BACKGROUND:

Summary

The Riverside Levees were federally authorized under the Flood Control Act of 1950 (Public Law 516, 81st Congress, 2nd Session), hereinafter referred to as the "Act", and in 1956, the Board of Supervisors gave assurance to the Secretary of the Army that the District would provide the local cooperation required by Section 201 of the Act. These assurances of Local Cooperation are entitled Resolution No. 265, which was adopted on January 13, 1956, for Riverside Levee 1 and entitled Resolution No. 293, which was adopted on January 13, 1956, for Riverside Levee 2.

The levees were constructed by U.S. Army Corps of Engineers (USACE) and transferred to the District for maintenance in 1958 (Riverside Levee 1) and 1959 (Riverside Levee 2). The Riverside Levees are located on both banks of a portion of the Santa Ana River near the cities of Riverside and Jurupa Valley in Riverside County, California. The west bank levee (Riverside Levee 1) extends approximately 2.4 miles, and the east bank levee (Riverside Levee 2) extends approximately 2.7 miles.

**SUBMITTAL TO THE FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD
OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

The District requested assistance from USACE to repair the Riverside Levees under the USACE Rehabilitation and Inspection Program ("Rehabilitation Program"). USACE has secured funding for the necessary rehabilitation work for the Riverside Levees from the supplemental Flood Control and Coastal Emergencies appropriation authorized under the Bipartisan Budget Act of 2018 (Public Law 115-123). The District is not required to provide financial contribution toward project construction; however, the District is obligated to provide all Lands, Easements, Rights of Way, Relocation and Disposal areas (LERRD) deemed necessary by USACE for construction, operation and maintenance of the Riverside Levees and the rehabilitation work.

The Temporary Construction Easement used during the construction of the right and left levee diversion consists of approximately 11.56 acres owned by the City of Riverside and located in San Bernardino County ("Property"). The District desires to enter upon and use the Property to facilitate and accomplish the construction and implementation of the right and left levee diversion in the Santa Ana River, which is also known as the Riverside Levee Santa Ana River Stabilization Project ("Project").

The District agrees to pay Grantor a rental amount of \$48,263 (Forty-Eight Thousand Two Hundred Sixty-Three Dollars) per month, or \$579,156 (Five Hundred Seventy-Nine Thousand One Hundred Fifty-Six Dollars) per year, to acquire a temporary construction easement exercised by the District from June 1, 2022 through December 31, 2026, commencing upon completion of a forty-eight (48) hour notice period.

The Agreement and Resolution No. F2022-06 have been approved as to form by County Counsel.

Environmental Findings

Adoption of Resolution No. F2022-06 is exempt under Section 15061(b)(3) ("Common Sense" exemption), which provides, "The activity is covered by the common-sense exemption that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA." The District is merely providing funding to secure the LERRDs deemed necessary by USACE for construction, operation and maintenance of the Riverside Levees and rehabilitation work. Adoption of this Resolution would not authorize any development, construction, maintenance, operation or any other activity that would have the potential to result in any significant effect on the environment. The Resolution and accompanying Agreement do not commit either the District or USACE to any approval of any portion of the Project or result in any decision that commits the District or USACE to any definite course of action as to the Riverside Levees. In addition, the Resolution and accompanying Agreement do not foreclose any alternatives to the Project, including a "no project" alternative, or foreclose any mitigation measures that may be necessary to reduce any impacts that could potentially result from the construction, operation or maintenance of the Project. USACE and District will prepare the appropriate environmental document that will analyze, pursuant to the National Environmental Policy Act and CEQA, the

**SUBMITTAL TO THE FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD
OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

environmental impacts of constructing, operating and maintaining the Riverside Levees that are the subject of the Agreement. The CEQA document will be completed and provided to the decision-making body for review and consideration prior to approving construction or any other physical activity associated with the Project. Accordingly, because it can be seen with certainty that there is no possibility that adoption of Resolution No. F2022-06 and execution of the accompanying Agreement in question may have a significant effect on the environment, Section 15061(b)(3) applies.

Impact on Residents and Businesses

None.

Additional Fiscal Information

All costs shall be borne by the District.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, GRANTOR and DISTRICT do hereby enter into this Right of Entry and Temporary Construction Easement Agreement ("Agreement") as follows:

AGREEMENT

- 1. The non-exclusive right is hereby granted to DISTRICT AND ITS CONTRACTORS to enter upon and use the Property for staging purposes necessary to facilitate and accomplish the construction of the right and left levee diversion for the purpose of constructing the Project. GRANTOR may still use the Property for any purpose deemed necessary. If GRANTOR has the need to use the Property in such a manner of time that would conflict with the rights granted to DISTRICT AND ITS CONTRACTORS, GRANTOR and DISTRICT intend to coordinate as needed to minimize delays or disruption.
- 2. The right of entry and temporary construction easement used during the construction of the right and left levee diversion consists of approximately 11.56 acres of the Property, ("TCE Area") as more particularly described in Exhibit "A" and depicted in Exhibit "B" attached hereto and made a part hereof.

