the General fund include \$1.8 million for the annual landfill lease payment.

Revenues

Net revenue is expected to increase by \$14 million in FY 22/23 over prior year projections.

- Charges for Current Services
 - Net increase primarily due to anticipated increase in rates by 8.59 percent CPI to ensure revenues cover expenses that are also projected to increase due to inflation factors. Refuse revenue is projected to increase in FY 22/23 from FY 21/22. The Department is projecting zero tonnage growth.
- Other Revenue
 - Net decrease primarily due to a projected decrease in interest invested funds. Revenue sources other than landfill fees are expected to increase in some categories and decrease in others resulting in a net decrease in FY 22/23 compared to FY 21/22.

Departmental Reserves

- Unrestricted Net Assets - account 380100
 - Anticipated decrease of approximately \$25.6 million is projected. DWR will monitor expenses throughout the year and continue

to implement cost saving measures as needed.

Net County Cost Allocations

As a county enterprise fund, DWR does not incur any net county cost, nor does it generate revenue to offset the cost to the other county departments.

Introduction

The Registrar of Voters (ROV) is responsible for providing equal access for all eligible citizens in Riverside County to participate in the democratic process. The ROV is also entrusted with protecting the integrity of votes, and maintaining transparent, accurate and fair elections for federal, state and local offices.

Total Appropriations

Appropriations by Category

Revenues by Source

Registrar of Voters

Mission Statement

Ensure the electoral process will be conducted professionally, consistently demonstrating neutrality and non-partisan decision-making, based upon a thorough knowledge of and compliance with all election laws by administering them timely, responsively and with integrity on behalf of those we serve.

Description

The Registrar of Voters (ROV) is responsible for providing equal access for all eligible citizens in Riverside County to participate in the democratic process. The ROV is also entrusted with protecting the integrity of votes, and maintaining transparent, accurate and fair elections for federal, state and local offices.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Achieve transparent and fair elections through equal access for all eligible citizens.

Portfolio Objective

Enhance county attractiveness, vibrancy, and resident engagement.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Increase Limited English Proficiency (LEP) poll workers by 1%	82%	90%	91%	91%

Insights

- Increasing the number of bilingual poll workers allows for citizens with limited English proficiency to participate in the electoral process and allow for community inclusion.

OBJECTIVE 2

Department Objective

Maintain voter confidence by administering accurate and efficient elections.

Portfolio Objective

Enhance county attractiveness, vibrancy, and resident engagement.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Customer service satisfaction survey	91%	92%	93%	93%

Insights

- Customer service scores from citizens, candidates, poll workers, and local jurisdictions allow our organization to improve service delivery in areas of election administration, candidate services, voter services and election officer training.
- Results from our customer service surveys help our department ensure that participation is fair and conducted professionally.

Budget Changes & Operational Impacts

Staffing

The FY 22/23 budget represents 42 positions. This is a net increase of two positions to support elevating the department operations.

Budget Tables

Department / Agency Staffing by Budget Unit

	FY 2020/2021 Adopted	FY 2021/2022 Adopted	FY 2021/2022 Authorized	FY 2022/2023 Requested	FY 2022/2023 Recommended	FY 2022/2023 Adopted
Registrar Of Voters - 1700100000	40	40	42	42	42	0
Grand Total	40	40	42	42	42	0

Expenditures

Net decrease of \$519,347.

- Salaries & Benefits
 - Net increase as a result of higher temporary staff (TAP) salaries to cover the increase to minimum wage and the increase in volume of temporary staff in preparation for the November 2022 General Election.
- Services & Supplies
 - Net decrease due to only one statewide election scheduled for FY 22/23.

Revenues

Net increase of \$7.4 million.

- Charges for Current Services
 - Net increase due to a higher number of billable jurisdictions that will participate in the November 2022 General Election.

Net County Cost Allocations

Current year Net County Cost Allocation is \$13 million which is a decrease of \$8 million from the prior fiscal year due to an increase in revenue that will be received after the November 2022 General Election.

Behavioral Health and Public Health

Mission Statement

Improve the health and well-being of our patients and communities through our dedication to exceptional and compassionate care, education, and research.

Description

The Riverside University Health System (RUHS) is comprised of six divisions: Community Health Centers (CHC), Behavioral Health (RUHS-BH), Public Health (RUHS-PH), RUHS Medical Center (RUHS-MC), Correctional Health Services (CHS), and Medically Indigent Services Program (MISP).

- RUHS-Public Health is responsible for preserving and protecting the health of Riverside County's 2.4 million residents and visitors. Core functions include: the control and prevention of communicable diseases; responding to public health emergencies; prevention and control of chronic disease; promoting healthy behaviors including increased physical activity, healthy eating and tobacco cessation; monitoring, analyzing, and communicating data reflecting health indicators and risk; registering vital events of births and deaths; providing diagnosis and treatment services, case management and physical and occupational therapy to children under age 21 with complex life-threatening or physically handicapping medical conditions. More recently, the Public Health department has led the COVID-19 response efforts through education, contact tracing and case management, vaccination dissemination, and producing impact reports. The department has continued to serve as the primary support for the county's educational partners (K-12 schools, colleges, and universities) helping to articulate and operationalize state and federal policies. RUHS-Public Health also authors and manages the implementation of the countywide COVID-19 protocols and isolation/quarantine procedures. In addition, department staff provide support for

workplaces across the county, while also partnering with non-governmental organizations, including Community Based Organization (CBOs) and Faith Based Organizations (FBOs) to expand testing, vaccination and education on COVID-19 risk factors and mitigation strategies. The department has an established vaccine equity plan designed to eliminate gaps in resources across the county's vulnerable and most at-risk communities, which serves as a model for successful strategies to address health and health care disparities.

