TREASURER-TAX COLLECTOR STATEMENT OF INVESTMENT POLICY

1. INTRODUCTION

The Treasurer Tax-Collectors (TTC) Statement of Investment Policy is presented annually to the County Investment Oversight Committee (IOC) for review and to the Board of Supervisors (BOS) for approval, pursuant to the requirements of Sections 53646(a) and 27133 of the California Government Code (GOV §). This policy will become effective immediately upon approval by the BOS.

2. SCOPE

The TTC Statement of Investment Policy is limited in scope to only those county, school, special districts and other fund assets actually deposited and residing in the County Treasury. It does not apply to bond proceeds or other assets belonging to the County of Riverside, or any affiliated public agency the assets of which reside outside of the County Treasury.

3. FIDUCIARY RESPONSIBILITY

GOV §27000.3 declares each Treasurer, or governing body authorized to make investment decisions on behalf of local agencies, to be a trustee and therefore a fiduciary subject to the prudent investor standard. This standard, as stated in GOV §27000.3 requires that “When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, the county Treasurer or the BOS, as applicable, shall act with care, skill, prudence, and diligence under the circumstances then prevailing, specifically including, but not limited to, the general economic conditions and the anticipated needs of the county and other depositors, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the county and the other depositors.”

4. PORTFOLIO OBJECTIVES

The first and primary objective of the TTC’s investment of public funds is to **safeguard investment principal**; second, to maintain sufficient **liquidity** within the portfolio to meet daily cash flow requirements; and third, to achieve a reasonable rate of return or **yield** on the portfolio consistent with these objectives. The portfolio shall be actively managed in a manner that is responsive to the public trust and consistent with State law.

5. AUTHORITY

Statutory authority for the TTC’s investment and safekeeping functions are found in GOV §53601 and 53635 et. seq. The TTC’s authority to make investments is to be renewed annually, pursuant to state law. It was last renewed by the BOS on November, 2022 by County Ordinance No.767.27. GOV §53607 effectively requires the legislative body to delegate investment authority of the County on an annual basis.

6. AUTHORIZED INVESTMENTS

Investments shall be restricted to those authorized in GOV § 53601 and 53635 as amended and as further restricted by this policy statement. All investments shall be governed by the restrictions shown in Schedule I which defines the type of investments authorized, maturity limitations, portfolio diversification, credit quality standards (two of the three nationally recognized ratings shall be used for corporate and municipal securities), and purchase restrictions that apply.

7. STAFF AUTHORIZED TO MAKE INVESTMENTS

Only the TTC, Matthew Jennings, Assistant Treasurer, Chief Investment Officer, Deputy Investment Officer, and Investment Officer are authorized to make investments and to order the

receipt and delivery of investment securities among custodial security clearance accounts.

8. AUTHORIZED BROKER/DEALERS

Securities transactions are limited solely to those noted on Schedule III of this policy.

9. DAILY ACCOUNTABILITY AND CONTROL

All investment transactions are to be conducted at the TTC's office, or approved remote location subjected to Board Policy A-50 and Department Telecommute policy., All investment transactions will be entered daily into the TTC's internal financial accounting system. Transactions are reviewed by the Fiscal Compliance Unit daily. In addition, a bi-weekly and monthly compliance review of investment holdings are conducted. All reviews are signed off by the Treasurer-Tax Collector and Fiscal Compliance. staff. Portfolio income shall be reconciled daily, monthly and quarterly, prior to the distribution of earnings among those entities sharing in pooled fund investment income.

10. SECURITY CUSTODY & DELIVERIES

All securities, except for money market funds registered in the County's name and securities issued by the County or other local agencies shall be deposited for safekeeping with banks contracted to provide the County TTC with custodial security clearance services. These third-party trust department arrangements provide the County with a perfected interest in, and ownership and control over, the securities held by the custodian on the County's behalf and are intended to protect the County from the bank's own creditors in the event of a bank default and filing for bankruptcy. Securities are **NOT** to be held in investment firm/broker dealer accounts. All security transactions are to be conducted on a "delivery versus payment basis." Confirmation receipts on all investments are to be reviewed immediately for conformity with County transaction documentation. Securities issued by local agencies purchased directly shall be held in the TTC's vault. The security holdings shall be reconciled with the custodian holding records daily. The TTC's Fiscal Compliance unit will audit purchases daily for compliance, and audit holding records monthly.

