BACKGROUND:

Summary

The Mitigation Fee Act, California Government Code § 66000, et seq. (Act), establishes annual reporting requirements for fees collected as a condition of the approval of a development project. The Act also specifies how these fees must be handled. Within the Act's legal requirements, it stipulates that fees imposed on new development have the proper nexus to any project on which they are imposed. In addition, it imposes certain accounting and reporting requirements with respect to the fees collected. The fees, for accounting purposes, must be segregated from the general funds of the County and from other funds containing fees collected for other improvements. Interest on each development fee fund must be credited to that fund and used only for those purposes for which the fees were collected.

Annually, Section 66006 of the Act requires the local agency to make available to the public the following information with regard to those funds: (A) Brief description of type of fee in the account or fund; (B) The amount of the fee; (C) The beginning and ending balance of the account or fund; (D) The amount of the fees collected and the interest earned; (E) Identification of each public improvement fees were expended and amount of expenditures on each improvement, including the total percentage of the cost of improvement funded with fees; (F) Identification of approximate date the construction of the public improvement will commence, as identified in paragraph (2) of subdivision (a) of Section 66001; (G) Description of each interfund transfer or loan made from the account or fund, including public improvement on which the transferred or loaned fees will be expended, and the date loan will be repaid and rate of interest on loan; (H) The amount of refunds made pursuant to subdivision (e) of Section 66001(e) and allocations pursuant Section 66001(f).

The Riverside County Development Mitigation Fee program started in 1988 upon the adoption of Ordinance No. 659, which became effective September 3, 1988. One of the primary purposes of the fee was to alleviate the impacts created by new residential developments in the unincorporated areas of the County.

Development Agreement (DA) and Development Mitigation (DM) Fees are no longer collected. For both DA and DM, the ending balances of the funds as of June 30, 2022 is \$0. There is no transaction to report this fiscal year 2022-2023.

SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

Development Impact Fees superseded Development Mitigation Fees and Development Agreement Fees. Development Impact Fees was established with the adoption of Ordinance No. 659.13 on January 13, 2015, which became effective sixty (60) days after adoption. The adopted fees have been implemented over a 24-month period, starting on March 15, 2015, with four (4) incremental increases every six (6) months. The date of the full fee implementation was September 2016.

The attached FY 2022-2023 County of Riverside Mitigation Fee Report includes the annual report required by the Code. The report includes the two (2) active fee programs that currently charge fees to new development and two (2) fee programs that no longer collect fees because they were superseded by other programs, however, are required to be reported pursuant to the Government Code.

On October 5, 2023, the FY 2022-23 Annual Mitigation Fee Report was submitted to the Desert Valleys Builders Association (DVBA) and the Building Industry Association of Southern California (BIA). Per DVBA's letter dated October 27, 2023, the DVBA supports the adoption and filing of this FY 2022-23 Mitigation Fee Report.

Impact on Residents and Businesses

The collection and expenditure of Development Impact Fees allows the County to have developers pay their fair share of costs towards the most needed backbone infrastructure.

ANNUAL MITIGATION FEE REPORT INTRODUCTION FISCAL YEAR 2022-23

The Riverside County Development Mitigation Fee program started in 1988 upon the adoption of Ordinance 659, which became effective on September 3, 1988. One of the primary purposes of the fee was to alleviate the impacts created by new residential developments in the unincorporated areas of the County.

On January 13, 2015, the County adopted the Development Impact Fee Capital Improvement Plan concurrently with the adoption of the Riverside County Ordinance 659.13, an Ordinance of the County of Riverside Amending Ordinance 659 establishing a Development Impact Fee (DIF) Program.

Development Impact Fees (DIFs) may be imposed as a condition for approval after an application for a building permit has been received by the Transportation and Land Management Agency (TLMA) for construction within the County of Riverside. DIFs are used to finance the acquisition, construction and improvement of public facilities needed as a result of the new development.