- The integration of Behavioral Health (BH) within RUHS has provided opportunities for increased community mental health and substance use services throughout the county as RUHS continues to implement healthcare reform changes and work toward behavioral health, healthcare, and substance abuse treatment integration. RUHS-BH has five key budget programs:

Mental Health Treatment provides treatment and support services to transition age youth, adults, and older adults who have a mental illness and children who are seriously emotionally disturbed. Services include outpatient services, medication, peer recovery services, education, housing, residential care, and acute care.

Detention Mental Health provides mental health and substance use services to individuals incarcerated at the county's five adult correctional facilities and juvenile halls. A mental health response team is available to address life threatening situations, as well as to provide mental health evaluations, treatment, and medication as needed.

Mental Health Administration provides state required management and oversight of the mental health and substance use programs including: quality improvement, patient's rights, compliance, managed care utilization review,

research and evaluation, finance, and general administration.

Substance Abuse Treatment and Prevention Program provides direct alcohol and drug use prevention and treatment for all ages through a network of countywide clinics and contract providers.

Public Guardian Division provides conservatorship investigation and administration services and is presented in the Public Protection section of this budget document.

- Correctional Health Services provides effective, efficient, and professional health care to adults and juveniles incarcerated in Riverside County. Correctional Health Services administratively reports to the administration of the Medical Center and provides medical and dental services in five county jails and three county juvenile halls. The department is responsible for providing all non-acute medical services to individuals admitted to the jails and juvenile halls. Per Title 15 of the California Code of Regulations, the Sheriff is responsible for ensuring basic and emergency medical, and dental services to adult inmates. Both the Sheriff and Probation departments have memorandums of understanding with Correctional Health to provide these services.
- Medically Indigent Services Program: provides financial assistance for health needs of adults. The program covers acute illnesses and medical care to prevent disability. The goal of the program is to reduce costly hospital stays and increase a patient’s ability to work.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Reduce health disparities and eliminate racial injustice.

Portfolio Objective

Improve the health and well-being of patients and the community by delivering quality and compassionate care, education, and research.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
COVID-19 positivity rate in lower health quartiles	5.0%	17.2%	5.0%	5.0%
Percent of staff completed implicit bias training	20%	20%	30%	60%

Insights

- The COVID-19 positivity rate in the lower health quartiles is an important measure to ensure vulnerable populations are not disproportionately impacted by COVID-19 and do not experience additional health disparities.
- The percent of staff that have completed implicit bias training conveys the department’s efforts to eliminate racial injustice by ensuring staff are equipped to understand and avoid bias in their work.

OBJECTIVE 2

Department Objective

Promote safe physical and social environments that promote healthy and resilient lifestyles.

Portfolio Objective

Improve the health and well-being of patients and the community by delivering quality and compassionate care, education, and research.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Number of ACEs trainings offered	10	12	12	12

Insights

- Training the public on Adverse Childhood Experiences (ACEs) can increase understanding of how to reduce the impacts of trauma and improve resilience for the populations that are served.

OBJECTIVE 3

Department Objective

Behavioral Health department is mandated to provide behavioral health care to the seriously mentally ill Medi-Cal and indigent population across Riverside County.

Portfolio Objective

Improve access to healthcare and health resources through an integrated delivery network.

County Outcome

Healthcare provider of choice.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Mobile Crisis Diversion Cost Avoidance (in millions)	\$31	\$34	\$55	\$70
Urgent Care Diversion Cost Avoidance (in millions)	\$146	\$150	\$160	\$160

Insights

- Mobile Crisis Services – law enforcement and community collaboratives to help avoid hospitalizations and incarcerations. These diversions allow individuals to remain in their home and community with family. With the cost of an emergency room/inpatient episode averaging \$25,000 per visit, it is estimated these diversions avoided \$30 million of emergency and inpatient care costs. Through grant opportunities, RUHS-BH is expanding mobile crisis diversion teams to serve communities throughout the county.
- Crisis Walk In Centers – voluntary outpatient crisis stabilization with the goal of diverting clients from local emergency rooms and hospitals to more cost efficient outpatient care. These services are provided in all 3 regions of Riverside County. These services are available 24 hours per day, 365 days a year. In the last year 6,125 clients were served, potentially avoiding \$146 million of emergency and inpatient care costs.

OBJECTIVE 4

Department Objective

Provide timely and appropriate medical and behavioral health assessments to provide care to people incarcerated in the county correctional facilities.

Portfolio Objective

Improve access to healthcare and health resources through an integrated delivery network.

County Outcome

Healthcare provider of choice.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Percent of health care requests with clinical symptom seen within 48-72 hours	96%	96%	99%	100%
Percent of inmates requiring important specialty care seen within 21 days	95%	96%	99%	100%

Insights

- Correctional Health’s provision of medical screening at intake serves to protect the County and the Sheriff’s Office by ensuring individuals incarcerated are not in need of acute care and are appropriately and safely housed in the jail setting. The jails do not provide specialty care, it is important for those services to be available to inmates on a timely basis from RUHS-MC. This results in improved care, better patient outcomes, and reduced inmates’ grievances. All requests for routine, non-urgent medical care are submitted via a health care request and collected daily by medical staff.

Budget Changes & Operational Impacts

Staffing

Overall, RUHS staffing increased by 559 positions.