11. COMPETITIVE PRICING

Investment transactions are to be made at current market value and competitively priced whenever possible. Competitive pricing does not necessarily require submission of bids, but does require adequate comparative analysis. The current technology utilized by the Treasury provides this information.

12. MATURITY LIMITATIONS

No investment shall exceed a final maturity date of five years from the date of purchase unless it is authorized by the BOS pursuant to GOV §53601. The settlement date will be used as the date of purchase for measuring maturity limitations.

13. LIQUIDITY

The portfolio shall maintain a weighted average day to maturity (WAM) of less than 541 days or 1.5 years. To provide sufficient liquidity to meet daily expenditure requirements, the portfolio shall maintain at least 40% of its total value in securities having maturities 1 year or less.

14. SECURITIES LENDING

The TTC may engage in securities lending activity limited to 20% of the portfolio's book value on the date of transaction. Instruments involved in a securities lending program are restricted to those securities pursuant to GOV §53601 and by the TTC's Statement of Investment Policy.

15. REVERSE REPURCHASE AGREEMENTS

The Treasury shall not engage in any form of leverage for the purpose of enhancing portfolio yield. There shall be no entry into reverse repurchase agreements except for temporary and unanticipated cash flow requirements that would cause the TTC to sell securities at a principal loss. Any reverse repurchase agreements are restricted pursuant to GOV §53601 and by the TTC's Statement of Investment Policy.

16. MITIGATING MARKET & CREDIT RISKS

Safety of principal is the primary objective of the portfolio. Each investment transaction shall seek to minimize the County's exposure to market and credit risks by giving careful and ongoing attention to the: (1) credit quality standards issued by the nationally recognized rating agencies on the credit worthiness of each issuer of the security, (2) limiting the concentration of investment in any single firm as noted in Schedule I, (3) by limiting the duration of investment to the time frames noted in Schedule I, and (4) by maintaining the diversification and liquidity standards expressed within this policy.

17. TRADING & EARLY SALE OF SECURITIES

All securities are to be purchased with the intent of holding them until maturity. However, in an effort to minimize market and credit risks, securities may be sold prior to maturity either at a profit or loss when economic circumstances, trend in short-term interest rates, or a deterioration in creditworthiness of the issuer warrants a sale of the securities to either enhance overall portfolio yield or to minimize further erosion and loss of investment principal. Such sales should take into account the short- and long-term impacts on the portfolio. However, the sale of a security at a loss can only be made after first securing the approval of the TTC.

18. PURCHASE OF WHEN ISSUED SECURITIES

When issued (W.I.) purchases of securities and their subsequent sale prior to cash settlement are authorized as long as sufficient cash is available to consummate their acceptance into the TTC's portfolio on the settlement date.

19. PORTFOLIO REPORTS/AUDITING

Portfolio reports required by GOV § 53607 and 27133(e) shall be filed monthly with the BOS, IOC, Superintendent of Schools, Executive

Officer, County Auditor Controller and interested parties. Consistent with Board Policy B-21 (County Investment Policy Statement), § III A, an outside compliance audit will be conducted annually. Outside audits will be conducted at least biennially by an independent auditing firm selected by the BOS, per Board Minute Order No. 3.48. Reports are posted monthly on the Treasurer's website:

<http://www.countyTreasurer.org/Treasurer/TreasurersPooledInvestmentFund/MonthlyReports.aspx>

20. SPECIFIC INVESTMENTS

Specific investments for individual funds may be made in accordance with the TTC's Statement of Investment Policy, upon written request and approval of the responsible agency's governing board, and approval of the TTC. Investments outside of the policy may be made on behalf of such funds with approval of the governing Board and approval of the TTC. All specific investments shall be memorialized by a Memorandum of Understanding. With the purchase of specific investments, the fund will be allocated the earnings and/or loss associated with those investments. The TTC reserves the right to allocate a pro-rata charge for administrative costs to such funds.

