BACKGROUND:

Summary

In the event of an emergency, California Public Contract Code Section 22050 and the District's Resolution No. F94-39, adopted by the District's Board of Supervisors ("Board") on November 22, 1994 (Agenda Item No. 9.4), delegates to the District's General Manager-Chief Engineer the authority to repair or replace a public facility, take any directly related and immediate action required by that emergency, and procure the necessary equipment, services and supplies for those purposes without giving notice for bids to let contracts.

This item requires a 4/5th vote of the Board pursuant to California Public Contracts Code § 22050(c)(1). The statute applies to contracts that are awarded without bids in the case of an emergency and requires the Board to review the emergency action every 14 days and determine by a 4/5th vote that there is a need to continue the action.

Numerous wildfires over the last several years, including, but not limited to, the Apple/EI Dorado, Fairview, Bonny, Reche, and Sunset fires, have caused burn scars, exacerbating the potential for precipitation to cause dangerous and potentially catastrophic flooding, mudslides and debris flows.

On Friday, August 18, 2023, the National Weather Service issued a Tropical Storm Warning for most of Southern California in advance of the anticipated arrival of Hurricane Hilary. Between Friday, August 18, 2023 and Sunday, August 20, 2023, the National Weather Service also issued a series of related warnings and watches for the region, including Flood Watches, which warned of potential significant flooding and Flash Flood Warnings.

On August 19, 2023, Governor Gavin Newsom proclaimed a State of Emergency in response to the extreme weather-related events as a result of Hurricane Hilary.

On Sunday, August 20, 2023, Tropical Storm Hilary entered Southern California, bringing high winds and widespread rain to most of the region. Parts of Riverside County also saw record rainfall, flooding, flash flooding, mud flows and/or debris flows. Among the hardest hit areas were the San Bernadino Mountains and communities in the Coachella Valley.

Pursuant to Riverside County Ordinance 533.7, on August 21, 2023, the County of Riverside Director of Emergency Services found that conditions of extreme peril to the safety of persons

**SUBMITTAL TO THE FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD
OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

and property had arisen in Riverside County and proclaimed that a "Local Emergency" exists in Riverside County. On August 28, 2023 (Agenda Item No. 1.1), the Riverside County Board of Supervisors adopted Resolution No. 2023-244 ratifying the proclamation of "Local Emergency" in Riverside County.

Following Tropical Storm Hilary, the District has identified facilities that have been damaged and that may require urgent restoration and protection measures to prevent or reduce significant damage to the surrounding properties and communities. Left unrepaired, these facilities could result in a critical threat to life and property when rain occurs. With the potential monsoonal moisture forecasted, the District's General Manager-Chief Engineer found that the emergency would not permit a delay in the implementation of the Emergency Actions resulting from a competitive solicitation for bids in accordance with California Contract Code Section 22050 and the District's Resolution No. F94-39.

On August 29, 2023 (Agenda Item No. 11.8), September 12, 2023 (Agenda Item No. 11.4); September 26, 2023 (Agenda Item No. 11.3) and October 3, 2023 (Agenda Item No. 11.5), the District's Board made motions to (i) review and determine that emergency conditions continue and there is a need to continue the Emergency Actions and (ii) receive and file the Emergency Actions. It is requested that the Board review and determine that emergency conditions continue and there is a need to continue the Emergency Actions.

Report of the Emergency Actions

To help with the District's emergency efforts, the District has taken the following Emergency Actions:

- Continued to engage public agencies and/or contractors to help implement emergency restoration and protection measures needed for impacted facilities. These facilities may include, but are not limited to, Potrero Creek Debris Basin (Project No. 4-0-00025), Tahquitz Creek Channel and Basin (Project No. 6-0-00060), Mission Creek Channel (Project No. 6-0-00090) and Murrieta Creek MDP Line A (also referred to as Empire Creek) (Project No. 7-0-00133).
- Entered into an Emergency Work Agreement with Granite Construction Company to help implement emergency restoration measures needed for Mission Creek Channel.

Granite Construction Company was engaged on an emergency basis to restore the Mission Creek Channel, Stages 1, 2 and 3 by (i) securing the channel entrances and access roads with road blocks and signage that prevents any unauthorized access, (ii) regrading and stabilizing approximately five miles of vertical side slopes thereby eliminating landslide hazards and (iii) as needed, implementing other emergency work as directed by the District.

Total costs associated with these Emergency Actions are \$2,000,000. In this action, the District is requesting Board approval for authorization to use District funds for these necessary costs.

In addition to the Emergency Actions, the District:

**SUBMITTAL TO THE FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD
OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

- Prior to the arrival of Tropical Storm Hilary, initiated proactive maintenance and enhancement of District facilities to prepare for expected impacts from flooding, mud and debris events;
- Obtained aerial imagery of areas impacted by Tropical Storm Hilary;
- Is currently continuing to evaluate existing District facilities for damage that may require emergency protection or restoration measures; and
- Is coordinating with the Riverside County Emergency Management Department as a part of the multi-agency response.

Environmental Findings

On August 19, 2023, Governor Gavin Newsom proclaimed a State of Emergency in response to the extreme weather-related events as a result of Hurricane Hilary, including the County of Riverside. Based on the review of the proposed Emergency Actions resulting from Tropical Storm Hilary, the District finds that the work is statutorily exempt pursuant to Section 15269, "Emergency Projects", of the CEQA Guidelines. The emergency protection work is associated with existing flood control facilities and does not include expansion of the facilities. The proposed emergency work meets the conditions described in Section 15269 for actions to maintain, repair, restore, demolish or replace property or facilities damaged or destroyed as a result of a disaster, including facilities essential to public health, safety and welfare for the mitigation and prevention of an emergency situation. As such, nothing further is required to comply with CEQA.

Impact on Residents and Businesses

Impacted facilities can leave the adjacent properties, residents and communities vulnerable to damage from flooding and/or erosion during future storms, which could result in a critical threat to life and property. In the event of a storm, the surrounding areas may be negatively impacted if necessary, emergency measures are not taken.

EMERGENCY WORK AGREEMENT
EMERGENCY RESTORATION
Mission Creek Channel, Stages 1, 2 and 3
Project No. 6-0-00090

This Emergency Work Agreement ("Agreement"), dated as of _____, 2023, is entered into by and between the Riverside County Flood Control and Water Conservation District, a body corporate and politic ("DISTRICT"), and Granite Construction Company, a California corporation ("CONTRACTOR"). DISTRICT and CONTRACTOR are individually referred to herein as "Party" and collectively referred to herein as "Parties". The Parties hereto hereby agree as follows:

1. CONTRACTOR shall furnish all labor, materials, tools, equipment, transportation and services necessary to perform and complete in a workmanlike manner, in strict conformance with this Agreement and within one (1) calendar day after receipt of a written Notice to Proceed from DISTRICT, the emergency restoration ("project") of the Mission Creek Channel, Stages 1, 2 and 3 by (i) securing the channel entrances and access roads with road blocks and signage that prevents any unauthorized access, (ii) re-grading and stabilizing approximately five (5) miles of vertical side slopes thereby eliminating landslide hazards and (iii) as needed, implementing other emergency work as directed by DISTRICT.

2. CONTRACTOR shall obtain all necessary licenses and permits as may be necessary for said work. Sufficient evidence of having secured such licenses and permits shall be furnished to DISTRICT by CONTRACTOR.

3. CONTRACTOR hereby warrants that it is in possession of a valid, current, active Class "A" Contractor's License issued by the State of California and in good standing, and shall maintain said license throughout the period of the work.

4. PAYMENT

- A. Except as such equipment, labor and/or materials and corresponding rate(s) as may be otherwise approved in writing by DISTRICT prior to commencing work, all work as directed by DISTRICT will be paid for on a force account basis as set forth in Section 9-1.04 of the Standard Specifications of the State of California, Department of Transportation, 2018 edition, as amended, hereinafter called "State Standard Specifications".
- i. Commencing on the execution of this Agreement, the markup rate in Section 9-1.04, "Force Account," of the State Standard Specifications that is added to the direct costs of labor is the agreed upon rate of fifteen percent (15%).
- B. The labor surcharge percentage and equipment rental rates will be based on the Department of Transportation publication entitled Labor Surcharge and Equipment Rental Rates that is in effect on the date upon which the work is accomplished. A copy of said Labor Surcharge and Equipment Rental Rates is on file at the District Office and is hereby incorporated herein in its entirety, and can be found at <https://dot.ca.gov/programs/construction/equipment-rental-rates-and-labor-surcharge>.
- C. All invoices shall itemize all charges to conform with the agreed upon equipment, labor and material rates as set forth in Section 9-1.04 of the State Standard Specifications.

- D. Except as otherwise specifically provided herein, CONTRACTOR shall not be eligible for any payment whatsoever other than for the actual time usage and materials delivered, as approved by DISTRICT, of the equipment, labor and materials as set forth in Section 9-1.04 of the State Standard Specifications, or such equipment, labor and/or materials and corresponding rate(s) as may be otherwise approved in writing by DISTRICT prior to commencing work.
 - i. Commencing on the execution of this Agreement, the markup rate that is added to the direct costs of soil disposal is the agreed upon rate of five percent (5%).
 - ii. Commencing on the execution of this Agreement, the markup rate that is added to the direct costs of trucking fees is the agreed upon rate of fifteen percent (15%).
 - E. DISTRICT payments to CONTRACTOR shall be made within twenty-one (21) days after receipt of corresponding DISTRICT approved invoices from CONTRACTOR.
 - F. Total payments by DISTRICT to CONTRACTOR for work performed under this Agreement shall not exceed the agreed upon sum of Two Million Dollars (\$2,000,000) unless a written amendment to this Agreement is executed by both Parties prior to performance of additional work.
5. DISTRICT shall perform all survey and construction staking work as needed for CONTRACTOR to perform the work as specified herein.

6. Time shall be of the essence of this Agreement. CONTRACTOR shall commence the work within one (1) day after receipt of a written Notice to Proceed from DISTRICT and shall complete the work within the time hereinabove specified, subject only to delays beyond the control of CONTRACTOR, provided that for good cause DISTRICT may temporarily interrupt the work and may also extend the time of completion. DISTRICT shall have the right to occupy the premises where the work is to be done during the period of restoration, which shall not be deemed as an acceptance of any part of the work. CONTRACTOR agrees to coordinate the work with any other work being done concurrently on the premises and to cooperate with DISTRICT and other contractors or workers concerned. If CONTRACTOR, without legal cause, should fail to prosecute the work diligently, DISTRICT may terminate this Agreement and finish the work after providing two (2) days written notice to CONTRACTOR.

7. Reference is made to Chapter 1, Part 7, Division 2 of the California Labor Code (commencing with Section 1720). By this reference said Chapter 1 is incorporated herein with like effect as if it were here set forth in full. The Parties recognize that said Chapter 1 deals with, among other things, discrimination, penalties and forfeitures, their disposition and enforcement, wages, working hours and securing workers' compensation insurance and directly affecting the method of prosecution of the work by CONTRACTOR and subject it under certain conditions to penalties and forfeitures. Execution of this Agreement by the Parties constitutes their agreement to abide by said Chapter 1. Their stipulation as to all matters which they are required to stipulate as to by the provisions of said Chapter 1 constitutes CONTRACTOR's certification that it is aware of the provisions of said Chapter 1 and will comply with them and further constitutes CONTRACTOR's certification as follows: "I am aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for workers'

compensation or to undertake self-insurance in accordance with the provisions of that Code, and I will comply with such provisions before commencing the performance of the work of this contract". CONTRACTOR and its subcontractors shall comply with the provisions of Section 1777.5 of the California Labor Code regarding apprentices.

Pursuant to Labor Code Section 1771.1, any Contractor and subcontractors to be listed on public work construction contract are subject to Public Contract Code Section 4104 and shall not be eligible unless currently registered with the Department of Industrial Relations and qualified to perform public works pursuant to Labor Code Section 1725.5. No Contractor or subcontractor may be awarded a public works project or enter into a contract without proof of current registration to perform public works.

General prevailing rate of per diem wages and general prevailing rate of per diem wages for holiday and overtime work, including employer payments for health and welfare, pension, vacation, apprentices and similar purposes for each craft, classification or type of workman needed for execution of contracts under the jurisdiction of District have been obtained by the Board of Supervisors of the District from the Director of Industrial Relations of the State of California for the area where the work is to be done. The said determinations are on file in the principal office of the District, and will be made available to any interested person upon request.

THIS PROJECT IS SUBJECT TO COMPLIANCE MONITORING AND ENFORCEMENT BY THE DEPARTMENT OF INDUSTRIAL RELATIONS. The awarded prime CONTRACTOR shall post job site notices, including a copy of the prevailing rate of per diem wages determinations made by the Director for the Department of Industrial Relations and other notices prescribed by regulations and comply with the provisions of the California Labor Code, including, without limitation, Sections 1771.4, 1773.1, 1773.2, 1774, 1775, 1776 and

1777.5. CONTRACTOR shall furnish the records specified in Labor Code Section 1776, including but limited to the certified payroll records, directly to the Labor Commissioner for the Department of Industrial Relations. CONTRACTOR shall post at the job site during the course of the work a copy of DISTRICT's "Determination of Prevailing Wage Rates", copies of said Determination are available from DISTRICT for this purpose and at <http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm>.

8. CONTRACTOR shall obtain and maintain insurance in accordance to General Provisions Section 8.02.

9. Precaution shall be exercised at all times for the protection of persons, including employees and property. The safety provisions of applicable laws and building and construction codes shall be observed. CONTRACTOR shall maintain sufficient safeguards, such as railing, temporary walks, lights, etc., against the occurrence of accidents, injuries, damage or hurt to any person or property and shall also be responsible for the same if such should occur.

10. Reference to and/or incorporation into this Agreement of a particular law, statute, ordinance, rule or regulation is not, nor is it intended to be, a definitive statement of the law applicable to this Agreement and the accomplishment of the work. CONTRACTOR must keep informed as to all such applicable federal, state, local law, etc. as it affects the conduct of the work and comply with such law, including, but not limited to, having requisite licenses, obtaining necessary permits, paying necessary fees and taxes, posting notices and installing, operating and maintaining safety precautions and facilities. It is likewise CONTRACTOR's responsibility to ensure that its subcontractors also fully comply with such applicable law.

11. All materials used in the work, unless otherwise specified, shall be new, of the types and grades specified, and CONTRACTOR shall, if requested by DISTRICT, furnish evidence

satisfactory to DISTRICT that such is the case. All workmanship shall be of the best quality and all workmen shall be suitably skilled in the work which they perform.

12. No materials or supplies for the work shall be purchased by CONTRACTOR or by any subcontractor subject to any chattel mortgage or under a conditional sale or other agreement by which an interest is retained by the seller. CONTRACTOR warrants that it has good title to all materials and supplies for which it accepts partial payment.

13. Neither the final certificate, final payment or any provision in this Agreement shall relieve CONTRACTOR of responsibility for faulty materials or workmanship, and CONTRACTOR shall remedy any defects due thereto and pay for any damage to other work resulting therefrom, which may appear or be discovered up to one year after recording of the Notice of Completion. DISTRICT shall give notice of observed defects with reasonable promptness, and CONTRACTOR shall proceed to remedy such defects immediately upon receiving such notification.

14. Except as specified in Section 4, no extra work shall be performed and no increase in or addition to the contract price shall be made without prior written agreement of the Parties. Failure to obtain such prior written agreement may result in CONTRACTOR not receiving any additional payment for such extra work.

15. This Agreement shall include the Instruction to Contractors (Emergency Work) and the General Provisions and the documents referenced therein, attached hereto and by this reference incorporated herein, which constitute the entire agreement between the Parties hereto with respect to the subject matter hereof. Any modifications to the terms of this Agreement must be in writing and signed by the Parties herein. Neither this Agreement nor any part thereof shall be assigned by

CONTRACTOR without the prior written consent of DISTRICT. The contract documents ("Contract Documents") for this project are:

- a. This Emergency Work Agreement;
- b. Instructions To Contractors (Emergency Work), including Statement of Licensure, Iran Contracting Act Certification, Compliance with Economic Sanctions Certification, Performance Bond, Payment Bond and Workers' Compensation Contractor Certificate;
- c. General Provisions;
- d. Plans and Specifications;
- e. Appendices and any other documents included in or incorporated into the Contract Documents; and
- f. Orders, Instructions, Drawings and Plans issued by District during the course of the work in accordance with the provisions of the Contract Documents.