- The budget includes 989 positions for Public Health (PH) & California Children’s Services (CCS), but only 982 are funded. This is a net increase of 144 positions for Public Health and 16 positions for California Children’s Services which reflects the proposed staffing need.
- The budget includes funding for 2,451 positions for RUHS-Behavioral Health. This is a net increase of 395 positions to support the expansion efforts of CalAIM Medi-Cal, Mobile Crisis Diversion, and program expansion.
- The budget includes funding for 300 positions for Correctional Health Services. There is no net change compared to previous fiscal year.
- The budget includes funding for 45 positions for Public Guardian. This is a net increase of one position.

- The budget includes funding for 39 positions for Medically Indigent Services Program. There is no net change compared to the previous fiscal year.

Expenditures

Overall net increase of \$114.5 million.

Public Health and California Children’s Services – Net increase due to increased operating costs related to department wide program needs.

Behavioral Health - Net increase represents operating costs related to program expansion including CalAIM Medi-Cal and Mobile Crisis Diversion Program.

Correctional Health – Net increase due to cost of labor increases.

Public Guardian - Net increase as a result of increase benefit costs.

Medically Indigent Services Program - Net decrease due to operating efficiencies.

- Salaries & Benefits
 - Public Health and California Children’s Services - Net increase due to additional positions and increase in benefit costs.
 - Behavioral Health – Net increase represents rising cost of labor and program expansion.
 - Correctional Health - Net increase due to rising cost of labor for filled positions.
 - Public Guardian – Net increase due to rising cost of labor.
- Services & Supplies
 - Public Health and California Children’s Services - Net increase due to higher internal support allocations, Epidemiology and Laboratory Capacity (ELC) COVID-19 surveillance efforts, COVID-19 Health Equity efforts, ELC Expansion efforts, and additional expenses for internal support departments for services provided to Public Health branches.
- Other Charges
 - Public Health and California Children’s Services - Net increase as a result of the expenses and

county contribution for Healthy Families Optional Targeted Low Income Children’s Program.

- RUHS-Behavioral Health includes the continued implementation of the social rehabilitation and community-based continuum of care treatment and wrap-around support programs targeting those facing homelessness, and diversion of those with a serious mental illness and/or a co-occurring substance use disorder away from hospitalization or incarceration. This will improve care, reduce recidivism, preserve public safety, and provide lower levels of outpatient recovery to avoid costly acute inpatient care.

- Fixed Assets
 - Public Health and California Children’s Services - Net increase due to purchase of lab equipment and Information Technology capital items.
- Intrafund Transfers
 - Public Health and California Children’s Services – Net increase because of additional expenses for internal support departments for services provided to Public Health branches.

Revenues

Overall, net increase of \$112.3 million.

- Intergovernmental Revenue
 - Public Health and California Children’s Services - Net increase due to additional grant funding for COVID-19 Health Equity, Epidemiology and Laboratory Capacity (ELC) expansion efforts, immunizations, Workforce Development, Epidemiology, and California Children’s Services.
 - Behavioral Health - Federal funding for Behavioral Health Children’s Medicaid and Substance Abuse Disorder entitlement programs remain consistent with prior year.

- Net decrease for Mental Health Services Act (MHSA) due to integration and efficiency efforts and additional grant opportunities.
- Charges for Current Services
 - Public Health and California Children’s Services - Net decrease due to reduction in First 5 grant funding.

each year cannot be predicted. A few high cost cases can dramatically change the county’s cost obligation.

Departmental Reserves

- Public Health Department reserves represent advances received from federal and state grants, funds set aside for uncertainties from the COVID-19 pandemic and potential future public health disasters, and funds set aside in order to cover the unpredictable variation in medical treatment costs for CCS children, and the year-to-year changes in realignment funding. As an example, a single heart/lung transplant case can cost \$1.2 million. More common neonatal intensive care unit cases for bronchopulmonary dysplasia can cost about \$500,000, and the number of cases

Net County Cost Allocations

Net County Cost overall is increasing by \$2.2 million.

- The NCC allocation for Public Health includes an increase of \$280,000 for the shared cost of a Deputy Public Health Officer position.
- The NCC allocation for California Children’s Services includes an increase of \$2.8 million for nine new positions (Senior Therapist) and the cost of the county’s share cost.
- The NCC allocation for Public Guardian includes an increase of \$113,590 to meet the rising cost of ISF, Pension, and Labor increases.
- Correctional Health and Behavioral Health Detention budget request remains within the allocated net county cost.

Riverside University Health System - Medical Center

Mission Statement

Improve the health and well-being of our patients and communities through our dedication to exceptional compassionate care, education, and research.

Description

The Riverside University Health System (RUHS) is comprised of six divisions: Federally Qualified Health Center (FQHC), Behavioral Health (RUHS-BH), Public Health (RUHS-PH), RUHS - Medical Center (RUHS-MC), Correctional Health Services (CHS), and Medically Indigent Services Program (MISP).

RUHS-MC is comprised of the Medical Center, hospital-based clinics and the Medical and Surgical Center (MSC) with nearly 4,000 healthcare professionals and support staff. Its mission and work profoundly and positively affect tens of thousands of patients every year. The 21-clinic, 439-bed Medical Center trains 1,000 medical residents and students and 2,500 nursing students annually. The Medical Center also operates one of only 10 emergency psychiatric hospitals in California. In FY 20/21, RUHS-MC oversaw 75,645 clinic visits, 116,658 inpatient days, 20,806 discharges, 1,460 births, 81,094 emergency room visits and 158,348 outpatient diagnostic visits.

