BACKGROUND:

Summary

By Minute Order dated May 10, 2022 (Agenda Item 3.25), the County of Riverside (County) Board of Supervisors authorized the Clerk of the Board to advertise for the construction of the Ramon Road Resurfacing Project from Varner Road to Monterey Avenue in the Community of Thousand Palms of Riverside County.

Ramon Road is classified as an Arterial Highway in the County of Riverside's General Plan. Ramon Road currently has two lanes in each direction that travel in the east-west directions with a raised center median.

Roadway resurfacing is needed due to the deteriorated pavement conditions. The project consists of two different rehabilitation strategies. Most of the project consists of cold planning the existing pavement up to the depth and limits shown on the plan and placing new Hot Mix Asphalt (HMA), for severely distressed areas the existing pavement and underlying material up to the depth and limits as shown on the plan will be removed and repaved with HMA.

Additional improvements include reconstruction of curb ramps, sidewalk, cross gutter, curb and gutter and curb for raised median, placing of traffic striping, pavement markings, roadway signage, installation of catch basin trash capture device, and other associated work.

During the advertisement period, two addenda were issued to all registered plan holders as a supplement to the plans and specifications. Bidders were required to acknowledge and take into account the issued addenda on their contractor's Bid in order to be considered for award. The addenda are attached herewith and designated as Addendum No. 1, and 2.

Addendum No. 1 was issued to extend the bid receipt date, and Addendum No. 2 was issued to incorporate additional work designated as Trinity Circle Drainage Improvements, Butler Bay Place to Nevis Place in the Community of Bermuda Dunes. In general, this project consists of reconstruction of a portion of Trinity Circle for drainage improvement. Trinity Circle is a residential 34 foot wide paved two-lane road and has curb and gutter with no sidewalks. The proposed improvements will include removing the existing roadway and subgrade, regrading to

design grades, followed by hot mix asphalt (HMA) paving, reconstruction of curb and gutter, driveways and a wood fence, removal of inadequate drain(s), inlet(s), abandon drainage facility (drywell) including but not limited to the removal of existing concrete slab, dewatering existing drywell and backfilling with slurry cement.

Approval of Addendum No. 2 by the Board shall be considered as approval of plans and specification for the construction of Trinity Circle Drainage Improvements Project.

The construction Contract includes the following schedules of work:

Base Bid Schedule 1:	Ramon Road Resurfacing
Base Bid Schedule 2:	Trinity Circle Drainage Improvements

The contractor Hardy & Harper, Inc. is qualified to perform the work as outlined in the bid, has executed the contract, and has provided bonds and insurance documents which meet the requirements of the Contract.

Project Nos. D0-0087 and D2-0075

Environmental Findings

The Trinity Circle Improvements project is exempt from CEQA under Section 15301 (c) – Existing Facilities exemption because it does not create additional traffic lanes and involves negligible or no expansion of existing or former use of the existing roadway and associated facilities.

Impact on Residents and Businesses

The purpose of these projects are to replace existing deteriorated pavement with new hot mix asphalt for the approximate 0.75-mile segment of Ramon Road to provide the public with a smooth paved roadway that will improve the safety and efficiency of vehicular traffic, and to provide drainage improvements for a ponding problem within Trinity Circle.

The work is anticipated to begin summer 2022. The work will be phased to keep the road open during construction as much as possible and will take approximately six weeks to complete.

SUPPLEMENTAL:

Additional Fiscal Information

Construction is expected to be completed in Fiscal Year 2022/2023 and will be funded with Gas Tax/SB-1 and Gas Tax/HUTA Funds.

The proposed budget as shown on Attachment “A” includes Contract award amount and other associated costs.

There are no General Funds used in this project.

The Transportation Department recommends the award of the contract to Hardy & Harper, Inc. in the amount of \$1,826,000.

EXCESS LIABILITY POLICY

There are provisions in this policy that restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

Words and phrases in quotation marks have special meaning and can be found in the **Definitions** Section or the specific policy provision where they appear.

In consideration of the payment of the premium and in reliance upon the statements in the Declarations we agree with you to provide coverage as follows:

INSURING AGREEMENTS

I. COVERAGE

We will pay on behalf of the Insured "loss" in excess of the Underlying Limits of Insurance shown in Item 5. of the Declarations, but only up to an amount not exceeding the Company's Limits of Insurance as shown in Item 4. of the Declarations. Except for the terms, conditions, definitions and exclusions of this policy, the coverage provided by this policy will follow the First Underlying Insurance Policy, as shown in Item 5. of the Declarations.