16. Any and all notices sent or required to be sent to either Party shall be mailed by first class mail, postage prepaid, to the following addresses:

RIVERSIDE COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT 1995 Market Street Riverside, CA 92501 Attn: Chief of Operations	GRANITE CONSTRUCTION COMPANY 38000 Monroe Street Indio, CA 92203 Attn: Todd W. Besant Project Executive
---	---

17. CONTRACTOR shall have and must pass down to any subcontractors the obligations to indemnify, hold harmless and defend the Indemnified Parties as further provided in Section 8.02 in the General Provisions of the Contract Documents.

18. This Agreement is to be construed in accordance with the laws of the State of California. If any provision of this Agreement is held by a court of competent jurisdiction to be

invalid, void or unenforceable, the remaining provisions shall be declared severable and shall be given full force and effect to the extent possible.

Any legal action, in law or in equity related to the performance or interpretation of this Agreement shall be filed only in the Superior Court of the State of California located in the County of Riverside, California, and the Parties waive any provision of law providing for a change of venue to another location. Prior to the filing of any legal action, the Parties shall be obligated to attend a mediation session with a neutral mediator or try to resolve the dispute.

19. Any waiver by DISTRICT of any breach of any one or more of the terms of this Agreement shall not be construed to be a waiver of any subsequent or other breach of the same or of any other term hereof. Failure on the part of DISTRICT to exact, full and complete compliance with any term of this Agreement shall not be construed as in any manner changing the terms hereof, or estopping DISTRICT from enforcement hereof.

20. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which taken together will constitute one and the same instrument.

INSTRUCTIONS TO CONTRACTORS (EMERGENCY WORK)

DEFINITIONS

Capitalized terms used on the Contract Documents shall have the meanings assigned to them in the Construction Agreement, Bonds, other Forms, General Provisions, and Specifications and Contract Documents that are included in the Contract Documents. Capitalized terms not so defined shall have the meanings assigned to them in, or if none is assigned as reasonably interpreted according to the context of, the portion of the Contract Documents where such terms are used.

INSPECTION OF SITE

Contractors must examine the site and acquaint themselves with all conditions affecting the work. Information derived from maps, plans or specifications, or from the Chief Engineer or his assistants, will not relieve the Contractor from properly carrying out all the terms of the written contract.

QUALIFICATIONS OF CONTRACTORS

A Contractor must be licensed under laws of California, as evidenced by the submittal of the Statement of Licensure. No award will be made to any Contractor who cannot give satisfactory assurance to the District as to his own ability to carry out the contract, both from his financial standing and by reason of his previous experience as a Contractor on work of the nature contemplated in the contract. The Contractor may be required to submit his record of work of similar nature to that proposed under these specifications, and unfamiliarity with the type of work may be sufficient cause for rejection.

CONTRACTOR LICENSE AND REGISTRATION

Contractors for this project shall have an active and in good standing Class "A" Contractor's license from the State of California in order to be considered eligible for the contract award. The license(s) shall remain active and in good standing throughout the entire duration of the project.

In accordance with the Labor Code (especially Sections 1725.5 and 1771.1), all Contractors and Subcontractors must register as a "Public Works Contractor" with the Department of Industrial Relations (DIR) using the online application. Contractor's and Subcontractor's DIR Registration Number must be listed in the Contract Documents. This project is subject to compliance monitoring and enforcement by the DIR.

ANTI-DISCRIMINATION

It is the policy of the District that, in connection with all work performed under the Construction Agreement, there be no discrimination against any prospective or active employee engaged in the Work because of race, color, ancestry, national origin, religious creed, sex, age, marital status, or sexual preference. The Contractor agrees to comply with applicable Federal and California laws including, but not limited to, the California Fair Employment Practice Act, beginning with Labor Code Section 1410, and Labor Code Section 1735. In addition, the Contractor agrees to require like compliance by any subcontractors employed on the Work.

REQUIRED SUBMITTALS

There are a number of forms and other documents required as submittals by the Contractor during the various stages of the project. Contractor shall submit the following documents upon request by the District:

- (1) Emergency Work Agreement duly executed by the authorized delegate of the Contractor;
- (2) Performance Bond and Payment Bond (issued by Surety);
- (3) Statement of Licensure;
- (4) Iran Contracting Act Certification;
- (5) Compliance With Economic Sanctions Certification;
- (6) Evidence of Insurance and endorsements, as specified by the Contract Documents; and
- (7) Workers' Compensation Certificate, in the form specified by the Contract Documents.

SUBLETTING AND SUBCONTRACTING

Contractors are required, pursuant to the Subletting and Subcontracting Fair Practices Act (commencing with Section 4100 of the Public Contract Code) to list the name and location of place of business of each subcontractor who will perform work or labor or render services in or about the construction of the work or improvement or a subcontractor who specially fabricates and installs a portion of the work or improvement according to detailed drawings contained in the Plans and Specifications, in excess of one-half (1/2) of one percent (1%) of the prime Contractor's total contract amount. Failure to list a subcontractor for a portion of the work means that the prime Contractor will do that portion of the work. Contractor shall list only one subcontractor for each portion as is defined by the Contractor.

IRAN CONTRACTING ACT

In accordance with Public Contract Code Section 2204(a), prior to executing a contract or renewal for a District contract for goods or services of \$1,000,000 or more, a Contractor must either:

- a) Certify it is not on the current list of persons engaged in investment activities in Iran created by the California Department of General Services ("DGS") pursuant to Public Contract Code Section 2203(b) and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS; or
- b) Demonstrate it has been exempted from the certification requirement for that solicitation or contract pursuant to Public Contract Code Section 2203(c) or (d).

To comply with this requirement, please insert your Contractor or financial institution name and Federal ID Number (if available) and complete one of the options on Page VII. Please note: California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts. (Public Contract Code section 2205.)

ECONOMIC SANCTIONS IN RESPONSE TO RUSSIA'S ACTIONS IN UKRAINE

The Contractor must certify that it is not a target of economic sanctions imposed by the United States government or the State of California in response to Russia's actions in Ukraine. The Contractor is required to comply with the economic sanctions imposed in response to Russia's actions in Ukraine, including with respect to, but not limited to, the federal executive orders identified in California Executive

Order N-6-22, located at <https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf>, and the sanctions identified on the United States Department of the Treasury website at <https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions>.

The Contractor is required to comply with all applicable reporting requirements regarding compliance with the economic sanctions, including, but not limited to, those reporting requirements set forth in California Executive Order N-6-22 for all parties with one or more agreements with the State of California, the County of Riverside, or any other local agency, with a value of Five Million Dollars (\$5,000,000) or more. Notwithstanding any other provision in these documents, failure to comply with the economic sanctions and all applicable reporting requirements may result in disqualification or termination of the Construction Agreement, if awarded. For Contractors with an agreement value of Five Million Dollars (\$5,000,000) or more with the State of California, the County of Riverside, or any other local agency, reporting requirements include, but are not limited to, information related to steps taken in response to Russia's actions in Ukraine, including, but not limited to:

1. Desisting from making any new investments or engaging in financial transactions with Russian institutions or companies that are headquartered or have their principal place of business in Russia;
2. Not transferring technology to Russia or companies that are headquartered or have their principal place of business in Russia; and
3. Direct support to the government and people of Ukraine.

To comply with this requirement, please insert your Contractor name and Federal ID Number (if available) on the Certification Form on Page VIII, execute by a duly authorized representative for the contractor, and return with the Contract Documents.

AWARD OF CONTRACT

The Contractor's attention is directed to the provisions in these Instructions to Contractors for the requirements and conditions concerning award and execution of Contract.

The Emergency Contract can be executed in accordance with authority that the Board has delegated to the Board of Supervisors of the Riverside County Flood Control and Water Conservation District by adoption of Resolution No. F94-39 (November 22, 1994; Agenda Item 9.4), and has been approved as to legal form by County Counsel.

Resolution No. F94-39, which states that emergency contracts to safeguard life, health or property can be authorized by the General Manager-Chief Engineer. The resolution requires that the General Manager-Chief Engineer report back to the Board in a public meeting after executing the Contract.

This work is being performed in accordance with the Force Account provisions of the Standard Specifications and as detailed in the Contract.

CONTRACT SECURITY – PERFORMANCE BOND AND PAYMENT BOND

The Contractor shall furnish two (2) surety bonds, each in quadruplicate, one as a security for the faithful performance of the contract in the amount equal to one hundred percent (100%) of the contract price, and one as security for the payment of all persons performing labor and furnishing materials in connection with the contract in an amount equal to one hundred percent (100%) of the Contract Price. The penal sums of the Performance Bond and Payment Bond shall each be initially in the amount of one hundred percent (100%) of the Contract Price. The penal sum may be required to be increased for Contract

Adjustments increasing the Contract Price that are authorized by Change Order. All bonds must be submitted on forms provided by the District. Bonds submitted in any other form will not be accepted.

The Contractor shall furnish to the District the required, original, Performance and Payment Bonds, issued by an admitted surety and shall have a A.M. Best's Insurance Rating of A VIII (A:8) or better rated surety company, authorized to do business in the State of California. The Bonds shall be executed by an authorized attorney-in-fact for the Surety company and his/her original or certified copy Power of Attorney must be attached to the Bonds. Premiums for Bonds shall be paid by the Contractor. Notary acknowledgements of the signatures of the Contractor and Surety(ies) is required. The attorney-in-fact who executes the required Performance Bond and Payment Bond on behalf of the Surety shall affix thereto a certified and current copy of the Power of Attorney authorizing such attorney-in-fact to execute same on behalf of such Surety. Should any Surety on the Performance Bond or Payment Bond be deemed unsatisfactory by the District, Contractor shall upon notice promptly substitute new bonds satisfactory to the District.

If the Performance Bond provides for a one-year warranty, a separate Maintenance Bond is not necessary. If the warranty period specified in the contract is for longer than one year, a Maintenance Bond equal to ten percent (10%) of the contract price is required. Bonds shall be duly executed by a responsible corporate surety, authorized to issue such bonds in the State of California and secured through an authorized agent with an office in California.

IRAN CONTRACTING ACT CERTIFICATION

In accordance with Public Contract Code Section 2204(a), prior to bidding on, submitting a proposal or executing a contract or renewal for a District contract for goods or services of \$1,000,000 or more, a Contractor must either:

- a) Certify it is not on the current list of persons engaged in investment activities in Iran created by the California Department of General Services ("DGS") pursuant to Public Contract Code Section 2203(b) and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS; or
- b) Demonstrate it has been exempted from the certification requirement for that solicitation or contract pursuant to Public Contract Code Section 2203(c) or (d).

To comply with this requirement, please insert your Contractor or financial institution name and Federal ID Number (if available) and complete one of the options below. Please note: California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts. (Public Contract Code Section 2205.)

Option #1 – Certification

I, the official named below, certify I am duly authorized to execute this certification on behalf of the Contractor/financial institution identified below, and the Contractor/financial institution identified below is **not** on the current list of persons engaged in investment activities in Iran created by DGS and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person/vendor, for 45 days or more, if that other person/vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS.

**COMPLIANCE WITH ECONOMIC SANCTIONS IN
RESPONSE TO RUSSIA'S ACTIONS IN UKRAINE**

Prior to bidding on, submitting a proposal, or executing a contract, a Contractor must certify: 1) it is not a target of economic sanctions and 2) compliance with economic sanctions imposed by the United States government in response to Russia's actions in Ukraine, as well as any requirements related to the Russian sanctions imposed by the California Governor's Executive Order N-6-22 issued on March 4, 2022, and under state law, if any.

To comply with this requirement, please insert the Contractor name and Federal ID Number (if available), complete the information described below, and execute by an authorized representative of the Contractor.

CERTIFICATION

I, the authorized representative for the Contractor named below, certify I am duly authorized to execute this certification on behalf of the Contractor below, and the Contractor identified below has conducted a good faith review of existing contracts. I attest that the Contractor is not a target of economic sanctions, and the Contractor is in compliance with the economic sanctions imposed by the United States government in response to Russia's actions in Ukraine, as well as any requirements related to the Russian sanctions imposed by the California Governor's Executive Order N-6-22 issued on March 4, 2022, and under state law, if any.

PERFORMANCE BOND

Page 1 of 3

Bond No's:
Travelers: 107852416
Federal: K41738534
CNA: 30185905

(Public Work – Public Contract Code Section 21091)

WHEREAS, the Riverside County Flood Control and Water Conservation District ("District") has entered into an Emergency Work Agreement ("Contract") with Granite Construction Company, as Principal ("Principal") to perform emergency work ("Work") for the following project **Mission Creek Channel, Stages 1, 2, and 3, Project No. 6-0-00090**, which Contract is by this reference hereby incorporated herein and made a part hereof;

WHEREAS, said Principal is required by the Contract and/or by California Public Contract Code, Section 21091 to furnish a performance bond for the faithful performance of the Contract;

NOW THEREFORE, we, the Principal and Travelers Casualty and Surety Company* ("Surety"), an admitted surety insurer pursuant to Code of Civil Procedure, Section 995.120, are held and firmly bound unto District in the penal sum of Two Million Dollars (\$2,000,000.00), this amount being not less than one hundred percent (100%) of the total sum payable by District under the Contract at the time the Contract is awarded by District to the Principal, lawful money of the United States of America, for the payment of which sum well and truly to be made, we, Principal and Surety, bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents, to:

1. Perform all the work required to complete the Project; and
2. Pay to the District all damages the District incurs as a result of the Contractor's failure to perform all the Work required to complete the Project.

THE CONDITION OF THIS OBLIGATION IS SUCH that if Principal, its heirs, executors, administrators, successors or assigns approved by District, shall in all things stand to and abide by and well and truly keep and perform all the undertakings, terms, covenants, conditions and agreements in the Contract, including, without limitation, all obligations during the original term and any extensions thereof as may be granted by District, with or without notice to Surety thereof (including, without limitation, the obligation for Principal to pay liquidated damages), all obligations during the period of any warranties and guarantees required under the Contract and all other obligations otherwise arising under the terms of the Contract (such as, but not limited to, obligations of indemnification), all within the time and in the manner therein designated in all respects according to their true intent and meaning, then this obligation shall become null and void; otherwise, it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the Contract, the above obligation shall hold good for a period equal to the warranty and/or guarantee period of the Contract, during which time Surety's obligation shall continue if Contractor shall fail to make full, complete, and satisfactory repair and replacements and totally protect the District from loss or damage resulting from or caused by defective materials or faulty workmanship. The obligations of Surety hereunder shall continue so long as any obligation of Contractor remains. Nothing herein shall limit the District's rights or the Contractor or Surety's obligations under the Contract, law or equity, including, but not limited to, California Code of Civil Procedure section 337.15.

PERFORMANCE BOND

Page 2 of 3

Whenever Principal shall be, and is declared by District to be, in default under the Contract, the Surety shall promptly either remedy the default, or, if the Contract is terminated by District or the Principal's performance of the Work is discontinued, Surety shall promptly complete the Contract through its agents or independent contractors, subject to acceptance of such agents or independent contractors by District as hereinafter set forth, in accordance with its terms and conditions and to pay and perform all obligations of Principal under the Contract (including, without limitation, all obligations with respect to payment of liquidated damages) less the "Balance of the Contract Price" (as hereinafter defined); subject to the penal amount of this bond as set forth above. The term "Balance of the Contract Price", as used in this paragraph, shall mean the total amount payable to Principal by District under the Contract and any modifications thereto, less the amount previously paid by District to the Principal and less amounts that District is authorized to withhold under the terms of the Contract.

If District determines that completion of the Contract by Surety or its agents or independent contractors must be performed by a lowest responsible Contractor selected pursuant to a competitive bidding process, then Surety shall comply with such processes in accordance with the requirements of District and applicable laws. Unless otherwise approved by District, in the exercise of its sole and absolute discretion, Surety shall not utilize Principal in completing performance of the Work.

No right of action shall accrue on this bond to or for the use of any person or entity other than District or its successors or assigns.

In the event any legal proceeding or arbitration is brought upon this bond by District and judgment or award is entered in favor of District as the prevailing party, Surety shall pay all costs and attorney's fees incurred by the District.

Correspondence or claims relating to this bond shall be sent to Surety at the address set forth below.