In FY19/20, RUHS opened the MSC which provides patients with an improved and more efficient ability to access a complete array of outpatient services, thereby increasing the overall experience and enhanced health outcomes for those served. By providing these services in an outpatient setting, RUHS is able to deliver a higher quality of care in a much more cost effective environment. Additionally, this development also creates the opportunity for the expansion of much needed specialty care services within the hospital. The MSC will allow RUHS to expand the reach and footprint in the County of Riverside elevating the standard of health care delivery by providing the community the opportunity to receive the care they need in the most appropriate,

efficient and cost effective manner, for the benefit of all.

RUHS established key strategic initiatives in FY 14/15 based on four pillars that leverage technology and develop a culture of perpetual improvement to enhance, build, and expand service lines to effectively meet community needs. After a multi-year strategic planning process, RUHS has adopted a vision to align the services of RUHS-MC and the FQHC to improve access to the delivery of coordinated care while cutting costs and improving clinical outcomes. Integrated care improves the quality of care as well as overall experience to help create a sustainable future for health promotion, disease prevention and coordinated care for all community members with the goal of ensuring care is delivered in the right place, at the right time, and for the right cost.

- **Integrated Delivery Network:** Technology provides the foundation for establishing a clinically integrated network, which is comprised of electronic patient health records designed to enhance patient care and enable health care providers to implement consistent preventative health measures. Additionally, RUHS recognizes that coordinated care across the health system, including close collaboration with other county departments and community partners, is essential to improving the health and well-being of the community. Together with department partners, RUHS can positively influence all aspects of an individual's state of health, both physical and emotional.
- **Master Plan:** Developing services, service lines, and structures that align and efficiently meet the demands of the rapidly growing community is essential to the community's wellness and to RUHS's financial viability.
- **Rebranding:** RUHS has been one of the region's best-kept secrets. RUHS's community deserves to learn how to access the exceptional services the County of Riverside has to offer across the continuum of care.

- Efficient, high quality services: Improving care delivery models, streamlining care, improving access, and improving outcomes results in an overall reduced cost for care and demonstrates the value of the care delivered. While all of this is essential for the patients, providing efficient high quality service is paramount to RUHS’s financial future as the payment structure for services is expected to shift more towards outcome-oriented, value-based incentives, while reimbursement for services is expected to decline over time.

Objectives and Strategic Alignment

OBJECTIVE 1

Department Objective

Provide a positive experience for all at RUHS-MC.

Portfolio Objective

Improve the health and well-being of patients and the community by delivering quality and compassionate care, education, and research.

County Outcome

Healthy, sustainable, and safe communities.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Hospital top box score	76%	70%	72%	72%
Patient experience (Clinic)	83%	81%	83%	83%

Insights

- RUHS-MC contracts with a company, National Research Center to collect patient satisfaction surveys from patients just as other hospitals and clinics do across the country. There are standard questions sent to all patients receiving care across the country to create a benchmarking measure for patient experience. These surveys are mailed to patients, and respondents rate their experiences. The top box scores are publicly reported, and some reimbursement for care is directly attributed to satisfaction results. A top box score is achieved when a patient selects the best score possible for a particular question in the survey. Either the respondent selects a nine or a 10 on a zero-to-10-point scale, where a 10 is considered the best score of all or selecting “always” to any question when the options to score are “never,” “some of the time,” “usually,” or “always.”
- RUHS-MC is implementing tools and methodologies to empower employees and physicians to solve workflows and improve processes including but not limited to: leadership training/rounding, continuous process improvement events/training, project coaching sessions, active daily management, daily huddles around huddle boards, escalation process to quickly address and manage any new issues that arise, and further support improvement activities. All these activities improve processes, workflows, teamwork, and communication, resulting in an improved experience overall.
- Improved experience for patients, staff, and physicians has positive impacts on the organization’s operational and financial performance. In a competitive marketplace ensuring an efficient, effective, and positive experience for patients should result in increased volume, which is essential for financial viability.

OBJECTIVE 2

Department Objective

Ensure patients and employees have access to high quality services and coordinated care and that employees have the tools to support the patients' long-term success.

Portfolio Objective

Improve access to healthcare and health resources through an integrated delivery network.

County Outcome

Healthcare provider of choice.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Annual volume at outpatient diagnostics areas	158,348	184,916	184,916	184,916
Average daily census	320	360	360	360
Hospital top box score	76%	70%	72%	72%
Patient experience (Clinic)	83%	81%	83%	83%
Percent of patients accessing both CHC and Behavioral Health systems	4.02%	4.50%	5.50%	7.00%
Total CHC visits	259,931	302,094	330,000	350,000

Insights

- As the community grows, there remains constant pressures on RUHS to continue to serve the growing community needs, and to integrate essential RUHS services into the FQHC's. Additionally, as RUHS experiences increased costs for labor, supplies, and pharmaceuticals, RUHS-MC recognizes the reality of reduced payments for services from all revenue sources. Work is done to improve access to care in many areas from scheduling, staffing, and workflow efficiencies while facing space limitations. This ultimately caps RUHS's ability to expand access. RUHS continues to master the concept of doing more with less.
- Volume growth in clinics, outpatient diagnostics, emergency room, and hospital visits are overarching outcome measures demonstrating improved access to care. However, every department within RUHS-MC has tailored metrics to improve access to care for the community who so desperately need services the department provides. New capital projects, like the recently expanded emergency department and new Medical and Surgical Center are necessary to meet increasing demand and generate new revenue to cover the rising costs for providing care and services.
- RUHS-MC work in close collaboration with targeted referral sources and payers while developing service lines, RUHS strives to earn certificates and awards that recognize the quality of services provided to a targeted patient volume.