3. DISTRICT agrees to pay GRANTOR an annual rental amount of \$579,156, (Five Hundred Seventy-Nine Thousand One Hundred Fifty-Six Dollars), payable monthly at \$48,263 (Forty-Eight Thousand Two Hundred Sixty-Three Dollars) for each month and fraction thereof, for the right of DISTRICT AND ITS CONTRACTORS to enter upon the TCE area and use the land in accordance with the terms hereof.
4. The rights granted herein may be exercised by DISTRICT AND ITS CONTRACTORS from June 1, 2022 through December 31, 2026 ("Term"), commencing upon the completion of a forty-eight (48) hour notice period, which notice period commences upon GRANTOR'S actual receipt of written or electronic mail notice ("Notice") of DISTRICT'S AND ITS CONTRACTORS' intent to commence the Project. GRANTOR grants to DISTRICT AND ITS CONTRACTORS the right to use and occupy the temporary construction easement for the Term to facilitate DISTRICT AND ITS CONTRACTORS construction of the Project. Upon the sale of GRANTOR'S Property during the Term, this Agreement shall automatically transfer to new ownership of GRANTOR Property.
5. DISTRICT shall, at its sole cost and expense, be responsible for maintenance, repair, and improvement of the temporary construction easement area during the Term of the temporary construction easement.
6. DISTRICT agrees to keep the temporary construction easement free of any liens or lien claims made by contractors, subcontractors, suppliers, engineers and/or architects and surveyors who might have lien rights as a result of DISTRICT'S AND ITS CONTRACTORS' use of the temporary construction easement in connection with the construction of the Project. If any such lien is filed on GRANTOR'S Property in connection with this temporary construction easement, DISTRICT shall, at its sole cost and expense, have the lien released and discharged of record in a manner satisfactory to GRANTOR within thirty (30) calendar days of receiving notice of the lien. If DISTRICT fails to remove or have removed the lien within such thirty (30) day period, GRANTOR will have the right to remove the lien, and DISTRICT, upon demand, will reimburse GRANTOR for all costs and expenses, including without limitation reasonable attorneys' fees incurred by GRANTOR in connection with such removal. Without limiting DISTRICT'S obligation to indemnify and hold harmless GRANTOR set forth below, DISTRICT hereby indemnifies GRANTOR from and against all claims and demands for payment, or liens or lien claims made against GRANTOR by contractors, subcontractors, suppliers, engineers and/or architects and surveyors who might have lien rights as a result of this Agreement and DISTRICT'S AND ITS CONTRACTORS' use of GRANTOR'S Property for the construction of the Project.
7. DISTRICT shall, and shall cause DISTRICT AND ITS CONTRACTORS, its agents, licensees, employees or invitees, subcontractors, suppliers and vendors, to take all prudent and reasonable safety precautions with respect to the use of GRANTOR'S Property and the activities thereon and shall immediately report to GRANTOR any injury to any person or substantial damage to any property occurring at GRANTOR'S Property.

(ii) take all prudent and reasonable precautions to protect all persons, personal property and vehicles from injury, loss or damage due to the activities of DISTRICT AND ITS CONTRACTORS;

(iii) take all prudent and reasonable precautions to protect GRANTOR'S Property from any loss or damage due to the activities of DISTRICT AND ITS CONTRACTORS; and

(iv) promptly restore to GRANTOR'S reasonable satisfaction or replace any portion of GRANTOR'S Property or any improvements thereon, damaged or destroyed due to the activities of DISTRICT AND ITS CONTRACTORS.

DISTRICT AND ITS CONTRACTORS are solely responsible for, and shall bear the cost of, all loss due to theft or vandalism of, or damage from the elements to, materials, supplies and equipment. DISTRICT hereby releases and acquits GRANTOR from, and waives all claims for, any such loss, on behalf of DISTRICT AND ITS CONTRACTORS. DISTRICT AND ITS CONTRACTORS shall comply with all local, state and federal codes, laws, rules, ordinances, regulations, permitting conditions and orders relating to their activities under this Agreement and in no event shall DISTRICT AND ITS CONTRACTORS permit any condition to exist that would constitute a nuisance or a violation of local, state and federal codes, laws, rules, ordinances, and regulations.

8. DISTRICT, on behalf of DISTRICT AND ITS CONTRACTORS, shall indemnify and hold harmless GRANTOR, its elected and appointed officials, employees, agents and representatives from any liability whatsoever, based or asserted upon any negligent act or omission of DISTRICT AND ITS CONTRACTORS, their officers, employees, subcontractors, agents or representatives arising out of or in any way relating to or in any way connected with DISTRICT'S AND ITS CONTRACTORS' use of the premises or this Agreement, including but not limited to, property damage, bodily injury, or death or any other element of any kind or nature whatsoever. DISTRICT shall defend, at its sole expense, all costs and fees including, but not limited to, attorney fees, cost of investigation, defense and settlements or awards, GRANTOR, its elected and appointed officials, employees, agents and representatives in any claim or action based upon such alleged acts or omissions. The obligations set forth in this paragraph shall survive the termination of this agreement. With respect to any action or claim subject to indemnification herein by DISTRICT AND ITS CONTRACTORS, DISTRICT shall, at their sole cost, have the right to use counsel of its own choice and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of GRANTOR; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever

limits or circumscribes DISTRICT'S indemnification to GRANTOR as set forth herein. DISTRICT'S obligation hereunder shall be satisfied when DISTRICT has provided to GRANTOR the appropriate form of dismissal relieving GRANTOR from any liability for the action or claim involved. The specified insurance limits required in this Agreement shall in no way limit or circumscribe DISTRICT'S obligations to indemnify and hold harmless GRANTOR herein from third party claims. In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code 2782. Such interpretation shall not relieve DISTRICT AND ITS CONTRACTORS from indemnifying GRANTOR to the fullest extent allowed by law.

9. Notices. The parties agree to the following minimum noticing requirements with respect to use of the property.

DISTRICT shall provide written or electronic mail notice to GRANTOR by DISTRICT at least forty-eight (48) hours prior to the initial mobilization on to the property. During period of active use of the site by DISTRICT AND ITS CONTRACTORS, GRANTOR agrees to notify DISTRICT at least 48 hours prior to any planned activities by GRANTOR on the site, to allow coordination of the activities and to minimize delays and/or interference with each other.
