BACKGROUND:

Summary

Ordinance No. 461 establishes County Road Standards and County Standard Specifications (Standards) used for the design, construction, and inspection of public roadways in the unincorporated areas of the County of Riverside.

The Standards were last comprehensively updated and adopted by the Board of Supervisors at its regular meeting on November 6, 2007, agenda item 3.50, under Ordinance No. 461.10.

Fifteen years have passed since the last update. There is a need to comprehensively update Ordinance No. 461 to ensure compliance with current state and federal regulations, to reflect advancements in technology, to implement public safety improvements, and to clarify local requirements for the County road system.

Impact on Residents and Businesses

There is no impact on residents and businesses at this time. The amendment to Ordinance No. 461 will be considered for adoption at a future Board of Supervisors meeting.

SUPPLEMENTAL:

Additional Fiscal Information

According to Board Policy A-67, the Board of Supervisors is to consider the costs associated with preparing, processing and implementing an ordinance amendment in deciding whether to adopt an order initiating the amendment. The estimated cost of engineering, drafting, preparing, processing and implementing this amendment by County staff and consultants is \$385,000.00, which will be paid by the Transportation Department through local Gas Tax funds. This amount is based on the need for an amendment to Ordinance No. 461. No County General Funds are used for this project.