Surety, for value received, agrees that no change, extension of time, alteration or addition to the terms of the Contract, or to the work to be performed thereunder, shall in any way impair or affect Surety's obligation under this bond, and Surety does hereby waive notice of any such changes, extensions of time, alterations or additions.

Surety's obligations hereunder are independent of the obligations of any other surety for the performance of the Contract, and suit may be brought against Surety and such other sureties, joint and severally, or against any one or more of them or against less than all of them, without impairing District's rights against the others.

Authorizing By-Laws and Resolutions

ADOPTED BY THE BOARD OF DIRECTORS OF THE CONTINENTAL INSURANCE COMPANY:

This Power of Attorney is made and executed pursuant to and by authority of the following By-Law duly adopted by the Board of Directors of the Company at a meeting held on May 10, 1995.

“RESOLVED: That any Group Vice President may authorize an officer to sign specific documents, agreements and instruments on behalf of the Company provided that the name of such authorized officer and a description of the documents, agreements or instruments that such officer may sign will be provided in writing by the Group Vice President to the Secretary of the Company prior to such execution becoming effective.

This Power of Attorney is signed by Paul T. Bruflat, Vice President, who has been authorized pursuant to the above resolution to execution power of attorneys on behalf of The Continental Insurance Company.

This Power of Attorney is signed and sealed by facsimile under and by the authority of the following Resolution adopted by the Board of Directors of the Company by unanimous written consent dated the 25th day of April, 2012.

“Whereas, the bylaws of the Company or specific resolution of the Board of Directors has authorized various officers (the “Authorized Officers”) to execute various policies, bonds, undertakings and other obligatory instruments of like nature; and

Whereas, from time to time, the signature of the Authorized Officers, in addition to being provided in original, hard copy format, may be provided via facsimile or otherwise in an electronic format (collectively, “Electronic Signatures”), Now therefore be it resolved: that the Electronic Signature of any Authorized Officer shall be valid and binding on the Company.”

PAYMENT BOND

Bond No's:
Travelers: 107852416
Federal: K41738534
CNA: 30185905

(Public Work - Civil Code Sections 9550 et seq.)

WHEREAS, the Riverside County Flood Control and Water Conservation District ("District") has entered into an Emergency Work Agreement ("Contract") with Granite Construction Company, as Principal ("Principal") to perform emergency work ("Work") for the following project: **Mission Creek Channel, Stages 1, 2, and 3, Project No. 6-0-00090.**

WHEREAS, said Principal is required by the Contract and/or by the California Civil Code Section 9550 et seq. to furnish a payment bond in connection with the Contract;

NOW THEREFORE, we, the Principal and Travelers Casualty and Surety Company* ("Surety"), an admitted surety insurer pursuant to Code of Civil Procedure, Section 995.120, are held and firmly bound unto District in the penal sum of Two Million Dollars (\$2,000,000.00), this amount being not less than one hundred percent (100%) of the total sum payable by District under the Contract at the time the Contract is awarded by District to the Principal, lawful money of the United States of America, for the payment of which sum well and truly to be made, we, Principal and Surety, bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if Principal, its heirs, executors, administrators, successors, or assigns approved by District, or its subcontractors, of any contracting tier, shall fail to pay any amounts or any person or persons named and described in California Civil Code, Section 9554, then Surety will pay for the same, in or to an amount not exceeding the penal amount hereinabove set forth, and also will pay to the prevailing party if suit is brought upon this bond, reasonable attorney's fees as provided in California Civil Code, Section 9564.

Surety, for value received, agrees that no change, extension of time, alteration or addition to the terms of the Contract, or to the Work to be performed thereunder, nor any rescission or attempted rescission of the Contract or this bond, nor any conditions precedent or subsequent in the bond or Contract attempting to limit the right of recovery of any claimant otherwise entitled to recover under the Contract or this bond shall in any way impair or affect Surety's obligation under this bond, and Surety does hereby waive notice of any such changes, extensions of time, alterations or additions.

Surety is not released from liability to those for whose benefit this bond has been given, by reason of any breach of the Contract by District or Principal.

It is hereby expressly stipulated and agreed that this bond shall inure to the benefit of any and all persons, companies, and corporations entitled to file claims under Section 9100 of the Civil Code, so as to give a right of action to them or their assigns in any suit brought upon this bond.

PAYMENT BOND

WORKERS' COMPENSATION CONTRACTOR CERTIFICATE

(Labor Code Sections 1860, 1861 & 3700)

In accordance with the provisions of Section 3700 of the Labor Code, every Contractor shall secure compensation in one or more of the following ways:

- (a) By being insured against liability to pay compensation by one or more insurers duly authorized to write compensation insurance in this state.
- (b) By securing from the Director of Industrial Relations a certificate of consent to self-insure either as an individual employer, or as one employer in a group of employers, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his or her employees.
- (c) For any county, city, city and county, municipal corporation, public district, public agency, or any political subdivision of the state, including each member of a pooling arrangement under a joint exercise of powers agreement (but not the state itself), by securing from the Director of Industrial Relations a certificate of consent to self-insure against workers' compensation claims, which certificate may be given upon furnishing proof satisfactory to the director of ability to administer workers' compensation claims properly, and to pay workers' compensation claims that may become due to its employees. On or before March 31, 1979, a political subdivision of the state which, on December 31, 1978, was uninsured for its liability to pay compensation, shall file a properly completed and executed application for a certificate of consent to self-insure against workers' compensation claims. The certificate shall be issued and be subject to the provisions of Section 3702.

Labor Code Section 1861 requires each Contractor to whom a public works Contract is awarded shall sign and file with the District the following certification prior to performing the Work of the public works construction Contract:

I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the Work of this Contract.

By signing this certification, the Contractor understands the requirements of and agrees to comply with the aforementioned requirements.

GENERAL PROVISIONS

GENERAL PROVISIONS

SECTION I - DEFINITION OF TERMS

1.01 TERMS. Whenever in these specifications, or in any documents or instruments where these specifications govern, the following terms or pronouns in place of them are used, the intent and meaning shall be interpreted as follows:

(a) DISTRICT: The Riverside County Flood Control and Water Conservation District of the State of California, as created by law, also sometimes referred to as the Flood Control District, or party of the first part.

(b) BOARD OF SUPERVISORS: The Board of Supervisors of the Riverside County Flood Control and Water Conservation District as created by law, also sometimes referred to as the Board. References to the Board set forth in Subsection 2.07, shall be deemed to refer to the General Manager-Chief Engineer of the District.

(c) ENGINEER: The Chief Engineer of the Riverside County Flood Control and Water Conservation District, also sometimes referred to as the Flood Control Engineer, the Chief Engineer, or the General Manager-Chief Engineer, acting either directly or through properly authorized agents, such agents acting within the scope of the particular duties entrusted to them.

(d) LABORATORY: The established laboratory of the District or laboratories authorized by the District to test materials and work involved in the contract.

(e) CONTRACTOR: The person or persons, co-partnership or corporation, private or municipal, who have entered into a contract with the District, as party or parties of the second part or his or their legal representatives.

(f) SUPERINTENDENT: The Executive representative of the Contractor, present on the work at all times during progress, authorized to receive and execute instruction from the Engineer.

(g) PLANS or PROJECT DRAWINGS: The official plans, profiles, typical cross sections, general cross sections, working drawings, and supplemental drawings, or exact reproductions thereof, approved by the Engineer, which show the location, character, dimensions and details of the work to be done, and which are to be considered as a part of the contract supplementary to these specifications.

(h) SPECIFICATIONS: The directions, provisions, and requirements contained herein as supplemented by such special provisions, as may be necessary, pertaining to the method and manner of performing the work or to the quantities and qualities of materials to be furnished under the contract. The Special Provisions are specific clauses setting forth conditions or requirements peculiar to the project under consideration and covering work or materials that are not satisfactorily covered by these General Provisions. Supplemental agreements or contract change orders are written agreements executed by the Contractor and by the District, covering alterations, amendments or extensions to the project, as hereinafter provided.

(i) CONTRACT: The written agreement covering the performance of the work and the furnishing of labor and materials in the construction of the work. The contract shall include

the Notice to Contractors (Emergency Work), Plans, Specifications, Special Provisions, and Contract Bonds, also, any and all supplemental agreements or contract change orders amending or extending the work contemplated and which may be required to complete the work in a substantial and acceptable manner.

(j) CONTRACT PRICE: Shall mean either the lump sum, unit price, or unit prices to be named in the contract, or the total of all payments under the contract at the lump sum, unit price, or unit prices, as the case may be.

(k) SURETY OR SURETIES: The bondsmen or party or parties, approved by the Engineer, who may guarantee the fulfillment of the contract by bond, and whose signatures are attached to said bond.

(l) RIGHT OF WAY: The whole right of way which is reserved for and secured for use in constructing the improvement.

(m) THE WORK: All the work specified in the Specifications and Contract Documents, including the Special Provisions, and contract, or indicated on the plans as the contemplated complete improvement covered by the contract.

1.02 SIMILARITY OF WORDS. Wherever in the specifications or upon the plans the words directed, required, permitted, ordered, designated, prescribed, or words of like import are used, it will be understood that the direction, requirements, permission, order, designation, or prescription of the Flood Control Engineer is intended, and similarly the words approved, acceptable, satisfactory, or words of like import, shall mean approved by, or acceptable to, or satisfactory to, the Flood Control Engineer, unless otherwise expressly stated.

SECTION II - SCOPE OF WORK

2.01 WORK TO BE DONE

It is the intent of these General Provisions, Special Provisions, Detailed Specifications, and the plans herein referred to, that the Contractor shall provide all labor, power, light, water, materials, equipment, tools, scaffolding, machinery, transportation, insurance, permits, bonds, temporary protection, watchmen, and superintendence necessary to construct and complete all work, and to furnish all materials included in the contract, except those furnished by the District and as specifically mentioned in these specifications.

The contract documents are complementary, and the work called for by any one shall be as binding as if called for by all.

2.02 CONSTRUCTION SCHEDULE

The Contractor shall submit at such times as may be requested by the Engineer, a schedule which shall show the order and dates in which the Contractor proposes to carry on the various parts of the work; including estimated completion dates. The District's receipt of such schedule(s) shall not indicate any concurrence by the District in the items or dates described in the schedule(s).

2.03 DRAWINGS AND SPECIFICATIONS ON THE WORK

The Contractor shall keep one copy of all drawings and specifications on the work, in good order, available to the Engineer and his representatives.

2.04 ESTIMATE OF QUANTITIES

The quantities of work to be done and the materials to be furnished under this contract are approximate only. The District is not to be held responsible for the accuracy of the estimate of quantities.

The Contractor shall judge for himself, after considering all circumstances and conditions, the costs and quantities of materials involved in the contract. The Contractor shall not at any time assert that there was any misunderstanding in regard to the depth or class of the excavations to be made, or the nature or kind or amount of materials to be furnished for the work.

The Contractor shall not at any time assert that there was any misunderstanding in regard to the nature of the work or the kind or amount of materials to be furnished for the work. The Contractor herewith agrees that he will not ask, demand, sue for, or seek to recover, for compensation in excess of the amounts payable for the various unit costs or lump sum charges for the work, as stipulated in the Contract Documents, which he actually performs as specified.

2.05 PROTESTS

If the Contractor considers any work demanded of him to be outside of the requirements of the contract, or considers any record or ruling of the Engineer to be unfair, he shall immediately, upon such work being demanded or such record or ruling being made, ask, in writing, for written instructions covering protested items of work. Immediately on receipt of written instructions from the Engineer he shall proceed without delay to diligently perform the work in conformance with the written record or ruling. Immediately upon receipt of the written instructions or ruling and before the start of such work, and no later than five (5) business days, the Contractor shall file a written protest with the Engineer stating clearly and in detail the basis of his protest. Except for such protests as are made of record in the manner herein specified and within the time limit stated, the records, rulings, instructions, or decisions of the Engineer shall be final and conclusive.

2.06 ALTERATIONS

The Contractor understands and agrees that such reasonable alterations and modifications may be made by the Chief Engineer, as may be deemed desirable, and that this may be done without notices to the Sureties on the Contractor's bonds. If such changes result in increased or decreased quantities under the items specified in the Agreement, the Contractor will be paid on the basis of actual quantities as measured by the Engineer.

2.07 EXTRA WORK

A. General

The District reserves and shall have the right, for any reason whatsoever, or when confronted with unpredicted conditions, unforeseen events, or emergencies, to revise the details of the contemplated work, or to add work of a different character or function and have the Contractor

perform such revised or added work as "Extra Work", when such extra work is considered by the Chief Engineer to be appurtenant to the satisfactory completion of the project.

The signing of the contract by the Contractor will be deemed to be an agreement on his part to perform extra work, as and when ordered by the Chief Engineer. Notice to the Sureties on the Contractor's bonds will not be given unless the estimated total value of the contract, as changed or supplemented, shall exceed the original total contract price by more than 25%.

If required extra work results in delay to the work, the Contractor will be given an equivalent extension of time.

Approval of extra work shall be obtained from the Board of Supervisors before such work is authorized to be done, if:

- a. For contracts with a total contract price of \$250,000 or less, a change due to extra work exceeds ten percent (10%) of the original contract amount; or
- b. For contracts with a total contract price of more than \$250,000, a change due to extra work exceeds \$25,000 plus one percent (1%) of the original contract amount in excess of \$250,000; or
- c. An individual change exceeds \$100,000; or
- d. Cumulative contract changes exceed ten percent (10%) of the original contract amount.

Extra work specially authorized by the Board of Supervisors shall not be included in the cost limitations above stated.

B. Procedure for Extra Work

1. Extra work may not be done by the Contractor without prior request and proper written approval by the District. Upon decision of the District to have extra work performed, the Chief Engineer will so inform the Contractor, acquainting him with the essential details of the new work.

2. Prices for extra work shall be prepared by the Contractor on one or both of the following methods, as requested by the District, and submitted to the Chief Engineer for approval:

a. For a stated unit price or lump sum amount based upon current prevailing fair prices for materials, labor, plant, overhead and profit.

b. On a cost basis (force account by the Contractor). The cost of all work done by the Contractor will be computed in the manner described in Section 9-1.04 of the Standard Specifications of the State of California, Department of Transportation, 2018 edition, as amended, and the compensation thus provided shall be accepted as payment in full by the Contractor, and no additional payment will be allowed for the use of small tools, superintendent's and foreman's services, timekeeper's services, pickup or yard trucks, except as specifically

essential to the work, nor any other overhead expenses incurred in the prosecution of the force account work.

3. Upon receipt of the Contractor's price, the Chief Engineer will make an analysis thereof and adopt one of the following procedures:

a. Accept the Contractor's price for lump sum or unit price amount in the original or amended form and direct him to proceed with the work; or direct him to perform the work on a cost plus basis.

b. Have the work performed by District's forces or separate contract, without undue interference or hindrance to the Contractor and without claim or suit by the Contractor for damages on account thereof.

c. Direct the Contractor to proceed with the work and accept payment therefor in the amount as adjudicated later in a court of law.

4. The price agreed to by the Contractor for the extra work shall be full compensation to the Contractor for all labor, materials, equipment or other costs related to the extra work.

2.08 PAYMENT FOR EXTRA WORK

At the end of each month the Contractor shall make and deliver to the Chief Engineer a statement of the cost of the extra work completed during the current month, itemized and in a form satisfactory to the Chief Engineer. Upon verification of said statement by the Chief Engineer, the Contractor's claim for the full amount, as shown on said statement, will be added to the monthly partial payment made in accordance with Section 9-1.04 of the State Standard Specifications.

2.09 RIGHTS OF WAY

The District shall provide the rights of way upon which the work under this contract is to be done, except that the Contractor shall provide land required for the erection of temporary construction facilities and storage of his material, together with right of access to same. The District will not be responsible for any delay in furnishing the rights of way and such delay shall not be made the basis for a claim for additional compensation by the Contractor. However, in case the failure of the District to furnish the required rights of way delays the prosecution of the work, the time allowed for completion will be extended by a period of time equal to that lost by the Contractor due to such delay.

2.10 CLEANING UP

The Contractor shall, as directed by the Engineer, remove from the District's right of way and from all public and private property, at his own expense, all temporary structures, rubbish and waste materials resulting from his operations.

SECTION III - CONTROL OF THE WORK

3.01 AUTHORITY OF THE ENGINEER

The Engineer shall have general supervision and direction of the contract under authority of the Board of Supervisors. He has the authority to stop the work whenever such stoppage may be necessary to ensure the proper execution of the contract. The Engineer shall decide all questions which may arise as to the quality or acceptability of materials furnished, work performed, and rate or progress of the work; all questions which may arise as to the interpretation of the plans and specifications; all questions as to the acceptable fulfillment of the contract on the part of the Contractor; and all questions as to compensation.

