**BACKGROUND:**

**Summary**

California law requires that the Sheriff's Department periodically publish a notice listing unclaimed money (amount over \$15), held in the Department's custody for more than three years, before it become the property of the County. As set forth in sections 50050 et. seq. of the California Government Code, the Department completed the required newspaper publication in the California Newspaper Partnership (Press Enterprise), Desert Sun and Palo Verde Valley Times, and the appropriate time was given for parties of interest to file claims prior to the filing deadline.

As required by California Government Code 50050, section (a):

*50050. (a) For purposes of this article, "local agency" includes all districts. Except as otherwise provided by law, money, excluding restitution to victims, that is not the property of a local agency that remains unclaimed in its treasury or in the official custody of its officers for three years is the property of the local agency after notice if not claimed or if no verified complaint is filed and served. At any time after the expiration of the three-year period, the treasurer of the local agency may cause a notice to be published once a week for two successive weeks in a newspaper of general circulation published in the local agency. At the expiration of the three- year period, money representing restitution collected on behalf of victims shall be deposited into the Restitution Fund or used by the local agency for purposes of victim services. If a local agency elects to use the money for purposes of victim services, the local agency shall first document that it has made a reasonable effort to locate and notify the victim to whom the restitution is owed. With respect to moneys deposited with the county treasurer pursuant to Section 7663 of the Probate Code, this three-year period to claim money held by a local agency is extended for an infant or person of unsound mind until one year from the date their disability ceases.*

STATE OF CALIFORNIA**

The list of unclaimed money over \$15 dollars, was published as follows:

- In the California Newspaper Partnership (Press Enterprise) from 01/10/2022 to 01/18/2022
- In the Palo Verde Times Newspaper from 01/12/2022 to 01/19/2022
- In The Desert Sun Newspaper from 1/12/2022 to 1/19/2022

In the process, the Sheriff Department has incurred costs of \$120,274.20 for the County Counsel legal services and the newspaper publications.

Per California Government code 50055, individual items less than \$15 dollars or any amount if the depositor's name is unknown does not require a newspaper publication in order to be transferred to the general fund, as stated below:

*50055. Any other provision of this article notwithstanding, any individual items of less than fifteen dollars (\$15), or any amount if the depositor's name is unknown, which remain unclaimed in the treasury or in the official custody of an officer of a local agency for the period of one year or upon an order of the court may be transferred to the general fund by the legislative body without the necessity of publication of a notice in a newspaper.*

**Impact on Residents and Businesses**

Funds subject to newspaper publication have been held available for reimbursement for over three years, and with all efforts made to contract and reimburse these funds with no response, the impact is minimal.