OBJECTIVE 3

Department Objective

Embed a culture of continuous improvement across RUHS-MC to remove waste and enhance customer value.

Portfolio Objective

Embrace continuous improvement to enhance the customer experience, identify efficiencies, and exercise fiscal prudence.

County Outcome

Public outreach through emerging media technologies and multiple delivery platforms, Transparent Government.

Performance Measures

	FY 2020/ 2021 Actuals	FY 2021/ 2022 Estimate	FY 2022/ 2023 Target	Goal
Annual volume at outpatient diagnostics areas	158,348	184,916	184,916	184,916
Average daily census	320	360	360	360
Emergency Department (ED) Door-to-Doc time (min)	15	17	20	20
Percent of ED patients that leave without being seen (LWBS)	0.3%	0.3%	3.0%	3.0%
Percent of patients accessing both CHC and Behavioral Health systems	4.02%	4.50%	5.50%	7.00%
Total CHC visits	259,931	302,094	330,000	350,000

Insights

- RUHS wants to move patients through the emergency department (ED) efficiently; having the patient see the right provider at the right time. They have many measured milestones throughout a patient’s journey through the ED to affect better and safer patient care, improved satisfaction, and improved revenue. ED door-to-doc time measures the time elapsed in minutes between the patient’s arrival to the time the patient sees a physician, nurse practitioner, or physician’s assistant.
- Leave without being seen (LWBS) is the percent of patients that check in at the emergency room but leave before seeing a physician. This indicates, not only lost revenue but potential danger of a patient leaving with a serious health problem.

Budget Changes & Operational Impacts

Staffing

Net increase of 512 positions.

- Medical Center - The FY 22/23 budget represents 3,957 positions. This is a net increase of 416 positions from the prior year’s budget and reflects adequate staffing to support the Medical Center’s healthcare delivery.
- Community Health Centers - The FY 22/23 budget represents 766 positions. This is a net increase of 96 positions from the prior year’s budget that are necessary in the Community Health Centers in order to meet the growing service demands in the community.

Expenditures

Overall net increase of \$93.5 million.

Medical Center - Net increase as a result of higher operating costs to support the Medical Center.

Community Health Clinics - Net increase represents additional staffing and operating expenses related to program growth.

- Salaries & Benefits
 - Medical Center - Net increase due to a combination rising labor costs and staffing needs to support an increased patient census. Non-volume related budget increases are primarily related to merit, specialty pay and pension increases.
 - Community Health Centers - Net increase due to rising labor costs and staff increases to meet growing service demand.
- Services & Supplies
 - Medical Center - Net increase as a result of higher costs for expenses related to healthcare staffing agencies, pharmaceuticals, professional services, non-capital medical equipment and medical supplies.
 - Community Health Centers - Net increase is due to anticipated changes in service utilization as the Community Health Centers continue to grow.
- Other Charges
 - Medical Center - Net decrease due to reduced financing expenses.
 - Community Health Centers - Net increase to meet the growing service needs in the community.
- Fixed Assets
 - Medical Center - Net decrease due to the projected equipment needs. The Medical Center's commitment to updating outdated equipment is critical to providing the safest and highest quality of care.
 - Community Health Centers - A net decrease represents the projected equipment replacement needs.

Revenues

A net increase of \$93.6 million.

Medical Center - Net increase as a result of higher patient volume, contracted rate increases and reimbursement.

Community Health Centers - Net increase as a result of continued growth in the Community Health Centers to meet the needs to the community.

- Intergovernmental Revenue
 - Medical Center - Net decrease primarily due to expected decreases in supplemental, utilization and incentive-based funding which is expected to be offset patient service revenue.
 - Community Health Centers - Net decrease due to projected revenue outcomes.
- Charges for Current Services
 - Medical Center - Net increase budgeted within current services based on increased patient volume, costs for cost-based payors and contracted rate increases.
 - Community Health Centers - Net increase due to anticipated growth in service utilization.
- Other Revenue
 - Community Health Centers - Net decrease due to reduction in projection revenue.

Departmental Reserves

- RUHS-MC has a FY 21/22 beginning net position of -\$188.3 million. The projected net position at the end of FY 21/22 is -\$188.3 million. Based on the requested FY 22/23 budget, the year-end net position is -\$188.3 million.

Net County Cost Allocations

Medical Center - budget request is \$20.3 million, which is no change over the prior fiscal year adopted budget. Community Health Centers - budget request is \$3.8 million. Funds are allocated through contributions to other funds revenue account.

Resolution Amending Authorized Positions in Ordinance 440

RESOLUTION NO. 440-9261

BE IT RESOLVED by the Board of Supervisors of the County of Riverside, State of California, in regular session assembled on June 14, 2022, that pursuant to Section 4(a)(ii) of Ordinance No. 440, the County Executive Officer is hereby authorized to make the position change(s) to Ordinance No. 440 with an operative date of July 01, 2022, as listed in Schedule 20, Summary of Authorized Positions, a copy of which is attached hereto and by this reference incorporated herein.

Glossary

A

Accrual: An accrual recognizes revenue when earned and expenses when incurred. An accrual made at the end of a fiscal year ensures revenue and expenses are recorded in the appropriate fiscal year.

Accrual basis: The basis of accounting under which transactions are recognized when they occur, regardless of the timing of related cash flows.

ACO: Riverside County Auditor Controller's Office

Actuals: The County's year-end actual dollars for expenditures and revenues for a fiscal year.

AD: Assessment Districts

ADA: Americans with Disabilities Act

Adopted Budget: The annual budget formally approved by resolution of the Board of Supervisors for a specific fiscal year.