His determination and decision thereon shall be final and conclusive; and such determination and decision, in case any question shall arise, shall be a condition precedent to the right of the Contractor to receive any money hereunder.

3.02 DETAIL DRAWINGS

The approved plans shall be supplemented by such working drawings as are necessary to control the work adequately. All authorized alterations affecting the requirements and information given on the approved plans shall be in writing. No changes shall be made of any plan or drawing after the same has been approved by the Engineer, except by his direction.

It is expressly understood, however, that approval by the Engineer of the Contractor's working drawings does not relieve the Contractor of any responsibility for accuracy of dimensions and details. It is mutually agreed that the Contractor shall be responsible for agreement and conformity of his working drawings with the approved plans and specifications.

Full compensation for furnishing all working drawings shall be considered as included in the prices paid for the various contract items of work, and no additional allowance will be made therefor.

3.03 CONFORMITY WITH PLANS AND ALLOWABLE DEVIATIONS

Finished surfaces in all cases shall conform with the elevations, lines, grades, cross-sections, and dimensions shown on the approved plans or as described in the Specifications and Contract Documents. Deviations from the approved plans and working drawings, will in all cases be in the Engineer's discretion and as determined by the Engineer and preauthorized in writing.

3.04 INTERPRETATION OF PLANS AND SPECIFICATIONS

Should it appear that the work to be done or any of the matters relative thereto are not sufficiently detailed or explained in these specifications and the Special Provisions, the Contractor must bring this to District's attention in writing and shall apply to the Engineer for such further explanations as may be necessary and shall conform to the same part of the contract, so far as may be consistent with the original specifications; and in the event of any doubt or questions arising respecting the true meaning of the specifications; reference shall be made to the Engineer, whose decision thereon shall be final.

In the event of any discrepancy between any drawings and the figures written thereon, the figures shall be taken as correct. The Contractor will not be allowed to take advantage of errors and omissions in the drawings and specifications. When errors or omissions are found, they will be corrected or supplied by the Engineer.

3.05 SUPERINTENDENCE

The Contractor shall keep on his work, continually during its progress, a competent Superintendent responsible for the construction of the work, and any necessary assistants; all satisfactory to the Engineer. All such persons shall be acceptable to the District continuously throughout the duration of the Project. The Superintendent shall represent the Contractor in his absence and all directions given to him shall be as binding as if given to the Contractor. Important directions shall be confirmed in writing to the Contractor. Other directions shall be so confirmed on written request in each case.

3.06 LINES AND GRADES

The Contractor shall provide reasonable and necessary opportunities and facilities for setting points and making measurements. He shall not proceed until he has made timely demand upon the Engineer for, and has received from him, such lines and grades as may be necessary as the work progresses. The work shall be done in strict conformity with such lines and grades.

The Contractor shall carefully preserve benchmarks, reference points and stakes, and in case of willful or careless destruction, he shall be charged with the resulting expense and shall be responsible for any mistakes that may be caused by their unnecessary loss or disturbance.

3.07 INSPECTION OF WORK

The Engineer and his representatives shall at all times have access to the work during its construction, and shall be furnished with every reasonable opportunity and facility for ascertaining that the stock and materials used and employed, and the workmanship, are in accordance with the requirements and intentions of these specifications. All work done and all materials furnished shall be subject to the Engineer's inspection and approval to ensure design objectives.

The inspection of the work shall not relieve the Contractor of any of his obligations to fulfill his contracts as prescribed, and defective work shall be made good and unsuitable materials may be rejected, notwithstanding that such defective work and materials have been previously overlooked by the Engineer and accepted or estimated for payment.

3.08 REMOVAL OF DEFECTIVE AND UNAUTHORIZED WORK

All work which has been rejected shall be remedied, or removed and replaced by the Contractor in an acceptable manner and no compensation will be allowed him for such removal or replacement. Any work done beyond the lines and grades shown on the plans or established by the Engineer, or any extra work done without written authority, will be considered as unauthorized and will not be paid for. Work so done may be ordered removed at the Contractor's expense. Upon failure on the part of the Contractor to comply forthwith with any order of the Engineer made under the provisions of this article, the Engineer shall have authority to cause defective work to be remedied, or removed and replaced, and unauthorized work to be removed and to deduct the costs for this work from any monies due or to become due the Contractor.

3.09 EQUIPMENT AND PLANT

Equipment not suitable to produce the quality of work required will not be permitted to operate on the project. Plants shall be designed and constructed in accordance with general

practice for such equipment and shall be of sufficient capacity and of such character to ensure the production of sufficient material to carry the work to completion within the time limit.

The Contractor shall provide adequate and suitable equipment and plants to meet the above requirements and, when ordered by the Engineer, shall remove unsuitable equipment from the work and discontinue the operation of unsatisfactory plants. No worn or obsolete equipment shall be used, and in no case shall the maker's rating of the capacity for any equipment be exceeded.

All vehicles used to haul materials over existing highways shall be equipped with pneumatic tires.

3.10 FINAL INSPECTION

The Engineer will not make the final inspection until the work provided for and contemplated by the contract has been completed and the final cleaning up performed.

SECTION IV - CONTROL OF MATERIAL

4.01 DISTRICT FURNISHED MATERIALS

The Contractor shall furnish all materials required to complete the work, except those specified in the Special Provisions to be furnished by the District. Materials furnished by the District will be delivered to the Contractor at the points specified in the Special Provisions.

The Contractor will be held responsible for all materials so delivered to him, and deductions will be made from any monies due him to make good any shortages and deficiencies, from any cause whatsoever, which may occur after such delivery, or for any demurrage charges due to delinquency in unloading.

4.02 SOURCE OF SUPPLY AND QUALITY OF MATERIALS

At the option of the Engineer the source of supply of each of the materials shall be approved by him before the delivery is started. Only materials conforming to the requirements of these specifications and approved by the Engineer shall be used in the work. All materials proposed for use may be inspected or tested at any time during their preparation and use. If, after trial, it is found that sources of supply which have been approved do not furnish a uniform product, or if the product from any source proves unacceptable at any time, the Contractor shall furnish approved material from other approved sources. No material which, after approval, subsequently becomes unfit for use shall be used in the work.

Wherever the name, or brand, or manufacturer of an item is specified, it is used as a measure of quality and utility or a standard. Except in those instances where the product is designated to match others presently in use, or as otherwise stated in the Contract Documents, specifications calling for a designated material, product, thing or service by specific brand or trade name shall be deemed to be followed by the words "or equal" so that the Contractor may propose any equal material, product, thing or service. If the Contractor desires to use any other brand or manufacturer of equal quality or utility to that specified, he shall list definite particulars of that which it considers equivalent to the specified item. The District will then determine whether or not the proposed name brand or article is equal in quality and utility to that specified, and the District's determination in that regard shall be final and binding upon the Contractor.

4.03 SAMPLES AND TESTS

All tests of materials furnished by the Contractor shall be made by the District in accordance with commonly recognized standards of national organizations, and such special methods and tests as are in use at the District's approved laboratory and described in the Detailed Specifications.

Field tests of materials will also be made by the Engineer when deemed necessary and these tests shall be made in accordance with standard practices of the District.

The Contractor shall furnish such samples of all materials as are requested by the Engineer without charge. No material shall be used until it has been approved by the Engineer. Samples will be secured and tested whenever necessary to determine the quality of the material.

Promptly after the approval of the contract, the Contractor shall notify the Engineer of the proposed sources of supply of all materials to be furnished by him, using a form which will be supplied by the Engineer upon request.

Whenever reference is made in these specifications to standard tests or requirements of the laboratory of the District, the American Society for Testing Materials, the American Railway Engineering Association, or the American Association of State Highway Officials, the reference shall be construed to mean the standards that are in effect at the date of these specifications with subsequent amendments, changes, or additions as thereafter adopted and published by the organization referred to.

4.04 DIGGING TRENCHES OR OTHER EXCAVATIONS

Any work that involves digging trenches or other excavations extending deeper than four feet below the surface, then the following terms shall apply:

4.04.1 Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing, of any:

- 4.04.1.1 Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law.
- 4.04.1.2 Subsurface or latent physical conditions at the site differing from those indicated by information about the site.
- 4.04.1.3 Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the contract.

4.04.2 The District shall promptly investigate the conditions, and advise the Contractor how to proceed.

4.04.3 Contractor shall submit to District, in advance of excavation, a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker

protection from the hazard of caving ground during the excavation of such trench or trenches. Prior to any excavation is commenced, District shall accept said plan. If such plan varies from the shoring system standards, the plan shall be prepared by a registered civil or structural engineer.

4.04.4 Nothing in this Section shall be deemed to allow the use of a shoring, sloping, or protective system less effective than that required by the Construction Safety Orders.

4.04.5 Nothing in this Section shall be construed to impose tort liability on the awarding body or any of its employees.

4.05 STORAGE OF MATERIALS

Materials shall be so stored as to ensure the preservation of their quality and fitness for the work. When considered necessary by the Engineer, they shall be placed on wooden platforms or other hard, clean surfaces and not on the ground. They shall be placed under cover when so directed. Stored materials shall be so located as to facilitate prompt inspection.

4.06 DEFECTIVE MATERIALS

All materials not conforming to the requirements of these specifications shall be considered as defective and all such materials, whether in place or not, shall be rejected and shall be removed immediately from the site of the work unless otherwise permitted by the Engineer. No rejected materials, the defects of which have been subsequently corrected, shall be used until approval in writing has been given by the Engineer. Upon failure on the part of the Contractor to comply forthwith with any order of the Engineer made under the provisions of this article, the Engineer shall have authority to remove and replace defective material and to deduct the cost of removal and replacement from any monies due or to become due the Contractor.

4.07 ASSIGNMENT OF CLAIMS

The Contractor and/or subcontractor do offer and agree to assign to the District all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to the public works contract or the subcontract. This assignment shall be made and become effective at the time the awarding body tenders final payment to the Contractor, without further acknowledgment by the parties.

SECTION V - LEGAL RELATIONS AND RESPONSIBILITY

5.01 LAWS TO BE OBSERVED

(a) Compliance with Applicable Law. Reference to and/or incorporation into the Contract Documents of a particular law, statute, ordinance, rule or regulation is not, nor is it intended to be, a definitive statement of the law applicable to the Contract Documents and the accomplishment of the work. Contractor must keep informed as to all such applicable law - Federal, State, County, Municipal, District - as it affects the conduct of the work and comply with such law, including, but not limited to, having requisite licenses, obtaining necessary permits, paying necessary fees and taxes, posting notices and installing, operating and maintaining safety

precautions and facilities. It is likewise Contractor's responsibility to see to it that his subcontractors also fully comply with such applicable law.

If at any time Contractor is of the opinion that there is a discrepancy or inconsistency in the plans, drawings, specifications or other Contract Documents, he shall immediately cease work involving such alleged discrepancies or inconsistencies and report the same in writing to the Chief Engineer and shall not proceed with such work until ordered so to do, and in the manner instructed by the Chief Engineer.

Contractor shall protect and defend District, its officers, agents and employees against any claim or liability arising from or based upon any alleged violation of such applicable law. See also Subsection 8.02.

(b) Labor Code - The Contractor shall comply with all applicable requirements of the California Labor Code including but not limited to Labor Code, Chapter 2, Subchapter 1, Article 10, Required Apprentices on Public Works Contracts. Reference is made to Chapter 1, Part 7, Division 2 of the California Labor Code (commencing with Section 1720). By this reference said Chapter 1 is incorporated herein with like effect as if it were here set forth in full. The parties recognize that said Chapter 1 deals with, among other things, discrimination, penalties and forfeitures, their disposition and enforcement, wages, working hours and securing workers' compensation insurance and directly affect the method of prosecution of the work by Contractor and subject it under certain conditions to penalties and forfeitures. Execution of the Agreement by the parties constitutes their agreement to abide by said Chapter 1. Their stipulation as to all matters which they are required to stipulate as to by the provisions of said Chapter 1, constitutes Contractor's certification that it is aware of the provisions of said Chapter 1 and will comply with them and further constitutes Contractor's certification as follows: "I am aware of the provisions of Section 3700 of the California Labor Code which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that Code, and I will comply with such provisions before commencing the performance of the work of this contract." Contractor and its subcontractors shall comply with the provisions of Section 1777.5 of the Labor Code regarding apprentices.

Contractor shall post at each job site during the course of the work a copy of District's "Determination of Prevailing Wage Rates", copies of said Determination are available from District for this purpose and at <http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm>.

(c) Equal Employment Opportunity

General - The Contractor shall comply with all applicable non-discrimination and equal employment laws. The Contractor shall not discriminate in its recruiting, hiring, promotion, demotion or termination practices on the basis of race, religious creed, color, national origin, ancestry, sex, age or physical handicap in the performance of this Contract and shall comply with the provisions of the California Fair Employment Practice Act (commencing with Section 1410 of the Labor Code), the Federal Civil Rights Act of 1964 (P.L. 88-352) and all amendments thereto, Executive Order No. 11246 (30 Federal Register 12319), as amended, and all administrative rules and regulations issued pursuant to said Acts and Order. See particularly 41 Code of Federal Regulation (CFR) Chapter 60.

Contractor shall require each of its subcontractors to comply with the preceding paragraph and shall include in each subcontract language similar to the preceding paragraph.

Contractor shall permit access to its records of employment, employment advertisement, application forms and other pertinent data and records (including but not limited to certified payroll information) by District and any state or federal agency having jurisdiction for the purpose of investigation to ascertain compliance with this Section.

District may assign an affirmative action representative to monitor Contractor and its subcontractor(s) conduct required by this Section, including the right of entry to the construction site for the purpose of obtaining information from persons performing work on the project providing such inspection does not interfere with the progress of the work.

Elsewhere in the Contract Documents specific requirements may be contained covering the same subject matter of this Section. If so, such specific requirements prevail over this Section in case of conflict.

Transactions of \$10,000 or under - Contracts and subcontracts not exceeding \$10,000 are exempt from the requirements of this Section. No Contractor or subcontractor shall procure supplies and/or services in less than usual quantities to avoid applicability of this Section. With respect to contracts and subcontracts for indefinite quantities, this Section applies unless the amount required in any one year under such contract will reasonably be expected not to exceed \$10,000.

Transactions in Excess of \$10,000 but less than \$50,000 - At District's request, Contractor shall certify that it has in effect an affirmative action plan and agrees to comply with all state and federal laws and regulations regarding Fair Employment Practices. Contractor shall maintain a written copy of its affirmative action plan and furnish District a copy of the plan upon request. District may require Contractor to complete an Affirmative Action Compliance Report, on a form furnished by District, setting forth definite goals during the term of this contract.

Transactions of \$50,000 or more - If Contractor has 50 or more employees and a contract for \$50,000 or more, it shall develop and submit to District, within 30 days after award, a written affirmative action compliance program providing in detail specific steps to guarantee equal employment opportunity. Contractor shall include in its affirmative action program a table of job classifications, which table shall include but need not be limited to job titles, duties and rates of pay.

Contractor shall in each subcontract let to do a portion of the work covered hereunder, where the subcontractor involved has 50 or more employees and the subcontract is for \$50,000 or more, impose in the subcontract the above requirements.

For the purpose of determining the number of employees, the average of the Contractor's or its subcontractor's employees for the 12 month period immediately prior to award, or the total number of employees Contractor or its subcontractor will have when performing this contract, whichever is higher, shall be used.

Federally Assisted Construction - If this project is a Federally assisted construction project, then the contract provisions contained 41 CFR § 60-1.4(b) are incorporated herein and Contractor shall likewise incorporate said provisions in each subcontract entered into by Contractor to perform the work.

(d) Registration of Contractors - Contractor must be licensed in accordance with Division 3, Chapter 9 (commencing with Section 7000) of the Business and Professions Code.