TREASURER-TAX COLLECTOR STATEMENT OF INVESTMENT POLICY

21. PERFORMANCE EVALUATION

Portfolio performance is monitored daily and evaluated monthly in comparison to the movement of the Treasurer's Institutional Money Market Index (TIMMI), or another suitable index. Over time, the portfolio rate of return should perform in relationship to such an index. Regular meetings are to be conducted with the investment staff to review the portfolio's performance, in keeping with this policy, and current market conditions.

22. INVESTMENT OVERSIGHT COMMITTEE

In accordance with GOV §27130, the BOS has established an IOC. The role of the Committee is advisory in nature. It has no input on day to day operations of the Treasury.

23. QUARTERLY APPORTIONMENT OF INVESTMENT EARNINGS

Portfolio income, including gains and losses (if any), will be distributed quarterly in compliance with GOV § 53684 and 53844 which give the TTC broad authority to apportion earnings and losses among those participants sharing in pooled investment income, and, except for specific investments in which the interest income is to be credited directly to the fund from which the investment was made, all investment income is to be distributed pro-rata based upon each participant's average daily cash balance for the fiscal quarter. Any subsequent adjustments of reported earnings by the Auditor-Controller will be first reviewed and approved by the TTC to assure compliance with GOV § 53684 and 53844. The TTC employs the modified Cash/ Accrual apportionment method.

24. QUARTERLY ADMINISTRATIVE COSTS

Prior to the quarterly apportionment of pooled fund investment income, the County TTC is permitted, pursuant to GOV §27013, to deduct from investment income before the distribution thereof, the actual cost of the investment, audit, deposit, handling and distribution of such income. Accordingly, in keeping with GOV § 27013, 27133(f), and 27135, the Treasury shall deduct from pooled fund investment earnings the actual cost incurred for: banking services, custodial safekeeping charges, the pro-rata annual cost of the salaries including fringe benefits for the personnel in the TTC's office engaged in the administration, investment, auditing, cashing, accounting, reporting, remittance processing and depositing of public funds for investment, together with the related computer and office expenses associated with the performance of these functions. Costs are apportioned based upon average daily ending balances. Prior to gaining reimbursement for these costs, the TTC shall annually prepare a proposed budget revenue estimate per GOV §27013.

25. TREASURY OPERATIONS

Treasury operations are to be conducted in the most efficient manner to reduce costs and assure the full investment of funds. The TTC will maintain a policy regarding outgoing wires and other electronic transfers. Requests for outgoing transfers which do not arrive on a timely basis may be delayed. The County TTC may institute a fee schedule to more equitably allocate costs that would otherwise be spread to all depositors.

26. POLICY CRITERIA FOR AGENCIES SEEKING VOLUNTARY ENTRY

Should any agency solicit entry, the agency shall comply with the requirements of GOV § 53684 and adopt a resolution by the legislative or governing body of the local agency authorizing the deposit of excess funds into the County treasury for the purpose of investment by the County TTC. The resolution shall specify the amount of monies to be invested, the personnel authorized by the agency to coordinate the transaction, the anticipated time frame for deposits, the agency's

willingness to be bound to the statutory 30-day written notice requirement for withdrawals, and acknowledging the TTC's ability to deduct pro-rata administrative charges permitted by GOV §27013. Any solicitation for entry into the TPIF must have the County TTC's consent before the receipt of funds is authorized. The depositing entity will enter into a depository agreement with the TTC.

