Summary

First 5 Riverside County Children and Families Commission (RCCFC/First 5 Riverside County) implements the provisions of Proposition 10, which provides tobacco tax funds to facilitate the creation and implementation of an integrated, comprehensive, and collaborative system of information and services to enhance optimal early childhood development and to ensure children are ready to learn and embrace lifelong learning.

First 5 Riverside County was established by the Board of Supervisors as an independent agency through the adoption of Ordinance No. 784, enacted on January 22, 1999, and was subsequently reorganized by the Board through the adoption of Ordinance 784.11 enacted on October 1, 2019 to designate membership to align with the Riverside County 2030 Vision and set membership terms in alignment with the appointing Supervisor’s term of service.

Pursuant to Riverside County Ordinance No. 784, the Commissioner Membership includes:

- One member of the Riverside County Board of Supervisors (no term);
- One member shall be from among the persons responsible for management of the County functions within the Human Service Portfolio specializing in children prenatal through age 5;
- One member shall be from among the Health Officer or persons responsible for management of county functions within the Riverside University Health System (i.e., Public Health, Behavioral Health or Medical Center and Clinics) specializing in children prenatal through age 5;
- One member shall be from a representative responsible for management of County functions from Riverside County Office of Education specializing in early childhood development;