(e) Accident Prevention - Particular attention shall be given to relevant Division of Industrial Safety Construction and Electrical Safety Orders. Said Orders are contained in Title 8 of the California Code of Regulations, Chapter 4, Subchapters 4 and 5. Specific attention shall be taken of the California Occupational Safety and Health Act of 1973 (commencing with Section 6300 of the Labor Code) and the Federal Occupational Safety and Health Act of 1970 (P.L. 91-596) and rules and regulations issued pursuant to said Acts. Specific reference is made to Article 6 of said Construction Safety Orders. Contractor shall submit to Engineer, who will accept in advance of excavation, a detailed plan showing the design of shoring, bracing, sloping of the sides of trenches, or other provisions to be made for protection of personnel during earthwork operations. In event the Contractor's plan does not conform with the shoring system requirements of Article 6, the Contractor's proposed shoring design shall be prepared and signed by a civil or structural engineer registered in the State of California.

The Contractor shall also impose the foregoing requirements on all subcontractors involved and enforce compliance therewith.

The duties here set forth are nondelegable by Contractor who shall protect and defend District, its officers, agents and employees in connection therewith. See Subsection 8.02.

5.02 CONTRACTOR'S RESPONSIBILITY

Contractor is under the absolute duty in fulfilling its contractual obligations hereunder to proceed, and cause its subcontractors to proceed, in a safe, workmanlike manner, with adequate safeguards for the protection of the public, the workmen and persons from time to time inspecting the work. If at any time Contractor finds any of its subcontractors are allowing work to proceed in an unsafe manner and contrary to the intent of these Contract Documents, Contractor shall immediately cause such action to stop and immediately take all action necessary to protect workmen, inspectors and the general public and cause the work to proceed in a safe manner.

Contractor shall protect and defend District, its officers, agents and employees in reference to acts or omissions contrary to the above. See particularly Subsection 8.02.

District may withhold funds otherwise due Contractor whenever, in its judgment, this subsection is not being complied with.

5.03 CONTRACTOR'S RESPONSIBILITY FOR WORK

Until the formal acceptance of the work by the District, the Contractor shall have the charge and care thereof and shall bear the risk of injury or damage to any part thereof by the action of the elements or from any other cause, whether arising from the execution or from the non-execution of the work. The Contractor shall rebuild, repair, restore, and make good all injuries or damages to any portion of the work occasioned by any of the above causes before its completion and acceptance and shall bear the expense thereof, except for such injuries or damages as are occasioned by acts of the Federal Government and the public enemy. In case of suspension of work from any cause whatsoever, the Contractor shall be responsible for all materials and shall properly store them if necessary and shall erect temporary structures where necessary.

5.04 PROPERTY RIGHTS IN MATERIALS

Nothing in the contract shall be construed as vesting in the Contractor any right of property in the materials used after they have been attached or affixed to the work or the soil. All such materials shall become the property of the District upon being so attached or affixed.

5.05 PERMITS AND LICENSES

The Contractor shall procure all permits and licenses pay all charges and fees, and give all notices necessary and incident to the due and lawful prosecution of the work.

5.06 ROYALTIES AND PATENTS

The Contractor shall assume all costs arising from the use of patented materials, equipment, devices, or processes used on or incorporated on the work, and agrees to indemnify and save harmless the Riverside County Flood Control and Water Conservation District, the Board of Supervisors, the Flood Control Engineer, and their duly authorized representatives, from all suits at law, or actions of every nature for, or on account of, the use of any patented materials, equipment, devices, or processes.

5.07 SANITARY PROVISIONS

Necessary conveniences, properly secluded from public observation shall be provided by the Contractor where needed for the use of laborers on the work. Their location, construction and maintenance shall be subject to the approval of the Engineer, and their use shall be strictly enforced. The Contractor shall obey and enforce such sanitary regulations as may be prescribed by the State Department of Health or other authorities having jurisdiction.

5.08 PUBLIC SAFETY

The Contractor at his own expense shall furnish, erect, and maintain such fences, barriers, lights, and signs as are necessary to give adequate warning to the public at all times that the bridges, culverts, and work along public highways are under construction; and of any dangerous conditions to be encountered as a result thereof; and he shall erect such warning and directional signs and employ such flagmen as are required and maintain same throughout the construction period.

Full compensation for the work involved in carrying out the precautionary measures above specified shall be considered as included in the prices paid for the various contract items of work and no additional allowance will be made therefor.

5.09 USE OF EXPLOSIVES

When the use of explosives is necessary for the prosecution of the work, the Contractor shall use the utmost care not to endanger life or property.

All explosives shall be stored in accordance with the provisions of Division II, Part I, Chapter 3, of the Health and Safety Code of the State of California.

5.10 PROVISIONS FOR EMERGENCIES

Unusual conditions may arise on the work which will require that immediate and unusual provisions be made to protect the public from danger or loss or damage to life and property, due directly or indirectly to the prosecution of the work, and it is part of the service required of the Contractor to make such provisions and to furnish such protection.

The Contractor shall use such foresight and shall take such steps and precautions as his operations make necessary to protect the public from danger or damage, or loss of life or property.

5.11 ACCESS TO THE WORK

Access to the work from existing roads shall be provided by the Contractor and maintained in a manner so as not to create a public nuisance. The Board of Supervisors, Flood Control District and Engineer assume no responsibility for the condition or maintenance of any existing road or structure thereon that may be used by the Contractor for performing the work under these specifications and for traveling to and from the site of the work.

5.12 GUARANTEE OF WORK

All work is guaranteed by Contractor for a period of one year from the recordation of the Notice of Completion against defects resulting from the use of inferior materials, equipment, or workmanship. Upon notice from District, Contractor shall promptly remedy such defects at his expense, including payment to District of its expenses in connection with remedying such defects, otherwise District shall proceed to remedy such defects and Contractor shall upon demand reimburse District for its expenses in connection therewith.

The above one-year guarantee is in addition to any specific guarantee(s) provided for elsewhere in the Contract Documents.

SECTION VI - PROSECUTION AND PROGRESS

6.01 PROGRESS OF THE WORK

The Contractor shall begin the work upon execution of this agreement and shall diligently and continuously prosecute the same to completion.

6.02 SUBCONTRACTING

Reference is made to the Subletting and Subcontracting Fair Practice Act contained in the Public Contract Code (commencing §4100). By this reference, said Act is incorporated herein with like effect as if it were here set forth in full and the parties shall abide by its terms and substitution shall be only as allowed by that Act.

Contractor shall be responsible for the acts and omissions of its subcontractors and shall make certain that at all times its subcontractors comply with the terms of the Contract Documents and applicable law insofar as such compliance relates to the work.

District reserves the right to approve all subcontractors whether or not they are required to be listed in the Contract Documents. As used in this Section "subcontractor" includes any person

who fabricates or manufactures any article for incorporation into the work whether or not they install or test after installation or contract to install or test after installation, but does not include suppliers of fungible goods for incorporation into the work unless such supplier also installs or tests or contracts to install or test.

The Contractor shall give his personal attention to the fulfillment of the contract and shall keep the work under his control. The furnishing and placing of reinforcing steel, when placing is performed by the supplier, will be considered as a Specialty Item for this purpose; however, he shall be designated in the list of subcontractors.

Where a portion of the work which has been subcontracted by the Contractor is not being prosecuted in a manner satisfactory to the District, the subcontractor shall be removed immediately on the requisition of the Engineer and shall not again be employed on the work.

6.03 CHARACTER OF WORKMEN

If any subcontractor or person employed by the Contractor shall fail or refuse to carry out the directions of the Engineer or shall appear to the Engineer to be incompetent or to act in a disorderly or improper manner, he shall be discharged immediately on the requisition of the Engineer, and such person shall not again be employed on this work.

6.04 TEMPORARY SUSPENSION OF THE WORK

The Engineer shall have the authority to suspend the work wholly or in part, for such period as he may deem necessary, due to unsuitable weather, or to such other conditions as are considered unfavorable for the suitable prosecution of the work, or for such time as he may deem necessary due to the failure on the part of the Contractor to carry out orders given, or to perform any provision of the contract. The Contractor shall immediately comply with the written order of the Engineer to suspend the work wholly or in part. The work shall be resumed when conditions are favorable and methods are corrected, as ordered or approved in writing by the Engineer.

6.05 ASSIGNMENT

The contract may be assigned only upon written consent of the District. Such written consent to sublet, assign or otherwise dispose of any portion of the contract, shall not be construed to relieve the Contractor of any responsibility for the fulfillment of the contract.

6.06 TERMINATION OF CONTRACT

In the event the Contractor fails to prosecute the work with such diligence as will insure its completion as directed by the District, or Contractor shall fail to make payments to persons supplying labor or materials for the work, or Contractor does not comply with applicable law or instructions of General Manager-Chief Engineer, or Contractor is otherwise guilty of a substantial violation of any provision of the Agreement documents, then the District, without prejudice to such other and further right, remedy or relief it may be entitled to, may terminate the Agreement.

SECTION VII - PAYMENT

7.01 SCOPE OF PAYMENTS

The Contractor shall accept compensation, as herein provided, in full payment for furnishing all materials, labor, tools, and equipment necessary to the completed work and for performing all work contemplated and embraced under the contract; also for loss or damage arising from the nature of the work, or from the action of the elements, except as hereinbefore provided, or from any unforeseen difficulties which may be encountered during the prosecution of the work until the final acceptance by the District; and for all risks of description connected with the prosecution of the work, also for all expenses incurred in consequence of the suspension or discontinuance of the work as herein specified; and for completing the work according to the plans and specifications. Neither the payment of any estimate nor of any retained percentage shall relieve the Contractor of any obligation to make good any defective work or material.

7.01A Measurement and Computation of Quantities - All items of the work to be paid for at a contract price per unit of measurement will be measured by the Engineer in accordance with United States Standard Measures. A ton shall mean 2,000 pounds, avoirdupois. Except as otherwise expressly provided in the specifications, the methods of measurement and computation of quantities of such items will be determined by the Engineer, taking into account the price of the item relative to its quantity and the costs of measurement.

The weights of metalwork, pipe, and other metal parts to be paid for by weight will be determined by the Engineer on the basis of handbook weights, scale weights, or manufacturer's catalog weights, or in the absence of any of the foregoing, on the basis of estimated weights; provided, that weights of nonmetallic coatings will be excluded.

7.01B Payment at Contract Prices - The contract price for an item of the work shall include full compensation for all costs of that item, including the costs of any work, materials and equipment incidental to the item but not specifically shown or described in the drawings and specifications, subject only to such express limitations as may be stated in the specifications defining the item or prescribing payment therefor.

The contract prices shall include full compensation for all costs of any work, materials, and equipment required by the drawings and specifications at the time of contract award, but not covered by a contract price or otherwise expressly made the subject of direct payment.

7.02 PAYMENT AND COMPENSATION FOR ALTERED QUANTITIES

When alterations in plans or quantities of work are ordered and performed, the Contractor shall accept payment in full at the contract unit price for the actual quantities of work done and no allowance will be made for anticipated profits. Increased or decreased work involving supplemental agreements will be paid for as stipulated in such agreements.

7.03 ACCEPTANCE

The work shall be inspected for acceptance by the Engineer promptly upon receipt of notice in writing from the Contractor that the work is ready for such inspection.

The structures will not be finally accepted until the completion of the entire work under the contract.

7.04 DEDUCTIONS FROM PAYMENTS

The Riverside County Flood Control and Water Conservation District, by and through the Board of Supervisors or other appropriate District officer or officers, may at its option and at any time retain out of any amounts due the Contractor sums sufficient to cover any unpaid claims, provided that sworn statements of said claims shall have been filed in the office of the District or in the office of any other District officer or officers having jurisdiction thereover.

7.05 DELAYED PAYMENTS

All the monies due the Contractor under the contract will be paid by demand on the Treasurer of the District, prepared and approved as required by law, and it is understood that any delay in the preparation, approval and payment of these demands will not constitute a breach of contract on the part of the District.

7.06 FINAL PAYMENT

The Engineer, after the completion of the contract, shall make a final estimate in writing of the amount of work done thereunder, and the value of such work, and the District shall pay the entire sum so found to be due after deducting therefrom all previous payments. All prior partial estimates and payment shall be subject to correction in the final estimate and payment. The final payment shall not be due and payable until the expiration of 45 days from the date of acceptance of the work by the District.

It is mutually agreed between the parties to the contract that no certificate given or payments made under the contract, except the final payment, shall be conclusive evidence of the performance of the contract, either wholly or in part against any claim of the party of the first part, and no payment shall be construed to be an acceptance of any defective work or improper materials.

And the Contractor further agrees that the payment of the final amount due under the contract, and the adjustment and payment for any work done in accordance with any alterations of the same, shall release the Riverside County Flood Control and Water Conservation District, the Board of Supervisors, and the Engineer from any and all claims or liability on account of work performed under the contract or any alteration thereof.

7.07 CLAIMS RESOLUTION - CLAIMS UP TO \$375,000

In accordance with Public Contract Code Section 20104 - 20104.8 and other applicable law, public works claims of \$375,000 or less which arise between the Contractor and the District shall be resolved following the statutory procedure.

1. All claims shall be submitted in writing and accompanied by substantiating documentation. Claims must be filed on or before processing of the final payment unless other notice requirements are provided in the contract. "Claim" means a separate demand by the claimant for (1) a time extension, (2) payment of money or damages arising from work done by or on behalf of the claimant and payment of which is not otherwise expressly provided for or the

claimant is not otherwise entitled, or (3) an amount the payment of which is disputed by the District.

(a) Claims under \$50,000. The District shall respond in writing to the claim within 45 days of receipt of the claim, or, the District may request, in writing, within 30 days of receipt of the claim, any additional documentation supporting the claim or relating to defenses or claims the District may have against the claimant. If additional information is needed thereafter, it shall be requested and provided upon mutual agreement of the District and the claimant. The District's written response shall be submitted 15 days after receiving the additional documentation, or within the same period of time taken by the claimant to produce the additional information, whichever is greater.

(b) Claims over \$50,000 but less than or equal to \$375,000. The District shall respond in writing within 60 days of receipt, or, may request in writing within 30 days of receipt of the claim, any additional documents supporting the claim or relating to defenses or claims the District may have against the claimant. If additional information is needed thereafter, it shall be requested and provided pursuant to mutual agreement between the District and the claimant. The District's response shall be submitted within 30 days after receipt of the further documents, or within the same period of time taken by the claimant to produce the additional information or documents, whichever is greater.

2. If the claimant disputes the District's response, or if the District fails to respond within the statutory time period, the claimant may so notify the District within 15 days of the receipt of the District's response or within 15 days of the District's failure to respond within the time prescribed, and demand an informal conference to meet and confer for settlement of the issues in dispute. Upon such demand, the District shall schedule a meet and confer conference within 30 days for settlement of the dispute.

3. If following the meet and confer conference, the claim or any portion thereof remains in dispute, the claimant may file a claim pursuant to Government Code § 900 et seq. and Government Code § 910 et seq. For purposes of those provisions, the time within which a claim must be filed shall be tolled from the time the claimant submits the written claim until the time the claim is denied as a result of the meet and confer process, including any time utilized for the meet and confer conference.

4. If a civil action is filed to resolve any claim, the provisions of Public Contract Code § 20104.4 shall be followed, providing for nonbinding mediation and judicial arbitration.

5. Location for Filing of Claims, Jurisdiction. Any legal action related to the performance of the work or the terms of the Contract Documents shall be filed only in the Superior Court of the State of California located in Riverside, California.

7.08 CLAIMS RESOLUTION - ALL CLAIMS (PUBLIC CONTRACT CODE SECTION 9204)

This Section is intended to help resolve disputes between the parties related to this project. Such disputes shall be brought to the attention of the District at the earliest possible time, so that such disputes may be promptly resolved, if possible, or other appropriate action or investigation may be promptly undertaken. Claims must be filed on or before the date of final payment as

required in Public Contract Code Section 20104.2. Public works claims which arise between the Contractor and the District shall be resolved using the following procedure:

A "claim" means a separate demand by the Contractor sent by registered mail or certified mail return receipt requested for one or more of the following: (a) a time extension including, without limitation, for relief from damages or penalties for delay assessed by the District; (b) payment by the District of money or damages arising from work done by or on behalf of the Contractor and payment for which is not otherwise expressly provided or to which the Contractor is not otherwise entitled; (c) payment of an amount that is disputed by the District. The Contractor shall furnish reasonable documentation to support the claim.

