BACKGROUND:

Summary

By Minute Order 3.32 of February 7, 2023, the Board of Supervisors entered into a contract with C & W Construction Specialties, Inc. of Ventura, California for the construction of desert tortoise fence at Transportation Department's Midland Gravel Pit located north of the City of Blythe of Riverside County.

The original authorized amount of the contract was \$113,810. The total value of work came in at \$89,240 which is 21.6% lower than the originally authorized amount. The reduction of the total cost was the result of using less quantities than anticipated to complete the work.

The work was completed in conformance with the plans and specifications and the contractor was granted relief of maintenance on June 8, 2023.

Project Number Z2300001.

Impact on Residents and Businesses

The sand and gravel mined from the Midland Gravel Pit is used by the County of Riverside Transportation Department for the construction and maintenance of County roads in the Blythe area. The purpose of this project was to prevent tortoise from areas in the Midland Gravel Pit where they might be struck by vehicles or operating equipment.