Affordable Care Act: Also known as the Patient Protection and Affordable Care Act, signed into law by President Barack Obama on March 23, 2010. It was the most significant regulatory overhaul of the U.S. healthcare system since passage of Medicare and Medicaid in 1965.

ALUC: Airport Land Use Commission

Annual Comprehensive Financial Report (ACFR): Government financial statements comprising the financial report of a state, municipal or other governmental entity that complies with the accounting requirements promulgated by the Governmental Accounting Standards Board.

Appropriation: Legal authorization to incur expenditures and obligations for specific purposes.

Appropriation for Contingency: A budgetary provision set aside for unforeseen expenditures or revenue shortfalls.

AQMD: Air Quality Management District

ARPA: American Rescue Plan Act 2021

Assembly Bill 85 (AB 85): Signed into law in June 2013 by Governor Brown, AB 85 provides a mechanism for the state to redirect state health realignment funding to fund social service programs.

Assembly Bill 109 (AB 109): The Public Safety Realignment Act, signed April 4, 2011, transferred responsibility for housing/supervising inmate and parolee populations classified as "low-level" offenders from the California Department of Corrections and Rehabilitation (CDCR) to counties effective October 1, 2011.

Assembly Bill 1484 (AB 1484): State legislation passed in June 2012 that empowered the state Department of Finance to notify the Board of Equalization to suspend tax payment for any city affected by a local successor agency's failure to make a payment of property taxes to other local taxing agencies.

Assembly Bill 2766 (AB 2766): Signed into law September 1990, authorizes a per vehicle surcharge on annual registration fees used to fund programs to reduce air pollution pursuant to air quality plans and provisions of the California Clean Air Act.

Assembly Bill X1 26 (ABx1 26): The Dissolution Act, signed June 29, 2011, mandated the elimination of every redevelopment agency in California effective February 1, 2012, and distribution of all unobligated funds to the appropriate taxing entities.

Assessed valuation: The dollar value assigned a property for assessing applicable taxes. Assessed valuation is used to determine the value for tax purposes and takes comparable sales and inspections into consideration. In general, this value tends to be lower than the appraisal fair market value of a property.

Assessment Districts (AD): An Assessment District is created to finance capital improvements. Assessment Districts are often formed in undeveloped areas to build roads and install water and sewer systems. Assessment Districts may also be used in older areas to finance new public improvements.

Assets: A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events.

B

Balanced budget: A balanced budget is when total sources, including carry-over fund balances, equal total use. A balanced annual budget is required by the State of California per Government Code §29000, et seq.

Basis: A term used to refer to when revenues, expenditures, expenses, and transfers – and the related assets and liabilities – are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made, regardless of the nature of the measurement, on either the modified accrual or the accrual basis.

BCS: Business and Community Services

Bond: A written promise to pay a specified sum called the face value or principal amount, at a specified date(s) or dates in the future, called maturity date(s), with periodic interest at a specified rate.

Bond financing: A debt investment in which investors loan money to an entity for a defined period of time at a fixed interest rate. Bonds are used to finance a variety of projects and activities.

Budget hearings: Public hearings on the recommended budget are mandated by the County Budget Act (Government Code §30200).

Budget unit: Cost centers deemed necessary or desirable for control of the financial operation.

C

California Public Employees Retirement System (CalPERS): The agency that manages pension and health benefits for California public employees, retirees, and their families

California Work Opportunity and Responsibility to Kids Program (CalWORKs): A welfare program that provides cash aid and services to eligible needy California families. The program serves all 58 counties in the state operated locally by county welfare departments.

CalPERS: California Public Employees Retirement System

CAP: Community Action Partnership

Capital expenditure: Expenditures for acquisition of or addition to fixed assets.

Capital Improvement Program (CIP): A compilation of capital projects intended to implement various plans, including community plans, facilities plans, and the county comprehensive general plan. Projects in the CIP indicate current and future capital needs.

Capital project fund: Used to report activity associated with the construction, rehabilitation, and acquisition of capital assets.

CARES Act: Coronavirus Aid, Relief and Economic Security Act

CCI: see Coordinated Care Initiative

CCS: see California Children's Services

CCR: Continuum of Care Reform

CDC: Center for Disease Control

Center for Government Excellence (CGE): A division of the Riverside County Human Resources department that provides a variety of trainings both professional and technical.

CFD: Community Facilities Districts

Charges for current services: Revenues from of fees charged for certain services provided to citizens and other public agencies.

CMS: see Children's Medical Services

Community Improvement Designation (CID): Committed fund balance used by the Board of Supervisors to provide support to community groups, advocacy organizations, and charities.

Constituent: A member of a community or organization.

CORAL: County of Riverside Asset Leasing Corporation

COVID-19: Coronavirus Disease

COWCAP: Acronym for County Wide Cost Allocation Plan, the method by which indirect support costs are allocated to departments. It is prepared annually by the County Auditor-Controller in accordance with 2 Code of

Glossary

Federal Regulations (CFR) Part 225, which is the guideline for state and federal reimbursements for indirect costs.

CREST: County of Riverside Enterprise Solutions for Property Taxation

CSA: County Service Area

CVAG: Coachella Valley Association of Governments

D

DAC: Debt Advisory Committee

DCSS: Department of Child Support Services

DIF: Developer Impact Fee

Discretionary revenue: General purpose revenue not legally designated for a specific purpose or program.