27. POLICY CRITERIA FOR VOLUNTARY PARTICIPANT WITHDRAWALS

With the TTC being required to always maintain a 40% liquidity position during the calendar year, it is anticipated that sufficient funds will be on hand to immediately meet on demand all participant withdrawals for the full dollar amounts requested without having to make any allowance or pro-rata adjustment based on the current market value of the portfolio. In addition, any withdrawal by a local agency for the purpose of investing or depositing those funds outside the Pool shall have the prior written approval of the County TTC.

The TTC's approval of the withdrawal request shall be based on the availability of funds; the circumstances prompting the request; the dollar volume of similar requests; the prevailing condition of the financial markets, and, an assessment of the effect of the proposed withdrawal on the stability and predictability of the investments in the county treasury.

28. POLICY ON RECEIPT OF HONORARIA, GIFTS AND GRATUITIES

Neither the TTC nor any member of his staff, shall accept any gift, gratuity or honoraria from financial advisors, brokers, dealers, bankers or other persons or firms conducting business with the County TTC which exceeds the limits established by the Fair Political Practices Commission (FPPC) and relevant portions of GOV §27133. IOC members shall be subject to the limits included in the BOS Policy B-21.

29. ETHICS & CONFLICTS OF INTEREST

Officers and staff members involved in the investment process shall refrain from any personal business activity that compromises the security and integrity of the County's investment program or impairs their ability to make impartial and prudent investment decisions. In addition, the County TTC, Assistant TTC, Chief Investment Officer, Deputy Investment Officer, Investment Officer and Assistant Investment Officer are required to file annually the applicable financial disclosure statements as mandated by the FPPC and County policy.

30. INVESTMENTS MADE FROM DEBT ISSUANCE PROCEEDS

The proceeds of a borrowing may be specifically invested per Schedule I of this policy (with the exception of Collateralized Time Deposits and Local Agency Obligations) as well as competitively bid investments (see County of Riverside Office Of The TTC Policy Governing Competitively Bid Investments, dated March 3, 2011).

No pooled fund investments made from the proceeds of a borrowing, the monies of which are deposited in the County TTC, shall be invested for a period exceeding the maturity date of the borrowing. Nor shall any monies deposited with a bank trustee or fiscal agent for the ultimate purpose of retiring the borrowing be invested beyond the maturity date of the borrowing.

31. POLICY ADOPTION & AMENDMENTS

This policy statement will become effective following adoption by the BOS and will remain in force until subsequently amended in writing by the TTC and approved by the BOS.

4. PORTFOLIO OBJECTIVES

All investment transactions will be entered daily into the TTC's internal financial accounting system with copies to be filed on a timely basis. Portfolio income shall be reconciled daily, monthly and quarterly, prior to the distribution of earnings among those entities sharing in pooled fund investment income.~~

10. SECURITY CUSTODY & DELIVERIES

Formatted: Heading 1, Left

All securities, except for money market funds registered in the County's name and securities issued by the County or other local agencies shall be deposited for safekeeping with banks contracted to provide the County TTC with custodial security clearance services. These ~~third party~~ third-party trust department arrangements provide the County with a perfected interest in, and ownership and control over, the securities held by the custodian on the County's behalf and are intended to protect the County from the bank's own creditors in the event of a bank default and filing for bankruptcy. Securities are NOT to be held in investment firm/broker dealer accounts. All security transactions are to be conducted on a "delivery versus payment basis." Confirmation receipts on all investments are to be reviewed immediately for conformity with County transaction documentation. Securities issued by local agencies purchased directly shall be held in the TTC's vault. The security holdings shall be reconciled with the custodian holding records daily. The TTC's Fiscal Compliance unit will audit purchases daily for compliance, and audit holding records monthly.

11. COMPETITIVE PRICING

Formatted: Heading 1, Left

Investment transactions are to be made at current market value and competitively priced whenever possible. Competitive pricing does not necessarily require submission of bids, but does require adequate comparative analysis. The current technology utilized by the Treasury provides this information.

TREASURER-TAX COLLECTOR STATEMENT OF INVESTMENT POLICY

12. MATURITY LIMITATIONS

No investment shall exceed a final maturity date of five years from the date of purchase unless it is authorized by the BOS pursuant to GOV §Code Section 53601. The settlement date will be used as the date of purchase for measuring maturity limitations.