A. Form and Contents of Claim(s)

The Contractor shall furnish reasonable documentation to support the Claim, which shall be sent by registered mail or certified mail with return receipt requested to the District at the address provided herein this Section 7.08. The Contractor's written Claim must include, but not limited to, the following:

- 1) A statement to identify that it is a Claim under this Section 7.08, on a company letterhead, and a request for a decision on the Claim;
- 2) A detailed description or narrative of pertinent events, act, error, omission, unforeseen condition, event or other circumstance giving rise to the Claim;
- 3) Citation to contract provisions;
- 4) Theory of entitlement that provides a detailed justification for any remedy or relief sought by the Claim. This includes, but not limited to: a detailed cost breakdown, invoices, material tickets, staff logged time, summary of quantities, other cost records and total cost calculations;
- 5) Complete pricing of all cost impacts;
- 6) A time impact analysis of all time delays that shows actual time impact on the critical path; and
- 7) Documentation, District letters, notifications, related drawings and photos supporting items (1) through (6).

The Claim must be verified under penalty of perjury by Contractor's project superintendent as to the Claim's accuracy, and shall be priced like a Change Order, and must be updated at regular intervals as to cost and entitlement if a continuing Claim. Routine contract materials, for example, correspondence, RFI, Change Order requests, or payment requests shall not constitute a Claim. Contractor shall bear all costs incurred in the preparation and submission of a Claim.

Claims and support documentation related must be sent to:

Chief of Operations or its designee
Riverside County Flood Control
and Water Conservation District
1995 Market Street
Riverside, CA 92501

B. Claims Procedure

- 1) Upon receipt of a Claim and the supporting documentation, the District shall conduct a reasonable review of the Claim and within 45 days, or an extended period as may be set by mutual agreement of the District and Contractor, provide the Contractor with a written statement identifying what portion of the Claim is still disputed and what portion is undisputed.
- 2) Notwithstanding the time period set forth in B.1) above, if the District needs approval from the Board of Supervisors to provide the Contractor with a written statement identifying the disputed portion and the undisputed portion of the Claim, and the Board of Supervisors does not meet within the 45 days or within the mutually agreed to extension of time following receipt of the Claim, the District shall have up to three (3) days following the next duly publicly noticed meeting of the Board of Supervisors after the forty-five (45) day period, or extension, expires to provide Contractor a written statement identifying the disputed portion and the undisputed portion of the Claim.
- 3) Any payment due on the undisputed portion of the Claim under this Section shall be processed and made within 60 days after the District issues its written statement. Amounts not paid in a timely manner as required by this Section 7.08 shall bear interest at 7% per annum. If the District fails to issue a written statement, the Claim shall be deemed rejected in its entirety. Failure by the District to respond to a claim from a Contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this Section shall result in the claim being deemed rejected in its entirety. A Claim that is denied by reason of the District's failure to have responded to the Claim, or its failure to otherwise meet the time requirements of this Section, shall not constitute an adverse finding with regard to the merits of the Claim or the responsibility or qualifications of the Contractor.
- 4) If the Contractor disputes the District's written response, or if the District fails to respond within the time prescribed, the Contractor may demand in writing, sent by registered mail or certified mail return receipt requested, an informal meet and confer conference for settlement of the portion of the Claim in dispute. Upon receipt of the demand, the District shall schedule a meet and confer conference within 30 days.
- 5) Within 10 business days following the conclusion of the meet and confer conference, if the Claim or any portion thereof remains in dispute, the District shall provide the Contractor a written statement identifying the portion of the Claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion shall be processed and made within 60 days after the District issues its written statement. Any disputed portion of the Claim, as identified by the Contractor in writing, shall be submitted to nonbinding mediation, with the District and Contractor sharing the associated costs equally. The District and Contractor shall mutually agree to a mediator within 10 business days after the disputed

portion of the Claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the Claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator.

- 6) For purposes of this Section, mediation includes any nonbinding process, including but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute with resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this Section. Unless otherwise agreed to by the District and the Contractor in writing, the mediation conducted pursuant to this Section 7.08 shall excuse any further obligation under Section 20104.4 of the Public Contract Code to mediate after litigation has been commenced.
- 7) If mediation is unsuccessful to resolve all issues, the parts of the Claim remaining in dispute shall be subject to applicable procedures outside of this Section and the requirements of Public Contract Code § 9204. The Claim resolution procedures in this Section do not preclude the District from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this Article does not resolve the parties' dispute.
- 8) Following the procedures set forth in this Section 7.08, including the mediation, if the Claim or any portion of it remains in dispute, the Contractor may file a Claim as provided in Chapter 1 (commencing with § 900) and Chapter 2 (commencing with § 910) of Part 3 of Division 3.6 of Title 1 of the Government Code.
- 9) If the Government Code claim is denied, Contractor may file an action in court. If a civil action is filed to resolve any claim, such action shall be subject to the provisions of Public Contract Code Sections 9204 or 20104.4 and shall be followed, providing for non-binding mediation and judicial arbitration. This Section applies only to claims subject to Public Contract Code Sections 9204 or 20104. If a claim is not subject to Public Contract Code Sections 9204 or 20104, the Contractor's right to file a civil action shall be as otherwise provided by law.

C. Subcontractor Claim(s)

If a subcontractor or a lower tier subcontractor has a Claim, the Contractor may present to the District a Claim on behalf of a subcontractor or lower tier subcontractor. A subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier subcontractor, that the Contractor present a Claim for work which was performed by the subcontractor or by a lower tier subcontractor on behalf of the subcontractor. The subcontractor requesting that the Claim be presented to the District shall furnish reasonable documentation as set forth in Section 7.08 to support the Claim. Within 45 days of receipt of this written request, the Contractor shall notify the subcontractor in writing as to whether the Contractor presented the

Claim to the District, and if the Contractor did not present the Claim, provide the subcontractor with a statement of the reasons for not having done so.

D. Consistency with Public Contract Code Sections 9204 and 20104

If any Claim(s) arising under this Contract is subject to the provisions of Public Contract Code Sections 9204 or 20104 et seq. (Div. 2, Part 3, Chapter 1, Article 1.5), and if provisions of those statutory sections require a procedure or procedural element different from that established in this Contract, then the provisions of those statutory sections shall apply in place of the conflicting procedure or procedural element established herein.

E. Any legal action related to the performance of the work or the terms of the Contract Documents shall be filed only in the Superior Court of the State of California located in Riverside, California.

SECTION VIII - GENERAL

8.01 COOPERATION BETWEEN CONTRACTORS

The Contractor shall be required to cooperate fully with all utility and public agency representatives engaged in construction, relocation, altering or otherwise rearranging any facilities interfering with the progress of the work.

Full compensation for any delay or inconvenience to the Contractor's operation due to such operations as described above shall be considered included in the unit price paid for other items of work and no additional allowance will be made therefor.

8.02 INSURANCE - INDEMNIFICATION/HOLD HARMLESS/DEFEND

1. Insurance.

Contractor shall not commence work under this contract until he has obtained the insurance required hereunder and satisfactory proof of said insurance has been submitted to District and has been approved as to form by Riverside County Counsel.

Without limiting or diminishing the Contractor's obligation to indemnify, defend or hold the District harmless, Contractor shall procure and maintain or cause to be maintained, at its sole cost and expense, the following insurance coverages during the term of this Contract. In respects to the requirements for the Project and as further described in this Section, the District herein refers to the Riverside County Flood Control and Water Conservation District, the County of Riverside, its Agencies, Districts, Special Districts and Departments, and any municipal corporation or governmental entity in which the work is to be accomplished, their respective directors, officers, Board of Supervisors, governing boards or councils, employees, elected and appointed officials, agents, representatives as Additional Insured.

Workers' Compensation - If the Contractor has employees as defined by the State of California, the Contractor shall maintain statutory Workers' Compensation Insurance (Coverage A) as prescribed by the laws of the State of California. Policy shall include Employers' Liability (Coverage B) including Occupational Disease with limits not less than **\$1,000,000** per person per

accident. The policy shall be endorsed to waive subrogation in favor of the District, the County of Riverside, Caltrans and the City of Corona.

Commercial General Liability - Commercial General Liability insurance coverage, including but not limited to, premises liability, contractual liability, products and completed operations liability, personal and advertising injury, cross liability coverage and employment practices liability, covering claims which may arise from or out of Contractor's performance of its obligations hereunder. Policy shall name the District, all Agencies, Districts, Special Districts, and Departments of the County of Riverside, together with their respective directors, officers, Board of Supervisors, employees, elected or appointed officials, agents or representatives as Additional Insureds. Policy's limit of liability shall not be less than **\$2,000,000** per occurrence combined single limit. If such insurance contains a general aggregate limit, it shall apply separately to this agreement or be no less than two (2) times the occurrence limit.

Vehicle Liability - If Contractor's vehicles or mobile equipment are used in the performance of the obligations under this Agreement, then Contractor shall maintain liability insurance for all owned, non-owned or hired vehicles so used in an amount not less than **\$1,000,000** per occurrence combined single limit. If such insurance contains a general aggregate limit, it shall apply separately to this agreement or be no less than two (2) times the occurrence limit. Policy shall name the District, all Agencies, Districts, Special Districts, and Departments of the County of Riverside, together with their respective directors, officers, Board of Supervisors, employees, elected or appointed officials, agents or representatives as Additional Insureds.

Pollution and Asbestos Liability - If hazardous material is encountered during construction, the Project Manager must be notified immediately, and if any work is done to remove it, any Contractor performing work shall obtain and keep in effect during the term of their contract with Contractor, Pollution Liability Insurance, including Asbestos Liability Insurance, covering the subcontractor's liability for bodily injury, property damage, and environmental damage resulting from "sudden accidental" or "gradual" pollution and related cleanup costs incurred by the subcontractor, all arising out of the work or services (including the transportation risk, when applicable) to be performed under this contract. Combined single limit per occurrence shall not be less than \$2,000,000, or the equivalent. Annual aggregate limit shall not be less than \$4,000,000.

If the Contractor maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.

General Insurance Provisions - All lines -

a) Any insurance carrier providing insurance coverage hereunder shall be admitted to the State of California and have an A.M. Best rating of not less than A: VIII (A:8) unless such requirements are waived, in writing, by the District Risk Manager. If the District's Risk Manager waives a requirement for a particular insurer such waiver is only valid for that specific insurer and only for one policy term.

b) The Contractor's insurance carrier(s) must declare its insurance deductibles or self-insured retentions. If such deductibles or self-insured retentions exceed \$500,000 per occurrence such deductibles and/or retentions shall have the prior written consent of the District's Risk Manager before the commencement of operations under this Agreement. Upon notification

of deductibles or self-insured retentions unacceptable to the District, and at the election of the District's Risk Manager, Contractor's carriers shall either, 1) reduce or eliminate such deductibles or self-insured retentions as respects this Agreement with the District, or 2) procure a bond which guarantees payment of losses and related investigations, claims administration, and defense costs and expenses.

c) Contractor shall cause Contractor's insurance carrier(s) to furnish the District with either 1) a properly executed original Certificate(s) of Insurance and certified original copies of Endorsements effecting coverage as required herein, or 2) if requested to do so orally or in writing by the District's Risk Manager, provide original certified copies of policies including all Endorsements and all attachments thereto, showing such insurance is in full force and effect. Further, said Certificate(s) and policies of insurance shall contain the covenant of the insurance carrier(s) that 30 days written notice shall be given to the District prior to any material modification, cancellation, expiration or reduction in coverage of such insurance. In the event of a material modification, cancellation, expiration, or reduction in coverage, this Agreement shall terminate forthwith, unless the District receives, prior to such effective date, another properly executed original Certificate of Insurance and original copies of endorsements or certified original policies, including all endorsements and attachments thereto evidencing coverages set forth herein and the insurance required herein is in full force and effect. Contractor ***shall not commence operations until the District has been furnished original Certificate(s) of Insurance and certified original copies of endorsements or policies of insurance including all endorsements and any and all other attachments as required in this Section. An individual authorized by the insurance carrier to do so on its behalf shall sign the original endorsements for each policy and the Certificate of Insurance.***

d) It is understood and agreed to by the parties hereto and the insurance company(s), that the Certificate(s) of Insurance and policies shall so covenant and shall be construed as primary insurance, and the District's insurance and/or deductibles and/or self-insured retentions or self-insured programs shall not be construed as contributory.

e) The District's Reserved Rights--Insurance. If, during the term of this Agreement or any extension thereof, there is a material change in the scope of services; or, there is a material change in the equipment to be used in the performance of the scope of work (such as the use of aircraft or watercraft), the District reserves the right to adjust the types of insurance required under this Agreement and the monetary limits of liability for the insurance coverages currently required herein, if, in the District's Risk Manager's reasonable judgment, the amount or type of insurance carried by the Contractor has become inadequate.

f) Contractor shall pass down the insurance obligations contained herein to all tiers of subcontractors working under this Agreement.

g) The insurance requirements contained in this Agreement may be met with a program(s) of self-insurance acceptable to the District.

h) Said insurance must contain an endorsement that District, County of Riverside, and any municipal corporation or governmental entity in which the work is to be accomplished, are named as an additional insured as respects the work covered hereunder. Said insurance must not contain, as respects the work covered hereunder, any exclusions as to bodily injury or death or property damage arising out of blasting, explosion, or underground damage to wire, pipes, conduits, mains, sewers, tank tunnels or any similar property, i.e., the so-called "x c u" exclusions. The insurance certificate evidencing such insurance must affirmatively state that the insurance carrier(s) will give District 30 days written notice prior to cancellation of the insurance or a reduction in coverage; must state that the "x c u" exclusions are waived or do not exist in the policy(s); and that District, County of Riverside, and any municipal corporation in which the work is to be accomplished, are named as an additional insured as respects the work covered hereunder.

The cost of this insurance shall be included in the prices for the various items of work and no additional compensation will be made therefor.

2. Indemnification - Hold Harmless and Defend.

Contractor shall indemnify and hold harmless the District, County of Riverside, and any municipal corporation or governmental entity in which the work is to be accomplished, together with its Agencies, Districts, Special Districts and Departments, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives (individually and collectively hereinafter referred to as Indemnitees) from any liability whatsoever, based or asserted upon any acts, omissions or services of Contractor, its officers, employees, subcontractors, agents or representatives arising out of or in any way relating to this Contract, relating to or in any way connected with or arising from the accomplishment of the work, whether or not in furtherance of the work, including but not limited to property damage, bodily injury, or death or any other element of any kind or nature whatsoever arising from the performance of Contractor, its officers, employees, subcontractors, agents or representatives Indemnitors from this Contract. Contractor shall defend, at its sole expense, all costs and fees including, but not limited, to attorney fees, cost of investigation, defense and settlements or awards, the Indemnitees in any claim or action based upon such alleged acts or omissions.

With respect to any action or claim subject to indemnification herein by Contractor, Contractor shall, at their sole cost, have the right to use counsel of their own choice and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of the District; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes Contractor's indemnification to Indemnitees as set forth herein.

Contractor's obligation hereunder shall be satisfied when Contractor has provided to District the appropriate form of dismissal relieving the Indemnitees from any liability for the action or claim involved.

The specified insurance limits required in this Agreement shall in no way limit or circumscribe Contractor's obligations to indemnify and hold harmless the Indemnitees herein from third party claims.

In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code 2782. Such interpretation shall not relieve the Contractor from indemnifying the Indemnitees to the fullest extent allowed by law.

3. Obligations.

The obligations assumed by Contractor cover all obligations set forth in this Subsection and elsewhere in the Contract Documents, such as Subsections 5.01, 5.02, 5.05, 5.06, 5.08, 5.09, 5.10, 10.01, and 10.02.

8.03 PUBLIC UTILITIES

The locations of all pipelines, power lines, communication lines and other utility components known to District to exist within the limits of the work, are indicated on the drawings and may be the subject of a specific Special Provision(s). Size, location and characteristics of such

utilities is based upon information made available to District - primarily from the owner of the utility in question. The exactness of such information is not guaranteed but may be assumed to have been accomplished with reasonable accuracy.

In addition to the drawings and any such provision regarding utilities, Contractor is under a duty to take into account the location of service laterals or other appurtenances which can be inferred from the presence of facilities such as buildings, meters and junction boxes in or about the limits of the work.

Unless otherwise directed by the Contract Documents, all existing utilities - where shown or described or not - shall be left in place and Contractor must conduct its operations so that such utilities are protected from damage at all times during the course of the work and the work must be accomplished so as to give such utilities proper protection and support upon completion of the work by Contractor.

If during the course of the work, Contractor discovers underground utility components not indicated in the drawings, the Special Provisions or elsewhere in the Contract Documents, Contractor must immediately notify, in writing, the Engineer and the utility company (public or private) involved, stating with exactness the condition found.