DM: Development mitigation

DOPH: Department of Public Health

DPSS: Department of Public Social Services

DUI: Driving Under the Influence

E

EAS: Employee Assistance Services

ECDC: Eastern Riverside County Detention Center

Enterprise fund: Used to account for county functions primarily supported with user charges to external parties

EO: County Executive Office

EPA: Environmental Protection Agency

EPO: Exclusive Provider Organization

ESG: Emergency Solutions Grants

ESRI (or Esri): Environmental Systems Research Institute

F

Facilities Renewal: Previously known as the deferred maintenance program; Facilities Renewal is the county's program for maintaining facilities.

Fiduciary fund: The trust and agency funds used to account for assets held by a government in a trustee capacity or as an agent for individuals, private organizations, other governmental units.

Fiscal Year (also "FY"): A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. Riverside County's fiscal year is July 1 through June 30.

First Five: Riverside County Children and Families Commission

FEMA: Federal Emergency Management Agency

FM: Facilities Management

Form 11: The county form used to submit departmental requests and reports to the Board of Supervisors for approval during Board meetings. Except those prepared by Board members, must be routed through the Executive Office. Prior to submitting items to the County Executive Office, they must be complete with all attachments and routed for comment, review, approval as to form, and/or recommendation as may be appropriate by other departments.

FPPC: Fair Political Practices Commission

Function: A group of activities aimed at accomplishing a general-purpose or end.

Fund: A self-balancing set of accounts in which cash and other financial resources, all related liabilities and equities or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions, or limitations.

Fund balance: The difference between fund assets and fund liabilities of governmental funds.

G

GAAP: Generally Accepted Accounting Principles

GASB: Governmental Accounting Standards Board

General fund: The fund used to account for all financial resources, except those required to be accounted for in another fund.

GIS: Geographic Information Services

Governmental Accounting Standards Board (GASB): The authoritative accounting and financial reporting standard setting body for government entities.

Government Finance Officers Association (GFOA): An organization of government accounting and finance professionals throughout the United States and Canada whose goals include improving financial management practices and encouraging excellence in financial reporting and budgeting by state and local governments.

Governmental fund: Funds generally used to account for tax-supported operations; proprietary or fiduciary funds.

GPS: Global Positioning System

Grant: Contribution from another governmental agency or organization for a specified purpose, activity, or facility.

H

HUD: Housing and Urban Development

HVAC: Heating, ventilating, and air conditioning

IHSS: In-Home Supportive Services

I

Interfund transfer: Transfers between funds classified as either residual equity transfers or operating transfers, and excluding loans and reimbursements

Internal service fund (ISF): A proprietary type fund used to account for goods or services provided by one department to other departments of the county or to other governmental units on a cost-reimbursement basis.

Intra-fund transfer: A transfer costs to operating units within the same fund.

IOC: Investment Oversight Committee

J

JPA: Joint Powers Authority

L

LAFCO: Local Agency Formation Commission

Liability: Obligations of an entity to transfer assets or provide services to other entities in the future.

LIUNA: Laborers' International Union of North America

M

Maintenance of effort (MOE): A federal and/or state requirement that the county provide a certain level of financial support for a program. The amount of support is referred to as the Maintenance of Effort (MOE) level.

Major fund: In a budget document, any fund whose revenues or expenditures, constitute more than 10 percent of the appropriated budget.

Mandated reimbursement: In general, the state is required to reimburse or suspend any mandate found to be reimbursable. A decision by the Commission on State Mandates that a new requirement by state government directing local government to provide a service or a higher level of an existing service is a reimbursable mandate. This becomes an obligation for the state to reimburse local governments for expenses incurred in complying.

MAP: Medical Assignment Program

MCAH: Maternal, Child and Adolescent Health

Medi-Cal: The California Medicaid program serving low-income families, seniors, persons with disabilities, children in foster care, pregnant women, and certain low-income adults. It is jointly administered by the California Department of Health Care Services and the federal Centers for Medicare and Medicaid Services, with many services implemented at the local level by the counties of California.

Medi-Cal Expansion: The expansion of Medi-Cal coverage under the Affordable Care Act.

MISP: Medically Indigent Services Program

Modified Accrual Basis: An accounting method used by government agencies that combines accrual-basis accounting with cash-basis accounting. Modified accrual accounting recognizes revenues when they become available and measurable and, with a few exceptions, recognizes expenditures when liabilities are incurred.

MOU: Memorandum of Understanding

MS4 Permit: A permit to be a municipal separate storm sewer system.

MSC: RUHS Medical Surgical Center

MSHCP: Multi-Species Habitat Conservation Plan

N

Net assets: The difference between assets and liabilities of proprietary funds.

Net County Cost (NCC): The amount contributed to County general fund departments from general purpose revenue to fund activities of a department.

Non-major fund: In a budget document, any fund whose revenues or expenditures, constitute less than 10 percent of the appropriated budget.

NPDES: National Pollutant Discharge Elimination System

O

OPEB: Other Post-Employment Benefits

Other charges: A category of expenditures support and care of persons, bond redemption, retirement of other long-term debt, interest on bonds, interest on other long-term debt, interest on notes and warrants, judgments and damages, rights of way, taxes and assessments, depreciation, bad debts, income allocation, contributions to non-county agencies, and interfund expenditures.

P

PARC: Pension Advisory Review Committee

Per diem position: A type of position paid by the day.

PHEPR: Public Health Emergency Preparedness and Response

POB: Pension Obligation Bond

POST: Peace Officer Standards and Training

Prop 10: “The Children and Families First Act,” An initiative state constitutional amendment proposed in 1998. This amendment put a \$.50 tax on cigarettes, and up to \$1 on other tobacco products such as chewing tobacco and cigars. Revenue from this tax funds early childhood education in California

Prop 172: Enacted by California voters in November 1993 to establish a permanent statewide half-cent sales tax for support of local public safety functions.

