			For Fiscal Year: 21/22-22/23	

C.E.O. RECOMMENDATION: Approve

BR: 23-060

Prev. Agn. Ref.: 6/15/21 3.23

BACKGROUND:

Summary

On June 15, 2021 (Item 3.23), the Board of Supervisors approved the recommendation of the Public Safety Enterprise Communications (PSEC) Steering Committee to increase public safety communications by the addition of a remote simulcast site to the Southwest Cell of the PSEC communication system. The additional site expanded the coverage performance of that cell and resulted in greater PSEC system function in that area. The project included design, staging, shipment, and installation of the site equipment including backup generators, fuel tanks and radio towers and an Old Castle equipment shelter. The equipment was moved to the Hollingsworth site with a purchase order from the Sheriff's Department to Diversified Communications Services. The total cost of the project was estimated at \$659,763, including \$38,045 in contingency. This project was funded by two funding sources: 20% from PSEC Funds and 80% from City of Murrieta Funds.

The project was completed in November 2022 and Sheriff's PSEC is requesting the Notice of Completion (NOC) be completed and recorded by the Clerk of the Board.

Impact on Residents and Businesses

The PSEC system provides critical countywide communication for first responders and emergency management teams who serve and protect the community. Enhancing coverage in this area further improved communication for these agencies across Riverside County.

Additional Fiscal Information

All costs associated with this Board action were previously approved on June 15, 2021 (Item 3.23) in the amount of \$659,763, and the approved budget and funding breakdown is reflected below.

SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA

ITEM	COST SHARE		
	County	Murrieta	TOTAL
SERVICES AND EQUIPMENT INVOICES	\$ 92,000	\$ 528,301	\$ 620,301