The inclusion or addition hereunder of more than one Insured shall not operate to increase the Company's Limits of Insurance beyond that set forth in Item 4. of the Declarations.

We will be furnished a complete copy of the First Underlying Insurance Policy described in Item 5. of the Declarations.

II. LIMITS OF INSURANCE

A. The Limits of Insurance shown in the Declarations and the rules below describe the most we will pay regardless of the number of:

1. Insureds;
2. claims made or suits brought; or
3. Persons or organizations making claims or bringing suits.

B. The Limits of Insurance of this policy will apply as follows:

1. This policy applies only in excess of the Underlying Limits of Insurance shown in Item 5. of the Declarations.

2. The aggregate limit shown in Item 4. of the Declarations is the most we will pay for all "loss" that is subject to an aggregate limit provided by the First Underlying Insurance Policy. The aggregate limit applies separately and in the same manner as the aggregate limits provided by the First Underlying Insurance Policy.
3. Subject to B.2., the occurrence limit stated in Item 4. of the Declarations is the most we will pay for all "loss" arising out of any one occurrence to which this policy applies.
4. Subject to Paragraphs B.2. and B.3. above, if the underlying Limits of Insurance stated in Item 5. of the Declarations are reduced or exhausted solely by payment of "loss," such insurance provided by this policy will apply in excess of the reduced Underlying Limits or, if all Underlying Limits are exhausted, will apply as underlying insurance subject to the same terms, conditions, definitions and exclusions of the First Underlying Insurance Policy, except for the terms, conditions, definitions and exclusions of this policy.
5. The Limits of Insurance of this policy apply separately to each consecutive annual period and to any remaining period.

riod of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits of Insurance.

III. DEFENSE

- A. We will not be required to assume charge of the investigation of any claim or defense of any suit against you.
- B. We will have the right, but not the duty, to be associated with you or your underlying insurer or both in the investigation of any claim or defense of any suit which in our opinion may create liability on us for "loss" under this policy. If we exercise such right, we will do so at our own expense.
- C. If all Underlying Limits of Insurance stated in Item 5. of the Declarations are exhausted solely by payment of "loss," we shall have the right but not the duty to investigate and settle any claim or assume the defense of any suit which in our opinion may give rise to a "loss" under this policy. Such investigation or defense shall be at our own expense. We may, however, withdraw from the defense of such suit and tender the continued defense to you if our applicable Limits of Insurance stated in Item 4. of the Declarations are exhausted by payment of "loss."

IV. EXCLUSIONS

This policy does not apply to:

- A. Any "loss," including, but not limited to settlements, judgments, costs, charges, expenses, costs of investigations, or the fees of attorneys, experts, or consultants arising out of or related in any way, either directly or indirectly, to:

- 2. resulting from the "hazardous properties" of "nuclear material" and with respect to which:
 - a. a person or organization is required to maintain financial protection pursuant to the Atomic Energy Act of 1954, or any law amendatory thereof, or

- 6. "Nuclear Waste" means any "nuclear waste" material:
 - a. containing "by-product material" other than the tailings of "nuclear wastes" produced by the extraction or concentration of uranium or thorium from any ore processed primarily for its "source material" content, and
 - b. resulting from the operation by any person or organization of any "nuclear facility" included within the definition of "nuclear facility" under Paragraph C.2.a. or C.2.b.
- 7. "Source material," "special nuclear material," and "by-product" material have the meanings given them in the Atomic Energy Act of 1954 or in any law amendatory thereof.
- 8. "Spent fuel" means any fuel element or fuel component, solid or liquid, which has been used or exposed to radiation in a "nuclear reactor."

V. DEFINITIONS

"Loss" means those sums which you are legally obligated to pay as damages, after making proper deductions for all recoveries and salvage.

VI. CONDITIONS

A. Appeals

In the event you or any underlying insurer elects not to appeal a judgment in excess of the amount of the Underlying Insurance, we may elect to appeal at our expense. If we do so elect, we will be liable for the costs and additional interest accruing during this appeal. In no event will this provision increase our liability beyond the applicable Limits of Insurance described in Section II. of this policy.

B. Bankruptcy or Insolvency

The bankruptcy, insolvency or inability to pay of any Insured will not relieve us from our obligation to pay "loss" covered by this policy.

In the event of bankruptcy, insolvency or refusal or inability to pay, of any underlying insurer, the insurance afforded by this policy will not replace such underlying insurance, but will apply as if the underlying insurance was fully available and collectible.