When Contractor encounters a utility not shown or described in the Contract Documents, Contractor shall cease all work which would disturb such utility and its support until given specific instructions as to how to proceed regarding such utility by Engineer

8.04 PROTECTION OF EXISTING STREET FACILITIES

The Contractor shall be responsible for the protection of existing signs, fences, concrete curbs, gutters and other facilities which may be encountered. The replacement or repair of any facilities which the District deems necessary as a result of the Contractor's operations shall be done by the Contractor at his own expense and to the satisfaction of the Engineer.

Excavation within the street right of way shall be conducted in a manner to cause the least interruption to traffic. Where traffic must cross open trenches, the Contractor shall provide suitable bridges at street intersections and driveways. Hydrants under pressure, valve pipe covers, valve boxes, curb stop boxes, fire or police call boxes, or other utility controls shall be left unobstructed and accessible during construction.

8.05 DUST ABATEMENT

During the performance of all work included in the contract, the Contractor shall take the necessary precautions to save the District free and harmless from any loss or damage resulting from his operations that raise or produce dust in such amounts that will be objectionable, and/or cause damage to adjacent property or property owners.

The Contractor will be required to have a positive and continuous method of dust control which is satisfactory to the Engineer. The methods to be used for controlling dust in the construction area and along haul roads shall be approved by the Engineer prior to starting any of the work included in the contract. All costs incidental to dust control shall be included in the unit prices paid for other items of work in the schedule.

SECTION IX - WATERING

9.01 DESCRIPTION

This work shall consist of developing a water supply for all water required for the work. The application of the water shall be under the control of the Engineer at all times and shall be applied in the amounts and at the locations approved by the Engineer.

Where water is required, At least one mobile unit of at least 1,000-gallon capacity for applying water shall be available on the project at all times.

Water for compacting embankment material and for laying dust shall be applied by means of pressure-type distributors or pipelines equipped with a spray system or hoses with nozzles that will ensure a uniform application of water.

No separate payment or additional allowances will be made for this work and all costs in connection therewith will be considered as included in other items in the schedule.

SECTION X - PUBLIC CONVENIENCE, TRAFFIC CONTROL AND DETOURS

10.01 GENERAL

The Contractor shall so conduct his operations as to offer the least possible obstruction and inconvenience to the public and he shall have under construction no greater length or amount of work than he can prosecute properly with due regard to the rights of the public.

Unless otherwise provided in the Special Provisions, all public traffic shall be permitted to pass through the work with as little inconvenience and delay as possible.

Spillage resulting from hauling operations along or across any public traveled way shall be removed immediately at the Contractor's expense.

Construction operations shall be conducted in such a manner as to cause as little inconvenience as possible to abutting property owners.

Convenient access to driveways, houses and buildings along the line of work shall be maintained and temporary approaches to crossings or intersecting highways shall be provided and kept in good condition.

10.02 SIGNS

It shall be the responsibility of the Contractor to provide and maintain all lights, barricades and signs, both on and off the site of work, as required by the Engineer, and all such devices shall be of a type approved by him.

If, in any case, the Engineer finds it necessary to replace, add to or erect said barricades, signs, or lights, when the Contractor fails to do so when informed, the Contractor shall be billed for all costs thereof including a daily rental fee for signs.

No separate payment, unless otherwise provided for under the Special Provisions, will be made for traffic control and detour signing and all costs incidental to these items shall be included in the unit prices paid for other items of work.

10.03 MATERIALS STORAGE

Storing or stockpiling of excavated material, imported backfill material or construction materials on any street or highway will not be permitted except as approved in writing by the Engineer.

NAME OF INSURED: Granite Construction Company

PROJECT:

Emergency Work Agreement: Emergency Restoration, Mission Creek Channel, Stages 1, 2 and 3, Project No. 6-0-00090

ADDITIONAL INSURED:

Riverside County Flood Control and Water Conservation District, the County of Riverside, its Agencies, Districts, Special Districts and Departments, their respective directors, officers, Board of Supervisors, governing boards or councils, employees, elected and appointed officials, agents, representatives are included as Additional Insured where required by written & executed agreement and per the attached endorsements coverage is primary & non-contributory and waivers of subrogation apply. Thirty (30) days notice of cancellation or material change in coverage provided.

The named insured reserves its rights to provide any additional coverages under the policies above to only those expressly negotiated for by contract.

BLANKET ADDITIONAL INSURED - OWNERS, LESSEES OR CONTRACTORS – WITH PRODUCTS-COMPLETED OPERATIONS COVERAGE

It is understood and agreed that this endorsement amends the **COMMERCIAL GENERAL LIABILITY COVERAGE PART** as follows:

SCHEDULE (OPTIONAL)

Name of Additional Insured Persons Or Organizations
(As required by "written contract" per Paragraph A. below.)

Locations of Covered Operations
(As per the "written contract," provided the location is within the "coverage territory" of this Coverage Part.)

A. Section II - Who Is An Insured is amended to include as an additional insured:

1. Any person or organization whom you are required by "written contract" to add as an additional insured on this Coverage Part; and
2. The particular person or organization, if any, scheduled above.

B. The insurance provided to the additional insured is limited as follows:

1. The person or organization is an additional insured only with respect to liability for "bodily injury," "property damage," or "personal and advertising injury" caused in whole or in part by:
 - a. Your acts or omissions, or the acts or omissions of those acting on your behalf, in the performance of your ongoing operations specified in the "written contract"; or
 - b. "Your work" that is specified in the "written contract" but only for "bodily injury" or "property damage" included in the "products-completed operations hazard," and only if:
 - (1) The "written contract" requires you to provide the additional insured such coverage; and
 - (2) This Coverage Part provides such coverage.
2. If the "written contract" specifically requires you to provide additional insurance coverage via the 10/01 edition of CG2010 (aka CG 20 10 10 01), or via the 10/01 edition of CG2037 (aka CG 20 37 10 01), or via the 11/85 edition of CG2010 (aka CG 20 10 11 85), then in paragraph **B.1.** above, the words 'caused in whole or in part by' are replaced by the words 'arising out of'.
3. We will not provide the additional insured any broader coverage or any higher limit of insurance than:
 - a. The maximum permitted by law;
 - b. That required by the "written contract";
 - c. That described in **B.1.** above; or
 - d. That afforded to you under this policy,
 whichever is less.
4. Notwithstanding anything to the contrary in Condition **4. Other Insurance** (Section **IV**), this insurance is excess of all other insurance available to the additional insured whether on a primary, excess, contingent or

any other basis. But if required by the "written contract" to be primary and non-contributory, this insurance will be primary and non-contributory relative to insurance on which the additional insured is a Named Insured.

5. The insurance provided to the additional insured does not apply to "bodily injury," "property damage," or "personal and advertising injury" arising out of:
 - a. The rendering of, or the failure to render, any professional architectural, engineering, or surveying services, including:
 - (1) The preparing, approving, or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and
 - (2) Supervisory, inspection, architectural or engineering activities; or
 - b. Any premises or work for which the additional insured is specifically listed as an additional insured on another endorsement attached to this Coverage Part.

C. SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS is amended as follows:

1. The **Duties In The Event of Occurrence, Offense, Claim or Suit** condition is amended to add the following additional conditions applicable to the additional insured:

An additional insured under this endorsement will as soon as practicable:

- (1) Give us written notice of an "occurrence" or an offense which may result in a claim or "suit" under this insurance, and of any claim or "suit" that does result;
- (2) Except as provided in Paragraph **B.4.** of this endorsement, agree to make available any other insurance the additional insured has for a loss we cover under this Coverage Part;
- (3) Send us copies of all legal papers received, and otherwise cooperate with us in the investigation, defense, or settlement of the claim or "suit"; and
- (4) Tender the defense and indemnity of any claim or "suit" to any other insurer or self insurer whose policy or program applies to a loss we cover under this Coverage Part. But if the "written contract" requires this insurance to be primary and non-contributory, this provision **(4)** does not apply to insurance on which the additional insured is a Named Insured.

We have no duty to defend or indemnify an additional insured under this endorsement until we receive from the additional insured written notice of a claim or "suit."

- D.** Only for the purpose of the insurance provided by this endorsement, **SECTION V – DEFINITIONS** is amended to add the following definition:

"Written contract" means a written contract or written agreement that requires you to make a person or organization an additional insured on this Coverage Part, provided the contract or agreement:

1. Is currently in effect or becomes effective during the term of this policy; and
2. Was executed prior to:
 - a. The "bodily injury" or "property damage"; or
 - b. The offense that caused the "personal and advertising injury,"for which the additional insured seeks coverage under this Coverage Part.

All other terms and conditions of the Policy remain unchanged.

DESIGNATED CONSTRUCTION PROJECT(S) GENERAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Designated Construction Project(s):

Any construction project as required by a written contract or agreement that was executed prior to the date of loss.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

- A.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage **A**, and for all medical expenses caused by accidents under Section I – Coverage **C**, which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
 2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage **A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under Coverage **C** regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits."
3. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expenses shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the Schedule above.
4. The limits shown in the Declarations for Each Occurrence, Damage To Premises Rented To You and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit.

- B.** For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage **A**, and for all medical expenses caused by accidents under Section I – Coverage **C**, which cannot be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. Any payments made under Coverage **A** for damages or under Coverage **C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-completed Operations Aggregate Limit, whichever is applicable; and
 2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit.
- C.** When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit.
- D.** If the applicable designated construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.
- E.** The provisions of Section III – Limits Of Insurance not otherwise modified by this endorsement shall continue to apply as stipulated.

Waiver of Transfer of Rights of Recovery Against Others to Us

This endorsement modifies insurance provided under the following:

Commercial General Liability Coverage Form

Under SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS, The Transfer Of Rights Of Recovery Against Others To Us Condition is amended by the addition of the following:

We waive any right of recovery we may have against any person or organization because of payments we make for injury or damage arising out of:

1. Your ongoing operations; or
2. "Your work" included in the "products completed operations hazard."

However, this waiver applies only when you have agreed in writing to waive such rights of recovery in a contract or agreement, and only if the contract or agreement:

1. Is in effect or becomes effective during the term of this policy; and
2. Was executed prior to loss.

This endorsement is part of your policy and takes effect on the effective date of your policy, unless another effective date is shown below.

under Section **II. Supplementary Payments** for all covered **Public Relations Expenses** combined will be subject to the **Public Relations Expenses** Limit of Liability shown in the Declarations. A **Crisis Event** occurs when you first become aware of the **Crisis Event**.

E. Bankruptcy Litigation Expenses

We shall reimburse the **Insured** up to a maximum of \$25,000 per **Claim**, subject to a maximum of \$50,000 per **Policy Period**, for the reasonable and necessary legal fees, costs, and expenses incurred by the **Insured** in filing a motion to seek relief from a bankruptcy stay with regard to a **Design Professional** as part of a **Protective Claim** against that **Design Professional**.

III. DEFINITIONS

When used in this policy, the following terms, whether in the singular or plural, are defined as follows:

*** **A. Additional Insured** means, solely with respect to **Coverage C.1. Contractor's Pollution Liability**, any person or organization that is required to be added as an **Insured** on this policy by written contract or written agreement executed with the **Insured** prior to a known **Pollution Event** as a result of the performance of **Covered Operations** that are the subject of such written contract or written agreement.

B. Automobile means a land motor vehicle, trailer, or semi-trailer designed for travel on public roads, including any machinery or apparatus attached thereto.

C. Bodily Injury means physical injury, sickness, disease, or death sustained by any person, including mental anguish, emotional distress, and costs for medical monitoring, but only when such mental anguish, emotional distress, and costs for medical monitoring are a direct result of physical injury, including physical injury to tangible property.

D. Carrier means any person or organization that is properly licensed to transport **Materials** by **Automobile**, **Vessel**, or rolling stock, including the **Insured** and any other person or organization, pursuant to written contract or written agreement, that transports such **Materials** on behalf of the **Insured**.

E. Circumstance means:

1. an event reported to us during the **Policy Period** in compliance with Subsection **VI.E. Notice of Circumstance**, which the **Insured** could reasonably expect to result in a **Claim**; and
2. all proceedings reported to us during the **Policy Period** in compliance with Subsection **II.A. Pre-Claims Assistance**.

F. Claim means:

1. Under **Coverage A.1.**, a **Professional Liability Claim**;
2. Under **Coverage A.2.**, a **Rectification Claim**;
3. Under **Coverage B.**, a **Protective Claim**;
4. Under **Coverages C.1.a., b., c.** and Subsection **I.C.1.e.**, a **Contractor's Pollution Liability Claim**;
5. Under **Coverage C.1.d.**, a **Time Element Claim**; or
6. Under **Coverage C.2.**, a **Mitigation Claim**.

G. Claim Expenses means reasonable and necessary fees, costs, and expenses resulting from the investigation, adjustment, defense, and appeal of a **Claim**:

1. charged by an attorney designated by:
 - a. us; or
 - b. the **Insured** with our prior written consent; and
2. if incurred by us or the **Insured** with our written consent, including, but not limited to, premiums for any appeal bond, attachment bond, or similar bond. We have no obligation to apply for or furnish any such bond.

Claim Expenses does not include salaries, expenses, or any other compensation of your principals, directors, officers, or employees; salaries or expenses of our regular employees or officials; or fees and expenses of independent or public adjusters retained by us or the **Insured**.

G. Other Insurance

1. Except as specifically provided in Subsection **IX.G.2.** below, this policy is excess over any other applicable insurance available to the **Insured**, including but not limited to project-specific policies or wrap-up policies, whether such other insurance is stated to be primary, pro-rata, contributory, excess, contingent, self-insured, or otherwise, unless such other insurance is written specifically excess of this policy by reference in such other policy to this policy number.
 - a. When this policy is excess under this Subsection **IX.G.1.**, neither payments by the **Insured** to satisfy a Self-Insured Retention or Deductible applicable to any underlying policy nor payments by the underlying insurer will satisfy the Self-Insured Retention under this policy.
 - b. When this policy is excess under this Subsection **IX.G.1.** for a claim arising out of **Professional Services**, coverage under **Coverage A.2. Rectification** will not be available to the **Insured**.
 - c. When this policy is specifically written as excess over another insurance policy, **Section II. Supplementary Payments** will not be available to the **Insured**.
 - d. This policy will apply specifically as excess over any project-specific insurance policy subject to its limitations, conditions, provisions, and other terms; provided, however, unless specifically endorsed, this excess coverage will not be broader than the project-specific insurance policy and will not function as Difference in Conditions coverage.

- *** 2. Insurance provided under **Coverage C.1. Contractor's Pollution Liability** is primary and non-contributory unless:
- a. an endorsement states that the coverage is excess or contingent upon the absence of other insurance;
 - b. any other insurance is available to cover liability for any **Loss** arising out of the premises or operations for which the **Insured** has been added as an additional insured on another policy;
 - c. other insurance is provided for **Transportation** under **Coverage C.1.b. Transportation** or non-owned disposal sites under **Coverage C.1.c. Non-Owned Disposal Sites**;
 - d. the **Insured** is not required by written contract or written agreement to provide insurance for an **Additional Insured** under Subsection **I.C.1.e. Additional Insured** on a primary basis; or
 - e. another insurance policy, in force prior to this **Policy Period**, is available to the **Insured** for any **Loss** or **Claim Expenses** also covered under the terms and conditions of this policy, even if the other insurance policy does not provide coverage in whole or in part for the **Loss** or **Claim Expenses**.

The insurance provided under **Coverage C.2. Mitigation** is primary. The coverage under **Coverage C.2. Mitigation** will not be available to the **Insured** on an excess basis.

3. When this policy is excess under Subsection **IX.G.1.** or Subsection **IX.G.2.** above and any other insurance has a duty to defend the **Insured** in a matter for which the **Insured** has notified us of a **Claim**, regardless of whether that other insurance covers the same **Damages, Loss, or Claim Expenses**, we shall have no duty to defend the **Claim** until the limits of all the other insurance have been exhausted by payment of **Claims**. If no other insurer defends and we have a duty to defend the **Claim**, we shall undertake the defense, but we shall be entitled to the **Insured's** rights against all other insurers. When this insurance is excess over other insurance, we shall pay only our share of the amount of the **Damages, Loss, or Claim Expenses**, if any, that exceeds the sum of:
 - a. the total amount that all such other insurance would pay for the **Damages, Loss, or Claim Expenses** in the absence of this insurance; and
 - b. the total of all deductible and self-insured amounts under all the other insurance.

