BACKGROUND:

Summary

A revision to Ordinance No. 348 (Land Use), approved by the Board of Supervisors on March 2, 2021, resulted in changing how actions taken at Riverside County’s Director’s Hearing and Planning Commission are reported to the Board of Supervisors. Previously, Ordinance No. 348, specified that certain types of projects are required to be individually heard by the Board of Supervisors as a Receive and File (“R&F”) item. The amendment to Ordinance No. 348 standardized the way all projects are reported. Rather than some projects being subject to the R&F process, resulting in an inconsistent reporting process, now all actions taken at each Director’s Hearing and Planning Commission hearing will be taken as single Report of Actions item for the Board of Supervisors consideration.

The Planning Commission considered and took the following actions as stated in these Report of Actions related to hearings dated **March 2, 2022, March 23, 2022, April 6, 2022, April 20, 2022, May 4, 2022, May 18, 2022, June 15, 2022, July 6, 2022, July 20, 2022, August 3, 2022, August 17, 2022, October 5, 2022, and October 19, 2022.**

Board Action

The Planning Commission’s decision is final and no action by the Board of Supervisors is required unless the applicant or an interested-person timely files a complete appeal application within 10 days from the date the action was taken at the Planning Commission.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review and public hearing process by the Planning Department and the Planning Commission.