Formatted: Font: CG Times, Font color: Auto

13. LIQUIDITY

The portfolio shall maintain a weighted average days weighted average day to maturity (WAM) of less than 541 days or 1.5 years. To provide sufficient liquidity to meet daily expenditure requirements, the portfolio shall maintain at least 40% of its total value in securities having maturities 1 year or less.

Formatted: Heading 1

14. SECURITIES LENDING

The TTC may engage in securities lending activity limited to 20% of the portfolio's book value on the date of transaction. Instruments involved in a securities lending program are restricted to those securities pursuant to GOV §Code Section 53601 and by the TTC's Statement of Investment Policy.

Formatted: Heading 1, Left

15. REVERSE REPURCHASE AGREEMENTS

The Treasury shall not engage in any form of leverage for the purpose of enhancing portfolio yield. There shall be no entry into reverse repurchase agreements except for temporary and unanticipated cash flow requirements that would cause the TTC to sell securities at a principal loss. Any reverse repurchase agreements are restricted pursuant to GOV §Code Section 53601 and by the TTC's Statement of Investment Policy.

Formatted: Heading 1, Left

16. MITIGATING MARKET & CREDIT RISKS

Safety of principal is the primary objective of the portfolio. Each investment transaction shall seek to minimize the County's exposure to market and credit risks by giving careful and ongoing attention to the: (1) credit quality standards issued by the nationally recognized rating agencies on the credit worthiness of each issuer of the security, (2) limiting the concentration of investment in any single firm as noted in Schedule I, (3) by limiting the duration of investment to the time frames noted in Schedule I, and (4) by maintaining the diversification and liquidity standards expressed within this policy.

Formatted: Heading 1, Left

17. TRADING & EARLY SALE OF SECURITIES

All securities are to be purchased with the intent of holding them until maturity. However, in an effort to minimize market and credit risks, securities may be sold prior to maturity either at a profit or loss when economic circumstances, trend in short-term interest rates, or a deterioration in creditworthiness of the issuer warrants a sale of the securities to either enhance overall portfolio yield or to minimize further erosion and loss of investment principal. Such sales should take into account the short and long term impacts on the portfolio. However, the sale of a security at a loss can only be made after first securing the approval of the TTC.

Formatted: Heading 1, Left

18. PURCHASE OF WHEN ISSUED SECURITIES

When issued (W.I.) purchases of securities and their subsequent sale prior to cash settlement are authorized as long as sufficient cash is available to consummate their acceptance into the TTC's portfolio on the settlement date.

Formatted: Heading 1, Left

Consistent with Board Policy B-21 (County Investment Policy Statement), § III A, an outside compliance audit will be conducted annually. Outside audits will be conducted at least biennially by an independent auditing firm selected by the BOS, per Board Minute Order No. 3.48. Reports are posted monthly on the Treasurer's website:

<http://www.countytreasurer.org/Treasurer/TreasurersPooledInvestmentFund/MonthlyReports.aspx>

20. SPECIFIC INVESTMENTS

Specific investments for individual funds may be made in accordance with the TTC's Statement of Investment Policy, upon written request and approval of the responsible agency's governing board, ~~and~~ approval of the TTC. Investments outside of the policy may be made on behalf of such funds with approval of the governing Board and approval of the TTC. All specific investments shall be memorialized by a Memorandum of Understanding. With the purchase of specific investments, the fund will be allocated the earnings and/or loss associated with those investments. The TTC reserves the right to allocate a pro-rata charge for administrative costs to such funds.

Formatted: Heading 1

21. PERFORMANCE EVALUATION

Portfolio performance is monitored daily and evaluated monthly in comparison to the movement of the Treasurer's Institutional Money Market Index (TIMMI), or ~~other~~ another suitable index. Over time, the portfolio rate of return should perform in relationship to such an index. Regular meetings are to be conducted with the investment staff to review the portfolio's performance, in keeping with this policy, ~~and~~ current market conditions.

