BACKGROUND:

Summary

The California Department of Public Health (CDPH), California Immunization Program, is awarding Grant Agreement No. 22-11079 to Riverside University Health System – Public Health (RUHS-PH) to assist local health departments (LHDs) in preventing and controlling vaccine-preventable diseases (VPDs) in the local health jurisdiction (LHJ). This project is funded under Health and Safety Code, Section 120325-120380, which requires immunizations against childhood diseases prior to school admittance and Federal Grant numbers 5 NH23IP922612-04-00, 6 NH23IP922612-02-02, 6NH23IP922612-02-03, and 6 NH23IP922612-02-04.

In early 2020, the COVID-19 pandemic highlighted the vital role of RUHS-PH. While the pandemic has taken an enormous toll on individuals, families, and communities, it has also highlighted existing social vulnerabilities and health inequities caused by structural racism. As public health departments across the country responded to COVID-19, it became increasingly clear that they were under-resourced, understaffed, and overburdened due to chronic underfunding. The lack of investment in disease prevention and failure to address the root causes of poor health increased our communities' vulnerabilities to the pandemic, further highlighting areas of health inequities.

This Agreement will allow RUHS-PH to provide on-going resources and support to vaccine clinic operations. Key strategies include utilizing mobile immunization teams to mitigate vaccine preventable diseases, providing vaccines such as COVID-19, Tdap (tetanus, diphtheria, pertussis), influenza, and other vaccines. In addition, the funding will allow for vaccine-related education and support to medical care providers, schools and the public countywide and replacing outdated vaccine storage units.

Impact on Residents and Businesses

A number of health and social inequities exist within Riverside County. COVID-19 was the leading cause of death in the Hispanic/Latinx population in 2020. Native Hawaiian/Pacific Islander residents have the highest COVID-19 case and death rate. Black/African American and Hispanic/Latinx residents experience significantly higher rates of emergency department visits and hospitalization due to type 2 diabetes, hypertension, pediatric asthma suicide/intentional self-harm and mental health issues. The Black/African American infant mortality rate is more

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

than double the rate of White infant mortality. With the federal and state re-directed funding, RUHS-PH can build a responsive public health infrastructure and workforce, providing the capacity to continue to do the important work required to achieve health equity among all Riverside County residents.

Additional Fiscal Information

There is no impact to County General Funds. The total funding consists of four separate funding sources: Immunization Federal Award (\$2,254,225), COVID-19 Round 2 Federal Award (\$264,031), COVID-19 Round 3 Federal Award (\$7,132,451), and COVID-19 Federal Award Round 4 (\$9,112,622). The period of performance dates back to July 1, 2022 and will be allocated as follows:

County Fiscal Year Budget

FY22/23	\$8,149,195
FY23/24	\$9,261,600
FY24/25	\$450,845
FY25/26	\$450,845
FY26/27	\$450,845
Total:	\$18,763,330

Contract History and Price Reasonableness

This is existing funding from CDPH Immunization Branch. The Riverside County Board of Supervisors approved previous Grant Agreement No. 17-10340 on March 13, 2018, Agenda Item 3.15; its First Amendment on April 07, 2020, Agenda Item 3.40; its Second Amendment on May 11, 2021, Agenda Item 3.25; and its Third Amendment on September 21, 2021, Agenda Item 3.18 for the period of performance of July 1, 2017, through June 30, 2022. The agreement before the Board today is a new agreement initiated as a result of CDPH Request for Application #22-10537.

Name of Grantee: County of Riverside

1. DESCRIPTION OF SERVICES TO BE PROVIDED:

Narrative

Riverside County-Immunization Branch continues to guide healthcare providers, other medical staff, and school staff within our county with monitoring each program component: 1) Vaccine Accountability and Management; 2) Access to and Utilization of Quality Immunization Services; 3) California Immunization Registry (CAIR); 4) Perinatal Hepatitis B Prevention; 5) Education, Information, Training, and Partnerships; 6) Prevention, Surveillance and Control of Vaccine Preventable Disease (VPD); 7) Childcare and School Immunization Entry Requirements; 8) Influenza; and 9) COVID-19 Vaccination. To meet the program requirements, Riverside County will conduct a variety of trainings and in-services including but not limited to Annual immunization Updates, ISI Trainings, quality assurance reviews, and serve as a liaison between provider offices, schools, and CDPH Immunization Branch. Riverside County utilizes five mobile teams assigned to a supervisorial district. The mobile teams offer COVID testing, COVID vaccinations and other emergency response vaccinations such as Jynneos. Mobile teams provide COVID related canvassing, outreach, and education to the community with additional focus on targeting areas within the lowest vaccine equity measure quartiles. Riverside County's detailed Workplan was submitted to CDPH Immunization Branch's Administration team and is attached for further review.

2. EVALUATION PLANS:

*All grantees participate in process evaluation per their Scope of Work activities.
Grantees must complete a quarterly grant report detailing their activities.*

Riverside County will submit quarterly grant reports detailing all activities as requested by CDPH Immunization Branch.

OVERVIEW, GRANT TERMS, AND FUNDING

This letter provides an overview of the allocation of funding application process. The Immunization Branch has been awarded a Federal Grant through the Centers of Disease Control and Prevention (CDC). As in past years, your State Immunization Branch Field Representative will discuss the contractual dollar amount available to your Department for FY 2022-27. In addition, your representative is available for assistance and consultation regarding any programmatic issues included in the grant and preparation of your proposed budget. For your reference, a copy of the Allowable/Non-Allowable Uses of 317 and Vaccines for Children (VFC) Federal Assistance (FA) Operations Funds are enclosed.