J. Separation of Insureds

The written application for this policy will be construed as a separate application by each **Insured**. No statement in the application or knowledge possessed by any **Insured** will be imputed to any other **Insured** for the purpose of determining if coverage is available. Only the statements in the application made by and knowledge possessed by any **Responsible Insured** will be imputed to all **Insureds** for the purpose of determining if coverage is available to the **Insured**.

However, in the event that such written application for this policy contains misrepresentations or omissions made with the intent to deceive or that materially affect either the acceptance of the risk or the hazard assumed by us under the policy, then coverage will be void *ab initio* as to all **Insureds**.

K. Sole Agent

If there is more than one (1) **Named Insured** in this policy, the **Named Insured** that is listed in the Declarations shall act on behalf of all **Insureds** for all purposes, including but not limited to the payment or return of premium, responsibility for payment of any Self-Insured Retention, receipt and acceptance of any endorsement issued to form a part of this policy, complying with all applicable claims provisions, giving and receiving notice of cancellation or nonrenewal, and the exercise of the rights provided in the Automatic Extended Reporting Period, Optional Extended Reporting Period, if applicable, or Subsection **IX.L. Subrogation**.

***** L. Subrogation**

In the event of any payment under this policy, we shall be subrogated to all the **Insureds'** rights of recovery against any person or organization, and the **Insureds** shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The **Insureds** shall do nothing to prejudice such rights.

We shall not exercise any such rights against any person(s), firm(s) or corporation(s) included in the definition of **Insured**, against the **Insured's** clients, or as may be required by a written contract or agreement if, prior to the **Claim**, the **Insured** contractually agreed to or entered into a legally enforceable waiver of subrogation.

For any recovery obtained through subrogation, after expenses incurred in such subrogation are deducted by the party bearing the expense, reimbursement will be made in the following order:

1. First, to any interest who has paid any amount in excess of the Limits of Liability provided under this policy;
2. Next, to us; and
3. Then to any interests as are entitled to claim the remainder, if any.

M. Policy Territory

Coverage under this policy will extend to **Claims, Wrongful Acts, Pollution Events** taking place and **Damages** or **Loss** incurred anywhere in the world, where permitted by applicable law. All premiums, Limits of Liability, Self-Insured Retentions, **Damages, Loss, Mitigation Costs and Expenses, Rectification Costs and Expenses, Protective Claim Attorneys' Fees and Expenses, and Claim Expenses**, and any other amounts paid under this policy are expressed and payable in the currency of the United States of America. If judgment is rendered, settlement is denominated, or another element of **Damages** or **Loss** under this policy is stated in a currency other than United States dollars, payment under this policy will be made in United States dollars at the rate of exchange published in *The Wall Street Journal* on the date the final judgment is reached, the amount of the settlement is agreed upon, or the other element of **Damages** or **Loss** are due, respectively, or, if not published on such date, the next date of publication of *The Wall Street Journal*.

This endorsement modifies insurance provided under the:

Contractor's Protective Professional Indemnity and Liability Insurance Policy

It is agreed that:

The following is added to Section **IX. CONDITIONS**:

Notice to Others of Cancellation, Nonrenewal, or Reduction of Limits:

- A.** If we cancel or nonrenew this policy by written notice to you for any reason other than nonpayment of premium, or we reduce the limits other than by payment of **Claims**, we shall mail or deliver by electronic notification a copy of such written notice of cancellation, nonrenewal, or reduction of limits to the name and address corresponding to each person or organization shown in the Schedule below at least the number of days' notice indicated in the Schedule below prior to the effective date.
- B.** If we cancel this policy by written notice to the you for nonpayment of premium, we shall mail or deliver by electronic notification a copy of such written notice of cancellation to the name and address corresponding to each person or organization shown in the Schedule below at least ten (10) days prior to the effective date of cancellation.
- C.** If notice as described in Paragraphs **A.** or **B.** of this endorsement is mailed, proof of mailing will be sufficient proof of notice.
- D.** Our notification described in Paragraphs **A.** or **B.** of this endorsement is intended as a courtesy only. Our failure to provide such notification will not:
 - 1. extend the policy cancellation date;
 - 2. negate the cancellation; or
 - 3. provide any additional insurance that would not have been provided in the absence of this endorsement.

CERTIFICATE OF AMENDMENT AND RESTATEMENT
OF
ARTICLES OF INCORPORATION
OF GRANITE CONSTRUCTION COMPANY

A298408

RICHARD C. SOLARI and FRANK D. MOLLER
certify that:

1. They are the president and the secretary, respectively of GRANITE CONSTRUCTION COMPANY, a California Corporation.
2. The articles of incorporation of this corporation are amended and restated to read in their entirety as follows:

"I

The name of this corporation is GRANITE CONSTRUCTION COMPANY.

II

The purpose of this corporation is to engage in any lawful act or activity for which a corporation may be organized under the General Corporation Law of California other than the banking business, the trust company business or the practice of a profession permitted to be incorporated by the California Corporations Code.

III

- A. The Corporation is authorized to issue two classes of shares to be designated respectively "Preferred" and "Common". The total number of shares which the Corporation is authorized to issue is 30,075,000. The number of Preferred shares which the Corporation is authorized to issue is 75,000, and the par value of each such share is \$100. The number of Common shares which the Corporation is authorized

to issue is 30,000,000 shares, and the par value of each such share is \$.01. Upon the amendment of this article to read as hereinabove set forth, each outstanding Common share of a par value of \$1.00 is converted into or reconstituted as one hundred (100) Common shares of a par value of \$.01 each.

- B. The preferences, privileges and restrictions granted to or imposed on the respective classes of shares or the holders thereof are as follows:

(1) Dividend Rights. The holders of the Preferred shares shall be entitled to receive dividends, out of any funds legally available therefor, at the rate of 5% per annum of the par value thereof, and no more, payable in cash quarterly when declared by the Board of Directors on or about the last day of April, July, October and January, respectively, in each year, with respect to the quarterly period ending on the last day of the preceding month, or at such intervals as the Board of Directors may from time to time determine. Such dividends shall accrue from the date of issuance of the respective Preferred shares, and shall be deemed to accrue from day to day, when earned, whether or not declared; provided, however, that such dividends shall be deemed to be earned only for a fiscal year in which net income after all income taxes exceeds \$800,000, as determined by the Corporation's independent auditors in accordance with recognized and sound accounting practice, and only in that amount by which net income after taxes for that fiscal year exceeds \$800,000. Such dividends shall be payable before any dividends shall be paid, declared or set apart for the Common shares, and shall be cumulative when earned pursuant to the above-mentioned clause, so that if for any dividend period such dividends on the outstanding shares at the rate of 5% per annum of the par

value thereof are deemed to accrue and are not paid or declared and set apart therefor, the deficiency shall be fully paid or declared and set apart for payment, without interest, before any distribution, by dividend or otherwise, shall be paid on, declared or set apart for the Common shares, and before any Common shares are purchased or otherwise acquired for value by the Corporation unless the consent of all holders of Preferred shares is first obtained. Subject to the rights of the Preferred shares, dividends may be paid on the Common shares as and when declared by the Board of Directors out of any funds of the Corporation legally available for the payment of such dividends, but in no case shall a dividend be declared on the Common shares in any fiscal year in which there is insufficient income to pay a full dividend on the Preferred shares to which they would otherwise be entitled.

(2) Liquidation Rights. On any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, the holders of the Preferred shares shall receive an amount equal to the par value of such shares, plus all accrued and unpaid dividends, and no more, before any amount shall be paid to the holders of the Common shares. If the assets of the Corporation are insufficient to permit full payment to the Preferred shareholders as herein provided, such assets shall be distributed ratably among the outstanding Preferred shares. Subject to such preferential rights, the holders of the Common shares shall receive, ratably, all remaining assets of the Corporation. A consolidation or merger of the Corporation with or into any other corporation, or a sale of all or substantially all of the assets of the Corporation shall not be deemed a liquidation, dissolution or winding up of the Corporation within the meaning of this paragraph (2).

(3) Redemption Provisions.

(a) The Corporation, at the option of the Board of Directors, may at any time redeem the whole, or from time to time redeem any part, of the Preferred shares outstanding by paying in cash and unsecured subordinated obligations of the Corporation (as described below) therefor, the sum of \$100 per share, plus all dividends accrued, unpaid and accumulated thereon as provided in paragraph (1) of this Article III to and including the date of redemption, hereinafter referred to as the "redemption price"; and by giving to each Preferred shareholder of record at his last known address, as shown on the records of the Corporation, at least 30 days prior notice in writing, by mail, postage prepaid, stating the date and plan of redemption, hereinafter called the "redemption notice." The redemption price shall be payable in cash to the extent of 5% thereof and the balance shall be payable in unsecured subordinated obligations of the Corporation. Should only a part of the outstanding Preferred shares be redeemed, such redemption shall be effected by lot, as prescribed by the Board of Directors, or pro rata; provided, however, that no Preferred shares shall be redeemed unless all accrued dividends on all outstanding Preferred shares shall have been paid for all past dividend periods and full dividends for the current period on all outstanding Preferred shares, except those to be redeemed, shall have been paid or declared and set apart for payment. On or after the date fixed for redemption, each holder of shares called for redemption shall surrender his certificate for such shares to the Corporation at the place designated in the redemption

notice and shall thereupon be entitled to receive payment of the redemption price. Should less than all the shares represented by any surrendered certificate be redeemed, a new certificate for the unredeemed shares shall be issued. If the redemption notice is duly given and if sufficient funds or obligations, or combinations thereof, are available therefor on the date fixed for redemption, then, whether or not the certificates evidencing the shares to be redeemed are surrendered, all rights with respect to such shares shall terminate on the date fixed for redemption, except for the right of the holders to receive the redemption price, without interest, on surrender of their certificates therefor.

(b) If on or prior to any date fixed for redemption of Preferred shares as herein provided, the Corporation deposits with any bank or trust company in California as a trust fund, a sum in cash and obligations sufficient to redeem on the date fixed for redemption thereof, the shares called for redemption, with irrevocable instructions and authority to the bank or trust company to publish the notice of redemption thereof, or to complete such publication if theretofore commenced, and to pay, on and after the date fixed for redemption or prior thereto, the redemption price of the shares to their respective holders on surrender of their share certificates, then from and after the date of the deposit, even though such date may be prior to the date fixed for redemption, the shares so called shall be deemed to be redeemed and dividends on those shares shall cease to accrue after the date fixed for redemption. The deposit shall be deemed to

constitute full payment for the shares to their holders and from and after the date of the deposit the shares shall be deemed to be no longer outstanding, and the holders thereof shall cease to be shareholders with respect to such shares and shall have no rights with respect thereto, except the right to receive from the bank or trust company payment of the redemption price of the shares, without interest, on surrender of their certificates therefor. Money and obligations so deposited and unclaimed at the end of two years shall be repaid to the Corporation and thereafter the holders of such Preferred shares called for redemption shall look only to the Corporation for payment.

(c) The obligations issued by the Corporation in payment of part of the redemption price shall contain such terms and provisions as the Board of Directors shall determine; provided, however, that to the extent permitted by the law, the following standards shall be met:

(i) The maturity date shall not exceed 20 years from the date of issue.

(ii) The interest rate shall be 7% per annum.

(iii) The interest shall be payable no less frequently than quarterly.

(iv) The obligations shall be freely transferable, subject to compliance with applicable securities law.

(v) The obligations issued pursuant to a common redemption

notice shall be identical, except as to the principal amounts thereof, and shall be issued pro rata to the holders of shares called for redemption in proportion to the redemption prices thereof.

(vi) The obligations shall be unsecured.

(vii) The rights of the holders of the obligations to receive payment of principal and interest shall be subordinate to claims of all other creditors of the Corporation arising prior to maturity of the obligation unless such other claims have been similarly subordinated, in which event the rights of the holders shall rank equally with such claim.

(viii) The due dates of the obligations may be accelerated by the holders in the event the Corporation fails to pay interest thereon for any consecutive twelve month period, but the obligations shall remain subordinated.

(ix) The Corporation may repay all or any part of the principal amount of the outstanding obligations pro rata at any time, without premium or penalty.

(4) Voting Rights. Except as otherwise provided in these articles or by law, holders of the Common shares shall have exclusive voting rights and powers, including the exclusive right to notice of shareholders' meetings. If, however, at any time eight or more quarterly earned dividends, whether or not consecutive, on the Preferred shares shall be in default,

in all or in part, the holders of the Preferred shares as a class shall be entitled to elect the smallest number of directors which will constitute a majority of the Board of Directors, and the holders of the Common shares as a class shall be entitled to elect the remaining director(s). Such voting rights shall continue until all dividends accrued on the Preferred shares shall have been paid or set apart for payment, at which time the entire voting power shall revert to the holders of the Common shares and continue in them until a like default in payment recurs. On election by Preferred shareholders of the number of directors which they are entitled to elect, the terms of office of all directors serving at the time of the meeting shall terminate. Should the holders of the Common shares fail at such meeting to elect the number of directors which they are entitled to elect, the vacancies created thereby shall be filled by election of the directors elected by the Preferred shareholders. When the Preferred shares are divested of their voting rights, the terms of office of all directors shall terminate on election of their successors by the holders of the Common shares.

IV

- A. The affirmative vote of the holders of not less than 66-2/3% of the outstanding shares of Common Stock of the Corporation shall be required for the approval or authorization of any "Business Combination" or "Liquidation." For purposes of this Article, the term "Business Combination" means (i) any merger, reorganization or consolidation of or share exchange made by the Corporation or any of its subsidiaries into or with any other person, in each case irrespective of whether the Corporation or its subsidiary is the surviving entity; (ii) except in the ordinary

course of business, any sale, lease, exchange, mortgage, pledge, transfer or other disposition to or with any other person (in a single transaction or a series of related transactions) of all or a Substantial Part (as hereinafter defined) of the assets of the Corporation (including without limitation any securities of a subsidiary); (iii) except in the ordinary course of business, any sale, lease, exchange, mortgage, pledge, transfer or other disposition to or with the Corporation or to or with any of its subsidiaries (in a single transaction or series of related transactions) of the assets or securities of any other person if the fair market value of such assets or securities would constitute a Substantial Part of the assets of the Corporation; (iv) the issuance or transfer of any securities (including any option to purchase any such securities) of the Corporation or any of its subsidiaries, or any adoption of an employee stock purchase plan, by the Corporation or any of its subsidiaries to any person except the Granite Construction Company Employee Stock Ownership Trust (other than an issuance or transfer of securities which is effected on a pro rata basis to all stockholders of the Corporation); and (v) any agreement, contract or other arrangement providing for any of the transactions described in this definition of Business Combination. Anything in the foregoing to the contrary notwithstanding, the term "Business Combination" shall not be deemed to include any of the transactions contemplated by that certain Credit Agreement or that certain Business Loan Agreement, both dated as of February 27, 1985, between the Corporation and Bank of America National Trust and Savings Association, or any renewals, extensions or refundings thereof.

The term "Liquidation" shall mean any distribution of the assets of the Corporation upon any dissolution, winding-up,

liquidation or reorganization of the Corporation but shall not include any election voluntarily to wind up and dissolve the Corporation pursuant to Section 1900(a) of the California Corporations Code.

The term "Substantial Part" shall mean more than 20% of the fair market value of the total consolidated assets of the Corporation and its subsidiaries taken as a whole, as determined by two-thirds of the members of the Board of Directors of such person in good faith, as of the end of its most recent fiscal year ending prior to the time the determination is being made.

- B. Any amendment, change or repeal of these Articles of Incorporation, shall require the favorable vote at a meeting of shareholders of the Corporation or the written consent of the shareholders of the Corporation without a meeting of the holders of at least 66-2/3% of the then outstanding shares of Common Stock of the Corporation."

3. The foregoing amendment and restatement of articles of incorporation has been duly approved by the board of directors.

4. The foregoing amendment and restatement of articles of incorporation has been duly approved by the required vote of shareholders in accordance with Section 902 of the Corporations Code. The total number of outstanding shares of the corporation is 100,000. The number of shares voting

in favor of the amendment equaled or exceeded the vote required. The percentage vote required was more than 50%.

We further declare under penalty of perjury under the laws of the State of California that the matters set forth in this certificate are true and correct of our own knowledge.