C. Cancellation

1. You may cancel this policy. You must mail or deliver advance written notice to us stating when the cancellation is to take effect.
2. We may cancel this policy. If we cancel because of nonpayment of premium, we must mail or deliver to you not less than ten (10) days advance written notice stating when the cancellation is to take effect. If we cancel for any other reason, we must mail or deliver to you not less than thirty (30) days advance written notice stating when the cancellation is to take effect. Mailing that notice to you at your mailing address shown in Item 1. of the Declarations will be sufficient to prove notice.

3. The policy period will end on the day and hour stated in the cancellation notice.
4. If we cancel, final premium will be calculated pro rata based on the time this policy was in force.
5. If you cancel, final premium will be more than pro rata; it will be based on the time this policy was in force and increased by our short rate cancellation table and procedure.
6. Premium adjustment may be made at the time of cancellation or as soon as practicable thereafter but the cancellation will be effective even if we have not made or offered any refund due you. Our check or our representative's check, mailed or delivered, will be sufficient tender of any refund due you.
7. The first Named Insured in Item 1. of the Declarations will act on behalf of all other Insureds with respect to the giving and receiving of notice of cancellation and the receipt of any refund that may become payable under this policy.
8. Any of these provisions that conflict with a law that controls the cancellation of the insurance in this policy is changed by this statement to comply with the law.

D. Maintenance of Underlying Insurance

During the period of this policy, you agree:

1. To keep the policies listed in the Schedule of Underlying Insurance in full force and effect;
2. That the Limits of Insurance of the policies listed in the Schedule of Underlying Insurance will be maintained except for any reduction or exhaustion of aggregate limits by payment of claims or suits for "loss" covered by Underlying Insurance.

If you fail to comply with these requirements, we will only be liable to the same extent that we would have been had you fully complied with these requirements.

E. Notice of Occurrence

1. You must see to it that we are notified as soon as practicable of an occurrence which may result in a "loss" covered under this policy. To the extent possible, notice will include:
 - a. how, when and where the occurrence took place;
 - b. the names and addresses of any injured persons and witnesses;
 - c. the nature and location of any injury or damage arising out of the occurrence.
2. If a claim or suit against any Insured is reasonably likely to involve this policy you must notify us in writing as soon as practicable.
3. You and any other involved Insured must:
 - a. immediately send us copies of any demands, notices, summonses or legal papers received in connection with the claim or suit;
 - b. authorize us to obtain records and other information;
 - c. cooperate with us in the investigation, settlement or defense of the claim or suit; and
 - d. assist us, upon our request, in the enforcement of any right against any person or organization which may be liable to the Insured because of injury or damage to which this insurance may also apply.

4. The Insureds will not, except at their own cost, voluntarily make a payment, assume any obligation, or incur any expense, other than for first aid, without our consent.

F. Other Insurance

If other insurance applies to a "loss" that is also covered by this policy, this policy will apply excess of the other insurance. Nothing herein will be construed to make this policy subject to the terms, conditions and limitations of such other insurance. However, this provision will not apply if the other insurance is specifically written to be excess of this policy.

Other insurance includes any type of self-insurance or other mechanism by which an Insured arranges for funding of legal liabilities.

G. Terms Conformed to Statute

The terms of this Policy which are in conflict with the statutes of the state where this Policy is issued are amended to conform to such statutes. If we are prevented by law or statute from paying on behalf of the Insured, then we will, where permitted by law or statute, indemnify the Insured.

H. When "Loss" is Payable

Coverage under this policy will not apply unless and until the Insured or the Insured's underlying insurance has paid or is obligated to pay the full amount of the Underlying Limits of Insurance stated in Item 5. of the Declarations.

When the amount of "loss" has finally been determined, we will promptly pay on behalf of the Insured the amount of "loss" covered under the terms of this policy.

PROJECT SPONSOR: County of Riverside Transportation Department

PROJECT LOCATION: Community of Bermuda Dunes

SUPERVISORIAL DISTRICT: 4th

PROJECT DESCRIPTION: The County of Riverside Transportation Department is proposing to reconstruct a portion of Trinity Circle road as well as provide drainage improvements. Trinity Circle road is located in the Bermuda Dunes Community and it is classified as a residential road per the County of Riverside's General Plan. Trinity Circle road is a two-lane paved road with a width of 34 feet and has curb and gutter with no sidewalks. The County of Riverside Transportation Department has found that the above-described project is exempt from the provisions of the California Environmental Quality Act (CEQA), based on the following:

Section 15301 (c) – Existing Facilities – The project proposes to reconstruct a portion of Trinity Circle road as well as provide drainage improvements. The proposed project will include removing the existing roadway followed by paving back with hot mix asphalt (HMA) and reconstructing concrete curb, gutter, and driveways as well as improving inadequate drainage inlets.