Proprietary fund: The classification used to account for a government’s business-type activities.

PSA: Portfolio Swap Agreements

PSEC: Public Safety Enterprise Communication Project

PSU: Riverside Sheriffs’ Association Public Safety Unit

Public hearing: Meetings open to the public that provide citizens an opportunity to express their views.

Purchasing Agent: Administrator who assists in selection and purchase of goods and services by gathering and screening information about products, prices, and suppliers. He or she may also solicit bids from vendors and make awards of purchasing contracts.

R

RCHCA: Riverside County Habitat Conservation Agency

RCIC: Riverside County Innovation Center

RCIT: Riverside County Information Technology -

RCRMC: Riverside County Regional Medical Center, see RUHS-MC

Redevelopment agency (RDA): A government subdivision created to improve blighted, depressed, deteriorated, or otherwise economically depressed areas; to assist property owners displaced by redevelopment; and to issue bonds or other instruments necessary to fund the programs. In February 2012, RDAs were officially dissolved as a result of Assembly Bill X1 26 (ABx1 26).

RMAP: Records Management and Archives Program

RUHS: Riverside University Health System

RUHS-MC: RUHS Medical Center

S

Salaries and benefits: A category of expenditures that includes salaries and wages, retirement, employee group insurance, workers compensation insurance, and other employee benefits.

SCAG: Southern California Association of Governments

Seasonal position: A part-time position hired to work during a particular season (e.g., summer season).

Securitization: A type of structured financing whereby an entity that is to receive future payments sells the right to that income stream to a third party in exchange for an upfront payment.

SEIU: Service Employees International Union

Senate Bill 90 (SB 90): Originally passed in 1972, the bill and later amendments require the state to reimburse local agencies and school districts for costs associated with state mandates.

Services and supplies: A category of expenditures that includes non-personnel operating expenses such as contract services, office supplies, information technology services, minor equipment, and facilities maintenance.

Significant Value: Thresholds for Capital Assets - Assets should be capitalized when they meet the following minimum values:

Equipment \$5,000

Real property: Building (Structures) \$1

Real property: Land \$1

Real property: Land Improvements \$1

Infrastructure \$150,000

Construction-in-progress (CIP) Infrastructure \$150,000

Construction-in-progress (CIP) Building (Structures) \$1

Intangible assets \$150,000

Livestock \$5,000

Museum and art collections \$5,000

Special District: An independent unit of local government organized to perform a single government function or a restricted number of related functions. Special districts usually have the power to incur debt and levy taxes; however, certain types of special districts are entirely dependent upon enterprise earnings and cannot impose taxes. Examples of special districts are water districts, drainage districts, flood control districts, hospital districts, fire protection districts, transit authorities, port authorities and electric power authorities.

Structurally balanced budget: A balanced budget in which one-time sources are not used to fund on ongoing expenditures.

Subfund: A subordinate fund established within a primary fund. The use of these funds may be restricted to specific purpose. Use of a subfund may also fulfill the mandate by a grant agency to account for spending and revenue generation in a distinct fund. The budgeted use of these funds is typically included with the primary fund budget.

Successor Agency: The agency responsible for managing the dissolution of a redevelopment agency as laid out in Assembly Bill X1 26, Community Redevelopment Dissolution. In most cases, the city or county that created the redevelopment agency has been designated as the successor agency.

SWAP: A derivative in which two counterparties exchange cash flows of one party's financial instrument for those of the other party's financial instrument.

T

TAP: Temporary Assignment Program

Tax and Revenue Anticipation Notes (TRANS): A short-term, interest-bearing note used as a cash management tool. Public agencies often receive revenues on an uneven basis throughout a fiscal year. The borrowed funds allow the agency to meet cash requirements during periods of low revenue receipts and repay the funds when the revenues are greater.

Teeter Plan: An optional alternative method for allocating delinquent property tax revenues. Using the accrual method of accounting under the Teeter Plan, counties allocate property tax revenues based on the total amount of property taxes billed, but not yet collected. The Teeter Plan allows counties to finance property tax receipts for local agencies by borrowing money to advance cash to each taxing jurisdiction in an amount equal to the current year's delinquent property taxes. In exchange, the counties receive the penalties and interest on the delinquent taxes when collected. For counties not under the Teeter Plan, interest and penalty are allocated to all agencies based on their pro rata share of the delinquent property tax. However, the county retains the penalty on delinquent property taxes if the delinquency is cleared up within the same fiscal year.

Teeter overflow: Delinquent collections exceeding the 1 percent of the Teeter roll that may be transferred to the general fund.

TLMA: Transportation & Land Management Agency

Treasurer pooled investment fund: A pooled investment fund for all local jurisdictions having funds on deposit in the county treasury.

U

Unassigned designation: Accounts that have been established within the General fund that are classified as "unassigned" and not obligated per GASB 54 but are "set aside" for general purposes such budget stabilization or to offset economic uncertainty.

UCC: Urban Counties Caucus

Unassigned fund balance: Residual net resources. Total fund balance in the general fund in excess of non-spendable, restricted, committed and assigned fund balance.

UI: Unemployment Insurance

V

VLF: Vehicle License Fee

W

WDC: Workforce Development Centers

WRCOG: Western Riverside Council of Governments

WIC: Women, Infants, and Children Program

Y

YOP: Youthful Offender Program

Department Index