Formatted: Font: Not Bold

22. INVESTMENT OVERSIGHT COMMITTEE

In accordance with ~~GOV § Code Section 27130 et seq.~~ of the Code, the BOS has established an IOC. The role of the Committee is advisory in nature. It has no input on day to day operations of the Treasury.

Formatted: Heading 1, Left

23. QUARTERLY DISTRIBUTION-APPORTIONMENT OF INVESTMENT EARNINGS

Portfolio income, including gains and losses (if any), will be distributed quarterly in compliance with ~~GOV § Sections 53684 and 53844 of the Code~~ which give the TTC broad authority to apportion earnings and losses among those participants sharing in pooled investment income, and, except for specific investments in which the interest income is to be credited directly to the fund from which the investment was made, all investment income is to be distributed pro-rata based upon each participant's average daily cash balance for the fiscal quarter. Any subsequent adjustments of reported earnings by the Auditor-Controller will be first reviewed and approved by the TTC to assure compliance with ~~Code Sections~~ GOV § 53684 and 53844. The TTC employs the ~~modifiedes-Cash/~~ Accrual apportionment method.

Formatted: Heading 1, Left

Prior to the quarterly apportionment of pooled fund investment income, the County TTC is permitted, pursuant to ~~GOV § Code Section 27013,~~ to deduct from investment income before the distribution thereof, the actual cost of the investment, audit, deposit, handling and distribution of such income. Accordingly, in keeping with ~~Code Sections~~ GOV § 27013, 27133(f), and 27135, the Treasury shall deduct from pooled fund investment earnings the actual cost incurred for: banking services, custodial safekeeping charges, the pro-rata annual cost of the salaries including fringe

benefits for the personnel in the TTC's office engaged in the administration, investment, auditing, cashing, accounting, reporting, remittance processing and depositing of public funds for investment, together with the related computer and office expenses associated with the performance of these functions. Costs are apportioned based upon average daily ending balances. Prior to gaining reimbursement for these costs, the TTC shall annually prepare a proposed budget revenue estimate per GOV §Code Section 27013.

25. TREASURY OPERATIONS

Formatted: Heading 1, Left

Treasury operations are to be conducted in the most efficient manner to reduce costs and assure the full investment of funds. The TTC will maintain a policy regarding outgoing wires and other electronic transfers. Requests for outgoing transfers which do not arrive on a timely basis may be delayed. The County TTC may institute a fee schedule to more equitably allocate costs that would otherwise be spread to all depositors.

26. POLICY CRITERIA FOR AGENCIES SEEKING VOLUNTARY ENTRY

Formatted: Heading 1, Left

Should any agency solicit entry, the agency shall comply with the requirements of GOV §Section 53684 of the Code and adopt a resolution by the legislative or governing body of the local agency authorizing the deposit of excess funds into the County treasury for the purpose of investment by the County TTC. The resolution shall specify the amount of monies to be invested, the personnel ~~person~~ authorized by the agency to coordinate the transaction, the anticipated time frame for deposits, the agency's willingness to be bound to the statutory 30-day written notice requirement for withdrawals, and acknowledging the TTC's ability to deduct pro-rata administrative charges permitted by GOV §Code Section 27013. Any solicitation for entry into the TPIF must have the County TTC's consent before the receipt of funds is authorized. The depositing entity will enter into a depository agreement with the TTC.

27. POLICY CRITERIA FOR VOLUNTARY PARTICIPANT WITHDRAWALS

Formatted: Heading 1, Left

In addition, any withdrawal by a local agency for the purpose of investing or depositing those funds outside the Pool shall have the prior written approval of the County TTC.

The TTC's approval of the withdrawal request shall be based on the availability of funds; the circumstances prompting the request; the dollar volume of similar requests; the prevailing condition of the financial markets, and, an assessment of the effect of the proposed withdrawal on the stability and predictability of the investments in the county treasury.