This year CDPH will be initiating local assistance grants with a five-year term. The annual immunization grant award figure for each fiscal year within the five-year term is the same. The annual award figure for COVID-19 funds will vary each fiscal year and is dependent on total prior year expenditures and available carry-over. Similar to prior years, the availability of federal local assistance grant funds is dependent upon funds received from CDC and, at CDPH's discretion, we may award additional funding if it becomes available. Should funding be reduced, we will promptly notify you of such changes, collaborate efforts and revise the budget to match available funds.

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federalregulationspolicies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number IP19-1901, entitled, *Immunization and Vaccines for Children*, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

Supplemental Component Funding: Additional funding in the amount \$20,074,619 is approved for the Year 02 budget period, which is July 1, 2020 through June 30, 2021.

NOFO Component	Amount
COVID-19	\$20,074,619

Recipients have until June 30, 2022 to expend all COVID-19 funds awarded in Year 2

Overtime: Because overtime costs are a very likely and reasonable expense during the response to COVID-19, CDC will allow recipients to include projected overtime in their budgets. In addition, to the extent applicable, Recipient will comply with Section 18115 of the CARES Act, with respect to the reporting to the HHS Secretary of results of tests intended to detect SARS-CoV-2 or to diagnose a possible case of COVID-19. Such reporting shall be in accordance with guidance and direction from HHS and/or CDC. HHS laboratory reporting guidance is posted at: <https://www.hhs.gov/sites/default/files/covid-19-laboratory-data-reporting-guidance.pdf>.

Further, consistent with the full scope of applicable grant regulations (45 C.F.R. 75.322), the

purpose of this award, and the underlying funding, the recipient is expected to provide to CDC copies of and/or access to COVID-19 data collected with these funds, including but not limited to data related to COVID-19 testing. CDC will specify in further guidance and directives what is encompassed by this requirement.

This award is contingent upon agreement by the recipient to comply with existing and future guidance from the HHS Secretary regarding control of the spread of COVID-19. In addition, recipient is expected to flow down these terms to any subaward, to the extent applicable to activities set out in such subaward.

1. Terms and Conditions

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at

<https://www.cdc.gov/grants/federalregulationspolicies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number IP19-1901, entitled, *Immunization and Vaccines for Children*, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

Supplemental Component Funding: Additional funding in the amount \$357,026,635 is approved for the Year 02 budget period, which is July 1, 2020 through June 30, 2021.

The NOFO provides for the funding of multiple components under this award. The approved component funding levels for this notice of award are:

NOFO Component	Amount
COVID-19	\$357,026,635

Recipients have until June 30, 2024 to expend all COVID-19 funds herein and previously funded.

Overtime: Because overtime costs are a very likely and reasonable expense during the response to COVID-19, CDC will allow recipients to include projected overtime in their budgets. Recipients should be careful to estimate costs based on current real-time needs and will still be required to follow federal rules and regulations in accounting for the employees' time and effort.

Coronavirus Disease 2019 (COVID-19) Funds: A recipient of a grant or cooperative agreement awarded by the Department of Health and Human Services (HHS) with funds made available under the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (P.L. 116-123); the Coronavirus Aid, Relief, and Economic Security Act, 2020 (the "CARES Act") (P.L. 116-136); the Paycheck Protection Program and Health Care Enhancement Act (P.L. 116-139); and/or the Consolidated Appropriations Act, 2021, Division M – Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (P.L. 116-266), agrees, as applicable to the award, to: 1) comply with existing and/or future directives and guidance from the Secretary regarding control of the spread of COVID-19; 2) in consultation and coordination with HHS, provide, commensurate with the condition of the individual, COVID-19 patient care regardless of the individual's home jurisdiction and/or appropriate public health measures (e.g., social distancing, home isolation); and 3) assist the United States Government in the implementation and enforcement of federal orders related to quarantine and isolation.

In addition, to the extent applicable, Recipient will comply with Section 18115 of the CARES Act, with respect to the reporting to the HHS Secretary of results of tests intended to detect SARS-CoV-2 or to diagnose a possible case of COVID-19. Such reporting shall be in accordance with guidance and direction from HHS and/or CDC. HHS laboratory reporting guidance is posted at: <https://www.hhs.gov/sites/default/files/covid-19-laboratory-data-reporting-guidance.pdf>.

Further, consistent with the full scope of applicable grant regulations (45 C.F.R. 75.322), the

purpose of this award, and the underlying funding, the recipient is expected to provide to CDC copies of and/or access to COVID-19 data collected with these funds, including but not limited to data related to COVID-19 testing. CDC will specify in further guidance and directives what is encompassed by this requirement.

Over 18 million dollars to provide potential unnecessary harmful effects over our community. With the back dating to July 2022 - this Item appears to promote the potential corruption of the Public Health system. It's been repeatedly demonstrated that the COVID-19 narrative has been compromised. The language that's been stated in this agenda Item such as "Structural racism" and Federal and State "re-directed funding" is very alarming and maybe seen as misinformation/falsehoods to promote wrongful actions of elected officials and their staff to defraud the Public.