The Public Facilities Needs List is the official public document which identifies the facilities eligible to be financed, in whole or in part, through the levy of a development mitigation fee on new development within the unincorporated territory of Riverside County.

No Commingling of the Fees

In compliance with the Government Code, the County of Riverside established separate funds for each of the DIFS. Any interest income earned by the individual funds are deposited in the respective fund and are spent only for the purpose for which it was collected.

Development Agreement (DA) and Development Mitigation (DM) Fees are no longer collected. For both DA and DM, the ending balances of the funds as of June 30, 2022 is \$0. There is no transaction to report this fiscal year 2022-2023.

Government Code Section 66006 (b) (1): For each separate account or fund established pursuant to subdivision (a), the local agency shall within 180 days after the last day of each fiscal year, make available to the public the following information for the fiscal year:

- A. Brief description of the type of fee in the account or fund.
- B. The amount of the fee.
- C. The beginning and ending balance of the account or fund.
- D. The amount of the fees collected, and interest earned.
- E. An identification of each public improvement on which fees were expended and the amount of expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with the fees.
- F. An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement.
- G. A description of each interfund transfer or loan made from the account or fund, including the public improvement transferred or loaned fees will be expended, and in the case of an interfund loan, the date on which the loan will be repaid, and rate of interest that the account or fund will receive on the loan.

H. The amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocations pursuant to subdivision (f) of Section 66001.

California Government Code Section 66006 (b) defines the specific reporting requirements for local agencies that imposes DIFs on new development. The County of Riverside Annual Mitigation Fee Report for fiscal year 2022-23 is prepared in compliance with the provisions of the Government Code.

All accounts with balances are fully committed to projects, including those accounts with balances longer than five years. The project commitments are listed under the section "Project Commitments" on the individual fund detail.

DEVELOPMENT IMPACT FEE REPORT (UNDER ORDINANCE NO. 659.6 AS AMENDED THROUGH ORDINANCE NO. 659.7) FISCAL YEAR 2022-23

Brief Description of Fee

The Development Impact Fee (DIF) may be imposed as a condition for approval after an application for a building permit has been received by the Transportation and Land Management Agency (TLMA) for construction within the County of Riverside. Prior to requesting a final inspection, the applicant must submit payment to the TLMA cashier. The final inspection may occur once the DIF has been collected from the permit applicant and any other applicable fees and conditions have been met.

Fees are only charged to and collected from new development in the unincorporated Riverside County, based on projects or facilities in the DIF Capital Improvement Plan. The need for the Facilities is related to new residential, commercial, office, industrial, surface mining and winery development because such new development will bring additional people and other uses into the County thus creating an increased demand for Facilities.

On January 13, 2015, the County adopted the new DIF Capital Improvement Plan concurrently with the adoption of Riverside County Ordinance No. 659.13 (Item 3-16) establishing a Development Impact Fee Program, which became effective sixty (60) days after adoption.

INTERIM OPEN-SPACE MITIGATION FEES (SUMMARIZING ORDINANCE NO. 810) FISCAL YEAR 2022-23

Brief Description of Fee

The Interim Open-Space Mitigation Fee was adopted as Ordinance No. 810 on March 13, 2001 and became effective sixty (60) days after the adoption. The Interim Open-Space Mitigation Fee was collected and used toward the acquisition of open-space and the preservation of wildlife and their habitats.

Ordinance No. 810.1 amending Ordinance No. 810, was adopted by the Riverside County Board of Supervisors on November 26, 2002. The amendment added the categories of Multi-Family Residential and Surface Mining Projects and adjusted the fees. The effective date of these changes was January 24, 2003.

Collection of Fee

On June 23, 2004, the U.S. Fish and Wildlife Service issued the permit for the Western Riverside County Multiple-Species Habitat Conservation Plan (MSHCP). As of that date, Ordinance No. 810.2 amending Ordinance 810 and establishing the Western Riverside County Multi-Species Habitat Conservation Plan Mitigation Fee, went into effect and Ordinance 810.1 was superseded. Fees collected under Ordinance No. 810 are now the responsibility of the Western Riverside County Regional Conservation Authority (RCA).

The annual report for Interim Open Space Mitigation Fees collected under Ordinance No. 810, as amended through Ordinance No. 810.1, continues to be prepared by the County of Riverside Executive Office until the funds are depleted. MSHCP mitigation fees are now collected under Ordinance No. 810, as amended through Ordinance No. 810.2, are not reported by the County since those fees are now the responsibility of the RCA.

Beginning and Ending Balance

Please see Table No. 2

Amount of fees collected, and interest earned

Interim Open-Space Mitigation Fees are no longer collected under Ordinance No. 810, as amended through Ordinance No. 810.1.

<u>Identification of each public improvement, approximate dates of construction, description of interfund transfer</u> or loan and amount of refunds, if any

There was no inter-fund transfer or loan against this fund and there is no refund made or allocation of unexpended fees.

ANNUAL REPORT FOR THE ROAD AND BRIDGE BENEFIT DISTRICTS (RBBD) FISCAL YEAR 2022-23

Brief Description of Fee

Section 66484 of the California Government Code provides that a local ordinance may require the payment of a fee as a condition of approval of a final map or as a condition of the issuing a building permit for the purpose of defraying the actual or estimated cost of constructing bridges and major thoroughfares.

The procedures for the formation and amendment of a RBBD were established by Riverside County Resolution No. 85-92, "Rules and Regulations for the Administration of Road and Bridge Benefit Districts," as adopted on April 2, 1985. The procedures for administering RBBDs are also outlined in Riverside County Ordinance 460, Section 10.30, "Major Thoroughfare and Bridge Construction Fees," as amended.

There are currently four (4) Road and Bridge Benefit Districts in Riverside County that are administered by the Transportation Department:

- Menifee Valley RBBD; established on May 24, 1988
- Scott Road RBBD; established on June 25, 2002
- Southwest RBBD; reestablished on September 25, 2001
- Mira Loma RBBD; established on December 6, 1994

The Menifee Valley RBBD is now located largely within the jurisdiction of the City of Menifee. The District zones west of Briggs Road are within the City. Briggs Road being the City/County boundary line. East of Briggs Road, Zone E is the only zone that remains within the unincorporated County area. This District was last amended on 8/29/2017 by County Resolution No. 2017-131.

Similarly, the Scott Road RBBD is now located mainly within the jurisdiction of the City of Menifee. The majority of this District is located west of Briggs Road. Briggs Road being the City/County boundary line. Generally, the portion of the District east of Briggs Road remains within the unincorporated County area.

Within the Southwest RBBD, all of Zone A and a small portion of Zone C fall within the City of Wildomar. The majority of Zone C and Zone D remain under the jurisdiction of the County. This District was last amended on 7/31/2007 by County Resolution No. 2007-138.

The Mira Loma RBBD now falls entirely within the cities of Eastvale and Jurupa Valley. No areas in this District remain within the unincorporated County area. This District was last amended on 11/8/2005 by County Resolution No. 2005-482.

For the geographic areas of the RBBDs that now fall under the jurisdiction of an incorporated city, those cities are responsible for collecting and administering the RBBD fees within their respective jurisdictions.

Amount of the Fee

Each Road and Bridge Benefit District is sub-divided into zones, with each zone having its own fee. The attached RBBD Fee Schedules indicate the current fees for each District listed by category type and by zones.

Procedures, Duties and Responsibilities Necessary to Implement the Road and Bridge Benefit Districts

The Road and Bridge Benefit District Fees are imposed as a development condition through the Planning Department. The RBBD Fees shall be paid at the time of issuance of a certificate of occupancy or upon final inspection, whichever occurs first. Prior to building permit issuance, the Transportation Department identifies properties within a RBBD boundary by utilizing the Geographic Information System (GIS). A Land Use Technician identifies the need to assess the fee by verifying conditions imposed and by utilizing the GIS. Prior to receiving a certificate of occupancy, the applicant must submit payment to the Transportation and Land Management Agency (TLMA) cashier for all outstanding RBBD fees. The issuance of a certificate of occupancy may occur once the RBBD fee has been collected from the applicant and all other applicable fees and conditions have been met.

The Transportation Department processes a deposit into the appropriate RBBD fund(s) after the fee has been paid. The record of deposit is sent to the Fiscal Unit in the Transportation Department who are responsible for the accounting and disbursement of fees collected. Fiscal Unit accounting staff verifies the deposits against the monthly financial reports or through electronic query reports within the county's financial system. Administration and disbursement of the official monthly reports are overseen by the County of Riverside Auditor-Controller's Office. Deposits are verified to ensure the proper recording of cash receipts.

Disbursement from the RBBD funds may only be used for those projects or facilities approved by resolution within each respective District. An authorization to disburse RBBD funds is obtained through approval by the Riverside County Board of Supervisors. For projects constructed by the Transportation Department, funds are appropriated by the annual adoption of the Transportation Improvement Program.

Developers may be eligible to receive RBBD credits and/or reimbursements for constructing RBBD facilities. Developers seeking RBBD credits and/or reimbursement are required to enter into a RBBD agreement with the County prior to construction, and to follow the County's Public Works Bidding Requirements. During construction of the facilities by Developers, the Transportation Department's Construction Inspection Office performs inspections of the work to confirm that the facilities are built to County Road Standards, and are in conformance with the RBBD agreement.

Upon recordation of a Notice of Completion for the project and acceptance by the Transportation Department, the Developer's contract costs are verified by the Construction Inspection Office and Special Districts staff for actual expenditures eligible for credit or reimbursement from RBBD funds. Once approved by Construction Inspection and Special Districts staff, reimbursement payments are processed through TLMA accounting staff. Payment is released by the accounts payable staff within the County of Riverside Auditor-Controller's Office. Reimbursements are subject to availability of RBBD funds received by the District and may include reimbursement over a period of time. If applicable, credits are issued to offset the Developers RBBD fee obligations when due.

ANNUAL REPORT FOR FIRE MITIGATION FEES FISCAL YEAR 2022-23

Brief Description of Fee

In 1983, the Board of Supervisors authorized the collection of a mitigation fee for fire protection purposes, including fire station facility construction, land and fire equipment acquisition. Fire mitigation fees are no longer collected and have been superseded with the passage of the County's Development Impact Fee Program in Ordinance No. 659.

Amount of the Fee

Fire Mitigation Fees are no longer collected under this program and are now collected through Ordinance No. 659.

<u>Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to Implement Fire</u> <u>Mitigation Fees</u>

As stated above, fees are no longer collected for fire mitigation fees. Fire Department staff is responsible for the accounting and disbursement of remaining funds. The analyst verifies the fund balance against the monthly financial reports and/or through electronic query reports available within the county's financial system. Administration and disbursement of the monthly financial reports are overseen by the County of Riverside Auditor-Controller's Office.

Remaining funds are planned for specific fire stations as outlined within the annual report. Fire Department staff coordinates payment made through the financial system. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller's Office releases the check for payment.

County of Riverside Imelda Delos Santos, Principal Management Analyst Executive Office 4080 Lemon Street, 4th Floor Riverside, CA 92501

Dear Ms. Delos Santos.

Thank you for providing the Desert Valleys Builders Association (DVBA) with an opportunity to review and comment on the County of Riverside's Annual Mitigation Fee Report, for Fiscal Year 2022-2023. The DVBA is satisfied with the county's explanations and corrections to our concerns listed in our October 20th letter. The DVBA supports the County in its adoption and filing of the amended Annual Mitigation Fee report for Fiscal Year 2022-23.

Sincerely

James Brownyard
